I, _____, being duly sworn, say that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and fair list of all personal property held or belonging to me, and dogs owned, kept or harbored by me, on the 1st day of April, including all personal property appertaining to merchandising, whether held in actual possession or only having been purchased with a view to possession or profit, and all personal property appertaining to manufacturing, and all manufactured articles, whether on hand or owned by me. In all cases where I have been unable to exhibit certain classes of property to the Assessor, such property has been fully and fairly described, and its true condition and value represented. That I have in no case sought to mislead the Assessor as to either quantity, quality, or value of property, and that the monthly average amounts and value of moneys, credits or other personal property converted by me into bonds, or other securities of the United States, and held or controlled by me during the year ending April 1st, and not deducting any indebtedness created by such investments, is as stated in the eighth paragraph of this schedule, and that the deductions claimed from credits are *bona fide* debts for a consideration received, and do not consist in any part of bonds, note, or obligation of any kind given to any insurance company on account of premiums or policies, nor on account of any unpaid subscription to any literary, scientific or charitable institution or society, nor on account of any subscription to or indebtedness payable on the capital stock of any company, whether incorporated or unincorporated.

I, John P Smith, being duly sworn, say that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and fair list of all personal property held or belonging to me, and dogs owned, kept or harbored by me, on the 1st day of April, including all personal property appertaining to merchandising, whether held in actual possession or only having been purchased with a view to possession or profit, and all personal property appertaining to manufacturing, and all manufactured articles, whether on hand or owned by me. In all cases where I have been unable to exhibit certain classes of property to the Assessor, such property has been fully and fairly described, and its true condition and value represented. That I have in no case sought to mislead the Assessor as to either quantity, quality, or value of property, and that the monthly average amounts and value of moneys, credits or other personal property converted by me into bonds, or other securities of the United States, and held or controlled by me during the year ending April 1st, and not deducting any indebtedness created by such investments, is as stated in the eighth paragraph of this schedule, and that the deductions claimed from credits are *bona fide* debts for a consideration received, and do not consist in any part of bonds, note, or obligation of any kind given to any insurance company on account of premiums or policies, nor on account of any unpaid subscription to any literary, scientific or charitable institution or society, nor on account of any subscription to or indebtedness payable on the capital stock of any company, whether incorporated or unincorporated

John P Smith

Subscribed and sworn to before me, this May day of 27 1873.
