STATEMENT EXPLANATORY.

The amount of Orders outstanding on the 31st day of May, 1874, as shown by my last annual report, was	$17,224 87
To which should have been added	3,150 00
The same being the difference in the amount of County Order number 3,826, issued July 15, 1867, and the amount in which said order was registered. The order being for $3,500, it was registered in the sum of $350, thereby making the difference in the amount of orders still outstanding as above indicated—the mistake having been carried forward from the year 1867 to date.	
The true amount of orders outstanding May 31st, 1874, was	$20,374 87
