NOTE.

1. The credit items on this sheet are subdivided in order to exhibit at line "C" the "Total Cash Collections" on which Treasurer's fees, exclusive of salary, are to be computed and apportioned, and from which "Total Cash Collections" all other proper deductions are to be taken.
2. Under Section 251 of the "Act concerning Taxation," Treasurers are not entitled as heretofore to six (6) per cent. on delinquent tax, when collected on the current duplicate. The fees heretofore allowed on current tax are to be computed on total collections of both current and delinquent tax; the proper apportionment of the aggregate of such fees for collecting the delinquent part of said duplicate should be carried without distribution to column of "Delinquent tax of 1880 and previous years," on line 7; that for current tax collected should be distributed on same line as indicated.
3. Erroneous taxes of previous years refunded by Board should be carried without distribution to column of "Delinquent tax of 1880 and previous years."
4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, &c., as provided in Section 258 of the Civil Code, approved April 7th, 1881.
5. If credit for balance due ex-treasurers on collections of old delinquencies since 1872 have not been heretofore taken, the same can be placed on this sheet below line 10; give the name of such ex-treasurer and distribute the amount allowed each, and furnish with the sheet a certified transcript of such allowance by the Board of Commissioners.
6. Expenses incurred for printing and advertising delinquent list are paid out of the County treasury as other claims against the County, and should not appear upon this sheet.
7. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 250 requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.
8. Credits for insolvent or worthless taxes are taken at the December settlement, and will not be allowed on this sheet.
9. The itemized lines are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.
10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

E. H. WOLFE,
Auditor of State.

NOTE.

1. The credit items on this sheet are subdivided in order to exhibit at line "C" the "Total Cash Collections" on which Treasurer's fees, exclusive of salary, are to be computed and apportioned, and from which "Total Cash Collections" all other proper deductions are to be taken.

2. County Treasurer's fees for collecting delinquent taxes. The Supreme Court in a recent decision, thus construes Section 6519, R. S. 1881, or Section 231 of the Act on Taxation. *"But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year."* See Warren, Auditor, et al. v. Britton, Treasurer, 84 Ind. Reports, p. 14. The fees heretofore allowed on current tax are to be computed on total collections of both current and delinquent tax; the proper apportionment of the aggregate of such fees for collecting the delinquent part of said duplicate should be carried without distribution to column of "Delinquent tax of 1881 and previous years," on line 7; that for current tax collected should be distributed on same line as indicated.

3. Erroneous taxes of previous years refunded by Board should be carried without distribution to column of "Delinquent tax of 1881 and previous years."

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, &c., as provided in Section 238 of the Civil Code, approved April 7th, 1881. See R. S. 1881, Sec. 416.

5. If credit for balance due ex-treasurers on collections of old delinquencies since 1872 have not been heretofore taken, the same can be placed on this sheet below line 10; give the name of such ex-treasurer and distribute the amount allowed each, and furnish with the sheet a certified transcript of such allowance by the Board of Commissioners.

6. Expenses incurred for printing and advertising delinquent list are paid out of the County treasury as other claims against the County, and should not appear upon this sheet.

7. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

8. Credits for insolvent or worthless taxes are taken at the December settlement, and will not be allowed on this sheet.

9. The itemized lines are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

Note.—It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheet to this office a few days in advance of their coming here.

Auditor of State.

Total Fees, - - - - - - - - - - $ 98672

NOTE.

1. The total delinquent taxes of 1882, due from the treasurer, as shown on the December, 1883, settlement sheet, less the amount collected between the first Monday in November and December 31st, should be added to the taxes assessed for 1883, which added together will make the "Amount of Duplicate of 1883," as shown on line 1 of this sheet.
2. The credit items on this sheet are subdivided in order to exhibit at line "C" the "Total Cash Collections" on which Treasurer's fees, exclusive of salary, are to be computed and apportioned, and from which "Total Cash Collections" all other proper deductions are to be taken.
3. County Treasurer's fees for collecting delinquent taxes. The Supreme Court, in a recent decision, thus construes Section 6519, R. S. 1881, or Section 251 of the Act on Taxation: "*But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year.*" See Warren, Auditor, et al. v. Britton, Treasurer, 74 Ind. Reports, p. 14. The fees heretofore allowed on current tax are to be computed on total collections of both current and delinquent tax until the first Monday in November, and the fees for collecting the delinquent part of said duplicate from that time to December 31st, should be distributed on line 16; that for current tax collected should be distributed on line as indicated.
4. Erroneous taxes of previous years refunded by Board should be distributed as current taxes are, and the reason given for allowing them.
5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7th, 1881. See R. S. 1881, Sec. 416.
6. If credit for balance due ex-treasurers on collections of old delinquencies since 1872 have not been heretofore taken, the same can be placed on this sheet below line 11; give the name of such ex-treasurer and distribute the amount allowed each, and furnish with the sheet a certified transcript of such allowance by the Board of Commissioners.
7. Expenses incurred for printing and advertising delinquent list are paid out of the County treasury as other claims against the County, and should not appear upon this sheet.
8. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.
9. Credits for insolvent or worthless taxes are taken at the December settlement, and will not be allowed on this sheet.
10. The itemized lines are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.
11. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.
12. The Treasurer's fees are not based upon each settlement, but upon the aggregate collections for the current tax year. If this rule is observed it will avoid correction in settlement sheets of the Counties in which the yearly tax exceeds $100,000. Up to $100,000 the fees are one per cent., and in excess of $100,000 one half of one per cent.

NOTE—*It will be a great convenience to the Auditor of State, and save time in settlement, if County Treasurers will send their settlement sheet to this office a few days in advance of coming.*

NOTE.

1. The total delinquent taxes of 1884, due from the treasurer, as shown on the December, 1885, settlement sheet, less the amount of delinquencies collected between the third Monday in April and December 31st, should be added to the taxes assessed for 1885, which added together will make the "Amount of Duplicate of 1885," as shown on line 1 of this sheet.

2. The credit items on this sheet are subdivided in order to exhibit at line "C" the "Total Cash Collections" on which Treasurer's fees, exclusive of salary, are to be computed and apportioned, and from which "Total Cash Collections" all other proper deductions are to be taken.

3. County Treasurer's fees for collecting delinquent taxes. The Supreme Court, in a recent decision, thus construes Section 6519, R. S. 1881, or Section 251 of the Act on Taxation: "*But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year.*" See Warren, Auditor, et. al. v. Britton, Treasurer, 84 Ind. Reports, p. 14. The fees heretofore allowed on current tax are to be computed on total collections of both current and delinquent tax from the first day of January until the third Monday in April, and the fees for collecting the delinquent part of said duplicate from the third Monday in April to December 31st, should be distributed on line 9; that for current tax collected should be distributed on line 8 as indicated.

4. Erroneous taxes of previous years refunded by Board should be distributed as current taxes are, and the reason given for allowing them.

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc, as provided in Section 258 of the Civil Code, approved April 7th, 1881. See R S. 1881, Sec. 416.

6. If credit for balance due ex-treasurers on collections of old delinquencies since 1872 have not been heretofore taken, the same can be placed on this sheet below line 11; give the name of such ex treasurer and distribute the amount allowed each, and furnish with the sheet a certified transcript of such allowance by the Board of Commissioners

7. Expenses incurred for printing and advertising delinquent list are paid out of the County Treasury as other claims against the county, and should not appear upon this sheet.

8. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this Statement.

9. Credits for insolvent or worthless taxes are taken at the December settlement, and will not be allowed on this sheet.

10. The itemized lines are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement

11. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

12. The Treasurer's fees are not based upon each settlement, but upon the aggregate collections for the current tax year. If this rule is observed it will avoid correction in settlement sheets of the counties in which the yearly tax exceeds $100,000. Up to $100,000 the fees are one per cent., and in excess of $100,000 one-half of one per cent.

13. The shares of the stock of National Banks are subject to taxation where located, whether held by residents or non-residents, and the tax is a lien upon the stock until paid.

NOTE.—*It will be a great convenience to the Auditor of State, and save time in settlement, if County Treasurers will send their settlement sheets to this office a few days in advance of coming.*

JAMES H. RICE,
Auditor of State.

STATE OF INDIANA, }
Hendricks County, } ss:

I, John Kendall, Auditor of said County, do hereby certify that the foregoing is a true abstract of the settlement made this day with Henry Hadley, Treasurer of said County, for the collection of Revenue and other Taxes, for the year 1885, including the delinquencies, and that the amount to be paid into the State Treasury on account of Taxes and other items is the sum of Twenty one Thousand Seventy Three and 81/100 Dollars.

IN TESTIMONY WHEREOF, I have hereunto set my hand, this 13th day of May, 1886.

TREASURER'S FEES, EXCLUSIVE OF SALARY.

On first $100,000 collected on Current Duplicate, including Delinquent collections made between January 1st and 3d Monday in April, one per cent. on $ 88775.67 + 1418.82	$ 887.75
	141.87
On $ 9222.97 Delinquent collections between 1st Tuesday in November and December 31st, six per cent.	$ 55.38
On Current and Delinquent collections over $100,000, one-half of one per cent. on $	$
TOTAL FEES,	$ 1085.00

NOTE.

1. The total delinquent taxes of 1886, and previous years, due from the Treasurer, as shown on the December, 1887, Settlement Sheet, should be carried to colum "T," line 1, without distribution, which, with amount on line 3, column "T" (if such amount is not already embraced in column "T," line 1), added to column "S" should show amount of Duplicate of 1887—column "X."

Column "T" and line 21 are enclosed in black lines for the reason that the same show a complete settlement of all delinquent collections.

2. The credit items on the sheet are subdivided in order to exhibit at line 10 the "Total Cash Collections" on which Treasurer's fees, exclusive of salary, are to be computed and apportioned, and from which "Total Cash Collections" all other proper deductions are to be taken.

3. County Treasurer's fees for collecting delinquent taxes. The Supreme Court, in a recent decision, thus construes Section 6519, R. S. 1881, or Section 251 of the Act on Taxation: *"But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year."* See Warren, Auditor, *et al.* v. Britton, Treasurer, 84 Ind. Reports, p. 14. The fees heretofore allowed on current tax are to be computed on total collections of both current and delinquent tax from the first day of January until the third Monday in April, and the fees for collecting the delinquent part of said duplicate from the first Tuesday in November to December 31st, should not be distributed but deducted in column "T," on line 12; that for current tax collected should be distributed on line 11 as indicated.

4. Erroneous taxes of previous years refunded by Board should be taken from amount in column "T" without distribution, and the reason given for allowing same.

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7th, 1881. See R. S. 1881, Sec. 416.

6. Expenses incurred for printing and advertising delinquent list are paid out of the County Treasury as other claims against the county, and should not appear upon this sheet.

7. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this Statement.

8. Credits for insolvent or worthless taxes are taken at the *December* settlement, *and will not be allowed on this sheet.*

9. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

11. The Treasurer's fees are not based upon each settlement, but upon the aggregate collections for the current tax year. If this rule is observed it will avoid correction in settlement sheets of the counties in which the yearly tax exceeds $100,000. Up to $100,000 the fees are one per cent., and in excess of $100,000 one-half of one per cent.

12. The shares of the stock of National Banks are subject to taxation where located, whether held by residents or non-residents, and the tax is a lien upon the stock until paid.

NOTE.—*Auditors are requested to use the utmost care in making out the Settlement sheet, thereby saving trouble and annoyance to County Treasurers, as well as this office. It will be a great convenience to this office, and save time in settlement, if County Treasurers will forward their Settlement sheets a few days in advance of coming.*

TREASURER'S FEES, EXCLUSIVE OF SALARY.

On first $100,000 collected on Current Duplicate, including Delinquent collections made between January 1st and 3d Monday in April, one per cent. on $ 88,998.49 − 1418.82 = $ 888.98

On $ 932.97 Delinquent collections between 1st Tuesday in November and December 31st, six per cent. = $ 141.87 − 55.38 = $ 55.38

On Current and Delinquent collections over $100,000, one-half of one per cent. on $ _____ = $ _____

Total Fees, $ 1086.23

NOTE.

1. The total delinquent taxes of 1886, and previous years, due from the Treasurer, as shown on the December, 1887, Settlement Sheet, should be carried to colum "T," line 1, without distribution, which, with amount on line 3, column "T" (if such amount is not already embraced in column "T," line 1), added to column "S" should show amount of Duplicate of 1887—column "X."

Column "T" and line 21 are enclosed in black lines for the reason that the same show a complete settlement of all delinquent collections.

2. The credit items on the sheet are subdivided in order to exhibit at line 10 the "Total Cash Collections" on which Treasurer's fees, exclusive of salary, are to be computed and apportioned, and from which "Total Cash Collections" all other proper deductions are to be taken.

3. County Treasurer's fees for collecting delinquent taxes. The Supreme Court, in a recent decision, thus construes Section 6519, R. S. 1881, or Section 251 of the Act on Taxation: *"But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year."* See Warren, Auditor, et al. v. Britton, Treasurer, 84 Ind. Reports, p. 14. The fees heretofore allowed on current tax are to be computed on total collections of both current and delinquent tax from the first day of January until the third Monday in April, and the fees for collecting the delinquent part of said duplicate from the first Tuesday in November to December 31st, should not be distributed but deducted in column "T," on line 12; that for current tax collected should be distributed on line 11 as indicated.

4. Erroneous taxes of previous years refunded by Board should be taken from amount in column "T" without distribution, and the reason given for allowing same.

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7th, 1881. See R. S. 1881, Sec. 416.

6. Expenses incurred for printing and advertising delinquent list are paid out of the County Treasury as other claims against the county, and should not appear upon this sheet.

7. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this Statement.

8. Credits for insolvent or worthless taxes are taken at the *December* settlement, *and will not be allowed on this sheet.*

9. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

11. The Treasurer's fees are not based upon each settlement, but upon the aggregate collections for the current tax year. If this rule is observed it will avoid correction in settlement sheets of the counties in which the yearly tax exceeds $100,000. Up to $100,000 the fees are one per cent., and in excess of $100,000 one-half of one per cent.

12. The shares of the stock of National Banks are subject to taxation where located, whether held by residents or non-residents, and the tax is a lien upon the stock until paid.

Note—*Auditors are requested to use the utmost care in making out the Settlement sheet, thereby saving trouble and annoyance to County Treasurers, as well as this office. It will be a great convenience to this office, and save time in settlement, if County Treasurers will forward their Settlement sheets a few days in advance of coming.*

BRUCE CARR,
Auditor of State.

STATE OF INDIANA, Hendricks County, } ss:

I, Joel T Barker, Auditor of said County, do hereby certify that the foregoing is a true abstract of the settlement made this day with Marion Eaton, Treasurer of said County, for the collection of Revenue and other Taxes for the year 1887, including the delinquencies, and that the amount to be paid into the State Treasury on account of Taxes and other items is the sum of Eighteen thousand Six hundred forty-one 11/100 DOLLARS.

NOTE.—The balance of unpaid, or delinquent taxes, as shown by last May settlement, must be brought forward, charged and accounted for on this sheet. No credits or deductions will be allowed on this sheet for pay of Special Judges, except as provided in Section 258 of the Civil Code, approved April 7, 1881, the pay being $5.00 per day. A certified copy of the appointment or selection of such Special Judge, the reasons therefor, and his allowance, must in all cases accompany this sheet.

Collections of Poll Tax are to be included as heretofore, in their respective Funds, on the face of this sheet; but County Auditors will please report in the "Additional Statement" the amount of Poll Tax collected for the current year, and for the last year's delinquency, the object being to show separately the amount of revenue derived from this source.

At last May settlement all County Treasurers paid, under protest, the five per cent. fee for collections of delinquent tax on the current duplicate. The suit involving the proper construction of the law in regard to this fee has been carried to the Supreme Court, argued and advanced. A decision is expected within a few days, and if so, the result will be promptly transmitted to you in time for this settlement. If it should prove favorable to such County Treasurers the credit and deduction for the amount so paid under protest can be taken on this sheet at or below line 15, and apportioned to the various funds.

E. H. WOLFE, Auditor of State.

STATE OF INDIANA, Hendricks COUNTY, SS:

I, William A. Nichols, Auditor of said County, do hereby certify that the foregoing is a true abstract of the settlement made this day with Enos C. Nowaday, Treasurer of said County, for the collection of Revenue and other Taxes, for the year 1881, including the delinquencies of 1880 and previous years, and that the amount to be paid into the State Treasury on account of Taxes and other items is the sum of Eighteen thousand, Seven hundred and Eighty six Dollars and Eighty four Cents.

In Testimony Whereof, I have hereunto set my hand, this Fifteenth day of December, 1882

William A. Nichols, County Auditor.

Hendricks County.

NOTE.

1. The balance of unpaid or delinquent taxes, as shown by last May settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. The Supreme Court has recently decided that the incomes of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied *exclusively* to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County fund*.

3. Six per cent. will be allowed on the delinquent taxes collected from the time of the surrender of the duplicate of the current year to the Auditor, until the legal time for the Auditor to place the next year's duplicate with the Treasurer.

COUNTY TREASURER'S FEES FOR COLLECTING DELINQUENT TAXES.

4. The Supreme Court, in a recent decision, thus construes Section 6519, R. S. 1881, or Section 251 of the Act on Taxation: "*But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year.*"

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, &c., as provided in Section 258 of the Civil Code, approved April 7th, 1881. See R. S. 1881, Sec. 416.

6. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

7. Credits for insolvent or worthless taxes are taken at the December settlement only.

8. The itemized lines are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

9. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

NOTE.—*It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheet to this office a few days in advance of coming here.*

JAS. H. RICE,
Auditor of State.

STATE OF INDIANA, Hendricks COUNTY, SS:

I, John Kendall, Auditor of said County, do hereby certify that the foregoing is a true abstract of the settlement made this day with Rodney Yeager, Treasurer of said County, for the collection of Revenue and other Taxes, for the year 1882, including the delinquencies of 1881 and previous years, and that the amount to be paid into the State Treasury on account of Taxes and other items, is the sum of twenty thousand two hundred twenty Dollars and seventy nine Cents.

NOTE.

1. The balance of unpaid or delinquent taxes, as shown by last May settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. The Supreme Court has decided that the incomes of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied *exclusively* to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County fund.* There must be no deduction from State revenues for the collection of school tax.

3. Six per cent. will be allowed on the delinquent taxes collected from the time of the surrender of the duplicate of the current year to the Auditor, until the legal time for the Auditor to place the next year's duplicate with the Treasurer.

COUNTY TREASURER'S FEES FOR COLLECTING DELINQUENT TAXES.

4. The Supreme Court, in a recent decision, thus construes Section 6519, R. S. 1881, or Section 251 of the Act on Taxation: *"But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year."*

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7th, 1881. See R. S. 1881, Sec. 416.

6. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

7. Credits for insolvent or worthless taxes are taken at the December settlement only.

8. The itemized lines are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

9. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

NOTE.—*It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheet to this office a few days in advance of coming here.*

4. County Treasurers are entitled to six per cent fee for the collection of delinquent taxes collected between the third Monday in April and the first day of January following, the time the new duplicate is placed in their hands, provided the ten per cent. penalty and six per cent. interest until paid have been added to the delinquencies. (See opinion of Attorney General.)

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc, as provided in Section 258 of the Civil Code, approved April 7th, 1881. (See R. S. 1881, Sec. 416.)

☞NOTE.—Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advance payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

STATE OF INDIANA, Hendricks COUNTY, } SS:

I, Joel S. Barker, Auditor of said County, do hereby certify that the foregoing is a true abstract of the settlement made this day with George W. Hare, Treasurer of said County, for the collection of Revenue and other Taxes for the year 1890, including the delinquencies, and that the amount to be paid into the State Treasury on account of Taxes and other items is the sum of Thirteen thousand five hundred fifty-four and 82/100 DOLLARS.

TREASURER'S FEES, EXCLUSIVE OF SALARY.

On first $100,000 collected on Current Duplicate, including Delinquent collections made between January 1st and 3d Monday in April, one per cent. on $ 94,638.04	$ 946.37
On $ 1428.90 Delinquent collections between 1st Tuesday in November and December 31st, six per cent.	$ 85.73
On current and Delinquent collections over $100,000, one-half of one per cent. on $	$
Total Fees	$ 1032.10

NOTE.

1. The total delinquent taxes of 1889, and previous years, due from the Treasurer, as shown on the December, 1890, Settlement sheet, should be carried to column "T" line 1, without distribution, which, with amount on line 3, column "T" (if such amount is not already embraced in column "T," line 1), added to column "S" should show the amount of duplicate of 1890—column "X."

Column "T" and line 21 are enclosed in black lines for the reason that the same show a complete settlement of all delinquent collections.

Delinquent State House tax, if any, should be merged into column "A" State tax, and accounted for under that head, line 21. No column for Delinquent State House tax appearing on this sheet.

2. The credit items on the sheet are subdivided in order to exhibit at line 10 the "Total Cash Collections" on which Treasurer's fees, exclusive of salary, are to be computed and apportioned, and from which "Total Cash Collections" all other proper deductions are to be taken.

3. County Treasurer's Fees for Collecting Delinquent Taxes.—The Supreme Court, in a recent decision, thus construes Section 6519, R. S. 1881, or Section 251 of the Act on Taxation: "*But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year.*" See Warren, Auditor, *et al.* v. Britton, Treasurer, 84 Ind. Reports, p. 14. The fees heretofore allowed on current tax are to be computed on total collections of both current and delinquent tax from the first day of January until the third Monday in April, and the fees for collecting the delinquent part of said duplicate from the first Tuesday in November to December 31st, should not be distributed but deducted in column "T," on line 12; that for current tax collected should be distributed on line 11 as indicated.

4. Erroneous taxes of previous years refunded by Board should be taken from amount in column "T" without distribution, and the reason given for allowing same.

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 253 of the Civil Code, approved April 7, 1881. See R. S. 1881, Sec. 416.

6. Expenses incurred for printing and advertising delinquent list are paid out of the county treasury as other claims against the county, and should not appear upon this sheet.

7. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this Statement.

8. Credits for insolvent or worthless taxes are taken at the *December* settlement, *and will not be allowed on this sheet.*

9. The lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

11. The Treasurer's fees are not based upon each settlement, but upon the aggregate collections for the current tax year. If this rule is observed it will avoid corrections in settlement sheets of the counties in which the yearly tax exceeds $100,000. Up to $100,000 the fees are one per cent., and in excess of $100,000 one half of one per cent.

12. The shares of the stock of National Banks are subject to taxation where located, whether held by residents or non residents, and the tax is a lien upon the stock until paid.

Note.—*Auditors are requested to use the utmost care in making out the Settlement sheet, thereby saving trouble and annoyance to County Treasurers, as well as this office. It will be a great convenience to this office, and save time in settlement, if County Treasurers will forward their settlement sheet a few days in advance of coming.*

J. O. HENDERSON,
Auditor of State.

IN TESTIMONY WHEREOF, I have hereunto set my hand, this 8th day of May 1891.

☞ NOTE.—Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advance payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

TREASURER'S FEE, EXCLUSIVE OF SALARY.

On first $100,000 collected on Current Duplicate, including Delinquent collections made between January 1st and 3d Monday in April, one per cent. on $ 100000.00 ..... $ 1000.00

On $ 8477.88 Delinquent collections between 1st Tuesday in November and December 31st, six per cent. ..... $ 50.85

On current and Delinquent collections over $160,000, one-half of one per cent. on $ 13519.55 ..... $ 67.59

Total Fees ..... $ 1118.44

NOTE.

1. The total delinquent taxes of 1890, and previous years, due from the Treasurer, as shown on the December 1891 Settlement Sheet, should be carried to column "X" line 1, without distribution, which, with amount on line 3, column "X" (if such amount is not already embraced in column "X," line 1), added to column "W" should show the amount of duplicate of 1891—column "Y."

Column "X" and line 21 are enclosed in black lines for the reason that the same show a complete settlement of all delinquent collections.

Delinquent State House tax, if any, should be merged into column "A" State tax, and accounted for under that head, line 21. No column for Delinquent State House tax appearing on this sheet.

2. The credit items on the sheet are subdivided in order to exhibit at line 10 the "Total Cash Collections" on which Treasurer's fees, exclusive of salary, are to be computed and apportioned, and from which "Total Cash Collections" all other proper deductions are to be taken.

3. County Treasurer's Fees for Collecting Delinquent Taxes.—The Supreme Court, in a recent decision, thus construes section 6519, R. S 1881, or section 246 of the present Act on Taxation: "*But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carri d over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year.*" See Warren, Auditor, et al. v. Britton, Treasurer, 84 Ind. Reports, p. 14. The fees heretofore allowed on current tax are to be computed on total collections of both current and delinquent tax from the first day of January until the third Monday in April, and the fees for collecting the delinquent part of said duplicate from the first Tuesday in November to December 31st, should not be distributed but deducted in column "X," on line 12; that for current tax collected should be distributed on line 11 as indicated.

4. Erroneous taxes of previous years refunded by Board should be taken from amount in column "X" without distribution, and the reason given for allowing same.

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7, 1881. See R. S. 1881, Sec. 416.

6. Expenses incurred for printing and advertising delinquent list are paid out of the county treasury as other claims against the county, and should not appear upon this sheet.

7. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 245, Tax Law 1891, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this Statement.

8. Credits for insolvent or worthless taxes are taken at the *December* settlement, *and will not be allowed on this sheet.*

9. The lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

11. The Treasurer's fees are not based upon each settlement, but upon the aggregate collections for the current tax year. If this rule is observed it will avoid corrections in settlement sheets of the counties in which the yearly tax exceeds $100,000. Up to $100,000 the fees are one per cent., and in excess of $100,000 one half of one per cent.

Note—*Auditors are requested to use the utmost care in making out the Settlement sheet, thereby saving trouble and annoyance to County Treasurers, as well as this office. It will be a great convenience to this office, and save time in settlement, if County Treasurers will forward their settlement sheet a few days in advance of coming.*

☞NOTE.—Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advance payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

TREASURER'S FEES.

NOTE.—The present Fee and Salary Law does not provide for the payment of any fee, or per cent. to County Treasurers for collecting current and delinquent taxes. Therefore, there should be no deduction made on this sheet for fees, per cent. or mileage.

NOTE.

1. The total delinquent taxes of 1892, and previous years, due from the Treasurer, as shown on the December, 1893, Settlement Sheet, should be carried to column "X" line 1, without distribution, which, with amount on line 3, column "X" (if such amount is not already embraced in column "X," line 1), added to column "Y" should show the amount of duplicate of 1893—column "Y."

Column "X" and line 21 are enclosed in black lines for the reason that the same show a complete settlement of all delinquent collections.

Delinquent State House Tax, if any, should be merged into column "A" State tax, and accounted for under that head, line 21. No column for Delinquent State House tax appearing on this sheet.

2. The credit items on the sheet are subdivided in order to exhibit at line 10 the "Total Cash Collections," from which "Total Cash Collections" all other proper deductions are to be taken.

3. Erroneous taxes of previous years refunded by Board should be taken from amount in column "X" without distribution, and the reason given for allowing same.

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7, 1881. See R. S. 1881, Sec. 416.

5. Expenses incurred for printing and advertising delinquent list are paid out of the county treasury as other claims against the county, and should not appear upon this sheet.

6. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 245, Tax Law 1891, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this Statement.

7. Credits for insolvent or worthless taxes are taken at the *December* settlement, *and will not be allowed on this sheet.*

8. The lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

9. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

NOTE.—*Auditors are requested to use the utmost care in making out the Settlement sheet, thereby saving trouble and annoyance to County Treasurers, as well as this office. It will be a great convenience to this office, and save time in settlement, if County Treasurers will forward their settlement sheet a few days in advance of coming.*

☞ NOTE.—Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advance payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

NOTE.—The present law does not provide for the payment of any salary, fee, or per cent. to County Treasurers for collecting current and delinquent taxes. Therefore, there should be no deduction made on this sheet except for mileage for each settlement where the Treasurer has been operating under the law of 1891.

NOTE.

1. The total delinquent taxes of 1893, and previous years, due from the Treasurer, as shown on the December, 1894, Settlement Sheet, should be carried to column "X" line 1, without distribution, which, with amount on line 3, column "X" (if such amount is not already embraced in column "X," line 1), added to column "W" should show the amount of duplicate of 1894—column "Y."

Column "X" and line 21 are enclosed in black lines for the reason that the same show a complete settlement of all delinquent collections.

Delinquent State Soldiers' and Sailors' Monument Tax, if any, should be accounted for under that head and not merged into any other fund.

Delinquent State House Tax, if any, should be merged into column "A" State tax, and accounted for under that head, line 21. No column for Delinquent State House tax appearing on this sheet.

2. The credit items on the sheet are subdivided in order to exhibit at line 10 the "Total Cash Collections," from which "Total Cash Collections" all other proper deductions are to be taken.

3. Erroneous taxes of previous years refunded by Board should be taken from amount in column "X" without distribution, and the reason given for allowing same.

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7, 1881. See R. S. 1881, Sec. 416.

5. Expenses incurred for printing and advertising delinquent list are paid out of the county treasury as other claims against the county, and should not appear upon this sheet.

6. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 245, Tax Law 1891, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this Statement.

7. Credits for insolvent or worthless taxes are taken at the *December* settlement, *and will not be allowed on this sheet.*

8. The lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

9. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

NOTE.—*Auditors are requested to use the utmost care in making out the Settlement sheet, thereby saving trouble and annoyance to County Treasurers, as well as this office. It will be a great convenience to this office, and save time in settlement, if County Treasurers will forward their settlement sheet a few days in advance of coming.*

lz, Auditor of said County, do hereby certify that the foregoing is a true abstract of the settlement made this day with

, Treasurer of said County, for the collection of Revenue and other Taxes for the year 1895, including the delinquencies, and that the amount

f Taxes and other items is the sum of Twenty five thousand five hundred ninety nine and 04/100 DOLLARS.

TREASURER'S FEES.

The present Fee and Salary Law (Act 1895), does not provide for the payment of any fee or per cent. to County Treasurers other than for the collection of delinquent taxes.

Charges for the collection of delinquent State School and Tuition Taxes should be deducted from the County Tax, as these funds are not chargeable with this expense.

4 per cent. on $ 2013.07 delinquent collections, $ 80.52

NOTE.

1. The total delinquent taxes of 1894, and previous years, due from the Treasurer, as shown on the December, 1895, Settlement Sheet, should be carried to column "X" line 1, without distribution, which, with amount on line 3 column "X" (if such amount is not already embraced in column "X," line 1), added to column "W" should show the amount of duplicate of 1895 — column "Y."

Column "X" and line 21 are enlosed in black lines for the reason that the same show a complete settlement of all delinquent collections.

Delinquent State Soldiers' and Sailors' Monument Tax, if any, should be accounted for under that head and not merged into any other fund.

Delinquent State House Tax, if any, should be merged into column "A" State Tax, and accounted for under that head, line 21. No column for Delinquent State House Tax appearing on this sheet.

2. The credit items on this sheet are subdivided in order to exhibit at line 10 the "Total Cash Collections," from which "Total Cash Collections" all other proper deductions are to be taken.

3. Erroneous taxes of previous years refunded by Board should be taken from amount in column "X" without distribution, and an itemized statement of the amount refunded furnished this office together with a certified copy of the proceedings of the Board of County Commissioners allowing the same.

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7, 1881. See R. S. 1881, Sec. 416.

5. Expenses incurred for printing and advertising delinquent list are paid out of the county treasury as other claims against the county, and should not appear upon this sheet.

6. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 245, Tax Law 1891, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this Statement.

7. Credits for insolvent or worthless taxes are taken at the *December* settlement, *and will not be allowed on this sheet.*

8. The lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

9. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

NOTE.—*Auditors are requested to use the utmost care in making out the settlement sheet, thereby saving trouble and annoyance to County Treasurers, as well as this office. It will be a great convenience to this office and save time in settlement, if County Treasurers will forward their sheet a few days in advance of making settlement.*

☞NOTE.—Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advance payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

TREASURER'S FEES.

Treasurers are entitled to a fee of four per cent. on delinquent taxes collected prior to April 14, 1897, and six per cent. on those collected since that date.

Charges for the collection of delinquent State School and Tuition Taxes should be deducted from the County Tax, as these funds are not chargeable with this expense.

4 per cent. on $ 3053.60 delinquent collections prior to April 14, 1897, $ 122.14

6 " " " $ ..... " " after April 14, 1897, $ .....

NOTE.

1. The total delinquent taxes of 1895, and previous years, due from the Treasurer, as shown on the December, 1896, Settlement Sheet, should be carried to column "X," line 1, without distribution, which, with amount on line 3, column "X" (if such amount is not already embraced in column "X," line 1), added to column "W" should show the amount of duplicate of 1896—column "Y."

Column "X" and line 21 are enclosed in black lines for the reason that the same show a complete settlement of all delinquent collections.

2. The credit items on this sheet are subdivided in order to exhibit at line 10 the "Total Cash Collections," from which "Total Cash Collections" all other proper deductions are to be taken.

3. Erroneous taxes of previous years refunded by Board should be taken from amount in column "X" without distribution, and an itemized statement of the amount refunded furnished this office together with a certified copy of the proceedings of the Board of County Commissioners allowing the same. When the claim covers an extended period and requires investigation by the Auditor of State, a certified copy should be forwarded in advance in order that he may have ample time to examine. By this means delay in settlement will be avoided.

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7, 1881. See R. S. 1881, Sec. 416.

5. Expenses incurred for printing and advertising delinquent list are paid out of the county treasury as other claims against the county, and should not appear upon this sheet.

6. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 245, Tax Law 1891, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

7. Credits for insolvent or worthless taxes are taken at the *December* settlement, *and will not be allowed on this sheet.*

8. The lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

9. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

10. By an act of the legislature of 1897, and now in force, the time for the payment of taxes was extended to the first Monday in May. By the same act, the time in which settlement may be made by the County Treasurers with the State was extended to the 15th of June. This law will be enforced, and all settlements must be made within the specified time.

NOTE.—*Auditors are requested to use the utmost care in making out the settlement sheet, thereby saving trouble and annoyance to County Treasurers, as well as this office. It will be a great convenience to this office and save time in settlement, if County Treasurers will forward their sheet a few days in advance of making settlement.*

TOTAL	$ 360.47

☞ NOTE.—Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advance payments made by them on this sheet, and Certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

This settlement is due and must be made on or prior to June 15, 1899.

☛ **Please do not fold sheet.**

TREASURER'S FEES.

Treasurers are entitled to a fee on delinquent taxes collected.

Charges for the collection of Delinquent State School and Tuition Taxes should be deducted from the County Tax, as these funds are not chargeable with this expense.

6 per cent. on $ 2214.38 *delinquent collections,* $ 132.86

IN TESTIMONY WHEREOF, I have hereunto set my hand, this day of , 1899.

, County Audit

NOTE.

1. The total delinquent taxes of 1897, and previous years, due from the Treasurer, as shown on the December, 1898, Settlement Sheet, should be carried to column "X," line 1, without distribution, which, with amount on line 3, column "X" (if such amount is not already embraced in column "X," line 1), added to column "W" should show the amount of duplicate of 1898—column "Y."

Column "X" and line 21 are enclosed in black lines for the reason that the same show a complete settlement of all delinquent collections.

2. The credit items on this sheet are subdivided in order to exhibit at line 10 the "Total Cash Collections," from which "Total Cash Collections" all other proper deductions are to be taken.

3. Erroneous taxes of previous years refunded by Board should be taken from amount in column "X" without distribution, and an itemized statement of the amount refunded furnished this office together with a certified copy of the proceedings of the Board of County Commissioners allowing the same. When the claim covers an extended period and requires investigation by the Auditor of State, a certified copy should be forwarded in advance in order that he may have ample time to examine. By this means delay in settlement will be avoided.

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7, 1881. See R. S. 1881, Sec. 416.

5. Expenses incurred for printing and advertising delinquent list are paid out of the county treasury as other claims against the county, and should not appear upon this sheet.

6. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 245, Tax Law 1891, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

7. Credits for insolvent or worthless taxes are taken at the *December* settlement, *and will not be allowed on this sheet.*

8. The lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

9. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

10. By an act of the legislature of 1897, and now in force, the time for the payment of taxes was extended to the first Monday in May. By the same act, the time in which settlement may be made by the County Treasurers with the State was extended to the 15th of June.

11. Six months interest on *all* Permanent Endowment Fund, Indiana University, must be accounted for on this sheet under the head of "Permanent Endowment Fund Indiana University Interest."

NOTE.—*Auditors are requested to use the utmost care in making out the settlement sheet, thereby saving trouble and annoyance to County Treasurers, as well as this office. It will be a great convenience to this office and save time in settlement, if County Treasurers will forward their sheet a few days in advance of making settlement.*

NOTES.

1. The balance of unpaid or delinquent taxes, as shown by last May settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. The Supreme Court has decided that the incomes of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied *exclusively* to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County funds. There must be no deductions from State Revenues for the collection of school tax.*

COUNTY TREASURER'S FEES FOR COLLECTING DELINQUENT TAXES.

3. The Supreme Court thus construes Section 6519, R. S. 1881, or Section 251 of the Act on Taxation: *"But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year."*

4. County Treasurers are entitled to six per cent. fee for the collection of delinquent taxes collected between the third Monday in April and the first day of January following, the time the new duplicate is placed in their hands, provided the ten per cent. penalty and the six per cent. interest until paid have been added to the delinquencies. (See opinion of Attorney-General.)

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7th, 1881. (See R. S. 1881, Sec. 416.)

6. Expenses incurred for printing and advertising delinquent list are paid out of the County Treasury as other claims against the County, and should not appear upon this sheet.

7. Delinquent State Home Tax, if any, should be merged into column "A State Tax," and accounted for under that head. No column for delinquent State House Tax appearing on the sheet.

8. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collection of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

9. Credits for insolvent or worthless taxes are taken at the *December* settlement *only*, and for that reason lines 30 and 31 of this sheet should be completed before transmitting the same to this office, as line 31 contains the amount to be carried to the May settlement sheet, 1891. *No incomplete sheet will be accepted.*

10. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

11. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

☞ *It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheets to this office a few days in advance of coming here.*

BRUCE CARR,
Auditor of State.

☞ NOTE.—Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advance payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

NOTES.

1. The balance of unpaid or delinquent taxes, as shown by last May settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. The Supreme Court has decided that the incomes of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied *exclusively* to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County funds. There must be no deductions from State Revenues for the collection of school tax.*

COUNTY TREASURER'S FEES FOR COLLECTING DELINQUENT TAXES.

3. The Supreme Court thus construes Section 6519, R. S. 1881: "*But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year.*"

4. County Treasurers are entitled to six per cent. fee for the collection of delinquent taxes collected between the third Monday in April and the first day of January following, the time the new duplicate is placed in their hands, provided the ten per cent. penalty and the six per cent. interest until paid have been added to the delinquencies. (See opinion of Attorney-General.)

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 238 of the Civil Code, approved April 7th, 1881. (See R. S. 1881, Sec. 416.)

6. Expenses incurred in printing and advertising delinquent list are paid out of the County Treasury as other claims against the County, and should not appear upon this sheet.

7. Delinquent State House Tax, if any, should be merged into column "A State Tax," and accounted for under that head. No column for delinquent State House Tax appearing on the sheet.

8. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 6518, R. S. 1881, requires such collection of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

9. Credits for insolvent or worthless taxes are taken at the *December* settlement *only*, and for that reason lines 30 and 31 of this sheet should be completed before transmitting the same to this office, as line 31 contains the amount to be carried to the May settlement sheet, 1892. *No incomplete sheet will be accepted.*

10. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

11. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

☞ *It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheets to this office a few days in advance of coming here.*

J. O. HENDERSON,
Auditor of State.

STATE OF INDIANA, Hendricks COUNTY, SS:

I, Urban G Brewer, Auditor of said County, do hereby certify that the foregoing is a true abstract of the settlement made this day with J. K. Little, Treasurer of said County, for the collection of revenue and other taxes, for the year 1890, including the delinquencies of 1889 and previous years, and that the amount to be paid into the State Treasury on account of taxes, and other items, is the sum of Nineteen Thousand Nine hundred Eighth Dollars and Seven Cents.

IN TESTIMONY WHEREOF, I have hereunto set my hand, this 23" day of December, 1891.

Urban G Brewer, County Auditor

Wm. B. Burford, State Printer. (Extra copies of this blank in stock.)

NOTES.

1. The balance of unpaid or delinquent taxes, as shown by last May settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. The Supreme Court has decided that the incomes of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied exclusively to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County Funds. There must be no deductions from State Revenues for the collection of school tax.*

COUNTY TREASURER'S FEES FOR COLLECTING DELINQUENT TAXES.

3. The Supreme Court thus construes Section 6519, R. S. 1881, or Section 246 of the present act on Taxation. *"But whenever any Treasurer fails to collect the delinquent taxes for any year, and the same is carried over to the next year's duplicate, together with all penalties and interest, such Treasurer shall not be entitled to any fee for collecting the delinquent part of such duplicate, more than he is entitled to by law for collecting the duplicate of the current year."*

4. County Treasurers are entitled to six per cent. fee for the collection of delinquent taxes collected between the third Monday in April and the first day of January following, the time the new duplicate is placed in their hands, provided the ten per cent. penalty and the six per cent. interest until paid have been added to the delinquencies. (See opinion of Attorney-General.)

5. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in Section 258 of the Civil Code, approved April 7th, 1881. (See R. S. 1881, Sec. 416.)

6. Expenses incurred in printing and advertising delinquent list are paid out of the County Treasury as other claims against the County, and should not appear upon this sheet.

7. Delinquent State House Tax, if any, should be merged into column "A State Tax," and accounted for under that head. No column for delinquent State House Tax appearing on the sheet.

8. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 245 Tax Law, 1891, requires such collection of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

9. Credits for insolvent or worthless taxes are taken at the *December* settlement *only*, and for that reason lines 30 and 31 of this sheet should be completed before transmitting the same to this office, as line 31 contains the amount to be carried to the May settlement sheet, 1893. *No incomplete sheet will be accepted.*

10. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

11. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

☞*It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheets to this office a few days in advance of coming here.*

J. O. HENDERSON,
AUDITOR OF STATE.

STATE OF INDIANA, Hendricks COUNTY, SS:

TREASURER'S FEES.

NOTE.—The present Fee and Salary Law does not provide for the payment of any fee, or per cent. to County Treasurers for collecting current and delinquent taxes. Therefore, there should be no deduction made on this sheet for fees, per cent. or mileage.

NOTES.

1. The balance of unpaid or delinquent taxes, as shown by last May settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. The Supreme Court has decided that the incomes of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied *exclusively* to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County Funds. There must be no deductions from State Revenues for the collection of school tax.*

3. Section 4482 R. S., as amended March 3, 1893, provides: "That any school corporation not expending the sum total of the tuition revenue apportioned to it by the State, shall, on the first Monday in July annually, report to and return to the County Treasurer of the county in which said school corporation is situated, the unexpended balance of tuition revenue from said source in excess of $100, and the County Auditor of said county shall include all such unexpended balance in his report to the State Superintendent of Public Instruction, as tuition revenue collected in his county and ready for distribution at the next apportionment, etc." (See acts of 1893, page 195–196.)

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in section 258 of the Civil Code, approved April 7, 1881. (See R. S. 1881, Sec. 416.)

5. Expenses incurred in printing and advertising delinquent list are paid out of the County Treasury as other claims against the county, and should not appear upon this sheet.

6. Delinquent State House Tax, if any, should be merged into column "A—State Tax," and accounted for under that head. No column for delinquent State House Tax appearing on the sheet.

7. Collection of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but section 245 Tax Law, 1891, requires such collection of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

8. Credits for insolvent or worthless taxes are taken at the *December* settlement *only*, and for that reason lines 30 and 31 of this sheet should be completed before transmitting the same to this office, as line 31 contains the amount to be carried to the May settlement sheet, 1895. *No incomplete sheet will be accepted.*

9. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

11. Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advance payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

☞ *It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheets to this office a few days in advance of coming here.*

2. The Supreme Court has decided that the incomes of the common school tuition funds, the "Congressional school funds and the taxes levied and collected for tuition, are to be applied exclusively to furnishing tuition in the common schools of the Sta And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County Fund There must be no deductions from State Revenues for the collection of said fees.*

3. Section 4482, R. S., as amended March 3, 1885, provides: "That any school corporation not expending the sum total the tuition revenue apportioned to it by the State, shall, on the first Monday in July, annually, report to and return to the Coun Treasurer of the county in which said school corporation is situated, the unexpended balance of tuition revenue from said sour in excess of $100, and the County Auditor of said county shall include all such unexpended balance in his report to the Sta Superintendent of Public Instruction, as tuition revenue collected in his county and ready for distribution at the next apportio ment, etc." (See Acts of 1895, page 195–196.)

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., provided in section 258 of the Civil Code, approved April 7, 1881. (See R. S. 1881, Sec. 416.)

5. Expenses incurred in printing and advertising delinquent list are paid out of the County Treasury as other claims again the county, and should not appear upon this sheet.

6. Delinquent State House Tax, if any, should be merged into column "A—State Tax," and accounted for under that hea no column for delinquent State House Tax appearing on the sheet. Delinquent Soldiers' and Sailors' Monument Fund Tax, any, should be accounted for under column D, as provided for on the sheet.

7. Collection of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but section 245, Ta Law 1891, requires such collection of poll tax to be separately shown in the "Additional Statement" provided for that purpos Auditors will therefore complete this statement.

8. Credits for insolvent or worthless taxes are taken at the *December* settlement *only*, and for that reason lines 20 and 31 this sheet should be completed before transmitting the same to this office, as line 31 contains the amount to be carried to the M settlement sheet, 1896. *No incomplete sheet will be accepted.*

9. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondenc relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout t State.

11. Treasurers when making their settlements should not fail to return to Auditor of State quietus for advance payments mad by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

☞ *It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheets to th office a few days in advance of final settlement.*

NOTES.

1. The balance of unpaid or delinquent taxes, as shown by last May settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. The Supreme Court has decided that the incomes of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied *exclusively* to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County Funds. There must be no deductions from State Revenues for the collection of school tax.*

3. Section 4482, R. S., as amended March 3, 1893, provides: "That any school corporation not expending the sum total of the tuition revenue apportioned to it by the State, shall, on the first Monday in July, annually, report to and return to the County Treasurer of the county in which said school corporation is situated, the unexpended balance of tuition revenue from said source in excess of $100, and the County Auditor of said county shall include all such unexpended balance in his report to the State Superintendent of Public Instruction, as tuition revenue collected in his county and ready for distribution at the next apportionment, etc." (See Acts of 1893, page 195–196.)

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in section 298 of the Civil Code, approved April 7, 1881. (See R. S. 1881, Sec. 416.)

5. Expenses incurred in printing and advertising delinquent list are paid out of the County Treasury as other claims against the county, and should not appear upon this sheet.

6. Erroneous taxes of previous years refunded by the Board should be credited in line 20, and an itemized statement of the amount refunded furnished this office together with a certified copy of the proceedings of the Board of County Commissioners allowing the same.

7. Collection of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but Section 245, Tax Law 1891, requires such collection of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

8. Credits for insolvent or worthless taxes are taken at the *December* settlement *only*, and for that reason lines 30 and 31 of this sheet should be completed before transmitting the same to this office, as line 31 contains the amount to be carried to the May settlement sheet, 1897. *No incomplete sheet will be accepted.*

9. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

11. Treasurers when making their settlements should not fail to return to Auditor of State quietus for advance payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

☞ *It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheets to this office a few days in advance of final settlement.*

A. C. DAILY,
Auditor of State.

STATE OF INDIANA, Kendricks COUNTY, SS:

NOTES.

1. The balance of unpaid or delinquent taxes, as shown by last May Settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. The Supreme Court has decided that the incomes of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied *exclusively* to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County Funds. There must be no deductions from State Revenues for the collection of school tax.*

3. Section 4482 R. S., as amended March 3, 1893, provides: "That any school corporation not expending the sum total of the tuition revenue apportioned to it by the State, shall, on the first Monday in July annually, report to and return to the County Treasurer of the county in which said school corporation is situated, the unexpended balance of tuition revenue from said source in excess of $100, and the County Auditor of said county shall include all such unexpended balance in his report to the State Superintendent of Public Instruction, as tuition revenue collected in his county and ready for distribution at the next apportionment, etc." (See Acts of 1895, page 195–196.)

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in section 258 of the Civil Code, approved April 7, 1881. (See R. S. 1881, Sec. 416.)

5. Expenses incurred in printing and advertising delinquent list are paid out of the County Treasury as other claims against the county, and should not appear upon this sheet.

6. Erroneous taxes of previous years, refunded by the Board, should be credited in line 20, and an itemized statement of the amount refunded furnished this office, together with a certified copy of the proceedings of the Board allowing the same. When the claim covers an extended period and requires investigation by the Auditor of State, a certified copy should be forwarded in advance in order that ample time may be had for examination of the claim. In this way delay in settlement will be avoided.

7. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but section 245, Tax Law 1891, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

8. Credits for insolvent or worthless taxes are taken at the *December* settlement *only*, and for that reason lines 30 and 31 of this sheet should be completed before transmitting the same to this office, as line 31 contains the amount to be carried to the May settlement sheet, 1898. *No incomplete sheet will be accepted.*

9. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

11. Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advance payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

☞ *It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheets to this office a few days in advance of coming here.*

A. C. DAILY,
Auditor of State.

STATE OF INDIANA, Hendricks COUNTY, SS:

I, Wm. F. Nichols, Auditor of said County, do hereby certify that the foregoing is a true abstract of the settlement made this day with O. M. PLEASE DO NOT FOLD.

NOTES.

1. The balance of unpaid or delinquent taxes, as shown by last May Settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. She Supreme Court has decided that the incomes of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied *exclusively* to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County Funds. There must be no deductions from State Revenues for the collection of school tax.*

3. Section 4482 R. S., as amended March 3, 1893, provides: "That any school corporation not expending the sum total of the tuition revenue apportioned to it by the State, shall, on the first Monday in July annually, report to and return to the County Treasurer of the county in which said school corporation is situated, the unexpended balance of tuition revenue from said source in excess of $100, and the County Auditor of said county shall include all such unexpended balance in his report to the State Superintendent of Public Instruction, as tuition revenue collected in his county and ready for distribution at the next apportionment, etc." (See Acts of 1893, page 195–196.)

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in section 258 of the Civil Code, approved April 7, 1881. (See R. S., 1881, Sec. 416.)

5. Expenses incurred in printing and advertising delinquent list are paid out of the County Treasury as other claims against the county, and should not appear upon this sheet.

6. Erroneous taxes of previous years, refunded by the Board, should be credited in line 20, and an itemized statement of the amount refunded furnished this office, together with a certified copy of the proceedings of the Board allowing the same. When the claim covers an extended period and requires investigation by the Auditor of State, a certified copy should be forwarded in advance in order that ample time may be had for examination of the claim. In this way delay in settlement will be avoided.

7. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but section 245, Tax Law 1891, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

8. Credits for insolvent or worthless taxes are taken at the December settlement only. All insolvent taxes should be carried to the insolvent record, and the total entered on line 30. This amount taken from total delinquencies, as shown by line 29, leaves the net delinquencies, line 31, chargeable against the treasurer upon the new duplicate. NO INCOMPLETE SHEET WILL BE ACCEPTED.

9. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

11. Treasurers when making their settlements should not fail to return to Auditor of State Quietus for advanced payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

☞ *It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheets to this office a few days in advance of coming here.*

W. H. HART,
Auditor of State.

TREASURER'S FEES.

The Present Fee and Salary Law (Act 1895, amended 1879), does not provide for the payment of any fee or per cent. to County Treasurers, other than for the collection of delinquent taxes. This does not include omitted taxes.

6 per cent. on $ 3172.21 *Delinquent Collections,* ..... $ 190.33

READ THESE NOTES.

1. The balance of unpaid or delinquent taxes, as shown by last May Settlement, must be brought forward, charged and accounted for on this sheet.

COMMON SCHOOL FUNDS—STATE AND COUNTIES MERE TRUSTEES.

2. The Supreme Court has decided that the income of the common school tuition funds, the "Congressional school funds," and the taxes levied and collected for tuition, are to be applied *exclusively* to furnishing tuition in the common schools of the State. And the fees of officers for collecting, managing and disbursing this fund are not to be paid out of it, but out of the *County Funds. There must be no deductions from State Revenues for the collection of school tax.*

3. Section 4482 R. S., as amended March 3, 1893, provides: "That any school corporation not expending the sum total of the tuition revenue apportioned to it by the State, shall, on the first Monday in July annually, report to and return to the County Treasurer of the county in which said school corporation is situated, the unexpended balance of tuition revenue from said source in excess of $100, and the County Auditor of said county shall include all such unexpended balance in his report to the State Superintendent of Public Instruction, as tuition revenue collected in his county and ready for distribution at the next apportionment, etc." (See Acts of 1893, page 195–196.)

4. Credits for pay of special judges must be accompanied by certified copy of the appointment, the reason therefor, etc., as provided in section 258 of the Civil Code, approved April 7, 1881. (See R. S., 1881, Sec. 416.)

5. Expenses incurred in printing and advertising delinquent list are paid out of the County Treasury as other claims against the county, and should not appear upon this sheet.

6. Erroneous taxes of previous years, refunded by the Board, should be credited in line 20, and an itemized statement of the amount refunded furnished this office, together with a certified copy of the proceedings of the Board allowing the same. When the claim covers an extended period and requires investigation by the Auditor of State, a certified copy should be forwarded in advance in order that ample time may be had for examination of the claim. In this may delay in settlement will be avoided.

7. Collections of poll tax to be included, as heretofore, in their respective funds on the face of this sheet, but section 245, Tax Law 1891, requires such collections of poll tax to be separately shown in the "Additional Statement" provided for that purpose. Auditors will therefore complete this statement.

8. Credits for insolvent or worthless taxes are taken at the December settlement only. All insolvent taxes should be carried to the insolvent record, and the total entered on line 30. This amount taken from total delinquencies, as shown by line 29, leaves the net delinquencies, line 31, chargeable against the Treasurer upon the new duplicate. NO INCOMPLETE SHEET WILL BE ACCEPTED.

9. The itemized lines and columns are numbered and lettered for convenience and reference in case of future correspondence relative to the settlement.

10. Avoid, if possible, changes or additions to the printed items, and thus aid in securing uniform settlements throughout the State.

11. Treasurers when making their settlements must not fail to return to Auditor of State Quietus for advanced payments made by them on this sheet, and certificates showing amount paid to Special Judges for which credit has been taken on this sheet.

12. Line number 22, "Certificates of Mortgage Indebtedness," must not be used unless the County Treasurer has accepted such certificates as cash, and unless the County Auditor has so charged them against the Treasurer, and included them in "Total Collections since May, 1904," on line 17. The amount allowed on this line must be the amount of certificates indicated in line 17.

13. Six months' interest on the amount of Permanent Endowment Fund Indiana University in your hands on November 1st, 1904, must be accounted for on this sheet, and also all delinquent interest on this fund as shown by statement of amount due mailed you. This interest to be reported under the head of "Permanent Endowment Fund Interest," line 7, under "Due from Treasurer."

☞ *It will be a great convenience to the Auditor, and save time in settlement, if County Treasurers will send their settlement sheets to this office a few days in advance of coming here.*

D. E. SHERRICK,
Auditor of State.

COUNTY, SS:

unty, do hereby certify that the foregoing is a true abstract of the settlement made this day with John E Vestal

Two hundred Five Dollars and Eighty-Eight Cents.

In Testimony Whereof, *I have hereunto set my hand, this* 21st *day of* December, *1904.*

PLEASE DO NOT FOLD.

Treasurer of said County, for the collection of revenue and other taxes for the year 1903, including the delinquencies of 1902 and previous years, and that the amount to be paid into the State Treasury on account of taxes, and other items,
