The following Patriotic instruction received by the post were ordered to be Spread upon the minutes

Commander of Jesse S Ogden Post No 164

Dear Comrades - no men can be more interested in the welfare of our Country than Those who fought and Suffered for it, therefore we know that we can appeal to you and the Comrades in your post to do all that is asked to promote the Spirit of patriotism among the School Children of the State

We have suggested to all the county Superintendents of the State that they encourage patriotism in every way especially in these definite directions

(1) the observance in the Schools of days as Washingtons and Lincolns birthdays decoration day and So on and that appropriate exercises be provided for such occasions.

(2) That the flag be floated from the School house during term Time

(3) that School children be given a prominent part in decoration day programes.

(4) that old Soldiers be asked to Speak to Schools recounting some battle or Siege

(5) That the use of the flag for advertising or other such purposes be Stoutly and persistantly opposed

(6) and that Several copies of Some book that is especially rich in patriotic literature be placed in the library of every School such as Morgan's patriotic Citizenship

We know that you will gladly second the efforts of all County Superintendents and all others in maintaining these worthy ends

Yours in F. C. & L.
