follows, to-wit:

Commencing at a point Eighty (80) rods East of the South West corner of Section Eleven (11); thence East Two hundred forty (240) rods; thence North One hundred sixty (160) rods; thence West Twenty (20) rods; thence South One hundred twenty-eight (128) rods; thence West two hundred twenty (220) rods; thence South thirty-two (32) rods to the place of beginning; all of said lands aforesaid being in Township Sixteen (16) North of Range One (1) East in said County and State.

A Plat of said territory of which the above is an accurate description is herewith presented to your Honorable Board.

Your petitioners assign as reasons why said territory should be annexed to said Town of Brownsburg the following, Viz

First - That the said territory is thickly settled, and the inhabitants thereof are without proper and necessary school facilities

Second - That a large part of the children of school age residing in said territory, now attend the public schools in the Town of Brownsburg, by transfer.

Third - That the school facilities or accommodations of the Town of Brownsburg will soon be inadequate for the needs of said schools, and the assessed value of property within the present Corporation limits of said Town is such, that the said Town can not, and will not be able to provide the proper and necessary accommodations without exceeding the Constitutional limitation as to indebtedness, that may be incurred by said Corporation.

Fourth - That if said territory is annexed as prayed for herein it will reduce the rate of taxation upon the property so annexed.

Fifth - That if said territory is annexed as proposed herein, it will reduce the rate of taxation for the Corporation of the Town of Brownsburg.

Sixth - If the territory proposed herein is annexed, as proposed it will be a great saving to Lincoln School Township in this to-wit: That it will avoid them, said School Township the necessity of constructing a School building upon said territory, as they are now proposing to do at a large expense to said School Township, to-wit: at about eight thousand Dollars; and will take off of their charge the Keeping in repair of a large amount of public highways.

Monday July 2nd 1900. Continued

Seventh — That it will avoid the necessity of the transfer of a large number of children from said Lincoln school township to the Town of Brownsburg, which it has been the custom and practice to do for many years. And which will forever push at rest all turmoil strife and contention between said Lincoln school township and said town of Brownsburg which has grown up over said transfer and be for the general welfare, peace and harmony of the citizens both of said Lincoln Township and the town of Brownsburg.

Your petitioners therefore pray that you will annex said territory to said Town, and extend the Jurisdiction of said municipal corporation over said territory

Vs

Board of Commissioners of Hendricks County }

The plaintiff complains of the defendants and says: That on or about the 25th day of April, 1911, the plaintiff employed one Nelia Moore who was then and there a resident of Hendricks County, State of Indiana, as a domestic

Tuesday August 7th 1900. Continued

in his family. That said Nelia Moore come to the home of plaintiff in Plainfield on said 25th day of April. 1911. and accepted said employment as domestic in his plaintiffs house-hold.

That on the 2nd day of May. 1911 said Nelia Moore while in the employment of said plaintiff broke out with what was afterwards determind and learned to be small-pox; that on the 5th day of May. 1911 the Board of Health of Hendricks County. Indiana. through its proper officer William J. Hoadley. quarantined the said Nelia Moore. the plaintiff herein and all the members of his family. and refused and directed plaintiff not to depart himself from his house and yards nor to permit any member of his household nor the said Nelia Moore no any other person. who was stopping at his home to depart therefrom.

And so quarantained and directed each and all the persons then and constituting the members of his family. his domestic. as well as his guests not to depart therefrom.

That by reason of the action of the Board of Health of Hendricks County. as above stated. which was taken properly by the Board to prevent the spread of the disease of small-pox, it was and became necessary for the plaintiff to quit and abandon a good and lucrative position. he then had. from which he was able to derive a sum of $ per week. That by reason of the action of the Board of Health of said County. as above set forth. it was and became necessary for him. plaintiff and the member of his family. to board. nurse. wash for and care for the said Nelia Moore; and to burn and destroy large amount of bedding and articles used in the sick room of said Nelia Moore. all of which services were rendered over and during a period of four weeks. all of which was worth the sum of Fifteen hundred Dollars ($1500.00)

That as a direct result of said quarantine being placed over said Nelia Moore and the plaintiff and the members of his family as above set forth for the prevention of the spread of the disease of small-pox two of the children of the plaintiff herein. to-wit Mary Louise aged 2½ years and Phillip Morgan aged six weeks took and became inoculated with the said disease of small-pox and were sick and unwell for the period of five weeks; and became scarred and disfigured and permanently injured thereby. And the plaintiff and the members of his family did. and were

Tuesday August 7th 1911 Continued

required to render servics of great value in waiting upon, nursing and caring for his plaintiffs said children, while afflicted with said disease of small-pox.

That a reasonable compensation for their servics rendered in behalf of their said children as above set forth, while so afflicted by and because of said quarantine, so made and ordered by the Board of Health of said County, for the purpose of preventing the spread of the disease of small-pox in said County, is reasonably worth the sum of Twenty-five Dollars ($25.00) a day for and during the period of thirty days, the time which said children were afflicted with said disease, as above set forth.

That the plaintiff herein has been otherwise injured as a direct result of said quarantine for the prevention of said disease in the disfiguration of the two children above mentioned in this to-wit:

That said disease left said children, to-wit: Mary Louise Hager and Phillips Morgan Hager scarred and disfigured and caused them to be sick and unwell; That by reason thereof, plaintiff was deprived of their society, companionship and the enjoyment of the same, as he is and was entitled to have the same, when in good health, and without being disfigured or scarred by said disease, for which he asks damages in the sum of Five thousand Dollars ($5000.00)

Plaintiff says:) That he nor the members of his family would have been compelled to render the servics herein mentioned to Nelia Moore nor to his two children Mary Louise and Phillips Morgan had not said Board of Health of Hendricks County, made and enforced said quarantine over he and his house-hold and the said Nelia Moore, and refused to allow them to depart therefrom, which quarantine so made as aforesaid by the Board of Health of said County, was made as plaintiff avers under and by virtue and pursuant to the laws of the State of Indiana, to prevent the spread of disease as said Board of Health had a right under the law to do: nor would the plaintiff been deprived of the society of his said children, nor would said children have been scarred and disfigured as above described had not said quarantine been made and enforced in manner and form as above set forth.

Wherefore plaintiff prays damages and asks that his claim
