IN THE MATTER OF MESSAGE PARLOURS

Russell Carmichael, Hendricks County Sheriff, appeared requesting a special meeting of the County Commissioners and the County Attorney regarding the message parlours that are now operating in Hendricks County. We now have a total of four. Marvin Honey and Harshel Gentry advised him to appear at 7:00 P.M. on March 29th, 1977 concerning this matter.

IN THE MATTER OF COUNCIL ON AGING GRANT

John A. Randall, Hendricks County Extension Agent, appeared and advised the Commissioners that the grant for the Council on Aging that had been suspended was now reinstated for a period of two months which is the end of the grant.

He also advised them that if Hendricks County is interested in obtaining a new grant for this program under Title 3 of the Older Americans Act, we would have to submit a new contract. In discussing the contracting and the rules and regulations imposed under a new contract the Commissioners decided it would be better to fund this program as a county program. This would amount to the county paying the postage on the monthly newsletter, which can be run through the postage meter and paying the telephone bill for the phone used in this project. These amounts will be paid out of the Commissioners present budget for these items at the end of the present grant.

IN THE MATTER OF SEMI-MONTHLY PAY

The County Commissioners approved paying county employees on the first and third Mondays of each month.

IN THE MATTER OF PERSONAL APPEARANCES

Richard Lewis

Richard Lewis, Hendricks County Engineer, appeared regarding the release of performance bonds as follows:

- Pleasant Vue, Section Four - release the performance bond and accept roads into County system.
- Continental Estates - reduce performance bond to \$5,000.00 and complete work listed in a letter on file. When problems are corrected the developer shall submit a revised set of drawings for the ditch board properly colored showing the drainage system to be accepted. (storm sewer included) and petition the ditch board to establish the swale as a legal drain.
- Northwood Subdivision, Section 4 - release maintenance bond

Mr. Lewis also advised the Commissioners that he had extra money available for work to be done on the drains throughout the county and requested permission to hire someone in this capacity. This matter was taken under advisement on the March 29th meeting.

DOROTHY KELLY

At 10:00 A.M. no remonstrators had appeared and upon a motion duly made, seconded and unanimously carried, the Hendricks County Commissioners, jointly with the Board of Trustees of the Hendricks County Hospital, resolved that it is desired and deemed necessary to proceed with the proposed plan to establish a cumulative hospital building fund for the following purpose:

For the establishment, enlargement, construction, acquisition or remodeling of the hospital building or the equipping of existing buildings used by the Hendricks County Hospital, for hospital purposes, and owned by Hendricks County

And the levying of an additional tax of five cents (\$.05) on each one hundred dollars (\$100.00) of taxable real and personal property within the taxing district to provide monies for said fund, said tax to be first levied in 1977, payable in 1978, and annually thereafter for a total period of four years, all as provided by Section 6 - IC 1971, 16.121-4-4, Acts 1971, P.L.220, Section 5 and Acts 1973, P.L.152, Section 6, as amended.

IN THE MATTER OF CUMULATIVE BRIDGE FUND

Comes now, Patricia J. Noel, Auditor of Hendricks County and presents proof of publication in two weekly newspapers of opposite political faiths, and certificate of posting in three public places all in Hendricks County, of notice of public hearing to be had this time and place for the consideration of adoption of a proposal to establish a Cumulative Bridge Fund.

No objections having been filed with the Auditor, or here offered the Board then adopted the following resolution.

RESOLUTION TO ESTABLISH
A CUMULATIVE BRIDGE FUND FOR
THE BUILDING AND REPAIR OF BRIDGES

Be it resolved by the Board of County Commissioners of Hendricks County, Indiana, that it is desired and deemed necessary to proceed with the proposed plan to establish a cumulative bridge fund for the following purpose:

For the building and repair of BRIDGES AND SEPARATIONS in Hendricks County

And the levying of an additional tax at the rate of twenty cents (\$.20) on each one hundred dollars (\$100.00) of taxable real and personal property within the taxing district to provide monies for said fund, said tax to be first levied in 1977, payable in 1978, and annually thereafter until reduced or rescinded, as provided for in I.C. 8-16-3.

Be it further resolved that proofs of publication and posting of notices of the public hearing held on this 2nd day of May, 1977, and a certified copy of this resolution and such proposed plan be submitted to the State Board of Tax Commissioners of the State of Indiana, as provided by law.

The Hendricks County Commissioners signed a contract with the Board of Animal Health on the Bovine Brucellosis and Tuberculosis Eradication Programs in the county.

IN THE MATTER OF CONSTRUCTION ON HORNADAY ROAD

Richard Lewis gave a status report on the construction on Hornaday Road. The construction on this road will be commenced August 1, 1977.

IN THE MATTER OF SPEED LIMIT SIGNS

A petition was received with several signatures requesting 30 mile per hour speed limit signs be posted on County Road 1050 E from 100 N to 200 N. A motion was made by Herschel Gentry and seconded by Marvin Money that this road be posted at 30 miles per hour. The motion carried and Dale Elsbury was instructed to post this road at 30 miles per hour.

IN THE MATTER OF MASSAGE PARLOUR ORDINANCE

Al Deckard, Hendricks County Attorney, and Seth Lewis, Hendricks County Prosecuting Attorney, appeared and discussed with the Commissioners at length the proposed massage parlour ordinance and the proposed ordinance that was presented. Some changes are to be put in the ordinance and it is to be presented to the Commissioners at their next meeting for action.

IN THE MATTER OF REZONING ORDINANCE

The Commissioners approved an application for rezoning for Mrs. Helen Pecar from the present classification of "S" Suburban to "GB" General Business located in Washington Township on U.S. 36 described as Pt SE 1/4 Section 5 Township 15 North Range 1 East containing 6.81 acres. This ordinance was signed by Helen Pecar and Peter Lachmann and was approved by the Plan Commission Board on June 13, and by the Commissioners on June 20, 1977. Mr. Lachmann plans to build a pottery shop with combined residence.

There being no further business presented the meeting adjourned.

JUNE 24, 1977

The Hendricks County Commissioners met in a special session in the Commissioners' Room at the Court House on June 24, 1977 at 2:00 P.M. with the following in attendance:

Arthur Hinsel
Marvin Money
Herschel Gentry, Jr.
Patricia J. Noel
E. Alonso Beckford

Hendricks County Commissioners
Hendricks County Auditor
Hendricks County Attorney

IN THE MATTER OF A MASSAGE PARLOUR ORDINANCE

The Hendricks County Commissioners met in a special session pursuant to a call by the County Auditor and waiver of notice, for the purpose of enactment of a massage parlour ordinance. All agreed that an emergency exists because of the time lag for legal publication of the ordinance and the effective date thereof.

A motion was made by Marvin Money that the proposed Hendricks County Ordinance Number Seven be adopted, which motion was seconded by Herschel Gentry. The motion carried by unanimous vote and said ordinance is now adopted.

The Commissioners instructed the Auditor to publish legal notice of this ordinance in all five newspapers in general circulation in Hendricks County.

**HENDRICKS COUNTY ORDINANCE
NUMBER SEVEN, 1977**

WHEREAS, Public Law No. 158, of the 1975 Acts of the Indiana General Assembly (IC 17-202.501 through IC 17-2-2.5-7) provides the power to the Board of Commissioners of Hendricks County, Indiana, to adopt an ordinance to license certain business activities whenever it is in the public interest in the conduct of the affairs of said county to do so and,

WHEREAS, said Board of Commissioners deems it to be in the public interest of the citizens of Hendricks County, Indiana, to regulate the licensing of massage parlors and such licensing the applicable to such business activities in the incorporated communities in Hendricks County, Indiana, as well as the unincorporated areas;

NOW THEREFORE, BE IT ORDAINED, by the Board of Commissioners, State of Indiana as follows, to-wit:
Section One, General Definition: Whenever used in this chapter, the following words and phrases shall be defined as herein stated.

(a) "Bath House" means any building, room, place or establishment other than a regularly licensed hospital, dispensary, hotel, rooming house or public lodging house, where members of the public are provided with baths, regardless whether steam, vapor, water, sauna, or otherwise.

(b) "Massage Parlor" means any building, room, place or establishment other than a regularly licensed hospital or dispensary where non-medical and non-surgical manipulative exercises are practiced upon the human body with or without the use of mechanical or bath devices, by anyone not a physician, osteopath, chiropractor, podiatrist, or physical therapist duly registered with and licensed by the State of Indiana.

(c) "Massage" means any method of treating the superficial soft parts of the body for remedial or hygienic purposes, consisting of rubbing, stroking, kneading or tapping with the hands or instruments.

(d) "Massage School" means any bath house or massage parlor defined in (a) and (b) above, where the act of massage as defined in (c) above is either taught or practiced.

(e) "Massage Therapy" means the act of body massage, either by mechanical or electrical apparatus for the purpose of reducing or contouring the body by the use of oil rub, salt, hot and cold packs, cold showers and cabinet baths.

(f) "Massage Therapist" means any person who practices, administers or teaches all or any of the subjects or methods of treatment defined in subsection (e) above as massage therapy.

(g) "Massage Therapy Clinic" means any shop, establishment or place of business where any or all of the methods of massage therapy are administered or used.

(h) "Massage Therapy School" means any duly registered massage therapy establishment where a tuition is charged for the instruction of massage therapy techniques.

(i) "Private Club" means an organization or association maintaining club rooms or other recreation of social facilities used primarily for purposes other than a bath house or massage parlor, membership in which is limited to persons paying a regular dues or assessment.

Section Two. License required.

(a) It is unlawful for any person or firm to operate, conduct, or maintain a massage school, massage parlor, massage therapy clinic or bath house without a license to operate such massage school, massage parlor, massage therapy clinic, or bath house issued by the County Auditor.

(b) It shall be unlawful for any person or firm licensed to operate a massage school, massage parlor, massage therapy clinic or bath house to employ or permit any person to perform a massage unless such person be licensed as a massage therapist by the County Auditor.

(c) It shall be unlawful for any person to be employed as a massage therapist or to perform massages for a fee unless such person be licensed as a massage therapist by the County Auditor.

Section Three. Applications for Licenses.

(a) The application for a license to operate a massage school, massage parlor, massage therapy clinic, or bath house shall contain the following information and shall be individually signed by the applicant:

1. Name of applicant and aliases;
2. Resident address of applicant and former addresses for the past three years;
3. Business address of applicant;
4. Number of massage tables, shower stalls, or other such individual units;
5. The age, date of birth, and citizenship of the applicant, in the case of individuals, and of the manager and officers in the case of a corporation;
6. The names, addresses, ages, citizenship and designations of each person connected with the applicant's establishments;
7. Whether the applicant or its manager or officers have ever been previously engaged in operating a massage school, massage parlor, massage therapy clinic, or bath house;
8. Whether any applicant, or in the case of a corporation, its managers, officers, directors, or stockholders have ever been convicted of any act of violence, moral turpitude, sex offense, or prior violation of this ordinance;
9. The application shall state thereon that: "It is unlawful for any person to make a false statement on this application and discovery of a false statement shall constitute grounds for denial of an application or for revocation of a permit."
10. Type of license being applied for by the applicant.

(b) (u) Along with the operators application for a license, there shall be filed a verified application for a massage therapist license by each individual who is employed in the establishment who is required by the chapter to be licensed. The application shall contain the following information:

1. Name and aliases;
2. Age, date of birth, and social security number;

3. Address and former addresses for past three (3) years;
4. Citizenship;
5. Nature of work performed;
6. Whether convicted of any public offense concerning an act of violence, moral turpitude, sex offense, or prior violation of this ordinance.
7. The application shall state thereon that: "It is unlawful for any person to make a false statement on this application and discovery of a false statement shall constitute grounds for denial of an application or for revocation of a permit."

- (c) Along with aforesaid applications for license there shall be filed a certificate from a duly licensed medical practitioner, on a form prescribed by the County Health Officer of Hendricks County, certifying that said applicant is free from communicable diseases and that said examination has been made within thirty (30) days prior to the application for the license or permit herein sought.
- (d) All applicants for license to engage in the practice of massage therapy must submit a certificate of affidavit of their respective qualifications as to schooling, training, and experience and where and how obtained.
- (e) Each applicant shall be photographed and have his or her fingerprints taken by the Hendricks County Sheriff, which fingerprints and photograph shall constitute a part of the application.

Section Four. License Fees.

The annual license fee for each person who operates or is employed by a massage parlor, massage therapy clinic, or bath house or any combination thereof shall be determined in accordance with the following scale:

- (a) "Class A" licenses shall be required for all private health clubs. The fee for said license to be fifty dollars (\$50.00) annually.
- (b) "Class B" licenses shall be required for all other owners of the above mentioned businesses, the fee for said license to be two hundred fifty dollars (\$250.00) annually.
- (c) "Class C" licenses shall be required for massage therapists, the fee for said license to be twenty-five dollars (\$25.00) annually for each therapist.

Section Five. Operations.

- (a) No massage school, massage parlor, massage therapy clinic, or bath house shall be operated or conducted in, or without a separate opening to living quarters. There must be a separate opening to living quarters, and a separate entrance to the place of business. No one shall use the building quarters for a place of habitation.
- (b) All licensed operators or permit holders under this ordinance shall display their license or permits in a visible location in their establishment.
- (c) All licenses or permit holders shall be subject to all other town or city ordinances, county ordinances and State of Indiana statutes and the regulations of various administrative bodies of the town, city, county and state, and violation of such regulations, ordinances or statutes shall be grounds for revocation of licenses or permits.
- (d) No person shall be employed by any licensee under this chapter or to be within view of any of the services rendered by a massage parlor, massage therapy clinic, or bath house who has not reached the age of twenty-one (21) years.
- (e) Any bath house, massage parlor, massage therapy clinic, massage therapy school, or any combination thereof is prohibited from installing or maintaining any lock or similar device on the inside of any door of said business which cannot be operated by key or knob from the exterior of said door.
- (f) Any establishment licensed under this chapter as a private health club shall maintain a current list of members as the case may be, and a roster of those receiving massage therapy by dates which lists and rosters shall be available to the County Auditor upon request.

Section Six. Issuance and Rejection of Application - Qualifications.

- (a) Upon receipt of the application and license fee as set out in Section Four as provided for in the preceding section, the Auditor of Hendricks County shall make or cause to be made a thorough investigation relative to the application. The Auditor shall deny any application for a license under this Ordinance after notice and hearing if the Auditor finds that the applicant has been during the previous five (5) years convicted, pleaded nolo contendere, or suffered a forfeiture on any felony charge or on a charge of violating any provision included in IC 35-1-82-2, 35-30-4-1, 35-1-83-2, 35-1-87-1, 35-1-87-2, 35-30-1-1, 35-1-89-1, 35-30-7-1, 35-30-7-2, 35-30-6-1 and Public Law No. 341 of the 1975 Acts of the Indiana General Assembly, which laws relate to sexual offenses or on a charge of violating a similar law, or on a charge of violating any similar law of any jurisdiction, or on a charge of violating any provision of this Ordinance or similar ordinance in any other jurisdiction. The making of a false statement on the application as provided for herein shall also be grounds for denial of this license. Notice of the hearing before the Auditor of Hendricks County of this application shall be given in writing, setting forth the grounds of the proposed denial of a license and the time and place of the hearing. Such notice shall be mailed by certified mail to the applicant's last known address at least ten (10) days prior to the date set for the hearing. The Auditor shall submit his decision to the applicant within five (5) days of his decision or within thirty (30) days of his receipt of the application, whichever date is the sooner.

- (b) The Auditor shall revoke the license of any person after notice and hearing if the Auditor finds that such person has been within the previous five (5) years convicted, pleaded nolo contendere, or suffered a forfeiture on any felony charge or on a charge of violating any provision included in those sections of the Indiana Code set forth in the immediate preceding subsections of this ordinance and/or said Public Law No. 341, which laws relate to sexual offenses, or on a charge of violating a similar law of any other jurisdiction on a charge of violating any provision of this Ordinance or a similar ordinance in any other jurisdiction. The license shall also be revoked by the Auditor if he finds after notice and hearing that any license holder has made a false statement on the application provided for herein. Notice of the hearing before the Auditor for revocation of the license shall be given in writing, setting forth the grounds of the proposed revocation and the time and place of the hearing. Such notice shall be mailed by certified mail to the license holder's last known address at least ten (10) days prior to the date set for the hearing.
- (c) Any person who purports to hold a valid license shall display upon request to any police officer corroborating identifying evidence that he or she is, in fact, the person displaying the license; and shall display the license upon request by a police officer. It shall likewise be an automatic case for revocation of the license of any owner or manager of a massage parlor should they have two (2) or more violations of these provisions in their establishment within a twelve (12) month period.
- (d) A "person" applying for a license hereunder shall include a partnership or association and any partner or member thereof or if the applicant is a corporation it shall include any officer, director or manager thereof or shareholder owning ten percent (10%) or more of its stock and shall likewise include members of both sexes.
- (e) In the event the Auditor should deny or revoke any license hereunder the applicant shall have an automatic right to appeal such denial or revocation to the Board of Commissioners of the County of Hendricks. Said Board of Commissioners shall hold a hearing with same procedural guidelines as set out above for the Auditor within thirty (30) days of the date of the denial or revocation. Said Board of Commissioners shall submit their decision to the applicant or license holder within five (5) days of its decision or within thirty (30) days of the hearing whichever date is sooner.
- (f) The license shall be valid for one (1) year and may be renewed for another one (1) year period upon the filing of a new application and payment of the license fee as set out in Section Four. Said application for renewal must be filed in the Office of the Hendricks County Auditor not less than thirty (30) days prior to the expiration of the existing license.

Section Seven. Signs and Advertising.

Any persons, firms or corporations, whose business operations are covered in whole or in part by this ordinance, shall limit their outdoor signs to only one sign, and that sign shall be on the premises where the business is operating and the sign shall not exceed nine (9) square feet, and shall set forth the name, business hours, and the professional services offered to be performed by said business. The lighting on said sign shall be limited to one (1) non-flashing light per side.

Section Eight. Pre-existing Operations.

All persons, firms or corporations to which this ordinance is applicable, who are presently operating within the jurisdiction of the Board of Commissioners of Hendricks County, shall make application for license as required herein within thirty (30) days of the effective date of this ordinance.

Section Nine. Penalties and Remedies.

(a) Penalties:

All persons, firms, or corporations violating the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof be punished by fine of not less than Ten Dollars (\$10.00) and not more than Three Hundred Dollars (\$300.00) for the first offense and not less than Three Hundred Dollars (\$300.00) and not more than One Thousand Dollars (\$1000.00) for each additional conviction thereafter.

(b) Remedies:

The Board of Commissioners, the Hendricks County Prosecutor, the Hendricks County Auditor, or any designated enforcement official, may institute a suit for injunction in the Circuit or Superior Courts of Hendricks County, Indiana, to restrain an individual, firm or corporation from violating the provisions of this ordinance.

Section Ten. Complaints.

All complaints of alleged violations of the provisions of this chapter shall be made in writing to the County Auditor. Upon learning of violations of the provisions of this chapter and/or related ordinances or laws, the Auditor shall utilize the enforcement remedies as provided herein.

After a hearing thereon, if the Auditor should determine that said license shall be revoked, no refund of license or permit fee shall be due.

Section Eleven.

Should any section, paragraph, sentence, clause or phrase of this ordinance be declared unconstitutional or invalid for any reason, the remainder of said ordinance shall not be affected thereby.

Section Twelve.

This ordinance shall be in full force and effect after passage, publication according to law.

The foregoing was passed by the Hendricks County Board of Commissioners this 24 day of June, 1977.

IN THE MATTER OF PERSONAL APPEARANCES
(MR. GREENFIELD)

Mr. Greenfield, from the Corp of Army Engineers, appeared regarding the President having declared Indiana eligible for FDAA Assistance Program for snow removal at 11:45 A.M. Friday, January 27, 1978. He explained that this means that the Federal Government will pay 75% of the cost the county has for hiring of private contractors to assist in the removal of snow. He also advised that since that time there has come into existence a 100% assistance program with the contractors to be hired by him on behalf of the Corp of Army Engineers to make all country roads two lane, to remove snow at intersections and open up turn arounds, etc. for the school buses.

(HAROLD HAWLEY, LEONARD NOEL, ROBERT BAKER AND GEORGE WYATT)

Harold Hawley, Leonard Noel, Robert Baker and George Wyatt appeared regarding damages to their snowmobiles and equipment which had been loaned to the Sheriff's Department during the emergency.

The Commissioners advised all parties to submit bills and ordered the Auditor to pay the same out of Commissioners fund without appropriation.

(PAT GALLAGHER)

Pat Gallagher, representing Associated Engineering, appeared to clarify their company's proposal previously submitted for the reinventory of the county bridges.

IN THE MATTER OF COUNTY HOME REPORTS

The Commissioners approved the County Home reports for the months of November and December, 1977.

IN THE MATTER OF CLAIM FOR ACCIDENTAL DEATH

The Commissioners took note of a claim in the amount of \$300,000.00 from Lisa J. Ausman, widow of James L. Auman, who was killed in an accident on County Road 800 West and the Conrail Railroad tracks, which claim the Commissioners denied.

IN THE MATTER OF MINOR PLAT NO. 3

The Commissioners also received a letter from the First National Bank and Trust Company of Plainfield advising that Larry D. Summers had placed \$2,000.00 cash surety for the performance of work in Minor Plat No. 3.

IN THE MATTER OF PERSONAL APPEARANCES
(JOE JOHNSON AND ROY PROCK)

Joe Johnson and Roy Prock appeared before the Commissioners regarding the terrible odor coming from the landfill which is caused by the sludge and liquid dumped there that is being hauled out of Marion County. The Commissioners will contact the State Board of Health to see what, if anything, can be done about this matter.

(JOHN HECKATHORN)

John Heckathorn, Hendricks County Veterans Service Officer and acting Civil Defense Director, appeared and made a report of the Civil Defense action during the recent blizzard emergency.

(RAY BOYD)

Ray Boyd, of the Humane Society, appeared regarding the bids on the new van or pickup truck for the Animal Control and was referred to the Animal Control Board.

(CAROL WHITE AND LINDA GILLESPIE)

Carol White and Linda Gillespie from Gailcrest subdivision appeared and asked the Commissioners if something could be done regarding a semi-tractor trailer parked on Kumar Drive in Gailcrest for long periods of time. The owner apparently lives on Road 300 East. The commissioners will talk to the County Attorney to see if anything can be done.

(GARY BECK)

Gary Beck, Executive Director of Cummins Mental Health Clinic, submitted a report on the status of the Clinic from July 1, 1977 through December 31, 1977.

IN THE MATTER OF REPAIR ON 56TH STREET

A letter was received from David Evans, U. S. Congress, regarding needed repairs on 56th Street where it dead ends into State Road 267. Mr. Evans' letter indicated perhaps this was a partial Marion County project. According to Hendricks County records this road is approximately four miles from the Marion County line and the Commissioners understand that this road is under the jurisdiction of the Town of Brownsburg and that the Town of Brownsburg has plans for repair of this road this spring and instructed the Auditor to so inform Mr. Evans.

IN THE MATTER OF COURT SETTLEMENT

A claim was submitted from Thomas Kief for \$1,500.00 which is an out of court settlement of a lawsuit which Mr. Kief had filed against Russell Carmichael, Hendricks County Sheriff, and which the Commissioners had instructed the County Attorney to settle for this amount. The Commissioners approved the claims and ordered the same paid by the Auditor out of funds unappropriated.

IN THE MATTER OF ANNUAL REPORTS

The Commissioners approved the annual report for the Hendricks County Auditor and for the Hendricks County Highway Department.

IN THE MATTER OF BLAKE STREET BRIDGE

The Hendricks County Commissioners signed agreements with the State of Indiana regarding the engineering fee agreement with the State and Federal Government for the Blake Street Bridge over the Railroad. They also submitted application for federal funds for right-of-way on this bridge.

IN THE MATTER OF SUBDIVISIONS

The Commissioners approved a bond reduction on Blackrock Estates and accepted this road into the county system. They released bonds on Sycamore Estates, Section 3 and 4.

IN THE MATTER OF IBM MAINTENANCE CONTRACT

The Commissioners considered a proposal for the service contract on all IBM typewriters in use in the county offices from IBM and from Dodson Business Machines. The Commissioners voted to give the service contract to Dodson Business Machines because their price is \$23.00 less per machine and they offer two inspections per year instead of one and also unlimited emergency service.

IN THE MATTER OF CHANGE OF MEETING DATE

Since February 20th is a legal holiday the Commissioners will change the date of their next meeting to February 21, 1978 at 1:00 P.M. The Auditor was instructed to notify the newspapers of this change.

IN THE MATTER OF FEDERAL FUNDS

Mr. Mitnick will be the coordinator for Hendricks County for the federal funds to be received from the Corp of Army Engineers on the 1978 Blizzard.

IN THE MATTER OF BURIED CABLE

A permit was granted to Indiana Bell Telephone for one buried cable. This letter is on file in the Auditor's office.

 IN THE MATTER OF PERSONAL APPEARANCES
 (PATSY WYNN)

Patsy Wynn appeared to request permission for the Kappa Kappa Kappa Sorority to hold the annual Art Show in the rotunda of the Court House during the second week in May, 1978, as in the past. The Commissioners granted them permission to do this.

(RUSSELL WIDENER)

Mr. Russell Widener, representing the Hendricks County Senior Citizens Service Corporation, appeared on behalf of that group requesting that the county fund a portion of this organization. Mr. Widener said that their group wanted to try to provide transportation, home nursing care and various other services to the senior citizens of Hendricks County. The Federal Government under the Senior Citizens Act of 1977 has funds that would fund 90% of the cost the first year and the county 10%, then the government would fund 75% the second year and the county 25% the second year and then the government would fund 60% the third year and the county 40%. After the third year the county would have to fund 100% of the program. Mr. Widener advised that the group had made a partial study and had determined that there were 9.5% of the total population in Hendricks County that were 65 and older, but he did not know how many of this 9.5% would need these services.

The Commissioners felt they would need more information on this matter before they could make a decision. They asked Mr. Widener to present his information to the County Council because they would have the final say in any monies budgeted for this project.

BOB HARRELL

Bob Harrell of Sieco, Inc., Consulting Engineers appeared and gave the Commissioners some information on the federal government sign program for County Roads.

TED POLLION

Ted Pollion, President of the Plainfield Town Board, and Nate Bently of Robert W. Armstrong Engineering Associates appeared and requested the Commissioners relax their rule of granular backfill on the Town of Plainfield's expansion of their water system. They asked that they not be required to put this granular backfill in when they laid their water lines on the west side of Stafford Road and the west side of Clarks Creek Road. The Town advised the Commissioners they would be responsible for any damage done to either of these roads as a result of the placing of these water lines.

The Commissioners said they would have no objection and asked the County and Town Attorneys to draw up an agreement for signatures.

ED LAMPE

Ed Lampe, representing Public Service of Indiana, appeared and was asked several questions as to how the county could reduce its energy consumption to the required 25%. He said we have done about everything we could do in the Court House and he will contact us after the meter readings on Thursday to inform us if we are still meeting the required reduction.

IN THE MATTER OF BURIED CABLE

A permit was granted to Indiana Bell Telephone for one buried cable. This letter is on file in the Auditor's office.

IN THE MATTER OF SUBDIVISIONS

Hidden Valley, Section II - Engineer reported a letter from Carl Anderson certifying that all construction has been completed per plans and specifications, and that several inspections had been made but until the snow was off the ground they could not make a final inspection. However, the Engineer recommended that the County accept the roads with the provision that the maintenance bond stay in effect until the final inspection.

Lakewood Estates - Same recommendation as above suggested for this subdivision.

IN THE MATTER OF ACCEPTANCE OF COUNTY ROADS

Richard Lewis, Hendricks County Engineer, presented the updated mile inventory of county roads to be sent to the State Highway which the Commissioners approved and signed. The Engineer also advised that some of the subdivisions where the Commissioners have accepted and are maintaining the roads were not listed at the State. The Commissioners therefore reaffirm roads in the following subdivisions have been accepted by the County as follows:

IN THE MATTER OF PERSONAL APPEARANCES
(BUD CADWELL, LEO ROST AND RAYMOND ROST)

Bud Cadwell, Leo Rost and Raymond Rost appeared before the Commissioners. Mr. Cadwell wants to put a driveway off of Indiana Street on the easement that they understand is there through Willsey Subdivision to go back to Mr. Cadwell's farm.

The Commissioners advised they would have no objections to him putting such a driveway off of Indiana Street providing there is actually a road easement through there.

All Hendricks County claims were approved at this meeting. There being no further business presented the meeting adjourned.

IN THE MATTER OF REPORTS

The Commissioners approved the County Home Reports for the month of December, 1977 and for January, 1978.

IN THE MATTER OF SHERIFF'S VEHICLES

Russell Carmichael, Hendricks County Sheriff, appeared regarding future purchases of Sheriff's vehicles and the trade in of the old cars. He believes we could receive more money for the old cars if we were to sell them at public auction rather than trade them in. The Commissioners advised him to hold a public auction next time new cars are bought. He also talked about the high costs of repairs to cars and the service. After much discussion the Commissioners asked that he get proposals from some garages in the area for servicing and repair of Sheriff's cars.

IN THE MATTER OF JOINT MEETING

The Hendricks County Commissioners set up a joint meeting with the Morgan County Commissioners for March 9, 1978 at 7:00 P.M. regarding the bridge that is closed on the Morgan-Hendricks County Line and is going to have to be replaced.

IN THE MATTER OF RENTING PASTURE

The County Commissioners instructed the County Auditor to advertise the pasture at the County Home for rent and they will accept bids both on the north side of S.R. 36 and on the pasture on the south side of S.R. 36. Bids will be accepted on March 28, 1978 at 3:30 P.M.

IN THE MATTER OF JAIL ROOF REPAIR

The County Commissioners considered a proposal to repair the roof on the old jail and directed the County Auditor to notify the contractor to proceed with the repairs.

IN THE MATTER OF COUNTY ACCEPTING ROADS FROM STATE

Steven Coon and Cheryl Shaffer of the State Highway Commission appeared to request that the County accept certain roads from the State as follows:

March 6, 1978

To: County Commissioners/County Council

My name is Jean Ann Milharic, 5991 Oak Mill Drive East, Plainfield, Indiana. I am here today as a taxpayer and property owner in Hendricks County. Recent events have caused me grave concern that I feel I must make known. I can no longer stand back and watch some of the things go on that I have seen happen in recent months. I have come to the County Commissioners/County Council because you are the elected officials of this county on whom we taxpayers rely for a good sound county government with sound judgement in choosing those appointed officials to run affairs of the county. Therefore, responsibility for the actions of those appointed officials can be and should be placed on your shoulders. The appointed officials should be accountable to you for their actions and you, in turn, are accountable to the people of this county who elected you.

I wish to register a complaint against Plan Director Mike Graham. Since we moved here in late January of 1977, we have noticed that he often oversteps his boundaries in dealings with both the Plan Commission and the Board of Zoning Appeals. He often gives his personal opinion rather than offering good sound advice for the county. This has been apparent in present dealings with the Plan Commission about Prestwick. He must remember that he is a servant of the public in his position as Plan Director.

He is also making statements in the newspapers far exceeding his position or authority. He is not an attorney and should keep this in mind. He has also done this during the long strung-out problems

with the Islamic Center stating in the paper that "some people feel that Mr. Al Deckard should be run out of town on a rail". This definitely was not a good statement to be coming from a county official planted right in the middle of this problem. He should keep his comments in public to his own area of concern with each case. I do not believe incidents of this nature are good for the county or the county agencies dealing with him. Certainly he has a right to his personal feelings; however, in his position he should have certain ethical conduct in public for which he should be held accountable for which I must, in turn, hold you accountable.

My next complaint is against the very recent "special" hearing by the zoning board on the Islamic Center. This should never have made it to the zoning board, but be handled in a court of law for violation of the county zoning ordinance. Instead, it seems this was entirely ignored, and it begins to reek of political overtones.

I would like to have you obtain the tape of the proceedings of the Islamic hearing, not the typewritten transcript, but the tape itself. Please listen carefully to the entire proceedings.

The attorney for the muslim group, Mr. Steve Keck, was allowed to continually bring in religious freedom (at one time he even had Mahmoud Rashdan tell us all about Islam!) while the remonstrators were very careful not to infringe on their religious freedom and stick only to the zoning issues involved. The muslims were also allowed use of an "expert" real estate witness who was partial to

the muslim concern. The remonstrators went to great expense to bring in a completely impartial, highly qualified real estate expert to observe and make professional findings. These findings showed clearly that this Center is detrimental to the surrounding community especially that property to the north of this land.

The remonstrators also showed that this Center is a profit making business concern with the "church" as incidental to the purposes forth stated. The remonstrators also had the sheriff himself explain we are getting into the same type of traffic and security problems that are present with IRP! During his testimony I also found that the county is very short on personnel on the sheriff's department. Just where are my tax dollars going I wonder?

Please listen carefully to the legal advice given by Mr. Vandiver, attorney for the zoning board in this particular case. He advised that if the board voted against the Center, they would have to show cause for turning this down in a court of appeals. This in turn would cost the county money. He further actually made the motion for the board so that it would be worded in the best possible way to keep this board from having to give legal reasons later. Well, what about giving me some legal reasons for allowing something to even be heard when clear violations of a "cease and desist" order by Mike Graham last December had been made. The remonstrators showed clearly the violations of such "cease and desist". The board

also stipulated that the muslims must follow county guidelines. How can we expect them to follow county guidelines when they have already proved that they could care less for obeying orders already given them last July and again in December with the issuance of the "cease and desist". Also the new zoning board member looked directly to Mr. Vandiver for advice, because he wasn't sure what to do. Mr. Vandiver should have given the legal ramifications for both sides of the issues and sit back and let the board take over.

The consequent actions of the zoning board leads me to believe that this county can now be considered an "open" county to anything or anyone who can't get zoning anywhere else. If our appeals board is so worried about being asked to show cause for their actions, then anyone can do anything they want if they first let the board know that they will appeal a "no" vote in a court of law, which is what Mr. Keck did.

I have also been advised that our County Attorney, Mr. Al Deckard, originally purchased the land in question and sold it to the muslim group. He certainly has a right to buy and sell property, but as a public servant I at least expect him to check out the prospective buyers and what they wish to do with this land and what this means to the other property owners in the area. Maybe I'm wrong, but I feel my property and it's value were sold down the river in exchange for a business deal by an official of this county which to me is a clear conflict of interest with the property owners in this area which he should be representing. Maybe he should explain this conduct to the bar association.

In the last four years over \$6,000,000.00 have been spent by people like myself for housing in Walnut Hills and Madley Acres. Now we find that it could well be impossible to ever realize our full value. None the less, our taxes will continue to be sky high, and we will also have to absorb the non-taxable status enjoyed by the Islamic Center. I understand that Guilford Township has the highest valuation assessment, but we also have the biggest block of votes in the county. It's time we voters speak up and do something about our future in Hendricks County. It is very hard to feel kindly toward the county government after more or less enticing me to get away from the problems of Marion County and move to the good neighbor county of Hendricks when this same "good" county could care less for my property value as long as they get their tax dollars from me.

What is sickening is that we citizens had to go out and pay attorneys and other outside experts to prove this Islamic Center detrimental to the area when our county officials could have and should have looked deeply into this themselves. I understand this is where some of my tax money goes, so why did I have to go to our aiders for help? I am supposed to be protected by the county zoning ordinance and master plan and yet I have to go out and pay for someone else to do it for me. I no longer can see the benefits of having the Plan Commission or Zoning Board of Appeals if they will not act to protect their county just because they may have their vote appealed in a court of law.

Listen carefully to the legal advice given the zoning board. Doesn't it reek of political overtones? None the less, the majority of the board swallowed it hook, line, and sinker:

I do not ever want to obstruct anyone's religious freedom and will not do so. However, I cannot see how a profit making business can possibly be lumped together with a "church". I feel our county officials have played with the taxpayers and the taxpayers' money in this matter, and I call on you to correct the situation and to see it does not happen again in the future: If the almighty dollar is more important to some officials than a good sound county government, then we should replace those officials at all levels immediately:

As a last remark, I must add that I pray I may never be a part of the "local political arena" as I have heard the term used for some of our county officials. To me a "local political arena" shouts of nothing but trouble for the citizens of this area. It means that our representatives represent themselves and not the people of their county.

I do not want to raise my children to mistrust local, state, or federal government. Instead I would like to be able to teach them that government on all levels really is of the people, by the people, and for the people -- not just some people but all people. Therefore,

I will continue to come forward whenever I see a public servant acting in his own behalf or that of the "local political arena" instead of for the good of the county, because I just happen to be my own person who wants to see this world as God's good world untroubled by bad politics at all levels.

IN THE MATTER OF BRIDGE NO. 204

This joint meeting was held for the purpose of deciding what to do with Bridge No. 204 located in Guilford Township on the county line road west of State Road 267.

After much discussion, the Commissioners of both counties agreed to split the cost of the repair of this bridge in order to reopen it. The estimated cost to each county was approximately \$10,000.00. It was decided to start the paper work immediately for the construction of a new bridge.

The Commissioners requested the attorneys for both counties to be instructed to draw up an agreement to this effect for signatures by both Boards of Commissioners.

There being no further business presented the meeting adjourned.

IN THE MATTER OF VOTING PLACES

The Hendricks County Commissioners established rental fees for voting places for this years election as follows: Non-Taxable, such as Schools - \$25.00; Tax exempt, such as Churches, etc - \$35.00 and privately owned such as garages, etc. - \$50.00.

IN THE MATTER OF DETOUR

Mike Bowman and Mike Bishop of the State Highway Commission, appeared and advised the Commissioners that Conrail was going to be repairing the railroad crossing on U. S. 136 east of Brownsburg at approximately County Road 900 E and that it would take approximately two weeks for these repairs and it would be necessary that U. S. 136 be closed at that time. Mr. Bowman and Mr. Bishop requested permission to post a detour on County Road 800 E to 400 N to 1000 E or in the alternative they would have to post the detour on I74. After much discussion the Commissioners voted that the detour route be posted on I 74 due to the condition of the county roads involved and because they simply could not withstand the heavy truck traffic if they were used for a detour.

IN THE MATTER OF AN ORDINANCE FOR HEAVY TRUCK TRAFFIC

The Commissioners also discussed with the highway superintendent and the county attorney the possibility of having to pass an ordinance to ban heavy truck traffic on the county roads. They took the matter of passing an ordinance under advisement and instructed the highway superintendent to contact all of the heavy haulers in Hendricks County and request there cooperation and compliance with this request on a voluntary basis. The highway superintendent also was to advise them that if it was absolutely necessary that a heavy load of cement or gravel, etc, had to be delivered to a certain spot, they were to call the highway superintendent who would cooperate in getting the delivery made by advising them what roads to use.

IN THE MATTER OF DAMAGED FENCE

A letter was received from Gilbert Dickey regarding damage to his fence along Highway 39 during the snow removal. The Commissioners advised the Auditor to write to Mr. Dickey and advise him that the State Highway did the snow removal on Highway 39 and not the county and any claim should be taken up with them.

IN THE MATTER OF TELEPHONE SYSTEM

The Commissioners had a meeting with the engineers from the Indiana Bell Telephone Company regarding the best way to install the new county telephone system without disturbing the beauty and historical value of the Court House. It was decided that the Bell engineers would work with the County engineer and assistant engineer in order to accomplish this.

IN THE MATTER OF CAR REPAIR

The Commissioners noted the request for car repair for the Sheriffs Department from Holloway Auto Parts and took no action pending the Sheriff getting two other proposals.

IN THE MATTER OF CENSUS

The Commissioners took note of the latest Hendricks County census figures received from the Census Bureau and that as of July 1, 1976 the population of Hendricks County was 62,177.

IN THE MATTER OF DAVID GRIFFITH REPORT

The Commissioners reviewed the report from David Griffith and Associates wherein the county will receive \$10,493 as reimbursement from the State for the cost of administration of the Welfare Department. The Griffith report also advised that there will shortly be other reports forthcoming for the CETA program and other programs.

IN THE MATTER OF HIGHWAY MONEY FROM STATE

The Commissioners also noted a letter received from Senator W. Wayne Townsend regarding the highway money which the various towns and county will receive from the money from the State General Fund for highways. The county unit will receive \$374,200.

IN THE MATTER OF ASSISTANT CUSTODIAN

Cathy Hensley presented a petition from the courthouse office holders and employees and requested that she be employed as the assistant custodian. The Commissioners took this matter under advisement and advised Mrs. Hensley they would give her an answer at their meeting on March 28, 1978.

IN THE MATTER OF BONDS

The Commissioners approved bonds of Mary Louise Crawley and Jeffery W. Gray.

IN THE MATTER OF BIDS

Comes now, Patricia J. Noel, Auditor of Hendricks County and presents to the Board affidavits of Betty J. Weesner and Robert E. Percy, Editors and Publishers of the two weekly newspapers of opposite political faiths published in said Hendricks County, the same being the Hendricks County Republican and The Danville Gazette, Inc. From said affidavits the Board finds that time has now arrived for the public opening and reading of bids as follows: A Van for the Animal Control Authority Board

Bids were received from the following: Danville Chrysler Plymouth

 HENDRICKS COUNTY GRAND JURY)

REPORT OF GRAND JURY

The Hendricks County Grand Jury hereby reports to the Hendricks Circuit Court as follows:

1. The Grand Jury inspected the Hendricks County jail and found it to be an effective, well facilitated institution with the following exceptions:

- A. Sheriff Carmichael expressed a need for a padded cell for inmates who are mentally defective or who are in a state of drug withdrawal.

- B. Sheriff Carmichael also expressed a need for a "drunk tank" complete with floor drainage.

This Grand Jury supports the Sheriff in these requests and hereby requests the County Council to make these installations.

2. The Grand Jury inspected the County Home and found it to be very clean and well managed. Mrs. West is to be highly commended for her well organized administration and the personal care afforded the residents. We recommend that the County Council release funds to pay for the following items herein listed in order of importance:

- A. Immediate installation of already purchased fire doors.
- B. Storm windows as needed.
- C. Update of laundry appliances.
- D. Plumbing repairs and repair of steam pipe installation.
- E. Removal of obsolete equipment in basement.

3. The Grand Jury in all of its investigations interviewed one hundred five (105) witnesses and accumulated seventy-six (76) instruments of documented evidence.

IN THE MATTER OF PERSONAL APPEARANCES
(NANCY POTTER AND BAXTER PAIGE)

Nancy Potter, 61 Riveria Drive and Baxter Paige of 59 Riveria Drive, Plainfield, appeared regarding a water problem which they have from water fed under Highway 267. The County engineer and Highway Superintendent are to check into the problem and correct it.

(RANDOLPH DANIEL)

Randolph Daniel of R. R. 2, Box 131, Coatesville, Indiana, appeared regarding getting Road 150 S, which is the main road to Heritage Lake blacktopped. Mr. Daniel has been able to obtain easements from all but two property owners along that road for the blacktopping and the Commissioners advised Mr. Daniel they would talk to the two property owners to see if they could obtain the necessary easements so that this road could be blacktopped this year.

(HERB SNYDER)

Herb Snyder who lives at the corner of Road 150 S and 625 E in Washington Township appeared to find out if that stretch of 150 E in front of his property is a county road. According to the county records it is a county road.

(JOHN HECKATHORN)

John Heckathorn, Veterans Service Officer, appeared and requested that his office be closed the week of April 24th while he attends the annual Veterans Service Officer's School and the week of May 1st while he is on vacation. The Commissioners granted this request.

(HUBERT MCCLAIN)

Hubert McClain appeared and advised that during the snow removal this winter about 15 rods of fence on 225 E just south of 200 S is laying on the ground and requested that it be removed. The Commissioners agreed to have the highway department remove the fence.

(PAT SKILLMAN AND MARVIN ADAMS)

Pat Skillman, Hendricks County Welfare Director, and Marvin Adams of the Welfare Board, appeared and advised that the Welfare Department needed more space.

IN THE MATTER OF BRIDGE NO. 204 REPAIR

The Commissioners of Hendricks County signed an agreement with the Commissioners of Morgan County on the repair and reconstruction of Bridge No. 204 in Guilford Township.

IN THE MATTER OF COUNTY SEWAGE TREATMENT MANAGEMENT STUDY

The Commissioners signed an agreement with the Indiana Heartland Coordinating Commission for a Hendricks County Sewage Treatment Management Study to be funded 75% by the Environmental Protection Agency and 25% from Hendricks County by in kind services to be furnished by the County Engineer and director of the Plan Commission. Total cost to be \$41,750.00 and the county share to be \$10,438.00 worth of services.

IN THE MATTER OF ROAD RESURFACING

A petition was presented by Judy Howard, Maxine Brown, Helen Voltz, Floyd Voltz and Glenda Long requesting immediate repairs and complete resurfacing of Hunter Road 1000 E between U. S. 136 and West 56th Street. These people also asked that road signs be put up at Hunter Road and 56th Street. The Commissioners advised that the road signs would be put up immediately and that the road would be repaired as soon as weather and time permitted.

IN THE MATTER OF SUBDIVISIONS

Sheffield Park - Section Three - The developer has requested the maintenance bond be released and the Engineer concurs with the request.

Continental Estates - Section One - The Engineer recommended the performance bond be released, no maintenance bond be required and that the road for Continental Estates, Sec. 1. be accepted into the County system. He also recommended that a petition for a legal drain be denied.

Hidden Valley Estates - Section 1 - The Engineer recommended the performance bond be released, no maintenance be required, that the Drainage Board accept the drainage system as a legal drain and a maintenance fund be established at \$6.00 per lot per year. All the above contingent upon the developer regrading and seeding the swale along the south side of lots 24 through 32.

Hidden Valley Estates - Section 2 - The Engineer recommended the drainage system be accepted as a legal drain and a maintenance fund be established at \$6.00 a lot per year, also that the performance bond be released upon receipt of a maintenance bond in the amount of \$26,800.00. He noted that the concrete curbs as constructed are very difficult to drive across because of geometric design. The curbs are acceptable; however, the contractor should not construct this geometric design in the next section.

IN THE MATTER OF BRIDGE NO. 182

The Commissioners directed a letter to the Indiana State Highway Commission designating Richard Lewis as Project Engineer and Robert Leak as Inspector on Bridge No. 182.

IN THE MATTER OF THE NEW TELEPHONE SYSTEM

Richard Lewis advised that Indiana Bell Telephone Company had submitted drawings and plans to him on what is needed to be furnished by the county to accomplish the installation of the new telephone system. The Commissioners directed that he get some estimates on the cost to the county for this and then it will be taken up with the council.

IN THE MATTER OF AN AGREEMENT

The Commissioners signed agreements with Consolidated Rail Corporation regarding the installation of grade crossing warning devices on East County Line Road near U. S. 136 and near I-74.

IN THE MATTER OF BLAKE STREET BRIDGE

Robert Armstrong made a status report on the Blake Street Bridge. He also asked that he be allowed to apply to the Federal Government for federal funds to design a bridge on Road 600 S and Road 700 E to replace the old concrete structure at this location. The Commissioners gave him permission to make this application.

IN THE MATTER OF COUNTY FINANCE ADMINISTRATION

The Commissioners signed an agreement with Associated Engineering for a relinquishment of the County's rights.

IN THE MATTER OF LANDWORK FOR ROAD

The Commissioners agreed to pay one half the costs of the repair of the pavement that is used by the Fair Board and the Jail for meeting.

IN THE MATTER OF RESIGNATION OF COUNTY CLERK

The Commissioners took notice of the letter of resignation submitted by Floyd Bailey, County Clerk.

IN THE MATTER OF STATE BOARD OF ACCOUNTS REPORT ON AUDITED COUNTY ACCOUNTS

The Commissioners read and acted on the State Board of Account's report on audited accounts of the Hamilton County Hospital for the period of January 1, 1977 to December 31, 1977.

IN THE MATTER OF BUSINESS

The Commissioners approved an application for moving the new Professional Association with proposed name (see 2. lower) from the present classification of A-Ring's Facility (Business process for Medical Building) to General Business. This resolution was signed by Don E. Lester and was approved by the Vice President on April 18, 1978 and by the Commissioners on May 17, 1978.

IN THE MATTER OF BRIDGE NO. 127

A copy of the letter sent by Richard A. Lewis to Richard State was filed showing his for granting the right-of-way for the replacement of Bridge No. 127 and reflecting the agreement to plant burning bush plants along the north side of the guard rail extending to front of a portion of their property.

IN THE MATTER OF HIGHWAY EMPLOYEE'S UNIFORMS

Mr. John Winkle of Mechanics Laundry came to explain to the Commissioners that the contract with Mechanics Laundry did not provide that short sleeve shirts would be provided to the highway employees in the summer, and if we desired short sleeve shirts there would be an additional charge. The Commissioners decided not to make a change in the contract at this time.

IN THE MATTER OF PERSONAL APPEARANCES (DANA PARKER)

Dana Parker, of Norther Acres, presented a petition signed by residents of Northern Acres petitioning for a speed bump to be installed on Shelia Drive. The Commissioners advised Mr. Parker they could not construct a speed bump on a public highway.

(ROBERT ARMSTRONG)

Robert Armstrong appeared and made a report of his inspection of Bridge #218 on Road 700 S at the south entrance of the Boys School. The county engineer concurred with Mr. Armstrong that the bridge is in very bad condition and that the highway department had closed this bridge to trucks and school buses effective February 27, 1978. Mr. Armstrong is to investigate what federal funding, if any, the county may be able to receive to replace this bridge.

(E. ALONZO DECKARD)

Mr. Deckard presented a letter he had received from Conrail regarding their being reimbursed for their costs to review and inspect our plans for the reconstruction of the Blake Street Bridge. No action was taken on this matter.

The Hendricks County Commissioners made recommendations to the Hendricks County Council that a 10% raise be given to employees for the year of 1979.

IN THE MATTER OF COUNTY HOME REPORT

The Commissioners approved the county home report for the month of May, 1978.

IN THE MATTER OF VACATING AN ALLEY

Lee Comer appeared advising that property owners wanted to vacate an alley in the Town of Belleville between Lots 1, 2, 3 and 9, 10, 11 and 12 of Block 3 of the original town. The Commissioners advised him they would approve this providing the adjoining property owners had no objection.

IN THE MATTER OF SPEED LIMIT SIGNS

The Commissioners received a letter from the Sheriff's Department requesting 20 mile per hour speed limit signs be put up in Woodridge Addition. The Commissioners instructed the Highway Superintendent to place a sign at this addition.

IN THE MATTER OF XEROX PROPOSAL

The Commissioners looked at the proposal submitted by the Xerox Corporation for the purchase of the present xerox equipment at \$13,830.00. If this is purchased at this time, the county will save a total of \$14,016.00 over the next six years over what it will cost us in rental payments. The Commissioners decided they would purchase this equipment if the council will approve the money.

IN THE MATTER OF DANVILLE LANDFILL

George Oliver, Guinn Doyle and Bruce Palin from the Indiana State Board of Health and Dave Middy of Industrial Waste Management appeared along with his attorney, John Vandivier, at the request of the Commissioners regarding the odor complaints from the dumping of industrial sludge at the Danville Landfill. Also, the following property owners in the area appeared:

James Rhea, Joe Johnson, Bill Cody, Mr. & Mrs. James Hank, Mr. & Mrs. Ronald L. Moreland, Linda Fowler, Michael Fowler, Mrs. Robert Fowler, Mrs. Paul Gill, Paul Gill, Mrs. Ebert McClain, Ebert McClain, and Mrs. Arnold Gath, Mr. & Mrs. John Phil Mann, Lloyd Hadley, Louis O. Barber, John Hider, Kathleen Gannon, Richard Edmondson, Sandra K. Hider, Charlotte H. Edmondson, Bill Parent, Mr. & Mrs. William E. Rorer, William Parent, Betty J. Rinehart, Manetta M. Walker, Mr. & Mrs. Wayman Nicholson, Lora Cody, Iris L. Cody, Robert A. Fowler.

Iris Cody, Ronnie King and Lillian Parent spoke on behalf of the remonstrators. They all agreed that since September of 1977 there has been a terrible stench from this dumping of sludge at the landfill.

Mr. Doyle from the State Board of Health advised that the State Board of Health had issued a permit for the dumping of this sludge to Industrial Waste Management.

Mr. Middy advised that Industrial Waste Management would do all they could to eliminate the problem.

There was much discussion and questions from the remonstrators and the Commissioners to the Health Department and the Industrial Waste Management.

It was noted that the 1970 Hendricks County Ordinance establishing the Danville Landfill specifically prohibited the dumping of industrial waste, and that a county permit was to be issued annually for the operation of this landfill. IWD is operating this landfill only under permit from the State Board of Health under SPCA-18.

After all discussion, the Commissioners instructed the County Attorney to research and make his recommendations to the Board as to what action, if any, the Board of Commissioners can take on this matter, is any. The Commissioners set a further hearing at 7:30 P.M. on July 25, 1978 for anyone who wished to attend to hear the attorney's report.

McClain, Kathleen Garrison, Helen Gill, Paul Gill, Lawson Barber, Lois Barber, Iris Cody, Arch Rinehart, Betty Rinehart, Harry H. Shular, Judy M. Shular, Rosemary King, Bill Parent, Arlie J. Willich, Zelma Poole and Norbert Poole.

Mr. Al Deckard, Hendricks County Attorney, gave his recommendations in writing to the Board of County Commissioners and read them to all present and they are as follows:

TO: Board of Commissioners of Hendricks County, Indiana

Re: IWD Waste Disposal operation east of Danville, Indiana.

As per your request, this is to advise that we have researched the law as regard to the above waste disposal operation.

We have concluded that Hendricks County Ordinance 1967-1 regulating garbage and waste disposal in Hendricks County is still in full force and effect.

We have further concluded that the conditional use permit, granted by the Hendricks County Board of Zoning Appeals, was for a land-fill operation and that the aforesaid operation does not come within the landfill operation as described in Ordinance 1967-1 and in SPC-19.

The Ordinance 1967-1 as proposed by the Hendricks County Board of Health was passed pursuant to I.C. 17-2-22-4 (effective 1953), which permitted local governments to regulate waste disposal.

That although the Stream Pollution Control Board, by its regulation SPC-18, require waste disposal permits and sets minimum standards for their operation, the State of Indiana through its Board of Health and Stream Pollution Control Board has not pre-empted the area specifically enough to prohibit local government from passing and enforcing their own laws, as long as they are compatible.

A "landfill" as defined in Ordinance 1967-1 is as follows:

"Sanitary fill" shall mean and relate to the removal to and placing of garbage and rubbish in a specially prepared trench or its equivalent and the aforesaid contents thoroughly compacted and covered with at least six (6) inches of compacted fresh earth daily.

It is further described by Regulation SPC-18 a "landfill" means a "sanitary landfill".:

"Sanitary Landfill" means an engineering method of disposing of refuse on land in a manner that protects the public health and environment by spreading the waste in thin layers, compacting it to the smallest practical volume, and covering it with compacted soil at the end of each working day.

The request directed to Mr. Michael Graham, as Planning Coordinator by I.W.D. proposed that mycellia was to be used as part of an experimental farming operation, would have been permitted on the land though it was zoned "Industrial".

We recommend the following:

1. That this matter be referred to the Hendricks County Board of Health and the Hendricks County Prosecutor, pursuant to the Ordinance 1967-1, for enforcement of having failed to obtain a permit as required by said ordinance and having disposed industrial waste as prohibited by the said Ordinance.

2. That this matter be referred to Michael Graham, Hendricks County Planning Director, who concurs in this opinion, for the issuance of a Cease and Desist Order for any operation other than that permitted by Ordinance 1967-1, and for him to further notify the Indiana Stream Pollution Control Board of the zoning violation and request that their permit be invalidated immediately.

3. That the landowners adversely affected by the aforesaid operation seek legal advice as to whether or not the aforesaid operation constitutes an "actionable nuisance", and as to all remedies therefore.

Respectfully submitted,

IN THE MATTER OF JAIL INSPECTION

The Commissioners took note of a letter from the Indiana Fire Marshall that an inspection was done of the Hendricks County Jail and they had no recommendations to make at this time.

IN THE MATTER OF DAUM INVESTMENT CORPORATION

Mr. Stanley Shurtle appeared to report his findings concerning the property of the Daum Investment Corporation, managed by Mr. D. P. Daum. (This problem being given priority by Mr. Shurtle in his work of locating corner stones in Hendricks County) The project includes locating the South line of Section 1, Township 14 North, Range 1 East, which is the south property line of above named property owner. This is necessary in order to determine where additional Right of Way would need to be dedicated for the use of Hendricks County Roads so that a new bridge can be constructed on

County Road 600 S, just a few rods West of New State Road No. 267, in Guilford Township.

Mr. Shartle said that he has now found where the section line should be, and has placed stakes 20 feet North of said line, which represents the present Right of Way. In order to construct the bridge, an additional five feet to ten feet will be needed. Therefore, when the Right of Way problem has been resolved with Mr. Daum, stakes will be set North of the present stakes to show construction limits for the bridge project. Note: To observe the suggestions of the Hendricks County Thoroughfare Plan, Hadley Acres Subdivision, one-half mile West, has dedicated 40 feet North of the section line. Therefore, to bring this line straight through Mr. Daum's property, stakes should be set another twenty feet North of what Mr. Shartle has already placed. These facts were brought out during the discussion on the project.

The Board advised Mr. Richard Lewis, County Engineer, to confer with Mr. Daum, show him where the stakes are now located, and negotiate to purchase the Right of Way that is needed.

IN THE MATTER OF COUNTY HOME REPORTS

The County Commissioners approved the County Home reports for the months of June and July, 1978.

IN THE MATTER OF PERSONAL APPEARANCES
(JIM HOWE)

Jim Howe of R. R. 6, Danville, Indiana, appeared before the Commissioners and requested that the corner of County Road 450 W and 200 S be widened and graveled before bad weather. He advised that the road is now so narrow that a snow plow cannot even get into the road. The Commissioners advised they would talk to the Highway Superintendent and see if it wouldn't be possible to get this road repaired and widened before bad weather.

JERRY BUHLER

Jerry Buhler, 25 Redbud Lane, Brownsburg, Indiana, Phone No. 852-4504, Pleasant Vue Addition, appeared regarding a drainage problem at his house and street. He feels a field tile was broken when the street was put in. The Commissioners advised they would have the County Highway Superintendent and County Engineer to check the matter out and see what can be done.

MATT AYRES

Matt Ayres of the Lizton State Bank, appeared regarding County Road 700 N and State Highway 267. There have been two accidents at this location in the last week and Mr. Ayres requested the Commissioners help with the State Highway in getting a flasher installed to help this problem. The Commissioners advised they will contact the State Highway and see if they can't get this taken care of. Mr. Ayres

also advised that the condition of County Road 700 N is very bad and advised the Commissioners that the Lizton Bank might be willing to pay part of the cost of blacktopping this road. This matter will be checked out with the Highway Superintendent as to the cost and Mr. Ayres will be advised what, if anything, can be done.

LEE GUYER

Lee Guyer appeared representing the Danville JayCees and advised that JayCees are considering as one of their projects landscaping the courthouse lawn and he asked if the Commissioners would be interested in their taking on a project of this type. The Commissioners advised they would be interested in that organization doing this and Mr. Guyer advised he will have a plan drawn up and present it to the Commissioners later for their approval.

GEORGE PURNELL

Mr. George Purnell of Indiana University School of Public and Environmental Affairs appeared at the invitation of the County Commissioners to talk about employee relations. Mr. Charles Pope, Mr. Joe Lawson and Mr. Donovan Robinson of the County Council attended this part of the meeting, also.

There being no further business presented the meeting adjourned.

IN THE MATTER OF RESIGNATION

John Heckathorn, Veterans Service Officer for the County, submitted his letter of resignation to the Commissioners to take effect September 22, 1978. Mr. Heckathorn advised the Commissioners that he hated to leave his position, however, he has been hired by the State of Indiana.

IN THE MATTER OF PERSONAL APPEARANCES
(REX JONES)

Rex Jones of Hoosier Heartland appeared and asked the Commissioners to support the formulation and intent of the District Overall Economic Development Program, currently being prepared by the Indiana Heartland Coordinating Commission and the eight-county Advisory Committee for the Heartland Region. The Commissioners instructed the Auditor to prepare a letter to Governor Bowen to this effect.

IN THE MATTER OF PETITION

A petition was presented from residents requesting a 100 foot guardrail put at County Road 525B and County Road 200 S because of the large number of accidents at this location. The Commissioners asked the County Engineer to check this location and make his recommendations to the Commissioners.

IN THE MATTER OF NATIONAL CONFERENCE

The Commissioners instructed Michael Graham, County Plan Commission Administrator, to attend the conference on the National Association of Waste Disposal Institute to be held in San Francisco, California on September 20, 21 and 22, since this conference will deal primarily with new mandatory federal legislation on landfills, which local governments will have to adopt next year.

IN THE MATTER OF SUBDIVISIONS

- Tattersall Manor, Section Two - The Engineer recommends release of the maintenance bond. The roads and drainage system has already been accepted by the county.
- Avondale Heights Subdivision - Engineer recommends building permits be released upon the receipt of \$1,000 performance bond or other monetary guarantee to complete grading and seeding along lots 15, 16, 53, 54 and 55.
- Sheffield Park, Section 2 - Engineer recommends reducing the performance bond as follows:
Road Construction - \$12,000; Storm Sewer - \$6,000.00; Erosion Control - \$2,000.00.
- Lakewood Estates - Engineer recommends performance bond be released in favor of a maintenance bond in the amount of \$11,200.00; The Drainage Board accept the drainage system and establish a maintenance fund in the amount of \$10.00 per lot.
- Westgate Crest Park - Engineers recommend the County accept streets; the performance bond be released in favor of a maintenance bond in the amount \$5,600.00; Drainage Board accept the drainage system, a maintenance fund will be established after the Ross drainage hearing. If the Ross petition is denied, it is recommended a maintenance fund of \$10.00 per lot be established.

IN THE MATTER OF BURIED CABLES

Permits were granted to the Indiana Bell Telephone Company for two buried cables and to the United Telephone Company of Indiana, Inc. for one buried cable. These letters of request are on file in the Auditor's office.

**IN THE MATTER OF PERSONAL APPEARANCES
 (R. C. DANIEL)**

R. C. Daniel appeared again requesting that C. R. 125 S, the road that leads to Heritage Lake, be blacktopped. He advised that the lake traffic is heavy and the roads are so dusty that his brother's dog died and when they received the autopsy report the result indicated the dog died from dust inhalation. He further advised that he had been to see the Putnam County Commissioners and they said they would be willing to work with Hendricks County in trying to get this road blacktopped. Mr. Himsel advised Mr. Daniel the county had tried to get this road blacktopped by obtaining a right-of-way from the property owners and that they had obtained all of the necessary right-of-ways except one from a Mr. Waterman, who had refused to give it. He also advised Mr. Daniel that the state law requires that the county have a 40 foot easement to build any new road, and without the necessary right of way this could not be done. The Commissioners advised Mr. Daniel they would again attempt to obtain the right-of-way from Mr. Waterman and then proceed from there.

IN THE MATTER OF SHEFFIELD PARK

The Commissioners took note of a letter received from Mr. David M. Quantt, president of Sheffield Park Community Association, and directed the Highway Supervisor to post warning signs on C. R. 100 N east of the entrance to Sheffield Park.

IN THE MATTER OF 3 WAY STOP

The Commissioners instructed the Highway Supervisor to make the intersection of County Road 50 N, 100 N, and 50 E a three way stop.

IN THE MATTER OF NEW BRIDGE

Robert Armstrong appeared before the Commissioners with an agreement between R. W. Armstrong and Associates and the Commissioners for the design of a new bridge over White Lick Creek on County Road 700 E between State Road 267 and 600 S in Guilford Township, to be with Federal Off System money.

IN THE MATTER OF ORDINANCE FOR WASTEWATER DISPOSAL

Gary Rogers and Larry Elliott, County Sanitarians, presented a proposed ordinance for the county to comply with regulation HSE 25-R residential on Site Wastewater Disposal, whereby the county ordinance would be as good or better than the state regulation. The Commissioners set this ordinance for hearing at 1:30 P.M. on December 4, 1978.

IN THE MATTER OF COUNTY HOME SUPERINTENDENT

The Commissioners took note of the letter of resignation of Patsy West as Superintendent of the County Home effective January 1, 1979.

IN THE MATTER OF PERSONAL APPEARANCES
(MRS. JAY ORNER)

The Commissioners took note of a letter received from Mrs. Jay Orner regarding changing the name of County Road 200 S to Bradford Road and County Road 1050 E to Six Points Road because the post office uses these for addresses for the mail delivery on these roads. The commissioners cannot change the names of these roads without changing the whole county road system identification and directed the auditor to advise Mrs. Orner that she should contact the post office department regarding the problem.

Carl Preusse, Dave Clark and John Delaney

Carl Preusse of Indun Realty, Dave Clark of Prestwick and John Delaney of Mid States Engineering appeared regarding a proposed extension of County Road 100 S from County Road 450 E to County Road 525 E. They estimate the cost of this extension would be approximately \$370,000. Indun Realty advises they would be willing to pay approximate 30% of this cost since approximately 30% of this road would run through Prestwick. The commissioners advised that they would consider approving this extension if this road could be built out of other than county funds, but they don't feel they could use county money to build a new road at this time in view of the condition of some of the present existing roads and lack of funds to repair them. They recommended that Indun Realty could investigate whether or not there might be some federal funding available to build this road.

IN THE MATTER OF OAKRIDGE SUBDIVISION

The Commissioners instructed the county road supervisor to post twenty mile per hour speed limit signs in Oakridge Subdivision.

IN THE MATTER OF LAPINTA SUBDIVISION

The Commissioners received an inquiry as to whether or not the county maintains Purpura Drive in LaPinta Subdivision. The county does maintain this road.

IN THE MATTER OF COUNTY BRIDGE NO. 42

The Commissioners ordered repair and replacement of County Bridge No. 42 on 1000 E just north of 700 N, at an estimated cost of \$24,000.00 to be built by the Hendricks County Bridge crew.

IN THE MATTER OF BURIED CABLES

Permits were granted to Indiana Bell Telephone for two buried cables. These letters of request are on file in the Auditor's office.

|-----------------------|--------------------------------|
| Arthur Himself) | |
| Marvin Money) | Hendricks County Commissioners |
| Herschel Gentry, Jr.) | |
| Patricia J. Noel | Hendricks County Auditor |
| E. Alonzo Deckard | Hendricks County Attorney |
| Richard Lewis | Hendricks County Engineer |

IN THE MATTER OF PERSONAL APPEARANCES
(RAY DAUGHERTY)

Ray Daughtery, Hendricks County Sheriff, appeared and advised that Carson Ford had offered an extended warranty on the four sheriff's cars recently delivered for an additional twenty four months or 24,000 miles for \$150.00 per automotile, which when added to the original warranty of twelve months of 12,000 miles would put these autos in warranty for three years or 36,000 miles. After they all discussed this matter the Commissioners felt perhaps this would be a good program in view of the high costs of repairs to the sheriff's cars in the past.

ROY WALTERS AND MIKE KANDRAC

Roy Walters and Mike Kandrac of Business Men's Assurance appeared and presented rates for medical insurance for the county employees. Gayle L. Byers of Blue Cross Blue Shield appeared and also presented rates of the medical insurance for county employees. The Commissioners took this matter under advisement until Thursday, December 21, 1978 in order to study the differences in the coverages.

IN THE MATTER OF COUNTY HOME CONTRACT

The County Commissioners signed a contract with Shirley A. Schoenrock as Superintendent of the Hendricks County Home commencing January 1, 1979.

IN THE MATTER OF CLAIM AGAINST COUNTY

The County Commissioners took note of a letter received from the law firm of Wilson, Tabor and Holland on behalf of Jane and Jennifer Alverson on notice of pending claim against Hendricks County in the amount of \$500,000 arising out of an accident which occurred on August 12, 1978 at the intersection of Tilden Road and County Road 600 E.

IN THE MATTER OF BIDS

Comes now, Patricia J. Noel, Auditor of Hendricks County and presents to the Board affidavits of Betty J. Weesner and Robert E. Percy, Editors and Publishers of the two weekly newspapers of opposite political faiths published in said Hendricks County, the same being the Hendricks County Republican and The Danville Gazette, Inc. From said affidavits the Board finds that time has now arrived for the public opening and reading of bids as follows: Sheriff's cars

Secretary - Commissioners

DECEMBER 26, 1978

The Hendricks County Commissioners met in the Commissioners' Room in the Court House on December 26, 1978, with the following in attendance:

| | | |
|-----------------------|---|--------------------------------|
| Arthur Himself |) | |
| Marvin Money |) | |
| Herschel Gentry, Jr.) | | Hendricks County Commissioners |
| Patricia J. Noel | | Hendricks County Auditor |
| E. Alonzo Deckard | | Hendricks County Attorney |
| Richard Lewis | | Hendricks County Engineer |

IN THE MATTER OF COUNTY HOME REPORTS

The Commissioners approved the County Home reports for the months of October and November, 1978.

IN THE MATTER OF PERSONAL APPEARANCES

Dick Patterson of 725 Meadow Lane, Plainfield appeared before the commissioners and said that he feels like Rhoades Beverage is in violation of county building ordinance on his new addition in that it appears to Mr. Patterson that he is building in the legal court drain. Mr. Patterson was referred to county engineer, Mr. Dick Lewis, who was asked to check into this matter.

(TOM O'BRIEN, MICHAEL GRAHAM, DR. TERRY, GARY ROGERS AND MR. PATTERSON)

Mr. Tom O'Brien, attorney for the local Health Board, and Mr. Michael Graham, Dr. Lloyd S. Terry, and Mr. Gary Rogers of the Health Department and Mr. Patterson of the State Board of Health appeared before the commissioners regarding the new private sewage disposal ordinance being considered by the commissioners in compliance with the State Board of Health Regulation H.S.E. No. 25 and specifically Section 7 of this proposed ordinance which would, if adopted, completely eliminate building in 85% of Hendricks County with the use of septic tanks. Mr. Patterson of the State Board of Health advised that this regulation was in full force and effect regardless of whether Hendricks County passed an ordinance and that he felt the State Board of Health's position would be that homes could not be built on any of this property unless there is a public sewer available. Mr. Patterson did advise that there were some alternative systems, however, it had been the State Health Board's position that these alternatives probably weren't too good and would also up the cost of the construction of a house considerably. After much discussion the commissioners advised that they would have to consult the county attorney before a decision could be reached on this matter, and further that the hearing had already been continued on this matter until January 2, 1979.

IN THE MATTER OF BIDS

Comes now, Patricia J. Noel, Auditor of Hendricks County and presents to the Board affidavits of Betty J. Weesner and Robert E. Percy, Editor and Publishers of the two weekly newspapers of opposite political faiths published in said Hendricks County, the same being the Hendricks County Republican and The Danville Gazette, Inc. From said affidavits the Board finds that time has now arrived for the public opening and reading of bids as follows: Snowmobiles for the Sheriff's Department.

Mitchell Implement Sales

Since this was the only bidder the commissioners took this bid under advisement until January 2, 1979, to give them an opportunity to talk with the Sheriff.

IN THE MATTER OF REZONING

The Commissioners approved an application for rezoning for George W. Meyer, Jr. and Alice V. Meyer, husband and wife and Richard F. Andrews and Susan K. Andrews, husband and wife from the present classification of "A" Single Family Residence to LB Local Business. This ordinance was signed by George W. Meyer, Jr. and Richard F. Andrews, petitioners and was approved by the Plan Commission on December 11, 1978, and by the County Commissioners on December 26, 1978.

This property bears the Key Number Washington 24-7-10 and contains 0.151 acres more or less.

IN THE MATTER OF APPOINTMENTS

 White Lick Creek Estates Sec. 2 in Brown Twp. - Recommended the streets be accepted in the Co. system.
 Holiday Homes, Corp. for the Hendricks County Office Building - Recommend that the State Fire Marshal and the Administrative Building Council Codes shall be complied with. There are some deviations from the plans; therefore, these individual items shall be negotiated between the Contractor and the County. Also recommended that a surety bond in the amount of one hundred percent (100%) of the total amount of the bid be furnished by Holiday Homes, Corp.

IN THE MATTER OF SUBDIVISION BONDS

Hill Valley, Sec. 3 - Engineer recommended maintenance bond be released.
 Westerville Estates, Sec. 2 - Engineer recommended that the performance bond be released in favor of a maintenance bond in the amount of \$19,000.00, also that the roads be accepted into the county system and the Drainage Board accept the drainage system. It is further recommended that a maintenance fund of \$7.00 per lot, per year be established.
 Preston Estates, Sec. 1 - Engineer recommended that the maintenance bond be released.
 Shiloh Country Estates - Engineer recommended that the performance bond be reduced to \$5,000.00.
 Sycamore Estates, Sec. 5 - Engineer recommended that the performance bond be released and that the streets and drainage system be accepted into the county system. Also recommended a maintenance bond of \$4,000.00.

IN THE MATTER OF INSURANCE

Dick Pittman of American Family Life Assurance appeared and requested permission to talk to the county employees again regarding the cancer insurance which several employees already have. Permission was granted.

IN THE MATTER OF CETA EMPLOYEES

Dr. Leondis appeared regarding the fact the Animal Shelter was going to lose their CETA employee in the CETA cutback and said that it would be difficult to operate with one less employee. The Commissioners advised he would have to talk to the council to see if they would fund a position out of the county funds.

IN THE MATTER OF FIRE EXTINGUISHERS

George Guy of AAA Fire Extinguisher Company appeared and the Commissioners instructed him to install the proper number of fire extinguishers in the courthouse.

IN THE MATTER OF GAS FOR THE SHERIFF'S DEPARTMENT

Trip Guthrie, Petroleum Manager of Farm Bureau Coop, appeared regarding the bid from the county to furnish gasoline to the Sheriff's Department. He requested permission to furnish gasohol instead of unleaded gas. The Commissioners advised him they would try the gasohol and asked Ray Daugherty, Sheriff, if he would check mileage and performance of the Sheriff's cars when they started using the gasohol to see if they did get better mileage.

IN THE MATTER OF ATTORNEY FOR SHERIFF'S DEPARTMENT

Ray Daughtery, Hendricks County Sheriff, appeared to advise the Commissioners that he could hire Paul T. Hardin as the attorney for the Sheriff's Department at a retainer of \$600.00 per year. The Commissioners advised they were agreeable to hiring Mr. Hardin.

IN THE MATTER OF POSTAL DELIVERY IN THE COURTHOUSE

Maxwell Lee, Danville Postmaster, appeared at the request of the Commissioners regarding the possibility of delivering mail in the courthouse and he said that the post office would be willing to do that, however, mail would not be delivered until between 9:00 A.M. and 9:30 A.M. He also advised they could not put a drop box in the courthouse for mail pickup and mail would still have to be taken to the post office for mailing. The Commissioners took this matter under advisement.

IN THE MATTER OF JOB DESCRIPTIONS

All office holders and department heads appeared at the request of the Commissioners and George Purnell of Indiana University explained to all of them the job description program which the Commissioners and Council have asked to Indiana University to implement for them. Each officeholder was given a sufficient number of forms for each of their employees and requested to return them to the Auditor's office by January 29, 1979.

IN THE MATTER OF IBM CONTRACT

The Commissioners received a quotation from Dodson Business Machines and IBM for the maintenance of all IBM typewriters in the county. After discussion the contract was awarded to IBM.

ATTEST:

Secretary - Commissioners

Arthur Himself
Marvin Money
Herschel Gentry, Jr.
Hendricks County Commissioners

FEBRUARY 5, 1979

The Hendricks County Commissioners met in the Commissioners' Room in the Court House on February 5, 1979, with the following in attendance:

| | | |
|----------------------|---|--------------------------------|
| Arthur Himself |) | |
| Marvin Money |) | Hendricks County Commissioners |
| Herschel Gentry, Jr. |) | |
| Patricia J. Noel | | Hendricks County Auditor |
| E. Alonzo Deckard | | Hendricks County Attorney |
| Richard Lewis | | Hendricks County Engineer |

IN THE MATTER OF SNOWMOBILE ORDINANCE

George Wyatt and Dallas Pickard, representing the snowmobile club, appeared and requested that the Commissioners pass an ordinance to allow snowmobile riding on the county roads. The Commissioners advised they would have to check into this matter with the county attorney and the Sheriff and would take the matter under advisement until then.

IN THE MATTER OF BIDS FOR COUNTY FARM PASTURE

The County Commissioners instructed the Auditor to advertise to take bids for the county farm pasture for this year.

IN THE MATTER OF BURIED CABLES

Permission was granted to the Indiana Bell Telephone Company for two buried cables. These letters of request are on file in the Auditor's office.

IN THE MATTER OF BIDS FOR NEW COUNTY OFFICE BUILDING

Dick Lewis, Hendricks County Engineer, appeared and advised the county commissioners that he had been over all of the bids for the new county office building and that it was his recommendation that the commissioners accept the bid of Holiday Homes which was the lowest bid on the office building. The commissioners after some discussion, awarded the bid for the new office building to Holiday Homes for \$84,000.00.

IN THE MATTER OF PERSONAL APPEARANCES
(Phyllis Boyd)

Phyllis Boyd appeared and requested that the Animal Control Ordinance be amended as to its membership because at most meetings they did not have a quorum. She suggested that the ordinance be amended to read the County Sheriff or his representative and that the President of the Humane Society be made a member. The commissioners took this matter under advisement and said they would talk to the county attorney about it.

(Dr. Lloyd S. Terry, Gary Rogers and Jennifer Houser)

Dr. Lloyd Terry, County Health Officer, Gary Rogers, County Sanitarian and Jennifer Houser, Assistant Sanitarian, appeared regarding the proposed new septic tank ordinance. They advised they felt it important that this ordinance be passed in some form due to the provision in the ordinance for distribution boxes. They suggested leaving out the controversial part of the proposed ordinance in Section E and A & B of Section 7. The Commissioners took this matter under advisement.

(Gary Beck, William McGraw and Sara Premo)

Gary Beck, William McGraw and Sara Premo, representing Cummins Mental Health Clinic, appeared. Mr. McGraw as spokesman advised the Commissioners that effective July 1, 1979, the Cummins Mental Health Clinic will become a mental health center. They advised that they will have to have housing not only for the outpatient work that they are doing now as a clinic, but they will have to have inpatient housing. They estimate that a building will cost approximately two million dollars, 75% of which will be paid by the State and 25% of which will be borne by Hendricks and Putnam Counties. They asked the Commissioners thoughts on housing for such a center. The Commissioners suggested that they felt the mental health board and the hospital board should meet on this matter and determine the feasibility of placing a third floor on the Hendricks County Hospital for this mental health center.

(John Randall)

John Randall, County Extension Agent, advised that the new computer terminal in the county extension office was in operation and as such for certain information that some people wanted there would be charges made to the county by Purdue University on some of the information that would be available. Mr. Randall asked the Commissioners feelings on whether a fee should be charged to people coming in and requesting information off of the computer for which such charges would be made. The Commissioners felt that there should be a fee schedule set up to cover the charges made for this material and that the person requesting the material pay the fee.

IN THE MATTER OF BIDS

Came now, Patricia J. Noel, Auditor of Hendricks County and presents to the Board affidavits of Henry J. Hunsicker and Robert E. Pearty, Editors and Publishers of the two weekly newspapers of respective political faiths published in said Hendricks County, the same being the Hendricks County Republican and the Hendricks Gazette, Inc. From said affidavits the Board finds that there has been no undue use of the public spending and reading of bids as follows: Highway Truck

| | | |
|---|-------------|-----------|
| Bids were received from Black Chevrolet Company, Inc. | \$21,200.00 | Accepted. |
| Crown Ford Sales, Inc. | \$1,700.00 | Rejected |

There being no further business presented the meeting adjourned.

| Samuel Linnell | |
| E. Elmer Buckner | Hendricks County Auditor |
| | Hendricks County Road Supervisor |
| | Hendricks County Attorney |

IN THE MATTER OF PERSONAL APPEARANCES
 (JAMES SCHUMAKER)

James Schumaker appeared personally and was an actual worker and made present concerning some problems at the School District.

(THE SCHUMAKER)

Ed Schumacher, County Assistant Superintendent, appeared concerning the new ceiling in the dining room at the county home. He said he had an estimate of \$200.00 for the ceiling and \$200.00 for flooring. He advised that both were in bad condition and needed replacement. The Commissioners told him to go ahead with the ceiling and then suggested checking with them after that on the floor.

IN THE MATTER OF AGREEMENT

The County Commissioners signed an agreement between Hendricks County and the State of Indiana providing engineering services for the Elkhart Street Bridge for that portion to be paid for by State General Highway.

IN THE MATTER OF NEW SCHOOL BOND

The County Commissioners authorized Jack Latta, County Engineer, to complete the drawings and secure a contract on the new school bridge on County Road 700 E.

IN THE MATTER OF AGREEMENT
 JAMES SCHUMAKER & ASSOCIATES

The Commissioners entered an agreement with James Schumaker & Associates for a continuation of the recovery of railroad costs. The auditor advised the Commissioners that during the year 1977, this company recovered railroad costs from Indiana, 1977, etc., in the amount of \$13,800.00 for the county.

IN THE MATTER OF SHERIFFS REPRESENTATIVE FOR A.C. BOARD

The Commissioners advised the Sheriff to appoint a representative for the Animal Control Board when he could not be there.

IN THE MATTER OF ORDINANCE NO. 1979-5 & 6

The Hendricks County Commissioners approved Ordinance No. 1979-5 & 6 on the fees for the Plan Commission.

Hendricks County Commissioners

Hendricks County Auditor
 Hendricks County Attorney

IN THE MATTER OF PERSONAL APPEARANCES
(PAT BUCKHOLTZ)

Pat Buckholtz of the League of Women Voters appeared regarding the League's position on Water Quality and Sewage Treatment Ordinance and said that the league's position on this matter would be that they hoped the commissioners would not make a decision on the new proposed ordinance until the study now underway is completed.

(THE DANVILLE JAYCEES)

The Danville Jaycees appeared and requested that parking be allowed on the north side of Highway 36 during their July 4th celebration at the fairgrounds. The commissioners said the Jaycees should contact them closer to the time because with the construction of the new county office building they didn't know what might be available at that time.

(DAVID COLEMAN)

David Coleman appeared and requested that bellboys be made available for him and for his investigator. Sheriff Daugherty also requested that he would like a bellboy so that he could be available at all times. The Commissioners advised that they would approve the purchase of these items.

(PAT GALLAGHER AND ERNIE VANCE)

Pat Gallagher and Ernie Vance of Associate Engineering, presented copies of the bridge reinspection which their firm has just completed.

IN THE MATTER OF AUDITOR'S ANNUAL REPORT

The County Commissioners approved the Auditor's annual report of 1978.

IN THE MATTER OF BIDS

Comes now, Patricia J. Noel, Auditor of Hendricks County and presents to the Board affidavits of Betty J. Weesner and Robert E. Percy, Editors and Publishers of the two weekly newspapers of opposite political faiths published in said Hendricks County, the same being the Hendricks County Republican and the Danville Gazette, Inc. From said affidavits the Board finds that time has now arrived for the public opening and reading of bids as follows: The new closed circuit TV system for the County Jail

IN THE MATTER OF WILLSEY'S BLACK ROCK SUBDIVISION

Paul Collins of R. R. 1, Box 477, Plainfield, along with Shirley J. Dilley, R. R. 1, Box 470, Plainfield, Mary Margaret Gridner, R. R. 1 Box 480, Plainfield, Donna Crick, R. R. 1 Box 473, Plainfield, Sadie Shrout, R. R. 1 Box 478, Plainfield, Rosemary Maken, R. R. 1 Box 482, Plainfield and Mary Ann Collins, R. R. 1 Box 477, Plainfield appeared regarding the water problem which they have in Willsey's Black Rock Subdivision. The commissioners advised Mr. Collins and the other residents of this subdivision that this would be turned over to the county engineer and to the highway superintendent to investigate and see what might be done.

IN THE MATTER OF SUIT AGAINST THE COUNTY

The Commissioners took notice of a letter of a notice of suit against the county on behalf of Paul David Sims whose legs were run over by a train on tracks located on State Road 39, which accident happened October 17, 1978. This matter was turned over to the county attorney for handling.

IN THE MATTER OF A DRAINAGE PROBLEM

The Commissioners received a letter from Nancy J. Cubel of 9440 West 59th Street in Brown Township regarding the water drainage problem on the new bridge on West County Line Road across from Eagle Creek Golf Course and also requesting a stop sign be erected for residents of Golfview Addition entering 59th Street. This matter was turned over to the county engineer and to the county highway superintendent for investigation of the problems.

IN THE MATTER OF RENTAL OF COUNTY FARM PASTURE

The Commissioners instructed the auditor to advertise that they would let bids for the rental of the pasture on the county farm and behind the county home at 7:30 P.M. March 27, 1979.

IN THE MATTER OF NEW EMERGENCY ENTRANCE TO COUNTY HOSPITAL

Dennis Dawes, Administrator of the Hendricks County Hospital, appeared and requested the commissioners to consider building a new emergency entrance to the Hendricks County Hospital at the time they build the new office building. The Commissioners took this matter under advisement and advised they would investigate the feasibility of this.

IN THE MATTER OF ANIMAL CONTROL BOARD REPRESENTATIVES

The Commissioners granted permission for the Chiefs of Police of Danville, Plainfield and Brownsburg to appoint a representative to attend the meetings of the Animal Control Board if they are unable to attend themselves.

IN THE MATTER OF ORDINANCE NO. 1979-6

The Commissioners passed emergency ordinance No. 1979-6 imposing restrictions upon the weight of vehicles to be operated upon any county highway in Hendricks County, to be effective at 8:00 A.M. on March 6, 1979, and directed the county highway superintendent to post the weight limit signs on the roads.

IN THE MATTER OF PERSONAL APPEARANCES

(LORIS THOMPSON)

Loris Thompson of Indiana Gas Company appeared regarding the possible use of gas for heat in the new county office building and advised the Commissioners that if they are interested in this it would be necessary to make application. The Commissioners authorized Richard Lewis to sign the necessary application with the gas company for this.

(PATRICIA SKILLMAN)

Patricia Skillman, Welfare Director, appeared and requested that she be allowed to use the four wooden chairs located in the Commissioners room with the writing arms in the welfare department. Permission was granted to Mrs. Skillman that these chairs be utilized by the Welfare Department.

(MICHAEL GRAHAM)

Michael Graham presented a petition on the recommendations of the Hendricks County Plan Commission for the rezoning of property at Avon on the northside of Highway 36 to General Business. The Commissioners approved this rezoning in view of the fact it was recommended by the Plan Commission and also in view of the fact that there was only one remonstrator out of 19 adjoining property owners and that notice of remonstrations was received by the Plan Commission one day after the public hearing.

HENDRICKS COUNTY HUMANE SOCIETY MEMBERS

Several members of the Hendricks County Humane Society appeared to answer Mr. David Binniger's comments regarding the animal shelter made at an earlier meeting this year.

MARY JANE WEATHERS

Mary Jane WEathers, Hendricks County Treasurer and a representative of Pitney Bowes appeared and advised that the postage meter machine which is located in the treasurer's office and used by all county offices has very serious mechanical problems that cannot be repaired. Mrs. Weathers advised that she doesn't believe it will even hold up for the mailing of the tax receipts let alone the mailing of re-assessment notices. After discussion the commissioners purchased a new heavier duty machine at a cost of \$4,257.00.

VIC BOYER

Mr. Vic Boyer of Electronics Snery appeared and explained why his bid of the closed circuit TV system at the Jail was so much higher than the other bidder. He advised that the difference was in the type of cameras used and that his company had made an extensive study of the jail and felt that if any other type cameras were used with the lighting available at the jail that any new systems would not work. The commissioners advised they still had the bids under advisement and intended to do further checking

before bids were let.

IN THE MATTER OF BURIED CABLES

Permission was granted to Indiana Bell Telephone Company for two buried cables. These letters of request are on file in the Auditor's office.

IN THE MATTER OF GRAND JURY REPORT

The County Commissioners took note of the report of the 1979 Hendricks County Grand Jury.

STATE OF INDIANA)
)SS;
COUNTY OF HENDRICKS)

IN THE HENDRICKS CIRCUIT COURT
GRAND JURY
1979 TERM

REPORT OF THE HENDRICKS COUNTY
GRAND JURY -- 1979 TERM

The Hendricks County Grand Jury, 1979 Term, reports as follows:

1. Date Convened: The Hendricks County Grand Jury convened on February 13, 1979.
2. Public Buildings Inspected:
 - A. Hendricks County Home - The Grand Jury inspected the County Home on February 13, 1979. The home appeared to be in good repair and functioning properly, except front steps of the home were snow covered and hazardous. The snow should have been removed. Also, several paint cans were found in the basement which should have been removed.
 - B. Hendricks County Jail - The Grand Jury inspected the County Jail on February 13, 1979. The jail had been previously inspected by the State Jail Inspector and no serious problems were found by the Grand Jury. It was noticed, however, that there was inadequate ventilation in an area where several juveniles were doing some painting.
 - C. Indiana Boys School - The Grand Jury inspected the Indiana Boys School on February 22, 1979. The only critical comment is that safety rules need to be enforced in the wood-working classes, and all other classes involving hazardous activities by the students.
3. Cases heard: The Hendricks County Grand Jury heard evidence involving the circumstances surrounding the death of Rebecca Huey on January 13, 1979, at 315 North Tennessee Street, Danville, Indiana. The Grand Jury states:
 - A. That 37 persons appeared and gave testimony.
 - B. That 91 exhibits were marked and introduced to the Grand Jury.
 - C. That the Grand Jury heard evidence for six days and deliberated for two days.
 - D. That the Grand Jury believes that the investigation of Mrs. Huey's death was not handled professionally, however, the Grand Jury is not making any allegations of intentional misconduct of the authorities involved. In particular, the following should be reported:
 - (1) The first official on the death scene was David Ogden, Danville Policeman. Mr. Ogden had the responsibility to take charge of the death scene in order to secure it and preserve evidence, but he failed to do so.
 - (2) The two ambulance technicians should have given more effort in administering first aid to Mrs. Huey.
 - (3) Mr. Bruce Baker was the Deputy Coroner called to the scene. Mr. Baker requested an autopsy, but in the opinion of this Grand Jury, should have also done the following: (a) called the Hendricks County Prosecuting Attorney; (b) called the Hendricks County Prosecuting Attorney's Investigator, (c) sealed off the house; (d) ordered photographs taken of death scene; (e) made an inventory of the deceased's clothing and personal effects, and (f) should have kept the deceased's clothing and personal effects for later use by police investigator's.

(4) The Danville Police Chief, Mr. Charles Williams, Sr., did not assume the responsibility which his position dictates at the scene of Rebecca Huey's death. While his junior officers thought further investigation of the death scene was needed, he, apparently, did not believe further action necessary. Chief Williams did not order photograph taken of the home or death scene. It is the opinion of the Grand Jury that Chief Williams should have called the Prosecuting Attorney and reported the death of Mrs. Huey. Further, the Grand Jury feels that Chief Williams used poor judgment in allowing Mrs. Carmen Patterson, a newspaper reporter, to read the official police report of the death of Rebecca Huey.

4. Recommendations:

The Grand Jury feels that Hendricks County Law Enforcement Officials should set up procedures by which a suspicious death can be investigated effectively. Further, the Grand Jury believes that a Death Investigation Team should be formed on a county-wide basis to investigate all deaths in the county, other than those from natural causes.

Dated at Danville, Indiana, this 27th day of February, 1979.

Patsy Wynn appeared to request that Tri Kappa be allowed to hold the art show in the courthouse rotunda again this year the first week of May. The Commissioners granted permission.

(DONNA BASHAM, MARY LOVALL AND JEANETTE MITCHELL)

Donna Basham, Mary Lovall and Jeanette Mitchell appeared and requested that the speed limit be changed on County Road 950N from State Road 75W to the west edge of Forest Estates Subdivision, from 50 miles per hour to 30 miles per hour due to children playing and riding their bikes in this area. Permission was granted and the Commissioners instructed the Highway Superintendent to post this area at 30 miles per hour.

(DAVID COLEMAN)

David Coleman, Hendricks County Prosecuting Attorney, appeared and presented a letter to the Commissioners and requested that one of the old sheriff's cars be given to the Prosecutor's office for use

by Mr. Coleman and the prosecuting attorney investigator. This would enable him to get a criminal justice grant for the purchase of a police radio to be installed in this automobile. He felt that this was important because both he and the investigator are called out frequently at night by the Sheriff's Department on various investigations and felt there was a need for this. The Commissioners took this matter under advisement.

IN THE MATTER OF BIDS FOR CLOSED CIRCUIT TV

The County Commissioners rejected the bids previously received on the new closed circuit TV received February 27, 1979 and directed the auditor to advertise for new bids to be received at 10:30 A.M. on April 2, 1979 with specifications rewritten for a different type camera.

IN THE MATTER OF BURIED CABLES

The County Commissioners granted permission for three buried cables to the Indiana Bell Telephone Company. These letters of request are on file in the Auditor's office.

IN THE MATTER OF PERSONAL APPEARANCES

(LOUIS EDMONDSON)

Mr. Louis Edmondson appeared to talk to the commissioners as to when the load limits on the county roads might be lifted. The commissioners advised him to check with the highway superintendent toward the end of the week to see the condition of the roads at that time.

(FRANK LAMBERT)

Mr. Frank Lambert also appeared regarding the weight limit on the county roads. He was also advised to check with the highway superintendent toward the end of the week.

(BILL SOLOMAN)

Mr. Bill Soloman of American Timber Bridge appeared and told the commissioners what his company had available in the way of wooden bridge structures. The commissioners suggested that he meet with the highway superintendent and the county engineer and look at the railroad bridge on Mackey Road just south of Danville and see what he might recommend for that bridge.

(NELSON STEEL)

Mr. Nelson Steel of Butler Fairman and Seufert, Inc., appeared and gave the commissioners a status report of the bridge on the Putnam-Hendricks County line in Eel River Township.

IN THE MATTER OF ADMINISTRATIVE BUILDING COUNCIL SCHOOL

The Commissioners took note of a letter received from the Administrative Building Council of a school being held for building inspectors on April 4, 5 and 7 at Nashville, Indiana. The Commissioners advised Mr. Graham that he should make arrangements for the Hendricks County Building Inspectors to attend.

IN THE MATTER OF LATEST CENSUS REPORT

The Commissioners took note of the latest census report received from the Census Bureau by the Auditor wherein it is estimated that the population of Hendricks County was 64,875 as of July 1, 1977.

IN THE MATTER OF SUBDIVISIONS

Minor Plat #14 - Engineer recommends the Performance Bond of \$2,000.00 be released and a Maintenance Bond not be required since only road side ditches were constructed.

Country Aire Estates, Section II - Engineer requests the performance bond be released in favor of a \$11,400.00 maintenance bond and that the subdivision roads be accepted into the county system and the Drainage Board accept the drainage system. It is recommended a maintenance fund of \$10.00 per lot per year be established.

There being no further business presented the meeting adjourned.

 IN THE MATTER OF PERSONAL APPEARANCES

(MR. DANIEL)

Mr. Daniel appeared regarding whether or not County Road 150S was on the schedule to be blacktopped this summer. The Commissioners advised Mr. Daniel that until such time as the legislature decided definitely on highway funding, they didn't know for sure what would be done with the county roads other than repair this summer.

(JIM DEASE)

Mr. Jim Dease of Midwest Elevator submitted maintenance proposals on the elevator in the Court House and in the county jail.

 IN THE MATTER OF CLOVER DRIVE WATER PROBLEMS

The following people who are residents of Clover Drive were in regarding the water problem in that area. Cecil Haddix, Alice M. Kitchen, William F. Stelzel, Jack Parsons, Marvin C. Lacy, Mike and Jo Barton, James R. Costelow, Jack Osborn and John Day Noah Malicoat III. These people have water under their houses and the road is in very bad shape because of the water that collects there. The Commissioners advised they would have the county engineer check into this matter and make recommendations as to whether or not a legal drain needs to be established.

 IN THE MATTER OF APPOINTMENT

The Commissioners appointed Herschel Gentry, Jr. to represent Hendricks County at the seminar being held April 22 through 27, 1979 in Chicago regarding liability of counties.

 IN THE MATTER OF BIDS

IN THE MATTER OF ROCKING CHAIR MARATHON

Pat Noel, Hendricks County Auditor, requested premission to use the rotunda of the Court House for the Danville Bethel of Jobs Daughters rocking chair marathon April 20th and 21st to raise money for Opportunity Cottage. The Commissioners granted permission for this.

IN THE MATTER OF PERSONAL APPEARANCES

(WILLIAM CADWELL)

Mr. William Cadwell appeared regarding a right of way off of Indiana Street on Road 801E to get into the back of his property. Mr. Thomas Brenton also appeared for the property owners in that area. After much discussion the Commissioners advised everyone concerned that according to the county records this is not maintained as a public road and the county has no intention of maintaining it as a public road at this time, and they feel this is a civil matter between the various property owners.

(MAURICE SPOON)

Mr. Maurice Spoon, acting Civil Defense Director, appeared and advised that the State Civil Defense Inspector had examined the disaster center located in the basement of the Court House and advised him it was not adequate in the event of a disaster. Mr. Spoon advised that the Hillcrest Baptist Church had offered the use of their basement, which would be adequate and he wanted permission to locate the center there. The Commissioners advised they would have no objection to this.

IN THE MATTER OF COUNTY ROADS

The Commissioners talked with the county highway superintendent about the condition of the county roads and after discussion ordered the weight limit lifted on all county roads effective April 3, 1979. The Commissioners also wanted to thank all who cooperated with them during this period in order to keep

the damage to the county roads during the thaw as low as possible.

IN THE MATTER OF BURIED CABLES

The County Commissioners granted permission to the Indiana Bell Telephone Company for one buried cable. This letter of request is on file in the Auditor's office.

(WALTER REEDER)

Walter Reeder of Reeder & Lewis Engineering appeared before the Commissioners representing Mr. Elmer Edwards who lives southeast of Plainfield. Mr. Reeder advises that Mr. Edwards owns twelve acres of ground just south of Interstate 70 that is landlocked because of the interstate. Mr. Reeder also advised that Mr. Edwards has reached an agreement with Mr. George Hardin for a right of way to these twelve acres and that Mr. Edwards desires to build a road to county specifications across Mr. Hardin's property to the twelve landlocked acres and after this road is completed requests that the Commissioners accept this into the county road system. The Commissioners gave Mr. Edwards permission to proceed with this upon his posting of a bond.

(BILL DILLARD)

Bill Dillard of United Consulting Engineers called on the Commissioners regarding the possibility of resigning the county roads. Mr. Dillard advised the Commissioners that the federal government would pay 75% of the total costs on such a project with the county paying 25%. The Commissioners took this matter under advisement.

(JOHN OBERLIES)

Mr. John Oberlies was in and asked the Commissioners if and when a new bridge was going to be built on County Road 600 S approximately 300 yards west of new 267. The Commissioners advised Mr. Oberlies that they had been working on this project and that if they could obtain the right of way they hoped to start this project yet this year.

(CAROL WOOD)

Carol Wood appeared and requested permission to use the court house lawn for ECO-REM Day on May 11, 1979. She also asked permission to plant a tree in the court house lawn on that day. The Commissioners granted permission for the use of the court house lawn and also for the planting of the tree.

IN THE MATTER OF CONSUMER BOARD HEARINGS

The Commissioners granted permission to the Consumer Board of the Attorney General's Office to use the Commissioners Room for public hearings between 2:30 P.M. and 3:30 P.M. on May 17, 1979.

IN THE MATTER OF LIBRARY APPOINTMENT

The County Commissioners reappointed Sally Wycoff to the Brownsburg Library Board for a four year term with expiration date of July 1, 1983.

IN THE MATTER OF ORDINANCE NO. 1979-9

AMENDING

ORDINANCE NO. 1967 - 1

The Hendricks County Commissioners adopted a new ordinance for Landfill operations and trash hauling in Hendricks County as follows:

An ordinance regulating the transportation of refuse, refuse disposal, facilities, and refuse processing facilities by establishing standards for operating such vehicles and facilities and by establishing a licensing system for enforcement of those standards.

BE IT ORDAINED AND ENACTED by the Board of County Commissioners of Hendricks County, Indiana, Ordinance No. 1967 - 1 regulating the disposal of garbage and rubbish on lands situated outside any incorporated town, requiring license permits, and providing for penalties for violations thereof be amended to read as follows:

Chapter I. - Purpose and General Policy

Section 1. The Board of Commissioners of Hendricks County finds that improperly operated landfills and other refuse disposal and processing facilities can (1) endanger the health and welfare

of the citizens of this County by causing or contributing to the pollution of ground and surface waters, (2) result in nuisances and a hazard to the public health, and (3) provide a breeding place for flies, rats, and other vermin. It is therefore declared to be the public policy of this County to eliminate and prevent these health and safety hazards by establishing standards for the proper operation of refuse disposal and processing facilities.

Section 2. The Board of Commissioners of Hendricks County finds that there is a need to eliminate the blowing and spillage of refuse from vehicles which transport refuse and that there is a need for such transportation to be done in a sanitary manner.

Section 3. All existing refuse disposal and/or processing sites shall comply with the provisions of this ordinance.

Section 4. The Hendricks County Health Officer or his representatives shall enforce the provisions of this ordinance.

Section 5. Before the Health Officer issues a local permit for operation of a refuse disposal and/or a refuse processing facility, the applicant must first secure all appropriate zoning approvals from the Hendricks County Planning Commission and/or Hendricks County Board of Zoning Appeals.

Section 6. Before the County Health Officer issues a local permit for operation of a refuse disposal and/or a refuse processing facility, the applicant must first secure all appropriate permits from the Indiana Stream Pollution Control Board and/or the Indiana State Board of Health.

Chapter II. - Definitions

The following definitions shall apply in the interpretation and enforcement of this ordinance unless otherwise indicated clearly by the text.

(54) "Water Table" means ground water table.

(55) "Working Face" means that portion of a sanitary landfill where refuse is discharged from collection trucks and is compacted prior to placement of cover material.

Chapter III. - Local Permit for Operation of a Sanitary Landfill

Section 1. No person shall cause or allow the operation of sanitary landfill without a valid operating permit issued by the County Health Officer.

Section 2. No application for a local operating permit for a new sanitary landfill will be accepted unless that sanitary landfill hold a valid construction plan permit and a valid operating permit from the State as specified by Regulation SPC 18. A copy of all plans and specifications approved by the State shall accompany all local permit applications.

Section 3. No application for a local operating permit for a sanitary landfill will be accepted unless the facility has received all appropriate zoning approvals from the Hendricks County Plan Commission and/or Board of Zoning Appeals.

Section 4. Complete application for operating permits for sanitary landfill must be made on forms provided by the Health Officer at least 30 days prior to proposed initial date of operation unless a shorter time is approved in advance by the Health Officer.

Section 5. Application for an operating permit for a sanitary landfill must be signed by the owner and the person who shall be responsible for the quality of operation, affirming that such person shall adhere to the method of operation specified in the plans, specifications, and description of project, and shall maintain operational quality at or above the standards set by this Chapter.

Section 6. (General Standards) Sanitary landfill operations must conform to the following minimum general standards of operation:

(a) All on-site roads shall be passable by vehicles, including automobiles, regardless of weather.

(b) Any shelter or sanitary facilities provided shall be constructed in accordance with the requirements of the Indiana State Board of Health for such construction.

(c) Feeding of cattle, hogs, poultry or other animals at the landfill site is prohibited.

(d) No refuse deposit shall be made nearer than 600 feet to any dwelling without written consent of the occupant and owner of the dwelling.

Section 7. (Water Quality) Sanitary landfill operations must conform to the following minimum water quality standards:

(a) Where groundwater monitoring wells are deemed necessary by the Board, the sampling frequency will be specified. Tests performed on groundwater samples shall include COD, pH, Fe., Cl, conductivity and other tests deemed necessary by the Board.

(b) Surface water courses and runoff shall be diverted from the sanitary landfill by trenches and proper grading. The sanitary landfill shall be constructed and cover material graded and seeded so as to promote rapid surface water runoff without excessive erosion. Regrading shall be done as required during operation and after completion to avoid ponding and to maintain cover thickness.

(c) In no case shall solid waste be deposited within an aquifer. A barrier of undisturbed soil shall be maintained between the lowest portion of deposited refuse and the aquifer of a thickness to be determined by the Board based upon permeability and ion exchange properties.

Section 8. (Air Quality) Open burning of solid wastes is prohibited.

Section 9. (Aesthetics) A sanitary landfill shall at all times be operated in an aesthetically acceptable manner.

(a) Portable litter fences or other devices shall be used in the immediate vicinity of the working face and other locations to control blowing litter. Windblown materials must be collected and buried daily.

(b) Access to the site shall be controlled and shall be by established roadways only. The sanitary landfill shall be accessible only when operating personnel are on duty. Large containers may be placed outside the site entrance so that users can deposit waste after hours; the large containers and areas around them shall be maintained in a sanitary and litter-free condition.

(c) Vegetation shall be cleared only as necessary. Natural windbreaks such as green belts, shall be maintained where they will be maintained in a sanitary and litter-free condition.

(d) A sign of at least 16 square feet shall be erected at the side entrance identifying the operation, stating operating schedule and fees.

(e) Salvaged materials must be stored in transportable containers or in buildings while awaiting removal from the site. In no instance shall salvaged materials be allowed to accumulate on the ground.

(f) On-site roads shall be constructed in such a way as to minimize the tracking of mud or soil material onto public highways, or the operator shall maintain the equipment required to remove any mud or soil materials which are tracked onto the public highway. Policing of litter on roads upon the site shall be the responsibility of the owner and operator of that landfill.

Section 10. (Gases) Decomposition gases generated within a sanitary landfill shall be controlled on-site. Decomposition gases shall not be allowed to migrate laterally from the sanitary landfill site, nor allowed to concentrate in a manner that will pose an explosion or toxicity hazard.

Section 11. (Vectors) Effective means shall be taken to prevent the harboring, feeding or breeding of vectors. The presence of adult flies, roaches, mosquitoes, rodents and the immature stages of these and other vectors is inimical to public health. Effective control shall be indicated by the absence of fly larvae, nymphs of roaches, larval mosquitoes, and all other immature stages of vectors, as well as by the absence of mature or adult stages of vectors.

Section 12. (Safety) A sanitary landfill shall be operated and maintained in such a manner as to protect the health and safety of personnel associated with the operation.

(a) Safety devices, including, but not limited to, roll bars and fire extinguishers shall be provided on all rolling equipment to protect the health and safety of operators.

(b) Provision shall be made to extinguish any fires in wastes being delivered to the site or which occur at the working face or within equipment or personnel facilities. Communication equipment shall be available for emergency situations.

(c) Scavenging shall be prohibited to avoid injury and to prevent interference with operations.

(d) Traffic signs shall be provided to promote an orderly traffic pattern to and from the discharge area and, if necessary, to restrict access to hazardous areas or to maintain efficient operating conditions. Manually discharged vehicles shall not hinder operation of mechanically discharged vehicles. No vehicle shall be left unattended at the working face or along traffic routes.

Section 13. (Operator Instructions) An operating manual describing the various tasks that must be performed during a typical shift, as well as safety precautions and procedures, shall be available to employees for reference. Employees shall be instructed as to these tasks and safety precautions and procedures.

Section 14. (Cover Applications) A cover of compacted soil shall be applied and compacted over all exposed solid waste by the end of each operating day. A final cover of soil shall be applied and compacted as each area is completed.

(a) Equipment shall spread all solid waste in layers, compact the waste, and place, spread, and compact the cover material. These operations shall be on a working face slope maintained at 3:1 or steeper.

(b) All solid waste shall be covered by the end of each operating day. Daily cover shall be applied regardless of weather. The thickness of the compacted daily cover shall not be less than six inches.

(c) When any portion of a site reaches within two feet of final elevation, compacted final cover shall be applied, not less than two feet in depth. At the termination of operations at a site, final grading shall be done, and the area seeded with suitable vegetation to control erosion. Final cover shall have a slope of not less than 2 percent and be without depressions that will cause ponding of water.

Section 15. (Hazardous and Special Wastes) The disposal of hazardous and special wastes must conform to the following:

(a) Under no circumstances shall hazardous wastes be accepted at a sanitary landfill unless authorized in writing by the state and by the local Health Officer.

(b) Certain bulky wastes, such as automobile bodies, furniture, and appliances shall be crushed on solid ground and then pushed onto the working face near the bottom of the cell or into a separate disposal area.

The special areas used only for bulky wastes shall be identified on the plan for the completed site.

(c) Procedures for disposing of dead animals have been established by law, I.C. (1971), 15-2-8-13. Any operation accepting carcasses shall comply accordingly. The soil shall be regraded periodically to keep water from ponding as a result of settlement.

Section 16. (Equipment) At all times the equipment available shall be capable of spreading and compacting the solid waste and the cover material required for the most severe combination of solid waste delivery and weather conditions expected during any one operating day. Equipment manuals, catalogs, and spare parts lists shall be available at the equipment maintenance facility.

Section 17. (Records) A set of approved plans shall be maintained on site. An up-to-date plot plan of the landfill site shall be maintained on site, with areas marked as they are filled or excavated.

Chapter IV. - Local Permit for Operation of Refuse Processing Facilities

Section 1. In this Chapter, "facilities shall mean all equipment, buildings, or other features of a project necessary to conduct the processing of refuse. Excluded are containers utilized for refuse collection and stationary compactors.

Section 2. No person shall cause or allow the operation of any refuse processing facility without an operating permit issued by the County Health Officer.

Section 3. No application for a local permit for a refuse processing facility will be accepted unless the applicant holds a valid construction plan permit and a valid operating permit from the State as specified by Regulation SPC 18. A copy of all plans and specifications approved by the State shall accompany all local permit applications.

Section 4. No application for a local operating permit for a refuse processing facility will be accepted unless the applicant has received all appropriate zoning approvals from the Hendricks County Plan Commission and/or Board of Zoning Appeals.

Section 5. Complete applications for operating permits for a refuse processing facility must be made on form provided by the Health Officer at least 30 days prior to the proposed initial date of operation unless a shorter time is approved in advance by the Health Officer.

Section 6. Applications for permits to operate a refuse processing facility must be signed by the person responsible for maintaining operations within the limits and quality standards specified for that operation in this regulation and in the approval for that plant.

Section 7. Refuse processing facilities shall maintain the premises in a litter-free condition. Overnight refuse storage areas must be enclosed.

Section 8. Incinerator residue must be disposed of in a sanitary landfill holding a valid operating permit under this regulation.

Section 9. In the event of a breakdown or failure of any refuse processing facility, refuse normally accepted at that facility must be deposited at a sanitary landfill holding a valid operating permit under this regulation, until such time as the facility is fully operational again.

Chapter V - Permits and Duration

Section 1. Operating permits shall be valid for a period of two years from the effective date of the permit.

Section 2. An operating permit may be issued for less than two years if the Health Officer determines it is appropriate.

Section 3. A permit may be temporarily suspended by the County Health Officer upon violation by the holder of any part of the terms of this Ordinance, or revoked after a reasonable opportunity for a hearing by the Health Officer upon serious repeated violations.

Section 4. A separate permit shall be required for each refuse disposal and/or processing facility or method and a separate permit shall be required for each site.

Section 5. No permit signed by the County Health Officer shall be valid until countersigned by the Treasurer of Hendricks County. The County Treasurer shall countersign a properly signed permit or

license upon the payment to the Treasurer of Hendricks County of a permit fee in the amount of Fifty Dollars (\$50.00). All monies or fees collected under the terms of this Ordinance shall revert to the General Fund of Hendricks County,

Section 6. No fee shall be charged for any State, County or Municipally owned and operated public garbage and rubbish disposal site in Hendricks County; provided, nevertheless, the County Health Officer shall have full jurisdiction and control over the policing of such, within the terms of this Ordinance.

Chapter VI - Renewal of Permits

Section 1. Complete applications for renewal of permits must be submitted at least 30 days prior to the expiration date of the expiring permit.

Section 2. Evaluation of an operating permit renewal application will be based on the quality of operation during the period of the previous permit. If the standards specified in this Ordinance have been met, the permit will be reissued.

(a) Evaluation will be based on reports of all inspections made during the evaluation period, with a minimum of eight inspections. No permit shall be renewed if the facility holding that permit has not been substantially in compliance with this Ordinance.

(b) No permit shall be renewed if, on more than half of the inspections, the operation did not meet requirements of this regulation, or if on more than one occasion one of the following had occurred:

(i) Acceptance of hazardous wastes, except as set out in the Ordinance.

(ii) Open burning of refuse without efforts to extinguish the fire having been initiated prior to the inspection.

(iii) Leachate flowing into a stream, lake, river, other surface water, or an aquifer without adequate control measures in operation.

Chapter VII. - Permits for Refuse Hauling Vehicles

Section 1. It shall be unlawful for any person in Hendricks County, who does not possess an unrevoked permit from the Health Officer, to engage in the removal and/or the transportation of refuse from premises to a location other than the place of origin of such refuse for disposal.

(a) The provisions of this section shall not apply to any person disposing of only their own refuse if transported to an approved disposal site in a sanitary manner.

Section 2. Before a permit is issued by the Health Officer for the collection and transportation of refuse, all equipment and vehicles to be used shall be approved by the Health Officer or his authorized representative. All equipment and vehicles used to transport refuse to an approved disposal site shall be suitably constructed, sanitary type, refuse must be adequately covered and vehicles shall be cleaned as may be necessary to prevent nuisances and health hazards. Equipment other than the above shall meet the approval of the Health Officer.

Section 3. Any permit issued by the Health Officer shall contain the name of the person to whom the permit is granted and such other pertinent information as may be required by the Health Officer. A separate permit shall be required for each vehicle used to transport refuse. No permit signed by the County Health Officer shall be valid until countersigned by the Treasurer of Hendricks County. The County Treasurer shall countersign a properly signed permit or license upon the payment to the Treasurer of Hendricks County a permit fee in the amount of Ten Dollars (\$10.00) for each vehicle. All monies or fees collected under the terms of this Ordinance shall revert to the General Fund of Hendricks County.

Section 4. No fee shall be charged for any State, County, or Municipally owned and operated refuse hauling vehicles in Hendricks County; provided, nevertheless, the County Health Officer shall have full jurisdiction and control over the policies of such within the terms of this Ordinance.

Section 5. Only persons who comply with the requirements of this ordinance shall be entitled to receive and retain such a permit. The permit shall be for the term of one year on a calendar year basis and shall be renewable annually. No permit or renewal thereof shall be denied on arbitrary or capricious grounds.

Section 6. Before any permit shall be issued, the applicant for such a permit shall first furnish proof of insurance with the Health Officer showing public liability and property damage insurance policy insuring the applicant against liability for damages sustained by a person other than the employee of said applicant and occasioned by the neglectful operation of the vehicle or vehicles of said applicant, and the insurance policy shall provide a minimum coverage in the amount of \$15,000 for the injury or death of any person as a result of any one accident, and shall provide a minimum coverage in the amount of \$30,000 for property damage. Such insurance policy shall be written by a company authorized to do business in the State of Indiana.

Chapter VIII. - Miscellaneous

Section 1. (Exclusions) Disposal sites and operations which receive only rocks, brick, concrete or earth or any combination thereof shall be excluded from the provision of this regulation. Any operation wishing to accept any other inert fill may petition the Board or its designated agent for exclusion from this regulation. This exclusion is void if the disposal site or operation knowingly or unknowingly receives any matter than the above, or that approved by the Board.

Section 2. Any land application of Hazardous Waste shall require an operating permit from the Health Officer. No local operating permit for disposal of Hazardous Waste using a land application method shall be approved until the applicant has first secured written approval from the Indiana Stream Pollution Control Board and/or the Indiana State Board of Health. Application for operating permit must be made on forms provided by the Health Officer at least 30 days prior to the proposed initial date of operation unless a shorter time is approved in advance by the Health Officer. The applicant shall follow the same procedures as outlined in Chapter V of this Ordinance. Any land application of Hazardous Wastes which creates a problem by polluting ground and/or surface water, by creating a breeding place for vermins, or by creating a noxious, harmful or offensive odor shall be considered detrimental to the health and welfare of the citizens of Hendricks County.

Section 3. Sanitary landfills and other disposal operations which are closed after promulgation of this Ordinance shall be inspected by the Health Officer or his designated agent. Following final acceptance by the Health Officer or his designated agent, a detailed description, including a plan, shall be recorded by the owner or operator with the county's land recording authority. The description shall include general types and location of wastes, depth of fill, and other information of interest to potential land owners. The owner or operator shall maintain surface contours, continue periodic groundwater monitoring, and exercise any necessary controls over gas or leachate produced.

Chapter IX. - Enforcement

Section 1. The enforcement of this Ordinance shall be by the Hendricks County Health Officer.

Section 2. It shall be the duty of the Hendricks County Prosecuting Attorney, to whom the County Health Officer shall report any alleged violations, to cause proceedings to be commenced against the alleged violator of the provisions of this Ordinance, and to prosecute said matter to final determination.

Section 3. Any person convicted of a violation of any of the provisions of this Ordinance shall be guilty of a misdemeanor, and, on conviction thereof, shall be subject to a fine of not more than Five Hundred Dollars (\$500.00), for a first offense; for a second offense a fine of not more than One Thousand Dollars (\$1,000.00); and for a third and each subsequent offense by a fine of not more than One Thousand Dollars (\$1,000.00), to which may be added imprisonment in the county jail for any determinate period not exceeding ninety (90) days. Each day after the expiration of the time limit for abating insanitary conditions and completing improvements to abate such conditions as ordered by the County Board of Health, or by the County Health Officer, shall constitute a distinct and separate offense.

Chapter X. - Repeal

Section 1. All ordinances and parts of ordinances in conflict with this Ordinance are hereby repealed, and this ordinance shall be in full force and effect immediately upon its adoption.

and its publication as provided by law.

Chapter XI. - Unconstitutionality

Section 1. Should any section, paragraph, sentence, clause or phrase of this Ordinance be declared unconstitutional, or invalid for any reason, the remainder os said Ordinance shall not be affected thereby.

This ordinance shall be in full force and effect from and after its passage and approval according to law.

Passed and approved by the Board of County Commissioners of Hendricks County, Indiana, this 7 day of May, 1979.

IN THE MATTER OF PERSONAL APPEARANCES

(JUDGE JOHN C. MOWRER)

Judge John C. Mowrer of Superior Court II appeared before the Commissioners to ask whether the Commissioners had made a decision as to whether or not they could move one of the copying machines from the second floor to his office. The Commissioners advised the Judge they would pay the rental on the machine which he presently has in his office until such time as the new office building is completed and they can assess the use of one of the machines on the second floor after the offices moving to the new building are gone.

(MR. FRANKLIN)

Mr. Franklin, Mooresville Street Commissioner, appeared and asked permission to change the ditch on the Morgan/Hendricks County line road just east of Indaina Street so that the water can flow straight down an open ditch on the north side of the road. The Commisisoners advised they would have the highway superintendent check into this matter and let Mr. Franklin know.

(NELSON STEELE)

Nelson Steele of Butler Fairman and Seifert Engineering appeared and advised that Hendricks County-Putnam County bridge had been set for letting by the Putnam County Commissioners on June 4, 1979, as per the agreement between Hendricks and Putnam County.

(GARY ROGERS)

Gary Rogers, Hendricks County Sanitarian, appeared and advised he had checked into the problem of raw sewage in Peaceful Acres and had discussed the matter with the Board of Health and its attorney. The Board of Health attorney advised that the Board's attorney advised that the property owner where the tile was expelling the open sewage had a right to stop up the tile.

IN THE MATTER OF BOARD OF HEALTH REPORT

The County Commissioners took note of the report of the Indiana State Board of Health report on its inspection of the county home.

There being no further business presented the meeting adjourned.

IN THE MATTER OF PERSONAL APPEARANCES

(PAT GALLAGHER AND RON MAY)

Pat Gallagher and Ron May of Associated Engineering were in and presented a possible new sign program for Hendricks County Roads. The Commissioners took this matter under advisement.

(MR. AND MRS. J. R. RIBKLEY)

Mr. and Mrs. J. R. Ribkley of R. R. 2 Box 938, Brownsburg, Indiana were in. They advised they had lived for approximately thirty years on County Road 1075E just around the corner from 86th Street and that the road had an excessive amount of traffic on it and as a result was very dusty. The Commissioners advised they would check into the matter to see if anything could be done.

(CHRIS MCCLURE, RUSS WIDENER AND PAUL WISE)

Chris McClure, Russell Widener and Paul Wise representing Hendricks County Special Services were in and asked that the Commissioners put \$6,600.00 in their 1980 budget to help fund this program. The Commissioners advised they would put this amount in their 1980 budget for presentation to the Hendricks County Council.

IN THE MATTER OF FLASHER SIGNALS

The County Commissioners signed an agreement with the State of Indiana for new flasher signals at the Conrail Rail Crossing at County Road 525E. The total cost of this matter will be approximately \$36,000.00 with Hendricks County's cost to be 10% or approximately \$3,600.00. This is for the railroad crossing just north of Prestwick.

 IN THE MATTER OF PERSONAL APPEARANCES

(GENEVA GOSS)

Geneva Goss of R. R. 1, Box 341G of Plainfield was in regarding the ditches being cleaned out along County Road 600 S. The Commissioners advised Mrs. Goss that the highway superintendent would check into this matter and contact her.

(JOHN AND DAVID SINCLAIR)

John and David Sinclair were in regarding the closed circuit TV franchise for Hendricks County. The Commissioners advised they had not reached a decision on this matter yet, but would make a decision before their first meeting in July.

(DOROTHY OWENS, NORMAN KNOX, MADGE LYDICK & CARL NASH)

Dorothy Owens, Norman Knox, Madge Lydick and Carl Nash were in regarding funding in 1980 for Opportunity Cottage. They advised they are trying to get state accreditation, but that the state requires them to be at a certain level before they can receive this. If they can become accredited, then there will be other funds besides county funds available at a later date. They advised the Commissioners they will need \$84,138.00 from the county in 1980 to bring them to the required level. The Commissioners advised that they would put this amount in the 1980 Commissioners budget for consideration by the County Council.

(NELSON STEELE)

Nelson Steele advised that the Putnam County Commissioners had let the bid earlier today for the repair of the bridge on the Hendricks/Putnam County line. He advised the bid was let for \$45,000.00 which was considerably under the engineers estimate of \$70,000.00. As previously agreed with Putnam County, Hendricks County will pay half the cost of the repair of this bridge.

 IN THE MATTER OF BURIED CABLE

The County Commissioners granted permission for one buried cable to the Indaina Bell Telephone Company. This letter of request is on file in the Auditor's office.

 IN THE MATTER OF BIDS

Comes now, Patricia J. Noel, Auditor of Hendricks County and presents to the Board affidavits of Betty J. Weesner and Robert E. Percy, Editor and Publishers of the two weekly newspapers of opposite political faiths published in said Hendricks County, the same being the Hendricks County Republican and The Danville Gazette, Inc. From said affidavits the Board finds that time has now arrived for the public opening and reading of bids as follows: Groceries for the County Home.

The following bids were received: Young Packing Company of Noblesville & Johnston's IGA
The Commissioners took this bid under advisement.

IN THE MATTER OF PERSONAL APPEARANCES
(JOHN SINCLAIR AND DAVID SINCLAIR)

Mr. John Sinclair and David Sinclair appeared regarding the proposal for cable television for Hendricks County and presented the following remarks: We would like to have your approval today to begin construction on an exciting new entertainment and communications medium for Hendricks County - Hendricks County Cable Television.

We feel we are best qualified for two reasons:

1. We pledge to build the finest system in Indiana and as good as any in the nation - a full 35 channel system that should be completely filled within one year after our system is completed.
2. We will be locally owned and managed.

Let's take point two first. The head of a large system in a nearby city with many franchises yet to develop has made the point they should be allowed to develop a system in this large city because his group is locally owned. However, their application has been vetoed, contested by many national cable concerns, lawsuits, threatened - I believe they have their hands full.

Be that as it may we believe his "local" point is well taken. We believe he is right - the franchise should be granted to local people. You grant us this franchise or approval and it will be locally owned. David is prepared to buy property here, move his family and make his home here in Hendricks County. We will become involved in civic, school and business organizations. Now for point one.

Programming plans have literally exploded since we first proposed our Hendricks County system. In April and May we attended both annual conventions of the National Cable Television Association and the Illinois - Indiana Association of which we are members in good standing.

At the National Convention Chairman Charles Ferris of the FCC admonished the cable industry for not presenting more than the usual transmission of television stations, plus some news and weather. The industry answered Mr. Ferris. In fact plans that had been in the planning stages for many months were publicized for the first time at these conventions.

We propose to incorporate many of these ideas into our Hendricks County System.

In addition to all the local channels, Atlanta, Chicago, Congress in action, the Christian Broadcast Network, National World and State News as proposed by most systems, we plan a full 35 channel system.

This will be a two way capability system which will enable schools and governments to communicate with each other or the cable viewers.

1. A local weather alert system.
2. A local disaster alert system.
3. A New York City TV station when available
4. A channel (Cinemerica) for our Citizens 50 and over.
5. A channel for children
6. A Madison Square Garden Sports Live
7. Baseball on Thursday nites - major league
8. Four local access channels for schools and local governments - the three largest towns and the county.
9. A 24 hour classical music service
10. A 24 hour disco music service

11. A public service program channel
12. A public service announcements channel
13. Several Pay TV channels

Viewers choice of three movies
 Burglar and fire alarms systems
 Video games
 Home instruction
 Bookkeeping services

We believe it will be an exciting medium. We intend to make this the best cable vision system anywhere. This will be our only cable vision interest until our system is fully operational.

We want to become part of this community FULLTIME. Give us the word and we will start work this afternoon.

IN THE MATTER OF BIDS

The Commissioners considered the bids previously received for groceries for the county home from Young Packing Company and Johnston's IGA Foodliner. They awarded this bid to Johnston's IGA Foodliner.

IN THE MATTER OF BRIDGE ON RACEWAY ROAD

Dennis Nedhigh and Ralph Muehlenbein of Indianapolis DOT appeared and talked to the Commissioners regarding advertising for the contract and letting bids for the bridge on Raceway Road. After some discussion the commissioners instructed that they would take bids for this bridge at 10:30 A.M. on July 23, 1979.

IN THE MATTER OF RACEWAY PARK

the Commissioners instructed Michael Graham, County Plan Commission Administrator, to invite the property owners around Raceway Park to meet with the Commissioners at their meeting on July 31, 1979 at 7:30 P.M. to see if something can be worked out to handle the crowd at Raceway Park during the National Drags.

IN THE MATTER OF WARRICK LANDFILL

The Hendricks County Commissioners instructed Michael Graham, County Plan Commission Administrator, to cite Warrick Landfill for violation of the land fill ordinance.

IN THE MATTER OF CETA TERMINATION

The County Commissioners directed Harvey H. Hacker, CETA Director, to terminate Contract PSP6-79-430 with Indiana Office of Manpower Development effective August 5, 1979, due to the many problems we have had with the employees under this contract. These employees have refused to comply with the county personnel policies & they have damaged equipment and property.

DANVILLE, INDIANA 46122

July 5, 1979

Mr. Wendell J. Walls
Executive Director
Indiana Office of Occupational Development
150 West Market Street
Seventh Floor ISTA Building
Indianapolis, Indiana

RE: PSP6-79-430

Dear Mr. Walls:

On July 2, 1979, the Hendricks County Commissioners met and discussed the CETA Special Project #430. There has been a multitude of problems connected with this project; the biggest problem being a lack of supervision. A qualified supervisor cannot be hired on this project because of the wage limitation set by the Federal government, and it is also impossible to place these participants under the supervision of the County Highway because of the entry level wage law.

Therefore, these participants have taken advantage of the benefits and trust placed in them. They have refused to comply with the county personnel policies. They have damaged equipment and property. While Mr. Harvey H. Hacker, the CETA administrator, physically worked with these participants, they marked and cleared over 120 bridges. However, Mr. Hacker cannot continue to work in the field. This has caused his administrative duties to be slighted.

As a result of these problems and many others, the Hendricks County Commissioners have ordered that Contract #PSP6-79-430 be terminated as of August 5, 1979 and the remaining money be deobligated and returned to IOOD.

Sincerely,

 (JIM BRIDGES)

Jim Bridges of Dean, Longest and Neff was in and advised that everything was ready to go on Bridge No. 14 and that the county was to now proceed with obtaining the necessary right of way.

(RAY DAUGHERTY)

Hendricks County Sheriff, Ray Daugherty, appeared to advise the Commissioners that there were no bids at the auction held for the three sheriff's cars to be sold. Robert Hoffman of the State Board of Accounts was asked to come in and the Commissioners asked if these cars could be run through a regular auto auction and Mr. Hoffman told them that they could be. The Commissioners asked the Sheriff to make the necessary arrangements to do this.

(JUDGE JOHN C. MOWRER)

Judge John C. Mowrer was in and advised the Commissioners that he had been able to obtain an EMI terminal for the use of his court, but it would be necessary to have this hooked up through the telephone company at an installation charge of approximately \$40.00. The Commissioners authorized him to proceed with the installation.

(BILL ROACH)

Mr. Bill Roach, contractor for the Court House Annex, representing Holiday Homes, appeared and presented his price for changes requested by the Commissioners on the building. The total price for his changes will be \$17,900.00 for the following changes:

- A. Change from Oil furnaces to L. P. Gas furnaces and add additional hot air and cold air returns to accommodate additional offices per plan. Indiana Gas Company has indicated that natural gas would be available within a few months and they would make the conversion from LP to natural gas at no expense to the county.
- B. Electrical outlet and lighting changes per plan.
- C. The addition of telephone jacks per plan.
- D. Eliminate block wall between office area and storage area per old plan.
- E. Eliminate firewall in attic.
- F. Eliminate 1" foam insulation from exterior of block wall and add 3 1/2" stud wall, 2x4 s.d., filled with R-13 batt fiberglass insulation. This wall to be located to the inside of the existing block wall and have a drywall finish. This change results in a nearly threefold increase in insulation value of the exterior wall.
- G. Eliminate two exterior doors and stoops. Add stoop.
- H. Add additional partition walls, drywall and interior doors per plan using 2 x 4 studing, 2x4 s.d. for all interior walls. All interior doors to be metal including frames.

Mr. Roach also advised that it would take approximately \$4,500.00 for the necessary painting on addition thereto.

The Commissioners advised him to proceed with these changes.

 IN THE MATTER OF SUBSTITUTIONS

Substitution, No. 2 - Performance Bond to be reduced to \$15,000.

IN THE MATTER OF NEW ENGINEER

The County Commissioners hired Walter Reeder as the new County Highway Engineer effective August 1, 1979.

IN THE MATTER OF BURIED CABLES

The County Commissioners granted permission for two buried cables to the Indiana Bell Telephone Company. These letters of request are on file in the Auditor's office.

IN THE MATTER OF AGREEMENT

The County Commissioners signed an agreement with the State Board of Health for the Bovine Brucellosis and Tuberculosis Eradication Program in Hendricks County.

IN THE MATTER OF REZONING

The Commissioners approved an application for rezoning for Elmer L. Edwards and Millicent J. Edwards from the present classification of "S" Suburban to "GB" General Business. This ordinance was signed by Elmer L. Edwards and Millicent J. Edwards, the petitioners and was approved by the Plan Commission on July 9, 1979, and by the County Commissioners on July 16, 1979.

This property is a part of the west half of the northeast quarter of Section 12, Township 14 North, and Range 1 East in Guilford Township containing 52.52 acres.

There being no further business presented the meeting adjourned.

IN THE MATTER OF CLAIM AGAINST COUNTY

The claim of Steven C. Gasperi in the amount of \$251,000 was presented to the County Commissioners and the Commissioners denied the claim.

IN THE MATTER OF BIDS

Comes now, Patricia J. Noel, Auditor of Hendricks County and presents to the Board affidavits of Betty J. Weesner and Robert E. Percy, Editor and Publishers of the two weekly newspapers of opposite political faiths published in said Hendricks County, the same being the Hendricks County Republican and The Danville Gazette, Inc. From said affidavits the Board finds that time has now arrived for the public opening and reading of bids as follows: Building Shoal Creek Bridge on the Hendricks-Marion line.

The following bids were received:

| | |
|----------------------|--------------|
| Reith Reilly | \$538,398.92 |
| George Harvey & Sons | \$507,779.90 |

The Commissioners took these bids under advisement and will advise the county engineer.

IN THE MATTER OF RACEWAY PARK

The following property owners around Raceway Park who were invited to attend the meeting appeared:

| | |
|------------------------|---|
| William Kirtley | R. R. 18 Box 355 A, Indianapolis, Indiana 46234 |
| Gary Walker | Clermont Lanes, Box 34292, Indianapolis, Indiana 46234 |

| Sharon R. Misik Cook | R. R. 4 Box 305, Brownsburg, Indiana 46112 |
| John J. Misik | R. R. 4 Box 305, Brownsburg, Indiana 46112 |

Also attending this meeting were Sheriff Ray Daugherty, Bob McDaniels, Commissioners of NHRA, Michael Plan, Plan Commission Director and Gary Rogers, County Sanitarian. The Commissioners had asked that these people who rented camping spaces during the National Drags appear to try to work out the problems that occurred such as not enough security and the health hazards because of lack of facilities. Mr. McDaniels of the National Hot Rod Association advised that they were in the process of purchasing Raceway Park and would try to cooperate both with the residents around the park and the county officials to eliminate some of the problems. There was much discussion and the consensus of opinion was that the various camping grounds should provide their own security. Judge John Mowrer also appeared and advised that he intended to provide more days in jail and stiffer fines for anyone that was arrested during this time, which might work as a detriment to some of the problems. The Commissioners then asked that all the citizens pick two or three of the campground owners to work with the county in trying to solve some of the problems. The following people were placed on the committee to work with the county. Max Rettig, Bill Kirtley, Leon Good and Bill Partlow.

IN THE MATTER OF DRAINAGE PROBLEMS

The following people from Pineridge and the Wedge Addition appeared regarding the drainage problems in that area.

| | |
|------------------------------|--|
| Mr. and Mrs. Wayne Fairhem | R. R. 1 Box 202 A, Pittsboro, Indiana |
| Lucy Brown | R. R. 1 Box 202, Pittsboro, Indiana 46167 |

| Arthur Himself) | |
| Marvin Money) | |
| Herschel Gentry, Jr.) | Hendricks County Commissioners |
| Patricia J. Noel | Hendricks County Auditor |
| Russell Lawson | Hendricks County Road Supervisor |
| E. Alonzo Deckard | Hendricks County Attorney |

IN THE MATTER OF PERSONAL APPEARANCES
(WAYNE PICKRILL)

Mr. Wayne Pickrill of Cartersburg appeared concerning a problem with the creek on Cartersburg Road. The Highway Supervisor was asked by the Commissioners to check into this matter.

(MR. PRUITT)

Mr. Pruitt of Liberty Township appeared and advised he had given a ten foot right of way when his road was widened and wanted to know who was to maintain the ditch. The Commissioners asked the Surveyor's office to check into this matter to see if it is a legal drain.

(CHARLES FOGGATT)

Charles Foggatt, developer of Heritage Farms Subdivision, appeared and advised that he had reached an agreement with property owners to the east of this subdivision to drain the water from the subdivision across her property and asked if he could substitute this agreement in place of an easement for a legal drain which he had been asked to obtain by the Plan Commission before approval of his subdivision. This matter was turned over to the county attorney to check the agreement and see if it met the legal requirements.

(MR. AUBREY LEAK)

Mr. Aubrey Leak, developer of Leakwood Estates, requested that the easement between two of his lots which had been dedicated for a public road could be withdrawn. Mr. Leak was referred to his attorney on this matter.

(PEG KENNEDY)

Peg Kennedy of 27 South Ridge Drive, Brownsburg, appeared representing the Youth Variety Festival Organization and asked if it would be possible for the Commissioners to provide a grant for this program. Mrs. Kennedy was referred to the CETA Director to see if maybe it would be possible to get a grant through CETA for this program.

(PHYLLIS BOYD)

Phyllis Boyd of Indianhead Lake Subdivision appeared and requested that the roads in that addition be blacktopped, that road signs be put up and that something be done about the drainage pipe under one of the roads that was too small. The Commissioners advised Mrs. Boyd they couldn't give her a date when the roads might be blacktopped, but that the highway supervisor would see about putting up road signs and would replace the drain pipe that was too small.

(CHUCK SIMPSON AND JIM MCKNIGHT)

Chuck Simpson and Jim McKnight of Simpson Engineering presented a proposal to the Commissioners for an engineering study of a Highway Marking and Roadside Obstacles Program for Hendricks County. The Commissioners took this proposal under advisement and asked the auditor to contact all the consulting engineer firms that have contacted them about this program and ask them to submit a proposal.

John Burke and Ron Barker of Indiana Gas Company appeared at the public hearing for the gas line easement as advertised. There being no objections to this matter the Commissioners granted the easement to Indiana Gas Company as advertised.

(RICHARD A JENTZSCH AND CINDY LOU TURNER)

Richard A. Jentzsch and Cindy Lou Turner of Indiana Heartland Coordinating Commission appeared and talked to the Commissioners about their proposed programs for the coming months.

(ERNIE VANCE)

Ernie Vance of Associated Engineering appeared regarding his proposal on the striping of the county roads. He advised this program will cost approximately \$150,000.00 for Hendricks County all of which will be federally funded. The Commissioners advised Mr. Vance to proceed with the necessary paperwork to obtain these funds for this program in Hendricks County.

IN THE MATTER OF SUBDIVISIONS

- Whispering Winds, Section III - The Engineer recommended the the performance bond be released in favor of a \$11,600.00 maintenance bond and that portion of road that connects Section III and County Road 150 S be accepted into the County System.
- Minor Plat #2 - The Engineer recommended release of the performance bond in favor of a maintenance bond from \$2,000.00 to \$400.00.

IN THE MATTER OF WATER LINE

Permission was granted to the Indianapolis Water Company for an opening within the public right-of-way in order to provide water service to the Prestwick Development. This letter of request is on file in the Auditor's office.

IN THE MATTER OF AMENDING ORDINANCE NO. 1979-17

The County Commissioners passed an ordinance amending Ordinance No. 1979-17 as follows:

AMENDMENT TO THE SUBDIVISION CONTROL
ORDINANCE OF HENDRICKS COUNTY, INDIANA
ORDINANCE NO. 1979-17

WHEREAS, Chapter 174 of the Acts of the General Assembly for 1947, as amended, granted certain powers to County Plan Commissions, relative to the platting of lands within their jurisdictions; and

WHEREAS, the Hendricks County Plan Commission of Hendricks County, Indiana, held a public hearing on October 8, 1979, pursuant to notice, and after having heard testimony from the Plan Commission staff and after having heard remonstrators, the Hendricks County Plan Commission found:

1. That a number of storm sewer systems in existing subdivisions in Hendricks County have not been sized properly to accomodate a reasonable storm intensity and that such conditions increase the damages caused by flooding; and

2. That some drainage swales within existing subdivisions discharge water into streets damaging the streets and greatly adding to the maintenance costs of said streets; and that such discharges create additional traffic hazards during winter freezing periods; and

WHEREAS, The Board of County Commissioners after having considered the Subdivision Control Ordinance of Hendricks County, and all amendments thereto, and after having received the findings and recommendations of the Hendricks County Plan Commission and finding that said recommendations should be adopted,

NOW THEREFORE, in order to promote the health, safety and welfare of the people of Hendricks County, Indiana, by diminishing the hazards of flooding and minimizing the damage to the streets and roads in the County and traffic hazards created thereby, be it ordained by the Board of Commissioners of Hendricks County, Indiana, that the Subdivision Control Ordinance entitled "Subdivision Control Ordinance of Hendricks County, Indiana", enacted by the Board of Commissioners of Hendricks County, Indiana, on February 6, 1961, and all amendments thereto, be amended by deleting subsection 2 of the Section entitled Design of Storm Drainage of Chapter 9 which subsection reads as follows:

- (2) All rainfall data such as frequency, intensity and duration of storms. If complete Weather Bureau data are not available locally, the data in Miscellaneous Publication No. 204, U.S. Department of Agriculture, "Rainfall Intensity - Frequency Data" by David L. Yarnell, should be used. Intensity-duration curves should be plotted for storms of a 5-year frequency and this graph used for run-off supply quantities in conjunction with the design.

and by adding the following section:

- (2) All storm sewer systems within the subdivision including inlets, manholes, street gutters, swales and sewers shall accomodate a 10-year rainfall intensity without flooding to the tops of the curbs.

In this subsection the word "swale" or pronouns in place of it shall mean an artificial waterway or segment thereof.

All water conveyed by a swale shall discharge into a storm sewer, an intermittent stream, a legal drain, or a natural ravine, provided proper erosion control measures are taken.

Swales shall not discharge water onto a street or over a curb except those swales created to provide individual lot drainage for the two lots immediately adjacent to the swale.

Inlets designed to accomodate storm water discharge from swales shall be located at the rear property lines of the lots.

This Ordinance shall be in full effect from and after its passage and approved according to law.

If any section, clause, paragraph, provision, or portion of this amendment shall be held to be invalid or unconstitutional by any court of competent jurisdiction, such decision shall not affect any other section, clause, paragraph, provision, or portion of this amendment.

Passed and approved by the Board of Commissioners of Hendricks County, Indiana, this 15 day of October, 1979.

IN THE MATTER OF SPEED LIMIT SIGNS

The Commissioners directed the Highway Superintendent to post 40 mile per hour speed limit signs on Cartersburg Road from the city limits of Danville south to Highway 40.

IN THE MATTER OF CABLE TELEVISION

Richard Groover and his client Kelly Robbins of Wabash Communications cable television appeared and requested a franchise from the Commissioners for cable television in the county for areas contiguous to Plainfield and Brownsburg and Danville. The Commissioners advised that since they had already granted a franchise in the county to another firm, they would have to take Mr. Robbins request under advisement at this time.

IN THE MATTER OF FIRE EXTINGUISHERS

Mr. George Guy of AAA Fire Extinguisher Company appeared and advised the Commissioners that the cost of the necessary fire extinguishers in the Courthouse annex would be \$505.50. The Commissioners advised Mr. Guy to install the required fire extinguishers.

IN THE MATTER OF LAW SUIT

The County Commissioners took note of the lawsuit filed by Steven Gasperi against the County for damages in the amount of \$251,000.00 and referred the matter to the county attorney.

IN THE MATTER OF BIDS

The Commissioners advised the County Auditor to advertise for bids for all supplies, etc. for the county and for the highway and that bids would be accepted at 10:00 A.M. on December 10, 1979.

IN THE MATTER OF LAW BOOKS

The Commissioners received letters from Judge Jeff Boles of Circuit Court and Judge Vincin Helton of Superior Court I advising there were several sets of law books in the court libraries that were of no use and the Judges recommended that these books be sold. The Commissioners directed the Auditor to advertise these books for sale on December 17, 1979 at 10:30 A.M.

IN THE MATTER OF JANITORIAL SERVICE

Don Jones of Jones Janitorial Service submitted a proposal to furnish janitorial service in the new Courthouse Annex. The Commissioners took this matter under advisement.

IN THE MATTER OF REMODELING

Walt Reeder, Hendricks County Engineer, submitted proposed remodeling of the southwest corner of the first floor of the Courthouse to accomodate the Prosecuting Attorney's offices and the Unified Probation offices that the prosecutor and all judges agreed would be a workable solution for the present time. The Commissioners directed Mr. Reeder to proceed with these plans as soon as possible to estimate costs and to obtain bids for the work to be done. The Commissioners declared there was an emergency existing because the prosecutor was to vacate his offices by January 1, 1980. Mr. Reeder

was also requested to present these plans to the county council at their next meeting on November 6, 1979.

IN THE MATTER OF MENTAL HEALTH CLINIC

Bill McGraw and Gary Beck of the Cummins Mental Health Clinic appeared and advised the Commissioners they were proceeding with plans to build a new mental health clinic at a total cost of approximately 2.3 million dollars, 75% of the cost to be paid by the state with 25% being paid by Hendricks and Putnam Counties. The Hendricks County share would be approximately \$420,000 to be raised by a bond issue.

IN THE MATTER OF THE CHRISTMAS PARTY

The Commissioners set 6:30 P.M., December 11, 1979, for the Courthouse Christmas Party.

IN THE MATTER OF BURIED CABLES

Permission was granted to the Indiana Bell Telephone Company for two buried cables. The letter of request is on file in the Auditor's office.

IN THE MATTER OF SUBDIVISIONS

Green Tree - The Engineer recommends the performance bond be released in favor of maintenance bond in the amount of \$4,000.00

Sycamore Estates, Section 6 - Developer requests release of \$1,000 performance bond in favor of a maintenance bond. The Engineer has inspected and found a slight erosion problem in the swale between Sections 7 & 8. The Developer has stated that this problem will be addressed in Section 8, which is under construction. Based on this the Engineer recommends release of bond as requested.

Sycamore Estates, Sections 7 & 8 - The Developer requests the performance bond for Section 7 be reduced to \$12,800.00 and the performance bond for Section 8 be reduced to \$3,600.00 to cover the remaining seeding, Creek relocation and erosion control measures. The Engineers concurs with the request.

IN THE MATTER OF WASHINGTON TOWNSHIP FIRE DISTRICT

Several Washington Township citizens appeared regarding the petition filed at the Commissioners last meeting to establish a fire district in Washington Township. James Lowry, attorney for Ralph Schooley, Trustee, appeared on his behalf and Greg Hurst appeared representing the Washington Township Volunteer firemen. The Commissioners advised that they were attempting to determine whether the required number of freeholders of Washington Township had signed this petition and set the matter for public hearing at 7:30 P.M. on May 8, 1980, in the Hendricks County Superior Court Room II. The Commissioners questioned Mr. Lowry as to whether Mr. Schooley would be able to provide fire protection for Washington Township during the interim period and Mr. Lowry advised that Mr. Schooley was prepared to do this. The Commissioners also requested of Mr. Hurst and Mr. Lowry that they meet to try to get this matter worked out for this interim period and they agreed to do so.

IN THE MATTER OF CARTERSBURG BRIDGE

Jim Wade of Armstrong and Associates appeared and advised the Commissioners that the Indiana State Highway Commission had advised him that the railroad bridge on Cartersburg Road would have to be submitted to the Indiana Department of Natural Resources for approval.

IN THE MATTER OF STUDENTS CLEANING DITCHES

Barbara Kincaid appeared representing the Danville High School Band Parents and requested that the Commissioners pay the students for cleaning up roadside ditches in the county, with the money to be used for the new band uniforms. The Commissioners took this matter under advisement because of insurance problems, etc. and advised Mrs. Kincaid they would check into it to see if they could do this.

IN THE MATTER OF RAILROAD BRIDGE

Nelson Steele appeared regarding the engineering for the railroad bridge south of Danville on Mackey Road. He advised there would be no federal money available for this project at this time and that the engineering fee would run approximately \$60,000.00. The Commissioners took this matter under advisement.

IN THE MATTER OF APPOINTMENT

Polly Hamilton was appointed by the Commissioners to the Animal Control Authority Board to fill the unexpired term of Joe Templeton who has resigned. Mrs. Hamilton will serve until December 31, 1980.

IN THE MATTER OF PERSONAL APPEARANCES
(BARBARA R. YANT)

Barbara R. Yant of R. R. 3, Box 751 B, Brownsburg, appeared regarding a water problem on County Road 900 E and 400 N and 300 N. This matter was referred to the county engineer to check into it.

(HENDRICKS COUNTY BOARD OF REALTORS)

The Hendricks County Board of Realtors appeared and requested that the Commissioners proclaim April 13 through April 19, 1980 as Private Property Week. The Commissioners did proclaim the week of April 13 through April 19 as Private Property Week in Hendricks County.

IN THE MATTER OF BIDS

From said affidavits the Board finds that time has now arrived for the public opening and reading of bids as follows: Rental of county farm pasture

The following bids were received: Eddie and Jerry Myers \$1,650.00

This being the only bid received the Commissioners accepted it.

IN THE MATTER OF GUNS

Carolyn Vittitow appeared and advised the Commissioners that she felt that the Animal Warden should not be allowed to carry a gun.

IN THE MATTER OF LAWSUIT

The Commissioners took notice of a claim filed against the county from Carrie Mount in the amount of \$300,000.00 from an accident she had on October 20, 1979 on county road 100 N just west of county road 1050 E. The Commissioners denied this claim.

IN THE MATTER OF MAINTENANCE

A letter was received from Judge John C. Mowrer regarding maintenance on the IDAC machine at a cost of \$59.50 per month. The Commissioners authorized the Auditor to pay this out of the Commissioners maintenance budget for the balance of 1980 but for the Judge to include this matter in his 1981 budget.

IN THE MATTER OF SUBDIVISION

Farmbrook Addition, Section 2 & 3 - The State Bank of Lizton reduced a certificate of deposit being held as surety for performance to \$6,000.00. All other terms remain the same.

There being no further business presented the meeting adjourned.

At the request of the County Commissioners Mr. Henry N. Cox, Mr. I. E. Lewis, Mr. Terry Kraus, Mr. Les Ray, Mr. Baxter Page, Mr. Perkins and Mr. Hubert Haines, representing all of the six school districts in Hendricks County appeared at the meeting. Each Superintendent was given a map of his district with the bridges that were in bad condition and would not hold school buses marked so that they might use this information in planning their school bus routes.

IN THE MATTER OF HOSPITAL BUILDING AUTHORITY

A motion was made by Marvin Money to establish a Hospital Building Authority. The motion was seconded by Herschel Gentry, Jr. and carried unanimously.

IN THE MATTER OF AVON FIRE DEPARTMENT DISPUTE

A press conference was held regarding the settlement of the Avon Fire Department dispute. A three page press release was distributed. This release is on file in the Auditor's office. Summation includes the signing of a three year contract that ensures the continued fire protection of the township's citizens and property. The firemen will continue to serve the firefighting and rescue needs of Washington Township as independent contractors hired by the Trustee and the Township Advisory Board. Other features of the agreement include a new method of finance, fire and rescue service, and a compromise plan for ownership for equipment and supplies. Created at the request of the mediation group is a six member long range planning committee to serve throughout the contract term, and perhaps beyond. The committee will consist of two members each from the advisory board, the Washington Township Planning Association, and the Fire Department.

 IN THE MATTER OF RADIO TOWER AT OLD JAIL

Roger Love of Communications Maintenance, Inc. appeared and requested a price for the removal of the old radio tower at the old jail. The cost of this will be \$1,748.00. The County Engineer advised the Commissioners that he had checked this tower and that it is in very bad condition and because of the rusting from the inside out it is a hazard. The Commissioners directed Mr. Love to remove this tower as soon as possible after the installation of the new tower.

IN THE MATTER OF BLAKE STREET BRIDGE

A report was given by the Engineer regarding the condition of the Blake Street Bridge over the railroad on the south edge of Danville. The Engineer recommended that this bridge be posted at two ton weight limit. The Commissioners directed the County Highway Superintendent to post this bridge at the recommended weight limit.

IN THE MATTER OF PERSONAL APPEARANCES
 (JIM PERRY, MAX DURHAM, JOHN AUSTIN AND VANCE BOGGS)

Jim Perry, Max Durham, John Austin and Vance Boggs appeared and requested that the Commissioners consider blacktopping County Road 450 W in Franklin Township just north of Highway 40 because of the serious dust problem. The Commissioners advised that Jim Vaughn had talked with them recently about this same problem and indicated he might work with the Highway Department to solve the problem of this road. The Commissioners directed the Highway Superintendent to contact Jim Vaughn to see what might be worked out on this road.

IN THE MATTER OF HOOSIER HEARTLAND

Joe Hayes and Henry Wallace appeared regarding the Resource Construction and Development Program in the Hoosier Heartland. Mr. Hayes advised that this had now been funded by the federal government and requested that the Commissioners appoint one of their members to serve on the council. This program will make federal funds available for things such as ditching, soil erosion, etc. for Hendricks County. The Commissioners appointed Herschel Gentry, Jr. as their representative on this council with Walter Reeder as the alternate representative.

IN THE MATTER OF GRAND JURY REPORT

The Commissioners took note of the Grand Jury Report as follows:

STATE OF INDIANA)
)
 COUNTY OF HENDRICKS)

IN THE HENDRICKS CIRCUIT COURT

1980 TERM

REPORT OF THE HENDRICKS COUNTY GRAND JURY

The Hendricks County Grand Jury hereby reports to the Hendricks Circuit Court as follows:

CLAYTON TOWN ELECTION NOVEMBER 6, 1979

The Grand Jury was disturbed by the apparent laxity demonstrated by the Clayton Town Election Board and other officials who were involved in the Town Election on November 6, 1979. It was apparent to the Grand Jury that it was common knowledge in Clayton that Mr. Terry Toney did not live in Clayton and that he had been forced to move from Clayton after his house was destroyed by fire. It was also common knowledge that he was renting and occupying an apartment in Amo, Indiana. Yet, no one on the Clayton Town Election Board challenged Mr. Toney's right to vote. Apparently, no one on the election board knew for a certainty, nor did they take the time or trouble to determine whether or not Mr. Jerry Kenworthy resided inside the Town of Clayton at the time of the election. Again, no members of the election board challenged Mr. Kenworthy's right to vote. Both Mr. Kenworthy and Mr. Toney, as well as other voters at the election, were only asked to list their mailing address rather than to state whether or not they lived or resided inside the Town of Clayton. It is also apparent to the Grand Jury that several of the members of the Clayton Election Board were lacking in an understanding of the duties and obligation of the positions that they were filling during the election. The Grand Jury feels that the election board was negligent in failing to challenge the vote of Mr. Toney and Mr. Kenworthy for the following reasons:

1. Mr. Toney's place of residence was common knowledge in the Town of Clayton.
2. At least one member of the election board knew that Mr. Toney was living in Amo and yet failed to challenge him.
3. The election board members made the assumption that Mr. Kenworthy's place of residence was in Clayton. The Grand Jury feels that more care should have been taken by the election board in reviewing Mr. Kenworthy's qualifications to vote, particularly since his brother was running for a seat on the Town Board.

The Grand Jury recommends that the Town of Clayton and in particular, the precinct committeemen, being duly elected by the voters of their party, tighten up on their voting procedures and put forth more effort to properly instruct the individuals chosen as members of the election board concerning their duties. It is also recommended that the committeemen make sure that the duties of the election board members are being properly performed during the election. The Grand Jury feels that the precinct committeemen should make certain that the election board has a clear understanding of all the statutes and town ordinances covering all elections. The Grand Jury feels that certain training and instruction should be given to the election board members, rather than merely handing them a handbook with the rules concerning the election.

It is the further opinion of this Grand Jury that all precinct committeemen in Hendricks County should be made aware of their duties and obligations to the people who have elected them. They have an obligation to the people to see that the poll books accurately reflect the eligible voters in the precinct. Party loyalties should be secondary to the rights of the people in Hendricks County to an honest

election. The Grand Jury recommends that there be a general tightening up of voting procedures throughout Hendricks County. The voting laws are very explicit and should be closely followed in order to insure honest elections to all citizens of the County.

The Grand Jury further recommends that all precinct committeemen in Hendricks County be instructed to use care and discretion in selecting members of the election board in their precincts and that the committeemen then fully instruct these members as to their duties and obligations. The statutes covering voter requirements should be reviewed with the members of the election board prior to the election. All members of the election board should be made fully aware of what constitutes a fraudulent vote and of the fact that they are required to challenge any prospective voter if they have personal knowledge or good reason to believe that the person does not meet the voting requirement.

As stated above, this Grand Jury heard testimony from Mr. Jerry W. Kenworthy and Mr. Terry Toney concerning their vote in the Town Election at Clayton on November 6, 1979. It is the opinion of this Grand Jury that Mr. Kenworthy did and does consider Clayton, Indiana as his primary residence and that his secondary residence is at the Casa Loma Mobile Home Park in Plainfield, Indianan. It is, therefore, the opinion of the Grand Jury that Mr. Kenworthy was eligible to vote in the Clayton Town Election held on November 6, 1979.

It is the opinion of the Grand Jury that Mr. Terry Toney was forced to temporarily move from Clayton, Indiana by the fire at his home in Clayton and that he considers his temporary residence as being in Amo, Indiana. Mr. Toney has maintained an active interest in the affairs of the Clayton community as indicated by his continued activity as a member of the Clayton Fire Department. The Grand Jury finds no evidence that Mr. Toney had any fraudulent intent in casting his vote in the Town Election. The Grand Jury feels that Mr. Toney was sincere in his interest in the election and had no personal interest in the outcome of the election other than that of any other citizen interested in the affairs of his home community.

HENDRICKS COUNTY HOME.

The Grand Jury found the County Home to be in good repair and was in the process of being renovated as funds permit. The Grand Jury is impressed with the care given to the current residents of the home and the concern of the staff for the residents. The building is old, however, it is remarkably clean and well kept. The medical needs of the residents are being met adequately. Meals appear to be nutritious, well balanced and very adequate. The administration of this facility is commended by the Grand Jury for their judicious use of public funds. The Grand Jury suggests that the County Commissioners consider special funding for the conversion of the present heating/cooling system to a more efficient and economical system.

The County Home currently has ten (10) people on its staff. The Grand Jury recommends that serious consideration be given to the hiring of at least three (3) more people at the Home.

HENDRICKS COUNTY JAIL

The Grand Jury found the Hendricks County Jail to be clean, well kept, and well lighted. The Jail is generally in very good condition. The kitchen area is clean and well kept. The meals seem to be adequate for the needs of this type of facility. All indications are that the needs of the prisoners being held there are adequate. The Grand Jury found the staff at the jail very cooperative and knowledgeable about their work. The Grand Jury found a great deal of professionalism among the staff at the Sheriffs' Department. It is the feeling of this Grand Jury that the salaries of the Deputy Sheriffs and the remaining staff should be reviewed and brought more in line with the special requirements needed to promote this same type of professionalism in the future.

INDIANA BOYS' SCHOOL

The Grand Jury found the Indiana Boys' School facility to be well kept. The buildings are in good condition and extensive remodeling is being done on the old buildings. Good use is being made of the physical plant. The Grand Jury did find over - crowding in some areas, particularly in the intake area.

The Grand Jury feels that the staff and administration of Indiana Boys' School is doing an excellent job in meeting the needs of the students. The Grand Jury does feel, however, that there is a shortage of security personnel that should be overcome.

INDIANA YOUTH CENTER

The Grand Jury, after meeting with the administration of the Indiana Youth Center, feels that serious over - crowding exists at Indiana Youth Center. There seems to be little possibility of this situation being alleviated in the foreseeable future. This facility is functioning at almost total capacity with no indication of a drop in commitments. There is a serious understaffing at the Youth Center, particularly in the security of the facility. This understaffing poses the potential for creating major problems for the residents of Hendricks County if not corrected.

INDIANA RECEPTION AND DIAGNOSTIC CENTER

The Grand Jury feels that the Reception and Diagnostic Center is well run, well administrated, and filling the function that it was specifically designed to do.

DATED AT DANVILLE, INDIANA ON THIS 28th DAY OF APRIL, 1980.

IN THE MATTER OF SECURITY CAMERAS FOR JAIL

Joe Lackey of the Sheriff's Merit Board and Dan Poole, Juvenile Officer appeared before the Commissioners regarding additional security cameras and additional turnkey personnel in the juvenile section of the jail. They advised that it was necessary to put additional cameras and monitors in the juvenile section which would cost approximately \$16,600 for the cameras and an additional \$18,340 for the balance of this year for the necessary turnkeys. This is necessitated because of an incident involving a juvenile at the jail last week. The Commissioners advise them they would have to talk to the county council regarding this matter.

IN THE MATTER OF JAIL INCIDENT

Judge Jeff V. Boles of Circuit Court appeared before the Commissioners regarding the matter of the incident at the jail and advised the Commissioners that he had had a meeting with the Sheriff's department

and the county attorney regarding the incident involving the juvenile last week and that he had advised the Sheriff's Department they needed to do whatever was necessary to see to it that such an incident did not happen again.

The Commissioners further recommended that the positions of turnkeys be added if this would solve the problem. They also directed the county attorney to contact the National Association of Counties to see if they could recommend someone to do a study regarding some long range planning for the juvenile section of the jail.

IN THE MATTER OF BIDS

The Commissioners instructed the Auditor to advertise for bids to resurface the County Line Road between 136 and 56th Street. They will receive the bids on June 9th at 11:00 A.M.

The Commissioners also instructed the Auditor to advertise for bids on the cameras for the jail at 11:00 A.M. on June 2nd, 1980 subject to the council's approval of appropriations.

IN THE MATTER OF RESIGNATION

IN THE MATTER OF HOOSIER HEARTLAND

Michael Graham, Plan Commission Administrator, appeared regarding a meeting at the Indiana Heartland. Because of the lack of federal funding if Indiana Heartland is to continue it will be necessary for local funding to be increased considerably. For instance, Hendricks County's contribution will have to be increased from \$2,158.96 per year to \$5,137.88 per year. The lower figure was based on 46 per capita based on the 1970 census and the new figure is based on the estimated 1980 census at 7.56 per capita. He advised there was going to be a meeting of all eight counties involved on June 5th. The Commissioners took this under advisement and will attend the meeting before any decision is made.

IN THE MATTER OF LAWSUIT

The Commissioners took note of a lawsuit filed by Jane Alverson against the County in the amount of \$300,000.00 The same was referred to the county attorney.

IN THE MATTER OF JAYCEE PARKING

Greg Black appeared on behalf of the Danville JayCee's regarding people being allowed to use the Court House Annex parking lot on the 4th of July, 1980, for the JayCee 4th of July celebration at the 4-H fair grounds. The Commissioners granted permission for use of the parking lot.

IN THE MATTER OF LEASE

The Commissioners signed a lease with two special deputies on the Sheriff's Department to lease motorcycles.

IN THE MATTER OF RENT

The Commissioners advised the CETA Director the charge for rental on the CETA office space for this next contract would be \$6,000.00.

IN THE MATTER OF EASEMENT

The Commissioners denied an easement requested by Indiana Bell Telephone and instructed the County Engineer to return the easements to Indiana Bell with the following notation.

"Easement denied. This easement should be signed in Japan since that is where they buy their trucks, especially with America's current unemployment in American Auto Industry."

IN THE MATTER OF BIDS

Comes now, Patricia J. Noel, Auditor of Hendricks County and presents to the Board affidavits of Betty J. Weesner and Robert E. Percy, Editors and Publishers of the two weekly newspapers of opposite political faiths published in said Hendricks County, the same being the Hendricks County Republican and The Danville Gazette, Inc. From said affidavits the Board finds that time has now arrived for the public opening and reading of bids as follows: Old Highway Truck

The following bids were received: George Harvey & Sons \$2,000.04
Steve Clark 1,151.00

The Commissioners directed that the old truck to be sold to George Harvey who had the higher bid.

IN THE MATTER OF MENTAL HEALTH CENTER

Bill McGraw appeared and presented the Commissioneers with the proposed plans for the construction of a new mental health center in Hendricks County to serve both Hendricks and Putnam County. He estimates that the proposed 38,000 square feet building will cost \$3.2 million. He also advised that the State will fund \$2,400,750 of the building if Hendricks County will fund \$533,500 and Putnam County will fund \$266,750. He advised that they would like to start construction in 1980 and requested that the Commissioners consider funding this over a three year period. The Commissioners took the matter under advisement until their meeting on August 4th.

IN THE MATTER OF BIDS

Both Burroughs and IBM representatives appeared and gave presentations on their bids submitted earlier for computer equipment. The Commissioners awarded the bid for the new computer system to Burroughs Corporation.

IN THE MATTER OF PROPOSED ORDINANCE

A hearing was held on the proposed ordinance for regulating camping activities. After much discussion there was a motion to amend the Ordinance by deleting the words "numerous complaints" from the Hendricks County Temporary Campground Ordinance. The motion carried.

Fred Palmer representing southern Guilford Township spoke against the Ordinance applying to the whole county. After some discussion regarding this a motion was made that the Ordinance apply to Lincoln Township only.

After more discussion the motion was made to pass the Ordinance as amended. This motion passed unanimously.

IN THE MATTER OF SUNNY SUBURBAN ACRES

Roger Brock, Ted Mayberry and Robert Olsen of the Homeowners Association of Sunny Suburban Acres requested permission to erect their own cedar street signs and stop signs. Permission was granted for them to do this providing the signs complied with the size and shapes as provided in the state highway regulations.

IN THE MATTER OF SPEED LIMIT SIGNS

The Commissioners directed the highway superintendent to erect thirty mile per hour signs on the Marion/Hendricks County line road from the south side of I-74 to 56th Street with fifteen mile per hour signs on the two S curves.

IN THE MATTER OF VERDANT ACRES SUBDIVISION

Several residents of Verdant Acres Subdivision were in with several complaints to the Commissioners. Those present were: Dixie Wynkoop, Chris Ragsdale, Barbara Simpson, Linda Stillings, Carolyn Bauchle, F. M. Bartin, Jan Rice, June Henning, James Dyer, Tom Sylvester, Bill Kirtley, Jerry B. Salmon, Gary M. Walker, Leon Good, Gary Rogers, Theodore Humphrey, Roger A. Brock, Robert R. Olsen, Raymond Rost, Lev Best, Fred Palmer, Brian Norman, Don Stemb, Jep Cadou, Bob Duncan, Dorothy Partlow and Kaye Partlow.

Questions asked by them were:

1. Are any roads being asphalted this year? If so, where?
2. What asphalt work has been done in the past few years?
3. Why were our roads that had no chuckholes covered with rock?
4. How many home sub-divisions will have this rock put on them this year?
5. What is your annual budget?
6. Area you are in charge of.
7. What department is in charge of 21st street?

There was much discussion primarily regarding the chip and seal of the roads in the subdivision, and the Commissioners advised that the highway department did not have the money to asphalt these roads but in order to keep them from deteriorating, it was necessary to put on the chip and seal.

IN THE MATTER OF WABASH CABLEVISION

Judge Richard Groover was in on behalf of Wabash Cablevision requesting permission to run a cable down the county right of way of Old Road 267, not to service any homes on cable television, but to run the cable between Plainfield and Mooresville.

IN THE MATTER OF WELFARE DEPARTMENT

Pat Skillman, Welfare Director, requested permission to put a lock on their storage room door in the Court House Annex. Permission was granted.

IN THE MATTER OF STOP SIGN

The Commissioners directed the Highway Superintendent to put a four way stop sign at County Road 400 W and 900 E and also at County Road 800 E and 400 N.

IN THE MATTER OF LEASE

The County Commissioners directed the County Attorney to draw up a lease with Hendricks County Special Services, 247 South Wayne Street, Danville, Indiana, to lease land to said Hendricks County Special Services for the purpose of Hendricks County Special Services building a Multipurpose Senior Citizen's Center on the condition that there will not be a mortgage and that the county reserves the right to architect approval and such other conditions as the county attorney might deem necessary.

IN THE MATTER OF BELL BRIDGE

The County Engineer advised the Commissioners he had received two quotations for the necessary soil survey work for the Bell Bridge. One bid was from Alt-Wizig in the amount of \$4,655.90 and the other from Altec in the amount of \$6,644.25. The County Engineer recommended that the Commissioners accept the bid of Alt-Wizig. The Commissioners advised the Engineer to notify Alt-Wizig that they had been accepted to do the necessary soil survey for this bridge.

IN THE MATTER OF INDIANA BELL TELEPHONE CO.

Because of the fact that Indiana Bell Telephone Company had advised the Commissioners and Auditor that one of the services which the county is presently receiving from Indiana Bell on their telephone system at a present cost of \$389.00 per month will be increased to \$1,836.00 per month or an increase of 374% for this one service. The Commissioners directed the county attorney to file them as intervenors in the Indiana Bell rate case with the Public Service Commission of Indiana.

IN THE MATTER OF MENTAL HEALTH BUILDING

The Commissioners considering whether Hendricks County would be willing to either put on a rate or issue a bond for Hendricks County portion of the new building for Cummins Mental Health, the Commissioners feel that due to the fact that Putnam County voted to not pay their share of this building, the Commissioners feel that Hendricks County should not have to pay the full amount and advised the Auditor to notify Cummins Mental Health to either scale down the size of the building to be used by Hendricks County residents only or to work out some sort of rental fee with Putnam County if their citizens are to use the Hendricks County facility.

IN THE MATTER OF HIGHLAND SUBDIVISION

Chuck Maxwell of Highland Subdivision appeared and advised the Commissioners that he would grant the county a general easement for drain and then after the development of the gravel pit and then later development of lake front property would grant a specific easement for the drainage. The Commissioners indicated to Mr. Maxwell that they would probably go along with this and asked him to reduce the agreement for the easement to writing and present to the county attorney.

IN THE MATTER OF BRIDGEFIELD MANOR

Kay Landis, Norma Poynter, Sandra Davis and Jean Ann Adkins of Bridgefield Manor in Plainfield appeared regarding the need for ditch in their area. On August 19th Mrs. Davis' son who was outside playing fell into the roadside ditch and almost drowned. The Commissioners advised that the County Engineer and Surveyor had attempted to try to design a ditch, but that the property owner next to the subdivision denied them access to their land in order to complete the survey. The Commissioners advised these ladies they knew there was a big water problem in the area and they would again attempt to get permission from the adjoining property owner to at lease be allowed on the land to see what could be done.

IN THE MATTER OF BLAKE STREET BRIDGE

Jim Wade appeared regarding the Blake Street Bridge. He advised the Commissioners that the Indiana State Highway Commission has confirmed that the Poland house is of a historical value and as such the county cannot acquire the necessary right of way to replace this bridge. He advised that the Highway advised the next step is to get a Section 106 Study of the site. The Commissioners adjourned their meeting to make an onsite inspection of the bridge. After the site inspection, the Commissioners returned to the meeting room and instructed Mr. Wade to proceed with the Section 106 of the Act for the Preservation of Historical properties. This study will determine whether it would be feasible to put in

a grade crossing at that location or whether a realignment of the bridge to the west and possibly the only solution would be to reroute the road and run it along with north side of the railroad tracks to the bridge located on Highway 39.

The Commissioners further instructed the Highway Superintendent to put stop signs at each end of the bridge and to also put signs up north and south of the bridge that the bridge is closed to all except passenger cars. IN THE MATTER OF HIGHWAY GARAGE FIRE

Bob Jensen of Stevenson-Jensen Insurance Agency, Inc., appeared regarding the fire loss at the county highway garage on October 9, 1980. Most of the repairs were reported underway and should be completed by the end of the week. It was estimated that the loss to the building will amount to between \$15,000 and \$16,000.

IN THE MATTER OF INDIANA BELL TELEPHONE SYSTEM

Marsha Thompson and Scott Daly from the Indiana Bell Telephone Company appeared regarding the upgrading of the telephone system in the courthouse. The package recommended would enable us to have direct in dialing. The total cost of this would be approximately \$63,000.00 and a monthly fee of approximately \$2,200.00. The representatives of Indiana Bell advised they would give us credit for the full amount of approximately \$40,000.00 paid for our present system since they agreed that the responsibility (Indiana Bell's) was theirs/for selling us a system that was over capacity when it was installed.

IN THE MATTER OF EASEMENT FOR WABASH COMMUNICATIONS, INC.

Wabash Communications, Inc. requested permission and authority from the Commissioners of Hendricks County to run a cable for transmission of television programs on and along that part of the county highway which is known as old State Road 267, and which became a part of the Hendricks County highway system after the State of Indiana constructed new State Road 267.

From the south edge of Plainfield, the cable will be attached to existing Public Service of Indiana utility poles along said highway to the said utility's southern most pole which is designated as TP-G to L-6L-1 and located approximately 1200 feet north of the intersection of old State Road 267 and the present State Road 267, all as shown on drawing furnished. At said point the cable will be taken overhead to the west side and then buried along the west side of said old State Road 267 to its intersection with the present State Road 267, in accordance with the specifications contained in a letter of September 23, 1980, on the letterhead of Indianapolis Cablevision Company LTD., and which is attached hereto.

IN THE MATTER OF PERSONAL APPEARANCES
 (MARVIN AND SARA KELSO)

Marvin and Sara Kelso of Rural America Multiservice Centers, Inc., were in requesting a resolution recognizing their organization. This matter was referred to the County Attorney.

(BILL COLE AND DON GRUBB)

Bill Cole and Don Grubb were in and advised they would have no objections to giving right of way for the Tenth Street Bridge as long as there will be enough dirt to fill back along his road. The County Engineer advised that he would check this out with the state and get back with him.

IN THE MATTER OF BURIED CABLES

Permission was granted to Indiana Bell Telephone Company to make openings within the public right of way to maintain and provide additional telephone facilities. Two letters are on file in the Auditor's office with these requests.

IN THE MATTER OF PERSONAL APPEARANCES

(BILL KELSON)

Bill Kelson of Rural America Cororation was in again requesting a letter from the Commissioners recognizing his organization. The Commissioners again referred him to the county attorney and also advised him before they would consider any action they would require a letter from Jean Merritt of the CAP state office.

(WALTER REEDER)

Walter Reeder presented a preliminary engineering investigation report on the Cosner Branch east of Cartersburg for controlling the erosion problem on the west bank of the Cosner Branch. There were three recommendations and the Commissioners instructed Mr. Reeder to advise Hoosier Heartland Resource

and Conservation Office that the Commissioners felt the second alternative would be the best.

(CHRIS MCCLURE)

Chris McClure of Hendricks County Special Services was in and requested that the Commissioners pick a spot for the construction of the Senior Citizens Center. The Commissioners advised Mr. McClure that before they could do this the county engineer was going to make a long range plan of all the county land located at the highway garage, the hospital and the courthouse annex so that they wouldn't have a hodge-podge out there and also encounter drainage problems at a later date before they could give Mr. McClure his answer.

IN THE MATTER OF BID LETTING

The Commissioners advised the Auditor to set up opening for all bids for 10:00 A.M. on Monday, December 8, 1980.

IN THE MATTER OF RE-ZONING

The Commissioners approved an application for rezoning for Kenneth and Revenna Richardson from the present classification of "S" Suburban to "CB" General Business. This ordinance was signed by Kenneth W. Richardson and Revenna S. Richardson and was approved by the Plan Commission on October 13, 1980 and by the County Commissioners on November 3, 1980. (Harold Cloud signed for Blue & White Service, Inc.)

This property is a part of the southeast quarter of the southwest quarter of Section 34, Township 14 North, Range 1 West, Hendricks County, more commonly known as being located in the northeast corner of the intersection of Interstate 70 and Hendricks - Morgan County Line Road.

IN THE MATTER OF CONTRACT

The County Commissioners signed a contract with Stanley Shartle for continuing the location of cornerstones in Hendricks County for the balance of 1980 and for all of 1981.

IN THE MATTER OF INSURANCE FOR COUNTY

The Commissioners looked at the proposal from Blue Cross Blue Shield for insurance of county employees for the year 1981. Due to the fact that Blue Cross Blue Shield has indicated they will have to have 54% increase over the year 1980 for 1981 premiums, the Commissioners instructed the Auditor to take bids from other insurance companies.

There being no further business presented the meeting adjourned.

IN THE MATTER OF CLAIM AGAINST COUNTY

The Commissionrs took note and denied the claim of Gregory L. Belcher in the amount of \$4,966.00 as a result of a collision with a sheriff's car at 10:00 P.M. on June 17, 1980.

IN THE MATTER OF SUBDIVISIONS

White Lick Creek Estates, Sec. 2 - The Engineer recommended releasing the maintenance bond.

IN THE MATTER OF BLAKE STREET BRIDGE

Armstrong Engineering advised that for the Section 106 study required on the Blake Street Bridge would increase the cost an additional \$6,600.00, with the county's share being \$1,900. The Commissioners advised Armstrong Engineering to proceed with this study.

Also on the Blake Street Bridge, due to recommendations of the reinspection of this bridge by the consulting engineering firm and the county engineer and due to the unsafe conditions of the guardrails particularly on the bridge the county commissioners now order the bridge closed effective Wednesday, November 12, 1980, until further notice.

IN THE MATTER OF CABLEVISION

David Sinclair was in and reported that Sinclair Cablevision expected to be ready to hook on their first customers by approximately December 15, 1980.

IN THE MATTER OF ART SHOW

Donna Steinmetz of Tri Kappa Sorority requested permission to again hold the art show in the rotunda of the courthouse the week of April 27, 1981. The Commissioners granted permission for this.

IN THE MATTER OF INDIANA HEARTLAND

Steve Leatherman of Indiana Heartland Coordinating Commissioners was in and advised that IHCC had a grant and would request that the Hendricks County Commissioners designate a department or individual within Hendricks County to work with them on the feasibility of setting up a county department to operate any package treatment plants within the county. Mr. Leatherman advised that with the new home rule law, the commissioners now had the power to operate as a county on this matter. There are presently several package treatment plants located in Hendricks County that have been put in by developers who have since sold all the lots in their subdivisions and then have failed to provide for the operation of these plants. The county also took note of the report of the citizens committee that has been working on the new zoning

control ordinance also recommends that the county needs to operate and control any package treatment plants. The Commissioners designated Mike Graham, Director of the Hendricks County Plan Commission to work with Mr. Leatherman on this project.

IN THE MATTER OF RURAL AMERICA MULTI SERVICE CENTERS, INC.

The Commissioners recognized by resolution the Rural America Multi Service Centers, Inc., to operate in Hendricks County, but disclaim any association therewith or any present or future intent to make any financial contribution thereto.

IN THE MATTER OF ZONING ORDINANCES

Phylliss Gardner appeared before the Commissioners and advised that she lived in Floyd Township (Heritage Lake) in Putnam County. She advised that the homeowners group of Heritage Lake had requested Putnam County Commissioners for considering a zoning control ordinance and that they were not interested in doing so. She also advised the Hendricks County Commissioners that the attorney for the homeowners group had advised her that there was a provision in the law whereby a township could petition a contiguous county (Hendricks) to include them in their zoning ordinances. This matter was referred to the county attorney.

IN THE MATTER OF SUBDIVISIONS

Old Farm Acres - The Engineer recommended releasing the bond to \$3,500.00 which should be sufficient to reconstruct the swales and properly seed them.

Sheffield Park, Section 2 - The Engineer recommended releasing the performance bond in favor of a maintenance bond in the amount of \$16,600.00.

IN THE MATTER OF JUVENILES ON PROBATION

Steve Schmaltz, Probation Officer, appeared and asked the Commissioners if it would be possible for some of the juveniles on probation to be able to do some work on county buildings and roads as an alternative to their serving jail time. He advised them that this is working successfully in some counties. The Commissioners advised Mr. Schmaltz to check with the County Attorney and Insurance Agent to see what liabilities the county might encounter on this.

IN THE MATTER OF RESIGNATION

A letter of resignation from Ted Schoenrock, Assistant Superintendent of the Hendricks County Home, was submitted to the County Commissioners. The Commissioners accepted his resignation effective November 1, 1980.

IN THE MATTER OF BLAKE STREET BRIDGE

Walt Land appeared and advised that he felt like he could replace the guardrails on the Blake Street Bridge so it could be reopened at a cost of approximately 9,000 to 10,000 dollars. The Commissioners advised the County Engineer and Highway Superintendent to check into this matter further and to consult with the consulting engineer on this project for their opinion.

IN THE MATTER OF SUBDIVISIONS

IN THE MATTER OF BLAKE STREET BRIDGE

The County Engineer advised he had met with Walt Land and the consulting engineer on the Blake Street Bridge problem and that it was their opinion that if good guardrails were put on the bridge it could be reopened and the weight limit raised to 8 - 10 tons. The Engineer also advised the Commissioners that it would probably be at least three years before construction could be started on a new bridge at this location because of the problems with the Historical Society and other federal government agencies.

The Commissioners signed an addendum to the contract with Armstrong Engineering to do the other necessary studies on this bridge required by the federal government.

The Commissioners advised the County Engineer to tell Mr. Land to go ahead with the guardrails on the Blake Street Bridge providing it would then be possible to open the bridge and raise the load limit to a minimum of eight tons.
