amounts set opposite their respective names. Viz- Thomas Ferriter $25.37. N. P. Ayers $4.00. Scott Day $7.00. Henry Curtis $6.00 and that the "Curtis" worked to the amount of $8.00 making the amount of $100.87.

But in this calculation the amount of Peter Curtis work viz $58.00 has not been considered, and it is evident that he Curtis is minus the difference between his amount of work $58.00 and the amount still due from the County viz $24.13- which difference is in the sum of $33.87. Now therefore to make this further some lighter upon Curtis the County Board of Commissioners agree to pay not only the sum of $24.13 still due from the County, but the further sum of $16.93, being the one half of the amount which Curtis is short by reason of his work- making the total amount due from the County and payable to the said Peter Curtis $41.06 Making the grand total due from the County $117.93 instead of $101.00- the difference being $16.93, which is the amount voluntarily given Peter Curtis.

Thursday March 13th 1873.

Thursday morning, March 13th 1873. 9 Oclock.

The Board of County Commissioners met for the purpose of entering into an examination of the books, Reports and Vouchers accompanying the same of Clay Township. A. J. Johnson County Schools Examiner, and Wm M. Hess County Auditor being present assisted in said investigation. The examination consuming Thursday and Friday the 13th & 14th inst's.

Come now John Newman Ex Trustee and John Kendall present Trustee of Clay Township, and submit for the inspection of the Board, the Township books & records of said Township.

As the prevailing opinion seemed to be, that any irregularities existing, should there be any, were occasioned some Years back in the history of the Township, it was decided to date the Commencement of the investigation to a time when it was universally acknowledged and believed that the proceedings in the administration of the affairs of the Township had been regular, and in Strict compliance with the law Governing the action of Township Trustees, prescribing their duties &c. It was also determined by the Board of Commissioners to Commence the investigation at a time when the Township was perfectly Solvent, or more properly speaking, was clear of debt. And it appearing from the Township records as well as the Records of the County Auditors Office, to the entire Satisfaction of the Board of Commissioners, that at the date of the Settlement of the Trustee of said Township, in March 1867- that the Township was not in debt in any of its funds- the report submitted at said Settlement- was selected as the basis or beginning of this examination. We find then that from the Settlement in March 1867 to the time of the appointment of Milton K Bland as Trustee of said Township by the Auditor of Hendricks County on the day of May 1868, that the proceedings of the Trustee were uniformly correct his accounts all appearing correct to the Satisfaction of the Board.

We had then arrived at the time when, by almost universal belief, the difficulty which has since existed in the Township began, and the Board are unanimous in their opinion that whatever discrepancies have occurred- and trouble originated therefrom, is all attributable to the very imperfect manner in which the Township records have been kept since the time of the appointment of the said Milton K Bland Trustee of said Township- as here-in before set forth, to the time when John Kendall the present Trustee of said Township took possession of said Office- The Board are also united in the opinion that no person who has held the said Office of Township Trustee in the said Township of Clay- during the period of time intervening between the date of the March Settlement 1867- with the Board of County Commissioners and the present time, are in any way implicated in any improper Transactions, and as far as they are able to judge from the records submitted for their inspection no such officer stands

guilty of any misappropriation of Township Funds- or any Funds coming into his possession as such Trustee.

The first object to be attained was, to ascertain if possible, the amount of money, (if any) transferred to, or turned over by the said Milton H Bland Trustee as aforesaid, to John Newman his successor in Office, who was duly elected to fill said Office at the April election (Township election) in the Year 1869. to do which it was necessary to open an account with each of the Funds with which he was as such Trustee charged, viz: the Road, Township, Dog- Special School and Tuition Funds-

We find that during the Years 1867. 1868. and 1869- (viz to the date of March Settlement 1869- with Board of County Commissioners) the total Receipts and Expenditures on account of the Funds as above Set forth, were as follows:

	Receipts	Expenditures.
Road Tax	$ 599.56	$ 530.18
Township Tax	793.37	442.25
Dog Tax	302.93	104.25
Special School Tax	4698.29	5148.60
Tuition Tax	3786.18	3664.75
Total	$10180.33	$9890.03.

Leaving a balance in the hands of Milton H Bland at the date of his March Settlement 1869 with the Board of County Commissioners of $290.30. next it was important to discover what amount of the $290.30. the said Bland did actually turn over to John Newman his Successor in Office, in April 1869- and we find very clearly and satisfactorily to our minds that Bland did not pay any of said money to Newman- We find further that during the time intervening from the date of his Settlement with the Board of County Commissioners in March 1869 to the time he turned over the books, records and effects of his office to Newman in April following, that Bland did not receive any money from any Source whatever as Township Trustee. On the contrary we find that he did actually pay out an amount equal to and exceeding the amount shown on hand at date of March Settlement-1869- viz $290.30- and the following is the manner in which we find that said amount of money was appropriated or used by the said Milton H Bland.

$271.25 being allowed him by the Board of County Commissioners at their March term 1869. for his services as Trustee from date of his appointment as such Trustee in May 1868 to date of Settlement in March 1869, an Order making such allowance appearing upon the Record of the proceedings of the Board of County Commissioners

at their March term 1869. Sixteen dollars "$16.00" appears to have been paid by him to Judges and Clerks of the April Election 1869.: and it also appears that the sum of $3.70, had been paid to himself for making two trips to Danville- Once to make his Report to the Board of County Commissioners in March 1869, and again for making return of the April Election 1869.' from which it appears that he actually paid out Sixty five cents more money than he had on hand. Without any further comment upon the administration of the affairs of Clay Township by Milton K Bland Trustee, the Board are of opinion that he was well paid for his services.

It appears then that at the time John Newman took possession of the Office in April 1869, that he did not receive any funds from his predecessor in Office, Milton K Bland. Next in Order was to ascertain the amount of Receipts and Expenditures with which John Newman is properly charged, and for which he should have proper credit- during the time he was Trustee of Clay Township- which was from April 1869, to Nov 4th 1872. at which last mentioned date. John Kendall Trustee Elect of said Township, took possession of said Office. The following is a Statement of Receipts and Expenditures during Newmans term of Office. Viz

	Receipts	Expenditures
Road Tax	$514.16	$363.36
Township Tax	698.16	571.55
Log Tax	406.71	540.14
Special School Tax	6919.36	7407.02
Tuition Tax	6219.84	5079.37
Total	$14758.23	$13961.44

Leaving a Balance on Hand amounting to Seven Hundred and ninety Six dollars and seventy nine cents $796.79- being the proper amount which John Newman should have paid over to John Kendall his successor in office: the Board further find that he (John Newman) did pay to the said John Kendall the sum of One thousand dollars ($1000.00) for which he, Newman- holds the Receipt of John Kendall as Trustee of Clay Township. And the Board further find that Clay Township is indebted to John Newman in the sum of Two hundred and three dollars and twenty one cents "$203.21". being the difference in the amount which he did actually pay over to his successor in Office, John Kendall- and the amount which he should have paid him. It is therefor ordered by the Board that John Kendall Trustee of Clay Township pay, or cause to be paid, to John Newman former Trustee of said Township, the sum of Two hundred and three dollars and twenty one cents "$203.21". being

the amount said Township is indebted to him the said John Newman on account of over-payment of funds to his Successor in office, John Kendall; and the Board further order that said amount of money $203.21 - be paid to John Newman, by John Kendall Trustee of Clay Township - (or his successor in office) out of the first Township Funds which may come into his hands as such Trustee, taking the receipt of John Newman for said payment of money, and filing the same as his Voucher therefor with his report to be submitted to the Board of Commissioners at their first March Session after payment of the same.

Friday March 14th 1873.

The Board of County Commissioners then made John Newman an allowance for his services as Trustee of Clay Township from the date of his settlement with the Board of Commissioners in March 1872 to the time when he turned over the Books, Vouchers and effects of his said office to his Successor in Office, John Kendall, being November 4th 1872: the following is a copy of said Order, to wit:

"Ordered, that John Newman be allowed the sum of Sixty-eight dollars and fifty cents, in full for his services as Trustee of Clay Township, from March 1872 to November 4th 1872 - which sum is payable out of the funds of said Township.

The Board of Commissioners then adjourned until tomorrow (Saturday) morning at 9 O'clock.

Wednesday. June 18th 1873.

The Board of County Commissioners met pursuant to adjournment of the Board of Equalization, and proceeded to the transaction of such business as was presented for its action.

Come now the Trustees of the various Civil Townships, and the School Trustees of the Incorporated towns of the County, to confer upon the subject of a reduction of the Tax levies as made by them at the March term 1873, of this Board, for the Current Year 1873. The Trustees acting in pursuance of a Call from the Auditor of the County, in the form of a Circular addressed by the said Auditor to the said Trustees- the Circular having been prepared and sent to the said Trustees by and from suggestions contained in a Circular prepared by the Auditor of State upon the subject of a reduction of tax levies by local Authorities, from which Circular, the following was copied into and made a part of the Circular addressed by the Auditor of the County, to the Trustees as aforesaid, viz-

"From the Statements made to this Office, in relation to the progress of the Assessors, I am of the opinion that the assessment of property will be largely increased over any assessment ever made in this State: in some Counties it will perhaps be doubled.

In view of this, I take the liberty of calling your attention to the importance of having local levies of taxes made in proportion to the assessment as now indicated. As the Township Trustees levied their taxes in March, taking the old values as a basis, I am of the opinion that at the June term of the Commissioners' Court the Trustees should reduce the March levies in proportion to the increase of Assessment.

As none of the taxes have yet been placed upon the Duplicates of 1873- it is undoubtedly the duty of the proper authorities in Counties Townships and Cities to reduce their levies to correspond with the assessment now being made. If this is done, the new valuation of property will not bring with it an unnecessary increase of taxation; and I respectfully call the attention of the authorities upon whom the duty of levying taxes devolves, to the necessity of taking promptly such action as will fully carry out the requirements of the law, and at the same time meet the wishes and subserve the interests of the people of the State. To this end it should be made known that there will be a reduction of tax levies to correspond with the increased valuation of property."

The Board of County Commissioners and

the Trustees having fully considered the subject of a reduction of the tax levies made by the Trustees at the March term 1873 of this Board, for the Year 1873- and fully believing that the increased valuation of the taxable property for the Year 1873, as shown by the returns of the Assessors submitted to the County Board of Equalization, will with the present rates of tax levies as fixed by the Trustees of the following named Townships, Center, Washington, Guilford, Franklin, Marion, Eel River, Union, Middle, Brown and Lincoln, make the taxes of said Townships unnecessarily high, and will yield a larger revenue than is necessary for the actual wants of said Townships; it is therefore decided by the Board of County Commissioners and the Trustees of the Townships named above, to reduce the tax levies of said Townships, as made at the March term 1873. of said Board- so as to correspond with the new Assessment as returned by the Assessors at the present Session of this Board of County Commissioners, and to levy only such a Tax on account of the various funds, as to the Board and the Trustees of each of said Townships may be, and is necessary to raise such an amount of money as is required to defray the expenses necessarily incurred on account of the said funds.

John H Lewis Treasurer & Collector as aforesaid now presents for the examination and information of the Board a tax receipt, No. 170, dated March 6th 1869, in the sum of Forty five dollars and seventy three cents ($45.73) given to Lewis A. John H Lewis further represents to the Board that said tax was erroneously returned delinquent by the said Erastus F. Hunt, and that the same has been continued on the books of the Auditors & Treasurers' offices since it was so returned delinquent, on account of the return of the same by the said Hunt. And he further represents to the Board that he is unwilling to lose all or any part of said tax; and he also represents to the Board that in his opinion the money cannot be made by proceeding against the said Hunt. Wherefore he asks that an order be made by this Board, to himself, in the account of said tax receipt, and the costs, & per centage which have accrued on the same, and with which he as Treasurer & Collector of said County stands charged viz $62.97.

And the Board being fully advised in the premises, and believing the representations of the said John H Lewis Treasurer & Collector, and fully believing that it would be unjust for the said Lewis or any subsequent County Treasurer to pay, or account in any manner for said taxes; and believing further that said account of money cannot be made by procuring against the said Erastus F. Hunt, who the Board find, is the proper person to pay the same: therefore to rid the books of the erroneous charge, and to protect the present County Treasurer or his Successor & Successors in Office, it is hereby ordered by the Board, that John H Lewis Treasurer & Collector of the County be and he is hereby allowed the sum of Sixty two dollars and ninety seven cents ($62.97) in full for said erroneous return of taxes as hereinbefore set forth.
