STATE OF INDIANA, HENDRICKS, COUNTY;:SS:

In the Commissioners Court of Hendricks County, Indiana.

In the matter of the petition of
Martin Dougan to the repair and tile a
Portion of the Martin Dougan Drain.

Comes now the undersigned, Martin Dougan, and respectfully shows to
that in the year of 1877, under the proceedings instituted in the
Commissioners Court of Hendricks County, Indiana by Martin Dougan
for the establishing of a new drain, a ditch was duly constructed over
and upon the following described route -to-wit:-

July Term, 1914.

Beginning at a point south 46 degrees west from the center of section 23, Township 17 North, Range 1 East, Distance $28\frac{1}{4}$ Rods, on the lands of John B. Sandusky: Its general course being as follows, Commencing at a point above mentioned and described, thence north 58 degrees East 500 feet; thence north 47 degrees East 300 feet; thence North $57\frac{1}{2}$ degrees East 1550 feet, thence north 79 degrees East 550 feet; thence north $52\frac{1}{2}$ degrees East 125 feet; thence North $31\frac{1}{2}$ degrees East 350 feet; thence north $87\frac{1}{2}$ degrees East 275 feet; thence north 500 feet; thence north 56 degrees East 275 feet; thence north 89 degrees East 900 feet; thence north 60 degrees East 375 feet; thence North 20 degrees East 300 feet; thence north 58 degrees East 100 Feet; thence north 43 degrees East 225 feet; thence North 62 degrees East 125 Feet; thence north 13 degrees East 275 feet; thence north 6 degrees West 350 feet; thence North $20\frac{1}{2}$ degrees east 125 feet; thence north 62 degrees East 350 feet; thence north 47 degrees East 450 feet; thence north $42\frac{1}{2}$ degrees East 1400 feet; thence north 525 feet; thence north 52 degrees East 265 feet; thence north 500 feet to a point 13 rods east of the center of the North East Quarter of section 13, Township 17 North, Range one East, which said point is the terminus of ditch, and is distant from the beginning 11210 feet.

This petitioner would further show that said ditch was constructed as an open drain and has ever since remained such; that from its source to-wit; about 13 rods east of the center of the North East quarter of section 13, Township 17 North, Range one East, to where the same is crossed by a public highway running North and South through the center of said section 13, about 70 rods South of the center of said section 13, Township and range aforesaid, said ditch is out of repair and is not sufficient to perform the drainage for which it was designed and intended; that said ditch can be made sufficient, however, to perform the drainage designed and intended by cleaning the same out to the depth originally constructed and by laying and covering tile therein for the distance aforesaid, to-wit, about $\frac{3}{4}$ miles.

This petition would further show that he is the owner of the following described tracts of land, to-wit:

The South west quarter of the North East quarter of section 13, Township 17 North, Range 1 East- 40 acres more or less;

Also a part of the west half of the south east quarter of section 13, Township 17 North, Range 1 East, bounded and described as follows: Beginning at a point 26 chains and 67 links North of the South east corner of the West half of said South east quarter and running thence north 13 chains and $37\frac{1}{2}$ links to the North east corner thereof; thence west of the north line thereof 19 chains and 80 links to the center of said section, 13, thence south 13 chains and 28 links to a point 26 chains and 67 links North of the section line on the South of said section 13; thence east 19 chains and 81 links to the place of beginning-39,80/100, more or less.

July Term, 1914.

Your petitioners would further show that the foregoing real estate would be greatly benefitted by the repairs of said ditch as heretofore set out and alleged by the cleaning of the same out of the original depth of construction and by the tiling of the same, but that the same can not be accomplished in the best and cheapest manner without affecting the lands of others.

This petitioner would show that to accomplish the cleaning out and the tiling thereof as aforesaid of said ditch would affect the following described tracts of land in said County of Hendricks, in addition to the foregoing described real estate, and which said tracts are owned by persons thereafter named, to-wit:

The South East quarter of the North East quarter of section 13, Township 17 North, Range one East, owned by Martin Dougan, Sr;

The North East quarter of the South East quarter of section 13, Township 17 North, Range one East, owned by William L. Batz;

The North East quarter of the North East quarter of section 13, Township 17 North, Range one East, owned by Thomas Shepherd.

The North West quarter of the North East quarter of section 13, Township 17 North, Range one East owned by Thomas Shepherd;

A part of the west half of the south east quarter of section 13, Township 17 north, Range 1 East as follows; Beginning at a point 26 chains and 57 links North of the south east corner of the west half of said South east quarter and running thence west for a distance of 19 chains and 81 links; thence south for a distance of 20 chains; thence east for a distance of 19 chains and 83 links; thence north 20 chains to the place of beginning owned by Patrick Hogan.

This petitioner would further represent and show that he believes the public health will be improved and benefitted by the proposed repair and tiling of said ditch, and that the proposed work will be of Public utility; that the costs and expenses and damages of such proposed improvement and repairs will be less than the benefits which will result to the owners of the land likely to be benefitted thereby.

Wherefore this petitioner prays your Honorable Board that said ditch be repaired by the cleaning of the same as herein prayed for and that the same be tiled with the tile of sufficient size that said drain will perform the drainage intended for the distance set out and described in this his petition, all as provided by law in such cases.
