Hadley, to the Springtown or Quaker road, over near the section line, running north and South, between sections seven and eight. John W. Hawkins hereby remonstrates, against the location of the said proposed highway, running through over and upon his lands as is proposed and reported as aforesaid, for the following reasons, viz:

Because he says that said proposed highway is not of public utility, and if established will greatly injure and damage him said John W. Hawkins by appropriating one acre of his land of the value of one hundred dollars and will cause said Hawkins to make at least one thousand rails and to keep up a fence ten rails high eighty rods in length, of great damage, to wit, five hundred dollars. Wherefore said Hawkins asks the Board, to appoint three disinterested freeholders as viewers and assign unto them a day and place to meet, to determine whether the said proposed highway is of public utility or not, and if so, to then assess the damage which the undersigned will then sustain by the appropriation of his land and the making and keeping up a fence for forty rods in all time to come, and that said viewers report their proceedings to the next term of said Board.

Wherfore said Company respectfully petitions Your Honorable Board to appoint three disinterested Free-holders of said County of Hendricks, to assess the amount of benefit to each tract of land within one and one half miles of said road, on either side thereof and within the same distance of the terminus thereof All according to the provisions of the Acts of the General Assembly of the State of Indiana, Approved March 11th 1847.

And now proof is made in open Court of the matters stated in said petitions to the satisfaction of the Board, and now comes Christian C. Nave as attorney for John Miles and others, and asks leave to file and does place on file the following remonstrances:

"State of Indiana } In the Hendricks Court of Commissioners, December Term
Hendricks County }

Saturday December 12th 1868.

thereof A D 1868.

The undersigned citizens of the County and State aforesaid, and the owners of lands within one and one half miles on either side of & a supposed road, called the Monrovia and Belvills Gravel road and within one and one half miles of the Northern terminus thereof, now come and object to, and severally remonstrate against &c. the Honorable the Board of Commissioners of Hendricks County now in session in the Court House in Danville, granting unto the said Caleb Baldwin who styles himself the President of the supposed Monrovia and Belvills gravel road company, the prayer of the said petition filed in said Court, on the 11th day of December A D 1868, and especially against the said Board appointing three disinterested freeholders of the County of Hendricks to assess the amount of benefit, to each tract of land, within one and one half miles of said road on either side thereof, and within one and one half miles of the north terminus thereof, as asked for by the said Caleb Baldwin, in said petition. for the following reasons, viz:

I. Because the Monrovia and Belvills Gravel road company as such have not asked the Board of Commissioners of Hendricks County Indiana to appoint three disinterested freeholders of said County to assess the amount of benefit to each tract of land within one and one half miles on either side of the Monrovia and Belvills Gravel road, and within the like distance of the terminus thereof.

Second Because the supposed Monrovia and Belvills and Gravel road Company were organized as such company and had filed their articles of association in the office of the Recorder of Hendricks County, and caused the same to be recorded on the 20th day of Dec 1864, on the records of said County and had constructed their said road from the town of Monrovia in Morgan County Indiana, to the town of Belvills in the County of Hendricks, and had established toll gates thereon, and had been and were receiving and collecting toll thereon, from persons travelling along and upon said road long before the 11th of March 1867.

Third Because the Monrovia & Belvills Gravel road was and is located upon a certain state road leading from Belvills in Hendricks County Indiana, to Monrovia in Morgan County without the consent of the Boards of Commissioners of the Counties of Morgan and Hendricks or either of them to locate the same thereon.

Saturday Dec 12th 1868.

Fourth — Because the stockholders have not complied with the statute, in electing seven directors, upon said road to act as such for one year and until their successors were elected and qualified.

Fifth — Because the Board of Commissioners of Hendricks County did at their June Term 18[illegible], upon the petition of the President of the Monrovia and Belville Gravel road company appoint, three disinterested freeholders of the County of Hendricks assessors, to estimate and assess the amount of benefit to each tract of land in Hendricks County within one and one half miles on either side thereof, and within the like distance of the terminus thereof, and therefore the Board of Commissioners of Hendricks County, have no power under the law upon a second petition of the President of said company to appoint other or different Commissioners to assess the benefits to the lands lying in one and one half miles on either side of said road and within the like distance of the ~~de~~terminus thereof.

Sixth — Because by the decree of the Hendricks Circuit Court, rendered on the 16th day of October 1868, the same being the 5th judicial day of the October Term 1868 of said Court, in a certain suit therein pending, wherein Harrison T. Swindler and others, who were Plffs, and the Monrovia & Bellville Gravel Road company Et. al. were defendants. It was ordered, adjudged and decreed that the said defendants be and they were perpetually restrained and enjoined from levying upon the property of said Plaintiffs or either of them to enforce the collection of the assessment or tax, assessed against said plaintiffs. And it was also ordered by the said Court that the said plaintiffs recover of said defendants their costs and charges therein laid out and expended, taxed at dollars and cents All of which fully and more at large appears of record in the said Hendricks Circuit Court.

Eighth — And Because there is not now existing any organization or Company known as the Monrovia & Belville Gravel Road Company, in Conformity with the Statutes of the State of Indiana. And said remonstrators are ready to prove the above matter and things, as such board may order and direct.

Ninth — Because said Company have not set forth in their said articles of Association, the distance or length of their said Gravel road nor the moth thereof, so that the Board can determine whether there has been eight hundred dollars per mile for the construction

thereof.

Oth Because said company have not at this time any money as a subscription to the said Monrovia & Belville Gravel road Company, unexpended, but have expended this entire subscription to said road thereon prior to the 11th day of March 1867, and before the passage of the law authorizing the assessment of all the lands within one and one half miles on either side or within one and one half miles of the terminus of any Plank, Macadamized or Gravel Road organized under and pursuant to an act of the Genral Assembly of the State of Indiana Approved May 12th 1852, and had before the said 11th day of March 1867, erected toll gates thereon and had collected large sums of money off of persons traveling and passing along and over said road, and said company have before the filing of their petition herein for the assessment of benefits, assessed and collected off of the land owners residing within one and one half miles on either side of the road and within the like distance of the terminus thereof, large sums, to wit, three thousand dollars as and for benefits resulting to said lands by the Construction of said Gravel Road.

And they will ever Remonstrate.

Decr 12th 1868.

3rd " Because said road was and is located along and upon a certain State road without the consent first had therefor, from the Board of Commissioners of Hendricks to so locate said road.

Amelia A Hughes, widow of Henry Hughes, deceased, in her own behalf, and Charles R. Rose, guardian of the property of Mary E. Haynes and Jesse Jackson reported to the Board, what purported to be their acts and doings as such viewers: that said Haynes and Jackson, or either of them never took the oath prescribed by law for them to take, or otherwise qualified themselves, to discharge their duties as such viewers: that said neglect of said Haynes and Jackson to take said oath, and properly qualify themselves to act as such viewers, was wholly unknown to the said Amelia A. Hughes, and said Charles R. Rose, guardian, at the time said viewers reported their doings to the Board as above stated; that they did not learn of the same until since the close of the last term (December Term 1868) of the Board, and that they could not have learned of said neglect sooner by the exercise of reasonable effort and care.

Filed May 1st 1869

Saturday June 12th 1869.

of said petition; that said highway last described was not of the width of 30 feet, but on the contrary was of no definate width it being established by use - all of which fully appears on the records of this court.

2nd That said viewers have reported on the public utility of a highway of the supposed width of 30 feet, when in fact there is not now, nor was there at the date of their appointment, any highway in existance along the route described of that width, as appears of record on the order book of this court.

3rd That said report does not contain any description of the supposed highway petitioned to be vacated.

4th That said report of viewers does not contain such a description of the supposed highway as will designate it clearly.

5th Said Samuel Phillips, further moves the court to dismiss the petition herein and all subsequent proceedings thereon for the reason that he is the owner of 35 acres of land situate in the N W¼ of Section 9. Township fourteen North of Range 2 West, which said track of land borders on the said highway as established by use and on the line designated in the petition herein; that said road is the only one that touches said lands at any point, and is the only means of access to the same; that said lands are entirely isolated from any other road and that private necessity requires said road to be kept open; that said lands would be utterly valueless to him without the free use of all that portion of said road lying East of the Eastern boundary of said lands; that said road was fully established at the time and being before the purchase by him of said real estate and was appurtenant to the same as an easement and has so remained ever since.

He therefore asks your Honors to dismiss the petition herein with all the proceedings thereon so far as the same affects that portion of said road, as established by use, which lies East of the eastern boundary of his said lands for the reasons herein set out; and for the further reason that he denies the right power or authority of this Court to entertain a petition to vacate that portion of said road designated above as use as aforesaid as a way of necessity.

Samuel Phillips

And the Court being fully advised in the premises sustains said motion, and is therefore ordered and adjudged by the Board that said petition and proceedings thereon be dismissed, for the reasons set forth in said motion.

To the Honorable, the Board doing County buisness in and for the County of Hendricks Indiana, at their June Term A. D. 1869.

We, the undersigned citizens and freeholders of said County, pray your Honors to vacate the Leartway (Private Road) that commences at the South west corner of the North half of Northwest fractional quarter of Section Five in Township Fifteen, North of Range One West, and runs East through said section dividing the lands of Robert Doward, from the lands owned by Roland A Clark and the heirs of William A. Baugh, deceased and the lands of James L Kyle and John W Maccoun and still continuing East in Section Four to the Danville and North Salem Gravel Road, still dividing the lands of said Kyle and Maccoun, whole distance one mile and about ninety rods, - said road being burthonsome and almost impassible not having been worked or kept in repair for more than six years last past.

Then comes Robert A. Downard, a freeholder and resident along the line of said road and files his written objections to the sufficiency of said Petition - which objections reads as follows - to wit:

Comes now, Robert A. Downard, a freeholder residing and owning Real Estate, along the road proposed to be vacated by the Petition of John G Kistler, and others, and objects to the sufficiency to said petition for the reasons - 1st that the names of six freeholders residing in the immediate vicinity of the Road, does not appear upon the Petition.

2nd That the notices required by law were not posted in the neighborhood of the road.

3rd Because the road asked to be vacated is a private road, purchased and procured by a remote grantor of this objector, for a valuable consideration and became then, has ever since been and is now, an appurtenant to and a part of the Real Estate, now owned by him - said objector.
