NOTE. In consulting with some of County Auditors, it has been suggested that inasmuch as the law requires the money to be sent to the Treasurer of the creditor County this report ought to go to the Treasurer. Others seem to think that it ought to be sent to the Auditor of the creditor County. It might be well enough to send a copy to each. In case the report is sent to the Auditor the blank space marked (*) might be filled with "that amount is subject to the order of your Treasurer," or "that amount has been sent to your Treasurer by draft this day," etc., etc. If the report is sent to the Treasurer, the space marked with a star might be filled with "that amount is subject to your order," or "that amount is sent to you by draft this day," etc., etc.

Item 23 Civil Township 18c
1870

STATE OF INDIANA,

Executive Department.

Indianapolis, September 9th 1870.

To the Auditor of Hendricks County:

SIR:

To enable me to furnish the Census Bureau of the Interior Department information called for, will you without delay give me the information embraced in the following questions, viz:

1st. A complete list of all the organized Civil Townships in your county, as they now exist.

2d. A statement of all changes in the organization of the Civil Townships of your county, made since June 1st, in the year one thousand eight hundred and fifty, (1850,) whether such changes consist in the creation of new Townships, or merely in a change of name or a change of limits, or boundaries. In case of the creation of new Townships, it is highly important to specify from what previously existing Civil Township or Townships the new Township was formed.

As this information will be embodied in the new Census tables of 1870, to be published by the United States, the importance of making it full and accurate, is obvious.

Respectfully Yours,

Conrad Baker
Governor.

Item 23 Civil Townships 1870

18c

STATE OF INDIANA,

Executive Department.

Indianapolis, September 9th 1870.

To the Auditor of Hendricks County:

SIR:

To enable me to furnish the Census Bureau of the Interior Department information called for, will you without delay give me the information embraced in the following questions, viz:

1st. A complete list of all the organized Civil Townships in your county, as they now exist.

2d. A statement of all changes in the organization of the Civil Townships of your county, made since June 1st, in the year one thousand eight hundred and fifty, (1850,) whether such changes consist in the creation of new Townships, or merely in a change of name or a change of limits, or boundaries. In case of the creation of new Townships, it is highly important to specify from what previously existing Civil Township or Townships the new Township was formed.

As this information will be embodied in the new Census tables of 1870, to be published by the United States, the importance of making it full and accurate, is obvious.

Respectfully Yours,

Conrad Baker

Governor.

Indianapolis, ~~June 1, 1896.~~

TO THE COUNTY AUDITOR.

Dear Sir:--The law(section 4337) provides that the Congressional Township Fund divided by county lines shall be re-adjusted every two years beginning with 1890. I hope you will make this re-adjustment this year, if your county is interested in such funds. Your County Superintendent will be furnished blanks for a complete report of enumeration of the school children of your county by Congressional Townships so you will have but little difficulty in making the re-adjustment with the other counties interested. To do this you will have only to divide the entire funds of the Congressional Township divided by county lines, by the number of school children enumerated in such township; multiply this quotient by the number of school children of this Congressional Township residing in each county, to find each county's share of this fund.

The difference should be paid over to the County Treasurer of the adjoining county any time after July 1st, and reported to this department on Form 6 next year, so our account of congressional interest will agree on Form 16.

Do not fail to make this re-adjustment promptly.

Yours very truly,

D. M. Geeting.

Office of

William A. Ketcham,

Merrill Moores,
Deputy.

Attorney General of Indiana.

Indianapolis, May 3, 1895 189

Auditor of Hendricks County:

My predecessor brought suit against the Western Union Telegraph Company, The American, The Adams and The United States Express Companies for the taxes of 1893, and these suits are still pending, and I want to push them to a final determination as soon as possible.

The Western Union Telegraph Company brought suit in the United States Circuit Court to enjoin the Auditor of State from certifying to the County Auditors the assessment for 1894 against the Western Union, and those taxes have not therefore been carried on to the duplicate. I hope soon to get this case disposed of. These taxes for 1894 ought to be paid in, but I do not see well how they are at this time to get on the duplicates as delinquent taxes because of the fact that the Auditor of State was enjoined from certifying the assessment.

I think supplemental complaints ought to be filed in the pending cases against the Western Union and the express companies for taxes of 1894.

I enclose herewith statement showing the assessment by the State Board of Tax Commissioners, from which it can be ascertained what was the total general assessment and what amounts are due the State on general property, but the amount of purely local property owned by the companies is not known here, nor the amounts due for county and municipal taxes in your county.

The total taxes for 1893 on each of the companies named, as stated in the suits now pending are as follows:

Western Union Telegraph Company----------$ 408.55
American Express Company----------$ 170.94
Adams Express Company----------$ 154.46
United States Express Company----------$

I wish you would compare these amounts with your books and see if they are correct, and report to me the result, giving also the amounts due the State separate and distinct from the local; also carefully fill out and return at your earliest convenience the enclosed blanks, so that I may file supplemental complaints for the taxes of 1894, and see if we can not collect for both these years on all these companies.

Mr. David D. Mills,
Auditor Hendricks County,
Dear Sir:-

From an examination of the Tax Duplicates and Settlement Sheets of your County, from 1895 to 1903, inclusive, I find that the tax levied on Polls (where the same has remained delinquent for one year or over and has been collected with the taxes of subsequent years) has been apportioned on a basis of the general tax levy, thereby diverting from the purposes for which it was levied the following amounts:-

State Revenue.....$331.12
State School Revenue.....$370.30 Total..$701.42

You are respectfully requested to draw your warrant upon the County Treasurer in my favor for the above amount, to be by me paid into the State Treasury to the credit of the proper Funds, and recharge the same to the Funds which have heretofore been improperly credited therewith, as shown by distribution sheet filed herewith.

OFFICE OF

Auditor State of Indiana,

Indianapolis, Dec. 26th, 1872.

Auditor of _____ County.

Dear Sir:

In the act revising our revenue laws &c., approved on the 24th inst, through an error of the printer in printing the bill, in Section 105 which fixes the time for the sale of delinquent lands, the word "first" was made to read "second," thereby changing the day of sale from the First to the Second Monday of February. This change was not intended by the Legislature. There was no reason for it, and it was simply an inadvertence. But it is now law, and your attention is called thereto, that you may advertise your sale for the Second Monday of February, in place of the first.

Very Respectfully,

John C. Shoemaker,
AUDITOR.

Office of Auditor of State,

TO COUNTY AUDITORS:

The following is the tax levy for State purposes for 1897:

General Fund of the State Treasury, the sum of nine cents upon each one hundred dollars' worth of taxable property and fifty cents upon each taxable poll in the State.

Benevolent Institution Fund, the sum of five cents on each one hundred dollars' worth of taxable property in the State.

School Revenue for Tuition Fund, the sum of eleven cents on each one hundred dollars' worth of taxable property and fifty cents on each taxable poll in the State.

State Debt Sinking Fund, the sum of three cents on each one hundred dollars' worth of taxable property in the State.

Educational Institution Fund, the sum of one-sixth of one mill on each dollars' (or one and two-thirds cents on each one hundred dollars) worth of taxable property in the State.

Respectfully,

A. C. DAILY,
Auditor of State.

53

Office of AUDITOR OF STATE,

INDIANAPOLIS, MARCH 15. 1873.

DEAR SIR:

I respectfully suggest to County Auditors that they call a meeting of the County Assessors and their deputies, in their respective counties, to be held on Saturday, the 29th inst., to consult together, and arrive at a general and harmonious understanding, in relation to their duties under the new Revenue law. It is desirable to get as high a degree of uniformity as the circumstances will permit in making the assessment of property for taxation the present year. Owing to the limited time left, after the adjournment of the Legislature, and final action upon the Revenue law, it will require unusual attention and application to secure a thorough knowledge of the new act.

To this end the meeting suggested should be called. Such instructions as may be issued from this office, together with the act and the amendments thereto, and forms necessary to be used, will be in the hands of the Auditor.

Upon consultation the Auditor and the Assessors can adopt a basis of arriving at the "fair cash value" of property for taxation, and determine upon a course of action that will facilitate the gathering of statistics, without making that work conflict with the assessing of property.

The law is plain in its requirements, and will, in most cases, be of itself sufficient explanation, especially after due conference in meeting as proposed.

In this connection it is proper to say that no change has been made in the time of making returns of assessment, or in the meeting of the Board of Equalization. Also, that all appointments of deputy assessors must be made, in all cases, with the advice and consent of the County Auditor.

It is perhaps necessary to direct attention to the fact that the words "Appraiser" and "appraisement," are dropped from the new law, and that instead the words "Assessor" and "assessment," are used.

Very truly,
JAMES A. WILDMAN,
Auditor of State.

53

OFFICE AUDITOR OF STATE,

Indianapolis, January 14, 1886.

To County Auditor:

Dear Sir:---With this, as the Statute requires, I send you copies of the assessment lists for both real and personal property, to be used this year.

I, also, remind you that this is the year for the assessment of the realty of the State subject to taxation, and it is important that it should be done promptly, so that the result can be submitted early to the State Board of Equalization, which, by statute requirement, meets on June 21st. See R. S. sections 6402 and 6412.

The following section provides for the Sexennial Assessment:

"6388. SEXENNIAL ASSESSMENTS, 120 The first assessment of the real estate made in pursuance of the provisions of this act shall be made in the year 1886, and a like assessment shall be made every six years thereafter. The assessment made in the year 1880 shall constitute the basis upon which the taxes within the State shall be levied for the ensuing six years, and until a reassessment shall have been made as provided herein, and in each year when the real property is listed and assessed, the personal property shall be assessed at the same time such real property is assessed, and by the same person or persons. Each assessor, when taking lists of personal property, may correct all errors of assessment of real estate which he may discover on the books, either in the name of the person to whom the property is assessed, by change of ownership or otherwise, or in the description of property."

AUDITOR OF *Hendricks* **COUNTY:**

In compliance with the act for the distribution of the Sinking Fund, approved February 24th, 1871, you are hereby notified that, of the moneys now on hand for distribution, the sum of Eight Hundred and Eleven ——— *Dollars, and* $\frac{08}{100}$ *cents, has been apportioned to, and is due the County of Hendricks, for which you will draw your warrant in favor of your County Treasurer, as directed by law.*

By order of the Board.

J. C. SHOEMAKER,
Auditor of State.

To the Auditor of ——— County.

Dear Sir:

Herewith I send the sheets for what is called the "December Settlement." It is substantially the same as the old form, excepting that it is necessary to show separately the amount of second installment collected and the amount of April Delinquency, and the Treasurer's fees on each. The manner of proceeding with the taxes remaining delinquent at the November settlement between the Auditor and Treasurer is not prescribed in the assessment law, or the amendment of March 1873. A record of delinquency of the second installment, however, need not be made; and the Treasurer cannot make, or attempt to make, collections of that delinquency, as he has of the delinquency of the April settlement. The next step after the November settlement will be to carry all delinquency to the new duplicate, and proceed to advertise lands for delinquent taxes. The County Treasurer will not have the record, nor the time, to make collections on the delinquency of the second installment, and consequently no return can be made by him after the November settlement, excepting such as are made of collections on the new duplicate, and by sale of lands.

In relation to the Treasurer's fees, the Attorney General has given an opinion in which he says: "I therefore conclude that County Treasurers are entitled to five per cent. for collecting the first $25,000, four per cent. on the next $10,000, three per cent. on the next $5,000, two per cent. on the next $5,000, and for the collection of the remainder of the taxes charged on the duplicate for the year, one per cent." The fees allowed should be upon the duplicate as a whole, and without reference to installments.

Very respectfully,
JAMES A. WILDMAN,
AUDITOR OF STATE.

Dear Sir:-

The interest on the $341.28 from March 1908 is not included in the $538.12. We are aware that we will have to account for interest on this amount $341.28 and also on $196.84 as well.

We received a communication from the State Board of Accounts on July 20th, 1910, and they suggest that we account for interest on the discrepency of $341.28 in our June, 1911, report, but make no suggestion as to the interest on the $196.48. We know that the interest on the ~~$341.28~~ $341.28 will have to be accounted for from March 16th, 1908, but as heretofore stated to you we are unable to tell when or how the $196.48 was received by the County, and we are of the opinion that the error has been existing for some time, and carried forward from one report to another.

We are of the opinion that as the interest account has to balanced in the fall instead of the spring that it would be well to settle the interest on the error existing, this fall. And if interest is calculated on the full amount of error $538.12 at the fall settlement 1910, it will square us up and we will start in the year 1911 with the account adjusted.

Dear Sir:-

Replying to yours of the 6th. No. (3[illegible]) will say that as to Item (A) as regards to Debit 1876 of 2 I have made diligent search and fail to find account of same.

As to Item (B) Debit of $19.83 Tp. and Range of same is as follows:-

16- 1 E.	$6.00
17- 1 W.	$5.44
16- 1 W.	$2.89
15[illegible] 2 W.	$1.50
17- 2 W.	$4.00

As to Item (C) make up of credit as to Divided Township, with County, Tp. and Range as follows for 1891.

Morgan	14- 1 E.	$232.88
Boone	17-2 E.	95.90
"	17- 1W.	127.44
"	17- 2 W.	20.23
Marion	16- 2 E.	265.64
Total		$742.09

The above amount $742.09 is the correct amount of credit for this County for the year 1891, but since that time, 1891, the Attorney General has made readjustment of these funds, and if you will send us blank we will furnish you a complete statement of readjustment since the year 1891. Would also like to have copy of other report we sent you, wherein as per your letter you say we report $961.62. We intend to keep copies of all there reports but fail to find this one.

Dear Sir:

It has been duly acknowledged in the Statistical Report for 1883, that County Auditors in general have promptly responded to the requests of this Department, whenever called upon for reports. It is to be hoped that for next year's report you will lend me your assistance, as heretofore, by filling out the following blank, returning the same as soon as possible.*

To the County Auditor:

A great many of the county auditors are at a loss as to how to treat the new penalty on the December settlement sheet, and in explanation it should be stated that such penalty should not be entered on the settlement sheet. The amounts entered on lines Nos. 1 to 7, inclusive, on said sheet should be the total charges against the treasurer and should be the same amounts as shown on the tax duplicate at the close of business on the first Monday in November. This includes the second installment, current delinquent, and delinquent tax of former years, as returned unpaid by the treasurer at the last June settlement, together with the 10% penalty added on current delinquent, assessments and charges by county auditor, sequestered and dropped taxes added since the last June settlement. This constitutes the total charges against the treasurer at the December settlement.

The total credits are the second installment, current whole year's delinquent, including the 10% penalty, delinquent tax of former years, assessments and charges by the county auditor, and sequestered taxes as returned by the treasurer as unpaid at the close of business on the first Monday in November, as shown on lines Nos. 10 to 14, inclusive, to which should be added the auditor's certificate of error, as shown on line No. 15 of said settlement sheet.

Dear Sir:-

In checking over our bills, we discover that an error or two has been made in the one sent you this morning. In adding up the items of expense for Dosky Gordon we made the total $2.65 instead of $3.65, and omitted to foot up the column of which this was a part. The total amount should be $5.45.

Will you kindly make these two corrections in our bill, and greatly oblige

W. H. Nichols,-2-

In reality, we should only pay for the days actually consumed in trial, don't you think?

For instance, in the Jolly case, it appears that your County had charge of him for 338 days and we are charged for his board for this number of days @ 40¢ per day, when he could have been transported quite a number of days before he was, and this expense saved us. Can you learn why this was done?

Now, it appears to us that in equity we ought not to pay the $5.50 in each case simply for the approval of the claim against us, nor for the regular jury panel that was not used in the trial of our cases, nor ought we to be charged with a full day in any case where the proceedings only occupied a minute part of a day; and our purpose in writing is to ask if you will not kindly take the matter up with your Clerk and see if it can be corrected along these lines. We would be pleased to have an early decision, so that claims can be remitted for promptly.

Thanking you in advance, I am,

Very truly,

Albert Sahm

Auditor Marion County.

P. S.

I omitted to speak about a charge of $1.00 for item of "Allowance and Certificate". It seems that this would figure out about 85¢. Will you also kindly indicate where you get this $1.00.

Hon. W. H. Nichols,

My dear Mr. Nichols:

I am checking up the Change of Venue claims you filed some time ago, and find some items regarding which I would be pleased to have you favor me with a little information. I note in each case, under the head of

"Acct. against Marion Co. approved by Court"

you charge a full day for Clerk, Sheriff and Bailiff.

This does not look equitable, do you think?

Again; you charge in a number of cases for the "per diem of the regular panel in waiting"--in addition to the per diem of the jury sitting in the case.

Ought we to pay for services which are not rendered?

Then again, take a case like No. 8029, in which we are charged for seven full days, to-wit:

1. Argument heard. Restraining order dissolved.
2. Amended complaint filed.
3. Board of Public Works demurs to each paragraph of complaint.
4. Indianapolis Telephone Co. demurs to amended complaint.
5. Demurrer to amended complaint sustained.
6. Judgment vs. Plaintiff for costs.
7. Acct. against Marion Co. approved by Court.

The point I am not fully advised about is this: Was the whole time during these seven days of Court taken up by the Clerk, Sheriff and Bailiff, or did they use only a part of their time each day in this case, devoting the balance to other cases? If the latter is the case, ought Marion County be charged with seven full days? In fact, ought she to pay for these days--set apart for pleadings--at all? We never make such a charge.

This same question applies to most of the other claims. I don't want you to think me captious in any sense, but change of venue cases against Marion County are so numerous and run into such large amounts, that our County Council before making appropriations wants some evidence that the charges are reasonable, and hence my desire to lay before them some evidence of my effort to check up the items.

To the County Auditor.

Dear Sir:

We are sending you herewith a blank for your annual report to this office, of the county's poor expenses for 1909. We hope it will be possible for you to fill this out and return by an early mail. In explanation of the blank may I state:

1. The "appropriations" desired are those made at the last sessions of the County Council, being the ones available for the year 1910.

2. The State Statistician will send you soon a blank, asking for the total county expenses for the year 1909. Certain questions on his blank refer to the county poor asylum and to dependent children. It is essential that in these items his report and ours agree exactly. Please note this particularly and thus save the trouble and expense of correspondence. In all cases we desire the figures to show the amount of the warrants drawn.

3. Under "Outdoor Relief" you will find a space for the tax levy, made by the township trustees to reimburse the county for the money advanced for relief of the poor. In this case the levy made last September is the one desired.

If the blank is not entirely clear, we shall be glad to have you write us for further explanation.

Hoping to receive the report soon, for which I beg to thank you in advance, I am

Very truly yours,

Mr. Robert J. Aley, Indianapolis, Ind. Dear Sir:-
Replying to your favor of the 4" relative to error of $341.28, on principal Common School, you will notice by referring to Commissioner report of June, 1910, that the Board added $538.12 to the amount of Common School Fund on hand in Hendricks County, to correct error on former reports. In this amount is included the $341.28, above referred to as well as an additional amount of $196.84, that we have as yet been unable to tell where is came from. On receipt of a communication from the State Board of Accounts July 20", 1910, wherein they suggested that the report filed with you by the Board last June be corrected, we explained in answer thereto, July 21", 1910, as we have herein to you, that it has been corrected, and supposed that they had so explained to you as we had heard nothing more from them.

STATE OF INDIANA

OFFICE OF AUDITOR OF STATE.

TO THE AUDITOR OF Hendricks COUNTY.

I HEREBY CERTIFY, That, in accordance with an agreememt entered into between the Adams Express Company by Lawrence Maxwell, counsel, and the State of Indiana by Wm. H. O'Brien, Auditor of State and Thomas M. Honan, Attorney General, to the effect that said Adams Express Company consents that the State Board of Tax Commissioners may certify to the Auditor of State and that the Auditor of State may apportion and certify for local taxation to the several counties of Indiana, an assessment against said Adams Express Company for the year 1909, at the rate of $34.43 per mile and an assessment against said company for the year of 1910 at the rate of $184.55 per mile.

The State, in these cases, consents to this stipulation and to the certification of said assessments only upon the agreement of said Adams Express Company, which is hereby made, that this stipulation and the certification of said assessments shall in no way prejudice or affect the rights of the State, or of the said defendant, or of the State Board of Tax Commissioners, in the proceedings now pending in the Circuit Court of the United States for the District of Indiana, known as cases Nos. 10967 and 11077, wherein Wm. H. Barrett, President, Adams Express Company is complainant and Wm. H. O'Brien, Auditor of State of Indiana, defendant.

This agreement in no wise admits that assessments made by said State Board of Tax Commissioners for said years, were, or are in any sense illegal, or in excess of proper assessments.

Said Company agrees that this certification shall in no manner be construed to deprive said State Board of Tax Commissioners, or said defendant, of the power to certify any additional sum for said years that it may hereafter become proper and legal to certify.

THEREFORE, I hereby certify and authorize the placement of the mileage of said Adams Express Company on the tax duplicate of your county as follows:

1909, 21.34 Miles, at $ 34.43 per mile.

1910, 21.35 Miles, at $184.55 per mile.

To the County Auditor and Treasurer:

A great many inquiries have been received by this department as to how county treasurers may withdraw from the public depositories amounts due them for the payment of special judges, mileage for making settlement with treasurer of state and their fees for the collection of delinquent taxes.

The law requires that all monies received by the treasurer shall be deposited in a public depository. The auditor gives the treasurer credit on the settlement sheet for monies paid out for special judges, mileage for making settlement with the treasurer of state and his per cent. for the collection of delinquent taxes, but the law is silent as to how the treasurer shall withdraw the same from depository.

The law requires that all monies drawn from a depository shall be upon a warrant issued by the auditor, and in order that the treasurer may withdraw the amounts above mentioned from the depository this board has concluded that an appropriation should first be made by the county council out of the county revenue for the payment of the same, an allowance made by the board of county commissioners and a warrant issued by the auditor for the amounts. In this manner treasurers can withdraw what is due them from depositories.

Dear Sir:-

We find from correspondence with one or two County Auditors that there is a great demand through them for the School Fund, and they are unable to supply the demand, and therefore they have taken applications and submitted them to us, thereby making a little something for themselves for their trouble. We have decided therefore to write to a number of Auditors over the State offering to entertain applications for them for these good loans that they can not handle with the County School Funds.

We herewith enclose some of our blank applications and General Terms to correspondents, and if you care to submit any of these applications to us, we will be glad to consider them for you.

Awaiting your reply to the above, we remain

Very truly yours,

We should be pleased to learn your system of manggement and methods of keeping in repair the Free Turnpikes or Gravel Roads in your county and if they work to your entire satisfaction. Do you have one superintendent for all the roads or one for each?
Are the roads kept in repair directly by hired labor or by Contract? How many miles of Free Turnpikes have and what is the average cost per mile per annum for repairs?
What kind of material is mostly used and is it convenient to the roads? Answers to the above questions and any other information tending to throw light on the subject will be fully appreciated.

In the matter of deed
of Moses Keeney.

Whereas it has been made to appear to the satisfaction of the Board of Commissioners of Hendricks County, State of Indiana, that Moses Keeney is the owner in fee simple and in quiet and peaceable possession of Lot number Two (2) in Block number Twenty-eight (28) in the town of Danville, Indiana; and that on the 13th day of January 1840 James Matlock, County Agent and one of the remote grantors of said Moses Keeney for the full amount of the purchase money in hand p paid executed to William Beerman,, another remote grantor of the said Moses Keeney, a deed to the above named lot, but that either through the carlesness of the said James Matlock, Agent, or the County Recorder, the description of the said lot was not given. That the deed has been lost and that diligent search for the same has been made, but it can not be found. That the said Real Estate has been continously, notoriously and openly held, claimed and possessed under color of title for more than forty years last past by the said Moses Keeney and his remote grantors.

Item 44 Erroneous Assessments
1862

State of Indiana }
Hendricks County }

To the Board of Commissioners of said County

The Petition of the undersigned shows that he is the owner in fee simple of the following lands in said county to wit;

The West half of the South East quarter and the East half of the South west quarter of Sec. 18 Township 16. North. Range two west that he has been the owner of said lands for many years, That in 1859. he leased and rented to his two sons George H and Nathan W Waters the whole of said land by the year during the remainder of his life by agreement that they should pay him as rent therefor annually the sum of 6 per cent on four thousand & one hundred Dollars the agreed price of said land. and said lessees to pay the tax thereon.

and Petitioner further states that by mistake or carelessness and for supposed convenience in reckoning the accounts between said parties he took from said lessees in lieu of a formal written article of lease their note or notes for said sum of four thousand one hundred Dollars without intending or expecting to collect them and which were considered of no more value than the

annual per centum or interest thereon that afterwards he was called upon by the Township Assessor and required to list his personal property for taxation including the notes aforesaid - and without thinking that he would be double taxed for said land being about seventy ~~years~~ years old and enfeebled and impaired both physically and mentally he did without proper reflection or taking proper advice give in to the assessor (as he was advised and directed by him he was bound to do) said notes amounting as aforesaid to the sum of ~~four~~ one hundred thousand dollars - whereby the State and County have him charged with and have been receiving double revenue on said land - the amount charged and paid on the notes aforesaid for the year 1860, accounting to $12,80, and the amt. now charged against him on same notes for 1861 - being $15,60, wherefore he prays this Condor Board of Commissioners to direct the auditor of said County to issue to him a certificate of erroneous assessment for said years of 1860, & 1861 amounting in all to $28,40 as he is in law and justice entitled to, and for an order for amt. paid $12,80

Respectfully submitted

Circular of Information No. 5.

Concerning Settlements by Township Trustees.

DEPARTMENT OF PUBLIC INSTRUCTION,
Indianapolis, March 18, 1878.

TO COUNTY AUDITORS:

I have received several communications expressing some doubt as to whether or not township trustees could be required to turn over public moneys, books, papers, records, documents, etc., belonging to their respective offices, to their successors who may be elected at the coming election in April.

I am of the opinion that it is the duty of township trustees to turn over such public moneys and effects to their legally qualified successors in ten days after their election. Section 3 of an act approved March 3, 1877, (see chap. XXXVII, acts regular session, 1877,) provides that "such certificate [of election] shall entitle the holder to qualify and enter upon the discharge of the duties of the office to which he is elected, at the expiration of ten days from the day of such election. * * " I think the right to the office carries with it the right to the moneys, documents, etc, belonging to the office.

To aid trustees in coming to an understanding of their duties in respect to the moneys in their hands, I respectfully request you to call their attention to section 45 of the fee and salary act, approved March 12, 1875, (see chap VIII, acts special session, 1875,) which reads as follows: "It shall be the duty of each Clerk, Sheriff, and Treasurer of the several counties in this State, and all other officers receiving money in their official capacity, at the expiration of his term of office, to pay over to his successor in office, all moneys of every description, to whomsoever due, remaining in his hands at the expiration of such term, taking the receipt of such successor therefor, and such successor and his sureties shall be liable therefor on his official bond, as if the same had been originally collected by him, and any Clerk, Treasurer or Sheriff, so failing to pay over such moneys, or any successor, or Clerk, Treasurer or Sheriff, who shall fail to pay over any moneys to parties entitled to receive the same, when called on to do so, shall be deemed guilty of embezzlement, and on conviction thereof, shall be fined in any sum not exceeding one thousand dollars, and be imprisoned at hard labor in the State Prison not less than one, nor more than five years."

In view of these provisions it seems to be very important for the Commissioners to make a final settlement with the trustees on the second Monday in April, as suggested in a former circular.

Very respectfully,

JAMES H. SMART,
Superintendent of Public Instruction.

PURDUE UNIVERSITY, LAFAYETTE, IND. PRESIDENT'S ROOM.

Jud T. Barker Esq.
Co. Auditor
Danville
Ind.

DEAR SIR: Permit me to inform you that, according to our present information, there will be, for the year commencing September 6, 1888, one vacancy in the quota of students entitled to free Scholarships in Purdue University, to which your County is by law assigned.

We desire to have all the scholarships belonging to the various Counties promptly filled by young men or young women, who will do credit to the institution and to the counties from which they come.

The free scholarships are by law given to a limited number of students, and these are selected by the County Commissioners. Any recommendation that you may make to the Commissioners will doubtless receive prompt attention.

I therefore respectfully ask you to confer with your Commissioners and join them in an effort to have the respective counties properly represented. Scholarships heretofore issued, and those issued during the present summer, must be used during the Fall term of 1888, or they become invalid.

Respectfully yours,
J. H. SMART,
President.

NOTE.—County Auditors are requested to send a copy of this circular to each County Commissioner.

Form No. 1.

Department of Statistics and Geology.

Indianapolis, Ind., 1880.

To the Auditor of Hendricks *County:*

DEAR SIR: Please give the information called for in the following forms, at your earliest convenience. The information is wanted for the report of this Bureau for 1880. We feel sure the Auditors will take an interest in this work, as it will enable each county to compare itself with every other county in the state. The table in the report of 1879 is as near correct as we could make it from the annual reports of the Auditors, but as these showed so many different classifications of their accounts, it was difficult to rearrange them. We therefore urge the Auditors of each county to fill the form, as they can better determine what items to group under the several heads. The whole country is interested in these items of information, and it is desirable to keep them up. The Auditors—with one single exception—in 1879, gave such valuable, and in most cases prompt information, that we feel encouraged to rely on their good will again. We succeeded last year far beyond our expectations, considering our limited means, and most of this success is due to the officials on whom we called for help—especially Auditors.

Respectfully, JOHN COLLETT, *Chief of Bureau.*

In reply to Yours of Indianapolis Nov. 15th 6.

Dear Sir:

It has often been the case that we have had calls from County Auditors for extra copies of Settlement sheets with Auditor of State and were unable to supply them as the Auditor of State published only a limited number. We have struck off a few copies in addition to those printed for the State Auditor and will be pleased to furnish you extra copies on application.

Yours Truly
Wm B. Burford.

Dear Sir:

Enclosed circular will explain itself. Will you be so kind as to address those sent to you in separate package, one to each of your township trustees. Mrs Harley might in some way come under your notice. No effort had been spared to get a clue to her whereabouts but without avail, and we do this with the faint hope that it may lead to her recovery. Note this fact. In conversation and action she would probably seem perfectly rational. Her trouble was great mental depression. Any information relative to her is most anxiously awaited. We beg you will do what you can, and it will be greatly appreciated by her agonized family and friends.

Very Truly
M. Sterling.

January 11, 1906.

To the Commissioners
of
Hendricks County.

Gentlemen:

If I remember correctly the insurance will expire on the Court House and County Farm about the 27th instant. While I am working here it is only temporary and I am in Danville from Saturday evening until Monday morning, and may at any time come back to remain.

I had a policy when I was agent for the Commercial Union, but gave it up some two years ago. In a conversation with Miss Salmon she told me she did not care to keep the company and was going to transfer it to Miss Bell (if she wanted it) as soon as she could do so, and I write to ask you if you will not give me a small portion again. I have "The Globe and Rutgers Fire Insurance Company"- which I have tried to get sometime, but which only takes stock policies and the like, and it is considered a first class company in every way.

If you will give me any consideration in the matter, if you will speak to either Mr. W. H. Nichols or Mr. D.W. Mills they will act as proxy, or in other words inform me as to you decision.

Very truly,
Margaret L. Shuler.

This is a New York Company.

COFER & DOUGAN
ATTORNEYS-AT-LAW
DANVILLE, INDIANA

Feb. 16th. 1910.

To William H. Nichols, County Auditor:

The inclosed statement from one Jennie H. Shields, Secy is not sufficient to justify you in placing upon the tax duplicate the sa assessment of $100.00 together with the penalty for failure to pay.

The law makes it the duty of the Superintendent of construction certify to the Auditor the fact of failure of any land owner to pay etc. and his certificate should state:-

The description of lands to be charged with the tax;

The time in which said assessment was to be paid;

The name of the person owning the land;

The failure on his part to pay.

When the law has been complied with, we suggest that you place t amount delinquent, with ten per cent, penalty, upon the tax duplicate for collection at the next semi-annual payment of taxes.

Very respectfully,

Cofer & Dougan

EXTENDS RECORD SEARCH

GOVERNOR ISSUES ORDERS

AUTHORIZES FIELD EXAMINERS TO GO OVER BOOK WHEREVER BONDSMEN ARE LIABLE OR OFFICER IS RESPONSIBLE.

Governor Marshall yesterday issued to the State Board of Accounts authority to extend the examination of all public records back to the time when the liability of bondsmen ceases. This period varies from five to six years under certain contingencies, from the time the officer's term expires. In addition to formal receipt of the order from the Governor, the board in meeting yesterday passed a resolution authorizing "nunc pro tunc" entries under certain conditions. These are two matters that have created most inquiry in connection with the doings of the board. State Examiner W. A. Dehority states that he has hundreds of letters in his files seeking light on these two points. Without action by the board he was unable to make reply.

Under the statute the examination of the records of any office shall not go beyond a year except upon authority of the Governor. The Governor's order to the board on this point is as follows:

"In accordance with the discretion vested in me by Sec. 21 of the act of March 4, 1909, creating the State Board of Accounts and the department of inspection and supervision of public offices, I do hereby authorize the examination of all records of each office back to the time when the liability of bondsmen would cease, and if at that point in the examination the examiners believe that there are irregularities in the accounts of officials prior to that time who are solvent and responsible they shall investigate the accounts of such officials."

May Go Back for Years.

By the provision of the latter sentence in case of personal responsibility of the officer involved the examination may be extended beyond the period the bondsmen can be held responsible.

The resolution authorizing "nunc pro tunc" or "now for then" entries was decided upon as a means of enabling examiners to meet a situation which it is thought will often encountered. The resolution states:

"That in the event mere irregularities are found in the accounts of township trustees and other public officials in the state of Indiana, which irregularities have consisted in failure to follow the strict letter of the law, but where the public has had value received for the expenditures which have been made by public officials and where such expenditures could have been lawfully authorized by proper action of public officials, that field examiners shall assist such officials in making all necessary nunc pro tunc entries so as to validate public expenditures of money."

In the matter of prosecutions, the resolution states:

"It is further the sense of the Board of Accounts that no prosecutions shall be instituted except as against dishonest officials and actions shall not be brought against public officials unless the record fairly discloses that such officials have been using their offices for private gain."

W. H. HART,
AUDITOR OF STATE.

Office of AUDITOR OF STATE OF INDIANA.

Indianapolis, September 1, 1899.

Auditor Hendricks **County:**

DEAR SIR:—Subjoined is the mileage assessment of the following corporations, companies or copartnerships doing business in, through, or over your county, as fixed by the State Board of Tax Commissioners for the year 1899, in accordance with Enrolled Act No. 431, House, approved March 6, 1893, and found on page 374 of the Acts of 1893. These assessments are to be ADDED to the assessments made by your local taxing officers, and are to be apportioned to the several cities, towns and townships to which they belong—just as railroad track, etc., is apportioned.

Under the provisions of the supplemental tax act of 1893, above referred to, you should see to it that all tangible property of express, telephone, telegraph and sleeping-car companies, corporations or copartnerships is assessed locally—such as horses, wagons, office furniture and fixtures of express companies; office fixtures, furniture, and other property of a distinctly local character and not a part of the integral systems, of telegraph and telephone companies; office furniture and fixtures of sleeping-car companies, if they have an office in your county. The assessments made by the State Board of Tax Commissioners do not include any of the values above mentioned. Local tax officers should assess everything in sight of the above properties, except the wires, poles, instruments and all other property, necessarily a part of the line and without which it could not be operated as such, of telegraph and telephone companies, and the mileage of express and sleeping-car companies. Local authorities have no power to assess any right of way, franchise, or special privilege of any kind, of any of the above companies, all such values and property having been considered by the State Board of Tax Commissioners in making its assessment of the company. If the proper local assessments have not been made, attend to it at once.

Following are the assessments made by the State Board of Tax Commissioners for your county for 1899:

Names of Telegraph, Telephone, Sleeping-Car and Express Companies.	Miles.	Per Mile.	TOTAL.
Western Union Telegraph Co ✓	76	375 ✓	28500 ✓

Dear Sir:-

Several inquiries have come to this Department regarding the method of giving credit for road taxes worked out under the supervisors. After giving them careful consideration, we have reached the conclusion that Section 7780, R.S. 1908, (being Section 110 of the "Act Concerning Highways", approved March 8, 1905, page 574) must be construed as requiring the tax payer to present to the treasurer the receipt issued to him by the supervisor, which receipt shall be taken by the treasurer as the equivalent of so much cash paid upon the road taxes of the individual and credited accordingly. Until the receipt is presented, no credit can be allowed by the treasurer. It seems to us that this was the intention of the Legislature. This Department, therefore, considers it necessary to establish a uniform practice as above indicated.

For the benefit of this Department in considering a uniform Receipt and Disbursement Record, kindly send us copy of appropriation ordinance passed by your County Council in 1909. We beg to advise that Form for Auditor's Cash and Fee Book is in the hands of the printer and a sample will be sent you within a few days. This is the only book which will be ready for you. As was announced at your meeting, Receipt and Disbursement Records will not be ready for use before January 1, 1911.

Thanking you for your courtesies, we are,

Very truly yours,

The 10% penalty on the second installment, and the 6% on the current whole year's taxes, as returned delinquent by the treasurer after the first Monday in November, is a new charge made after the last day of payment of taxes and should not enter on the December settlement sheet, but should be carried to new duplicate and added with delinquent taxes, as shown in columns Nos. 12 and 13, which then becomes a charge against the treasurer and is entered on the June settlement sheet.

The difference between the amount of net delinquencies chargeable against the treasurer, as shown on line No. 30 of the December settlement sheet and the amount shown on the new duplicate in columns Nos. 12 and 13, is the new penalty.

We wish to call your attention to an error in the December settlement sheet. On line No. 22, treasurer's fees on delinquent collections distributed "on basis of 1908," should be distributed "on basis of 1909." But as the difference is small, and as a great many of the auditors have advanced their work on said sheet so far that it would cause them much extra work to make the change, you will accordingly make said distribution on 1908 basis.

The settlement sheet for next year will be changed to comply with the new form of tax duplicate.

Respectfully,

W. A. Dehority

TO COUNTY AUDITORS:

Gentlemen:--

This Department wishes to call your attention to line 2 of the June settlement sheet in order to avoid confusion in making up the same. Line 2 provides "delinquent taxes of former years, including penalties, distributed on a basis of 1908." This item should include the amount of delinquent tax paid after November settlement up to December 31st. The item formerly used, showing the collection of delinquent taxes from November settlement to December 31st, has been eliminated from the sheet.

Where taxes have been paid after the November returns and before the delinquency is carried to the new duplicate, these amounts should be carried to the new duplicate along with other amounts unpaid. If these amounts are marked "Paid" on the old duplicate, they must also be re-marked "Paid" on the new duplicate, giving the same date, in order to show the total amount of unpaid taxes at the November settlement, and same must be carried to the new duplicate.

In the event that in carrying the unpaid delinquency to your new duplicate you have not included the amounts so paid between the November settlement and December 31st, the same cannot be done now, as you have doubtless only included in your abstract the amount carried over, which might be an amount less the amount paid between these dates. But in order to charge the treasurer with the amount so collected between these dates, he can account for the same on line 6.

Hoping that this error has not occurred in your county, and with best wishes, I beg to remain,

Very truly yours,

W. A. Dehority

TO THE COUNTY AUDITOR,

Dear Sir:--

For your information the following opinion of the Attorney General relating to the question of fees for issuing registration certificates is submitted:

Mr. W. A. Dehority, State Examiner,
Indianapolis, Indiana.
Dear Sir:--

I acknowledge receipt of your letter enclosing a letter from C. F. Cromwell, auditor of Clinton county, in which he asks the question: Where any voter has registered at the May session, and afterwards changes his residence from the precinct in which he registered, and is thereby compelled to go to the auditor to obtain a certificate showing he registered in May, shall the auditor make a charge for such certificate given the voter? In reply I would say that the law makes it the duty of the auditor to issue the certificate upon application of the voter, and there can be no charge for such performance of duty.

Very truly yours,
THOMAS M. HONAN,
Attorney General.

Examinations of the accounts of your office through representatives of this department will be governed in the matter above considered by the Attorney General's opinion.

Dear Sir:-

In reply to your inquiry of the 24th instant relating to the payment of a school fund mortgage and interest thereon, you are advised that interest should be collected up to the next interest paying period, unless the money paid in can be immediately loaned. Since counties are liable for continuous interest upon school funds, the intent of the statute is that where payment is made prior to maturity or any interest paying period, interest shall be collected up to the next interest paying period. It is only where the money can be immediately re-loaned that a contrary procedure would be justified.

Item 82 Circular - To Co. auditor from State auditor

1856
1869
1891

CIRCULAR.

DEPARTMENT OF PUBLIC INSTRUCTION,
INDIANAPOLIS, MAY 7, 1856.

To the County Auditors:

GENTLEMEN:—You will herewith receive an exhibit of the apportionment to your respective counties of the school funds for the current year, arising from the interest on the common fund and the avails of the school tax. It is impossible to ascertain the true amount in the hands of the county treasurers, who have not yet settled with the State Treasurer, nor reported to this department the amount of either taxes or interest collected. From *eleven* counties we have no information whatever, relative to the amount of their school funds, either interest or taxes. This fact together with another, viz., that quite large amounts of the first reported delinquent taxes are paid between the first and second settlements of the county treasurers with the State Treasurer, has led to the conclusion to apportion what we are sure of, as reported at this time by the fiscal officers, and guard against a large balance lying in the treasury till next May, by apportioning it in the fall, when its amount can be definitely ascertained. This seems the most feasible method of remedying the existing evil, and, in fact, the only way to obviate difficulties growing out of human incapacity to know when some people will pay their taxes, and what will be the probable amount of said payments between the spring and autumn settlements. To avoid the perplexity of last year and secure the distribution of all the school funds to the townships by the time their schools commence in the fall, a point hitherto unreached, the Superintendent, by the advice and approbation of the Board of Education, has adopted the course above indicated, believing it the only effectual devise to secure what the spirit of the law contemplates, though it may appear supplementary to the letter of the statute.

Seventy-five cents per child is the largest sum that the present means will justify us in assuming as a basis for the present apportionment. Though this amount is not all that we hope to divide this season, yet it is *ten cents* more than last year. It is confidently believed that there will be, at the close of the second settlement, a sum to be apportioned that will considerably increase the available educational means for the current year. From all the reports received of the congressional fund interest collected, we are authorised to believe that the aggregate will be equivalent to a general average of *twenty-two* cents per scholar, if not more.

There are some items of information, which I shall be dependent on your official kindness and courtesy to enable me to give in my last report, and thus furnish a true exhibit of our educational condition, and present statistical materials for the construction of an argument, that even the ingenuity of selfishness itself can neither refute nor answer. Permit me to call your attention to some of them.

I shall be under great obligations to you individually, if you will each fill the blanks, recently forwarded to you, with the required information, immediately after the meeting of the county commis-

CIRCULAR.

State of Indiana,

OFFICE OF AUDITOR OF STATE,

Indianapolis, August 2, 1871.

TO COUNTY AUDITORS:

By the recent decision of the Supreme Court, setting aside the action of the State Board of Equalization of 1869, all appraisements of Railroads affected by such action, revert to the original appraisements, as made by the Appraiser along the lines of the Roads.

Therefore, Auditors of Counties through which any Railroad runs whose appraisement was reduced by said State Board of Equalization, are instructed to place them upon the Duplicate in accordance with said decision.

Very Respectfully,

J. C. SHOEMAKER,

Auditor of State.

CIRCULAR.

OFFICE OF AUDITOR OF STATE,
INDIANAPOLIS, JUNE 1st, 1869.

TO COUNTY AUDITORS:

The Legislature having, since the passage of the Act of March 4th, 1859, fixing the time and places of meeting of District Boards of Equalization, passed an Act redistricting the State for Congressional purposes, by which the literal execution of said act of March 4th, 1859, becomes impossible, I have determined, under the advice of the Attorney General, to recommend to the several District Boards to meet on the day prescribed by law, at the following places:

The Auditors of the First Congressional District, to meet at the County seat of Gibson County.

The Auditors of the Second Congressional District, to meet at the County seat of Floyd County.

The Auditors of the Third Congressional District, to meet at the County seat of Jennings County.

The Auditors of the Fourth Congressional District, to meet at the County seat of Rush County.

The Auditors of the Fifth Congressional District, to meet at the County seat of Marion County.

The Auditors of the Sixth Congressional District, to meet at the County seat of Vigo County.

The Auditors of the Seventh Congressional District, to meet at the County seat of Tippecanoe County.

The Auditors of the Eighth Congressional District, to meet at the County seat of Miami County.

The Auditors of the Ninth Congressional District, to meet at the County seat of Randolph County.

The Auditors of the Tenth Congressional District, to meet at Kendalville, Noble County.

The Auditors of the Eleventh Congressional District, to meet at the County seat of Porter County.

Very Respectfully,

JOHN D. EVANS,
Auditor of State.
