SUPPLEMENT

Prices shown on the bid are f.o.b. Factory. The extreme right hand column shows the freight cost per foot of pipe.

Wide bands are same price as a foot of pipe. If carload is shipped at one time the price will be reduced accordingly.

We maintain for your convenience and economy, a trucking service, which we operate on a cost basis.

By special trailer and equipment, we can haul lengths up to fifty (50) feet of pipe. Loads must vary according to the sizes of pipe in combination. Bulk is generally the controlling factor.

We charge on a trip basis so that the savings depend on the size of the load.

Our bid is based on L.C.L. freight coat and your transportation cost need never be more. But where trucking will save you money we agree to pass these savings on to you. When the Railroad freight is in excess of the cost of a trip by truck, shipment will be made by truck at a flat rate, giving you the privilege of loading more on the truck without additional cost. Trucking charge is $12.50 per load.

Trucking in addition gives you prompt delivery. We will agree to put any order at the roadside just where you want the culverts, promptly on receipt of your order.

Also you save on connecting bands. The labor in applying them and the expense of the haul from the Railroad Station to your place of installation.

Our Representative, Earl Thomas, will explain this service more in detail, and is authorized to sign any contract agreed upon in this connection.

And the party of the first part hereby agrees to purchase said pipe from said party of the second part for said sum as specified above and in such quantity as is needed for Hendricks County during the year 1931, and to pay therefor upon claims duly filed and allowed as other claims against said County are allowed and paid, and at the option of the party of the first part as to the amount of pipe to be ordered during said year, 1931.

HENDRICKS COUNTY

BEFORE THE BOARD OF COMMISSIONERS OF THE COUNTY OF HENDRICKS

REGULAR JUNE TERM, 1931.

IN THE MATTER OF THE APPLICATION OF THE
OHIO FUEL GAS COMPANY FOR FRANCHISE AND
GRANT TO USE THE PUBLIC HIGHWAYS OF THE
COUNTY FOR THE CONSTRUCTION OF A PIPE LINE
FOR THE TRANSPORTATION OF NATURAL GAS.

And now on June 1st, 1931, at the hour at ten o'clock A.M., comes the applicant, The Ohio Fuel Gas Company, by Zimri E. Dougan, its attorney, and files proofs of the publication of notice of the adoption by the Board of Commissioners of the County of Hendricks, State of Indiana, of a proposed franchise and grant to the Ohio Fuel Gas Company of authority to use the public highways of the County for the purpose of laying pipes along, over and across the same for the transportation of natural gas, and the time and place of a public hearing and final consideration of said proposed franchise and grant, as heretofore ordered by the Board. Said proofs are as follows, to-wit: (H.I)

And from such proofs the Board finds that a true and correct copy of said proposed franchise and grant, as adopted by the Board on the 11th day of May, 1931, and the time and place of a public hearing, and final consideration thereof was published in the newspapers indicated by the Board at said meeting, to-wit: The Republican and The Danville Gazette, respectively, on the 14th day of May, 1931, said date being more than one week prior to the first day of June, 1931, the day heretofore fixed by the Board for a public hearing and final consideration of said proposed franchise and grant and the day upon which any taxpayer of the County might appear and file protest against any or all of the provisions of said proposed franchise and grant.

And the applicant now files the affidavit of Zimri E. Dougan, as follows, to-wit: (H.I.)

And from which affidavit the Board finds that copies of said notice, as published in said newspapers, respectively, were posted on the 20th day of May, 1931, in ten public places in Hendricks County, Indiana, said date of posting being more than one week before the first day of June, 1931, the day heretofore fixed by the Board for a public hearing and final consideration of the said proposed franchise and grant.

And the Board, being satisfied that due notice of the adoption of the proposed franchise and grant, and the time and place of a public hearing, and final consideration thereof, has been given by the applicant, as provided by law, and there being on file no protest against any of the provisions of said proposed franchise and grant, does now finally consider said proposed franchise and grant and does find that the same, as heretofore determined and fixed by the Board, should be ratified and confirmed unto the applicant.

It is therefore, considered and adjudges by the Board of Commissioners of the County of Hendricks, State of Indiana, that the franchise and grant, as heretofore determined and fixed by the Board on May 11th, 1931, authorizing the applicant, The Ohio Fuel Gas Company, to use the public roads and highways of Hendricks County, Indiana, under the control of the Board, to lay, maintain, operate, repair, replace and remove its pipe lines along, under and across the public highways of the County for the transportation of natural gas, is now hereby ratified and confirmed unto said applicant, The Ohio Fuel Gas Company, Said franchise and grant, as heretofore determined and fixed and as hereby ratified and confirmed, is in the words and figures as follows, to-wit:

"FRANCHISE GRANTING TO THE OHIO FUEL GAS

That all necessary work in connection with the construction of such line or lines shall be done and performed with the least possible interference with the free passage and use of the highway by the public, and the grantee, shall, without unneccessary delay, restore any highway crossed to its former condition and efficiency.

IN THE MATTER OF THE APPLICATION
OF THE INDIANA GAS DISTRIBUTION
CORPORATION FOR FRANCHISE UPON
THE PUBLIC HIGHWAYS OF HENDRICKS
COUNTY, INDIANA.

ORDER GRANTING FRANCHISE TO INDIANA GAS DISTRIBUTION CORPORATION ITS SUCCESSORS AND ASSIGNS, AUTHORITY TO CONSTRUCT, MAINTAIN, OPERATE, REPLACE AND REMOVE A PIPE LINE FOR THE TRANSMISSION OF NATURAL, ARTIFICAL OR MIXED GAS ALONG, UNDER, THROUGH AND ACROSS PUBLIC HIGHWAYS IN HENDRICKS COUNTY, INDIANA.

BE IT REMEMBERED, That on the 1st day of August 1932, at a meeting of the Board of Commissioners of the County of Hendricks, State of Indiana, held at the office of the said Board in the Court House, in the Town of Danville, Hendricks County, Indiana, all members of the Board being present, the following further proceedings with respect to said Franchise were had, to-wit:

The attention of the Board of Commissioners was then called to the fact that this is the time and place heretofore fixed by the Board for final considering of the full and complete text of a Franchise granting to the Indiana Gas Distribution Corporation, its successors and assigns, a Franchise to construct, maintain, operate, replace and remove a pipe line for the transmission of natural, artifical or mixed gas along, under, through and across public highways in Hendricks County, Indiana, and that notice was ordered by said Board for a public hearing thereon at this time and place.

Proofs of publication of the notice of the holding of this meeting and of the full and complete text of said Franchise were thereupon produced and filed with the Board of Commissioners, and are as follows; (H.I.)

And the applicant now files the affidavit of Harney F. Semones as follows, to-wit: (H.I.)

And the Board, after duly inspecting and considering the same, finds that notice has been duly given that said Franchise will be presented to the Board at this meeting for final consideration, and that notice has been given to any and all taxpayers and citizens that a public hearing thereon will be had at this time and place and that any such taxpayers or citizens may appear and file his or her objection to any or all of the provisions of said proposed Franchise. And further that said notice contains a full and complete copy of the proposed Franchise in the form adopted by the Board; and the Board finds that notice has been by publication in the Danville Gazette and the Brownsburg Record, two weekly newspapers of general circulation, printed and published in the English language in the towns of Danville and Brownsburg, County of Hendricks, Indiana, and which two newspapers represent the two opposite political parties in said County, which notice has been given by two weekly insertions in each of said newspapers, the last of which was more than one week prior to the time of this meeting as fixed therein and further that similar and like printed notices were duly posted in ten public places in the County of Hendricks, Indiana, at least one week before this meeting.

Upon motion made by Elvin E. Stipe and seconded by Harry E. Sanders said proofs of publication were ordered filed with the papers on file in the office of the Auditor of Hendricks County, Indiana, as the Clerk of this Board and by reference made a part of the minutes of this meeting. Said motion received the unaminous approval of the Board.

And the Board of Commissioners now finds that no protest or protests have been offered or filed by any taxpayers or citizens and no objections thereto have come to the attention of the Board, on motion made by Elvin E. Stipe seconded by Harry E. Sanders said Franchise entitled as follows:

FRANCHISE GRANTING TO THE INDIANA GAS DISTRIBUTION CORPORATION ITS SUCCESSORS AND ASSIGNS, AUTHORITY TO CONSTRUCT, MAINTAIN, OPERATE, REPLACE AND REMOVE A PIPE LINE FOR THE TRANSMISSION OF NATURAL, ARTIFICAL OR MIXED GAS ALONG, UNDER, THROUGH AND ACROSS PUBLIC HIGHWAYS IN HENDRICKS COUNTY, INDIANA,

was thereupon placed upon the final passage and an aye and nay vote having been called for the names of the Board of Commissioners were separately called and voted upon said motion as follows:

Orian O. Gossett	
Elvin E. Stipe	Aye
Harry E. Sanders	Aye

CONTRACT

This article of agreement, made and entered into this 3rd day of October, 1932, by and between the Board of Commissioners of the County of Hendricks, Indiana, as party of the first part, and Irwin J. Sparks of Pittsboro, Indiana, as party of the second part, WITNESSETH:

That, for and in consideration of the matters hereinafter mentioned, the party of the first part does hereby hire and employ party of the second part to furnish all material and labor necessary, and to fully construct, according to plans, specifications, profiles and drawings therefor, the bridge known as the California Street Bridge in the town of North Salem, Indiana, Eel River Township, in said County, and the first party hereby promises and agrees to pay second party therefor the sum of Six Hundred Thirty-five ($635.00) Dollars.

In consideration of the premises, second party hereby promises and agrees to furnish all the materials and labor necessary and to fully construct said bridge, and to do the same in all things to fully conform to and comply with all the plans, specifications, profiles and drawings therefor, heretofore approved by the first party and on file in the office of the Auditor of said County, and to have the same completed on or before November 15th, 1932, and to so complete the same to the approval of the Engineer, and to the acceptance and approval of the first party; and said second party shall promptly pay all debts for material and labor, and pay all sub-contractors and all legal claims against such sub-contractors, and present receipted bills to the first party therefor, or other satisfactory proof of payment, and do all things necessary to comply with Chapter 173 of the Acts of the General Assembly of the State of Indiana for the year 1911.

In consideration of the foregoing, it is further mutually agreed that the plans, profiles, specifications and drawings aforesaid, and the bid and bond of second party, are hereby made a part of this contract, the same as if herein dully set out; that the said contract price shall be paid to the second party upon estimates made by the Engineer, not to exceed eighty per cent. of such estimates, less the legal claims filed against the same, and the balance to be paid when said improvement is fully completed, accepted and approved as aforesaid, and then at the first regular meeting of the Board more than thirty days after the last work and labor is performed and the last material furnished. Before such final payment is made, second party must furnish receipts for all debts incurred in the prosecution of such work, or satisfactory evidence and assurance to the first party that the same have been or will be paid.

It is further understood and agreed, in consideration of the foregoing, that in the event said improvement is not fully completed and this contract not fully complied with on or before November 15th, 1932, then and in that event the first party is hereby authorized to withhold from the contract price aforesaid the sum of dollars per day for each and every day said work remains unfinished and incomplete thereafter, which sum shall be so withheld as liquidated damages, and which sum is hereby agreed upon as the amount of damage which may be sustained by said first party, and is so agreed upon on account of the uncertainty of the amount and extent of such damages and the difficulty of establishing the amount and extent thereof by legal evidence; provided, such damages shall not be enforced or retained on account of any delay that may be caused by strikes, the act of God, or any cause beyond the power or control of second party.

After considering the above bids it was decided by the Board that the bid of Asa M. Goodwin, Danville, Indiana, was the lowest and best bid, and it was regularly moved, seconded and carried by the Board that said bid be accepted, and contract be entered into with the said Asa M. Goodwin.

CONTRACT

This article of agreement, made and entered into this 17th day of August, 1933, by and between the Board of Commissioners of the County of Hendricks, Indiana, as party of the first part, and A. M. Goodwin, Danville, Indiana, as party of the second part, witnesseth:

That for and in consideration of the matters hereinafter mentioned, the party of the first part does hereby hire and employ party of the second part to furnish all material and labor necessary, and to fully construct, according to plans, specifications, profiles and drawings therefor, bridge known as the Hayworth Bridge, in Section 20, Township 15 North of Range 1 West, in Center Township, in said County, and the first party promises and agrees to pay second party therefor the sum of $1,697.35, party of the first part to have credit for $95.00 paid by it for old iron bridge to be used by party of second party.

In consideration of the premises, second party hereby promises and agrees to furnish all the material and labor necessary and to fully construct said bridge, and to do the same in all things to fully conform and to comply with all the plans, specifications profiles and drawings therefor, heretofore approved by the first party and on file in the office of the Auditor of said County, and to have the same completed on or before November 15th, 1933, and to so complete the same to the approval of the Engineer, and to the acceptance and approval of the first party; and said second party shall promprly pay all debts for material and labor, and pay all sub-contractors and all legal claims against such sub-contractors, and present receipted bills to the first party therefor, or other satisfactory proof of payment, and do all things necessary to comply with Chapter 173 of the Acts of the General Assembly of the State of Indiana for the year 1911. Said second party is to use old bridge and supply all missing parts and use creosoted floor, as per plans and specifications.

In consideration of the foregoing, it is further mutually agreed that the plans, profiles, specifications and drawings aforesaid, and the bid and bond of second party, are hereby made a part of this contract, the same as if herein fully set out; that the said contract price shall be paid to the second party upon estimates made by the Engineer, not to exceed eighty per cent. of such estimates, less the legal claims filed against the same, and the balance to be paid when said improvement is fully completed, accepted and approved as aforesaid, and then at the first regular meeting of the Board more than thirty days after the last work and labor is performed and the last material furnished. Before such final payment is made, second party must furnish receipts for all debts incurred in the prosecution of such work, or satisfactory evidence and assurance to first party that the same have been or will be paid.

It is further understood and agreed, in consideration of the foregoing, that in the event said improvement is not fully completed and this contract not fully complied with on or before November 15th, 1933, then and in that event the first party is hereby authorized to withhold from the contract price aforesaid the sum of _____ per day for each and every day said work remains unfinished and incomplete thereafter, which sum shall be so withheld as liquidated damages, and which sum is hereby agreed upon as the amount of damage which may be sustained by said first party, and is so agreed upon on account of the uncertainty of the amount and extent of such damages and the difficulty of establishing the amount and extent thereof by legal evidence; provided, such damages shall not be enforced or retained on account of any delay that may be caused by strikes, the act of God, or any cause beyond the power or control of second party.

Weesner and Alvin Hall, Editors and Publishers of the Hendricks County Republican, Inc., and the Danville Gazette, respectively, which affidavits were in the following words and figures, to-wit: (H.I.)

From which affidavits it appears to the Board that due notice of the time and place for receiving bids for supplies for the Quarter ending December 31st, 1933, was given by publication in said papers for two weeks successively, the first of which publication was on the 31st day of August, and the last on the 7th day of September, 1933; and the hour of 2:00 o'clock P.M. on Monday, September 11th, having arrived, up to which time it was provided in said notices that bids would be received, the Board proceeded to open said bids in the presence of the Bidders and the general public.

TUESDAY, NOVEMBER 14th, 1933.

The Board of County Commissioners met on above date, as per adjournment, and call of Charles E. Shields, County Auditor, with all members present; viz:- Orian O. Gossett, Elvin E. Stipe and Harry E. Wilson.

The following is a copy of a letter written to the State Board of Accounts asking for legal opinion governing Trust Funds placed with the Board of Commissioners to be loaned as School Fund Money is loaned.

November 20th, 1933.

State Board of Accounts
Indianapolis, Indiana.

Gentlemen:

The Danville South Cemetery Association, an Incorporated Cemetery, by its Receiver Daniel F. Roberts, has petitioned the Board of Commissioners of Hendricks County, Indiana, to receive the sum of $1,426.50 from its Endowment Fund, to be loaned by the Auditor as School Fund Money is loaned. The Receiver cites as his authority for this request Section 4576 Burns R. S. 1926.

This Section of the Statutes requires the Board of Commissioners to receive money donated to a cemetery "To be held in trust, in perpetuity, or for such period as the donor or testator shall designate in writing".

We are of the opinion that this Section does not apply to money belonging to the Cemetery Corporation and where there is no donor or testator to make a request that the same be held in trust by the Board.

The money sought to be turned over to the Board is money the Cemetery Corporation has had for a number of years, in fact is an Endowment Fund that has been built up during a long period.

The question upon which we desire an opinion is: Is The Board of Commissioners Required To Accept Money Under Such Circumstances?

Very truly yours,

Charles E. Shields
AUDITOR HENDRICKS COUNTY

Executive Department

DEPARTMENT OF INSPECTION AND SUPERVISION OF PUBLIC OFFICES
STATE BOARD OF ACCOUNTS.

Indianapolis, Indiana.
November 13th, 1933.

Mr. Charles E. Shields
Auditor Hendricks County,
Danville, Indiana.

Dear Sir:

We have your letter relative to cemetery association funds.

You refer to Section 4576, Burns R.S. 1926, which is chapter 142, page 581, Acts of 1915.

This law, in our opinion, relates to donations or legacies of individuals, which moneys are placed with the Board of County Commissioners to loan as School Funds are loaned. The interest earned on such funds is to be used "for keeping in good condition any adandoned cemetery or any public or incorporated cemetery, or any lot or lots, monuments, mausoleums, vaults or other burial structures in any cemetery of the State."

The law further provides that "The loans shall be made in the name of the trust to which it belongs".

You will note that the law refers to the "trust". This would indicate that what was in mind was a trust fund so established by an individual or individuals. The law does not relate to a corporation turning over its moneys into the County Treasury to be loaned as School Funds. It refers to bequests and donations for the purposed named. It does not provide that a balance in a corporation fund shall be construed as a bequest or a trust fund and placed with the County Commissioners to loan as a trust fund.

Very truly yours,

Wm. P. Cosgrove
State Examiner.

Upon motion regularly made, seconded and carried, the Trust Fund filed with the Board was rejected and ordered returned to the Petitioner.
