

July 17, 2000

The Hendricks County Board of Commissioners met in regular session at 10:50 AM on Monday, July 17, 2000, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

- John C. Clampitt)
- John A. Daum) Hendricks County Commissioners
- Hursel C. Disney)
- Walt Reeder Hendricks County Plan Commission Director
- John Tarantino Hendricks County Engineer
- Russ Lawson Hendricks County Highway Superintendent
- Debbie Simpson Hendricks County Auditor
- Stayce McClain Hendricks County Human Resource Director
- Steve Stoddard Hendricks County Sheriff Department
- Judith Wyeth Secretary to the Commissioners

NOTE: Greg Steuerwald, County Attorney, was on vacation and did not attend the meeting today.

IN THE MATTER OF HIGHWAY

Russ Lawson reported that the Highway Department is cutting ditches along county roads, mowing roadsides and laying mix. There was a discussion of trading or selling the dump truck. John Tarantino stated that Mark Plagman had given them a cash out bid with trade in. It was the consensus of the Commissioners in future bids to include the option of trade in or cash. There was discussion of having the Public Works truck appraised, of buying the truck that was traded in outright for the amount of \$12,000, which was the amount of credit given as trade-in value. Actually we were offered \$2,000 trade-in for truck #24. It was the consensus of the Commissioners to get an appraisal of this truck and to find a buyer.

Commissioner Disney moved to authorize the President to execute a letter to New Holland to pick up the recently purchased mower and refund money to the county. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0 The letter will be sent certified with a return receipt requested.

IN THE MATTER OF RENTAL PROPERTY

Orville Woody advised that the rental property at CR 1050E was finished and presented a statement for services rendered during the vacating of the property. Mr. Woody advised that the property on CR 1050E was left in very good condition and that the renter had put down some new carpet in the house and would like to pull this carpet. He further stated that it has good cabinets and furnace and that a foreman for Poindexter Excavating had stated that he would be interested in salvaging some things in the house before it was demolished. Mr. Woody advised that the gas and septic need to be secured. John Tarantino stated that the Avon Fire Department would like to use this vacant house for fire training. Commissioner Clampitt moved to approve the \$250 invoice for services for rental account. Commissioner Disney seconded the motion and the motion was approved unanimously. It was the consensus of the Commissioners that all moneys be held at this time in order to cover any other expenses that might be incurred.

Commissioner Disney requested that all proposed appraisers be brought before the Board of Commissioners for

approval before hiring any appraisers, that they should be from Hendricks County residents and that the Commissioners must have a say in the hiring of appraisers.

Commissioner Clampitt moved to have Orville Woody work with Poindexter Construction to come to a salvage agreement for this house, to proceed to secure all utilities and to then allow the house to be destroyed. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0.

Mr. Woody inquired about the status of the house and garage which the county purchased on South Tennessee Street which is in the right-of-way for Bridge No. 274. There was discussion of renting the garage separate. Mr. Woody will check with the Town of Danville on the zoning of this property to determine if the garage could be rented separately as a business. Commissioner Disney moved to authorize Orville Woody to handle the rental property on South Tennessee. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0 There was discussion of the possibility of donating the house to Habitat for Humanity if and when the house may need to be removed for the right-of-way of Bridge #274 in 2003. It was the consensus of the Commissioners to consider the donation to Habitat for Humanity when the time comes. There was discussion of possibly selling of the garage as it would not be in the right-of-way needed or maybe using it to store lawn equipment. Commissioner Clampitt moved to get the most money from the property and that Orville Woody handle the project in the best way. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF RIGHT-OF-WAY PERMIT - HEARTLAND CROSSING

A request from Dotlich Contractors, Inc., to install a water main for Indianapolis Water Company in the right-of-way for the new service to 8969 Union Mills Road in Heartland Crossing. Commissioner Clampitt moved, per staff recommendation, to approve the request as presented subject to the County's standard maintenance requirements.. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF DETOUR - SR 39

John Tarantino presented letter of July 6, 2000, from Indiana Department of Transportation relative to the bridge replacement on SR 39 over Mud Creek, 1.35 miles north of US 40, advising of official detour route on Iowa Street in Clayton, CR "0" Base Line Road and on to US 40 and that all reimbursable work must be documented and further advising that this closure will take place in the year 2003. Commissioner Clampitt moved, per staff recommendation, to execute letter as presented from INDOT. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF BRIDGE FUND

There was discussion of the public hearing for the Cum Cap Bridge Fund to be held on Monday, July 24, 2000, at 1:00 PM and that if approved county bridges could be completed two (2) years earlier.

IN THE MATTER OF CORINTH ESTATES

Walt Reeder requested forfeiture of the cashiers check on Corinth Estates in order for the county to do complete the necessary work on this development as required. Ed Schrier came forward to advise the reason this work has not been completed is partly due to his poor health during this time and that all work was completed except the swales on lots 3 and 4 and would like to amend plat and take this back to the Plan Commission therefore requested a delay of ninety days to go thru the Plan Commission process. Commissioner Disney moved to grant extension of ninety days (90) and if work is not done to the standard county requirements to then forfeit the cashiers check. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

The meeting recessed for lunch to resume at 1:00 PM

IN THE MATTER OF ZA-239/WA00-03: LEE DEVELOPMENT

Receipt was acknowledged of letter of July 12, 2000, from Lee T. Comer requesting continuance of zoning matter for Lee Development to the next Commissioners meeting of July 24, 2000, as he will be out of town on July 17. Commissioner Disney moved to grant the request of Lee Comer to continue ZA-239/WA00-03 to the July 24 meeting. Commissioner Clampitt seconded the motion and the motion as approved unanimously. 3-0-0

IN THE MATTER OF ZA-237/WA00-02: JERRY VORNHALT

Walt Reeder presented request of Jerry Vornholt ZA-237/WA00-02 for a change in zoning of 3.88 acres from R-1: Low Density, Single Family Residential to C-1: Neighborhood Commercial, advised that the public hearing was held on July 11 and comes from the Plan Commission by a vote of 3 -0-1 in favor which was not a majority and, therefore, comes without a recommendation. Frank McAnioch expressed concern about "true convenience" and that it not be a Walgreen with liquor sales and porno magazines and not a strip mall. Lisa Mount Wagner questioned the distance this would be from a church. Jerry Vornholt stated that he has not agreed with anyone to occupy this proposed development and explained the distance from a church as stated by the excise requirements which must be met. A letter was presented from Pastor Keith Robinson requesting conditions be imposed on this zoning request. Jerry Vornholt offered the following self-imposed conditions:

Prohibiting a liquor store, an establishment that serves liquor to customers, and/or an adult entertainment or adult bookstore"

Commissioner Disney moved to approve the zoning request of ZA-237?WA00-02 as presented subject to the written self-imposed conditions being a part of Ordinance 2000-15. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF JIMMY TOMLINSON

Commissioner Clampitt advised that he had attended the grave side service in Danville South Cemetery for Jimmy Tomlinson who passed away July 13 at 66 years of age.

IN THE MATTER OF PRESERVING OLD RECORD BOOKS

Howard R. Lacey of Image Technology Corporation (itc) presented a packet of information on the imaging to preserve old county record books. There was discussion that Dennis Easley will be at the August 8 Council meeting to explain that the original estimate was over figured for copying the county record books. The Commissioners will request clarification from the county attorney for the first part of the copying process and directed the County Engineer to include Image Technology Corporation in all future phases of this project.

IN THE MATTER OF BROWNSBURG CONSERVATION CLUB

Peggy Webber advised that three wells around the Brownsburg Conservation Club have tested with lead in the water per the Indiana Department of Environmental Management (IDEM). She expressed concern and requested help from the Hendricks County Health Department. Jim Williams stated he had lead in his water and had been advised not to drink the water. Walt Reader stated that Henry Wallis advised that the recent water tests done by the Soil Conservation were for chemicals only and that they did not test for lead. Mr. Williams and Ms. Webber requested to have a meeting with the County Health Department, State Health and IDEM on this matter. There was a discussion of the appellate court recent interpretation of the law. Ms. Webber stated that they would like to meet with the BZA, but that due to the lawsuit the members of the BZA could not meet with them and she then presented a packet of correspondence. She further requested that if there were any changes the residents of the area of the Brownsburg Conservation Club be advised. Mr. Reeder responded in the affirmative that they would be advised of any BZA actions. Commissioner Disney suggested that they watch the legislation and to write letters to the BZA. Lou Webber ask that they be advised of any new information.

IN THE MATTER OF CLAYTON/LIBERTY TOWNSHIP LIBRARY - APPOINTMENT

Commissioner Clampitt moved, per recommendation of Greg Steuerwald, to appoint Tom Spence to the Wage Scale Determination Committee for the Clayton/Liberty Township Library. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF EMPLOYMENT MANUAL - HARASSMENT POLICY

Stayce McClain presented the Harassment Policy for review and consideration.

IN THE MATTER OF RIGHT-OF-WAY ACQUISITION - DAUM

Attorney Dan Zielinski reported on the status of the right-of-way condemnation for the Ed Daum property stating that they are ready to mediate on Thursday July 20 at 8:30 AM and requested that a Commissioner and the County Engineer set in with them and further explained the legal procedure that this will go to trial on July 26. It was agreed that Commissioner Clampitt represent the Commissioners at this mediation.

IN THE MATTER OF THEME PARK - BOND FORFEITURE

Walt Reeder presented a letter to United States Fidelity and Guaranty Company requesting forfeiture of the
performance bond No. 1665440 in the amount of \$1,021,650 for Heartland Festival Entertainment Complex (Theme
Park) due to the on-site inspection on this project indicating the prescribed improvements have not been completed
and for the County to now complete the work and stabilize the slopes. Commissioner Clampitt moved, per staff
recommendation, to forward the letter of forfeiture as presented. Commissioner Disney seconded the motion and
the motion was approved unanimously. 3-0-0

IN THE MATTER OF BRIDGE NO. 274

John Tarantino advised that there is a 15 Ton limit posted on Bridge No. 274.

IN THE MATTER OF WEST CENTRAL CLAIMS

Claims were presented in the amount of \$58.80 for disposal of trash, cans, etc picked up by the County Highway
along roadside ditches and for \$250.00 for recycling refrigerators that had been picked up from roadside ditches by
the County Highway. Commissioner Clampitt moved to send the requests for payment to the West Central Solid
Waste District with recommendation to be paid from Special Projects. Commissioner Disney seconded the motion
and the motion was approved unanimously. 3-0-

IN THE MATTER OF SOFTWARE LICENSES

John Tarantino advised that on June 27 Clint Stoutenour, of the Engineering Department, needed software licenses
and had found a special 2-for-1 offer so he ordered four licenses for \$420. Commissioner Clampitt moved to approve
the claim for licenses as presented and forward to the Board of Trustees for the Government Center Building
Corporation for review and consideration. Commissioner Disney seconded the motion and the motion was approved
unanimously. 3-0-0

IN THE MATTER OF EMERGENCY WARNING SYSTEM - CIRCUIT COURT

John Tarantino reported that when they went to install the emergency warning system and strobe lights in Circuit Court that Judge Boles ordered them to stop as he did not want them in his courtroom. There was discussion of installing the system in the hall outside the courtroom. It was the consensus of the Commissioners to not bother Circuit Court unless it was approved by Judge Boles.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Tarantino advised that the appraisals and negotiation for the right-of-way area on the North/South Corridor are included in the contract with Beam Longest and Neff.

Walt Reeder advised that he will be unable to attend the County Council meeting on July 18 as he will be attending a conference and requested someone else attend the Council meeting to request an additional \$12,000 for 2000 to fund consulting service for the North/South Corridor funding efforts. The Elected Officials Task Force was to be approached to determine an equitable split for future costs. It was the consensus of the Commissioners to advertise from both the general fund and the EDIT fund so that the Council could determine which funding source was most appropriate.

IN THE MATTER OF CUM CAP FUNDING

John Tarantion requested clarification of procedure for funding thru the County Council from cum cap and that the Engineering Department be kept informed of all requests from the cum cap budget by a written copy of all requests. It was agreed that all requests for funding from cum cap need to come before the Commissioners before going to the County Council.

IN THE MATTER OF EMPLOYEE SALARIES 2001

Debbie Simpson presented 2001 salary requests from various departments for the Commissioners consideration and review and to approve at the July 24 meeting.

IN THE MATTER OF COMPUTER

Debbie Simpson questioned problems with the return of the magnetic tape from the state stating that she had not viewed the tape and would not sign and resubmit. Commissioner Disney stated that John Parsons, Systems Administrator, had signed and returned the tape. Ms. Simpson requested a copy of the signed document that was returned, a copy of the magnetic tape and also a copy of the Quest contract. Commissioner Clampitt moved that the Chairman request a copy of the Quest contract from the Computer Department, a copy of the signed document that was returned to the state regarding the tape and the tape. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0 It was the consensus of the Commissioners to send a letter to the Computer Department for these requests.

IN THE MATTER OF RIGHT-OF-WAY PERMIT - CEDAR RIDGE

Permit No. 00-177 from Indiana Gas Company requesting an open cut at 8613 Highwoods Lane in Cedar Ridge to install line to serve a new customer. There was discussion if this was a private street. Commissioner Disney moved, per staff recommendation, to approve subject to the County's standard maintenance requirements if it is county highway, if not it will be up to the applicant to contact the homeowners association for approval. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF RIGHT-OF-WAY PERMIT - SHILOH FARMS

Permits No. 00-18-/181/182 from Hellyer Excavation for #180 cut permit at 10149 Corinth Way - lot 194; #181 a bore at 525 Prentiss Way; and #182 for a bore at 10228 Corinth Way all in Shiloh Farms to install water lines for tap at these locations. John Tarantino advised that this work was completed on July 11, 2000 without permits as Hellyer was not aware of procedures in Hendricks County and that they have now been made aware of this and are now working with the County to comply. Commissioner Disney moved, per staff recommendation to approve the three requests from Hellyer subject to the standard maintenance requirements being completed. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

There was discussion of contacting the County Attorney if all right-of-way permits need to come before the Commissioners for consideration.

IN THE MATTER OF RIGHT-OF-WAY PERMIT - MIDDLE TOWNSHIP/HILL

IN THE MATTER OF NORTHERN ACRES

David Castro explained problems in Northern Acres stating that when the streets were recently paved even they eliminated the curb curbs and now some of the streets pond when the paving is not level and the curb does not have been designed up which causes surface water and ice problems. There was a discussion if this was a road or drainage problem. It was the consensus of the Commissioners that David Castro work with the Highway, Engineering, and Planning Department to resolve this problem. Mr. Castro will communicate with these departments on any problems relative to drainage of roads and then report back to the Commissioners.

IN THE MATTER OF SUBSTITUTION BOND DIVISION

Walt Ruedter presented a request for MIP 342 Donald Larson to release the performance bond and to waive the requirement for a maintenance bond since it would be under \$1,000. Commissioner Clappitt seconded, per staff recommendation, to approve the bond revisions for MIP 342 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF QUALITICH AND COUNTY ROAD 800N

Walt Ruedter presented a draft letter to the Pitkin Town Council relative to 879 CR Qualitich Road stating that this site has been totally annexed into the Town of Pitkin and that there are several outstanding issues relative to roads that have been revised from the original site plan, that this letter will request that Pitkin assume all responsibility for this project and that the Plan Commission staff will meet with their staff to review concerns. Commissioner Disney seconded, per staff recommendation, to send the letter to inform the Town of Pitkin to assume all responsibility for CR 800N that is within the Town of Pitkin. Commissioner Clappitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF TRAFFIC STUDY - FREDSVICK GREEN

John Damstra presented a traffic study for Fredsvick Green which was initiated by a phone call from a concerned citizen relative to the speed and absence of stop signs. The study indicated the need for yield signs at the intersections of Willson Court and Beechwood Road along with Beechwood Circle and Beechwood Road and that 25 mph signs be posted along Beechwood Road. It was noted that in order for speed limits below 25 mph to be posted this area must be declared an "Urban District". Dave Scullard requested that all of Fredsvick area be declared "Urban District". Commissioner Disney seconded, per staff recommendation, to declare the entire Fredsvick as "Urban District" and to install yield and speed signs as recommended. Commissioner Clappitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF TRAFFIC STUDY - CR 850S BETWEEN 425E AND 525E

John Tarantino presented a traffic study for CR 850S between CR 425E and CR 525E at request of a citizen. The recommendations are to post a 40 mph speed limit sign on CR 850S which will make this road safer to the driving public and help the Sheriffs Department in enforcement. Commissioner Clampitt moved, per staff recommendation, to post 40 mph speed sign. Commissioner Disney seconded the motion and the motion was approved unanimously.

3-0-0

IN THE MATTER OF HIGHWAY TRUCK

John Tarantino requested to advertise the dump truck for sale in the July 27 and August 3 publications with requests to send sealed quotes by August 18. There was a discussion of informing dealers that we would request bids on vehicles two ways, price with trade-in and price without trade-in. Steve Stoddard advised that any money from vehicle sales needs to go back to the vehicle fund and that he will discuss this matter with Sheriff Waddell.

Commissioner Clampitt moved, per staff recommendation, to advertise the GMC dump truck for sale. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CR 325 APPRAISERS

Jill Reed presented appraisals for three properties on CR 325 and John Tarantino recommended to hire Associated Services to negotiate for these parcels stating that there was only one negotiator in Hendricks County and that he was not interested. There was a discussion of appraisal selections and that the Commissioners need to establish a policy for land acquisition. Mr. Tarantino reported that funds are available for these services and that this firm has done this service for the county previously.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #200304 thru 200469 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF VEHICLES - PLANNING & ENGINEERING

Walt Reeder explained the need to replace the Caprice and Cavalier in the Planning Department and their vehicle needs. John Tarantino also advised that the Suburban in Engineering needs to be replaced. It was the consensus of the Commissioners to order a Taurus for Planning and a passenger van for Engineering and that both departments need to send a letter of request to the Sheriff.

IN THE MATTER OF COUNTY AUCTION

Commissioner Disney complimented the Engineering Department on the professional manner in which the county auction of excess furniture and equipment was handled.

IN THE MATTER OF UNASSIGNED HEAVENS

Steve Stoddard requested approval for the Sheriff Department to start work on the located house at the Annex and in 10 year years that they will not use the area where computer equipment is stored nor the area where the county still has furniture and equipment. It was the consensus of the Commission to approve the request.

The meeting recessed for lunch to resume at 1:00 PM.

IN THE MATTER OF Z.A. 220W-40-05 LER DEVELOPMENT

Receipt was acknowledged of a letter from Lee Corner and a letter from William Duncan, both requesting to continue Z.A. 220W-40-05 until the August 14, meeting at 1:00 PM. Commissioner Champitt moved to grant request for continuation to August 14 for Z.A. 220. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-4-0

IN THE MATTER OF CULM BRIDGE FUND

Commissioner Disney opened the public hearing for the culm bridge fund at 1:20 PM to increase the rate to 12 cents. There was discussion of compliance with the law. Commissioner Champitt moved to close the public hearing for the culm bridge fund as no one was present. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-4-0 Commissioner Champitt moved to adopt the proposed twelve (12) cents as advertised for the culm bridge fund. Commissioner Disney seconded the motion and the motion was approved 2-1-0 with Commissioners Champitt and Disney voting yes and Commissioner Disney voting no stating that he would like the rate to be ten (10) cents.

IN THE MATTER OF BARRANGMENT POLICY

Mayor McClain presented proposed Barrangement policy to review and stated that Attorney Joe Bailey had drafted this policy. Commissioner Disney requested to continue this matter for two (2) weeks as he had not had an opportunity to review the policy. Commissioner Champitt seconded the motion and the motion was approved unanimously. 3-4-0

IN THE MATTER OF SALARIES

Commissioner Champitt inquired if the emergency appropriation advertisement request from Thomas Ferguson had been approved by the Personnel Committee. Mayor McClain advised that this was to have been presented to the Personnel Committee on July 13, however, due to the untimely death of Tom Palmer it was postponed until July 27 and that it had to be in the Auditor's possession by July 25. Mr. McClain further advised that if this was not approved by the Personnel Committee that it could be removed from the Council Agenda.

Debbie Simpson presented salary requests for various departments which were presented for budget consideration. Commissioner Clampitt moved that the 2% salary increase be only a recommendaiton by the Council for those employees that were not included in the salary adjustment. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF VISITOR AND CONVENTION BUREAU - APPOINTMENTS

Commissioner Clampitt introduced Jim Owen as the interim director for the Hendricks County Convention and Visitors Bureau and requested two appointments to fill vacancies on the Tourism Board. Commissioner Clampitt moved to appoint Kevin Phillips from Chateau Thomas Winery to fill the entertainment position and Regina Booth from Lee's Inn for the hotel position. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF RIGHT-OF-WAY NEGOTIATIONS

John Tarantino presented five (5) parcels which had been approved for negotiations for right-of-way. Commissioner Clampitt moved, per staff recommendation to approve as presented and that the President execute. Commissioner Daum seconded the motion and the motion was approved 2-1-0 with Commissioners Clampitt and Daum voting aye and Commissioner Disney voting nay. Commissioner Disney moved that he will submit a list of Hendricks County realtors and that the Engineer recommend someone from Hendricks County for negotiations, that a firm being considered has submitted a proposal for \$900 per parcel for these five (5) parcels for a total \$4,500. Commissioner Clampitt stated if the list is in on Tuesday he will second the motion and the motion was approved unanimously. 3-0-0

It was further decided that a letter would be sent to the propety owners notifying them that someone will be contacting them and then send a second letter when the name of the negotiator is known.

IN THE MATTER OF RIGHT-OF-WAY PERMITS - HEARTLAND CROSSING

Permit No. 00-179 for an open cut at 10708 Allison Drive, Lot #58 in Heartland Crossing by Wachstetter Enterprises to tap water line for service. IN THE MATTER OF SALARY ORDINANCE

The Salary Compensation Report for 1999 has been signed by the Commissioners, however, needs to be certified by the County Auditor. Debbie Simpson stated that she cannot "certify" until she has verified the figures. It was the consensus of the Commissioners to proceed to publish the Compensation paid to employees, deputies and elected officials by the Hendricks County Board of Commissioners for 1999 in two newspapers and to be posted as required by 36c-2-2-19.

IN THE MATTER OF GOVERNMENT CENTER MEETING ROOMS

Receipt was acknowledged of a request to use a meeting room in the Government Center from 7 -9 PM by a small group to plan a class reunion. There was discussion of use of meeting rooms after hours for security and custodial care. It was the consensus of the Commissioners to deny this request, but recommend that they could use rooms during regular working hours.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE RECONCILLATION

Debbie Simpson presented a list reconciliation relative to Nyhart Member Listing with some discrepancies in current deductions and status of employment. Stayce McClain stated she will check this list with records in the office of Human Resource.

IN THE MATTER OF AIC AWARD

John Tarantino presented the Association of Indiana Counties 2000 County Achievement Award Application submitting the renovated former Post Office Building to the current Superior Courts Adult Probation offices. Mr. Tarantino advised that Bob Carroll and Todd McCormack had worked with him on this application which must be submitted by Wednesday, July 26, 2000. Commissioner Clampitt moved, per staff recommendation, to submit the application for the Probation Offices as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

John D. Clampitt)	
John A. Daum)	Hendricks County Board of Commissioners
Hursel C. Disney)	
Gregory E. Steuerwald	Hendricks County Attorney
Walt Reeder	Hendricks County Plan Commission Director
John Tarantino	Hendricks County Engineer
Stayce McClain	Hendricks County human Resource Director
Debbie Simpson	Hendricks County Auditor
Tom Drake	Hendricks County Emergency Management Director
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Department is placing stone along shoulders and picking up tree branches and trees as a result of the recent severe storms throughout the county. There was a discussion of CR 700S at 625E. The Commissioners complimented the Highway Department on CR 600S. There was a request from a citizen to place a small memorial on Perry Road (CR 550S) where a family member was killed. It was the consensus of the Commissioners to permit a small cross memorial at the site as requested.

IN THE MATTER OF STAR/NEWS

Stu Hirsch introduced himself as the new reporter from the Indianapolis Star/News who will be covering county events and meetings.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Tarantino addressed the Commissioners June 26, 2000, decision to approve only two (2) lanes from CR 100N to CR 200N of the North/South Corridor and requested that they reconsider this decision in favor of four (4) lanes with a grass median and to consider curb and gutters from Stafford Road to US Highway 40 as recommended at the July 20, 2000, Elected Officials Task Force Meeting. Walt Reeder further explained the designation of "Rural" and "Urban" and cost comparison, of problems of concrete versus pavement. There was a discussion of increasing from two (2) lanes to four (4) lanes, and of possible task force funding. Commissioner Clampitt moved to look at changing the design and funding of 100N to 200N to a full four (4) lanes per request of the Task Force with a grass median, curb and gutters, bike path and with no shoulders. Rich Carlucci, Plainfield Town Manager, explained the proposed Plainfield plans. Don McGillem, engineer designing the Plainfield area explained drainage and pavement, and further explained that status of the I-70 interchange also the proposed airport mid field terminal, John Tarantino stated that could be an INDOT problem. Commissioner Daum seconded the motion and the motion was approved 2-1-0 with Commissioners Clampitt and Daum voting aye and Commissioner Disney voting nay stating that he was against spending when money was not available. Commissioner Clampitt moved to approve design only between Stafford

Road and US Highway 40, to work with the Town of Plainfield to put in this portion of the North/South Corridor as the Task Force requested for four (4) lane with curb and gutter. There was discussion of federal funds and innovative financing. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0 Steve Luther of Beam Longest and Neff presented the cost difference for design change per mile for Stafford Road to US Highway 40 which has been designed as a two (2) lane road.

The meeting recessed for lunch to resume at 1:00 PM

IN THE MATTER OF RESOLUTION FEDERAL TRANSIT ACT

Beth Ann Leach of Senior Services presented a Resolution, on behalf of Sycamore Services, authorizing the filing of an application for a grant under Section S311 of the Federal Transit Act. This \$10,000 grant application having been previously approved by the Commissioners when presented by Pat Cockrum of Sycamore. There was discussion of keeping in contact with the Regional Transportation group to prevent duplication of studies. Commissioner Clampitt moved to approve Resolution No. 19 and to authorize the President to execute. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0.

IN THE MATTER OF HARASSMENT POLICY - EMPLOYEE MANUAL

Stayce McClain presented the 8-4-99 draft Hendricks County Harassment Policy with changes made by the Personnel Committee, County Attorney and Attorney Jon Bailey along with a brief clarification of harassment. Commissioner Clampitt moved, per staff recommendation, to approve the Hendricks County Draft Harassment Policy of August 4, 2000, with changes as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF EMERGENCY PAGING SYSTEM

Tom Drake questioned if paging of/for employees over the new Emergency PA System was being considered. There was discussion of paging over the system and of the interruption of meetings and work that this could cause. It was the consensus of the Commissioners to use the emergency paging system only for emergencies.

IN THE MATTER OF EMERGENCY MANAGEMENT

Tom Drake requested to use an employee from the Auditor's Office for instructions on use of the emergency paging system stating that the work would not be done during regular office hours. Debbie Simpson stated that she had no problem with this matter and that Mr. Drake can use his budget to pay this employee. It was the consensus of the Commissioners that this not be done during regular working hours. Debbie Simpson will discuss this matter with Stayce McClain of Human Resources. Ms. McClain reported back that all time for this employee should be on one (1) time card and all over 35 hours would be paid from the Emergency Management budget of Tom Drake and over 40 hours would be overtime from the Emergency Management budget.

There was discussion of the alarm system in the Government Center in the event of a power failure. Tom Drake recommended to install an alarm go off when there is a power failure. Commissioner Clampitt moved to have the Engineering Office look into the possibility and cost of a power outage alarm for all county buildings. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Tom Drake presented letter of August 7, 2000 from Stevenson-Jensen Agency relative to leasing a vehicle to the Board of Commissioners and that this vehicle will be given description and VIN number to be added to the county insurance auto coverage as a leased vehicle for county use only.

IN THE MATTER OF YARD WASTE BAN

Jim Davis of Twin Bridges RFD requested a ninety (90) day yard waste ban lifting due to the recent severe storms. Commissioner Disney moved to approve the request to lift the yard waste ban for ninety (90) days. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF 56TH STREET

John Tarantino expressed concerns to secure right-of-way and design for 56th Street and advised that he will meet with Town of Brownsburg, Indiana Department of Transportation (INDOT) and county officials to discuss fast tracking this project. Brownsburg has a consultant for four (4) lanes from SR 67 to the I-74 overpass with INDOT doing the bridge and the county continuing the four (4) lanes on to Raceway Road with curb and gutters as a urban area. Mr. Tarantino requested to send Request for Proposals to consultants to fast track this project and to do with local funds rather than to slow down the project with federal funding which might compete with funding for the North/South Corridor. He requested to go to the council for \$300,000 at the September 6 meeting for funding for right-of-way, request for proposals, design and funding of this two (2) mile four (4) lanes with grass median. Commissioner Clampitt moved to approve to send Request for Proposals and to go to the Council for funding of \$300,000, per staff recommendation. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0. There was discussion of working with Marion County on 56th Street.

There was discussion of the stop light at 56th Street and Raceway Road of the developers being more hesitant as they do not have permits, however, this comes as a zoning condition and should be referred to the county attorney.

IN THE MATTER OF CR 200N AND RACEWAY

John Tarantino reported that the engineering design for CR 200N and Raceway Road intersection is now 100% complete and that proposals have been submitted from Drew \$59,000, No response from Hoosier, Trans Tech \$56,750 with inspecting fee of \$4,000 for total contract of \$60,750. There was discussion of funding from cum cap or EDIT. Commissioner Clampitt moved, per staff recommendation, to request funding from cum cap and EDIT with council to determine which and for the county attorney to check if funding can come from EDIT. IN THE MATTER OF RIGHT-OF-WAY PERMITS

There was discussion that right-of-way permits from the Engineering Department do not need to come before the Commissioners and which the county attorney has approved, however, if there is a fine that it must come back to the Commissioners if it has been signed by the Engineering Department and Highway. Commissioner Clampitt moved, per staff recommendation that the Engineering Department approve all future right-of-way permits with standard conditions and to be signed by the County Highway Engineer and Highway Department Superintendent effective with permits 00-176 with the exception of Right-of- Way permits No. 00-177, 179, 180, 181, 182, and 183 which were previously approved by the Commissioners and No. 00-135 which is still outstanding. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CR 900S AND "0"

John Tarantino reported that due to a fatality at CR 900S and "0" a few days ago that while the current signage is proper and conforms to requirements, however, requested to supplement existing signage with additional signage closer to the intersection on CR 900S and a "crossroad" sign on "0" to better warn the traffic and to also request that all corners provide corner cuts to help supplement sight distance. Commissioner Clampitt moved, per staff recommendation, to add the supplemental signage as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF BRIDGE NO. 167

A revised plan and application was presented for execution for Bridge No. 167, located at CR 300 South over a Branch of East Fork Mill Creek. These changes are to the erosion control and environment enhancement measures with the criteria of the Indiana Drainage Handbook by Christopher B. Burke stating also that they have applied for the Section 404 US Army Corps of Engineer's permit. Commissioner Clampitt moved, per staff recommendation to allow the President to sign off on the revised plan and application for Bridge No. 167 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CR 225E

John Tarantino advised that the Engineering Department has done a mass mailing to 69 Hendricks County brokers requesting hourly rates and per parcel rate for appraisals of parcels for right-of-way. Charges were submitted by Cheryl Sickles parcel of \$1,000 with hourly of \$50; Fred McIntire parcel of \$1,500 and hourly of \$150; Don

INITIAL

McCellum per parcel the same as others and hourly of \$60; Ken Magee declined; and Associated Services was \$90 per parcel and \$500 per half day. Mr. Tarantino further stated that approval was granted on April 24, 2000 to use Associated Right-of-Way Services to do appraisals for this project on CR 225E, however, we now have an extensive list of Hendricks County appraisals to use for future projects. Commissioner Clampitt moved, per staff recommendation, to use Associates Right-of-Way Services as previously approved. Commissioner Disney seconded the motion and the motion was approved unanimously. Commissioner Clampitt moved to allow Bud Daum, President, to sign the contract before the next meeting or to bring back next meeting to execute. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

 IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT - J&S ACRES

Walt Reeder presented Contractor's Completion Affidavit and Inspector's Certificate of Completion and Compliance for Murrain Excavating for J&S Acres (Jack Gibbs).  IN THE MATTER OF CR 200N (TENTH STREET)

John Tarantino presented a letter that he will submit to the Council requesting additional appropriation of \$64,000 from EDIT or Cum Cap for the traffic signal construction and construction observation of the project at CR 200N/Raceway Road.

 IN THE MATTER OF DUMP TRUCK

There was discussion if two bids were submitted for identical amount for the county dump truck that has been advertised for sale. Greg Steuerwald stated he will do research if this results in identical bids.

 IN THE MATTER OF SUBURBAN ACRES

In response to a property owner complaint on drainage problems in Suburban Acres, John Tarantino explained the problem is that the pipe has silted in, however, the pipe is on private property and is not currently affecting the county road, but may at sometime in the future. Greg Steuerwald stated that an easement or letter permitting access would be necessary for the county to go on private property to repair this pipe if it is determined that this will effect the county road. David Gaston further stated that this is a natural drainage way. John Tarantino advised that he will call all property owners on this matter and report back at a later date.

 IN THE MATTER OF WILLIAMSBURG IN THE WOODS

David Gaston stated that the Drainage Board recommendations in 1990 for the road ditch problem at Williamsburg in the Woods was not done properly, does not drain, however, does involve a legal drain, but is within the Town of Plainfield. There was discussion of who does the work, of funding, of a drainage assessment that has never been collected, but is a part of a drainage system. Greg Steuerwald stated this is a matter to be resolved by the Drainage Board and the Town of Plainfield. David Gaston stated that this was never certified until last year for the Williamsburg in the Woods legal drain and requested that they check with the Town of Plainfield. Commissioner

INITIAL
 HERE

Disney moved that the County Commissioners agree that they will work with the Drainage Board to help in any way to correct this situation after communicating with the Town of Plainfield. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0.

The meeting recessed for lunch to resume at 1:00 PM in Rooms 4-5

IN THE MATTER OF ZA-239/WA00-03 - LEE DEVELOPMENT

Todd Barker presented ZA-239/WA00-03: Lee Development LLC requesting a zoning classification change from R-2: Medium Density Single Family Residential District to a PUD: Planned Unit Development District for 106.00 acres in Washington Township, located on the north side of CR 200N, approximately 0.50 miles east of State Road 267 advising that this comes from the Plan Commission without a recommendation by a vote of 2-1-1. Lee Comer read a letter from the Masten Family that has owned this parcel since 1903. Commissioner Disney inquired of other developments by Arbor Homes. Lee Comer responded that Shiloh Farms is the most recent.

Alan Pool clarified the 51% open space and 15 feet between homes for this development.

Richard Henderson advised that Arbor Homes has a new lift station and will utilize Indianapolis Water and explained plans for traffic light on existing roads

Patty Tackitt expressed concerns for the overcrowded schools

Bill Duncan stated tax concerns for this school increase from residents of this proposed development.

David McKinney concerns for increased taxes, traffic problems and property depreciation

M. A. McClanahan expressed concerns for traffic

Greg Zusan expressed concerns against this development for low value homes which are not compatible with existing homes in the area.

Laura Head questioned compatibility, spacing and requested to maintain the comprehensive plan to keep zoning the same.

Lee Comer further explained details and concerns.

Commissioner Disney made motion to continue this request for zoning change to amend the proposed zoning amendment for review and public hearing in sixty (60) days to September 11, 2000, at 1:00 PM. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF WHITE LICK HERITAGE FOUNDATION - LIFELONG LEARNING CENTER

Dee Dee Daniels presented information on the White Lick Heritage Foundation explaining the need for a lifelong learning center in Hendricks County and the needs for computer training and child care and requested a letter in support of this center. It was the consensus of the Commissioners to send a letter of support as requested.

IN THE MATTER OF COMPREHENSIVE FINANCIAL PLAN

Greg Guerrettaz presented information on the Comprehensive Financial Plan and the 18 requirements. There was discussion of adopting a food and beverage tax for the county. It was the consensus of the Commissioners to hold a joint meeting with the Council for a Comprehensive Financial Plan Workshop on Tuesday, September 5 at 1:00 PM in Rooms 4-5 of the Government Center.

IN THE MATTER OF BROWNFIELD LOAN - WARRICK LANDFILL

Greg Romain of SESCO presented an update on the Brownfield Loan for the Warrick Landfill, advised that the Council had adopted an Ordinance 2000-16 on August 10, and explained the Economic Development goals attached to this ordinance. Commissioner Disney requested a Letter of Credit. Mr. Romaine invited the Commissioners to an informative meeting on Tuesday, August 22, 2000, at 1:00 PM at the Government Center South in Indianapolis and requested that a Commissioner attend.

IN THE MATTER OF COMMUNITY DEVELOPMENT CORPORATION

Commissioner Disney moved to approve Commissioner Daum to execute the Needs Assessment claim voucher as requested by Jim Cundiff for the Hendricks County Community Development Corporation for the consultant. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF PA SYSTEM CORDS

Todd Barker advised that quotes for additional PA system cords were from: South Western Electronics Consolidated for \$114.00; from a mail order catalog. Musician's Friend for \$88.87; and Radio Shack for \$143.92, however, felt that the second low bid would better serve the County needs as service and repair would be better supplied by South Western Electric as they are located in Danville. There was discussion of funding this equipment from the Bond by Trustees for the Government Center. Commissioner Disney moved, per staff recommendation, to approve purchase of PA cords from South Western and forward the bill to the Bond Trustees for payment. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF COURTHOUSE - PANIC BUTTONS

John Tarantino reported on his conference with Judge David Coleman of Superior Court 2 stating that Judge Coleman wanted more panic buttons and door release buttons in the employee work area. Commissioner Daum moved to install two (2) panic buttons and one (1) door release at each level. Commissioner Disney seconded the motion and the motion was approved unanimously. 2-0-0. The Engineering Department will bring back a revised cost.

lawn that needs to be cut down and to have the Department of Public Works haul off the excess wood. It was the consensus of the Commissioners that the wood be salvaged and excess hauled off as presented.

There was discussion to reconsider the request for a picnic table on the lawn of the Courthouse and that this would not appear appropriate on the lawn, also that the Courthouse lounge has now been fully completed with tables, chairs and vending machines that can be used year round. It was consensus of the Commissioners to drop the matter of the picnic table

IN THE MATTER OF GOLF OUTING

Receipt was acknowledged of a firm to sponsor a foursome for the GOP golf outing and requested participants. The Commissioners declined the offer.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Todd Barker requested to send a letter to property owners and a map of the revised rezoning of property along the proposed North/South Corridor and requested funding of up to \$200 to print the maps. There was discussion of the Amendment and of property owners selling their property before the road is built. It was the consensus of the Commissioners to send the letter and map as presented for notice that this is not a recommendation of rezoning it is a matter of a notice for the Task Force asking that the land be rezoned. It was consensus of the Commissioners, per staff recommendation, to allow request of up to \$200 funding from Special Contracts to print maps to send with letter.

Todd Barker requested to send Mary Arnold of the Planning Department to a floodplain seminar to be funded from the Planning budget. It was the consensus of the Commissioners to approve request as presented.

IN THE MATTER OF ANIMAL SHELTER

Jim Bledsoe came forward to invite everyone to the annual car show with proceeds going to the animal shelter and advised that they have raised \$21,449 over the past six (6) years for this project. Mr. Bledsoe requested status of the proposed new animal shelter. There was discussion of the proposed land purchase and plans for a new animal shelter with ground breaking by 2001.

IN THE MATTER OF CLAIMS

August 21, 2000

The Hendricks County Board of Commissioners met in regular session at 10:40 AM on Monday, August 21, 2000, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

John D. Clampitt)	
John A. Daum)	Hendricks County Board of Commissioners
Hursel C. Disney)	
Gregory E. Steuerwald	Hendricks County Attorney
John Tarantino	Hendricks County Engineer
Russell Lawson	Hendricks County Highway Superintendent
Stayce McClain	Hendricks County Human Resource Director
David Gaston	Hendricks County Surveyor
Peggy Nichols	Hendricks County Home Administrator
Todd Barker	Hendricks County Planner
Judith Wyeth	Secretary to the Commissioners

NOTE: Debbie Reeder was on vacation and did not attend the meeting today.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Crew is still cleaning up limbs and debris from the recent storm and are laying hot mix.

Peggy Nichols requested that the trees and limbs piled up behind the County Home be mulched and that a hole in the driveway be repaired.

IN THE MATTER OF SUBURBAN ACRES

Timothy Macsary came forward as Wishes TO Be Heard to request assistance with the serious drainage problems in Suburban Acres stating that his lot #43 (216) has a pipe with several blow holes causing water to stand, however, not in the right-of-way at this time and discussed giving an easement for repair. David Gaston advised that the county has several alternatives, they can do nothing, fix/patch the pipe, or address issues and install pipes, inlets and reconstruction of this drain which is not a legal drain. There was discussion of this being tile or metal pipe, and that this has been a problem over the past 29 years, also of another problem where pipe has decayed and if not repaired would affect the county roads. Commissioner Clampitt moved, per staff recommendation, to get right-of-entry of

easement that is needed to get this pipe repaired and also install these pipes and run through a fifty (50) foot right-of-way through Suburban Acres as described and to use the Department of Public Works with the Highway personnel as this is highway related and will affect our county roads. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0. John Tarantino will get cost estimate for materials and negotiate with property owners on what is to be done to resolve this drainage problem.

IN THE MATTER OF SIGNS

John Tarantino presented pictures of the new county signs which are a great improvement.

IN THE MATTER OF COUNTY HOME

Peggy Nichol presented a list of the seventeen (17) current residents of the County Home. Ms. Nichols advised that a lady from Pennsylvania plans to purchase a home in Hendricks county and has inquired if her daughter can be admitted as a resident to the County Home on the ARCH program. It was the consensus of the Commissioners to refer the matter to the County Attorney.

Ms. Nichols stated that the roof of the County Home van is currently leaking and requested a new van. Commissioner Clampitt advised to send a written request to the Sheriff Department advising that the Commissioners have approved this request with a copy to the Commissioners. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Ms. Nichols stressed the need for more personnel at the County Home. Stayce McClain advised that County Home positions are on the Job Line and that she has advertised for these positions.

IN THE MATTER OF BRIDGE NO. 251

John Tarantino requested to release the two (2) bonds for Bridge No. 251 on County Road 800E and 150S. Commissioner Clampitt moved, per staff recommendation, to release the bonds for Bridge No. 251 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CULVERT INSPECTIONS

John Tarantino requested \$30,000 per year for the next two years from cum bridge fund to have the County's 2,500 culverts inspected over the next two (2) years. There was discussion that the culverts are vital to the County Highway System, of the need to hire out the inspections in order to complete in a timely manner and of checking for safety. Commissioner Clampitt moved to look at culverts for funding now at \$60,000 over the next two (2) year period for all county culverts and to revisit this mater again in two (2) years. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF DUMP TRUCK

John Tarantino presented the bids received for the county dump truck which was advertised for sale: Ed Schrier \$4,000, Dennis L. Swanson \$2,160, Larry Lovall \$2,100, Marty Paris \$2,380 and Tom Good, Sr. \$687.40. There was discussion of obtaining Council approval for the balance to reimburse the vehicle fund. Commissioner Clampitt

moved to sell the dump truck to Ed Schrier as the highest bid of \$4,000. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0. It was the consensus of the Commissioners that John Tarantino check with Speedway Motors on the agreed amount and report back. Mr. Tarantino reported back that the first quote was \$12,000. It was the consensus of the Commissioners to honor the first quote of \$12,000 from Speedway Motors and pay the balance from the Vehicle fund.

IN THE MATTER OF NORTHERN ACRES

David Gaston explained the ponding and ice on the streets in Northern Acres which is the result of the repaving of the streets which took out the curbs and left no gutters for the water to flow. Mr. Gaston explained the problem and the need to resolve as this is a part of the Gibbs Legal Drain. There was discussion of possible solutions to this drainage problem and the need to certify the reconstruction costs. It was the consensus of the Commissioners for the Surveyor to investigate and bring back the cost of suggested solutions and of alternatives.

IN THE MATTER OF HUMAN RESOURCES

Stayce McClain presented a draft memo in response to a department head inquiring of emergency health care for employees in their department. There was discussion of requesting all employees to voluntarily carry health cards in their wallets that could be used in the event of emergency wherever they may be and that this would insure private information of employee health matters rather than to send a memo.

Ms. McClain requested approval to distribute brochures for the walk for breast cancer research. It was the consensus of the Commissioners to permit pamphlets be made available.

IN THE MATTER OF COUNTY TELEPHONE PHASE 2

John Tarantino advised that Paul Johnson of Johnson Associates had requested a one (1) week extension of time to submit bids for the County Telephone System – Phase 2, as several prospective bidders stated that they could not get their bids ready by today. Commissioner Clampitt moved, per staff recommendation, to continue the proposed bid opening for County Telephone System, Phase 2 to the August 28, 2000, meeting at 1:00 PM. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

The meeting recessed for lunch to resume at 1:00 PM

IN THE MATTER OF ZA-238/GU00-02: JLL, LLC

Todd Barker presented ZA-238/GU00-01: JLL, LLC request for a change in zoning classification from an R-1: Low Density, Single Family Residential District to an R-2: Medium Density, Single Family Residential District for 100.13 acres in Guilford Township located on the west side of CR 600E and 0.5 mile north of CR 750S, with self-imposed conditions of minimum house size of 2,000 square foot, with no vinyl homes and stating that this comes with a favorable staff recommendation and a favorable Plan Commission recommendation by a vote of 4-1-1.

The following spoke on this request:

Geneva Goss stated a portion of this parcel is in the floodplain, she opposed small lots and large number of homes.

Carol Wessler declined to speak.

Jamie Huntsicker spoke against more houses.

There was discussion that the self-imposed conditions made these houses larger than if the parcel remained R-1.

Greg Steuerwald clarified the procedures for zoning changes, and public hearing for the development plan when presented. Commissioner Clampitt moved, per staff and Plan Commission recommendation, to approve the zoning request of ZA-238/GU00-01 as presented as Ordinance 2000-17. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF TZA00-01 AMENDMENT TO PLANNING FEE SCHECULE

Todd Barker presented TZA Amendment to {Planning and Building Department Uniform Fee Schedule – by amending County Map Fee and the Copies Fee changing the map fee to \$6.00 and copies to \$.10 which was given a favorable recommendation by the Plan Commission. Commissioner Disney moved, per staff recommendation, to adopt the Zoning Text Amendment as presented as Ordinance 2000-18. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF ADDITIONAL APPROPRIATIONS – 379

John Tarantino requested approval to request an additional appropriation of \$25,000 for the Commissioners' line 01-135-379 for county building maintenance. Commissioner Clampitt moved, per staff recommendation to approve the request as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF COURTHOUSE LAWN - TREES

There was discussion of removing several trees on the Courthouse lawn. John Tarantino presented procedure plan to include stump removal, removal of unsightly evergreen clumps and misc. evergreens around chiller including stump removal by contractor, all trunks and large limbs to be cut to fire wood lengths and left on site, all limbs to be chipped and moved by contractor to the highway garage grounds, the fire wood to be moved to the highway garage grounds by the Hendricks County Department of Public Works with estimates of \$9,200 from Matt's Tree Service, \$8,425 from Dugger's Tree Service, \$11,570 from Ping's Tree Service, \$10,860 from Menchofer and \$9,500 from Kings Tree Consulting. Commissioner Clampitt moved, per staff recommendation, to approve if stumps were removed below surface, with no dynamite or bulldozing and covered with sod to approve Dugger as lowest quote. Commissioner Disney seconded the motion and the motion as approved unanimously. 3-0-0. There was discussion of funding. Commissioner Clampitt moved to fund this tree removal project from line 379; building maintenance or as alternate from cum cap. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0 Commissioner Clampitt moved to null earlier motion and stated that if sum cap funds cannot pay for trees to then go back to 379 building maintenance. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #201139 thru 201148 and #201151 thru 201194 as presented.

Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF ENGINEER ENCUMBRANCE

There was discussion of the engineering encumbrances which were done in error. It was consensus of the Commissioners to inform the Computer Department by a letter from the Commissioners that \$436,229.53 which was encumbered into the Engineering Budget from cum cap was done in error. Also, \$287,980.34 into the cum cap highway right-of-way line was encumbered in error.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

There was discussion of the proposed North/South Corridor from CR 100N to 200N four (4) lanes. John Tarantino advised that he will prepare a letter of request to County Council for funding. There was further discussion of four (4) lanes, curb and gutters, preparing a scenario and of doing a traffic estimate. Mr. Tarantino will prepare this information and bring back report of cost and funding. Commissioner Disney made motion to present estimate of cost recommendation for amount needed from the Council. The motion died for lack of a second. It was consensus of the Commissioners to discuss US Highway 36 to CR 200N and to invite the Elected Task Force to attend. The Engineering Department will contact the task force. Commissioner Disney asked for the estimated traffic count and where the traffic use will come from.

IN THE MATTER OF RECORDER - COMPUTER HARDWARE

Theresa Lynch advised that the Recorder's Office will be having new computer hardware installed in their office after hours on Monday and Tuesday, August 28-29, and requested approval of the Commissioners to have someone in the building after hours. It was consensus of the Commissioners that they had no problem with this request.

IN THE MATTER OF AVON COMMONS

There was discussion of the drive and entrance into the Avon Commons. John Tarantino will check and report back.

IN THE MATTER OF WEIGHTS AND MEASURES

Receipt was acknowledged of letter from Bill Harrington relative to the Park Board holding a public hearing and workshop in the Courthouse Rotunda on October 2, 2000, at 7:00 PM. Commissioner Clampitt moved to approve the request for use of the Courthouse Rotunda by the Park Board. The motion died for lack of a second. There was discussion of custodians having to do a special set up and take down for this meeting for which they receive no pay and that the Government Center rooms are available and ready for use at all times. Commissioner Disney moved to send a letter to the Park Board requesting that they use the Government Center rooms as they require no extras work for the staff. Commissioner Daum seconded the motion and the motion was approved 2-1-0 with Commissioners Disney and Daum voting aye and Commissioner Clampitt voting nay.

IN THE MATTER OF SPRINT TOWER

Receipt was acknowledged of August 18 letter from Allan Fischer relative to the Sprint Tower near the Highway Department offering the following compensation for leasing 5625 square feet located at 980 East Main Street, Danville.

- 1) \$6000 (six thousand dollars annually) or \$500 (five hundred dollars per month)
- 2) Removal of the paging system currently on the tower and not functioning
- 3) Ownership of the emergency generator that is presently installed on the paging system as well as other county two way radio systems; and
- 4) The rent will increase annually at the rate of 3% on the anniversary of the Tower Site Lease Agreement Commencement Date.

There was discussion of ownership of the generator and that if Spring sub-lets the tower that the county gets a portion of the income. Commissioner Daum will check about the generator and report back. The letter was referred to the County Attorney to draft an agreement.

IN THE MATTER OF TORT CLAIM – JAMES R. KAISER

Receipt was acknowledged of letter from James R. Kaiser advising of a possible tort claim notice for incident of July 17, 2000, in the Hendricks Community Hospital Emergency room.

Commissioner Clampitt made a motion that there being no further business the meeting recess at 3:15 PM. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF EMPLOYEE HEALTH

Walt Reeder requested the Commissioners to reconsider a previous request for a list of emergency medical information of employees in his department in the event of an emergency. There was discussion that this should be

on a voluntary basis and that employees carry a medical card in their wallet. Mr. Reeder asked permission to set up in his office for clarification. It was consensus of the Commissioners to grant request on voluntary basis.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #96464 thru 96872, #201197 thru 201206 and #201209 thru 201597 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE AMTTER OF ANIMAL CONTROL

Mary Anne Lewis presented a letter from National By Products Company advising that they would no longer pick up dead animals in the state and therefore, would not be picking up at the Hendricks County Animal Shelter after September 8. There was discussion of alternative services. It was the consensus of the Commissioners that they will talk with Jim Davis at the West Central Solid Waste meeting on Wednesday, August 30, 2000.

IN THE MATER OF CRIMINATL JUSTICE SEMINAR

Laurie Christie extended an invitation to attend a Criminal Justice Seminar on September 28, at no charge, sponsored by DLZ Engineering.

IN THE MATTER OF MINUTES

Commissioner Disney moved to approve the minutes of August 7, August 14, and August 21, 2000, with corrections. Commissioner Clampitt seconded the motion with the exception of August 14, as he did not attend that meeting and the motion was approved unanimously. 3-0-0

IN THE MATTER OF SECURITY OFFICE - ANSWERING MACHINE

Commissioner Clampitt moved to approve the purchase of an answering machine by Engineering Department for the security officer per request and to fund from the Commissioners' telephone line. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF FURNITURE

Receipt was acknowledged of request of a school district to purchase a desk in the security office of the Courthouse, which was to have been sold at the county auction. The matter was referred to the Engineering Department to check and report back.

IN THE MATTER OF PROCLAMATION – NATIONAL HOT ROD ASSOCIATION\

Commissioner Clampitt read a proclamation declaring August 30, 2000 – September 5, 2000, as National Hot Rod Association – US Nationals', Indianapolis Raceway Park, and moved to adopt this proclamation effective at 2:00 PM on August 28, 2000. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF COURTHOUSE – DROP BOX

Receipt was acknowledged of a letter from Sharon Dugan, Clerk, requesting a drop box at the Courthouse as it is difficult for the payers to make payments for child support during office hours. There was discussion that she contacts the banks on and near the square and request to use their drop box facility. Commissioner Clampitt moved to deny request for drop box at the Courthouse and suggest the Clerk research alternatives and contact the banks and that this denial is due to security concerns. Commissioner Disney seconded the motion and the motion was approved

unanimously. 3-0-0

Commissioner Clampitt moved to recess for lunch and to authorize the Chairman to attend the Hendricks Community Hospital ground breaking ceremony in Plainfield. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Commissioner Disney opened the afternoon session at 1:10 PM with Commissioner Clampitt present.

IN THE MATTER OF BIDS - TELEPHONE SYSTEM PHASE 2

Commissioner Clampitt moved to close the bids for the telephone system phase 2 at 1:10 PM. Commissioner Disney seconded the motion and the motion was approved unanimously. 2-0-0

The following bids were opened and read:

	No. 1	No. 2	No. 3	No. 4	Base
Clawson Communications for			22,700.00		
B Tech Integration System for			28,312.00		
TDS Telecom for					232,278.42
Ameritech Nortel for	79,875.27	48,644.52	37,331.55	3,216.00	
Williams Communications	Courthouse	\$4,573.41	Government Center	\$137,700.26	

After the motion to close acceptance of any more bids and after other bids had been opened and published, a representative of Sprint submitted a bid. The bid was returned unopened and unpublished as not timely filed by the Sprint representative.

Commissioner Clampitt moved to acknowledge receipt of bids, to refer to staff for review and to report back on September 18 at 1:00 pm.

Paul Johnson of Johnson Associates explained bids were four options stating that #1 was for the Government Center, #2 for voice mail, #3 for inter building and #4 for all buildings network and tie together and that they will have to review with staff to clarify bids.

Commissioner Daum returned to the meeting.

IN THE MATTER OF SUBSTANCE ABUSE TASK FORCE

Commissioner Clampitt moved to approve the written request from Steve Schmalz for the Substance Abuse Task Force for Positive-Directions After-School Program \$3,750, Tri West Jr. H.S. \$2,000, 1-Star, \$1,640 Cummins MHC Hospital Assessments and \$3,700 Avon Police Dept for a total of \$11,090 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CORONER - VEHICLE

Steve Matthews presented a letter requesting a replacement for one of the Coroner's vehicles and stated that a 4-wheel drive all-purpose vehicle would allow them an adverse weather vehicle as well as permit them to reach areas that could not be accessible in a regular vehicle. Commissioner Clampitt moved to approve the request and forward to the Sheriff to add to their vehicle list. Commissioner Disney seconded the motion and the motion was approved.

Unanimously. 3-0-0

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Tarantino presented the request from the Elected Official Task Force for the North/South Corridor to change this road from a 2-lane "rural" to a 4-lane "urban" explained the cost of each and stated we had missed the letting date

for October 2000 as plans need to be submitted by June 1, 2000 and that our final plans were three (3) months late.

Tom Kline of Avon stated that the Avon Town Board did not discuss this matter at their last meeting.

Mark White of Brownsburg questioned funding for the one mile from CR 100N to 200N and encouraged the county to build this road to show commitment and stated he preferred it to be urban.

Ken Magee of Brownsburg expressed concerns for previous delays and wanted to build 2-lanes and build progress.

Paul T. Hardin of Plainfield requested to design 4-lane, but build 2-lane now.

Commissioner Disney requested a letter from the Indiana Department of Transportation stating the date for submission of plans for lettering of construction contracts this year.

Larry Hesson questioned whether time remains for funds to be obtained from 2001 and 2002 federal money for one-mile 4-lanes.

Tom Kline inquired if right-of-way has been obtained for the section from CR 100 to 200N.

John Tarantino stated the cost would go up if project is delayed or built in stages and that right-of-way has been acquired.

Bob Waggoner of Brownsburg preferred to keep the same program instead of keep changing and delaying.

Commissioner Daum discussed issuing bonds to build the 4-lane entire road.

There was discussion of sending letters to the Federal Department of Transportation from the entire task force rather than only from the Commissioners.

John Tarantino requested clarification and direction for this project.

Walt Reeder requested authorization to meet with Dennis Falconburg and members of the Elected Officials Task Force to finalize the scope of work since the Hendricks County Economic Development Partnership as agreed to provide funds for that contract until the end of the year. Commissioner Clampitt moved to grant that authorization so that Hendricks County Economic Development Partnership could enter into that contract with the understanding that the Elected Officials Task Force would discuss funding for future years and that the contract could be dissolved on thirty (30) days notice. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF HUMAN RESOURCES - RETIREMENT 7 DISABILITY

Stayce McClain presented retiree health benefits for merit deputy and county employees which allows merit deputy retirees and Hendricks County employees access to the group health plan including medical, dental and vision insurance, from either age 50 or 45 with 20 years of service, if the following conditions are met:

MERIT DEPUTIES

1. The employees must have 8 years of continuous coverage under the group health plan immediately preceding retirement.
2. The employee cannot upgrade any coverages. The employee can opt for an option that provides lesser benefits, provided it is an option to current active employees.
3. The retiree would be responsible for paying 30% of the total premium for the group health plan. For 2000 the premiums would be:

<u>Coverage:</u>	<u>Plan A</u>	<u>Plan B</u>
Employee Only	108.56	101.28
Employee & Child(ren)	200.84	187.38
Employee & Spouse	219.29	204.59
Family	311.57	290.68

4. The retiree would be responsible for paying 100% of the total premium for the dental plan. For 2000 the premium would be:

<u>Coverage</u>	<u>Cost</u>
Employee Only	19.58
Employee +1	39.16
Employee +2	61.35
Employee +3 or more	75.71

5. Once a retiree opts out of the plan, he/she is no longer eligible for coverage under the plan.
6. Coverage is available to the retiree's dependents, considering the same dependent eligibility conditions as applies to active employees.
7. All other terms of the plan would continue to apply.
8. Eligibility will end at age 65 or becoming medicare eligible.

Because this retiree plan has new options available, those retirees on the plan since 1997 will have a one-time open enrollment period (two-weeks duration) allowing them the option of upgrading to Plan A and the option of dental coverage.

HENDRICKS COUNTY EMPLOYEE RETIRE HEALTH BENEFITS

1. The employee must have 10 years of credible service, and the employee's years of credible service, plus his/her age must equal 85 or more.
2. The employee must have 8 years of continuous coverage under the group health plan immediately preceding retirement.
3. The employee cannot upgrade any coverages. The employee can opt for an option that provides lesser benefits, provided it is an option to current active employees.
4. The retiree would be responsible for paying 30% of the total premium for the group health plan. For 2000, this would be:

<u>Coverage</u>	<u>Plan A</u>	<u>Plan B</u>
Employee Only	108.56	101.28
Employee & Child(ren)	100.84	187.38
Employee & Spouse	219.29	204.59
Family	311.57	290.68

5. The retiree would be responsible for paying 100% of the total premium for the dental plan. For 2000, this premium would be:

<u>Coverage</u>	<u>Cost</u>
Employee Only	19.58
Employee +1	39.16
Employee +2	61.35
Employee +3 or more	75.71

6. Once a retiree opts out of the plan, he/she is no longer eligible for coverage under the plan.
7. Coverage is available to the retiree's dependents, considering the same dependent eligibility conditions as applies to active employees
8. All other terms of the plan would continue to apply.

Because this retiree plan has new options available those retirees on the plan since 1997 will have a one-time open enrollment period (two-weeks duration) allowing them the option of upgrading to Plan A and the option of dental coverage.

Commissioner Clampitt moved to approve the Employee and Merit Deputy Health Benefits as presented, per staff recommendation. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Stayce McClain presented the following Health Benefits for Disabled Employees:

The County will pay a portion of the COBRA premium for certain individuals who are eligible for benefits under the long term disability insurance program sponsored buy the County as follows:

Years of Service (consecutive or non-consecutive) as of the date Total Disability begins	Portion of COBRA Premium Paid by County
0 through 4 years, 11 months	None
5 through 9 years, 11 months	50%
10 years or more	75%

The County will contribute towards the cost of COBRA only if the long term disability carrier has determined the employee is entitled to long term benefits due to total disability. The County's contribution will end as of the date the carrier determines the individual is no longer totally disabled under the terms of the plan. (The County Will not make a contribution if the employee is eligible for partial or residual disability benefits.)

If the employee had dependent coverage under the health plan on the date total disability began, the County will contribute toward the cost for dependent coverage at the rates shown above (even if the employee dies while totally disabled.)

For purposes of determining years of service and whether dependent coverage was in effect, total disability will be considered to begin on the first day of the waiting period, and not as of the date benefits are first due under the long term disability plan. Contributions to the COBRA premium will not begin until long term disability benefit payments begin. (If total disability is determined retroactively, COBRA contributions also will be made retroactively).

Commissioner Clampitt moved, per staff recommendation, to approve the long term disability for employee insurance as presented Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Stayce McClain requested to advertise for the Emergency Management position internally at no cost. It was the consensus of the Commissioners to advertise internally t no cost.

COMPREHENSIVE FINANCIAL PLAN

Greg Guerrettaz of Financial Solutions Group (FSG) presented the Hendricks County Comprehensive Financial Plan for consideration in a joint session with the Hendricks County Commissioners, the County Council, and several elected officials. The plan included the capital improvement plan, computer needs and possible leasing, revenue, debt management plan, cash management plan, property tax analysis, funding sources, consideration of a wheel tax for both north/south roads and east/west roads, TIF report, revisit the EDIT plan, CAGIS, CEDIT, and cash management plan. There was much discussion of the information contained within the notebook report presented at the presentation.

The joint session recessed at 3:20. The Commissioners took a brief break and then returned to their Commissioners’ Meeting Room for the remainder of their meeting.

Commissioner Disney left the meeting at 3:30 PM

IN THE MATTER OF COUNTY ROAD 950 NORTH

Brown Township Trustee Joyce McClain came forward under “Wishes To Be Heard” to request, as a trustee, help in getting work done to resolve drainage problems for Robert Roseman at 10802E 950N and Barb Young at 1095E 950N. There was discussion that this had been promised. Commissioner Clampitt moved to have the Engineer to get together with the Highway Department to work with the Surveyor to resolve the problem. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF WEED BOARD

Joyce McClain spoke s a member of the Weed Board stating that the state code states that the Highway Department should do the spraying of weeds, therefore, she rescinded her budget request and will provide a copy of the state code to Russ Lawson and all trustees. Ms. McClain further stated that the Highway Department has mowed, but has not sprayed and some culverts are now hidden by weeds and that Canadian Thistles have not been sprayed.

IN THE MATTER OF CR 900E AND 700N

Joyce McClain, Brown Township Trustee, again requested a 4-way stop at the intersection of CR 900E and 700N

as there have been several accidents at this intersection. Commissioner Clampitt moved to revisit this intersection as suggested to determine if it warrants a 4-way stop. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Walt Reeder requested that since the Economic Development Partnership has agreed to fund the consultant and lobbyist for the North/South Corridor that he withdraw the letter to the Council requesting funding for this project. It was agreed that this letter was no longer needed as there is no need to fund this project for this year 2000.

IN THE MATTER OF EMPLOYEE INSURANCE

Stayce McClain advised that the doctor for Clarence McDaniel has stated that he needs a motorized scooter and that it is not covered by the county insurance, however, a motorized wheelchair is covered, but they are unable to load the wheelchair into their vehicle for him to even visit the doctor. There was discussion of options, health coverage and health problems and of donating the scooter back to the county. Commissioner Clampitt moved to inform Nyhart that we approve the scooter and that a letter be sent thru Human Resource. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF COMPUTER DEPARTMENT

Stayce McClain advised that the network administrator for the Computer Department had been approved by the County Council for January 2000 and requested to go to the Council for the Computer Department on this request. Commissioner Clampitt moved to approve to send recommendation to the Council as presented. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #201600 thru 201653, #201659 thru 201675 and \$47461 thru 47495 as presented. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-00

IN THE MATTER OF TELEPHONES - ANIMAL SHELTER

There was discussion of the request from Animal Shelter for new mobile phones for their two (2) new vans. It was consensus that the Engineering Department check with Animal Control on their phone needs.

IN THE MATTER OF E-911 BUDGET

The Budget Code states that the E-911 funds must be appropriated and expenses approved by Commissioners. Commissioner Clampitt moved to approve the 911 Budget as presented by the Auditor. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE AMTTER OF COUNTY MAPS

There was discussion that the new Hendricks County maps have the county name and the name of a Councilman spelled wrong. The Commissioners directed Walt Reeder to check on this mater and report back.

IN THE MATTER OF ANNEX

In response to a report of a truck dumping brush in back of the Annex the Commissioners directed the Engineering Department to check with the Sheriff Department to determine if this may be for the Haunted House.

IN THE MATTER OF VETERANS' REPORT

Receipt was acknowledged of the August Veteran's Report from Dick Bane.

There being no further business, Commissioner Clampitt moved to recess at 4:06 PM> Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

September 11, 2000

The Hendricks County Board of Commissioners met in regular session at 10:55 AM on Monday, September 11, 2000, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

John D. Clampitt)	
John A. Daum)	Hendricks County Board of Commissioners
Hursel C Disney)	
Gregory E. Steuerwald		Hendricks County Attorney
Russell Lawson		Hendricks County Highway Superintendent
Walt Reeder		Hendricks County Plan Commission Director
Sharon Dugan		Hendricks County Clerk
Debbie Reeder		Hendricks County Auditor
Cathy Grindstaff		Hendricks County Environmental Health Director
Steve Stoddard		Hendricks County Sheriff Department
Rob Coop		Hendricks County Assistant Engineer
Judith Wyeth		Secretary to the Commissioners

IN THE MATTER OF TOUT SCHOOL ESTATES

Ed Schrier requested clarification of the Plan Commission Staff denial of Tout School Estates to establish 24 single-family residential lots on a 33.83 acre parcel located northwest of the intersection of CR 1000 North and 471E and offered self-imposed condition to construct and to chip and seal a cul-de-sac. There was discussion that CR 471E was one of the few roads in Hendricks County that is still gravel and had remained gravel since in the past there was limited use of this road. Greg Steuerwald clarified the request for road improvement to be done, stating that this was an issue before the Plan Commission, if there was approved development that the county would have to pave this road it could be a balancing of responsibility between the developer and county. There was discussion of the county having received money for use to maintain this road and of the safety and should the County improve the road if there was an approved development. It was the consensus of the Commissioners to let the developer go before the Plan Commission at their September 12, meeting and to await their decision.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway crew is mowing roadsides and that they have sprayed some Canadian thistles on the roadsides. There was a request to spray CR 400S. Joyce McClain, Brown Township Trustee advised that she has given the highway drivers some information for them to us relative to week spraying.

IN THE MATTER OF BRIDGE No. 220

Rob Coop advised that Bernard Lochmueller will start today on Bridge No. 220 and redesign for the Texas railing construction should be completed around Thanksgiving.

IN THE MATTER OF TOWN OF AVON – ROADS

Rob Coop presented information and correspondence for the past four (4) years relative to the County and the Town of Avon road agreement and negotiations, including a list of the proposed projects that Avon submitted that would benefit both Avon and Hendricks County. There was a discussion of these proposed road improvements and of the Interlocal Agreement of November 25, 1996, between the Town of Avon and Hendricks County and that some of these proposed improvements were within the Town of Avon, also of the road and strewed fund and the Highway Department traffic flow. Rob Coop stated that the Engineering Department has been reviewing this list. Commissioner Clampitt moved to work on two (2) projects that are in both Avon and the County, but not projects entirely within the Town of Avon with the County funding one-half, of north-south bound left turn lanes with turn signal at Raceway and US 36, \$4,000 (INDOT to install turn signals if Town/County stripes for turn). Dan Jones/100N engineering and temporary signal, road design analysis for intersection \$7,750 as the county's portion would be ¼ (IONDOT to construct improvements in 2000 if Town/County conduct engineering design). Dan Jones/100N Engineering and temporary signal road design analysis for intersection as ¾ are within the Town of Avon and only ¼ is in the County, as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0. Commissioner Clampitt recommended that the County keep working with the Town of Avon to work on roads.

IN THE MATTER OF SUBDIVISION BOND REVISION - VALLEY VISTA

Walt Reeder requested a release of the performance bond for Valley Vista in favor of a maintenance bond in the amount of \$11,500. Commissioner Clampitt moved, per staff recommendation, for bond revision for Valley Vista as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CARSON FENCE – BELLEVILLE

Rob Coop advised that he had talked with the County Attorney relative to complaints regarding the Carson fence which is in the right-of-way in the Town of Belleville and which is causing a visibility and safety concern and that he had recommended that the fence be removed from the County right-of-way. There was discussion of the width of the right-of-way. Russ Lawson stated that CR 600S is 70 feet with half right-of-way being 35 feet. Mr. Coop requested direction and guidance on this matter that is a safety concern for visibility. Commissioner Clampitt moved to take this matter under consideration and to bring back a recommendation in two (2) weeks. Commissioner Disney

seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CUM BRIDGE REPORT

Rob Coop presented the Cum Bridge report for 2000. Commissioner Disney requested that Mr. Coop bring back a break down of the Cum Bridge. Mr. Coop later brought back a report of the break down for cum cap.

The meeting recessed for lunch to resume at 1:00 PM

IN THE MATTER OF ZA-239/WA09-03: LEE DEVELOPMENT - MASTEN LAKES

Walt Reeder presented a request for change in zoning classification of ZA-239/WA09-03: Lee Development, Masten Lakes from a R-2: Medium Density, Single Family Residential District to a Planned Unit Development (PUD) stating that this comes from the Plan Commission without a recommendation by a vote of 2-1-1. Lee Comer advised of self-imposed conditions by the developer of 70% of the homes at least 1,300 square feet, with 8 inch overhang, 5 foot set back, 15 feet between buildings reduce the number of lots from 288 to 260, with brick on ranch and 100% brick on front of all 2-story homes except for porch covered area. There was discussion of the PUD requirements verses R-2 standards. Greg Steuerwald explained the options of this zoning amendment as it comes without recommendation to accept as presented and pass, to reject and deny, do nothing for 90 days if denied, amend to Plan Commission within 45 days, or continue within the Commissioners schedule, further stating that the changes are fairly substantial. There was discussion of public input if returned to the Plan Commission as it would be a public hearing. Commissioner Clampitt moved that with the amendments as proposed that to let the people in the area voice their opinion and to send back to the Plan Commission to bring back with a recommendation. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0. Greg Steuerwald stated that they have to be on the October 10 Plan Commission Agenda. Walt Reeder clarified that public notice is required and questioned who pays.

IN THE MATTER OF ZA-241/HC00-01: NORTH/SOUTH CORRIDOR DEVELOPMENT

Walt Reeder presented ZA-241/HC00-01 along with the colored map for zoning changes for area of CR 100N to 200N along the proposed North/South Corridor stating that the properties of Betty Young and Marie Alexander were exempt and that the Plan Commission sent this zoning request with a favorable 4-1-1 vote. Commissioner Clampitt read a letter from property owners. Greg Steuerwald relayed the Alexander request to extend property beyond their property that was not owned by them and now in the Plan Commission recommendation.

Mark White, Brownsburg Town Manager, requested clarification of the area.

Commissioner Disney moved to accept the proposed CR 100N to 200N zoning changes, per Plan Commission recommendation, that abuts the North/South Corridor as Ordinance 200-19. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

Walt Reeder explained that the proposed zoning changes for the balance of the property along the North/South Corridor received an unfavorable recommendation of the Plan Commission by a vote of 5-0-1. Commissioner

Clampitt read letters from Hession Farms for 200 acres and from Lacy Farm of 560 acres, requesting to amend the Plan Commission recommendation and to approve the zoning changes as shown on the amended map for these properties. Commissioner Clampitt moved to allow these two (2) farms with acreage as stated in letters presented to change the zoning to include northeast portion of CR 600N and 1000N triangle that should also be a C-3 and that they provide a legal description. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Kenneth Ewick requested clarification of changes from I-C to residential. Walt Reeder responded.

IN THE MATTER OF LIFE LONG LEARNING CENTER

Deedee Daniel of White Lick Heritage Community Foundation presented a packet of supportive information for the Life Long Learning Center and requested a letter of support of theory or of financial support. Ms. Daniel further advised that they are working with the Secondary Education Committee on this project and that this project would be a cradle to grave education program with several schools offering use of their buildings after school hours, and of the to use the extension office building facilities. There was discussion of this project. Commissioner Clampitt stated that the Government Center is always available. Commissioner Disney moved to go on record that the Commissioners give moral support and to ask the Council for financial support. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CLERK - DROP BOX

Sharon Dugan came forward to again request a night drop box at the Courthouse to receive child support payments after working hours. It was the consensus of the Commissioners to stand by their original decision to not grant this request and recommend that she check with the local banks to use their facilities.

IN THE MATTER OF ELECTION POLL WORKERS

Sharon Dugan requested \$8,000 additional funding for poll workers for the fall election and read from the Indiana Code stating that the Commissioners are responsible for funding poll workers. Ms. Dugan stated that this additional funding would permit her to pay the judges and clerks \$70 per day and would greatly help in recruiting poll workers and that she had checked with other counties that this would be the average they are paying. Ms. Dugan advised that this was not in her budget as she had previously planned to continue paying \$45 per day as in the spring election. This amount was not included in her 2001 request as there is no election that year, however, she will include this addition in her 2992 budget. There was discussion that the position of sheriff and assistant clerk have been eliminated in recent years and this had had been a saving on election costs. Commissioner Clampitt moved to allow request of \$8,000 additional for the fall election at \$70 for clerks and judges as requested. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF PLANNING – PUD RESOLUTION

Walt Reeder presented draft resolution for Planned Unit Development (PUD) and explained recommendation.

Be it resolved that the Board of Commissioners, in order to allow additional time for the affected Public agencies to develop realistic financial plans to deal with the requirement of this rapid growth, Will not grant approval of any Zoning Amendment request for a Planned Unit Development (PUD) in Brown, Lincoln or Washington Townships that would increase the number of residential units over the number allowed by the current zoning classification of the affected property. Any PUD zoning amendment request must be accompanied by a preliminary plan showing the Number of lots possible on the affected property under its current zoning. Such plan must be in Compliance with the Subdivision Control Ordinance. This resolution shall remain in effect until January 1, 2002, at which time it will be reconsidered.

Lee Comer clarified that this resolution did not affect any pending applications. Commissioner Clampitt moved, per staff recommendation, to approve the PUD Resolution as presented. Commissioner Disney seconded the motion and the motion was approved 2-10- with Commissioners Clampitt and Disney voting aye and Commissioner Daum voting nay. Bill Duncan discussed the rate of growth, taxes, schools, the quality of growth, concerns for lot size and adjoining acreage.

Mark White questioned changes in zoning classification.

Al Rumley expressed concerns for school, quality of homes and requested to reduce the number of houses.

Donna Caruso inquired the need for resolution and to control the number of houses.

Walt Reeder stated that this resolution was in response to a Resolution to the Avon Schools, and comments from Brownsburg and Avon and clarified that this resolution will be force until January 1, 2001, and will be reevaluated at that time.

Debbie Reeder	Hendricks County Auditor
Mary Anne Lewis	Hendricks County Chief Animal Control Officer
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF HIGHWAY

Russ Lawson reported that the Highway crew is still laying hot mix and clearing roadside ditches. There was discussion about bushes and trees along Washington Street that need to be trimmed.

IN THE MATTER OF ANIMAL SHELTER

Mary Anne Lewis requested new hand-free cell phones installed in her two new vans stating that one of the old vans has a cell phone, however, it is not the hands-free model and that she has had some problems with that phone. Commissioner Clampitt moved to approve a new cell phone for the one new van and to have the Engineering department check the phone in the old van to see if it needs to be replaced and to report back to the Commissioners if there is need to order an additional one. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Mary Anne Lewis requested that her two senior officers take the vans home in order to protect the vans from vandalism at the fairgrounds and that they be “for business only”. There was discussion of officers having the vans ready to make calls when “on call” that they would have to report this as additional taxable income. Commissioner Clampitt moved to allow the two senior officers to take vans home on a temporary basis for six months so that they can better serve the residents of Hendricks County and that they are taking care of the vehicles. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0. The Commissioners directed Ms. Lewis to check with the Auditor’s Office on reporting this use of vehicles for tax purposes and to check with the County attorney.

Mary Anne Lewis stated that she felt the conference she had attended in Kentucky was very educational and helpful to her as were several other conferences this year and requested to send two employees from her department to training seminar in October in Texas. There was discussion if there was any advantage to send two additional members to the same training, the cost of this seminar in Texas and if there was closer training. It was consensus of the Commissioners that Ms. Lewis bring back a report of cost of this seminar and if there was training that was closer.

IN THE MATTER OF BRIDGE NO. 220

John Tarantino presented for execution the previously approved Agreement for the Provision of Limited Professional Services from Bernardin-Lochmueller and Associates for Bridge No. 220 over County Road 600 North for construction change to modify railing to Texas Railing System. Commissioner Clampitt moved to allow the President to sign the agreement as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF TOUT SCHOOL CREEK ESTATES

IN THE MATTER OF HIGHWAY

Russ Lawson reported that the Highway crew is still working at black topping.

A telephone message from Chris Krahn relative to Ledgewood was referred to Mr. Lawson.

There was discussion of increasing the payment to contractors for snow removal due to the increase in fuel costs.

Commissioner Clampitt moved to raise the rate for snow removal to \$70 per hour, per recommendation of the Highway Superintendent. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0.

Compliments were extended to Russ Lawson for clearing out around culverts, replacing new reflectors and cleaning along roadsides for the safety of citizens.

IN THE MATTER OF TRAFFIC STUDY – CR 625E

John Tarantino presented a traffic study for CR 625E which was requested by Tom Klein, Avon Town Manager, informing the County that Avon had lowered the speed limit to 30 mph on their segment of CR 625E and requesting that the Commissioners do the same on the remaining segment of CR 625E, which falls under county jurisdiction. The traffic study recommendation was that, due to the low shoulder, the hills which contribute to limited sight distance and subdivisions which use CR 625E as an access road it was recommended that the county comply with Avon's request and lower the existing speed limit from 35 mph to 30 mph. This will create a safe and consistent driving environment on CR 625E. Commissioner Clampitt moved, per staff recommendation, to lower the speed limit to 30 mph on CR 625E. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Tarantino presented plans for the proposed North/South Corridor relative to the entrance of Avon Commons. Ruth and Willard Bartley and Kent Wells came forward as adjoining property owners to discuss this proposed entrance to Avon Commons relative to their property. Ed Schrier presented a letter from Mid-States Engineering relative to Corinth Country Estates, southeast corner of the intersection of CR 1000N and 650E, and requested a thirty day extension of time in order to resolve the drainage problems with this development and to meet with staff. Commissioner Clampitt moved, per staff recommendation, to give an additional thirty days to Ed Schrier and to consider more time if needed. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF ANIMAL SHELTER

Mary Anne Lewis presented several changes to the Animal Control Ordinance stating that these changes had been approved by the County Attorney and three judges for enforcement. There was discussion of these changes.

Commissioner Clampitt moved to approve changes as presented. There was discussion that changes to an ordinance required a public hearing. Commissioner Clampitt rescinded the motion. Commissioner Clampitt moved to review changes presented, to set a date for public hearing and advertise the public hearing. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Mary Anne Lewis advised that she had received some donations of cleaning supplies and has them currently stored under a tarp between the buildings at the fairgrounds, however, due to upcoming changes in the weather requested to store them in the east end of the Annex. There was discussion of alternative areas, the need for security of these items and meeting OSHA requirements. It was the consensus of the Commissioners to check with the County Home to see if these items could be stored in the secured basement area there and if this doesn't work to check with the Engineering Department to find another location.

Mary Anne Lewis explained the need for two new phones for the new vans and stated that the one phone still works, however, is not a "hands free" phone. Commissioner Clampitt moved to approve an additional mobile phone

for the animal shelter and that the animal shelter find funds for the “hands free” kit and to transfer the old phone to one of the new vans. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

The meeting recessed for lunch to resume at 1:00 P.M.

IN THE MATTER OF ASSOCIATED RIGHT-OF-WAY

Ballantyne of Associated Right-of-Way Services, Inc., of Indianapolis, advised they are working on negotiations for right-of-way on CR 525E and explained the qualifications of their firm. There was discussion of services. Commissioner Clampitt moved to have the Engineer look into writing an “on call” contract and bring back for consideration and approval. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF UNITED WAY

Susie Friend requested a letter be sent to all Hendricks County employees for United Way explaining the input in determining solutions for our county’s pressing human needs and challenges. The Hendricks County Untied Way Campaign will be October 16-20, 2000. It was also stressed that Lilly Endowment will match dollar-for-dollar first-time individual gifts with a minimum of \$52 and that this could be done by payroll deductions. Commissioner Clampitt moved to sign the letter for United Way and allow time requested for fund raisers to be paid. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PROSECUTOR - VICTIM AWARENESS

Maria Larrison of the Prosecutors Office requested to place a display on the Courthouse lawn from October 13 Thru October 30, 2000, similar to the T-shirt display last year, for Victim Awareness, to permit an increase in public awareness about domestic violence and the consequences. Ms. Larrison also requested to hold a candlelight vigil on October 26, 2000, from 6:30 PM to 8:00 PM near the fountain on the courthouse lawn to reflect on loss of life as a result of domestic violence during the last year. Commissioner Clampitt moved to approve the display for Domestic Awareness month, as requested. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0. The Engineering Department will check final plans.

IN THE MATTER OF BROWNFIELD LOAN – WARRICK LANDFILLS

Greg Romaine presented an update from SESCO Group for the closure of the Old Warrick Landfills including a list of all the major work units to be performed at the site, that work is proceeding as scheduled and everything has gone very smoothly. Included in the attachments were photos documenting the clearing of the “junk” trees which had grown up through the twenty-six acre landfill. There was discussion of touring the site. It was the consensus of the Commissioners to tour the Warrick Landfills site following the afternoon session on Monday, October 23, 2000.

IN THE MATTER OF SUBSTANCE ABUSE TASK FORCE

Steve Schmalz presented grant request from Drug Free Fund as follows:

All Hendricks County School Systems <u>Red Ribbon Week</u>	\$4,750

IN THE MATTER OF TORT CLAIM

Receipt was acknowledged of Notice of Tort Claim on behalf of Jonathan Michael Hankins from Keller & Keller.

IN THE MATTER OF SUPERIOR COURT 2 - SELF HELP COURT

Judge David Coleman of Superior Court 2 presented a proposal for a Court Self-Help Office to be done with existing staff from the three superior courts, probation and clerk's office. They will provide one person a day and rotate with each office providing a staff worker that will provide forms, help with filing and then refer to the proper court. Judge Coleman advised that they have an extra desk and some extra equipment in the various court offices that can be used and suggested consideration of using the empty space across from the elevator or across from the jury room for this office. They will offer a directory of attorneys and will be at no additional cost to the county just a space with one new phone and an available computer. There was discussion of the old Commissioners' room being dedicated as "The President's Room with pictures of the July 13, 1987, visit of President Ronald Regan to Hendricks County. Commissioner Clampitt moved to request the Engineering Department to check what space is available and to let the judges decide what space would be suitable, to work with John Parsons on phone and computer needs, and to have the old Commissioners' Room designated as "President's Room". Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF COMPUTER CONTRACT

Peggy Nichols
Mary Anne Lewis
Judith A. Wyeth

IN THE MATTER OF HIGHWAY

Russ Lawson reported the Highway Department is working on roadside ditches.

Receipt was acknowledged of a request from Alan Murphy for the County to take over Lafayette Street, a private street in the Town of Belleville. Commissioner Clampitt moved to refer the matter to Russ Lawson and the County Attorney to send a letter of response to Mr. Murphy. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

There was discussion of Indiana Street and of the increased traffic from Heritage Lake in Putnam County coming across the east/west roads in Hendricks County.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Tarantino presented the October 13, 2000, letter from Tom Klein, Avon Town Manager, relative to urban v Rural Standards for the North/South Corridor as discussed by the Avon Town Council on October 12. Mr. Klein stated that it was their belief that the North/South Corridor should have one standard for the whole corridor and since the only existing portion of the Corridor has a rural standard, that this standard should apply to the entire Corridor. Also, that the Town Council believes that if certain towns desire to upgrade to an Urban standard for the corridor portion within their corporate limits, then the Town should pay for the difference in cost. There was discussion of funding and standards if this was two lanes or four lanes. Commissioner Disney moved to instruct the Engineering staff to notify the state to let bids for a two-lane road between CR 100N and 200N. The motion died for lack of a second. There was discussion of the recommendation for four lanes by the Elected Officials Task Force. Commissioner Clampitt moved that the Engineer advertise two additional lanes, that making four lanes, and funding, if available, thru the State and Federal Government to fund this project as curb and gutter and submit to state and that the state fund for a two-year project. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-1-0 with Commissioner Clampitt and Daum voting aye and Commissioner Disney voting nay.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT - MIP-773 & MIP-801

Walt Reeder presented Contractor's Completion Affidavit and Certificate of Completion and Compliance for MIP-773: John W. Havens. Commissioner Clampitt moved, per staff recommendation, to accept the Contractor's Completion Affidavit and Certificate of Completion for MIP-773 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Walt Reeder presented Contractor's Completion Affidavit and Certificate of Completion and Compliance for MIP-801: Joseph A. Pecar and to return the performance bond. Commissioner Clampitt moved, per staff recommendation, to accept the Contractor's Affidavit and Certificate of Completion and return bond for MIP-801 as presented., Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF SUBDIVISION BOND REVISIONS

Walt Reeder presented a request for Linden Square, Phase 4, to release the performance bond upon receipt of a maintenance bond in the amount of \$28,200 and that this development is subject to a Legal Drain Assessment. Commissioner Clampitt moved, per staff recommendation, to release the performance bond upon receipt of a

maintenance bond as presented for Linden Square, Phase 4. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Walt Reeder presented a request for Site Plan Review 135: Avon Craft Mall to release the performance bond in favor of a maintenance bond in the amount of \$3,200. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented a request to admit Charles Raymond Howard on a temporary basis on the recommendation of the Center Township Trustee and that she will make application to ARCH. Commissioner Clampitt moved, on recommendation of Center Township Trustee and County Home Administrator, to admit Charles Howard on a temporary basis until the County Home Administrator makes the decision to accept as permanent resident or to terminate his residency. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

There was discussion of the new state form with limited reference for informational listing. Commissioner Clampitt recommended that the County Home Administrator request a letter be submitted from the Trustee and that she contact the state for use of the previous forms. There was discussion of adding information to the new form or to use the old form. Greg Steuerwald advised to use both the new form and the old form. The Commissioners directed Ms. Nichols to call the state and discuss these new forms and report back at a later date.

IN THE MATTER OF ANIMAL CONTROL

Mary Anne Lewis requested approval to send six employees of the Animal Shelter to training in Missouri. Commissioner Clampitt moved that Ms. Lewis go to the next Council meeting and request additional funds in the Commissioners' budget for this training and that she represent herself to the Council. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Steve Stoddard stated that the Sheriff Department sends only one employee for training and that individual returns and then does "in house" training for the rest of the staff, which provides training for several employees and greatly reduces the cost.

IN THE MATTER OF TRICK OR TREAT NIGHT FOR HALLOWEEN

There was discussion of a designated night for Halloween Trick or Treat. Steve Stoddard advised that the actual Halloween Night is Tuesday, October 31, 2000, and it would be the recommendation of the Sheriff Department that only that night be designated. Commissioner Clampitt moved, per Sheriff Department recommendation, to designate Tuesday, October 31, 2000, from 5 PM – 9 PM as Trick or Treat night in Hendricks County and to send a letter to all local towns and the media of this decision. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

The meeting recessed for lunch in the lounge in honor of Boss's Day and to resume at 1:00 PM in Rooms 4-5

IN THE MATTER OF ZA-239/WA00-03: Lee Development

Greg Steuerwald advised that he had just received information relative to the legality of the 2000 Resolution on Planned Unit Developments in Washington, Brown and Lincoln Townships and that he would like to review this material. Commissioner Disney moved to continue ZA-239/WA00-03: Lee Development (Masten Farm) to a future time until the County Attorney has had time to review and to make a recommendation and that this be continued until the Tuesday, November 13, 2000, meeting. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 2-1-0 with Commissioners Disney and Clampitt voting aye and Commissioner Daum voting nay.

IN THE MATTER OF ZA-244/CE00-02: TAMMIE DAVENPORT

Walt Reeder presented ZA-244/CE00-02: Tammie Davenport requesting a change in zoning classification from an S-1: Low Density, Single Family Residential District to an I-4: Industrial Park for 7.00 acres in Center Township located on the east side of CR 150E, 0.50 mile north of CR 200S, stating that there was a self-imposed condition for a commercial kennel only and would be for twenty or less dogs with no expansion. Mr. Reeder stated that both the staff and Plan Commission sent a favorable recommendation of 6-0-0. Commissioner Clampitt moved, per staff and Plan Commission recommendation to approve ZA-244/CE00-02 with self-imposed restrictions as stated in Ordinance 2000-24. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF ZA-247/GU00-03 – CAL-CAIT, LLC

Walt Reeder presented ZA-247/GU00-03: Cal-Cait, LLC for a zoning change from an R-2: Medium Density, Single Family Residential District to a C-2: General Commercial District for 0.31 acres in Guilford Township located on the west side of CR 825ED, 0.33 mile north of Hendricks County Road. Mr. Reeder stated that this comes with a favorable staff recommendation and an unfavorable Plan Commission recommendation by a vote of 6-0-0. The following citizens came forward to speak on this zoning request:

Gene Margiotti expressed concerns for heavy truck traffic, large machinery and aesthetics.

Cheryl Terry expressed concerns that the road won't handle this heavy traffic, the beeping from the machinery begins at 5 AM until late at night and that there is too much noise for a residential area as her husband works nights and needs to sleep during the day, but it is too noisy.

Mr. Reeder explained the zoning requirements.

Leo Rost stated that this doesn't belong in a residential area and that this expansion will hurt the existing residential.

Ben Comer stated that most of the noise had been due in part to filling in a drainage pond which is now complete and that this area is currently a mixed-use area so that any of the concerns expressed would be resolved during the Site Plan Review, which will have restrictions of "office" or "professional".

There was discussion that junkyards could only be in I-2 zoning with a special exception.

Commissioner Clampitt moved, per staff recommendation, to approve zoning request as Ordinance 2000-25 as this has been industrial for many years and also that the airport has brought out and made much of the area industrial. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

October 16, 2000

The Hendricks County Board of Commissioners met in regular session at 10:30 AM on Monday, October 16, 2000, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Peggy Nichols presented a request to admit Charles Raymond Howard on a temporary basis on the recommendation of the Center Township Trustee and that she will make application to ARCH. Commissioner Clampitt moved, on recommendation of Center Township Trustee and County Home Administrator, to admit Charles Howard on a temporary basis until the County Home Administrator makes the decision to accept as permanent resident or to terminate his residency. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

There was discussion of the new state form with limited reference for informational listing. Commissioner Clampitt recommended that the County Home Administrator request a letter be submitted from the Trustee and that she contact the state for use of the previous forms. There was discussion of adding information to the new form or to use the old form. Greg Steuerwald advised to use both the new form and the old form. The Commissioners directed Ms. Nichols to call the state and discuss these new forms and report back at a later date.

IN THE MATTER OF ANIMAL CONTROL

Mary Anne Lewis requested approval to send six employees of the Animal Shelter to training in Missouri. Commissioner Clampitt moved that Ms. Lewis go to the next Council meeting and request additional funds in the Commissioners' budget for this training and that she represent herself to the Council. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Steve Stoddard stated that the Sheriff Department sends only one employee for training and that individual returns and then does "in house" training for the rest of the staff, which provides training for several employees and greatly reduces the cost.

IN THE MATTER OF TRICK OR TREAT NIGHT FOR HALLOWEEN

There was discussion of a designated night for Halloween Trick or Treat. Steve Stoddard advised that the actual Halloween Night is Tuesday, October 31, 2000, and it would be the recommendation of the Sheriff Department that only that night be designated. Russ Lawson requested a date to advertise for highway supplies. Commissioner Clampitt moved, per staff recommendation, to advertise for quote/bids for highway supplies at 11:00 AM on Monday, December 11, 2000.

Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0 There was discussion of the fuel bids and the changes in fuel prices. Mr. Lawson will check on current pricing and report back.

Russ Lawson responded to citizen request for the county to take over Lafayette Street in the Town of Belleville stating that this was approved as MIP-646 and that this street was not to be taken over as a county road as it does not meet county requirements and right-of-way. There was discussion of this matter. It was the consensus of the Commissions that the Engineering Department check further and to send a letter to Alan Murphy that this is not a

county road.

Russ Lawson reported that he and David Gaston, County Surveyor, will check out some roadside ditches.

IN THE MATTER OF BRIDGE NO. 220

John Tarantino presented a previously approved change order for execution of the Texas Rail for Bridge No. 220, located on CR 600S, over Clarks Creek in Guilford Township, for net increase of \$25,399.50.

IN THE MATTER OF CONTRACTORS COMPLETION – DIAMOND COVE, SECTION II

Walt Reeder presented a request for Contractor's Completion Affidavit and Inspector's Certificate of Completion and Compliance for Diamond Cove, Section II. Commissioner Clampitt moved, per staff recommendation to approve and accept the affidavit for Diamond Cove, Section II as presented. Commissioner Disney seconded the motion and the motion was approved 2-0-1 with Commissioner Clampitt and Disney voting aye and Commissioner Daum abstaining.

IN THE MATTER OF RECORD PRESERVATION

John Tarantino reported that the estimate for record preservation, phase 1, has been revised. Dennis Easley explained two proposals that the county can use, stating that the camera from the Clerk's office could be used with staff, which would reduce cost or to contract out. There was discussion of the camera equipment in the Clerk's office and of possibly providing staff through Human Resources, of the space needed and if there was space available if done "in house" and to contract outside source until we can see cost and get set up. John Parsons requested clarification of disc, which would contain the records. Mr. Easley stated that these are lifetime discs. Sharon Dugan explained the process and need to preserve court records. Commissioner Clampitt moved to go to the Council with cost to do Phase 1-A to contract outside source until we can see cost and to set up "in house" after that and to get started on the record preservation now. Commissioner Daum seconded the motion and the motion was approved 2-1-0 with Commissioners Clampitt and Daum voting aye and Commissioner Disney voting nay.

IN THE MATTER OF GIS MAP ACCOUNT

John Tarantino advised that we have received a bill from Beam Longest and Neff and requested to pay from line 43-430-107. Commissioner Disney moved, per staff recommendation, to pay this bill from account stated.

Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF TELEPHONE ACCOUNT

There was discussion of the language in the telephone contract being changed. Commissioner Clampitt moved to wait until the County Attorney has approved the language in the telephone contract with Williams Communications. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF HAUNTED HOUSE

Steve Stoddard requested help with the haunted house that is sponsored by the Sheriff Department for Project Angel and advised that it will be open thru Tuesday, October 31, 2000

IN THE MATTER OF ADDRESSING

John Parsons requested a program to correct 37 computer pages of incorrect zip codes being installed. There

was discussion of resolving this problem. Commissioner Clampitt moved to approve the expense as requested. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0 There was discussion of making the Auditor, Computer Department and Human Resources a copy of a letter signed by the Department heads. The Commissioners approved by consensus.

IN THE MATTER OF COMPUTER

John Parsons stated that he only received \$50,000 of his requested appropriations from the Council. Mr. Parsons read an e-mail to the clerk and four judges also from the Indiana Supreme Court advising that they are working to provide e-mail and internet access to all judges and elected clerks in the state in order to start using modern technology tools such as e-mail in our judicial system. Mr. Parsons also read an e-mail from General Motors for child support stating they will discontinue mail service and need web access immediately. Also that the attorney general unclaimed property letter must be submitted on a disk in the future. There was discussion of giving a letter to the Council requesting additional funding to comply with these requests. Sharon Dugan explained the unclaimed funds. It was the consensus of the Commissioners that John Parsons take the letters of mandate to the Council for consideration of additional finds.

The meeting recessed for lunch to resume at 1:00 PM

IN THE MATTER OF EMERGENCY MEDICAL SERVICE

Hugh Bain of the Hendricks Community Hospital presented list of emergency equipment to be funded from the EMS line along with a copy of the Indiana Emergency Medical Services Commission Equipment Incentive Grants. Mr. Bain further stated that the hospital plans to start a paramedic class soon.

IN THE MATTER OF GIS

There was discussion of approaching the Council to approve a contract with Beam Longest and Neff for GIS thru the end of 2000. Clint Stoutenour of the Engineering Department stated that contracting for a portion of the GIS will be a good start for the county to help move along in order to get all departments connected in the central server. Commissioner Disney moved to approach Council to approve contract for GIS with Beam Longest and Neff, to work with Clint Stoutenour of the Engineering Department, for the contract to be for \$5,000 until the end of 2000. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0. There was discussion of the information available, accessibility and possibly charging for the availability of this information.

IN THE MATTER OF FLAG POLICY

Commissioner Disney moved that we adopt a flag policy that all flag lowering must come thru the Commissioners' Office. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0. There was discussion that whenever the flags are lowered that a memo be sent to all departments and the media.

IN THE MATTER OF ANIMAL CONTROL

Willis Parker came forward to inquire the status of a new animal shelter building. There was discussion that there were no building plans at this time. There was discussion of "farm" dogs running loose, if all animals should

be neutered in response to concerns to reduce the number of animals being put to death and to lower the number of unwanted animals. Mr. Parker also requested to submit changes to the Animal Control Ordinance

IN THE MATTER OF RESERVE ACCOUNT

There was discussion of requesting a reserve account for the Capital Improvement Plan. Commissioner Disney moved to go to the Council to request \$2,000,000 in the Reserve Account. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

Stayce McClain presented a letter from Nyhart Insurance relative to the new prescription drug RU-486 that may be used to induce abortions during early pregnancy to offer a plan sponsor election to either elect to exclude or elect to cover this drug. Commissioner Clampitt moved to exclude coverage for this drug. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Ms. McClain presented letter of October 2000 from Linda Rowing of Nyhart advising that the state of New York, in an effort to find a way to fund care for the poor , has passed a law that has the potential to seriously affect all employees, if an individual covered by county plan receives hospital care in the state of New York the plan is responsible for payment of a surcharge of 8% of the hospital bill, however, if the attached paperwork is not completed and returned to Nyhart by the deadline, November 10, 2000. in addition to the 8% surcharge, your plan would be subject to a 24% penalty. There was discussion of the New York law. Commissioner Clampitt moved to not pay or sign the surcharge. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF HUMAN RESOURCES

Auditor Debbie Reeder presented letter of concern relative to Human Resource and requested that it be entered into the Commissioners' minutes. Commissioner Clampitt moved that this letter be added to the Commissioners' minutes and to Council minutes:

October 20,, 2000

Dear Commissioners and Council Members:

This letter is to notify you of yet another concern I have with the Human Resources Director Stayce McClain and her assistant, Lisa Bolton.

On October 16, 2000, Lisa received a hand-written note from Highway Office Manager Sandy Kelley. Sandy asked that Lisa write a letter to a Highway employee, explaining how and when a pending garnishment would take place. Lisa, apparently at the direction of Stayce contacted Shawn Miller, **SETTLEMENT CLERK***, in my office, and asked Shawn to write the letter of explanation to the Highway employee.

I find it extremely ironic that Stayce sent a letter to my payroll clerk dated September 12, 2000, which reading part, "Making a recommendation to an employee regarding whom they should cover on their health Insurance is not part of the duties of a payroll clerk." Yet felt it was within the duties of the settlement clerk to send a letter to an employee explaining garnishment procedures. As in the past, this request for assistance from one of my employees was not directed to my chief deputy, or me, but was taken directly to my employee, without prior consideration of that employee's scheduled workload foreknowledge of the matter in question.

A letter of this nature is not the responsibility of my office, in general, and certainly not the responsibility of the settlement clerk, in particular. This request was specifically made to Human Resources, and then handed off to one of my employees without my knowledge or consent. I have, in the past, stopped short of directing my employees to refer any and all contacts by Human Resources to me or my chief deputy, but if Human Resources personnel continue to bypass my authority and ask my employees to perform assignments

that are clearly the responsibility of the Human Resources department, without prior approval from me, I have no choice but to give that direction to my employees.

We receive garnishment orders and other sensitive document(s) from Human Resources in, what I feel, is a very unprofessional manner. These documents placed in an open mail basket, on a public counter, without being enclosed in any type of envelope. These documents can easily be viewed by anyone walking up to the public counter for assistance. It is my opinion that sensitive material delivered to my office from Human Resources should be enclosed in some type of envelope, or handed directly to the employee responsible for processing the material, or to me. We have, in the past, approached the counter to assist an employee, only to find that employee holding and reading a garnishment order that had been placed in the basket by Lisa Bolton. I feel certain that employees affected, if they were aware of the manner in which Human Resources transferred information, could claim violation of privacy with regards to the Human Resources Department personnel.

A response to this letter, as always, would be greatly appreciated.

Sincerely,

Debbie Reeder (signed)

Debbie Reeder, Hendricks County Auditor

Cc: Stayce McClain, Human Resources Director

Lisa Bolton, Human Resources assistant

Greg Steuerwald, County Attorney

*Settlement Clerk: Responsible for assisting in semi-annual distribution of tax collections, processing corrected tax bills and refunds on overpayment of taxes.

Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0. The Commissioners directed the County Attorney to meet with Human Resource on this matter. There was discussion of the Human Resource Director being under the direct supervision of the Commissioners, or County Council or both. It was the consensus of the Commissioners to send a letter to the County Council to discuss Personnel at their next meeting on Wednesday, November 8, at 6:00 PM

IN THE MATTER OF WEIGHTS AND MEASURES

Receipt was acknowledged of the October 20, 2000, Weights and Measures monthly report from Charles Colbert

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #98074 thru 98475, #202802 thru 202809 and #202815 and 202920 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF TELEPHONE CONTRACT

Greg Steuerwald advised that he has marked the telephone contract and requested that the Commissioners sign when received.

IN THE MATTER OF OPAL SMITH MORTGAGE

An inquiry relative to the mortgage of Opal Smith. There was discussion on whether this mortgage has been satisfied and the county release this mortgage and that the matter needs to be checked further.

IN THE MATTER OF COURTHOUSE

Receipt was acknowledged of a request from Gwyn Green, an employee, to use the Courthouse rotunda for a family Christmas dinner on Saturday, December 19, 2000. It was the consensus of the Commissioners that this request be denied and that a denial letter be sent to Ms. Green.

IN THE MATTER OF INSURANCE

Commissioner Clampitt requested an update on insurance from Human Resource be sent to employees and questioned PERF requirements. Commissioner Daum advised that the retirement/ benefit program offered on to all

employees on Thursday, October 23, 2000, provided information from insurance, PERF, Deferred Comp, social

security and investment and was most informative. Commissioner Clampitt requested an update of employee health insurance benefits.

IN THE MATTER OF PROCLAMATION, DOMESTIC VIOLENCE

A request was received for a Commissioner to read the Proclamation for Domestic Violence at the candle light vigil on October 26, 2000, at 8:00 PM near the fountain on the Courthouse lawn. It was consensus of the Commissioners that Commissioner Clampitt read the following proclamation:

PROCLAMATION

**WHERE AS: once a secret kept among families, domestic violence is now recognized a serious crime that often has severe consequences for the survivors, their children and their community; and
WHERE AS: every year nearly four million women are physically abused by husband, or boyfriends;
and**

**WHERE AS Hendricks County is committed to fight to end domestic violence; and
WHERE AS: enhanced education and prevention and intervention efforts, increase public awareness of the severity and extent of domestic violence; and thereby, help to prevent acts of violence among family members and to reduce the costs to society;**

NOW, THEREFORE, WE, THE HENDRICKS COUNTY BOARD OF COMMISSIONERS, do hereby proclaim

ZERO TOLERANCE OF DOMESTIC VIOLENCE

in Hendricks County, and invite all citizens to make their own personal proclamation

IN TESTIMONY WHEREOF, WE HAVE HEREUNTO SET OUR HANDS AND CAUSED TO BE AFFIXED THE great Seal of Hendricks County at the Courthouse in Danville on this 26th day of October, 2000, Hendricks County Board of Commissioners,

John D. Clampitt, John A. Daum, Hursel C. Disney (signed) and sealed

IN THE MATTER OF VEHICLES

There was discussion that the current list of county vehicles does not include the corner or emergency management vehicles. It was the consensus of the Commissioners to check with the Sheriff Department and insurance carrier to clarify procedure of county vehicles added to insurance and to set up a current list of all county owned vehicles.

IN THE MATTER OF COUNTY TAX AND BEVERAGE TAX

There was discussion of a countywide food and beverage tax to help off-set property taxes in the county.

IN THE MATTER OF TORT CLAIM – HANKINS

Receipt was acknowledged of a Tort Claim from Keller & Keller on behalf of Jonathan Michael Hankins for injury of May 2000,

IN THE MATTER OF MEETING ROOMS – GOVERNMENT CENTER

Receipt was acknowledged of request for use of a meeting room in the Government Center from Tina D. Duncan of William R. Radez, Jr. & Associates on Thursday, November 16, 2000, from 9 AM-3:30PM to offer a no cost informational workshop that is offered to the senior citizens in the State of Indiana and is open to the public, free of charge. Commissioner Clampitt moved to approve use of a meeting room for this law service for seniors. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0. There was discussion that the meeting rooms at the Government Center were used for over 100 meetings each month.

IN THE MATTER OF COURTHOUSE - TREES

There was discussion of the tree cutters that had cut or were cutting the diseased trees on the Courthouse lawn

The Engineering Department will check that the tree trimmers are insured and bonded and report back.

IN THE MATTER OF ENGINEERING – VACATION

John Tarantino reported that he will be on vacation until November 6, 2000, and that Assistant Engineer, Rob Coop will be attending all meetings on his behalf.

There being no further business the meeting recessed at 2:40 PM

IN THE MATTER OF CR 800 E AND MALONEY ROAD

Rob Coop presented a citizen request, referred by the Brown Township Trustee Joyce McClain, for a 3-way stop at CR 800E and Maloney Road. There was discussion of having the Engineering Department look further at this situation and bring back a recommendation. Commissioner Disney moved to have the Engineering Department look at this situation and if a 3-way stop is warranted to see that proper signage is installed. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF HIGHWAY

Russ Lawson presented quotes for thermo plastic and striping on county roads from T. R. Pavement and Mike Madrid and recommended T. R. Pavement for both the striping and thermo plastic as they were the lowest quote submitted. Commissioner Clampitt moved to approve the contract to T. R. Pavement as the lowest and best quote, per staff recommendation. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IUN THE MATTER OF COUNTY ROAD 275 EAST

Rob Coop presented a report of the traffic study on CR 275 East between CR 600S and 750S that was requested by concerned citizens for the speed traveled on this stretch of road. The traffic study by the Engineer's Office

recommended a 45 mph speed limit for this road. Commissioner Disney moved, per staff recommendation to approve the request to reduce the speed limit to 45 mph and to post speed limit signs. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF BECKONING WAY

Rob Coop gave an update on the condemnation of parcels for Beckoning Way stating that there would be a hearing on December 5 and requested Commissioner minutes on Beckoning Way for legal counsel. Commissioner Disney requested that the Commissioners be kept informed on any and all law suits.

IN THE MATTER OF BRIDGE NO. 220

Russ Lawson reported that the deck has been poured for Bridge No. 220 and they are working on the approach with plans to be open to the public traffic by Thanksgiving.

IN THE MATTER OF COUNTY ROAD 600 NORTH AND RACEWAY TO CR 900E

Rob Coop presented a list of forty-four engineering firms that were sent proposals for County Road 600 North and Raceway Road (CR 800E) to CR 900E as previously requested.

IN THE MATTER OF BRIDGE NO. 271

Rob Coop reported that federal aid projects within the county for 2001 includes Bridge No. 271 and that they will bring back information as it is received.

IN THE MATTER OF HIGH VOLTAGE LINES

There was discussion of the Cinergy high voltage line over the center of the property purchased by the County and that the pole may have to be moved. Commissioner Disney said he did not remember an easement being discussed when the property was purchased.

IN THE MATTER OF BRIDGE NO. 167

Ross Snider reported that Bridge No. 167 on CR 300S. between CR 125 West and 300 West, will be a timber bridge. Indiana Department of Environmental Management (IDEM) would rather not relocate the channel as originally proposed and they have requested that the bridge be built to meet the existing channel which will increase the cost of this bridge. MR. Snider stated that they had met with IDEM, IDNR and questioned the IDEM report of the number of fish species in this extremely low stream of water and also questioned the IDEM concerns for the rip-rap. There was discussion of holding to the original plans and stand against IDEM or comply with their request. Commissioner Disney moved to do this project the original plans which was the right way and not to change as per the IDEM request. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF BRIDGE NO. 213

Rob Coop presented the Interlocal Agreement for Bridge No. 213 on Raceway Road as previously approved and now has been approved by the county attorney. Commissioner Clampitt moved to execute the contract as it has been now been reviewed and approved by the county attorney. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF INDIANA STREET

Rob Coop reported for informational purposes that Indiana Street (CR 825E) from County Line to SR 267 has narrow culverts and the roadside ditches need to be repaired, that the pavement width is not adequate and presented a traffic study for a one-day study and a two-day study and that the road was acceptable for the number of vehicles traveling the road. Commissioner Disney questioned the accuracy of the report.

IN THE MATTER OF SUBDIVISION BOND REVISIONS

Walt Reeder presented a request for MIP 690: Lane to release the performance bond and to waive the maintenance bond requirement, as it would be under \$1,000. Commissioner Clampitt moved, per staff recommendation, to revise bonds as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

Walt Reeder presented the following requests for subdivision bond revisions:

Colony at Heartland Crossing:

- Section 1, to release the performance bond upon receipt of maintenance bond in the amount of \$39,300;
- Section 2, to revise the original performance bond from \$616,000 to \$251,000 as water service being maintained by the Indianapolis Water Co. and sewer lines and drainage system by the Tri-County Conservancy;
- Section 3, release performance bond upon receipt of maintenance bond in the amount of \$50,300;
- Section 4, to revise the original performance bond amount from \$223,700 to \$187,000;
- Section 4, to release the performance bond upon receipt of a maintenance bond in the amount of \$37,400

Commissioner Clampitt moved, per recommendation of the Planning Director to revise the performance and maintenance bonds as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF QUALITECH STEEL - SPR-128

Walt Reeder presented a draft letter to the Pittsboro Town Council for Site Plan Review 128: Qualitech Steel relative to inspections at the Qualitech site referencing a letter of July 24, 2000, whereby the County was to continue inspecting the Qualitech site as the Pittsboro Town Council requested as this site is entirely within the boundaries of the Town of Pittsboro. Mr. Reeder further stated that the Plan Commission staff has tried to resolve the outstanding issues on this site, but have not been successful and now that additional approvals have been granted to Qualitech that any expansion of the site and modification of the original approval further limits the County's ability to inspect this site due to the conflicts on plans approved by different agencies. Therefore, requesting that the Pittsboro staff complete further inspections on this site and that the County will assign to the Town of Pittsboro our interest in all bonds, covering this site on December 18, 2000, unless informed differently and that the Plan Commission staff will be available to assist in this transition. Commissioner Clampitt moved to approve and sign the letter as presented by staff, to the Pittsboro Town Council. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF VETERANS' ADMINISTRATOR

The Commissioners welcomed former Hendricks County Veteran's Administrator, Billie Holmes who was visiting this date.

IN THE MATTER OF COURTHOUSE - TREES

Rob Coop presented an update on the initial study of the 16 trees on the Courthouse lawn by Ed Sheldon. Natural Resources Educator for Hendricks County Extension Office and Dick Crum with the Marion County Coop Extension Office for removal of two silver maples and for the hackberry, which was planted in 1865. The evaluation of the three certified arborists were that the county bears liability from falling limbs and the possibility of complete trees falling during high winds and that the maples are diseased, in varying degree of decay, and the hackberry has considerable decay in the lower portion of the trunk and a large area of the stump/roots and that these trees were recommended to be cut. Mr. Coop further advised that the Duggar Tree Service is cutting the trees at the Courthouse and that they do have adequate liability insurance.

IN THE MATTER OF LIABILITY ON COUNTY PROPERTY

There was discussion of liability involved for the numerous 4-wheelers and motorcycles that use the grassy area south of the parking lot at the Government Center and of people parking in that area which has suffered severe damage and also of parking at the rental property on South Tennessee. County Attorney Greg Steuerwald will check with Rich Jensen on insurance, possibly placing signs or a fence and then report back at a future meeting.

IN THE MATTER OF RECORD PRESERVATION

Rob Coop presented a draft letter from the County Engineer to the Council requesting appropriations at the December 5, 2000, meeting to set up a Document Management Department that would be responsible for the transfer of archived records onto CD-ROM. There was discussion of the need to preserve historical records, and also that a letter be sent to each department requesting a list of all records in their respective department that needs to be archived. Commissioner Clampitt moved to have the Engineering Office send a letter to County Council telling the importance of setting up this new department. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF ANIMAL SHELTER

Receipt was acknowledged of the Asbestos and Lead Survey Report of the Hendricks County Animal Shelter as prepared by Micro Air, Inc. of Indianapolis stating that they found no evidence of lead paint in the Animal Shelter and the only asbestos found is in the roof flashing of the Shelter and attached trailer. The affected area is approximately twenty square feet and classification is Category 1 non-friable. No special handling or disposal requirements are necessary for Category 1 material. It can be included with other construction/demolition debris. A demolition notification would have to be sent to the Indiana Department of Environmental Management if or when the Shelter is ever torn down.

IN THE MATTER OF GIS – AUTO CAD

Mr. Coop reported that they had requested funds and received approval in June for purchase of AUTO CAD 2000 software for the GIS system, however, additional software and training is necessary and requested this be purchased

from the Bond and to send a request of \$5,500 for this purchase to the Bond Trustees of the Government Center. Clint Stoutenour further explained the need for this additional software and training. Commissioner Clampitt moved to approve request, per staff recommendation, and to send a letter to the bond Trustees for this additional funding for the GIS. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF SEMINAR

Walt Reeder presented notice of a seminar that he had received.

IN THE MATTER OF OPAL SMITH MORTGAGE

There was discussion of the release of mortgage for Opal Smith, to authorize release of the mortgage by the Auditor, of tracking and of having the county attorney review with Lee Comer the steps necessary to make the release.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE - VIAGRA

Commissioner Clampitt moved to remove funding for the prescription Viagra from the County paid employee health insurance plan effective today, November 6, 2000. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF GIS

Steve Luther of Beam Longest and Neff presented a revised contract for GIS and advised that this has been reviewed and approved by both the county attorney and staff. Commissioner Clampitt moved to approve the contract as presented and as approved by staff and County Attorney. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0. There was discussion of funding and Rob Coop stated he would check and report back next week. Mr. Luther further advised that this would be ready in thirty days.

IN THE MATTER OF BURGESS AND NIPLE

Sherry M. Hinds of Burgerss and Niple made a brief presentation of the services her firm could offer.

IN THE MATTER OF TANGLEWOOD DRIVE - VACATION OF ROAD

Talitha Kates, Attorney at Law 5435 N. Emerson Way, Suite 400, Indianapolis came forward with a request on behalf of Gilbert L. Fenwick to vacate the unused, unimproved road contiguous to his property commonly known as Tanglewood Drive, advising that Mr. Fenwick has graveled this road for 14 years and has his septic system in the right-of-way. There was discussion of possible encroachment. Greg Steuerwald explained encroachment could be for septic and driveway only. Commissioner Clampitt moved to allow resident to encroach with septic and drive and their attorney prepare a document for county attorney review and to present at a future meeting for approval.

Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

Jeff Fox presented an update of the employee health insurance benefits and suggested raising specifics from \$50,000 to \$60,000 per claimant as Option 1. Commissioner Clampitt moved to approve Option 1 as presented for employee health insurance. Commissioner Disney seconded the motion and the motion was approved unanimously.

3-0-0

There was discussion of the 85 points for retirement. Stayce McClain explained early retirement. There was discussion of having a workshop with county health insurance carrier and some department head/elected officials to discuss benefits. Jon Yoho stated he would bring back recommendations in January 2001

Stayce McClain presented open enrollment notice to send to all employees. The Commissioners requested that Ms. McCain send a memo to all employees relative to denial of Viagra and RU 436 effective immediately.

There was discussion of sending notice of any changes in employee insurance benefits in a timely manner. Commissioner Clampitt moved to send memo as presented and if an employee demands a name brand prescription that the employee pay price difference, however, if the doctor specifically states a name brand prescription then the employee will pay the \$10 co-pay as stated in the plan. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF HUMAN RESOURCES

Stayce McClain presented a sample monthly newsletter and requested to send it to each employee. There was discussion that each newsletter be brought before the Commissioners for approval and that it should contain no advertisements. Commissioner Clampitt moved to approve the news letter as presented, to allow distribution to all employees and subject to Commissioners approval on each additional newsletter. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF COMPUTERS - QUEST CONTRACT

Auditor Debbie Reeder advised that Don Rudolph of Quest had presented contract and amendments for computer service and requested the Commissioners to authorize the contract and amendments that have been approved by the county attorney, to release checks to Quest and that this information be included in the minutes. Commissioner Clampitt moved, per Auditor's request, to approve contract. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF HIGHWAY

Russ Lawson reported that the Highway Crew is working on shoulders of county roads.

IN THE MATTER CR 700S AND 375E

John Tarantino presented intersection study for CR 700S and 375E in response to a citizen request to move the stop sign from the eastbound approach of 700S to the northbound approach of 375E. at this intersection. The study

observed that 45% of the traffic approach from the south while only 11% approach from the east. It was recommended that the Highway Department move the existing stop sign at their earliest convenience and to re-locate the stop sign to make this intersection safer for the driving public. There was discussion of the time the traffic study was done and if it was 24-hour period or peak hours. Mr. Tarantino will check with staff and report back the time when traffic count was done. Commissioner Clampitt moved to relocate and move signs, per staff recommendation. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF RIGHT-OF-WAY SERVICES

John Tarantino presented an agreement with Right-of-Way Services for acquisition services and advised that the County Attorney has not approved the changes. It was the consensus of the Commissioners to wait for the county attorney to review the agreement and bring it back for execution.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT – MIP-828

Walt Reeder presented Contractor's Completion Affidavit and Inspectors Certificate of Completion and Compliance for MIP-828 for William Albire. Commissioner Clampitt moved, per staff recommendation, to accept the Contractor's Affidavit for MIP-828. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF INDIANAPOLIS REGIONAL TRANSPORTATION MEETING

Walt Reeder advised that he had attended a meeting with the Indianapolis Regional Transportation which was to reactivate this group to proceed with traffic studies and transit authority and that he had volunteered to represent Hendricks County in order for Hendricks County to have a voice in the transportation issues of the Indianapolis area. Mr. Reeder further advised that there was discussion of being a taxing authority and reported that Rich Carlucci, Town Manager of Plainfield, had also attended this meeting.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Tarantino reported that there would be a staff meeting tomorrow, Wednesday, November 15, 2000, at 2:30 PM to discuss the Bartley property south of US Highway 36 at Avon Commons. The meeting will be in rooms 4-5 of the Government Center.

IN THE MATTER OF BOND - FURNITURE

A request for flat files, painting and coat rack for the Surveyor's Office and Healthy Families was presented. Commissioner Clampitt moved to approve the request as submitted and forward to the Trustees of the Building Corporation. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0 The Engineering Department will send to Trustees for their ten (10) day review and advise that the Commissioners had approved this request.

IN THE MATTER OF SUPERIOR COURT 3 – CEILING FANS

John Tarantino reported on the request of Superior 3 for eight (8) ceiling fans in their court and offices and advised that Bob Carroll had stated that with the new cubical walls that the ventilation in this area is not the best and recommended the fans to help with the ventilation problems in this court. Mr. Tarantino advised that there are funds

in 405. Commissioner Disney moved, on the recommendation of Bob Carroll to make arrangements to have ceiling fans installed in Superior 3. Commissioner Clampitt seconded the motion and the motion was approved unanimously.

3-0-0

IN THE MATTER OF HEARTLAND CROSSING

Walt Reeder reported on the complaint of Paul Lovell in Heartland Crossing, stating that Chief Building Inspector Mike Alverson had met with him and had satisfied all of his concerns.

IN THE MATTER OF VEHICLES - 4-H FAIR

There was discussion of the old truck used at the 4-H fairgrounds and that the next pick-up truck ready for trade-in might be considered to transfer to the 4-H fair board for their use on the grounds.

IN THE MATTER OF SPRINT TOWER – LEASE

Receipt was acknowledged of the Amendment to the Sprint Tower Lease Agreement for IN03XC503 from Alan Fischer, Lease Administrator. Commissioner Disney moved to approve the Sprint Lease Agreement Amendment subject to County Attorney approval. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #203228 thru 203247, #203249 thru 203514 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF NORTH/SOUTH CORRIDOR

IN THE MATTER OF PLAINFIELD LIBRARY

Receipt was acknowledged of packet of information and agenda from the Plainfield Library, which is kept on file in the Commissioners' Office.

IN THE MATTER OF VEHICLE LIST

There was discussion of keeping the vehicle list current in order to keep the vehicle insurance current.

The meeting recessed for lunch to resume at 1:00 PM

IN THE MATTER OF ZA-239/WA00-03: LEE DEVELOPMENT - MASTEN LAKE

Walt Reeder presented zoning request ZA-239/A00-03:Lee Development for Masten Lake for a Planned Unit Development (PUD) on 106 acres in Washington Township along with the previously presented amendments which has been continued several times and also presented zoning ordinance guidelines for both R-2: Medium Density, Single Family Residential District and PUD: Planned Unit Development. The Plan Commission sent a favorable recommendation of 4-2-1 and the staff gave a favorable recommendation. There were eight (8) speakers at the public hearing along with petition, pictures, and a letter of opposition from the Town of Avon and a letter and resolution in

opposition from the Avon School Board advising of concerns of the increase in school enrollment due to the large increase in new homes in the Washington Township school district. Commissioner Disney stated that this zoning request had been thru two (2) public hearings and that the developer had made requests in cooperation with the individual to sell his property and the governmental guidelines set up are not conducive to growth in Washington Township, and made motion to deny this zoning request. Commissioner Clampitt seconded the denial and the request was denied 2-1-0 with Commissioners Disney and Clampitt voting aye and Commissioner Daum voting nay.

IN THE MATTER OF TOWN OF BELLEVILLE – VACATE ALLEY

Rosemary Green came forward to present petition to Vacate Alley within the Town of Belleville as her garage is on this alleyway and to advise that no other person uses this property. Commissioner Clampitt moved to have the Engineering Department to investigate this property request and to report back. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF COURTHOUSE - CHRISTMAS TREE AND DOORS

Elvin Cassity explained that the large live Christmas tree in the Courthouse Rotunda has become a tradition, however, the large ropes used to get it set up have scared the wood railing, complications can become dangerous, is costly for the Highway Crew to take time to work with the tree and that the fire department last year waived the restriction that this is a fire hazard and in the future the tree must be fire retardant as mandated by the State Fire Marshall, and can only be up for only fourteen days. Mr. Cassity further advised that he had requested to transfer \$2,000 within his budget to purchase a twenty-one foot artificial tree and had been denied by the Council. There was discussion of a tree within the rotunda. It was the consensus of the Commissioners to recommend the purchase of an artificial tree.

There was discussion that the Tri Kappa had requested the west and north doors are open for the public to use restrooms in the Courthouse during their Fair on the Square. Mr. Cassity requested in the future that the east and north doors be used as it was better to secure the building with these two doors than with others. It was consensus of the Commissioners that the east and north exterior doors be used in the future

IN THE MATTER OF LIABILITY INSURANCE – ALL SEASON BUILDERS

Rich Jensen explained the contractor's bond of All Season Builders with Cincinnati Insurance and further advised that the bond company could reimburse claimant or hold in escrow until the total amount of potential claims was determined. Mr. Jensen will report back and keep Commissioners advised.

Rich Jensen presented a request from Bill Harrington, President of Park Board, for copy of the county liability policy. It was consensus of the Commissioners to provide copy as it is a matter of public record.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Tarantino advised that he will bring the supplemental agreement for the North/South Corridor with American

Consulting Engineers (ACE) after the County Attorney has reviewed it.

IN THE MATTER OF TORT CLAIMS

Receipt was acknowledged of Tort Claims from Mark Small on behalf of Eddie E. Lee, Edward J. Wolverton David Hadley, Ronald Jones D/B/A CIB, Joyce Hadley.

IN THE MATTER OF BOARD OF REVIEW

County Assessor Barbara Ford came forward with Lester Need and Ron Faulkner of the Board of Review to explain that during an appeals hearing today they received 48 legal questions before the hearing and that they may need to use the county attorney or hire legal help with this matter. There was discussion that all legal advise goes through the County Attorney and he can then refer to an appropriate lawyer to handle the interrogatories which will be paid from the legal line in the Commissioners' budget.

IN THE MATER OF RIGHT-OF-WAY SERVICES

John Tarantino presented the On-Call services agreement from Associated Right-of-way, which has been reviewed by the County Attorney. Commissioners Clampitt moved to allow to execute the agreement as the County Attorney has reviewed and approved. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF DEPARTMENT HEADS

There was discussion the Director of Human Resource and all other all department heads being under the Commissioners as the executive body. The Commissioners directed the County Attorney to research and report back his opinion on this matter.

IN THE MATTER OF PERSONNEL COMMITTEE

There was discussion of changing the make up of the Personnel Committee to include elected officials.

There being no further business the meeting recessed at 2:30 PM

IN THE MATER OF HIGHWAY

Russ Lawson reported that the Highway Department is patching and doing shoulder work on county roads. Mr. Lawson further stated they will begin work on the bridge on CR 900 North next week and will temporarily close that road. There was a discussion of fuel bids and paid invoices for this year.

IN THE MATTER OF TOWN OF BELLEVILLE – ROSEMARY GREEN

John Tarantino reported on the request last week of Rosemary Green's petition to vacate an alley in the Town of Belleville stating that this request had been checked, however the Engineering Department is going to contact adjoining property owners farther north to see if this alley should be vacated all the way in the Town of Belleville and will bring back a report.

IN THE MATTER OF SUBDIVISION BOND REVISIONS

Walt Reeder presented requests for Timber Bend, Section 6, 7 and 8, that the maintenance bonds be released based on the on-site inspection that the improvements have been adequately maintained for the required one year period and that this development is subject to a Legal Drain assessment. Commissioner Clampitt moved, per staff recommendation, to allow the request for all three maintenance bonds to be released for Timber Bend as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF ANIMAL SHELTER

Mary Anne Lewis discussed changes for the Animal Control Ordinance as presented by Dr. Willis Parker. There was discussion of the adoptive practices, of requesting help on grammatical changes, to review and revise and bring back for review by Commissioners and County Attorney, and to then advertise with a date set for public hearing.

Mary Anne Lewis requested permission to add an individual to the animal shelter study group. The Commissioners advised that all meetings are open and that anyone can attend and participate.

Commissioner Disney requested an update of animal shelter calls. Ms. Lewis stated that the computer at the animal shelter is not working due to electric problems and radio frequency and that John Parsons has brought the matter to the attention of the Commissioners.

Mary Anne Lewis advised that the Council had denied her request for additional funding training of her employees out of state.

IN THE MATTER OF CR 800E AND MALONEY ROAD

John Tarantino reported on the request for a stop sign at CR 800E and Maloney Road (875N) does need a stop sign and that they will install the stop sign at eastbound traffic as requested.

IN THE MATTER OF BOND AFFIDAVIT

It was reported that the Trustees for the Government Center Bond did not respond in the negative within the ten (10) days for the \$1,015 request for additional furniture. Commissioner Clampitt moved to approve purchase from the Bond and forward to the Trustees for payment. Commissioner Disney seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF COURTHOUSE - TREES

John Tarantino reported on the trees at the Courthouse stating that seven trees had been removed as recommended and that seven evergreen and shrubs around the chiller had been removed. Dugger Tree Service was the low quote and that wood will be taken to the garage area and they will compact the wood chips into holes that were created with all excess being taken to the Highway garage. There was discussion of cleaning up the area, restoring grounds and placing a blue spruce, near where the Hackberry stood, that could be used as an outside Christmas tree as a living tree would no longer be in the rotunda. John Tarantino advised that on August 14 the Commissioners approved the public works employee to take home some of this wood and the rest be taken to the Highway garage.

Commissioner Daum joined the meeting at 11:00 AM

IN THE MATTER OF COST RECOVERY

Auditor Debbie Reeder presented a contract from David M. Griffith for cost recovery stating that they offered a one-year contract and a three-year contract option. Commissioner Clampitt moved to approve the three-year contract

to eliminate any acceleration of cost and to allow the President to execute this contract. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #203519 thru 203529, #203530 thru 203543 and #98874 thru 99276 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF NORTH/SOUTH CORRIDOR - PROPERTY OWNERS

John Tarantino advised that the meeting with Wells and Bartley, property owners at the Avon Commons entrance on the North/South Corridor had improved communications. Greg Steuerwald advised that they understand that this property is more in order to put in the North/South Corridor and recommended to allow our representative authority to make some offers to get these people relocated and to keep everyone happy. There was a discussion of whether funds were available. Mr. Tarantino advised that funds are available in cum cap 410 Right-of-Way. Commissioner Clampitt moved to allow the representative to check with John Tarantino to make offers, to notify both the county attorney and a Commissioner, and to do so only if we have the money. Commissioner Disney seconded the motion if there are funds and the motion was approved unanimously. 3-0-0 John Tarantino presented a history of cum cap 20-202-410: Right-of-Way stating that funds are available for this purchase and that our relocation representative is Margie Stankoven. approved unanimously. 3-0-0

IN THE MATTER OF RETIREMENT OF JUDGE COMER

Receipt was acknowledged of the request from Judge David Coleman to recognize Judge Mary Lee Comer for her 18 years as Judge of Superior 1. There was discussion of a possible proclamation and presenting a county flag. It was consensus of the Commissioners to work with the judges and family of Judge Comer on this request.

IN THE MATTER OF POSTAGE

Receipt was acknowledged of a money order from the post office for return of postage for postal errors in the amount of \$591.94.

IN THE MATTER OF HUMAN RESOURCES – DECORATING

Stayce McClain requested approval to offer an office holiday decorating contest to be judged with grand prize of a pizza party donated by a local merchant and of a moving trophy that would be passed on to the winning office each year. There was discussion of getting outside judges. It was consensus of the Commissioners to permit a contest for holiday office decorating internally with all county offices participating with judges from outside county offices.

IN THE MATTER OF REDEVELOPMENT COMMISSION

It was consensus of the Commissioners to grant President Daum authority to sign, on behalf of the Commissioners, documents at the Redevelopment Commission

The meeting recessed for lunch to resume at 1:00 PM

IN THE MATTER OF ZA-249/BR00-01: LEWIS GROUP

Walt Reeder read a letter from Dick Lewis of the Lewis Group requesting a continuance of this zoning request for Saw Mill. Dick Lewis requested a thirty to sixty day continuance in order to meet with staff, neighbors and developers for this project. There was discussion if changes would require returning to the Plan commission and of the time limit. Greg Steuerwald advised that a continuance could be up to ninety days. Commissioner Daum moved to approve the request for continuance of ZA-249/BR00-01 and to continue to January 22, 2001 at 1:00 PM.

Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF ZA-246/GU00-03: JAMES & JAMIE HIGNITE

Walt Reeder presented ZA-246/GU00-02: James & Jamie Hignite for a zoning change from R-2: Medium Density, Single Family Residential District to a C-2: General Commercial District for 0.31 acres in Guilford Township, located on the west side of CR 825E and 0.33 mile north of Hendricks County Road, advising that this comes with both a favorable staff recommendation and Plan Commission recommendation of 4-2-1, agree to waive the Site Plan Review requirement and the following self-imposed stipulations:

- 1. Use limited to auto repair facility only:**
- 2. Upon sale of property to anyone outside of the Hignite family, the property would be rezoned to R-2: Medium Density, Single Family residential**

Mr. Reeder further advised that there were no remonstrators at the public hearing. There was discussion of this existing business. Commissioner Disney moved, per staff and Plan Commission recommendation to approve ZA-246/GU00-03 subject to self-imposed conditions as stated as Ordinance 2000-27. Commissioner Clampitt seconded

the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF ZA-248/WA00-05: MADELINE CARTER

Walt Reeder presented ZA-248/WA00-05: request for a zoning change from R-1: Low Density, Single Family Residential District to a PUD Planned Unit Development for 28.551 acres in Washington Township, located on the northwest corner of CR 1050E and 100S, and advised that this comes with both staff and Plan Commission sending an unfavorable recommendation, however, this application was presented before the PUD Resolution for Washington, Brown and Lincoln Townships. Mr. Reeder advised that seven spoke against this project and presented letters from the Town of Avon and Avon School Corporation. There was discussion of report of building permits shown for the Avon Schools. Ben Comer spoke on behalf of petitioner and stated that they had amended the petition increasing the lot size. There was discussion if changes required returning to the Plan Commission. Mr. Comer agreed to eliminate one lot to make the same number of lots for this PUD as would be if it were zoned R-2: Medium Density, Single Family Residential District. Commissioner Clampitt moved to continue ZA-248/WA00-03 for one week: to November 27 in order to review. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

ATTEST: _____
Debbie Reeder, Auditor

November 27, 2000

The Hendricks County Board of Commissioners met in regular session at 11:05 AM on Monday, November 27, 2000, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

John D. Clampitt)	
John A. Daum)	Hendricks County Board of Commissioners
Hursel C. Disney)	
Gregory E. Steuerwald	Hendricks County Attorney
Walt Reeder	Hendricks County Plan Commission Director
John Tarantino	Hendricks County Engineer
Russ Lawson	Hendricks County Highway Superintendent
Debbie Reeder	Hendricks County Auditor
Mary Anne Lewis	Hendricks County Chief Animal Control Officer
Steve Stoddard	Hendricks County Sheriff Department
Judith Wyeth	Secretary to the Commissioners

NOTE: Commissioner Clampitt was not present during most of the morning session.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that CR 900E south of Maloney Road has been temporarily closed in order to replace a culvert.

IN THE MATTER OF NORTH/SOUTH CORRIDOR – AMENDMENT NO. 2

John Tarantino presented a supplemental agreement which has been negotiated for 4-lanes from US Highway 40 to Stafford Road with American Consulting Engineers stating this second amendment includes revision for route alignment adjustment and right-of-way changes. There was discussion of this being the recommendation of the Town of Plainfield, funding from EDIT and of design. Greg Henneke of ACE stated INDOT will pay for the interchange

but land acquisition will require additional funding. Commissioner Disney moved, per staff recommendation, to approve Amendment #2 with ACE for this work to be done on the North/South Corridor from US Highway 40 to Stafford Road, not to exceed \$98,900 and based on assurance of the Engineering Department that “we do if money” available. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF TRAFFIC STUDY - CR 900E & MALONEY ROAD

John Tarantino presented a traffic study for intersection of CR 900E and Maloney Road at the request of Russ Lawson. This intersection was examined and determined that supplemental signs would improve the safety for the driving public. Commissioner Disney moved, per staff recommendation, to add additional signage at the intersection of CR 900E and 925N (Maloney Road) as presented by the Engineering staff. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF TRAFFIC STUDY – 250S BETWEEN 600W AND COUNTYLINE

John Tarantino presented a traffic study for CR 600W to SR 75, SR 75 to CR 800W and CR 800W to Countyline at the request of Russ Lawson after receiving numerous complaints about people speeding on this road which is currently posted 50mph from 600W to SR 75, no speed limit signs posted from SR 75 to 800W and one speed limit sign as you enter the county from CR 800W to Countyline. Staff recommendation from the study recommends that the speed limit be changed from 50mph to 40 mph and that due to the signal distance problem, curves, one-lane bridges, and the condition of the road, the lowering of the speed limit will make this road safer for the driving public and the posting of signs where there were previously none will aid the Sheriff Department in enforcement. Commissioner Disney moved, per staff recommendation, to place signage on CR 250S between CR 600W and County line as proposed by the Engineering staff. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF US 36 CORRIDOR IMPROVEMENT FEASIBILITY STUDY

John Tarantino presented a letter of November 21, 2000, from the Indiana Department of Transportation requesting him to participate on the Project Advisory Committee for the recently initiated U.S. 36 Corridor Improvement Feasibility Study in the vicinity of Danville, Indiana. It was the consensus of the Commissioners that Mr. Tarantino serve on this committee and to keep the Commissioners advised.

IN THE MATTER OF SUBDIVISION BOND REVISION
LINDEN SQUARE , PHASE 5 AND MAP 502- IVY RIDGE ESTATES

Walt Reeder presented a request to revise the following subdivision bonds:

MAP-502: Ivy Ridge Estates that improvements have been maintained for the required one year period and that the maintenance bond be released and that this development is subject to a Drainage Assessment: Linden Square; Phase 5, the on-site inspection reveals that work has been completed to date and that the performance bond be reduced to an amount of \$22,500.

Commissioner Disney moved, per staff recommendation, to revise the bonds for Linden Square, Phase 5 and Ivy Ridge Estates, MAP-502 as recommended by staff. Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF ANIMAL CONTROL

Mary Anne Lewis presented changes for the Animal Control Ordinance, which have been approved by the county attorney, and requested to advertise for a public hearing date. There was discussion of the changes. The Commissioners requested to review the proposed ordinance changes and bring back in one week at the December 4 meeting.

IN THE MATTER OF TRUCK NO. 24

There was discussion that the invoice from Speedway International for Highway Truck NO. 24 be reviewed by the Engineering Department.

IN THE MATTER OF COURTHOUSE TREES

John Tarantino, in response to a previous request, presented the signed quote from Dugger Tree service for removal of seven trees from the Courthouse lawn and seven evergreen clumps from around the chiller at the Courthouse.

IN THE MATTER OF FURNITURE FOR GOVERNMENT CENTER

John Tarantino presented prices for two lateral file cabinets for the council room for both the 4-drawer high and 6-drawer high files which could be ordered and then painted at the same time as an earlier order which would save painting cost for these cabinets. It was the consensus of the Commissioners to order two of the 4-drawer high file units to be funded from the bond of the Building Corporation

The meeting recessed for lunch to resume at 1:00 PM

Commissioner Clampitt joined the afternoon session

IN THE MATTER OF ZA-248/WA00-05: MADELINE CARTER

Walt Reeder presented the zoning request of ZA-248/WA00-05: Madeline Carter to change the zoning classification from R-1: Low Density, Single Family Residential District to a PUD Planned Unit Development District for 28.551 acres in Washington Township located on the northwest corner of CR 1050E and CR 100S with proposed revisions. This zoning request received an unfavorable recommendation from staff and from Plan Commission with 6-0-1. Ben Comer explained the proposal with right-of-way dedicated to the county. There was discussion of footage between the buildings and of fire department requirements. Greg Steuerwald stated there would be sprinklers. Commissioner Disney moved to approve the proposed development with set back meeting requirements and recommendation of the fire department as Ordinance 2000-28. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

Commissioner Clampitt left the meeting at 1:30 PM

IN THE MATTER OF SUBSTANCE ABUSE TASK FORCE

Commission Disney moved to approve the request from Steve Schmalz for the following Drug Free Community Funds:

<i>Mill Creek West</i>	<i>Golden Keys to living</i>	\$ 1,200
<i>Mill Creek East</i>	<i>Soaring to Success</i>	1,200
<i>Cascade Jr. HS</i>	<i>Student Leadership Conference</i>	500
<i>Hendricks County Substance Abuse Task Force</i>	<i>Coordinator Contract</i>	<u>13,000</u>
	<i>TOTAL</i>	<i>\$ 15,900</i>

Commissioner Daum seconded the motion and the motion was approved unanimously. 2-0-0

IN THE MATTER OF AECON ENGINEERING

Bob Bullock made a brief presentation and advised that he would be the contact person for AECON Engineering replacing Becki Wise.

IN THE MATTER OF WEST CENTRAL CONSERVANCY DISTRICT

Receipt was acknowledged of a letter from Alan M. Hux, Attorney for the West Central Conservancy District requesting an appointment to the Common Construction Wage Committee and submitting the names of Dena Pattyn, Paul Allen and Tom Downard. Commissioner Disney moved to appoint Dena Pattyn to serve on this Committee and to send a letter to Mr. Hux of this appointment. Commissioner Daum seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF FURNITURE FOR GOVERNMENT CENTER

John Tarantino requested to obtain quotes for flat files with a common counter for the Engineering Department for funding from the Building Corporation bond. Commissioner Disney moved to approve request and forward to building trustees. Commissioner Daum seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF COURTHOUSE - PRESIDENTIAL ROOM

There was discussion of status of establishing the former Commissioners' room in the Courthouse as the Presidential Room. There was further discussion that the books in the law library would have to be moved. Steve Stoddard stated that law books have to be provided for inmates and that these books could possibly be moved to the jail. Mr. Stoddard stated the Sheriff Department would meet with the judges on this matter.

IN THE MATTER OF GIS – BEAM LONGEST AND NEFF

John Tarantino reported that the GIS contract with Beam Longest and Neff was approved on November 14, and that this contract will need \$7,000 for the remainder of this year and \$30,000 annually thereafter and requested to fund from special contracts. It was the consensus of the Commissioners after checking the balance that this be funded from special contracts for the remainder of this year and to request additional for 2001.

IN THE MATTER OF TELEPHONE CONTRACT - CLAWSON

The General Conditions Telephone Contract with Clawson Communications was presented for execution. Commissioner Disney moved, per staff recommendation, to adopt the contract with Clawson Communications as presented. Commissioner Daum seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF AMATEUR RADIO - CERTIFICATES

ATTEST: _____
Debbie Reeder, Auditor

December 4, 2000

The Hendricks County Board of Commissioners met in regular session at 10:35 AM on Monday, December 4, 2000, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

John D. Clampitt)	
John A. Daum)	Hendricks County Board of Commissioners
Hursel C. Disney)	
Gregory E. Steuerwald		Hendricks County Attorney
Walt Reeder		Hendricks County Plan Commission Director
John Tarantino		Hendricks County Engineer
Russ Lawson		Hendricks County Highway Superintendent
Debbie Reeder		Hendricks County Auditor
Mary Anne Lewis		Hendricks County Chief Animal Control Officer
David Gaston		Hendricks County Surveyor
Richard Adams		Hendricks County Emergency Management Director
Judith Wyeth		Secretary to the Commissioners

IN THE MATTER OF COUNTY PROPERTY - LAND SURVEY

Greg Steuerwald stated that the deeds for the property exchange with the Hendricks Community Hospital had been delivered to the Engineering Office, however, he suggested that a survey of the property be completed. David Gaston stated that he could do the survey of the property out of the Surveyor's Office. It was the consensus of the Commissioners that John Tarantino see that deeds be given to the Surveyor for him to complete a survey of the property.

IN THE MATTER OF HIGHWAY BUSINESS

Russ Lawson reported that CR 900 E near Maloney Road in Brown Township will be open when the bridge is finished. Mr. Lawson further advised that CR 600 S is now open as that bridge has been completed and that the Highway Department is finishing up some ditch jobs.

Mr. Lawson reported that he has mixed up some of the new de-icer as a test to see if it meets the advertising statement that it is environmentally safe, will be more effective than salt and even at lower temperatures.

There was discussion of information received on a new type of ditching machine. Mr. Lawson advised that it was not suited for all types of terrain or where there was growth or debris in the ditch.

IN THE MATTER OF BRIDGE NO. 220 – CHANGE ORDER

John Tarantino presented Change Order #2 for Bridge No. 220 stating that funds are available in the budget for this increase and this will not be the final change order for this bridge. Commissioner Clampitt moved to approve the Change Order No. 2 for Bridge No. 220 as requested by staff. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF EDIS – SUPPLEMENTAL AGREEMENT

John Tarantino presented a Supplemental Agreement from Engineering Design and Inspection Services, Inc., (EDIS) and explained that this is due to delay in weather and utilities slow start, however, they were the lowest bid, this is their first supplemental to the Agreement and even with this supplemental they are still lower than the next bid. Richard Condre, Vice President of EDIS explained that due to utilities running late they needed to monitor the situation and this resulted in the need for this supplemental. Commissioner Clampitt moved, per staff recommendation, to approve this request and to allow the President to execute. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF PLAINFIELD

John Tarantino reported that Plainfield had requested a ribbon cutting ceremony for the opening of CR 600S and requested a date for the ceremony if the Commissioners were interested. It was the consensus of the Commissioners that Commissioner Daum agree on a date with Plainfield and that he represent the County and Commissioners for this ceremony

IN THE MATTER OF SUBDIVISION BOND REVISIONS – MIP-651 RUND

Walt Reeder advised that the bond had been forfeited and the original cashiers check cashed and deposited for MIP-651: Rund, however now advised that matters had been corrected and requested approval to issue a refund check of \$1,000 for performance bond and to release this project. There was discussion that the funds had been deposited in county account. Commissioner Clampitt moved, per staff recommendation, to issue check and release as requested. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF RELOCATION OF US 36 THROUGH DANVILLE

Walt Reeder requested the OK to attend and participate as a member of a Study Commission to consider the relocation of US Highway 36 through the Town of Danville. It was the consensus of the Commissioners that Mr. Reeder participate in this study.

There was discussion of traffic studies to be made by the Engineering Department between 5:30-8:00 AM and 3:30-6:30 PM from CR 200 East to the west end of Danville. It was the consensus that this study be done at the designated time and by the actual driving of a vehicle up and down and across US 36 at these times.

IN THE MATTER OF COUNTY HOME

Peggy Nichols requested to update the records at the County Home per the Indiana Code and requested guidelines for a resident to pay an amount in addition to amount paid by the Trustee since the resident is working part time.

There was discussion to refer the matter to the county attorney for review and to make a recommendation to the County Home Administrator. There was a discussion that additional money agreements should be in writing. Commissioner Clampitt moved that the County Home Administrator set up a meeting with the office of the County Attorney and get the agreement in writing. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATER OF ANIMAL SHELTER

Mary Anne Lewis requested that the registrations for the new vehicles in her department be signed.

Mary Anne Lewis also stated that Dr. Willis Parker had some concerns that he felt needed to be changed in the proposed Animal Control Ordinance and that he will meet outside in a meeting with Commissioner Disney to discuss. Dr. Parker voiced a complaint with Animal Control on an incident in Clay Township that he will document in writing and requested Commissioners and County Council to encourage a citizen committee to review with the Humane Society to help on this ordinance. Commissioner Clampitt stated that there would be no response until a written complaint is received and thanked Dr. Parker for his comments.

IN THE MATTER OF FURNITURE FROM BOND

John Tarantino presented a furniture request from the Treasurer's Office to be purchased from the bond. There was discussion of using the old keyboard drawers, which are stored at the Annex. Commissioner Clampitt moved to approve as requested by staff, after investigation of keyboard drawers before being submitted to the Bond Trustees. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF AUTO CAD FROM BOND

John Tarantino advised that the previously approved AUTO CAD and software magazine has increased as the special offer had expired and that he had talked with the Bond Trustees. Commissioner Clampitt moved to approve the additional as presented by staff and submit to the Trustees of the Bond. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF COUNTY HOME – FREEZER

John Tarantino advised that the condensing unit for the County Home freezer had been replaced last month and that they have been gathering quotes for a new "box" and the coils, refrigerant, etc. to go with the new unit which would give us an entirely new walk-in freezer that could be funded from cum cap 405. The following quotes were presented: AMS \$9,478, Zoll Brothers \$11,950 and C&T Design and Equipment \$11,950. There was discussion that some of the food had been moved to the jail when the freezer went out, but \$800 of food was lost, however, the insurance deductible is \$1,000, therefore there will be no insurance claim. Commissioner Clampitt moved to pay for this with the lowest quote from AMS, but to investigate a replacement. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0.

Commissioner Disney requested a cum cap update from the Engineering Department.

IN THE MATTER OF GOVERNMENT CENTER

John Tarantino advised that the main HVAC pump has gone out and we are now using the back up pump and the variable speed motor can be replaced by encumbering part from the 2000 budget and the balance from the 2001 budget. There was discussion of this problem and the need to resolve. It was the consensus of the Commissioners to obtain two other quotes for this pump and bring back at a later meeting.

IN THE MATTER OF DOCUMENT RESTORATION

John Tarantino advised that he would to go the County Council on Tuesday, December 5, to request funding for the Document Management Department.

IN THE MATTER OF BECKONING WAY

It was stated that there would be a hearing for Beckoning Way Subdivision at 1:00 PM on Tuesday, December 6, 2000, in Hendricks County Circuit Court.

IN THE MATTER OF CONSULTANTS (56TH STREET PROJECT)

John Tarantino requested clarification on the selection of consultants. There was discussion to present a complete list or a short list of consultant submitting quotes/bids. It was the consensus of the Commissioners that the Engineering Department brings the three lowest with a recommendation.

IN THE MATTER OF INDIANA DEPARTMENT OF NATURAL RESOURCES

Walt Reeder advised that he had received a response from Indiana Department of Natural Resources (IDNR)

IN THE MATTER OF ZA-248/WA00-05: MADELINE CARTER- ORDINANCE 2000-28

Walt Reeder stated that the zoning request of ZA-248/WA00-05: Madeline Carter, Ordinance 2000-28, was approved last week with “approximate”. Greg Steuerwald advised that “approximate” couldn’t be enforced. Walt will check and bring back.

IN THE MATTER OF CLAIMS

Commissioner Disney moved to approve claims #203950 thru 203954, #203962 thru 203975, #203980 thru 203985 and #99278 thru 99687. Commissioner Clampitt seconded the motion and the motion was approved unanimously. 3-0-0

The meeting recessed for lunch to resume at 1:00 in Rooms 4-5

Russ Lawson	Hendricks County Highway Superintendent
Debbie Reeder	Hendricks County Auditor
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF HIGHWAY BIDS

Russ Lawson advised that bids were received from Reith Riley and Milestone for asphalt and that Milestone was the lowest bid. Commissioner Clampitt moved, per staff recommendation, to award asphalt bid to Milestone as the lowest most responsive and responsible bid. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson reported that bids for stone were received from Lincoln, Jones, Hansen and Martin Marietta and recommended they accept all but Martin Marietta as there is little difference and this will give the county the best option to obtain stone if one does not have the size at the time needed. Commissioner Clampitt moved, per staff Recommendation, to accept the three bids of Lincoln, Jones and Hansen as the lowest most responsive and responsible bids. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson reported that sand bids were received from US Aggregates and Lincoln Park and that they were the same price, however, US Aggregates is closer, therefore, it would be cheaper. There was discussion of the same price but travel distance. Commissioner Clampitt moved, per staff recommendation, to accept the bid of US Aggregates as the lowest most responsive and responsible bid. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson reported that five bids were received for gas and diesel, however Kiel Brothers did not submit correctly so he requested that it be rejected and to accept the other four bids that were correctly submitted and to call the four accepted for the lowest price when needed. Commissioner Disney moved, per staff recommendation, to accept the bids and check for the best price when needed. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson stated that Jackson and Midland had submitted oil and antifreeze quotes and recommended acceptance of Jackson as they were the lowest. Commissioner Disney moved, per staff recommendation to accept the quote from Jackson as the lowest, most responsive and responsible quote submitted. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson requested that all three bids submitted for culvert pipe be accepted as the cost varies for size and to check for the lowest price for the size when needed. Commissioner Disney moved, per staff recommendation, to accept all bids as submitted for pipe for culverts and to determine when needed the lowest price per item. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson reported that Interstate Batteries was the only quote submitted for batteries. Commissioner Disney moved, per staff recommendation, to accept the quote from Interstate Batteries as the only quote submitted. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson recommended to accept the quote from Tire Service Plus as the only quote received and due to past service experience with this as excellent firm. Commissioner Disney moved, per staff recommendation, to accept Tire Service Plus as the most responsive and responsible quote. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson stated that Geo Harvey & Son was the only quote received for contracting equipment and requested to stay with them as they are close and past experience has been excellent. Commissioner Disney moved, per staff recommendation, to accept the quote from Geo Harvey & Son for contracting equipment as the most responsive and responsible quote submitted. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson advised that American Bridge and Timber was the only bid received for wood bridge timbers and recommended to accept the bid. Commissioner Disney moved, per staff recommendation, to accept the bid from

American Bridge and Timber as the most responsive and responsible bid. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson advised that three quotes were received for salt, however, Cargill was the lowest and recommended that we stay with them. There was discussion of using salt and the new de-icer material for ice removal on county roads. Commissioner Disney moved, per staff recommendation, to accept the quote from Cargill for salt as the lowest, most responsive and responsible quote. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY BUSINESS

Russ Lawson reported that the Highway Department has been plowing snow the past few days, and that they are trying to break up a lake that was formed and froze when a fire hydrant near Brownsburg broke. There was discussion if the DPW employee was using the new sander on the pickup for county parking lots.

IN THE MATTER OF BRIDGE NO. 274

John Tarantino explained that Bridge No. 274 on Cartersburg Road over the CSX railroad will be a joint venture between County and Town of Danville. Ross Snider of USI presented the FA-3 forms for this bridge and advised that he will present this form to the Danville Town Board for the intersection near the bridge since the intersection is within the town's jurisdiction. John Tarantino stated that the Interlocal Agreement is in the process for the Town of Danville and the County and will be discussed at the Town meeting tonight and he will bring back to the County next week for approval. There was discussion of the house on the west side of this intersection and of the Cinergy easement. Mr. Tarantino presented a draft of a letter of intent for this companion project. Mr. Snider explained the federal funding requirements and the time frame. Commissioner Clampitt moved to recommend that USI and the County Engineer be allowed to proceed and sign necessary documents. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0. There was discussion of funding and ear marking this amount for this project.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Tarantino stated that offers have not yet been made on the Wells and Bartley properties near the North/South Corridor as prices have gone up and relocation figures have not been calculated. There was discussion of progress on this project. Commissioner Clampitt moved, per staff recommendation, to allow offers to be made on these properties. Commissioner Daum seconded the motion and the motion was approved 2-1-0 with Commissioners Clampitt and Daum voting aye and Commissioner Disney voting nay.

IN THE MATTER OF CONTRACTOR'S COMPLETION

Walt Reeder presented Contractor's Completion Affidavit for Avon Trails, Sections 1, 2 and 3. Commissioner Clampitt moved, per staff recommendation, to approve Contractor's Completion for Avon Trails, 1, 2 and 3 as presented. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BRIDGE 220 – CUTTING CEREMONY

John Tarantino stated that the ribbon cutting ceremony for Bridge No. 220 on Hadley Road was set for 10:00 AM

December 19, however, due to the snow and severe cold temperatures they will wait until tomorrow and talk with Plainfield if this ceremony is still on schedule.

The meeting recessed for lunch to resume at 1:00 PM

IN THE MATTER OF TOURISM BOARD

Receipt was acknowledged of request from Jim Owens, Director Hendricks County Convention and Visitor Bureau, for appointments to the Tourism Board to comply with state law and requested that the following be reappointed as members for the specified terms:

Regina Booth, Lees Inn, Plainfield – Two-year term beginning January 1, 2001, ending December 31, 2002
Debra Beasley, Beasley Orchard – Two-year term beginning January 1, 2001, ending December 31, 2002
Kevin Phillips, Chateau Thomas Winery – One-year term beginning January 1, 2001
Jeff Dakin, IRP- Two-year term beginning January 1, 2001, ending December 31, 2002

Commissioner Clampitt moved to approve the request and reappoint the above members for the designated terms. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

Receipt was acknowledged of request from Jim Owens, Director Hendricks County Tourism and Convention Bureau, for appointment of Ms. Lee Varner, Brownsburg hotel representative, to replace Lyndie Lawler for a two-year term beginning January 1, 2001, and ending December 31, 2002. Commissioner Clampitt moved to approve the request and to appoint Lee Varner to a two-year term as a member of the Hendricks County Tourism Board.

Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF GOVERNMENT CENTER

John Tarantino requested direction to repair or replace the main variable speed motor drive for the HVAC system at the Government Center as we are currently using the back up motor and advised that many of the parts for this motor are no longer available. There was discussion of warranty or maintenance agreement and of obtaining a recommendation from Precision who is currently doing maintenance on this motor. The Commissioners directed Mr. Tarantino to pull the maintenance agreement and check warranty on both a new motor and repair to the used motor.

John Tarantino reported back that Precision recommended repair of this variable speed motor drive and that the repair would carry a one year warranty the same as a new one and that it could last up to five years, the same as a new one. Also, that the Precision contract is for preventative maintenance only and does not cover repair of parts.

Commissioner Clampitt moved to repair the old motor. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENGINEERING

John Tarantino advised that Rex Graves resigned today, effective as of today, from the Department of public works as he is not able to do his duties. Commissioner Clampitt moved to accept the resignation of Rex Graves and to request Human Resource Department to advertise for a replacement for the DPW position. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

John Tarantino advised that with the resignation of the DPW employee there will be problems removing snow

from county parking lots and walks and stated that several employees had volunteered to assist in snow removal on an emergency basis. There was discussion of snow removal from county lots, of paying employees with comp time or overtime at time and a half. It was the consensus of the Commissioners that Mr. Tarantino hire employees to remove snow and to pay with comp time or to pay as overtime at time-and-half.

John Tarantino presented encumbrances and requested approval to give to Auditor later this week and to present to the Commissioners for their approval on Tuesday, December 26, 2000. There was discussion of encumbrances. It was consensus of the Commissioners to approve the request of the County Engineer relative to encumbrances as discussed.

IN THE MATTER OF HUMAN RESOURCE

Walt Reeder reported for Stayce McClain that the department heads had selected Cathy Grindstaff, Environmental Health Director, to be their representative to work on job descriptions from the Government Center.

IN THE MATTER OF CLAIMS

Commissioner Disney moved to approve claims #99602 thru 100097, #204871 thru 204882, and #204884 thru 204888 as presented. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HOSPITAL LAND TRANSFER

Greg Steuerwald advised that the deeds for the hospital land transfer are ready to sign and that the staked survey has been completed and approved by County Surveyor David Gaston. Mr. Steuerwald further advised that the Town of Danville has moved the site of the water tower and that Town Manager Gary Eakin has requested a 20% share of road construction expenses, however, Mr. Steuerwald suggested a contribution of 1/3 or 33%, agreed to in an Interlocal Agreement. There was discussion that the water tower was moved by the Town at the request of the hospital and have looking at the location in order to figure percentage. It was the consensus of the Commissioners to follow the same proportion as originally agreed.

IN THE MATTER OF TOWN OF PITTSBORO – QUALITECH CR 225E

Greg Steuerwald presented a draft letter to the Town of Pittsboro in response to their letter of December 11, 2000, relative to bond status on construction of County Road 225E.

IN THE MATTER OF GOVERNMENT CENTER - COMPUTER ROOM

There was discussion of the problem with humidity in the Computer Room and that the humidifier is not functioning properly causing problems with paper and equipment in that area. Leanna Alverson stated that this humidifier has never worked satisfactorily and the maintenance man has been working on this. Ms Alverson will contact firms for quotes for a replacement and report back at a later meeting.

IN THE MATTER OF AIRPORT – GORDON GRAHAM FIELD

Commissioner Disney requested that the Commissioners go on record that when the new Hendricks County Airport, Gordon Graham Field, is open that Jim Graham, son of Gordon Graham, and his mother be pilot and passenger in the first airplane on the new runway. It was the consensus of the Commissioners to send a letter to the airport and a copy to Jim Graham of this request.

IN THE MATTER OF FORMER AUDITOR - MARY JANE RUSSELL

The Commissioners welcomed Mary Jane Russell, former Hendricks County Auditor, visiting today and also attending the retirement party for County Treasurer, Marcella Nicely.

There being no further business the meeting recessed at 2:20 PM

John A. Daum

NOTE: Gregory Steuerwald, County Attorney, was on vacation and did not attend the meeting today.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Crew was pushing snow and cutting ice, and that he has had considerable maintenance on county trucks due to the cold weather. There was discussion of requesting funds for a pole structure under which the county trucks could be parked to give them cover and protection.

IN THE MATTER OF COUNTY ROAD 600 NORTH

John Tarantino presented a contract from Quandt and Parsons & Cunningham for County Road 600 North stating that this is higher than budgeted and explained that they had met to negotiate this project with both parties. Mr. Tarantino further advised that CR 1000 East will require additional work at the intersection with CR 600 North and will include right-of-way acquisition and the need for full time inspections rather than part time as original planned. There was discussion of possibly changing the realignment of the road. Dave Quandt of Quandt Engineering explained the contract and details for the plans, which will increase costs and the additional work. Steve Ostermeier stated original estimate for this project was too low for a project of this size. There was discussion of increases and of additional work for CR 1000 East. Mr. Quandt stated he would revise the contract and present it later in the meeting. Mr. Quandt later presented a revised contract for consideration. Steve Ostermeier stated that the County Council, at

Engineering Department request had allocated only \$300,000 for this project and this contract and plans were considerably more and must go back to the Council for additional funding. There was discussion of inspection and design being more in detail. Commissioner Clampitt moved to continue this matter to the January 2, 2001 meeting for consideration. Commissioner Disney seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Tarantino advised relative to the North/South Corridor that a response had been received from one of the property owners for a counter offer. There was discussion of selecting a local realtor representative in the County before any offer is made and of using a local realtor when no contract has been executed. Mr. Tarantino stated that our agent in a part of the contract with Beam Longest and Neff and the agent is recommending condemnation to all property access and to relocate later. Commissioner Clampitt moved to instruct Beam Longest and Neff to proceed with condemnation of this property. Commissioner Disney seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF COUNTY ROAD 225 EAST

John Tarantino advised the need to prepare final plans to widen and redesign CR 225 East and to advertise for proposals as road still needs to be done. It was the consensus of the Commissioners to advertise after plans have been prepared.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of revised bond expenditures and Councilman Hursel Disney suggested that all departments

list furniture requests and that they be included in their 2002 budget.

IN THE MATTER OF SPECIAL PROJECTS

John Tarantino reported that the Highway Department has been cleaning County roads and ditches and had picked up several tires and are now requesting that they be reimbursed from special projects. Commissioner Clampitt explained that there was a line item for tire removal under special projects in the West Central Solid Waste budget. Commissioner Clampitt moved to send the bill to West Central to pay from the special projects tire line in order to reimburse the County Highway Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF FURNITURE – COURTHOUSE AND ANNEX

John Tarantino reported that Superior 1 Judge Freese requested that a desk be removed from his office and that the security officer at the Courthouse had requested a desk outside the security office in the rotunda to replace a table that are currently using. There was further discussion if a desk would look appropriate in the Courthouse rotunda. Commissioner Clampitt moved that the Commissioners look at this matter and report back at the next meeting. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of items stored at the Annex including building records and equipment. Rich Jensen, insurance agent, reported that all items stored at the Annex are insured under contents.

IN THE MATTER OF BUILDING REMODELING #405

Commissioner Clampitt moved to allow two weeks for the Commissioners to review this list and to make recommendation at the third meeting this month, January 16. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF RECORD PRESERVATION

John Tarantino presented letter of November 6, 2000, along with budget estimates for a record preservation department and explained the options for preservation of county records to do the work ourselves, to hire outside source or to do nothing. Commissioner Clampitt moved to table the record preservation request, to review and bring back at the January 16, 2001 meeting and make a judgment at that time. Commissioner Palmer seconded the motion and the motion was approved unanimously. Dan Derrick inquired if high school students and the school equipment could be used for this project and offered to work with the Engineering Department.

IN THE MATTER OF CONTRACTOR'S CERTIFICATE OF LISTING

Walt Reeder explained the process for the Contractor's Certificate of Listing stating that the certificates need to be signed by the Commissioners and if they would like to sign each certificate individually or to sign a certificate form and then have them printed. Mr. Reeder further advised that these certificates are for one year, therefore, need to be signed annually. Commission Clampitt moved to sign a certificate and have them printed as requested by the

Planning Department Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF FURNITURE - GOVERNMENT CENTER

There was discussion of five red upholstered chairs that are missing from meeting rooms 4 & 5 in the Government Center. The custodians are checking to see if these have been moved to individual offices and will report back.

The meeting recessed for lunch to resume at 1:00 PM

IN THE MATTER OF INVESTMENTS

Walt Reeder advised that there is a Metropolitan Planning Organization which has a Technical Committee and a Policy Committee and that the County Engineer has served on the Technical Committee and the County Plan Director has served on the Policy Committee. Commissioner Clampitt moved to appoint the County Engineer to the Technical Committee and the Planning Director to the Policy Committee for the Metropolitan Planning Organization. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0

Plan Commission Director – Commissioner Ostermeier moved to change the appointment of the Director of Planning from annual to a six-month appointment, therefore, changing the annual appointment of Walt Reeder made at the December 26, 2000, meeting, stating that there is need for a change in leadership, and to appoint Mr. Reeder for six months ending June 30, 2001, and to seek a recommendation from the Plan Commission for an appointment of a new Plan Commission Director. Councilman Disney explained that all appointees serve at the will and pleasure of the Commissioners. There was discussion of finding people to serve in these positions that are suitable in these capacities and that state statute states that the Plan Commission can search for a replacement and to work with the Commissioners on this position. Commissioner Palmer seconded the motion and the motion was approved 2-1-0 with Commissioners Ostermeier and Palmer voting aye and Commissioner Clampitt voting nay stating there was no cause stated for this change.

County Engineer – Commissioner Ostermeier stated that it was time for Hendricks County to begin looking for a County Engineer with more experience and to change the appointment of the County Engineer made at the December 26, 2000, to a six-month appointment to end June 30, 2001. Commissioner Palmer seconded the motion and the motion was approved 2-1-0 with Commissioners Ostermeier and Palmer voting aye and Commissioner Clampitt voting nay as it felt it was not fair to the individual.

Commissioner Palmer made motion to advertise for the position of County Engineer for Hendricks County, working together with the Human Resource Director. Commissioner Ostermeier seconded the motion and the motion was approved 2-1-0 with Commissioners Ostermeier and Palmer voting aye and Commissioner Clampitt voting nay.

IN THE MATTER OF PLAINFIELD FOOTBALL PROCLAMATION

Commissioner Clampitt moved to have proclamation certificates for the Plainfield football team. Commissioner

Palmer seconded the motion and the motion was approved unanimously 3-0-0 There was discussion that this was for the 2000 football team and which names should be on the certificates. It was the consensus of the Commissioners to add the two previous Commissioners along with the current Commissioners, and that all five Commissioners names be on the proclamation and to set up a presentation date.

IN THE MATTER OF MEETINGS

There was discussion of holding one evening Commissioner meeting per month and of a date and time. Commissioner Ostermeier made a motion to hold one evening meeting each month, on the fourth Monday of the month at 6:30 PM. Commissioner Palmer seconded the motion and the motion was approved 2-1-0 with Commissioners Ostermeier and Palmer voting aye and Commissioner Clampitt voting nay.

Dan Derrick requested materials for each meeting be available one week before the meeting. Greg Steuerwald stated this is why the agenda is posted forty-eight hours before each meeting.

IN THE MATTER OF TOWN HALL FORUMS

Commissioner Ostermeier moved to hold a town hall forum at different locations around the county to listen to citizen comments and to hold the first town hall forum at Plainfield at a time and date to be announced later with four forums held each year. January 8, 2001

The Hendricks County Board of Commissioners met in regular session at 10:20 AM on Monday, January 8, 2001, in the Commissioners; Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
David Gaston	Hendricks County Surveyor
Roy Waddell	Hendricks County Sheriff
Hursel C. Disney	Hendricks County Council
Russ Lawson	Hendricks County Highway Superintendent
Walt Reeder	Hendricks County Plan Commission Director
John Tarantino	Hendricks County Engineer
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF COUNTY HOME – APPOINTMENT

Commissioner Ostermeier read a memo from Greg Steuerwald quoting the management and staffing of county homes under I.C. 12-30-2 et seq. A summary of the various sections under Chapter Two (2) relates back to a period when the county homes were working farms and stating that it is the responsibility of the board of Commissioners to prescribe rules for the management of the county home and they are to regulate the number and compensation of the assistants, nurses, attendants, etc. Further stating that the board of Commissioners shall inspect the home on a quarterly basis and make a record of their report in its minutes. Also, Section 8 provides that the board shall annually inspect the county home with regard to the fitness of the county home and the object for which it was established,

which can be done at the same time as one of the quarterly reports. The code further states the responsibility of the superintendent of the county home. There was discussion that all three Commissioners had been appointed to serve on the County Home Board on January 2, 2001.

IN THE MATTER OF OFFICIAL BONDS - AUDITOR

Commissioner Ostermeier reported that the Indiana Code states that the minimum bond for the County Auditor is \$15,000, that any changes in the amount should be decided by the fiscal body and that Nancy Marsh would discuss with the County Attorney and County Council.

IN THE MATTER OF E-911

Roy Waddell welcomed new Commissioners Steve Ostermeier and Linda Palmer. Mr. Waddell gave a brief report of the upgrading of the computer system and CAD for the E-911 system and that the changes may require a change in the contract with Ameritech, which still has four-years left. He will obtain further information and report back on the contract at a later meeting. Commissioner Clampitt stated that any and all upgrade on computers at the jail must be taken to the Sheriff. Sheriff Waddell advised that he will keep the Commissioners updated on this matter.

IN THE MATTER OF COMMUNICATIONS CONSULTING SERVICE

Steve Kasper of Communications Consulting Service of Warsaw, Indiana, made a presentation to audit the county telephone bills for 50% of the invoice for savings to the county and referenced several counties where is was or is currently active for reference. There was discussion of the current telephone-consulting contract, and that it does not include mobile phones.

IN THE MATTER OF HEALTH BOARD

Commissioner Clampitt moved to reappoint John Battershell to serve another four-year term on the Hendricks County Health Board. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

Russ Lawson reported that the highway crew is patching potholes on county roads. Mr. Lawson also requested a list of names of those individuals planning to attend Road School March 20 and 21 at Purdue University. There was discussion that the Highway Superintendent, Commissioners, County Engineer, and Auditor usually attended Road School and that Jack Dalton would reserve rooms for those planning to attend, however, the County would cover the expense of these rooms.

IN THE MATTER OF RAIL CORRIDOR – CLAIMS

Jeff Smallwood of Rails to Trails reported on the twenty miles of abandoned rail corridor from Speedway to near the Hendricks/Putnam County Line. Mr. Smallwood also explained the 39 acres of land near North Salem that has been purchased stating they plan to use this parcel as a trailhead possibly adding a parking lot, horse trail, restrooms, shelter house, playground and picnic area and that they have 2.6 million dollars in federal enhancement funds however, the corridor is currently in a class action law suite. Indiana Department of Natural Resources (IDNR) paid 80% of the purchase price for this land through a grant advising that Hendricks County will be the lead agent for this project and presented a claim voucher. It was further stated that his property will increase to 59 acres as the owner of

the adjoining land will use that parcel for a wetland mitigation and will then release to the County and presented a copy of the recent update of the agreement with the County. There was discussion of the procedure for processing claims through the County. Diana Virgil of the Rail Corridor gave a brief history of this project and of the matching money. It was the consensus to submit all claim vouchers to the County Engineer to be forwarded to the Auditor and that the Engineer will keep the Commissioners informed of the status of this project.

IN THE MATTER OF TELEPHONE SYSTEM – PHASE 2

Jeff Johnson of Johnson Associates presented a schedule of the telephone, Phase 2 installation through February 16, 2001, which includes training. John Tarantino stated that the costs have increased due to extra work required beyond the existing contract and this will require additional funding. There was discussion of these increases with county staff. Commissioner Clampitt moved, per staff recommendation, to approve the request for additional funds of \$4,000 for work that is in the process of being completed for the telephone, phase 2. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Jeff Johnson explained the telephone lines, presented a chart of the Centrex service/cost with the 8-year growth trend along with a contract with Ameritech for ISDN Prime. Commissioner Clampitt moved to approve the contract and for the President to execute the contract presented subject to recommendation and review by the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Greg Steuerwald stated that he would review the contract presented by the consultant as recommended by the Commissioners.

IN THE MATTER OF FURNITURE – BOND AFFIDAVIT

John Tarantino presented an affidavit for furniture from Indy's Engineering Supplies in the amount of \$5,096.00 stating that this invoice is for files for the Engineer and Surveyor offices and that they received no comment from the Bond Trustees for the Building Corporation. These have now been ordered and they are presenting invoices and affidavit. Commissioner Clampitt moved, per recommendation of the County Engineer, to approve the furniture invoices and to forward to the Building Corporation Trustees for payment from the bond. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF BUDGET

John Tarantino presented 2001 project costs for cumulative bridge fund #25-203-XXX, EDIT fund #88-084-XXX, Cumulative Capital Fund #20-202-XXX and the Refinanced Bond Balance as of this date. Greg Steuerwald explained the refinance of the bond in 1998 stating that the refinance was due to projects and to reduce the interest rate. Commissioner Ostermeier requested that the informative lists be copied for the County Council. There was discussion of the GIS network and of funds set up for the animal shelter. Mr. Steuerwald stated that the Bond Trustees for the Building Corporation and the Commissioners should meet in a special meeting.

IN THE MATTER OF SURPLUS FURNITURE – ANNEX

John Tarantino stated that several offices have called to advise they have surplus furniture that needs to be stored. There was discussion if the County could continue to store items at the annex as this now belongs to the hospital,

however, items could be stored there until the hospital states otherwise. It was the consensus of the Commissioners to call the hospital for approval before moving any additional furniture/items to the Annex. There was discussion of keeping offices aware of excess furniture that is available at the Annex and to check requests thru the Engineering Department and forward to the Commissioners for consideration.

IN THE MATTER OF CONTRATORS LICENSING BOND - ALL SEASONS CONTRACTORS

Greg Steuerwald explained the bond procedure for licensed contractors stating that two claims have been filed against All Seasons Contractors and recommended to pay these two claims, however, there is possibility of a third claim and that he will notify if any others come in. Mr. Steuerwald further advised that the insurance should be advised that these claims should be sent directly to the claimants. Walt Reeder stated that this firm no longer can draw permits in Hendricks County.

IN THE MATTER OF SUNSHINE MEADOWS – DRAINAGE

David Gaston referred to Commissioner Ostermeier a telephone call from a resident of Sunshine Meadows relative to drainage problems, not within a legal drain, stating that it may be a highway problem and requested that he contact this resident in his district to see who needs to investigate and correct this matter.

IN THE MATTER OF BOND PROTECTION

Councilman Hursel Disney explained the bond protection offered through Cincinnati Insurance.

IN THE MATTER OF PUTNAM COUNTY

Putnam County Commissioner Denny O’Hair requested to work together with Hendricks and Putnam Counties on the west side for animal shelter and also possibly a joint juvenile detention center. There was discussion of working a cooperating together with neighboring counties thru an Interlocal Agreement. Mr. O’Hair stated he had not discussed this idea with the other Putnam County Commissioners, but felt they would be in favor of this idea.

IN THE MATTER OF CAGIT

Greg Steuerwald discussed making contract with the state to find out the status of the county money in CAGIT, which the state is holding, and to check when that money will be issued and if the state has any issues with this matter. Mr. Steuerwald further advised that he does not recommend that Mr. Coonrod be paid anything on the CAGIT contract, which was signed by former Auditor Debbie Simpson Reeder. Commissioner Clampitt moved, pursuant to the County Attorney recommendation, to 1) contact the state on the CAGIT funds matter and 2) to contact the attorney for Mr. Coonrod and advise that we are not going to pay the contract. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. The Commissioners expressed their thanks and appreciation to Mr. Steuerwald for working on this matter.

IN THE MATTER OF CLAY TOWNSHIP ADVISORY BOARD

Receipt was acknowledged of the January 2, 2001, letter from Gail Alderson, submitting her resignation from the Clay Township Advisory Board as she no longer resides in Clay Township. There was discussion of the appointment procedures for this position. Greg Steuerwald will check and bring back a recommendation on this matter next week.

IN THE MATTER OF OFFICE EQUIPMENT - PLANNING

There was discussion of a request from the Planning Department for a service call to repair the stapler on their Xerox copier and that a service call from Xerox is \$215. It was decided to wait until another Xerox copier needs repair and have the stapler repaired and included in one service call.

IN THE MATTER OF IRS FINE

County Auditor Nancy Marsh explained that she had authorized payment for the IRS error and will file an appeal in hopes that the penalties and interest will be waived in an effort to resolve this issue.

IN THE MATTER OF SALARY COMPENSATION

There was discussion of the total compensation paid for elected officials, department heads and all county employees in 2000, which needs to be advertised. Nancy Marsh stated that she would pull the figures together later this month for publication. and post according to state statute

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #47632 thru 47638, #100505, #205465 thru 205474 and all manual checks cut in December 2000 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF MINUTES

Former Commissioner Hursel Disney recommended approving the minutes for the December 29, 2000, Commissioners' meeting with corrections. Commissioner Clampitt moved, subject to review and approval of the December 29, 2000, minutes by Hursel Disney and John "Bud" Daum, to approve the minutes with corrections. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY PROPERTY

Hursel Disney recommended that the ASC offices be contacted to determine the number of tillable acres on the farm recently transferred to the County by the hospital and to advertise the farm ground for rent.

There being no further business Commissioner Clampitt moved to recess at 12:00 Noon. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0

January 16, 2001

The Hendricks County Board of Commissioners met in regular session at 10:15 AM on Tuesday, January 16, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance

John D. Clampitt)	
Steven L. Ostermeier)	Hendricks County Board of Commissioners
Gregory E. Steuerwald)	Hendricks County Attorney
Nancy L. Marsh)	Hendricks County Auditor
Walt Reeder)	Hendricks County Plan Commission Director
John Tarantino)	Hendricks County Engineer
Russ Lawson)	Hendricks County Highway Superintendent
Peggy Nichols)	Hendricks County Home Administrator
Judith Wyeth)	Secretary to the Commissioners

Note: Linda Palmer did not attend the meeting today due to a death in the family

IN THE MATTER OF ROAD SCHOOL

Commissioner Ostermeier read from the Indiana Code the guidelines for elected officials/department heads and staff attending Road School at Purdue University, listing Commissioners, Highway Superintendent, Engineer and Surveyor and any person the Commissioners may choose. There was discussion of the cost to taxpayers and of including Auditor and Planner as it was helpful to Hendricks County.

IN THE MATTER OF ZA-250/WA00-06: PRESTWICK DEVELOPMENT

Attorney Ben Comer discussed completion of CR 100S cost sharing. Walt Reeder gave the history of this proposed road, including the bridge over the creek, for cost sharing and preliminary plans with the County and the Town of Avon. Mr. Comer requested a meeting to discuss and resolve the road issue before consideration being given for the zoning request of ZA-250/WA00-06: Prestwick Development, for any justification of building this section of road. Attorney Lee Comer presented the conceptual plan, which is shown on the Master Thoroughfare Plan, and that this would eliminate using the railroad tracks for safety of Hendricks County citizens and that a part of this zoning request is within the original Prestwick Planned Unit Development (PUD). Commissioner Clampitt moved to continue this zoning request for Prestwick Development and that the President sit in on negotiations for this road along with staff and the County Attorney. Greg Steuerwald stated that he may have a conflict with this project. Commissioner Clampitt amended his motion to state, "with legal counsel" and continue this zoning to the Tuesday, February 20, 2001, meeting at 9:00 AM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BONAR GROUP

Marsha Craney of Bonar Group made a brief presentation for the Bonar Group and distributed handouts that explained the services they have available. There was discussion of referring her to the County Surveyor to work on possible grants that would be available to the County.

IN THE MATTER OF GIS

Clint Stoutenour, Engineering Department, explained that they have just added Union, Middle and Brown Townships to the County GIS for a total of six townships in the County now on the system, and that they also have the assessor's agricultural program on the system in house. There was discussion of adding a layer of sewer lines to

the GIS. The Commissioners requested Mr. Stoutenour to present an in-depth presentation next month at a Commissioners' meeting.

John Tarantino requested that Clint Stoutenour be allowed to attend the Technology Board meeting on January 19, 2001, at 9:00 AM to represent the GIS. The Commissioners advised that the Technology Board meeting is open to everyone.

IN THE MATTER OF VETERAN'S AFFAIRS

Richard Bane handed out some new guidelines for burial allowances for veterans explaining that the state now allows \$100 for burial of a veteran or a spouse and that they have increased the allowance for setting a federal marker from \$30 to an amount of up to \$100. Mr. Bane further advised that there are new forms and that he will personally hand deliver these forms and explain to all funeral directors in the area.

IN THE MATTER OF RECORD PRESERVATION

Jack Cain of Imaging Office Systems of Fort Wayne requested that his firm be kept informed, considered and involved in the record preservation of county documents.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway crew is patching potholes. There was discussion of the "pothole hot line". Mr. Lawson stated that anyone seeing a pothole on county roads should call 745-9227 to report it to the Highway Department.

Russ Lawson requested approval for his new Assistant Highway Superintendent to attend Road School at Purdue University in March. The Commissioners will consider the request.

IN THE MATTER OF TRAFFIC STUDY – APPLE CREEK

John Tarantino presented a traffic study for Apple Creek Subdivision that was initiated by Michelle Rottler due to concerns about the speeders traveling through the subdivision. The study recommendations stated that due to the sight distance problems, numerous children playing, and the fact that this subdivision connects CR 625E and CR 150S, it is recommended that Apple Creek be declared an "Urban District" as stated in I.C.9-4-1-58 (b) and that it be posted with four 25 mph signs. Commissioner Clampitt moved to approve staff recommendations for speed limit signs and declare Apple Creek an "Urban District" as stated and to include the statement of I.C.9-4-1-58 (b), "Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed permitted under this chapter for an urban district". Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0

IN THE MATTER OF CUT PERMITS - EXCAVATING PLUS

John Tarantino reported that a contractor, Excavating Plus, is digging in county right-of-way in the Sugarwood Subdivision without obtaining the required county permits and that this firm was verbally notified the first time, the Engineering Department discussed this matter with them and sent a letter from the Engineering Department explaining the procedures for cut permits and approval the second time and now, for the third time, has begun digging

a water line within the County right-of-way without obtaining approval of a cut permit and requested to enforce the fine to this firm as stated in the Cut Permit Ordinance. Mr. Tarantino further advised that he had held a heated discussion with this firm the second time detailing the procedure and requirements. There was discussion of the ordinance and emergency procedure stated therein. The Commissioners requested the County Attorney to write this contractor a letter and in the future that all permit violations be referred to the County Attorney. There was discussion of the drainage problems that had been resolved within this subdivision and that contractors cutting the roads could damage swales creating drainage problems and that without a permit the county had no way to require that the roads be repaired to county standards. It was the consensus of the Commissioners to refer this matter to the county attorney to resolve and to draft a form to use in the future for verbal first violation, a letter from the Engineering Department the second violation and the third violation be handled by the County Attorney and to bring back for review.

IN THE MATTER OF SUBDIVISION BOND REVISIONS

Walt Reeder presented the following requests for subdivision bond revisions:

Lakeland Farms, Section 11, due to the water lines being installed and maintained by the Indianapolis Water Company and, the sanitary sewer lines being installed and maintained by the West Central Conservancy District to revise the original performance bond from \$474,000 to \$343,000 and based on the on-site inspection that the performance bond be reduced to an amount of \$100,000. Commissioner Clampitt moved to approve the revisions as recommended by the Planning Director and to reduce the performance bond for Lakeland Farms, Section 11 to \$100,000. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0

Lakeland Farms, Section 12A, due to the water lines being installed and maintained by the Indianapolis Water Company and the sanitary sewer lines being installed and maintained by the West Central Conservancy District to revise the original performance bond from \$680,000 to \$418,000 and further, based on an on-site inspection of the work completed to date to reduce the performance bond to an amount of \$150,000. Commissioner Clampitt moved to approve Lakeland Farms, Section 12-A bond revision as recommended by the Plan Director. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0

Shiloh Farms, Section 4, due to the water lines being installed and maintained by the Indianapolis Water Company and sanitary sewer lines being installed and maintained by Hendricks County Wastewater LLC that the original performance bond be revised from \$491,000 to \$375,000 and that on the basis of the on-site inspection of the work completed to date that the performance bond be reduced to an amount of \$150,000. Commissioner Clampitt moved to approve, per staff recommendation, Shiloh Farms, Section 4, performance bond revision and reduction as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0

MIP-418: Carl Reed, this development received final approval by the Hendricks County Plan Commission on April 8, 1991, and was recorded on December 4, 1991. The roadside ditch was not constructed to meet the requirements of the Subdivision Control Ordinance, however, this development was annexed into the Town of

Plainfield on June 2, 1994, and that the major reconstruction of County Road 450S by the Town of Plainfield has removed the roadside ditch along this development, therefore, recommend that the performance bond be released and the maintenance bond be waived. Commissioner Clampitt moved, per staff recommendation, to approve the bond release and waiver for MIP-418 as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0

IN THE MATTER OF TELEPHONE PHASE 2

Jeff Johnson of Johnson Associates presented a contract for digital lines and Centrex lines and explained that this is Phase 2 of the telephone conversion, which was previously approved. Commissioner Clampitt moved for the President to sign the telephone contracts presented, pursuant to consultant and county attorney recommendation. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0

John Tarantino discussed the telephone needs of the various departments that differ for each office and requested a two-week delay to make sure all telephone conversions run smoothly and further advised that any upgrade requested by a department will need to be funded from their departmental budget. Steve Stoddard clarified that the telephones at the Sheriff Department will not be involved in this phase.

IN THE MATTER OF ADDITIONAL APPROPRIATIONS – CUM CAP TELEPHONE

John Tarantino presented a draft letter to the County Council requesting on behalf of the Hendricks County Commissioners an additional appropriation of \$6,500 for 20-202-326 – County Telephone System, Phase 2, in order to purchase two UPS boxes and to provide electrical service to them at the Government Center and Jail telephone equipment units. Commissioner Clampitt moved, per staff recommendation, to approve the letter to be sent to the County Council as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF RECORD PRESERVATION

Dennis Easley requested to make a presentation on record preservation of the county's old documents. Commissioner Clampitt moved that the presentation be February 5, 2001, when Commissioner Palmer would be present. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ADDITIONAL APPROPRIATIONS – CUM CAP REMODELING

John Tarantino presented a remodeling plan for 2001 to cover County Home, Courthouse, Government Center, Museum and Miscellaneous including filming of museum 2nd floor and miscellaneous county building renovations for a total of \$570,000. There was discussion of requesting the full amount or to request for special remodeling projects. Commissioner Clampitt moved to request the full amount of \$570,000 for all items listed and to strike at a later date if not approved as some are definitely needed immediately as emergency items and to forward the request to the County Council from the cumulative capital account of 20-202-405 for county buildings remodeling to be heard at the February 6, 2001, meeting. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BOND AFFIDAVIT

An affidavit for purchase of AutoCad training for four employees was submitted as previously approved by the Commissioners and the Bond Trustees to be forwarded to the bond bank for payment in the amount of \$2,660. Commissioner Ostermeier questioned conflict of interest inasmuch as he has done business with this firm. County Attorney Greg Steuerwald advised the previous Commissioners approved this and that a member of the Bond Trustees will actually sign the affidavit, therefore, he is not in conflict and that he could initial the affidavit.

IN THE MATTER OF ANNEX

John Tarantino questioned if current and future utility bills for the Annex should be forwarded to Hendricks Community Hospital as this has now been transferred to them. There was discussion of the need to keep the utilities on at the Annex to preserve and protect records and equipment stored there by the County. Commissioner Clampitt moved for the County to pay utilizes at the Annex as long as the hospital permits the County to store County property there as it is in our own best interest. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0

IN THE MATTER OF COURTHOUSE - ROTUNDA DESK

There was discussion of the desk that was removed from Superior I and requested for use by the Security Officer in the rotunda of the Courthouse and that the visibility of security officers adds to the security of the Courthouse. It was the consensus of the Commissioners to leave the desk in the rotunda as long as it is utilized.

IN THE MATTER OF JUVENILE AND ADULT DETENTION FACILITIES

There was discussion of holding a county forum to discuss juvenile detention and adult detention facilities for one or two meetings on one or two days or just having one large meeting. Receipt was acknowledged of a telephone request from Rich Maxwell to work with Boone County on a juvenile detention center facility and to possibly combine this into one meeting. It was consensus that the staff will work with elected officials for a choice of dates and for a day, night or Saturday meeting.

IN THE MATTER OF COURTHOUSE - SUPERIOR 1

Receipt was acknowledged of a request from Judge Freese of Superior 1 to replace the door blinds of Superior I with curtains. It was consensus of the Commissioners that this request be referred to Bob Carroll.

IN THE MATTER OF PLANNING SEMINARS

Walt Reeder advised he would like to send two individuals to a planning seminar in Shelbyville stating, that he has money in his budget to fund. Mr. Reeder also stated that he would like to send six individuals to the Nitty-Gritty Planning Workshop in Danville, however, he does not have the \$450 in his budget and requested the Commissioners to fund from their budget. Commissioner Clampitt stated it is beneficial to the county for Plan Commission and staff to attend workshops and moved to approve for the Planning Director to pay for two registrations to attend the Shelbyville seminar and that the workshop in Danville be funded from the Commissioners' budget. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Mr. Reeder will handle the registration thru the Planning Department.

IN THE MATTER OF PUD RESOLUTION 2000

Walt Reeder advised that the PUD Resolution 2000 that was adopted September 11, 2000, expired on January 1, 2001, and requested direction to continue the resolution with a similar resolution, to extend the time or to drop the matter. There was discussion of the time frame. Commissioner Clampitt moved to extend the PUD 2000 Resolution thru 2001 to January 1, 2002. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Mr. Reeder will retype the PUD Resolution with new date and bring back at a later date.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented an application for a 29-year old stating that the township trustee will not help as this applicant is not a county resident. Commissioner Clampitt moved to not accept this application as a resident to the County Home as he is not a resident of Hendricks County. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Peggy Nichols presented a list with the 18 current residents of the County Home.

IN THE MATTER OF EMERGENCY MANAGEMENT

Receipt was acknowledged from Jim Adams advising that he will be on vacation January 20 thru January 27, 2001, and that Tom Drake will be on call if anyone needs help from Emergency Management.

IN THE MATTER OF COUNTY ATTORNEY CONTRACT

Greg Steuerwald presented his contract for legal services as County Attorney for 2001 with the addition of paragraph 11). Commissioner Clampitt moved to approve the 2001 contract as presented for Greg Steuerwald as County Attorney. IN THE MATTER OF PLANNING – PUD RESOLUTION

The PUD Resolution for Brown, Lincoln and Washington Townships that was approved on January 16, 2001, effective thru January 1, 2002, was presented with corrected dates for execution as follows::

THEREFORE, be it resolved that the Board of Commissioners, in order to allow additional time for the affected public agencies to develop realistic financial plans to deal with the requirements of this rapid growth, will not grant approval of any Zoning Amendment request for a Planned Unit Development (PUD) in Brown, Lincoln or Washington Townships that increases the number of residential units over the number allowed by the current zoning classification of the affected property. Any PUD zoning amendment request must be accompanied by a preliminary plan showing the number of lots possible on the affected property under its current zoning. Such plan must be in compliance with the Subdivision Control Ordinance and the Storm Drainage Erosion and Sediment Control Ordinance as well as the Zoning Ordinance. This resolution shall remain in effect until January 1, 2002, at which time it will be reconsidered.

Adopted this 16th day of January 2001

(Signed) Steven L. Ostermeier, Linda, A. Palmer and John D. Clampitt

IN THE MATTER OF CENTER TOWNSHIP - INTERLOCAL AGREEMENT

Bill Corbitt, Center Township Trustee, presented the Interlocal agreement, which was presented in draft form last week for consideration between Hendricks County and Center Township for employee insurance at no cost to the County. Greg Steuerwald explained that the self-insured county health insurance is amended to include other county enmities within the county at no cost to the County. Commissioner Palmer moved to adopt the Interlocal Agreement between Hendricks County and Center Township at no cost to the County as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0,

IN THE MATTER OF ECONOMIC DEVELOPMENT COMMISSION - APPOINTMENT

The current makeup of the Economic Development Commission was discussed. Commissioner Palmer moved to reappoint Hursel Disney, Barbara Ford and Stan Bassett to serve on the Economic Development Commission for the year 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0,

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #205716 thru 205750 as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Commissioner Ostermeier stated that these claims were the disbursements of the County Adjusted Gross Income Tax (CAGIT) funds, which the county has just

received and that checks were distributed this date.. Commissioner Palmer read the county received \$3,096,973, Plainfield received \$1,306,086, Center Township \$69,162 and the distribution amounts for towns, townships and libraries in Hendricks County.

IN THE MATTER OF SUPPORT STAFF

Commissioner Ostermeier introduced the following support staff sitting at the counter:: Secretary Judy Wyeth, County Attorney Gregory Steuerwald, Auditor Nancy Marsh, Commissioner Palmer and himself to those in attendance.

.IN THE MATTER OF NEW ZONING

Gloria Gaddy Stevens inquired when the new zoning for Brown and Lincoln Townships would be ready. There was discussion that the steering committee had stated they planned to have it ready for presentation to the Plan Commission within ninety days, however, some issues presented at the last meeting might delay that date, but that the public would be kept informed through the news media and they were invited to call the Planner for a schedule of dates. Greg Steuerwald explained in detail the final process with public input would be during the on-site meetings around the county, the Plan Commission presentation and finally to the Commissioners which is also a public meeting.

IN THE MATTER OF BROWNSBURG – 56th STREET

Anthony Uliana inquired if the Indianapolis Water Company in laying pipe along 56th Street (CR 600N) is laying too close for the proposed expansion to four-lanes. Commissioner Ostermeier stated that the County Engineer had assured him during the Regional Sewer Meeting that Indianapolis Water had been contacted and that they were laying as far north as possible in order to stay away form the proposed expansion.

IN THE MATTER OF NIGHT MEETNGS

Wayne Walters thanked the Commissioners for the evening meetings in order for the public to attend as the public is interested and night meetings are appreciated.

Linda Peterson Roe also expressed thanks for night meetings and for the agenda, which is readily faxed from both the Commissioners Office and Planning Department, and encouraged the Commissioners to add more to their evening meeting agenda.

IN THE MATTER OF COUNTY ENGINEER AND PLANNER

Gloria Gaddy Stevens stressed the need to hire a qualified County Engineer and a Planner with education and qualifications. Commissioner Ostermeier advised that the Engineer position has been advertised and that the Plan Commission will be looking at application to fill the planning position.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented an application for admission of Marie A. Brown as a resident of the Hendricks County Home along with a letter of support from the trustee. Commissioner Palmer moved to accept the application of

Marie Brown to be a resident of the Hendricks County Home. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0 Greg Steuerwald explained that the Hendricks County Home is one of 23 remaining county homes in the State of Indiana. The trustee of the township where the applicant resides must recommend a resident and based on the application the Commissioners can either accept or reject that application. Bud Daum stated that resident's social security checks are used to cover a portion of their costs with the exception of \$50 each month that is for their personal items and that some residents receive ARCH money which subsidizes the county for their expenses so that the County is not totally responsible for their residency.

IN THE MATTER OF ZONING ORDINANCE

Bill Duncan inquired if the new Zoning Ordinance would be enforced. Commissioner Ostermeier advised that the Plan Commission will follow the Zoning Ordinance guidelines.

There being no further business Commissioner Palmer moved to recess the meeting at 7:05 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

January 29, 2001

The Hendricks County Board of Commissioners met in special called joint session with the Hendricks County Building Corporation Trustees at 1:35 PM in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Henry N. Cox)	
Dennis E. Petri)	Hendricks County Building Corporation Bond Trustees
Barbara Quandt)	
John Tarantino	Hendricks County Engineer
Leanna Alverson	Engineering Department – Project Manager
Judith Wyeth	Secretary to the Commissioners

Commissioner Ostermeier opened the joint meeting and welcomed the Bond Trustees.

Dennis Petri moved to approve the minutes as presented for the December 15, 2000, meeting of the Building Corporation Bond Trustees. Henry Cox seconded the motion and the motion was approved unanimously.

Dennis Petri explained concerns of the animal shelter and expressed appreciation to the Trustees and Commissioners to meet together early in the year. There was discussion of a brief history of the proposed animal shelter. Henry Cox stated there is need for an animal shelter, but not as plans were drawn and not at the proposed location, stating that the Bond Trustees need to be involved in the initial planning steps and that they were not made aware of the project or involved in any way. There was discussion of the location plan, process, and time frame, working with the Council on cost and funding and of the Commissioners and Bond Trustees working together on this project. There was discussion of the original bond, that the actual cost of the Government Center was less than original estimates that left a balance in the bond and with the refinancing of the bond these funds could be used for other county buildings as stated in the refinancing, however, must be used by June 2001.

NOTE: Barb Quandt joined the meeting.

There was discussion of keeping the Bond Trustees informed. Commissioner Clampitt moved to give the Bond Trustees ten (10) days notice for consideration of anything on the Commissioners' Agenda for the animal shelter, the same as they do the ten (10) days notice given for consideration for purchase of equipment from the bond. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Greg Steuerwald explained the duties of the Building Corporation Bond Trustees on the bond and clarified their duties and obligations. Mr. Steuerwald further stated the first step is to look for placement of an animal shelter and to look at a master plan for the 150 acres.

It was the consensus of the Commissioners to include the Bond Trustees in the 9:00 AM meeting on Saturday, March 10, 2001, in the Government Center for presentation of the Detention Needs Assessment.

There was discussion of possible other requests and needs for the balance of the bond, of limitations which must be approved and that they must stay within the bond balance amount.

Commissioner Ostermeier expressed appreciation, on behalf of the Commissioners, to the Bond Trustees for this joint meeting to start off the year.

Jim Murphy came forward to respond to a letter to the Editor of the Flyer.

There being no further business the meeting recessed at 2:25 PM.

IN THE MATTER OF AGENDA

The Commissioners' revised the agenda and moved ZA-249/BR00-01: The Lewis Group (Saw Mill Development) to first on the agenda in order to better serve the large group of citizens in attendance for this zoning request.

ZA-249/BR00-01: THE LEWIS GROUP (SAW MILL DEVELOPMENT)

Dick Lewis presented ZA-249/BR00-01: the Lewis Group, Saw Mill Development, requesting a change in zoning classification of 357 acres from R-1 to PUD (Planned Unit Development) explaining the proposed development plans.

Walt Reeder advised that 34 people spoke during the Plan Commission public hearing and 41 letters were received, most of which were in opposition to this zoning request, however, the fire department had stated that the plan met all of the required concerns. Mr. Reeder further stated that both the staff and Plan Commission had given this project an unfavorable recommendation by a vote of 6-0-1.

The following citizens spoke with a three-minute limit:

Wayne Walters stated this does not meet the requirement, that both staff and Plan Commission denied this request, that during the public hearing only two were in favor of project and over 100 were against, this area is not ready for retail or high density and does not protect the natural lay of the land.

Susan Gordon advised that Mr. Lewis did not present anything new in today's presentation, there is no police protection in the neighborhood and she does not want the amenities he offered.

Donna Thomas advised that the reason green space is in this development is that the green area is actually over pipelines where he could not build.

Charles Tavel stated he had contacted the Marion County Sheriff Department to obtain statistics on crime around strip malls and that during the past twelve months they had numerous crime reports from strip malls located in basically residential neighborhoods such as this area.

Marvin Ward spoke on behalf of the Brownsburg Schools indicating that several previously approved PUD developments with proposed commercial developments had found the commercial area evaporated and had been replaced with residential homes, which resulted in additional burden on the schools and no relief for taxes. Mr. Ward

further encouraged a traffic study and effort to widen 86th Street before any additional development, as there are no shoulders.

Bill Roach expressed his desire to accommodate people, to welcome growth and that he was in favor of this project.

Frank Smith stated that he is the landowner of a portion of this proposed development and that he wants to sell his land for his retirement, therefore, encouraged approval as Mr. Lewis could offer him a better retirement by this development.

Mac McLaughlin, stated this was designed as a nice community and was the best use of the land.

Nannette Ritter questioned this discussion as both staff and Plan Commission had unanimously denied this zoning request.

Fred Weber opposed the development stating this area is not ready for this type of strip mall.

Orian Hamilton encouraged those individuals that want to keep this area farmland and country atmosphere to set up a trust and lock up the land.

Commissioner Ostermeier closed public comment for this zoning request.

Dick Lewis responded stating that he was willing to work with the staff, Commissioners, and neighbors and requested to return to the Plan Commission for a new presentation.

There was discussion of possible e-coli seeping from septic systems into the wells in this area. It was the consensus of the Commissioners to send the water report to the Health Department for review.

Mr. Lewis stated that he would be willing to make changes if there were health issues at risk, maybe eliminate retail, maybe design larger lots and do a traffic study. There was discussion of matters presented by Mr. Lewis.

Commissioner Palmer stated that due to information given today with no changes made in the petition there is no reason to send back to the Plan Commission. Commissioner Clampitt seconded the motion and the motion was approved unanimously.

Mr. Lewis requested to officially withdraw this PUD zoning request.

Commissioner Ostermeier entertained a motion to approve or deny the request. Greg Steuerwald clarified options to deny withdrawal of zoning request or to approve withdrawal request.

Commissioner Clampitt moved to approve the withdrawal of this PUD zoning request. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

INDY OFFICE SOLUTIONS

Wendi Leisure of Indy Office Solutions made a brief presentation on equipment and service available from her firm.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

Jon Yoho introduced Jeff Fox of Nyhart Insurance to give an update on county employee health insurance and to

discuss ways to reduce the cost of this insurance. Commissioner Clampitt expressed appreciation to Mr. Yoho and Mr. Fox for their expert help with insurance matters over the years. Mr. Yoho recommended the Commissioners select a Commissioner to review the total employee insurance package or piece meal and stated that he would be available to look at issues and ways to reduce insurance costs. Mr. Yoho further advised that there is a slight increase in the ICM (Individualized Care Management). Commissioner Clampitt moved to approve the binder for Employers Reinsurance Corporation as presented and the agreement for Jon Yoho as agent of record. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

It was consensus of the Commissioners that Jon Yoho, Wayne Johnson or his appointee from Council, Stayce McClain and Colonel Steve Stoddard serve on the committee to review employee health insurance available, to make a recommendation to Jeff Fox and that he bring back a recommendation to the Commissioners.

IN THE MATTER OF SUBSTANCE ABUSE TASK FORCE

Steve Schmalz of Circuit Court Probation presented a request for grants as follows: Resource Director \$2,500, Jail Based Treatment \$20,150 and Law Enforcement Overtime \$20,200 and further advised that funds are available from user fees and that no tax dollars are involved. Commissioner Clampitt moved to approve the request as presented as it is their money. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ECONOMIC DEVELOPMENT PARTNERSHIP

Emory Lencke, Executive Director of the Brownsburg Chamber of Commerce, introduced Harold Gutzwiller as the new Executive Director of the Hendricks County Economic Development Partnership and Melody Dotlich, Marketing Manager. Mr. Gutzwiller thanked Commissioner Clampitt for his work with the Partnership the past several years and welcomed Commissioner Palmer as the new appointee to the Partnership.

The meeting recessed for lunch to resume at 1:05 PM.

Commissioner Clampitt did not attend the afternoon session.

IN THE MATTER OF RECORD PRESERVATION

John Tarantino requested approval to advertise for Phase 1 of the record preservation and explained the history of this project stating that the previous Commissioners had determined that Digital Imaging was the preferred vendor, but no contract was ever signed due to lack of funding. There was discussion of the cost of contracting out or doing in house and of available space. Commissioner Palmer moved to have the County Engineer prepare a Request for Proposals for study of record preservation of the county's old records. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Mr. Tarantino will bring back to the Commissioners.

IN THE MATTER OF GUILFORD TOWNSHIP CIVIC ASSOCIATION

Mary Benson had submitted a request for recognition of the thirtieth birthday of the Guildford Township Civic Association. Commissioner Palmer declared the following proclamation be issued for the thirtieth birthday of the Guildford Township Civic Association:

State of Indiana)
Hendricks County)

Board of Commissioners

**PROCLAMATION
RECOGNIZING GUILFORD TOWNSHIP CIVIC ASSOCIATION'S
THIRTIETH BIRTHDAY**

BE IT REMEMBERED THAT: The Guilford Township Civic Association was organized officially in August of 1971 because members recognized "The price of liberty is eternal vigilance".

BE IT REMEMBEED THAT: The Guilford Township Civic Association is the sounding board for local, county and state concerns and has lead and informed the community toward a pattern of orderly growth, always attempting to promote citizen awareness, involvement, and responsibility in matter which enhance the quality of life in Guilford Township and in Hendricks County.

BE IT REMEMBERED: The Guilford Township Civic Association has canvassed for funds for a kidney machine as well as for blizzard and tornado relief. The members have developed procedures for responding to zoning problems, supporting water and sewage treatment plants, erecting road signs, and cleaning the roadsides. Members have attended government meetings, supported Meet the Candidates programs, assisted with the landscaping of Hummel Park, and have sponsored a painting and design program by elementary students. Members also provide annual scholarships and a Redbud Award as well as a fifth grade essay contest.

BE IT REMEMBERED: The Guilford Township Civic Association looks forward to the future, aware of the possibilities that exist for the enhancement of highway beautification and safety, noise abatement strategies for both airports, development of an industrial and commercial base, water and sewer expansion and continuing questions of optimal land use.

NOW, THEREFORE, IN CONSIDERATION: Of the above contributions to Hendricks County the HENDRICKS COUNTY COMMISSIONERS, in their unanimous and inherent jurisdiction, by this PROCLAMATION, do hereby declare, recognize and honor this organization.

*THIS ORDER ENTERED THIS 5TH DAY OF FEBRUARY 2001 AT 9: 00 AM
(signed)*

S E A L

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Mary Benson thanked the Commissioners for this proclamation, requested that it be entered in the minutes and that they looked forward to having Commissioner Palmer present the proclamation at their celebration.

IN THE MATTER OF RAILS TO TRAILS – B&O TRAILS - LEGAL

Receipt was acknowledged of the letter of January 23, 2001, from Diana Virgil of the Rail Corridor Development advising that the services of attorney Mary Solida, as set forth in the Agreement for Legal Services dated December 1, 1997, will no longer be used by the B&O Trail project and that Alan Townsend will now be the attorney for the B&O project. Commissioner Palmer moved to accept the change of attorney to Alan Townsend for the B&O Trail project and to send a letter to Ms. Virgil approving this change. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CHARTER CABLEVISION - ORDINANCE

Greg Steuerwald explained the FCC franchise agreement with Charter Communications with Hendricks County and that a cable company operating within the county must go through and be approved by the Commissioners and recommended that this ordinance be approved for fifteen (15) years as presented. Commissioner Palmer moved to approve Charter Ordinance No. 2001-01 as presented and has been reviewed by the County Attorney. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF COURTHOUSE WEDDING – HILL

Receipt was acknowledged of request from L. Nadine Hill of 461 Western Drive, Danville, Indiana for use of the Courthouse rotunda for wedding on October 27, 2001, 3:00 – 8:00 PM, and rehearsal on October 26, 2001, 5:30 – 8:00 PM. There was discussion of payment to the county and that the county reimburse employees for overtime. Commissioner Palmer moved to allow L. Nadine Hill to use the Courthouse rotunda for rehearsal and wedding on October 26 and 27 and to reimburse the custodial staff for any overtime expenses incurred. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF HIGHWAY BUSINESS

Russ Lawson stated the Highway Crew has been plowing snow and clearing sight distances for school buses. Mr. Lawson requested to solicit bids for a tandem axle dump truck, and quotes for a ¾ pickup truck, a sport utility vehicle, and a tractor and 1 boom mower assembly and further advised that funds are available. There was discussion to look at state bids for truck and 4-wheel drive if the state specs meet the heavy duty needs for the Highway Department. Commissioner Palmer moved to allow to request bids for tandem truck and quotes for tractor and mower, utility vehicle and pickup truck as staff requested. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TRAFFIC STUDY – CR 100E BETWEEN 900S AND 1000S

This traffic study was initiated by a citizen concern with the number of speeders and asked that the county establish a speed limit for this segment of road. CR 100E from CR 900S to CR 1000S is in a residential setting and the road contains two hills, which pose sight distance problems. The staff recommends that 40 mph speed limit signs be posted on CR 100E and that signs posted where there were previously none will make this road safer for the driving public and help the Sheriff's department in enforcement. Commissioner Palmer moved to approve staff recommendation to install two (2) 40 mph signs on CR 100E between 900S and 1000S as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TRAFFIC STUDY – CR 750N BETWEEN 900E & RACEWAY ROAD

This traffic study was initiated by a resident of CR 750N due to concerns about the number of speeders on CR 750N between 900E and Raceway Road and asks that the county lower the speed limit. The staff recommendation was that there are no curves or hills that pose sight distance problem, therefore, that the speed limit remain unchanged at this time and to re-examine if future development should occur, but to add three additional speed limit signs along this area and replace the arrow sign as explained in the diagram. Commissioner Palmer moved to approve the staff recommendation to add three speed limit signs and for arrow sign as presented for CR 750N between CR 900E and Raceway Road. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF UNOFFICIAL DETOUR REIMBURSEMENT AGREEMENT INDOT

John Tarantino presented for execution the Unofficial Detour Reimbursement Agreement for damage in the amount of \$3,000 done to county roads while INDOT was repairing US 136 (R-23465).

IN THE MATTER OF BRIDGE NO. 213

John Tarantino presented a draft copy of Requests for Proposals for Services needed for Appraisal and Negotiation Services for five parcels of Highway Right-of-Way Easement for Hendricks County Bridge No. 217 on Raceway Road over the Cox Legal Drain. Mr. Tarantino further advised that the county has an on-call agreement with Associated Right-of-Way, but since there are five parcels involved in this project we may need to bid out for negotiating estimated cost on a parcel per parcel basis and stating that funds are available. Commissioner Palmer moved, per staff recommendation, to approve the Request for Proposals for right-of-way for Bridge #213 as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISIONS – MIP 668 AND SPR 78

Walt Reeder requested to release the performance bond and waive the maintenance bond requirement as it would be under \$1,000 for MIP-668: Ron and Clara Mears and for Site Plan Review 78: American Fasteners. Commissioner Palmer moved, per staff recommendation, to release the performance bond and waive the maintenance bond for MIP-668 and SPR 78 as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT – MIP-798

Walt Reeder presented the Contractor's Completion Affidavit and Inspector's Certificate of Completion and Compliance for MIP-798: Willard Kleeman, as the contractor has performed in every respect and has fully carried out every provision of said contract. Commissioner Palmer moved, per staff recommendation, to accept the Contractor's Completion Affidavit for MIP-798 as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION - MIP-552: STEPHENS

Walt Reeder presented request to release the maintenance bond for MIP-552: Charles and Carole Stephens as the improvements have been adequately maintained for the required one-year period. Commissioner Palmer moved, per staff recommendation, to release the maintenance bond for MIP-552 as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION - MIP-423: SAPP & KIEFER CORP.

Walt Reeder presented request for MIP-423: Sapp & Kiefer Corporation to release the performance bond and waive the maintenance bond requirement as this is a commercial development and the individual lots are required to be presented as Site Plan Reviews, therefore, based on an on-site inspection of the work completed to date and the requirement for Site Plan Reviews to comply with the provisions of the Storm Drainage, Erosion and Sediment Control Ordinance. Commissioner Palmer moved, per staff recommendation, to release the performance bond and waive the maintenance bond for MIP-423 as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF UNCLAIMED PROPERTY – CORINTH COUNTRY ESTATES

Walt Reeder presented draft letter and property claim form for execution stating that the financial institution has

advised that the proceeds from the Cashier's Check have been turned over to the Indiana Unclaimed Property Division and at this time the Board wishes to claim these funds as soon as possible relative to a cashier's check on Bank One for Indianapolis on behalf of Corinth Country Estates. Commissioner Palmer moved, per staff recommendation, to execute the letter and claim for cashier's check as presented for Corinth Country Estates. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TELEPHONE SYSTEM PHASE 2 & VOICE MAIL

Leanna Alverson presented a memorandum relative to countywide telephone system Phase 2 and voice mail stating that each office was personally contacted; that due to an oversight the Recorder's Office was left out of the bid specs and will require a change order for an add-on to the contract; the Center Township Assessor's Office should be added and that Mr. Gulley has said he will try to get funding from his budget or ask Council for additional appropriations to pay, however, depending on the timing, we may have to pay it and bill CTA to be reimbursed when they receive funding; it might take more cabling for the jail and that could require a change order for the add-on if the cost exceeds the \$1,000 contingency within the contract; extending fiber optic lines coming into the Courthouse basement and to the Government Center to extend to the telephone room were not included in the contract; additional wiring is required for the County Home and the Museum to connect a cordless phone to the telephone system and while Betty Bartley has the funds to pay this additional cost for the museum the exact cost for this work is not known and the County Home cannot tell if she can pay for theirs; training will be provided as soon as the cutover dates are firm. Ms. Alverson also advised that if a phone is unplugged overnight from a programmed jack, the system will deem that programming is no longer needed on that line and disable the jack.

IN THE MATTER OF FURNITURE FROM BOND

Leanna Alverson presented furniture request to be purchased for the Government Center from the bond for 3X5 display case, rotary organizer and printer stand, plus freight and installation in the amount of \$1,509.65. Commissioner Palmer moved, per staff recommendation, to approve and forward the furniture request to the Trustees of the Building Corporation for consideration. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF WISHES TO BE HEARD
JACK GIBBS SUBDIVISION INSPECTOR FEES

Jack Gibbs came forward as a "Wishes To Be Heard" to complain about the inspector fees for subdivisions stating that for his 16 lot Clayton Commons the inspectors will cost \$1,000 per lot and requested an explanation. Walt Reeder responded that it was the consensus that the developers should pay for the inspector fees and not the taxpayers thru county staff inspectors. There was discussion of the need for inspectors and the taxpayers of Hendricks County should not fund this.

IN THE MATTER OF SURVEYOR'S OFFICE - LOCK

Leanna Alverson stated that the Surveyor had requested to change the locks in the Surveyor's office, which would

require a lock cylinder, and to cover the bevel glass window on the door to the main office with contact paper. It was consensus of the Commissioners to not cover the bevel glass window.

IN THE MATTER OF SUPERIOR COURT ONE – DOOR DRAPES

Receipt was acknowledged of request and estimate to replace the blinds on the glass doors in Superior Court 1 with drapes. It was the consensus of the Commissioners to check for additional prices for this window treatment.

IN THE MATTER OF DETENTION NEEDS ASSESSMENT MEETING

Leanna Alverson advised that Bill Shepler had offered to provide lunch for those attending the Detention Needs Assessment meeting on Saturday, March 10, however he declined the offer when he realized the number that might be in attendance. Ms. Alverson then requested the Commissioners to purchase lunch or morning refreshment for those attending the Detention Needs Assessment meeting on Saturday, March 10. It was the consensus of the Commissioners that Mr. Shepler furnishes doughnuts and the County furnishes coffee for morning refreshments and everyone is on their own for lunch.

IN THE MATTER OF ENGINEERING - STAFF

Leanna Alverson informed the Commissioners that the position of Public Works in the Engineering Department had been filled.

IN THE MATTER OF LITIGATION NOTICES

Walt Reeder presented a notice of litigation prepared by the Planning Department and explained the procedure was to keep the Commissioners informed, but that it is not a matter of public record and is usually related to zoning violations.

IN THE MATTER OF GOVERNEMENT CENTER - SECURITY OFFICE

It was consensus of the Commissioners to use the media storage area on the first floor for the office of the security officer in the Government Center, the media equipment be stored in the storage area between rooms 3-4 and that area be kept locked.

IN THE MATTER OF HUMAN RESOURCES – EMPLOYEE INSURANCE

Stayce McClain explained that infant car seats are provided for employees covered with county insurance, however, they are required to pre-certify thru Individualized Care Management (ICM) as stated on all forms. Ms. McClain stated that she had received a telephone call from an employee with a pregnant dependent child that the pre-certified requirement was not explained and this individual was not pre-certified. The employee was very upset that they were not going to receive a free infant car seat. It was the consensus of the Commissioners that Ms. McClain give a car seat to the employee/dependant child and to explain in detail to all future cases.

IN THE MATTER OF BLOOD DRAW

Stayce McClain requested approval to hold an employee blood drive at the Government Center, Courthouse and Highway Department on Thursday, April 26, 2001. It was the consensus of the Commissioners to approve the request for blood drive.

IN THE MATTER OF CELLULAR PHONE USAGE POLICY

Stayce McClain presented a draft Cellular Phone Usage Policy for consideration as follows:

County Owned cellular phones are issued for the purpose of county business. Personal use of such phones is monitored on each monthly billing statement, and employees are required to reimburse the county for all personal charges, effective immediately.

On a monthly basis, department heads and elected officials will be issued a copy of the portion of the cellular phone bill that pertains to their office. The department head/elected official should review the bill and total the personal charges for each employee issued a cellular phone. If the office has floating cellular phones that are distributed to different employees on different days, then a log should be kept recording daily issuance. The bill and personal use payments should be returned to the Commissioners' secretary by the 15th of each month.

Commissioner Palmer moved to accept the cellular phone usage policy effective February 5, 2001, per staff recommendation and add to the Employee Manual. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF EMPLOYEE NEWSLETTER

Stayce McClain presented the February employee newsletter for approval. It was consensus of the Commissioners that the February newsletter is sent and that future newsletters be sent out with no need to bring in for approval.

IN THE MATTER OF THE IRS

Auditor Nancy Marsh reported that they had won the appeal to the Internal Revenue Service (IRS) which saved the county the \$60,000 delinquent and penalty fees, however, there are still two outstanding charges.

IN THE MATTER OF AUDITOR - FINDER'S FEES

Commissioner Ostermeier read a letter of January 24, 2001, from Charles Johnson, State Examiner for State of Indiana State Board of Accounts, relative to finder's fees, that paying finders fees is an unnecessary loss of public funds to the County and that any payment made for these finders fees may be considered inappropriate disbursement and that they may ask the appropriate public official to reimburse the County as a personal charge.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #205757 thru 205770, #205774 thru 2006150, #100903 thru 101297, and #47644 thru 47678 as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The technology surveys were presented. Commissioners Palmer moved to distribute the technology surveys to all department heads/elected officials and request that they be completed and returned to the Commissioners' office by February 8, 2001, to be discussed at the February 12, 2001, meeting. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Commissioner Palmer moved to recess at 3:15 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

ATTEST: _____
Judith Wyeth, Secretary

John D. Clampitt

February 12, 2001

The Hendricks County Board of Commissioners met in regular session at 9:30 AM on Monday, February 12, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald		Hendricks County Attorney
Nancy L. Marsh		Hendricks County Auditor
Judge Robert Freese		Hendricks County Superior 1 Judge
Amy Roberts		Hendricks County Treasurer
Russ Lawson		Hendricks County Highway Superintendent
Walt Reeder		Hendricks County Plan Commission Director
John Tarantino		Hendricks County Engineer
Judith Wyeth		Secretary to the Commissioners

IN THE MATTER OF PROCLAMATION FOR PLAINFIELD QUAKERS FOOTBALL TEAM

Commissioner Ostermeier read a proclamation for the Plainfield Quakers Football Team in recognition of the team advancing to the final game of the Class 4-A Division High School Football finals on Saturday, November 25, 2000, in the RCA Dome, Indianapolis, Indiana. A signed proclamation was presented to coach Chuck Schwanekamp, four senior team players and two senior cheerleaders and proclamations were also sent back to Plainfield High School for each player, cheerleader, manager, coach and athletic director of this team.

IN THE MATTER OF CLERK'S OFFICE

The Commissioners recognized Hendricks County Clerk Sharon Dugan for receiving the Clerk of the Year award and Hendricks County employee Laura Herzog as the Election Worker of the Year award by presenting flowers to each. Commissioner Ostermeier commended both employees stating that Hendricks County was very proud to have received the Outstanding Clerk and Outstanding Election Worker this year and of Barb Ford who had received the Outstanding Assessor award last year.

IN THE MATTER OF SUPERIOR COURT I

Judge Bob Freese of Superior I stated that he had selected some of the older wood furniture that the County has in storage to use in his office and requested that it be refinished. There was discussion of obtaining at least two quotes for this work.

Judge Freese advised that he would be receiving two computers from the Prosecutor and requested that one be FAX compatible.

Judge Freese requested to have a speakerphone for his courtroom and three speakerphones for his office staff stating that the phone in the courtroom had not been upgraded when other Courthouse phones were done. There was a discussion of the phones in the Courthouse. Commissioner Clampitt moved to approve the request of Judge Freese and to refer to the Engineering Department to determine what is necessary for this request. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Judge Freese further advised that he has replaced the bailiff in his courtroom with a jail officer that will be wearing a uniform and be around for security.

IN THE MATTER OF TREASURER

Treasurer Amy Roberts requested a resolution to authorize the acceptance of quotes by out of County depositories and according to I.C. 5-13-9-5 she must request this resolution to allow for the soliciting of quotes and/or awarding of certificate of deposits from State approved depositories that are not located within our County boundaries stating that she had been contacted by one depository located in Greencastle that is interested in bidding on our CD's. This resolution would expire no later than two (2) years from the date that it is adopted and that it has been reviewed and approved by the County Attorney. There was discussion that the County would have to go with the highest quote and that would make Hendricks County banks more competitive, however, all Hendricks County depositors should be notified. Commissioner Clampitt moved to allow the request of the County Treasurer to go outside Hendricks County for quotes and to approve resolution No. 2001-2 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Treasurer Amy Roberts requested to place a drop box at the Government Center to better enable citizens to pay their taxes. and to place a notice on the box that it was only for tax payments and only by check or money order. There was discussion that Hendricks County citizens can pay their taxes in person, by mail, credit card or at several banking institutions within the County. It was further discussed that notices should be included with the taxes when sent this year informing the public of the tax paying options. Commissioner Clampitt moved to not allow a drop box at the Government Center for security reasons. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF THE PARK BOARD

Park Board President Bill Harrington introduced several members of the Park Board including Judie Hansen, Jerry Padgett, Ray Benson, Gary Emsweller and Paul Miner and requested a letter of support from the Commissioners to the Council in the amount of \$100,000 for the Kay Koch/Brian Malloy property on Big Walnut Creek in Eel River Township as a county park. Mr. Harrington made a slide presentation of this 128-acre parcel, including several buildings, and explained the various grants for which they have applied and of also obtaining the Glenn and Mildred Harlos adjoining property for a total park area of 233.5 acres. Gerald Padgett explained the 50/50 match from the federal government that requires a letter of support from the Commissioners. There was further discussion that the Indiana Department of Natural Resources will do an appraisal of the land, that this will be a nature park, there are approximately 100 tillable acres that could be rented and the rent used for maintenance, of equipment and maintenance needs, of insurance and of security. Councilman Kenny Givan inquired if funding could be obtained through the Tourism Commission. Laura Herzog stated that she lives on the adjoining property and would like to see this preserved in a natural setting. Bud Daum stated he was against taxpayer's money being used for parks. Commissioner Clampitt moved to send a letter of support for additional funding of \$100,000 to the County Council, if Hendricks County is in control. Commissioner Palmer seconded the motion and the motion was approved

unanimously 3-0-0.

IN THE MATTER OF IKON

John Warneke of IKON made a brief presentation on the equipment and service IKON offers for copiers and printers.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Steve Luther of Beam Longest and Neff presented, for consideration ,three agreements for the North/South Corridor. There was discussion of the Supreme Court decision, of wetlands, of changing design from 2-lanes to 4-lanes, funding, time delay for design, time frame and application. Commissioner Clampitt moved to have the Engineering Department review the three contracts/agreements with the County Attorney and to bring back next week. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY RENTAL PROPERTY

Orville Woody, Property Manager for County rental property, presented the following update:

100S CR 1050E, the renter has been removed, the well and septic have been secured, all outstanding bills paid and the keys turned over to the construction superintendent. There was discussion of the road access being shared by the developer.

839 South Tennessee Street in Danville, rent started 9-1-00 at \$550 per month, renter still owes \$250 rent for December, and rent is current for January and February. There was discussion that the utility company had torn up the yard, but repairs will be made when weather permits and before the grass is to be mowed.

Mr. Woody also advised the trust account had a year-end balance of \$7,452.76. There was discussion of the trust account. Commissioner Clampitt moved to keep funds in the trust account and that regular reports be made to the Commissioners. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EXTENSION OFFICE - PLAT BOOKS

Gary Emsweller explained the new plat books for Hendricks County had been prepared and presented one to each Commissioner.

The meeting recessed for lunch to resume at 1:10 PM.

IN THE MATTER OF AMO/COATESVILLE SEWER DISTRICT - APPOINTMENT

Receipt was acknowledged from Attorney Gary Wood of Notice of Board Vacancy for the Amo-Coatesville Sewer District, a Petition to Appoint Director to Fill Vacancy of the Amo-Coatesville Sewer Conservancy District Board and a Resolution Appointing Member to Fill Vacancy with a recommendation of Willard L. Steagall, PO Box 118, Coatesville, IN for Geographic District #3, temporary term to expire annual meeting 2002. Commissioner Clampitt moved to appoint Willard L. Steagall to the Amo-Coatesville Sewer Conservancy District Board for District #3 to fill the position until the annual meeting of 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PROCLAMATION OF TRI KAPPA 100TH BIRTHDAY

Receipt was acknowledged of a request from Chris Morphew for a proclamation recognizing Tri Kappa 100th

Birthday and proclaiming February 18 – 24, 2001, as Tri Kappa Week. Commissioner Ostermeier read the proclamation. Commissioner Palmer moved to approve the proclamation for Tri Kappa 100th Birthday as presented.

Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COVERED BRIDGE CERTIFICATION

Receipt was acknowledged of the Covered Bridge Certification from State Auditor Connie Kay Nass. It was the consensus of the Commissioners that the President signs the certificate that Hendricks County has NO covered bridges and to return to the State Auditor.

IN THE MATTER OF TORT CLAIM – MERANDA REED

Receipt was acknowledged of a tort claim from Lee, Burns, & Coswell, LLP for Meranda Reed for accident of September 15, 2000.

IN THE MATTER OF VETERAN’S REPORT

Commissioner Palmer moved to accept the January Veteran’s Report from Richard Bane. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY EQUIPMENT

Russ Lawson requested a date to open bids for previously approved highway equipment. It was consensus of the Commissioners to advertise for equipment on February 22 and March 1, 2001, for bid opening at 9:00 AM on Monday March 12, 2001.

IN THE MATTER OF TRAFFIC STUDY

John Tarantino presented a traffic study for Ashton Subdivision that was initiated for a citizen concerned about the number of speeders traveling through the subdivision. Staff recommendation was that due to the sight distance problems, numerous children playing, and the ability to reach high speeds on Watkins Drive, it is recommended that Ashton be declared an “urban district” and posted with 25 mph speed limit signs. The study referred to the following excerpt of a previous traffic study to support the proposed action in Ashton:

In the past, we have contacted Mr. Steuerwald (County Attorney) regarding the County’s authority to post minimum speed limits on streets in its jurisdiction. His response basically states that the county has the authority to post a speed limit no lower than 35 mph, unless it is declared an “urban district”.

I.C.9-4-1-58(b) “Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed permitted under this chapter for an urban district”.

The staff recommended placing four additional speed limit signs and stated that the new signs will clarify the speed limit to the drivers and help the Sheriff’s Department in enforcement of the area. Commissioner Clampitt moved, per staff recommendation and I.C.9-4-1-58(b), to declare Ashton an “urban district” as deemed by the Engineering Department and to post speed limit signs as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BRIDGE NO. 167

John Tarantino presented, for execution, the title sheet for Timber Bridge No. 167. It was the consensus of the Commissioners to sign the title sheet for Bridge No. 167 as presented.

IN THE MATTER OF WOODCREEK – CR 200 NORTH

A complaint relative to water standing in front of the Woodcreek Subdivision on County Road 200 North was referred to the Highway Department to review, monitor and to place “High Water” signs in that area.

IN THE MATTER OF SUBDIVISION BOND REVISIONS – MIP-661, MIP-657 AND MIP-711

Walt Reeder presented the following requests for subdivision bond revisions:

MIP-661: Duane Lane and Bob Bowman, based on the on-site inspection of this project the improvements were found to have been adequately maintained for the required one year period and recommend that the maintenance bond be released. Commissioner Clampitt moved, per staff recommendation, to release the maintenance bond for MIP-661 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

MIP-657: Richard Duncan, the developer through his engineer has requested a release of the performance bond amount and since the required improvements were completed during the fall of 1998, but the bond status change was not processed, the performance bond has remained valid, in an amount larger than the required maintenance bond, for time equivalent to the required maintenance period, therefore, based on an on-site inspection by the Planning and Building Department of the work completed, it is recommended that the performance bond be released and the maintenance bond requirement be waived. Commissioner Clampitt moved to approve the request to release the performance bond and waive the maintenance bond for MIP-657 as recommended by the Planning and Building Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

MIP-711: Orville Woody, the developer through his engineer has requested a release of the performance bond amount as the required improvements were completed during the summer of 1999, but the bond status change was not processed, and the performance bond has remained valid, in an amount larger than the maintenance bond required, for time equivalent to the required maintenance period, therefore, based on an on-site inspection by the Planning and Building Department of the work completed, it is recommended that the performance bond be released and the maintenance bond requirement be waived. Commissioner Clampitt moved to release the performance bond and waive the maintenance bond requirement for MIP-711 as recommended by the Planning and Building Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Mr. Reeder stated that he will check if sidewalks are in and if not he will come back next week.

IN THE MATTER OF CONTRACTOR’S COMPLETION AFFIDAVIT – MIP-772

Walt Reeder requested to accept improvements of Contractor’s Completion Affidavit and Inspector’s Certificate of Completion and Compliance for MIP-772: Linda Pyles. Commissioner Clampitt moved to accept the Contractor’s Completion Affidavit for MIP-772 as recommended by the Planning and Building Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PARK PLACE SUBDIVISION

Receipt was acknowledged of request from Lewis Engineering on behalf of the Park Place Development requesting a reduction of their bond from the current \$117,000 to \$60,000. Walt Reeder advised that he will check on

this request and report back next week.

IN THE MATTER OF BOND AFFIDAVIT

An affidavit to be paid from the bond of the Hendricks County Building Corporation was presented for equipment, which the Commissioners previously approved in the amount of \$191.25. Commissioner Clampitt moved to forward the affidavit for payment from the bond as recommended by the Engineering Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SPRINT TOWER GENERATOR

John Tarantino presented a draft letter to Indiana Power Service & Supply along with their copy of the signed, three-year agreement to perform the inspection and service preventative maintenance for the Hendricks County generator located at the Sprint Tower site near the Highway Department and advising of the need to contact the Engineering Department in order to unlock the enclosure, that upon completion of the preventative maintenance service performed and receipt of their invoice a claim will be submitted. Commissioner Palmer moved to accept the letter, as presented, to Indiana Power Service & Supply for the three-year service agreement and that President Ostermeier execute the letter. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EMERGENCY PAGING SYSTEM

There was discussion of employee training for the emergency paging system, the individuals that should be invited, who should have the access code and of involving the Sheriff office. Engineering Department will send a memo to all departments to decide the training date of February 21 or 22, 2001.

IN THE MATTER OF COUNTY HOME

It was consensus of the Commissioners to conduct the required quarterly inspection and have lunch at the Hendricks County Home on Tuesday, February 20, 2001.

IN THE MATTER OF TOWN HALL FORUM

There was discussion of holding the first Town Hall Forum at Plainfield. It was the consensus of the Commissioners that Commissioner Ostermeier will call Guilford Trustee Mick Hickam and Mary Benson of the Guilford Township Civic Association to set up a date and time in March.

IN THE MATTER OF GUILFORD TOWNSHIP INCOME GUIDELINES

Receipt was acknowledged of the Income Guidelines adopted by the Guilford Township Board on January 4, 2001.

IN THE MATTER OF INTERNAL REVENUE SERVICE

Nancy Marsh reported that the IRS matter has been resolved. and they have declared Hendricks County as free and clear with no interest or penalty,

IN THE MATTER OF CITIZEN COMMENTS - DR. WILLIS PARKER

Dr. Willis Parker expressed thanks for approval of the Park Board request. Dr. Parker requested that all adopted animals be spade or neutered.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve the claims #206153 thru 206165, #206172, thru 206187, #206190 thru 206496, #101301 thru 101694 and all-manual checks cut for January 2001, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

NOTE: Commissioner Palmer advised that she will be out of town Thursday thru Monday.

There being no further business the Commissioners' meeting recessed at 2:05 PM

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board convened at 2:30 PM with the following in attendance: Commissioners Ostermeier, Palmer and Clampitt, Greg Steuerwald, Stayce McClain, Theresa Lynch, Amy Roberts, Nancy Marsh, John Parsons, Cathy Grindstaff, Clint Stoutenour, David Gaston and Judy Wyeth.

Commissioner Palmer distributed the results of the Technology Board survey. There was discussion of the response to the survey.

Commissioner Clampitt stated that the Commissioners should be the Technology Board and meet each Monday immediately following the regular Commissioners' Meeting.

Greg Steuerwald responded to an inquiry if legal notice was required in order to establish a Technology Board and notice of meetings, stating that no legal notice is required for forming a board as the board is only an advisory board and that meetings can be a part of the regular Commissioners' agenda.

Prosecutor Pat Baldwin advised that she has received \$45,000 in grant money and explained the prosecutors computer system. Ms. Baldwin further stated that she got prices and decided which computers and equipment to purchase without the approval of John Parsons, and that she had received the computers within one (1) week after she signed the contract.

John Parsons explained problems created when computers and computer equipment were purchased without consultation of County staff stating that they are often not compatible with the system and requested direction on handling this matter. There was discussion of getting numbers together and approaching the Council for funding, and to encourage Windows 2000 countywide. There was also discussion of the computer problems at the animal shelter that is related to electrical problems.

The Board directed John Parsons to bring figures to the next Technology Board meeting on Tuesday, February 20 that would bring the total County computer system up to standard.

Commissioner Clampitt moved to recess at 3:25 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Judith Wyeth, Deputy Auditor

February 20, 2001

The Hendricks County Board of Commissioners met in regular session at 9:35 AM on Tuesday, February 20, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Greg Black	Acting Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Walt Reeder	Hendricks County Plan Commission Director
Todd Barker	Hendricks County Planner
John Tarantino	Hendricks County Engineer
Russ Lawson	Hendricks County Highway Superintendent
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF ZA-250/WA00-06: PRESTWICK DEVELOPMENT, LLC

Commissioner Palmer stated that due to possible conflict of interest with adjoining property and for the integrity of the Board and herself that she abstain from participating in this discussion and then left the room.

County Attorney Greg Steuerwald stated that due to possible conflict of interest in this request that he would not be involved and introduced Attorney Greg Black who would assist the County in all legal concerns relative to this matter, and Mr. Steuerwald then left the room.

Walt Reeder presented ZA-250/WA00-06: Prestwick Development, LLC a request for zoning change from R-1: Low Density, Single Family Residential District, R-2: Medium Density, Single Family Residential District and PUD: Planned Unit Development District to PUD: Planned Unit Development District for 338.44 acres located in Washington Township on the east side of CR 400E, on the northeast corner of CR 100S and CR 450E and on the west side of CR 525E at CR 100S. Mr. Reeder presented the proposed development plans stating that the current zoning of this parcel could be 876 units, however, this proposed development for the requested zoning would include only 580 residential units and further explained the amenities. During the public hearing for this zoning request 24 people spoke and 20 letters were received in opposition stating school crowding, increased traffic concerns, utility overload, dangerous railroad crossing, the extension of CR 100S would destroy wildlife, need to protect natural trees and beauty of the area, increased taxes, and protection of an old cemetery on this parcel, however, 256 registered letters were mailed. Mr. Reeder further stated that both the staff and Plan Commission gave this request a favorable recommendation of 5-0-1. There was discussion of this being for fewer houses than the current zoning.

Mike Sells, Project Engineer from Benchmark Engineering, advised that the developer has withdrawn the request for the county to fund the extension of CR 100S, including bridge, and that the developer has agreed to provide this at a cost for the bridge only of \$400,000-\$500,000 and that the Indiana Department of Transportation (INDOT) will make this railroad crossing signalized within the next six to nine months.

Ben Comer explained the proposed entrances and traffic flow.

Attorney Greg Black advised that the proposed plan meets all health, safety and welfare of Hendricks County

citizens.

The following citizens spoke:

Andy Pritchard, developer, explained the proposed stop signs to control traffic thru the area.

Robert Salter, expressed traffic concerns and requested that CR 100S not be extended as proposed and to find an alternate route and requested zoning be denied in order to leave this area untouched, however, if this zoning plan is approved he requested to eliminate the condos.

Shawn Mulinix expressed concerns for the railroad crossing, safety, requested that the entrance be moved or eliminated and concerns of homes being required to be only 50% brick front. Ms. Mullinix requested zoning amendments coming before the Commissioners to be heard at the fourth meeting, which is a night meeting, rather than being heard at the Commissioners' meeting following the Plan Commission, which is a day meeting.

Kay Grayson expressed concerns for overload on water and sewers.

Ben Comer stressed that this is currently residential zoning and this zoning will be a reduction in the number of units of the existing zoning, agreed to review entrances, and to stub one street for use as an emergency entrance ingress/egress for safety.

Mike Sells provided proposed road design.

Lee Comer stated road design included stop sign at the "T" as planned and presented.

Commissioner Clampitt stated that this road and bridge being built by the developer will save the County money, this is a reduction of 300 homes, to have roads looked at for safety, for other discussion of entrance road and interior road, to accept intersection as proposed, but entrances and island must be looked at by Plan Commission, that right-of-way is 60 feet rather than the customary 50, feet being 30 feet back to back, moved to approve ZA-250/WA00-06 Prestwick to PUD zoning as presented and recommended by staff and Plan Commission as Ordinance 2001-02 with the following self-imposed conditions:

1. The Parks at Prestwick development standards (Attachment "A") with the 2400 square foot minimum floor area in Parcel D being for two-story;

2. The Parks of Prestwick amenities and development details for zoning (Attachment "B") with the walking trails stipulated to be at least one mile in length and six feet wide connected to the Prestwick amenities paths on CR 525E and with the details of the tree preservation to be approved as part of the major plat approval;

3. Landscape buffering and amenities (Attachment "C") with the landscape buffer details to be approved as part of the major plat approval;

4. Entry treatments at each entrance (Attachment "D");

5. Fifty (50%) percent of homes in entire development to have a minimum of fifty (50%) percent brick or other non-vinyl materials on front elevations;

6. Any vinyl siding used shall be of a heavy gauge;

7. The direct access to CR 400E at the northwest corner of the project will be reduced to a temporary emergency access and a stub street to the west will be provided to the undeveloped property if determined to be acceptable by the Plan Commission;

8. The presence of islands within the CR 100S extension will be reviewed by the Plan Commission based on traffic and safety consideration and will only be allowed if the Plan Commission determines they can be done safely;

9. The tee intersection of CR 100S as shown on the conceptual layout.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Commissioner Palmer and Attorney Steuerwald returned to the meeting at 10:40 AM.

IN THE MATTER OF ZA-252/GU01-01: FRAZIER FARMS

Todd Barker presented ZA-255/GU-0-01: Frazier Farms zoning request to change zoning of 14.445 acres located on the east side of CR 1050E, approximately 0.33 mile south of the intersection of CR 700S and CR 1050E from R-1: Low Density, Single Family Residential District to C-4: Highway Commercial District in order to operate a landscaping business and to store landscaping equipment in a pole barn with self-imposed conditions. Mr. Barker advised that during the public hearing of February 13, 2001, it was noted that 26 letters of opposition were received along with a petition signed by 35 citizens against this request, along with historic groups in opposition, however, the petitioner did not attend the meeting and the Plan Commission gave an unfavorable recommendation of 4-0-1 as did the staff. Commissioner Clampitt moved, per Plan Commission denial, to deny the request of ZA-252/GU01-01: Frazier Farms. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZA-253/LB01-01: RON TEFTELLER

Todd Barker presented ZA-253/LB01-01: Ron Tefteller request for a zoning change of 0.3 acres from C-R: Neighborhood Commercial District to R-5: High Density, Multifamily District, located on the south side of Kentucky Street, east of Iowa Street within the Town of Clayton, which received an unfavorable recommendation from the staff as there is no zoning for this type and a favorable recommendation from the Plan Commission by a vote of 4-0-1. Mr. Barker advised that this parcel was previously zoned R-5, however, the previous owner had been approved on zoning request to change to commercial and now Mr. Tefteller, the current owner, would like to return to R-5 in order to return apartments to this building, Commissioner Clampitt moved to approve ZA-253/LB01-01 as Ordinance No. 2001-03, to go back to the previous zoning of R-5 per Plan Commission recommendation. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CEDAR RUN LIMITED – WINDBROOK, SECTIONS 1 & 2

Tim ShROUT of Cedar Run Limited came forward to explain the Plan Commission and staff stipulation that perimeter sidewalks must be installed around Windbrook Section 1 and 2 stating that they would prefer to donate the cost of these sidewalks to the park program, which he felt would be used to better benefit rather than these sidewalks that lead nowhere and would not be used as there are interior sidewalks that are used by the residents. Todd Barker explained the Plan Commission and staff position on requesting sidewalks and stated that these sidewalks are along 21st Street and Raceway Road, both heavily traveled narrow roads, and that sidewalks are needed for public safety. There was discussion of this requirement being placed on all major subdivision developments. It was the consensus of the Commissioners to deny this request to waive the sidewalk requirement.

IN THE MATTER OF WISHES TO BE HEARD - PAUL CRIPE

Attorney Ben Comer came forward as a “Wishes To Be Heard” to introduce Denny Southerland, Vice President of Paul Cripe Associates, to explain the services their firm and staff can offer.

IN THE MATTER OF RED CROSS FLAG

Receipt was acknowledged a of letter from Linda E. Suba of the American Red Cross requesting Hendricks County to fly the Red Cross flag during the month of March. Commissioner Clampitt moved to approve the request of the Red Cross to provide a flag and we will fly during the month of March. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HOOSIER HEARTLAND RC&D

Receipt was acknowledged of request from the Hoosier Heartland Resource conservation and Development (RC&D) Council to make an appointment from Hendricks County. Commissioner Clampitt moved to reappoint Meredith Kincaid, 7134W CR 250S, Danville, IN 46122, as the representative of the Hendricks County Board of Commissioners for the RC&D Council. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY BUSINESS

Russ Lawson reported that the Highway Crew is patching potholes, working on ditches causing water problems and cutting dead trees in the right-of-way. There was discussion of a problem called in relative to removal of trailer load of shingles left in a cul-de-sac.

IN THE MATER OF NORHT/SOUTH CORRIDOR

John Tarantino stated he had questions on the three supplemental agreements previously presented by Beam Longest and Neff relative to the North/South Corridor. John Tarantino explained the amendment for Environmental Assessment. Commissioner Clampitt moved to approve and sign the amendment. Greg Steuerwald stated that Beam Longest & Neff should check on the Supreme Court decision. Commissioner Clampitt removed his motion. There was discussion of the supplemental, of funding and changing the design from 2-lanes to 4-lanes as requested by the Task Force. Commissioner Palmer requested a meeting with the Task Force and the Commissioners. It was the consensus of the Commissioners that Walt Reeder contact the Economic Development Director and Task Force to set up a joint meeting.

The meeting recessed for lunch to have lunch at the County Home and conduct the quarterly inspection and to resume at 1:10 PM.

IN THE MATTER OF COUNTY HOME

Commissioner Ostermeier reported that all three Commissioners did the inspection at the County Home, enjoyed a good lunch and that Peggy Nichols, County Home Superintendent, reported to them that everything was working and requested no needs.

IN THE MATTER OF SHELTERING WINGS

Receipt was acknowledged of a request from Julie Randall to execute an emergency grant for Sheltering Wings. Commissioner Clampitt moved to approve and allow the President to sign the grant application for Sheltering Wings. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EMERGENCY MANAGEMENT – PROCLAMATION

Commissioner Ostermeier read Proclamation 3-04-2001 "Severe Weather Awareness Week" March 4-10, 2001, as

prepared by Jim Adams, Hendricks County Emergency Management Director. Commissioner Clampitt moved to approve the Emergency Management Proclamation of Severe Weather Awareness Week March 4-10, 2001, as presented, and for the President to execute, as it is a timely matter. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PARKING ON TOWN SQUARE

Receipt was acknowledged of a telephone message from Pat Baldwin, Prosecutor, relative to a note from the Danville Police Department stating that handicap parking on the Danville Town Square would be maximum two (2) hours and advising that she has a handicap employee that needs to park there during working hours. It was consensus of the Commissioners that the secretary check with the Town relative to an exception for this employee.

There was discussion of tickets John Parsons had received from the Town of Danville while parked on the ramp of the Courthouse, off the sidewalk, while unloading paper for the county.

IN THE MATTER OF PLANNING AND BUILDING – ZONING MAP

Receipt was acknowledged of letter from Mary Benson, of the steering committee for the zoning ordinance, requesting an appointee from the Commissioners to assist in drafting the zoning map for the county. Commissioner Clampitt moved to appoint Commissioner Ostermeier to assist with this project. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ANNEX

Receipt was acknowledged of a letter of February 8, 2001, from Dennis W. Dawes, President Hendricks Community Hospital, stating:

As requested, this letter is to inform the County that they may continue to use the Annex for storage purposes and that the hospital will give a ninety (90) day notice to vacate the facility.

IN THE MATTER OF INDIANA HERITAGE TRUST – PARK

Receipt was acknowledged of a letter from the Indiana Department of Natural Resources of February 12, 2001, inviting County officials to a meeting on March 2, 2001, at 11:00 AM at Fort Harrison State Park of the Indiana Heritage Trust Program to consider a project to purchase 233 acres for the first Hendricks County Park to be named "McCloud Nature Park" located on the Upper Big Walnut Creek in Eel River Township in Hendricks County (Project #229), the property will be owned and managed by Hendricks County.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve the revised minutes of the January 29, 2001, meeting. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

John Parsons gave a history of the previous Data/Computer Board and of the problems that were incurred when elected officials/department heads purchased equipment without knowledge or approval of John Parsons and that this equipment was often not compatible with the County system and cost both time and money to improvise. Mr. Parsons stated that the computer policy is being reviewed by the County Attorney and will present after his review

and comments.

It was the consensus of the Commissioners that future Technology Board Meetings be schedule at 1:00 PM on the Commissioners agendas for the first three Mondays of each month.

IN THE MATTER OF WEST CENTRAL CAC

Receipt was acknowledged of a telephone message from West Central Solid Waste relative to the Commissioner appointments to the West Central Citizens Advisory Committee (CAC) and if the current members should remain. Those members being Jim Davis of Twin Bridges, Gary Eakin, Town of Danville, Cathy Grindstaff, Hendricks County Director Environmental Health, Cal Davidson of Ray's Trash and Brad Hartz of 5709 Station Hill Drive, Avon, IN. Commissioner Clampitt moved to keep the same citizen advisory members for the West Central Solid Waste District as previously appointed by the Commissioners. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BROWNSBURG INTERLOCAL AGREEMENT

Greg Steuerwald acknowledged receipt of a draft Interlocal Agreement with the Town of Brownsburg . Commissioner Clampitt moved to respond to Brownsburg with a letter that the Commissioners would be willing and happy to meet with them at a later date. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING AND ZONING

Greg Steuerwald advised of a request granted by the Board of Zoning Appeals for a citizen to build an over-size building, however, the citizen falsified the application and they are currently trying to resolve this issue.

IN THE MATTER OF MANAGING NUISANCE BEAVER

Receipt was acknowledged of proposal for Managing Nuisance Beaver from James Inabnit, nuisance beaver trapper of 4782 N. CR 200E, Danville, advising of his services to remove destructive beaver that inflict county ditches and private property stating proposed cost of beaver removal \$50 per beaver and dam breaching \$100 per dam.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #206497 thru 206619 and #206627 thru 206639 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WISHES TO BE HEARD

There was discussion of changing the order of the "Wishes to be Heard" on the Agenda rather than to have citizens wait until the end of the meeting. It was the consensus of the Commissioners to add "Wishes to be Heard" at the end of the public portion of the agenda and to also list them at the end of the meeting agenda.

There being no further business Commissioner Clampitt moved to recess at 2:30 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

February 26, 2001

The Hendricks County Board of Commissioners met in regular session at 6:30 PM on Monday, February 26, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
Gregory E. Steuerwald		Hendricks County Attorney
Nancy Marsh		Hendricks County Auditor
David Gaston		Hendricks County Surveyor
James Adams		Hendricks County Emergency Management Director
Judith Wyeth		Secretary to the Commissioners

Commissioner Ostermeier opened the meeting with a quorum of two, led the Pledge to the Flag and requested Greg Steuerwald to lead a prayer for those who wished to participate.

IN THE MATTER OF SR ROAD 267 - FRANK HART

Frank Hart of 2307 South State Road 267, Plainfield, came forward to request support to connect the passing blister on SR 267, near his home, which he explained with a map. Mr. Hart explained this would be 1,000 feet from full width to full width and advised that this is a state project, however, now that the state is replacing a box culvert on SR 267 this would be the ideal time to connect these blisters as enhancement to the project to improve the traffic flow in this area, as stated in his letter of January 23, 2001, to Indiana Department of Transportation (INDOT) that he presented. Mr. Hart further stated that in a discussion with Ethan Wilson of INDOT, he was advised that the State would be more interested in addressing his concern if the County Commissioners were also interested.

Janie Thompson, 2448 South State Road 267, also expressed concerns stating this project will be taking a large portion of her front yard and the loss of trees will lower the property value of her home and presented pictures of her property location to this state road project.

Greg Steuerwald advised that this is a state project and that the county has no direct involvement in this project.

The Commissioners advised that the state will compensate for the loss of trees and of land required for this project, stated they will refer the matter to the County Engineering Department.

IN THE MATTER OF 4-H FAIRGROUNDS – BLEACHERS

Receipt was acknowledged of telephone message from Tim Whicker, Hendricks County Fair Board, requesting the 4-H fairgrounds bleachers issue be continued to the March 5, 2001, meeting.

IN THE MATTER OF PARK BOARD

Bill Harrington, President Hendricks County Park Board, introduced Chuck Leaman to discuss the 5-year master park plan advising that he has met with community leaders in focus committees to establish this 5-year and that they will meet the April 15, 2001, deadline to be submitted to the State.

Receipt was acknowledged of a letter from the Department of Natural Resources (DNR) informing of a meeting to be held Friday, March 2, at Fort Harrison relative to a grant for McCloud Nature Park.

IN THE MATTER OF NATIONAL DAY OF PRAYER

Sharon Monahan presented a request for a proclamation of National Day of Prayer for May 3, 2001, in Hendricks

County and advised that this is the 50th anniversary of the National Day of Prayer. Commissioner Ostermeier read the Proclamation as presented. Commissioner Palmer moved to accept the Proclamation dedicating May 3, 2001, as National Day of Prayer in Hendricks County. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Ms. Monahan requested use of the Courthouse this year for the service.

IN THE MATTER OF RAILS TO TRAILS - LEGAL AGREEMENT

Receipt was acknowledged of a letter of February 19, 2001, from Marka L. Burke of the Indiana Department of Transportation, along with proposed agreement to provide for legal services for CSX (B&O) Rail Corridor from Marion County Line to Putnam County Line stating that the agreement has been reviewed and approved by INDOT and that the Local Public Agency and the firm of Bose McKinney & Evans LLP are authorized to execute the two copies of this agreement. It was stated, for the record, that they have cancelled the County – Mary Solada contract and transferred the money to this contract. Greg Steuerwald advised that only the President need to sign the agreement. Commissioner Palmer moved to authorize Steven Ostermeier, as President of the Hendricks County Board of Commissions, to sign the agreement for legal services from Mary Solada to Alan Townsend as previously approved by the Commissioners on February 6, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Greg Steuerwald further advised that the County does not pay for these legal services.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve the claims of February 15 thru March 1, 2001, #101695 thru 102096, #206642 thru 206656, and #206660 thru 207012 as submitted. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF COMMUNITY COLLEGE

Receipt was acknowledged of a letter from Jerry R. Holifield, Superintendent of Plainfield Community Schools, informing of upcoming meetings on February 27 and March 13 to finalize the Post Secondary Education Task Force recommendation relating to the Community College.

IN THE MATTER OF TORT CLAIM

Receipt was acknowledged of a Tort Claim notice received from Nicholas C. Deets of Hovde Law Firm in on behalf of Mr. and Mrs. Robert Maxwell for injuries sustained by Robert E. Maxwell on November 15, 2000.

IN THE MATTER OF WEIGHTS AND MEASURES

Receipt was acknowledged of the February 2001 Weights and Measures Report from Charles Colbert.

IN THE MATTER OF INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT (IDEM)

Receipt was acknowledged of letters from Indiana Department of Environmental Management (IDEM) informing the County of:

A permit application from Lastec to construct force main and lift station in Pittsboro;
Hi-40 Mobile Home Park application to renew National Pollutant Discharge Elimination System Permit to discharge into White Lick Creek to the White River in Bridgeport, Hendricks County, which is being reviewed; and
Bethesda Baptist Church application to construct water and sanitary sewer connecting to the Town of Brownsburg.

It was the consensus of the Commissioners to refer the letters to Engineering and Planning.

IN THE MATTER OF SUGAR GROVE MEETINGHOUSE AND CEMETERY

Receipt was acknowledged of a letter of January 11, 2001, from Indiana Department of Natural Resources (DNR) advising that Sugar Grove Meetinghouse and Cemetery, NW corner of CR 700 East and CR 600 South, Hendricks County, Indiana, was entered in the National Register of Historic Places on September 22, 2000. The letter will be referred to the Engineering Department.

IN THE MATTER OF AIC CONFERENCE

Receipt was acknowledged of notice from the Association of Indiana Counties (AIC) that the annual conference has been moved from Evansville to the Westin and new Marriott Hotel in Indianapolis and the date has been changed to October 8-11.

IN THE MATTER OF RECOGNITION OF KATHLEEN HALL

Commissioner Ostermeier read the Certification of Election of Township Trustee of Kathleen Hall as Trustee of Liberty Township in November 1966. Commissioner Palmer moved to recognize and honor Kathleen Hall for her over thirty years of dedicated service to Hendricks County at the Commissioners' Meeting on March 12, 2001.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF HENDRICKS COMMUNITY HOSPITAL

Commissioner Ostermeier advised that the Commissioners and County Council had joined the Hendricks Community Hospital Board for an informative luncheon at noon today in the hospital conference room.

IN THE MATTER OF EMERGENCY MANAGEMENT

Emergency Director Jim Adams reported on a fuel spill in the northeast portion of Hendricks County on Wednesday, February 21, advising that IDEM and the Health Department were on the scene, that he has met with pipeline companies that are in the county, that they were very cooperative and are working to resolve the problem.

Mr. Adams advised that an emergency evacuation plan for the Government Center is in the works that will be posted in each office and that there will be employee training.

Mr. Adams stated that the emergency warning system will work with fiber optics as that will eliminate any monthly charges and he is working with staff on a list of those who will have access to the warning codes.

Dr. Willis Parker requested a letter of appreciation be sent to each pipeline company that helped with the spill. It was the consensus of the Commissioners that a letter be sent and requested Mr. Adams provide a list of those pipeline companies that should be contacted.

IN THE MATTER OF ANIMAL SHELTER

Dr. Willis Parker requested that as plans for the proposed animal shelter materialize, they establish drains for drainage to reduce labor and maintenance cost using partitions made of a glazed tile, that consideration be given to a

ventilation system that would turn over air four times each hour and that the funds donated by Margaret Hodson could be used for these items. Dr. Parker requested a reduction of euthanasia of animals to be more accountable for tax dollars and of have having veterinarians provide neutering service at time of adoption as this would save time and labor. There was discussion of the process of an animal designated for adoption to be taken to the vet for neutering and that the new owner picks up the animal at the vet and this would save the animal control staff a trip. It was the consensus of the Commissioners to give Dr. Parker authority to check and discuss this matter with the Humane Society and the vets in the County.

Commissioner Ostermeier explained his visit to the Montgomery County animal control facility, which was built at a cost of \$350,000 with an additional \$100,000 for fence and pavement of drives.

Mary Benson stated this cost was reasonable for an animal facility.

IN THE MATTER OF SURVEYOR - DRAINAGE CONCERNS

David Gaston came forward to discuss the problem of handling citizen complaints on drainage and to offer a solution to streamline the procedure by requesting that one person in the Surveyor's Office be designated to try to resolve drainage complaints. There was discussion that all drainage calls should go to the Surveyor's Office in order to determine if a legal drain is involved and the best way to resolve the problem. It was the consensus of the Commissioners that the Department of Public Works (DPW) employee go through the Commissioners on all drainage problems and that all drainage problems reported by citizens to the Engineering or Highway Departments be referred to the Surveyor and that the Surveyor then reports directly to the Commissioners to resolve all drainage issues.

IN THE MATTER OF LEGAL ISSUES

Greg Steuerwald advised that he will send a copy of the judgment relative to Brownsburg Patrons that went in the County's favor all the way to federal court and that the County won in a form similar to the decision the County won on the Ten Commandments. Also, that the court ruled in the County's favor to not pay the plaintiff's attorney fees. Mr. Steuerwald congratulated Attorney Andrew Warick, of Hume Smith Gedes Green & Simmons, on the handling of this matter on behalf of Hendricks County and requested a letter of appreciation be sent to Mr. Warick. It was the consensus of the Commissioners to send a letter of appreciation to Attorney Andrew Warick per request of Greg Steuerwald.

Commissioner Ostermeier entertained a motion to recess. Commissioner Palmer moved to recess at 7:50 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

March 5, 2001

The Hendricks County Board of Commissioners met in regular session at 9:05 AM on Monday, March 5, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy Marsh	Hendricks County Auditor
Walt Reeder	Hendricks County Plan Commission Director
John Tarantino	Hendricks County Engineer
Peggy Nichols	Hendricks County Home Administrator
Stayce McClain	Hendricks County Human Resource Director
Todd Barker	Hendricks County Planner
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF 4-H FAIRGROUNDS – BLEACHERS

Tim Whicker and Dean Turner of the 4-H Fair Board came forward to request the Commissioners to send a letter of recommendation to the Council for additional appropriation of \$90,000 to replace the bleachers on the east side of the arena with bleachers similar to ones that were replaced on the west side of the arena last year as the insurance carrier has advised that they are not insurable. There was discussion of legal notice for bidders and Greg Steuerwald referred the Fair Board to consult with their attorney. Commissioner Clampitt moved to send a letter to Council stating that the Commissioners look favorable on the request to replace bleachers at the fairgrounds and that the Fair Board proceed to obtain quotes/bids for bleachers contingent upon approval of funding from County Council. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Auditor Nancy Marsh advised that advertising for the April 3, 2001, Council meeting must be submitted by March 16, 2001.

IN THE MATTER OF TOWN OF AVON - PLANNING

Tom Klein, Avon Town Manager, introduced Town Board President, Greg Zusan to present a draft ordinance to establish a Joint Planning District for the unincorporated parts of Washington Township including a letter from the Board of School Trustees for Avon Schools. There was discussion of a joint planning district between the Town of Avon and the County to plan for the unincorporated area of Washington Township. Commissioner Clampitt stated that Avon had requested the County to not grant approval for any new zoning requests for Planned Unit Developments (PUD), however, the Town of Avon later approved a development with twice the density. Washington Township Trustee Gary Smith stated he agreed with the ordinance rather than to have two (2) separate districts. Commissioner Ostermeier explained the reason the Plan Commission looked favorably on joint planning is so the town would have a say in development of property adjacent to their town and their concerns for two separate districts within Washington Township and further stated that the Commissioners could appoint four members and the Town appoint three members to the joint district. Mr. Zusan stressed that they wanted this to be a cooperative effort for the benefit of the people. There was discussion if Avon or County standards would be enforced on planning and building requests, of possibly making the towns a part of the Area Plan Commission, of use variances, of zoning and of the comprehensive plan. Todd Barker stated that towns will be a part of the new zoning map. Greg Steuerwald requested

to meet with staff and move ahead. Commissioner Clampitt moved to set a meeting for Avon and Planning Staff to look at this draft ordinance and to bring back a recommendation. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Mr. Zusan further requested that the Avon Plan Commission look at both the Town and County planning standards and agree on the same standards. Greg Steuerwald stated to form a joint district that both the Town and County would have to hold a public hearing and both would have to approve the joint district.

IN THE MATTER OF SPRINT TOWER

John Tarantino advised that they are waiting for a legal description of the area near the Highway Garage where the Sprint Tower stands and further stated that the Sprint request for an additional 10 feet on the west side would be on the County Highway side and that he has no problems with the request, however, he will check further and bring back a recommendation.

IN THE MATTER OF SYCAMORE SERVICES - TELEPHONE

Pat Cochran, Director of Hendricks County Sycamore Services, came forward to respond to their telephone bill for February, stating that they had sold a building from the site and moved the telephone lines from the building, but they were not aware that Ameritech would consider this as a contract termination with a penalty and that he is checking with Ameritech to resolve. There was discussion that the telephone bill is the only utility bill that the County pays for Sycamore, of the \$80,000 funding that Sycamore receives annually and that Sycamore is a much needed service in the County. It was consensus of the Commissioners that the Sycamore Director, County Attorney, President of the Council and Commissioners reach an agreement on this matter.

IN THE MATTER OF WEED BOARD

Joyce McClain, Brown Township Trustee, requested that the Highway Superintendent and Surveyor attend Weed Board Meetings in order for them to be more aware of problems. Commissioner Clampitt moved to ask the County Surveyor and to request that the County Highway Superintendent attend the Weed Board Meetings. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF GUILFORD TOWNSHIP CIVIC ASSOCIATION

Receipt was acknowledged from Tony Perona, President of the Guilford Township Civic Association, expressing thanks for the proclamation recognizing their 30th anniversary and their appreciation for Commissioner Linda Palmer appearing in person to present the proclamation.

IN THE MATTER OF VETERANS' REPORT

Receipt was acknowledged of the February Veterans' Report from Richard Bane.

IN THE MATTER OF PARK BOARD - APPOINTMENT

Receipt was acknowledged of Hendricks Circuit Court appointment of Judith A. Hansen on March 13, 2000, to a one (1) year term and on March 26, 2001, to a new four (4) year term as a board member of the Hendricks County Department of Parks and Recreation.

IN THE MATTER OF TORT CLAIMS – DOWNING

Receipt was acknowledged of notice of Tort Claim from Kendall, Wood, Lowery and Kessinger for Barbara J.

Downing relative to accident of October 1, 2000

IN THE MATTER OF LITIGATION – ZONING

Walt Reeder presented notifications of litigation for several matters related to zoning issues.

IN THE MATTER OF INDIANA WORKFORCE

Receipt was acknowledged of a letter of February 19, 2001, from Lance D. Ratliff, Executive Director of the Interlocal Association, requesting the appointment of a Hendricks County business representative to fill a vacancy on the Circle Seven Workforce Investment Board (WIB). It was the consensus of the Commissioners to forward the application and request to the Economic Development Partnership and to all Chambers in the County.

IN THE MATTER OF INSURANCE – LIABILITY FOR COUNTY PROPERTY

Rich Jensen presented pictures of the buildings on the Butler Farm and advised that he has ordered liability insurance, but felt that most buildings are uninsurable and suggested that only one (1) building be insured at the actual cash value of \$5,000 and recommended to post signs and to tear down the other buildings. There was discussion of tearing down the buildings. Commissioner Clampitt moved to have the Health and Engineering Departments look at these structures and if there no problems with Environmental to have the Highway Department level the buildings so that the County is not liable in any manner. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of the liability insurance on the house the County owns on CR 1050E which the contractor has agreed to purchase and move, but is still standing, and for which the County has received no funds. Rich Jensen stated that the County needs to be off of this property completely, however, there will still be liability coverage for the ground. It was the consensus of the Commissioners that the County Attorney work with Orville Woody, Project Manager, and contractor to resolve and to remove this structure.

IN THE MATTER OF LEASE OF FARM GROUND

There was discussion that the 122 tillable acres of the Butler Farm should be advertised for lease of the farm ground and that water is available as there is a fire hydrant on the property. Commissioner Clampitt moved to approve to advertise Notice to Bidders for farm lease of 122 acres. Commissioner Palmer seconded the motion and the motion was approved unanimously. 3-0-0. Rich Jensen requested to be informed the name of the renter for his records.

IN THE MATTER OF NEEDS ASSESSMENT

Announcement was made of the informational all-day meeting of the Needs Assessment for correctional facilities for Hendricks County to be held on Saturday, March 10, 2001, beginning at 9:00 AM in Rooms 4-5 of the Hendricks County Government Center.

IN THE MATTER OF BRIDGE INSPECTIONS

Receipt was acknowledged of the Bridge Inspection Book Report and Commissioner Ostermeier requested a copy be presented to the County Council for review. John Tarantino stated that there are bridge projects scheduled to be built, what we can fund from cum bridge, and to replace bridges with the lowest sufficiency rating first and also that

all bridges except #82 have been addressed.

IN THE MATTER OF ENGINEERING

John Tarantino advised that he had submitted his Letter of Resignation as County Engineer on March 2, 2001, with his last day of employment being Thursday, March 15, 2001. Mr. Tarantino requested direction as to who is to sign the plats and road cut permits after he leaves as there will be neither County Engineer nor Assistant Engineer. There was discussion of the process for checking requirements on the plats and cut permits before signing stating that until last year the Commissioners signed all road cut permits, however, this was changed in order to save time during the Commissioners' meetings and that it helped the contractors start their projects more quickly, especially in emergency situations. Mr. Tarantino stated that Lori Vittetow checked all plats with a check off list and then rubber-stamped with signature, not a PE seal, that Steve Haltom used a check off list for road cut permits, but they need a final signature. It was stated that Ms. Vittetow knows the process and has a check off list to verify that all requirements have been met and completed. There was discussion whether the County Surveyor could check and sign permits. Commissioner Palmer made a motion to accept the resignation of County Engineer John Tarantino effective March 15, 2001. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented a list of four accounts and requested that these be written off as a schedule of bad debts as all have left residency at the County Home. Commissioner Clampitt moved to write off the bad debts at the County Home in the amount of \$1,955.99 as presented and requested by the Administrator of the County Home. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Peggy Nichols inquired if she could run background checks on employees. Stayce McClain stated that she could go through the Sheriff Department to run background checks. Commissioner Clampitt moved to allow the County Home Administrator to do background checks on all new employees and to go through the Sheriff Department. Commissioner Palmer seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Steve Luther of Beam Longest and Neff addressed the three amendments, No. 6, 7 and 8, which he had previously presented for consideration for the North/South Corridor. No. 6 for environmental work along the corridor; No. 7 to change the plans from 2-lanes to 4-lanes from CR 100N to 200N and No. 8 the Corridor from US Highway 36 south to the bridgework with INDOT and the developer. There was discussion of taking another look at the corridor, of the supreme court decision, and if funds were available to do this all at one time. Jim Johnson of Beam Longest and Neff further explained these proposed changes. Commissioner Clampitt moved to approve the amendments subject to several conditions then withdrew the motion. John Tarantino stated that they are negotiating fees. Commissioner Clampitt moved to approve discussion of fees with the Engineering Department and the third parties on this cost and man-hour justifications subject to approval of the county attorney and Engineer then withdrew the motion.

Commissioner Ostermeier suggested a conference call with Dennis Falconberg, INDOT and Congressman Brian

Kerns' office stating that Congressman Kerns felt this is a high priority and that the Elected Officials Task Force has indicated they felt the need for 4-lanes from US Highway 36 to CR 200N. Harold Gutzwiller, Executive Director of Economic Development Partnership stated he preferred to go to Congressman Kerns for this 4 ½ - 5-mile stretch of the proposed North/South Corridor for 4-lanes from US 36 to CR 200N and to request a special allocation for transportation at one time would be more sellable than going for smaller stretches at different times, however, Congressman Kerns must submit this request by April 1. Jim Johnson further advised that this road would need to be thicker than originally designed. Commissioner Clampitt suggested to take this forward and discuss with the Elected Officials Task Force for further advice. Steve Luther stated they would add the additional supplemental pages to No. 7 and bring back No. 6, 7 and 8 next week. It was the consensus of the Commissioners to request Harold Gutzwiller to set up a meeting with the Task Force.

IN THE MATTER OF HIGHWAY

Russ Lawson advised the Highway Crew is working on potholes and have all trees in the right-of-way cut as planned. Commissioners Ostermeier relayed a message of thanks to the Highway Department from Mrs. Baker of CR 900N.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVITS – MIP-846 & SOUTHERN RIDGE

Walt Reeder presented a Contractor's Competition Affidavit for MIP-846: Bassett and Neir, and requested acceptance of improvements stating there is no maintenance bond. Commissioner Clampitt moved, per recommendation of the Planning Director, to accept the Contractor's Completion Affidavit as presented for MIP-846. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Walt Reeder presented a Contractor's Completion Affidavit for Southern Ridge, Lambert Excavating, Inc., requesting acceptance of improvements and to request a maintenance bond in the amount of \$59,124. Commissioner Clampitt moved, per recommendation of the Planning Director, to accept Southern Ridge and request a maintenance bond of \$59,124 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND FORFEITURE – MIP-628

Walt Reeder presented a request for forfeiture of the Cashier's Check for MIP-628: Webb since the prescribed improvements have not been completed and due to the length of time since approval was granted for this development. Commissioner Clampitt moved, on the recommendation of the Planning Director, to forward the letter of forfeiture to National City Bank and to sign the Cashier's Check as presented for MIP-628: Webb. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF UNCLAIMED PROPERTY

Walt Reeder advised that he had checked with the Treasurer relative to unclaimed property and that it is not the same individual, but has now been submitted to the appropriate people.

IN THE MATTER OF PLANNING DIRECTOR – RESIGNATION

Walt Reeder presented letter of resignation dated March 5, 2001, effective April 5, 2001, along with claim for 30 days of vacation at \$6,849.00, a claim for comp time of 152 hours at \$9.62 for \$1,462.24 and will use 161 work hours of flex time between now and April 5, 2001. Commissioner Palmer ask Stayce McClain if she had reviewed and approved this information. Ms. McClain advised that these claims met all county policies. Commissioner Palmer moved to accept the resignation of Walt Reeder as Plan Commission Director effective April 5, 2001, with claims submitted. Commissioner Ostermeier seconded the motion and the motion was approved 2-1-0 with Commissioners Palmer and Ostermeier voting aye and Commissioner Clampitt voting nay.

IN THE MATTER OF HUMAN RESOURCES

Stayce McClain requested approval to attend a two day seminar in Brown County, to stay overnight and that the Commissioners pay the \$175 registration and \$64 overnight accommodations from their budget. Commissioner Palmer moved to allow Stayce McClain to attend this conference in Nashville and pay for all accommodations. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TELEPHONE SYSTEM

Jeff Johnson of Johnson Associates, presented Confirmation of Service order – General Business Services, Exchange Dedicated Communication Services, Base Rate, Fractional DSI, DSI and D53 Services; Ameritech ISDN Prime Confirmation of Service Order; Centrex Letter of Election and Letter of Agency for Hendricks County Government; Addendum to ISDN prime & DSI Confirmation of Service Orders; for execution and advised that the original estimated savings was \$80,000, however, the system will actually save the County \$35,000 to \$40,000 over a Five-year period. Commissioner Clampitt moved to sign all contracts presented subject to approval of the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUPERIOR I DOOR

John Tarantino reported that Judge Freese of Superior I had requested to replace the blinds on the entrance door to Superior I with drapes and now would prefer fabric blinds. It was the consensus of the Commissioners for the Engineering Department to check for additional quotes and bring back a recommendation.

IN THE MATTER OF ANIMAL SHELTER

Receipt was acknowledged of request from Mary Anne Lewis of a mini 10' X 16' storage barn for animal shelter that can be assembled by the Engineering Department and requested how to best fund if request is granted. There was discussion of possibly using the donation fund and of the area to place, as the animal shelter is currently an infringement on PSI easement. It was the consensus of the Commissioners that the Engineering Department research a location.

IN THE MATTER OF THE BOND

Receipt was acknowledged of a request from Clint Stoutenour of the Engineering Department for Level II Autocad training to be paid through the Bond for the Building Corporation from bond money that has been set aside for computer training and that the training will run \$3,000 for the class and class materials for up to 8 seats. Commissioner Clampitt moved to approve the request for Autocad training and forward the request to the Bond

Trustees for consideration. Commissioner Palmer seconded the motion and the motion was approved unanimously

3-0-0.

The meeting recessed for lunch to resume at 1:10 PM.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #47680 thru 47713, #207013 thru 207022 and all manual checks cut for February 2001 as submitted. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PROCLAMATION BETHESDA BOYS AND GIRLS BASKETBALL

Commissioner Ostermeier requested a proclamation for the boys and girls basketball teams of Bethesda School for winning the IACS state championships on March 3, 2001. Commissioner Clampitt moved to declare a proclamation for both the boys and girls Bethesda basketball IACS championship. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TRI-WEST DECATHALON CHAMPIONS

Nancy Marsh announced that the Tri-West High School Decathlon team had won the state championship for small schools and would compete in the nationals in Alaska. Commissioner Clampitt moved to declare a proclamation for the Tri-West state decathlon champions. Commissioner Palmer seconded the motion and the motion was approved unanimously. 3-0-0.

IN THE MATTER OF STATE ROAD 267 PROJECT

Commissioner Ostermeier reported on the citizen concerns expressed at the February 26 Commissioners' meeting relative to adding blisters on State Road 267, which is a state project, stating that INDOT reported that only two people had requested a public hearing and, therefore, due to the lack of interest, they had met with them individually rather than schedule a public hearing.

IN THE MATTER OF DUNN AND BRADSTREET – FINANCIAL REPORT

Nancy Marsh inquired if a request from Dunn and Bradstreet for a financial report of Hendricks County should be completed and returned or to not respond. It was the consensus of the Commissioners to not participate in the request.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 1:25 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 2:00 PM.

John Parsons updated technology requests, problems, concerns, solutions, employee training, and problems with New computers in Prosecutor's Office, of need for a list of computer equipment needs and advised that the Computer Policy Procedure has been referred to the County Attorney for review and when approved will give a copy to each Commissioner. There was discussion of the computer long-range plans. It was the consensus of the Commissioners that John Parsons make emergency decisions on computers and other computer problems be referred to the Commissioners for approval and always bring "FYI" on computers for their information.

Commissioner Clampitt moved to recess the Technology Board at 2:55 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Ostermeier will discuss this matter with the Sheriff and Highway Departments.

Commissioner Ostermeier requested the County Coroner to make a report of the number of runs they make a year in order to justify their vehicle needs and costs, There was discussion that County vehicles are funded from housing state inmates. It was the consensus of the Commissioners to send a letter to the Coroner to come in with figures next week, March 19.

There was discussion of the request of Emergency Management for a 4-wheet-drive vehicle to better serve the County in times of emergencies.

There was discussion that several County vehicles, including some in Engineering, are not marked with the County seal or department name. It was the consensus of the Commissioners to send a memo to all elected officials/department heads to remind them that all County vehicles need to be marked and that they need to contact the Commissioners' Office. Colonel Stoddard advised he would check to be sure vehicle signs are available.

IN THE MATTER OF HIGHWAY DEPARTMENT

Russ Lawson reported that County Road 1050E near the Boone County line is in need of repair due to Boon County farmers carrying heavy loads of grain. Mr. Lawson further advised that the Highway Department is working on a culvert on CR 700S.

IN THE MATTER OF CONTRACTOR'S – CUT PERMITS

Leanna Alverson reported that there is an excavating firm that has again started work without obtaining a cut permit. The first time this firm was in violation they started work and then came in for a permit the County reprimanded them and now the Engineering Department is requesting direction on this second violation. Greg Steuerwald advised either a maximum fine or a warning advising that if this happens again they will be denied the right to get a permit in Hendricks County. Commissioner Clampitt moved to send a letter to this firm and state that if they violate the Cut Permit Ordinance again they will be pulled from the list in the Engineer's Office. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISIN BOND REVISIONS – MIP-604

Todd Barker presented a request for MIP-604: Beam, to release the performance bond and to waive the maintenance bond as it would be under \$1,000. Commissioner Clampitt moved, per staff recommendation, to release the performance bond and waive the maintenance bond for MIP-604 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING DEPARTMENT

Todd Barker requested direction on handling matters in the Planning and Building Department in the interim of Planning Directors for signature on development plans, of payroll, claims and County plats. There was discussion that some of these duties were administrative that Todd Barker could handle if he felt comfortable with them, of staff duties and of the planning process. Commissioner Clampitt moved to request the Plan Commission to approve the Commissioners recommendation to appoint Todd Barker as Interim Administrator and that he sign any administrative

duties in the Planning Department. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

Todd Barker explained some engineering problems on minor plats. There was discussion of this process and requirements. It was the consensus of the Commissioners that Todd Barker submit letters to the Commissioners for consideration if he felt there were outside his scope.

There was discussion of signing the staff letters for Plan Commission as there are currently only two of the four staff members to sign these letters. It was the consensus of the Commissions that Todd Barker be the third signature on all staff issues.

Todd Barker presented zoning violations from Zoning Inspector Paul Wilson and stated that these require the director's signature. It was the consensus of the Commissioners to follow the same procedure as previously approved relative to administrative planning matters and to have the County Attorney review the zoning violations and that Todd Barker then sign these violation notices.

IN THE MATTER OF YARD WASTE

A claim for yard waste site expenses was submitted for Plainfield Electric \$34.62, Danville Electric \$80.71, Brownsburg Electric \$28.96, Tri West Adopting Group \$100.00, CODA Adopting Group \$100.00, and Wages – YW Tree Program \$57.75 for a total of \$402.04. Commissioner Clampitt moved to send the claim to the West Central Solid Waste District to be paid from Special Projects. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Receipt was acknowledged of letter of March 6, 2001, from Jane Collisi of West Central Solid Waste District requesting a recommendation to fund 50% of replacing the woodbins with concrete bins at the Brownsburg yard site. The letter further stated that in 1999 the Special Projects Fund reimbursed the Town of Danville for construction of the Danville yard waste site. It was the consensus of the Commissioners to refer to the Engineering Department to review and that a letter be sent stating that when an invoice is received a claim will be submitted in the amount of \$9,000, to be funded from the Special Projects Fund.

IN THE MATTER OF ENGINEERING - DPW ASSISTANT

Leanna Alverson requested to start the new Assistant DPW employee, John Tidd, at a grade 8, which starts at \$13.34, however, would like to start him at \$12.50 and to increase in six months to \$12.80 at that time, also that he does not have a CDL license at this time, but has had one in the past and will proceed to obtain one. Commissioner Clampitt moved to allow this employee to be hired at the amount stated, that he obtain a CDL license within sixty days and to bring in for review in six months for a possible salary increase. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ANIMAL SHELTER

Leanna Alverson presented a drawing of the easement where the animal shelter is currently located and explained where the requested 10 X 16 storage building would be placed, stating that the storage building would be assembled by the Engineering Department, that it is a portable building which can be moved to another location if needed and could be funded from the 405 building line. Commissioner Clampitt moved to transfer funding from 405 to animal shelter and have the DPW employee of the Engineering Department construct as requested and that this storage building can be used in other areas. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND TRUSTEES - FURNITURE

Leanna Alverson requested to transfer funds from the GIS computer line in the building corporation bond to Government Center furniture to meet requests from elected officials/department heads for additional furniture. It was the consensus of the Commissioners to approve the request for transfer of funds from the bond for furniture and to forward to the Bond Trustees for review.

There was discussion of the missing burgundy cushion chairs from rooms 4-5. It was the consensus of the Commissioners that all offices be checked in an attempt to locate the four missing chairs from rooms 4-5 before replacement chairs were ordered.

Leanna Alverson, in response to a previous inquiry of purchasing slightly damaged furniture, presented a list of responses from seven office furniture vendors stating they do not have a scratch and dent furniture section, however, Office Works does have a furniture surplus stock that we could obtain needed items at a discount if they have the needed item in surplus.

IN THE MATTER OF COMPUTERS

There was discussion that computers had been purchased on the basis of a submitted quote, however, when the invoice was received it was more than the quote. It was the consensus of the Commissioners to stand by the original quote submitted.

IN THE MATTER OF TELEPHONES

Jeff Johnson of Johnson Associates explained additional telephone change orders and various problems they had encountered. A list of twelve-requested change orders, for an additional \$15,766.62 was presented stating that the total change order amount to date was \$24,166.62. There was discussion of these requests and of checking to determine if the fiber optic line had been cut at Stratford Ridge Development in Danville, changes at the Courthouse, departmental requests to upgrade phones should be from their budget and to keep that same policy for the other building that were being adopted for the Government Center, also that the Recorder's Office was overlooked, however, the Center Township Assessor telephone changes should be from their budget. Commissioner Clampitt

moved to approve all items presented with the exception of #10, wiring of cordless phone at the museum, after the County Council approved funds. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to allow the draft letter be sent to the Council for additional funds in the amount of \$36,180 for these telephone change orders, contract supplements, fiber optic line testing and repair as these funds were turned back to the County at the end of 2000. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENGINEERING

Leanna Alverson requested direction in signing engineering plans in the absence of a department head in the Engineering Department, adding that she and Elnora Servies do vacation and payroll. Commissioner Clampitt moved to appoint Leanna Alverson as the intermittent manager in the Engineering Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of contracting engineering services to review plans in the interim of a County Engineer and the firms of both American Consulting Engineers and Beam Longest and Neff were suggested. Commissioner Clampitt moved that at the Commissioners request the Engineering Department send Requests for Proposals to Beam Longest and Neff and to ACE for them to provide cost for services for "on call reviews" at an hourly rate. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Ostermeier stated the County has received several resumes for both County Engineer and County Plan Director and inquired if they should review now or wait and set a date to start the review process. It was the consensus of the Commissioners to stop advertising for both the Engineer and Planning Director positions on March 31, 2001. Commissioner Ostermeier stated that the Plan Commission wants to work on the appointment of a new Plan Commission Direction with the Commissioners. It was consensus of the Commissioner that they will check and review applications for both positions.

IN THE MATTER OF REGIONAL SEWER BOARD

Receipt was acknowledged of a request from Cathy Grindstaff for an executive session of the Regional Sewer Board at 8:00 AM on Friday, March 16, 2001, relative to AquaSource. It was the consensus of the Commissions to hold an executive session, as requested by staff, and that the County Attorney would provide the numbers from the Indiana Code for the posted agenda.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #102097 thru 102499, #206056 thru 207290 and #207033 thru 207049 as submitted. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SALARY ORDINANCE

Auditor Nancy Marsh presented for execution the Salary Ordinance and advised that this has been advertised as required. Commissioner Clampitt moved, per recommendation of the Auditor, to approve and execute the Salary Ordinance. Commissioner Ostermeier seconded the motion and the motion was approved unanimously. 3-0-0

IN THE MATTER OF TORT CLAIM

Receipt was acknowledged of a tort claim from Boren & Oliver relative to injuries sustained on October 30, 2000, by Gregory L. Ringer.

IN THE MATTER OF INDIANA HOUSING FINANCE

Receipt was acknowledged of report from the Indiana Housing Finance Administration.

IN THE MATTER OF PLAINFIELD LIBRARY

Receipt was acknowledged of agenda, minutes, and information from the Plainfield Library, which will be available for reference in the Commissioners' Office.

IN THE MATTER OF JAMESTOWN PLEASANT ACRES

Receipt was acknowledged of a colorful brochure of the Jamestown Pleasant Acres Nature Park, which is located in the northwest corner of Hendricks County.

IN THE MATTER OF LEGISLATION

Receipt was acknowledged of a fax from David Bottoff, Legislative Director of Association of Indiana Counties, of HB1894 relative to annexation by Avon, which is sponsored by Representative Matt Whetstone from Brownsburg.

IN THE MATTER OF SPRINT TOWER

Greg Steuerwald explained this separate amendment to the lease agreement from Sprint with Verizon and that the County will divide equally any rent received from this Amendment to Tower Site Lease Agreement and advised that the Engineering Department has advised that the area where this will be located near the Highway Garage is acceptable. Commissioner Clampitt moved to approve the Sprint Tower Site Lease Agreement as reviewed and approved by the County Attorney and Engineering Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to approve President Ostermeier to execute this amended agreement with Sprint. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve the minutes of February 5, February 12, and February 20, 2001, with corrections. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess the Commissioners' meeting at 12:05 PM for lunch to resume with the Technology Board at 1:00 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The following staff members joined the Technology Board”

Theresa Lynch Hendricks County Recorder
Barbara Ford Hendricks County Assessor
Clint Stoutenour Engineering Department
Janelle Bollman Network Administrator

John Parsons presented a list of 16 computer concerns. There was discussion of this list of concerns. Mr. Parsons stated that six of the listed goals had been met at this time. There was discussion of working with the State to set up a Web page, to obtain cost for training an employee in the Computer Department to train other employees, to determine if money was available, to establish a priority list, of conflicts between operating systems, difficulties with the Prosecutor's new equipment, and anti-virus protection. Greg Steuerwald stated he has the computer policy for review. There was further discussion of training and that Lana Pedigo is trained on judicial and gavel, but cannot train staff in the areas they need training and Clint Stoutenour stated he did not have time to train. It was stressed that Janelle is working with Clint as a team. There was also discussion to have the subdivision developers provide discs of new land splits and subdivisions. There was discussion of a work order being completed and given to the Computer Department from Department Heads/Elected Officials with a copy for the Commissioners.

Theresa Lynch advised that her department has leased computer equipment with funds from their perpetual fund and that it had been done with knowledge and approval of the Computer Department.

Amy Roberts requested that three dumb terminals in the Treasurer's Office be replaced with three PCs and that they are through the A-7, also a laser printer to go with the new PCs. There was discussion of programming. Commissioner Clampitt moved to have John Parsons look at the cost of three new PCs for the Treasurer's Office, of networking and to bring back next week for Windows 2000 and Excel. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Mr. Parsons stated the County has Unisys, Gateway and H-P computers and there was discussion of considering Dell and Gateway computers for these new computers. Mr. Parsons stated Voter Registration had Gateway and they created lots of problems.

Barbara Ford stated she would need to have her equipment upgraded for the new software.

Leanna Alverson advised she has not had a chance to draft the Request for Proposals for record preservation.

There being no further business Commissioner Clampitt moved to recess the Technology Board at 2:10 PM.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

ATTEST: _____
Judith Wyeth, Deputy Auditor

March 19, 2001

The Hendricks County Board of Commissioners met in regular session at 9:10 AM on Monday, March 19, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald		Hendricks County Attorney
Nancy L. Marsh		Hendricks County Auditor
Patricia Baldwin		Hendricks County Prosecutor
Roy Waddell		Hendricks County Sheriff
Russ Lawson		Hendricks County Highway Superintendent
Todd Barker		Hendricks County Planner
Steve Stoddard		Hendricks County Sheriff Department
Leanna Alverson		Engineering Department
Steve Maxwell		Engineering Department
Judith Wyeth		Secretary to the Commissioners

IN THE MATTER OF HIGHWAY BIDS

Russ Lawson reported that he had reviewed the quotes/bids received and opened last week for advertised highway equipment and requested to award quote for the tractor to Speedway New Holland as it was the lowest submitted quote that met specs. Commissioner Clampitt moved, per recommendation of the Highway Superintendent, to award the tractor quote to Speedway New Holland as the lowest, most responsible and responsive quote received.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson requested to award the quote for the mower to Deeds Equipment as it was the lowest quote submitted. Commissioner Clampitt moved, per recommendation of the Highway Superintendent to award the quote for the mower to Deeds Equipment as the lowest, most responsible and responsive quote received. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson requested to award the quote for the pick-up truck to Smart Ford as the lowest quote submitted. Commissioner Clampitt moved, per recommendation of the Highway Superintendent, to award the quote to Smart Ford for the pick-up truck as the lowest, most responsible and responsive quote received. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson requested to award the quote for the sport utility vehicle (SUV) to Smart Ford as the lowest quote submitted. Commissioner Clampitt moved, per recommendation of the Highway Superintendent, to award the quote for the SUV to Smart Ford as the lowest, most responsible and responsive quote received. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson requested to award the bid for the tandem truck to Speed International as they were the lowest bid submitted. Commissioner Clampitt moved, per recommendation of the Highway Superintendent, to award the bid for the tandem truck to Speedway International as the lowest, most responsible and responsive bid received.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CORONER

Coroner Jason Matthews made a presentation on County owned vehicle usage by the Coroner's Office stating that the County owned sport utility vehicle (suv) and Crown Vic were purchased at the state bid, the van was purchased used and is for transporting bodies. Mr. Matthews further advised hat he drives the suv, the Ford Crown Vic is driven by his father, Chief Deputy Steve Matthews, and the van by Deputy Jeff Murphy all for personal use as they are on call 24 hours a day. There was discussion that a third deputy, Tom Drake, had requested a rental vehicle through the County, but the Commissioners did not approve that request. The Coroner and the three deputies have investigated 421 cases during the last four years, made 90 body transports and had 12 off-road investigations. Prosecutor Pat Baldwin stated the Coroner must do a professional job in order for her to make presentations to the court and jury. Roy Waddell stated that vehicles were purchased from the Sheriff Vehicle Fund which receives funding from the housing of state inmates. Paula Burton, citizen, spoke in support of the Coroner's Office. There was discussion of all county vehicles having the County seal and that the previous Board of Commissioners had excluded the Coroner's Office from this requirement in order to be considerate of citizen feelings when a vehicle with "Coroner" seal approached them. Mr. Matthews stated that they could place a small "Coroner" seal in the rear window of the County Coroner vehicles. Commissioner Clampitt moved to do nothing different with the Coroner's Office and to not put the county seal on coroner vehicles. Commissioner Palmer seconded the motion and the motion was approved 2-1-0 with Commissioners Clampitt and Palmer voting aye and Commissioner Ostermeier voting nay.

Dr. Willis Parker suggested the Coroner pay mileage for personal use.

IN THE MATTER OF SHERIFF

Commissioner Clampitt moved to allow the request of Sheriff Waddell to continue his presentation of a new jail complex to the next meeting. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF VAN AUSDALL AND FARRAR

Brad Atkinson of Van Ausdall and Farrar introduced his firm and made a brief presentation of office equipment and services provided by Van Ausdall and Farrar.

IN THE MATTER OF CALDRON BROTHERS VENDING

Bob Rose of Caldron Brothers Vending advised that the snack and soft drink machines in the Government Center and Courthouse have been profitable, however, the cold food machines were not and requested to pull these food machines. There was discussion of removing the food machines. Commissioner Clampitt moved to allow Caldron Brothers to do whatever is necessary to make profitable, to remove or replace, as necessary. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BELLEVILLE CONSERVANCY DISTRICT

Shannon McLeod of Priority Project Resource explained the need for this grant for the Belleville Conservancy through the Department of Commerce for low-income areas and requested the Commissioners to sponsor and sign

this grant application at no cost to the taxpayers of Hendricks County. Ms. McLeod further advised that this grant will fund 90% of the conservancy replacement/expansion and that it meets guidelines as there are no other Hendricks County grants with the Department of Commerce. Commissioner Clampitt moved to approve and allow the President of the Commissioners to sign this grant application, when presented for the Belleville Conservancy, subject to review and approval by the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Steve Luther of Beam Longest and Neff explained the previously presented supplemental agreements No. 6-8 for the North/South Corridor and Steve Maxwell advised that the Engineering Department has reviewed these agreements. Mr. Luther advised that only No. 7 is being considered for action today, that being for modification of North/South Corridor from US 36 to CR 200N to revise the existing construction plans and documents for the North/South Corridor to a four (4) lane section. The total compensation paid for the Consultant for the services described in Supplemental Agreement 7 shall not exceed \$273,100 without written consent from the County and except as herein modified, changed and supplemented, all terms of the original Agreement and all executed Supplemental Agreements, shall continue in full force and effect. There was discussion of cost and previous plans. Commissioner Clampitt moved to approve Supplemental Agreement No. 7, not to exceed \$273,100, to check the Engineering recommendation, contingent on receiving funds from the Council and subject to review by the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Leanna Alverson requested that a presentation be made on the North/South Corridor. There was discussion that scheduling for a presentation of the North/South Corridor should be thru the Elected Officials Task Force and Economic Development.

IN THE MATTER PLANNING AND ENGINEERING

Gary Carpenter of Cedar Run Development inquired if the positions for County Engineer and Planning Director had been filled. He was advised they have been advertised and are working on these replacements.

IN THE MATTER OF HIGHWAY BUSINESS

Russ Lawson was advised that the Amo Road, CR 550S has potholes that need to be repaired. There was discussion of Northern Acres and Russ Lawson stated that the Surveyor is working on this to resolve some of the drainage problems in the development before resolving street issues and it is being discussed with David Gaston, County Surveyor.

IN THE MATTER OF SUBDIVISION BOND REVISIONS

Todd Barker presented a letter requesting to waive the maintenance bond and sign the cashier's Check for MIP-475. Commissioner Clampitt moved to correct the letter presented, to waive the maintenance bond and approve signing the cashier's check. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Todd Barker presented a request for Bridgewater, Section 4, to reduce the performance bond from \$204,000 to \$168,800 as public utilities are available. Commissioner Clampitt moved to reduce the performance bond to the amount presented by the Planner. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Todd Barker presented a request to further revise the performance bond for Bridgewater, Section 4, to \$107,200 as the work has been completed. Commissioner Clampitt moved, per staff recommendation, to reduce the performance bond for Bridgewater Section 4, as stated in the letter. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING DEPARTMENT - BANK ACCOUNT

Todd Barker advised that the Planning Department checking account needs to have a new signature as the only signature currently on the account is that of Water F. Reeder, III, and he is no longer in the office to sign checks. Greg Steuerwald advised that there should always be more than one signature on an account. Commissioner Clampitt moved to allow Todd Barker to sign the signature card and that Mr. Reeder take his name off the account.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TRAFFIC STUDY – CR 700N & 625E

A citizen living within the Bluffwood Creek subdivision initiated this traffic study of CR 700N and 625E stating that only the eastbound traffic has a speed limit posted and requested a speed limit sign for the westbound traffic. The study found that due to the poor condition of the road, the sharp curve and the narrow bridge, it was recommended that these two roads be posted with 40 mph speed limit signs, to be installed as shown on the diagram, where there were previously none, as this will make this road safer for the driving public and help the Sheriff's Department in enforcement. Commissioner Clampitt moved to approve the traffic study recommendation as presented and to give to the Highway Department for the placement of signs as shown. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BRIDGE NO. 213 – RIGHT-OF-WAY ACQUISITION

Leanna Alverson presented the responses received for the Proposal for Land Acquisition Services including appraising and buying/negotiations for Bridge No. 213 on Raceway Road over the Cox Legal Drain as follows:

Associated Right Of Way Services, Inc.	\$ 14,000
HGI – Land Acquisition Corporation	19,250
Right of Way Specialists, Inc.	No Response

Ms. Alverson advised that Associated Right Of Way Services was the lowest quote submitted. Commissioner Clampitt moved to approve Associated Right Of Way Services as the lowest, most responsible and responsive quote received, per staff recommendation. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COATESVILLE – CULVERT REPLACEMENT

Leanna Alverson presented geotechnical quotes for culvert replacement in Coatesville, on Center (Main) Street

just west of State Road 75, for the 12' replacement span by 4' rise 30' long con/span precast concrete bridge structure as follows:

Alt & Witzig Engineering, Inc.	\$ 1,240
ETS?PSI	1,650
Earth Exploration, Inc.	2,200

Ms. Alverson advised that Alt & Witzig was the lowest quote submitted. Commissioner Clampitt moved to approve the quote from Alt & Witzig for replacement, soil analysis, per staff recommendation, as the lowest, most responsible and responsive quote received and that the President sign on behalf of the Commissioners. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENGINEERING SERVICES

Leanna Alverson presented the engineering services quotes for a total of 27-32 hours per month along with submitted rates to contract engineering services as follows:

Benchmark	\$75/hour
Beam, Longest & Neff	\$105-125/hour
American Consulting Engineers	\$109.34/hour + mileage & expenses

There was discussion that Benchmark has some pending projects, and that ACE is most familiar with the county. Commissioner Clampitt moved to recommend ACE for engineering services as they are the most knowledgeable of all county ordinances. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to sign the engineering contract, but to not release until the County Attorney has approved. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0,

Commissioner Ostermeier explained the state requirements for the County to receive the state reimbursement of \$20,000 to have a registered engineer on staff and presented a contract for the County Attorney to review.

IN THE MATTER OF TELEPHONE SYSTEM

Leanna Alverson reported that the telephone system at the Courthouse needs an analog card, which will have 16 lines in reserve at a cost of \$2,043.47 and that funds are available. Commissioner Clampitt moved, per staff recommendation, to approve the analog card as presented, if funds are available. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CELL PHONES

Leanna Alverson reported that she had no way of checking the recent bill for mobile phones if calls on the former County Engineer's phone were personal or business as he has left the state, however, stated this last bill was less.

It was the consensus of the Commissioners to accept all calls from that phone as business calls.

IN THE MATTER OF COUNTY PARKING LOTS – SIGNS

Leanna Alverson reported that the Danville Police Department had called to advise that several young people are riding scooters on County parking lots and stated that the County lots need signs prohibiting scooters. There was discussion that signs were previously approved to restrict roller blades, bikes and skateboards on all County parking lots. It was the consensus of the Commissioner to add "scooters" to the parking lot signs and place signs as previously approved.

IN THE MATTER OF ANNEX STORAGE - CARPET SQUARES

Bob Carroll of Engineering requested to remove some old carpet squares stored at the Annex as they are no longer of any use to anyone. Commissioner Clampitt moved, per Bob Carroll request, to remove carpet squares from the Annex. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND AFFIDAVIT

An affidavit from Rainbow Printing in the amount of \$3,500 for plat cabinet for Recorder's Office was presented. It was consensus of the Commissioners to have a Bond Trustee sign and forward to the bond bank for payment.

IN THE MATTER OF SUPERIOR COURT 1 – WOOD FURNITURE

Response was received from Bob Carroll relative to quotes for repairing, stripping, sanding and refinishing the old wood tables and chairs for Superior Court I as follows:

Kasnak Restoration	\$14,701.00
Turner Refinishing	4,175.00
Sharon Spencer (not to exceed)	3,000.00

There was discussion of the furniture and that Sharon Spencer was the lowest quote submitted. Commissioner Clampitt moved to approve Sharon Spencer as the lowest, most responsible and responsive quote received.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF GOVERNMENT CENTER FURNITURE

Leanna Alverson stated that the five missing burgundy cushion chairs from rooms 4-5 of the Government Center are the same color and style as chairs in some of the offices, therefore, they have been unable to track. Ms. Alverson further stated that these chairs can be replaced for \$1,932.01, however, the burgundy color is no longer available and requested to order in the coordinating color of dove and to forward the request to the Bond Trustees for consideration. Commissioner Clampitt moved, per staff recommendation, to approve the replacement chairs and forward to the Bond Trustees. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF FIXED ASSETS

There was discussion of tracking furniture in the Government Center. Leanna Alverson advised the Engineering Department had no way to track the furniture purchased for the Government Center and that fixed assets had never been done since we moved into the Government Center in October 1995. Nancy Marsh stated that the State Board of Accounts had written up the County several times for lack of a listing of fixed assets.

IN THE MATTER OF ANIMAL CONTROL

Dr. Willis Parker reported that free veterinarian neutering of animals cannot happen as it is not tax deductible and requested to table this matter until more information is available.

IN THE MATTER OF WEIGHTS AND MEASURES

Receipt was acknowledged of the monthly report from Charles Colbert of Weights and Measures.

IN THE MATTER OF TORT CLAIM

Receipt was acknowledged of a tort claim from Hinkle & Gibbs on behalf of Richard Hadley for injuries sustained on October 11, 2000 in Brixton Lakes Subdivision.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #207295 thru 20733 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Ostermeier entertained a motion to recess for lunch. Commissioner Clampitt moved to recess for lunch to resume as 1:00 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WISHES TO BE HEARD

Jerry Laxton came forward as a "Wishes To Be Heard" to express concerns about the phone money in the commissary fund of the jail and requested an audit of this fund. The Commissioners referred Mr. Laxton to Sheriff Waddell for his concerns. Greg Steuerwald advised that the State Board of Accounts audits all County offices and that this account has been audited. Commissioner Clampitt moved to take Mr. Laxton's request under consideration. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

The Commissioners recessed the Commissioners' Meeting at 1:20 PM to begin the Technology Board.

IN THE MATTER OF TECHNOLOGY BOARD

The following staff members joined the group:

John Parsons	Systems Administrator	Pat Baldwin	Prosecutor
Barbara Ford	Assessor	Sharon Dugan	Clerk
Amy Roberts	Treasurer	Cathy Grindstaff	Environmental Health Director
Todd McCormack	Adult Probation	David Gaston	Surveyor

John Parsons led the discussion of the various County computer needs, of the projects that have been completed, those currently being handled and the long range plan for the central server and County computer system.

Sharon Dugan stated her office and the entire Courthouse needed to be on email.

Barb Ford advised of the hardware needs for her new system and stated that John Parsons will need to obtain additional funds for the computer budget to cover this expense.

Cathy Grindstaff stated they have resolved most computer issues and she is now pleased with her system

Todd Barker advised that planning problems have been resolved and everything is now running smooth.

David Gaston stated the Surveyor's old equipment freezes up, the system was purchased before he came and he needs new computers to replace this system and requests that it be compatible with the rest of the County.

Pat Baldwin stated they need three printers from their grant money.

There was discussion of using the bond money for computers. It was consensus of the Commissioners that the County Attorney check if bond money could be used for computers and for John Parsons to get additional figures.

Commissioner Clampitt moved to recess the Technology Board at 2:35 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

The Commissioners reopened the Commissioners' Meeting at 2:35 PM for a "Wishes To Be Heard"

Denny Williams, former security officer for the Government Center, came forward to request clarification of his long-term disability and to request for the County to pay his wife's insurance with Nyhart and his Cobra. Stayce

McClain explained the time frame of Mr. Williams's employment, disability and waiting period. The Commissioners directed Stayce McClain to bring back additional information and a time line for the meeting next week.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 3:05 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy E. Marsh	Hendricks County Auditor
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF BIDS FOR FARM GROUND RENTAL

Commissioner Ostermeier stated that two (2) sealed bids had been received for rental of the 122 acres of County farm ground, located on the north side of Old US Highway 36 (Main Street) and on the west side of County Road 200 East, beginning April 1, 2001 and ending December 1, 2001. Commissioner Clampitt moved to close the receipt of bids for farm ground rental at 9:15 AM and that no other bids be accepted. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Commissioner Ostermeier opened and read the following bids:

Rex Parsons, 1679 E RD 2002 N, Danville	total \$9,000.00
Matt and Miranda Waters, 8594 N 500E, Pittsboro @\$115 per acre	total \$14,030.00

Commissioner Clampitt moved to accept the bid of \$14,030 from Matt Waters as the highest bid submitted for rental of the 122 acres of farm ground for the year 2001, for one year, and that a formal contract, approved by the County Attorney, be forwarded to Matt and Miranda Waters. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess the meeting at 9:20 AM until 6:30 PM tonight. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Ostermeier opened the evening meeting at 6:30 PM with a quorum of two Commissioners and led the group in the Pledge to the Flag. Greg Steuerwald gave a brief prayer for those who wished to participate. The meeting was held in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Karen Love	Judge Superior 3
Amy Roberts	Hendricks County Treasurer
Jim Adams	Hendricks County Emergency Management Director
Judith Wyeth	Secretary to the Commissioners

NOTE: Commissioner Clampitt did not attend this evening meeting due to work.

IN THE MATTER OF TREASURER'S BUSINESS

Amy Roberts requested approval of the Resolution for Investment Indiana, authorizing and approving the Entry into an Interlocal Agreement for the Investment of Public Funds and also a Participation Certificate which was previously presented for consideration. Greg Steuerwald advised he had reviewed these documents and that the State

Board of Accounts recommends this Recolution. Commissioner Palmer moved to adopt the Invest Indiana Ordinance/Resolution as Resolution No. 2001-03 as presented and approved by the County Attorney. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BRIDGE ON STATE ROAD 267

Commissioner Ostermeier responded to citizens concerns expressed at the February 26, 2001, evening meeting relative to property concerns relative to the new bridge on State Road 267, stating that he had talked to Indiana Department of Transportation (INDOT) and was advised that when notices were sent out by the State there were only two citizens that responded, therefore, they did not hold a public hearing, but had contacted those two citizens individually to work out any problems or concerns.

IN THE MATTER OF BROWNSBURG INTERLOCAL AGREEMENT

Receipt was acknowledged of correspondence from Mark White, Brownsburg Town Manager, of a draft Interlocal Agreement for the purpose of planning and zoning. Receipt was also acknowledged of a request from Bob Waggoner, Town Council Member, for a workshop to discuss this agreement with the Town of Brownsburg, Plan Commission and Commissioners relative to development around Brownsburg. Greg Steuerwald explained that any meeting of this type must have an agenda and be posted to comply with the "open door policy". There was discussion that this meeting would not need to be a public hearing, but would be best to discuss at a Commissioners' Meeting. It was the consensus of the Commissioners to table until next week when all three Commissioners would be in attendance.

IN THE MATTER OF HOUSING STUDY

Jim Cundiff of the Hendricks County Community Development Corporation presented an update on the housing study grant advising that the Housing Needs Assessment had purchased a house on North Tennessee in Danville and are now in the process of rehabbing this house. He then thanked both the previous administration for approval of this grant and the current administration for their continuing support. Mr. Cundiff stated that the 2000 census for Hendricks County is 104,000, making this the second fastest growing county in the state. Several cards were left to be available for citizen concerns.

IN THE MATTER OF EMERGENCY MANAGEMENT

Jim Adams presented the following reports of spills in the County:

- February 21, 2001 at 4002 N CR 500E, an above ground fuel oil tank leaking and running into a stream
- February 28, 2001, at SR 75 and CR 350N, an over turned truck leaking used motor oil
- March 1, 2001, at 22 Murphy Ct, Brownsburg, an under ground fuel oil tank being pumped into storm sewers
- March 23, 2001, at 750 N CR 500E, an overturned anhydrous ammonia tank on a farm

All spills have been cleaned up without any major problems and with assistance from the Indiana Department of Environmental Management (IDEM) local fire departments, Spill Recovery of Indiana and Emergency Management Director. Mr. Adams presented a draft Local Emergency Proclamation and an Ordinance Establishing the Hendricks County Department of Emergency Management and other Related Matters Concerning Exercise of Emergency

Powers. for review and consideration, stating that Hendricks County must have this ordinance enforce in the event of an emergency in order to receive federal funds.

Jim Adams reported that an all day sky-watch for weather has been scheduled for Saturday, April 14, in the Government Center.

Jim Adams also advised that he had sent the check he received from the State to the County Auditor, however, they have now notified him that there may be an adjustment on the amount, but did advise that the State has approved to pay a part of the salary for the Emergency Management Director of Hendricks County.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

A letter from Linda Rowings of Nyhart with a Second Amendment, Self-Funded Medical Plan Administrative Services Agreement and Fourth Amendment, Reinstatement of the Hendricks County Employee Health Benefits Plan, were submitted for consideration. Greg Steuerwald stated these are the proper forms, however, questioned the figure quoted of "150%" in the last paragraph of V of the Fourth Amendment. There was discussion of the need, funding and use. Commissioner Palmer moved to have the County Attorney check on the last paragraph of this document to verify that the number stated is correct or to correct the amount and to authorize President Steve Ostermeier to sign. Commission Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF GIS

Clint Stoutenour of the Engineering Department and Steve Luther of Beam Longest and Neff made a presentation to update the progress being made with the GIS system. All of the western and middle sections of the County are available on the GIS. The eastern side will soon be added. Barbara Ford explained how this is currently being used for reassessment. Mr. Stoutenour advised that there will be layers added that will include sewers, ditches, and public utilities etc.

IN THE MATTER OF TOURISM COMMISSION

Receipt was acknowledged of a letter of Mach 16, 2001, from Jim Owens, Executive Director of the Hendricks County Convention and Tourism Bureau, requesting a replacement for Regina Booth on the Tourism Committee as she has changed employers and no longer works or resides in Hendricks County. Mr. Owens advised that the Hendricks County Tourism Commission had unanimously voted to recommend Mr. Amit Patel, General Manager of the Comfort Inn in Plainfield, to fill this vacancy. Commissioner Palmer moved to appoint Amit Patel to replace Regina Booth on the Tourism Commission effective April 1, 2001, and ending December 31, 2002. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #102500 thru 102908, #207349 thru 207363, and #207366 thru 207702 for March 23, 2001, as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BRIDGE NO. 274

Receipt was acknowledged of March 16, 2001, letter from Carter C. Keith of Indiana Department of

Transportation (INDOT), congratulating Hendricks County on being approved for federal funds for the construction phase for bridge replacement of Bridge #274, on Blake Street (Cartersburg Road) over CSC Railroad in Danville. The approved amount for the reimbursement of construction cost is \$1,040,000 in federal bridge funds with the balance provided by local funds. This matching ratio for federal bridge funds of 80% federal – 20% local will be a large savings for Hendricks County taxpayers.

IN THE MATTER OF TORT CLAIM

Receipt was acknowledged of a Tort Claim from Craig, Kelley & Faultless for Rose M. Smith relative to loss of February 23, 2001.

IN THE MATTER OF TOWN FORUM

Commissioner Ostermeier reported that the Town Forum held at 7:00 PM on March 22, 2001, in the Community Center at Hummel Park in Plainfield, was very successful and that next quarter the forum will head to the northern part of the County.

IN THE MATTER OF COUNTY VEHICLES

Commissioner Ostermeier stated that the County Vehicles Form 1099 of \$3 per day does not meet IRS guidelines and employees using County vehicles to drive back and forth to work are lacking in compliance. Mr. Ostermeier stated the Auditor needs to establish a written policy for other than non-personal use of County vehicles and requested that the Auditor, County Attorney and Stayce McClain of Human Resource work on this policy to be included in the County Employee Handbook.

IN THE MATTER OF VINCENT H. CRANE – 100TH BIRTHDAY

Receipt was acknowledged of an invitation to the 100th Birthday celebration for Vincent H. Crane on Saturday, April 21, from 1:00 - 4:00 PM at Roland Manor in Brownsburg. Commissioner Palmer moved to do a proclamation to honor and celebrate the 100th Birthday of Vincent H. Crane on April 21, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously. 2-0-0.

IN THE MATTER OF MAP ON WEB PAGE

Nancy Marsh advised she had received a request from Charlie Klooz of Hoosier Reproduction and Supply Company, the firm that did the County maps, to put the County maps on the Hendricks County.com page. There was discussion of putting a link to the County GIS. It was the consensus of the Commissioners to check with firm and obtain more information.

IN THE MATTER OF FIXED ASSETS

Nancy Marsh advised that she is attempting to set up the County's fixed assets and that the State Board of Accounts recommended the fixed assets report include nothing under \$1,000. Commissioner Palmer made a motion, per Auditor and State recommendation, to not capitalize anything under \$1,000 for the fixed assets report. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CITIZEN CONCERNS – ORDINANCE MEETINGS

Bill Duncan expressed thanks and appreciation for adding the public meetings for citizens to be informed and

express concerns on all ordinances and especially for the proposed zoning ordinance. Mary Benson advised that there are meetings scheduled for Saturday, April 28 at 9:00 AM and 1:00 PM and Saturday, May 5 at 9:00 AM and 1:00 PM, in different locations, so that citizens will have a chance to attend and voice concerns for the mapping and proposed zoning ordinance. Ms. Benson stated the locations have not yet been determined, but she will notify the media when locations are established.

IN THE MATTER OF DETENTION NEEDS

Al Bennett of Bennett Associates presented a booklet stating the findings of the Detention Needs Assessment for the County. Mary Benson requested that citizens be involved in the juvenile study in order to make the process work.

IN THE MATTER OF ANIMAL SHELTER

Dr. Willis Parker advised that the proposal for in service in kind veterinary services will not work as a “not for profit service” and stated he will put together a synopsis of current procedures and of the proposed procedures. Commission Ostermeier thanked Dr. Willis for his comments on his visits to the Montgomery and Putnam County Animal Shelters.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Receipt was acknowledged of a draft letter from Dennis Falkenberg of Ice Miller, to be sent to Congressman Brian Kerns, requesting \$17 million dollars for the North/South Corridor to fund the remaining two lanes of the segment between US 36 and CR 100N, the four lane segments between CR 100N and CR 200N and the railroad overpass south of US 36, which will enable Hendricks County to connect the north central and southern portions of the County with efficient access and mobility. Mr. Falkenberg further advised that he would submit pertinent information along with this letter. Commissioner Ostermeier advised he will be in Washington DC on May 10 to meet with Congressman Kerns on this matter. Commissioner Ostermeier entertained a motion to send the letter as presented. Commissioner Palmer moved to transfer the draft letter onto Commissioners’ letterhead and to forward the county’s request of \$17 million dollars to Congressman Kerns. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Commissioner Ostermeier entertained a motion to recess. Commissioner Palmer moved to recess the meeting at 8:05 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Cathy Grindstaff	Hendricks County Environmental Health Director
Steve Stoddard	Hendricks County Sheriff Department
Todd Barker	Hendricks County Planner
Leanna Alverson	Hendricks County Engineering Department
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF TORT CLAIM

There was discussion of a draft letter from Greg Steuerwald in response to the Coonrod Tort Claim, received from Kurt R. Bachman of Beers Mallers Backs & Salin, with the County respectfully denying the claim. Commissioner Clampitt moved to approve, execute the draft letter of denial of Curtis L. Coonrod claim and forward to the appropriate law firm. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NEW JAIL COMPLEX

Roy Waddell introduced Bill Shepler of PMSI, Al Bennett of Bennett Associates and representatives from RQAW to request the Commissioners to move forward on the recommendations provided in the Corrections Study Book presented last week. There was discussion of location for the facilities and of the property. Commissioner Clampitt moved to form a committee with Commissioners, Council and Sheriff to work with PMSI, that PMSI continue study of corrections facilities, to evaluate property for proper placement and to coordinate with other projects being considered for this property. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Al Bennett complimented the judicial system of Hendricks County and thanked the Commissioners for the cooperation between everyone and further stated that PMSI will prepare a contract for review and approval of the County Attorney.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Receipt was acknowledged of contract for Agreement for Services between Ice Miller and Hendricks County for the North/South Corridor stating that on behalf of Ice Miller, Dennis E. Falkenberg will act as the lead coordinator and point of contact for Hendricks County and listed their professional services effective April 1, 2001, through December 31, 2003, stating a formal review of progress between the two parties will be conducted between August 1 and August 15 of each year and that either party may terminate this Agreement with thirty (30) days notice to the

other party. Commissioner Clampitt moved to approve contract as presented with signature of the President.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLAINFIELD CENTRAL ELEMENTARY

Receipt was acknowledged of a telephone request from Diana Lawler of Plainfield Central Elementary to bring 100 third grade students for a tour of County government and for them to eat on the south lawn of the Government Center, or in the event of inclement weather to eat on the wood floor in front of the Historical Wall. on Monday, April 30, 2001. There was discussion that this had been permitted many times and to welcome the opportunity to make children aware of County government. It was the consensus of the Commissioners to approve the request and send a letter to Ms. Lawler.

IN THE MATTER OF TRAFFIC STUDY – CR 250E & 400N

Leanna Alverson presented a curve study of CR 250E/CR450N that was done as a result of citizen complaints with the study recommending that the County Highway Department install, at their earliest convenience, “Turn” and “Reverse Turn Warning” signs with 20-mph advisory speed plates as shown on the drawing presented. Commissioner Clampitt moved to approve curve study for CR 250E/450N as presented and recommended by the Highway and Traffic Safety Technician. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Leanna Alverson presented a draft letter to the County Council, for approval, to request additional funds in the amount of \$273,100 as we now have a contract for this Supplemental Agreement No. 7 with Beam Longest and Neff for the 4-lane expansion survey and design for the North/South Corridor from US 36 to CR 200N. Commissioner Clampitt moved, per staff recommendation, to approve the draft letter to the Council as a recommendation from the Commissioners. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Department is patching potholes and getting ready to start mowing. Mr. Lawson further advised that they are working with the bid process for highway equipment and have ordered the approved equipment, but do not have a time frame when it will be received.

IN THE MATTER OF SUBDIVISION BOND REVISION - HEARTLAND

Todd Barker presented a request for Heartland Addition, at CR 600N, to release the maintenance bond as this sight inspection has met the one-year period and further advised that this development is subject to a legal drain assessment. Commissioner Clampitt moved, per Planning Department recommendation, to approve the release of bond as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION – WEST CAMBRIDGE PLACE

Todd Barker advised that the West Cambridge Place improvements have been maintained for the one-year period

and recommended to release the maintenance bond and that this development is subject to a legal drain assessment. Commissioner Clampitt moved to approve, on the recommendation of the Planning and Building Department, to release the bond as presented for West Cambridge Place. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION – MIP-648

Todd Barker reported that the work has been completed for MIP-648 and requested to release the performance bond and since the maintenance bond would be less than \$1,000 to waive this requirement. Commissioner Clampitt moved to allow release of the performance bond for MIP-648 and to waive the maintenance bond requirement as it is under \$1,000, per recommendation of the Planning and Building staff. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION - MIP-581

Todd Barker advised that the developer of MIP-581 had requested release of the performance bond as the work has been completed and to waive the maintenance bond requirement as the amount is less than \$1,000. Commissioner Clampitt moved to allow, per recommendation of the Planning and Building Department, to release the performance bond and waive the maintenance bond as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF DRAINAGE

David Gaston explained drainage problems at the following locations:

- 1) Cardinal Estates Subdivision - certain roads flood and requested to send the appropriate departments to investigate this site and come up with a design to eliminate these problems in a non-legal drain.
- 2) CR 600S, just south of Boys School - needs work on the curve south of the roadside ditch and is not a legal drain, therefore, requested to use DPW employees. There was discussion of possibly making this a legal drain.
- 3) CR 350E and CR 450N, west of Tilden - has serious drainage problems with no easements and they may need to get temporary easements and a petition for removal of obstructions in order to resolve drainage problems in this area.

Commissioner Clampitt moved for #1 to allow the work to be done by DPW, and for #2 and 3 that the Surveyor do investigations and come back with recommendations. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

David Gaston requested to use an outside consultant in Northern Acres to resolve the road drainage problems in this area. There was discussion of the need to resolve this problem quickly and of funding. Commissioner Clampitt moved to recommend to the Drainage Board to fund an outside consultant on how to properly drain this area. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

David Gaston advised that they had placed a “Stop Work Order” on Township Line Road in Guilford Township as the contractor did not get the necessary permits before starting to work in the legal drain.

IN THE MATTER OF CONFLICT OF INTEREST

A Uniform Conflict of Interest Disclosure Statement, Indiana Code 35-46-1-3, was presented by Marvin Lamar Gist, the DPW operator in the Engineering Department. Commissioner Clampitt moved to have the County Attorney review this Conflict of Interest statement and with his approval to sign this Conflict of Interest as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. This form will be filed with the Clerk and with the State.

IN THE MATTER OF COUNTY PAGERS

Leanna Alverson presented an advertising leaflet from Arch Wireless for upgrade of County pagers to new 2-way messaging capability, which would increase each pager from \$7.50 to \$18.00 monthly. There was discussion of the need for employees to have both cell phone and pager and of the “dead” spots in the county. It was the consensus of the Commissioners to deny this pager request.

IN THE MATTER OF BOND AFFIDAVITS

Affidavits were presented for furniture/equipment for offices in the Government Center, which was previously approved by both the Commissioners and Bond Trustees, for \$448.41 to American Hotel Register Company and \$3,108.91 to Office Works. It was consensus of the Commissioners to have Commissioner Ostermeier initial the affidavits and forward to the Bond Bank for payment.

IN THE MATTER OF SUPERIOR COURT 1 – BLINDS

Leanna Alverson inquired the status of blinds for the doors of Superior Court I. There was discussion to talk to Judge Freese on the request for cloth vertical blinds and/or frosted glass. It was consensus of the Commissioners to allow the Engineering Department to do whatever is agreeable to the Judge and to proceed on this project.

IN THE MATTER OF PLANNING DEPARTMENT

Todd Barker advised that Brownsburg would like to develop areas with sewers from the Town of Brownsburg and explained the current process for developments. There was discussion to stay with the same process of approval of developments or to change per request of Brownsburg. Tom O’Brien advised that most towns will not let a developer hook-up to sewers unless the property has been annexed. It was the consensus of the Commissioners to stay with the current process and to not change.

Todd Barker stated that the week of April 16-20 the Planning Department will be unable to issue any building permits as there were only two employees to review plans and that one employee has left the County and the other one will be on vacation. There was discussion that there should be cross training and that some employees have been in that department for several years and should be able to do various jobs. The Commissioners advised that they need to get someone cross-trained for this job to continue to serve the public and also in the event an employee is off due to serious illness, accident or death.

Todd Barker requested funding for registration to attend a Managing Community Growth seminar in Ft. Wayne. There was discussion of using the County van for transportation to the seminar. Commissioner Clampitt moved to approve anyone who wants to go to this planning seminar and fund from the Commissioners' budget. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Todd Barker presented litigation notices for information purposes only.

IN THE MATTER OF ENVIRONMENTAL HEALTH

Cathy Grindstaff advised that the Health Board would meet on April 3 to review and discuss three health Ordinances: 1) Food Ordinance 2) Public Swimming Pool and Spa Ordinance 3) Fee Ordinance. There was discussion that when the ordinances have been reviewed and approved by the Health Board to bring them back to the Commissioners for a public hearing on each of these ordinances.

IN THE MATTER OF HEALTH DEPARTMENT - CARTERSBURG & SAW MILL

Cathy Grindstaff advised she was now requesting to send a press release that the Regional Sewer Board had approved, relative to Cartersburg, and advising that the Health Department will be contacting residents of Cartersburg for a survey of residential sewage disposal needs and continue their evaluation of the waste water disposal which the state results show at an extremely high rate of E-coli in the surface water. Commissioner Clampitt moved, per recommendation of the Regional Sewer Board, to allow the press release from the Commissioners as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of a report made of E-coli in the water by Dick Lewis in the Brown Township area where he proposed to develop the Saw Mill project. Cathy Grindstaff stated she would check on this report and of a way to correct the situation.

IN THE MATTER OF HUMAN RESOURCE

Stayce McClain explained the long-term disability provisions of the county employee health insurance relative to Denny Williams, Security Officer for the Government Center, and his request for the County to pay 50% of his COBRA premium. Ms. McClain also advised that Mr. Williams did not complete the necessary forms and did not follow through on requirements from his doctor. Commissioner Clampitt moved, on the recommendation of Human Resource Director, to not pay the requested premium and to honor the County contract. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING DIRECTOR AND ENGINEER

There was discussion of the previously approved cut off date of March 31 for advertising the positions of County Engineer and Planning Director. Stayce McClain advised that three resumes have been received for each position. There was discussion of holding an executive session to discuss these resumes. Tom O'Brien explained the requirements for an Executive Session, for posting an agenda and of stating Indiana Code for purpose. It was

consensus of the Commissioners that Ms. McClain provide copies of all resumes to each Commissioner, that they will review separately and to set up an executive session at a later date if needed.

IN THE MATTER OF BROWNSBURG

Receipt was acknowledged of a letter from Brownsburg to lobby for an interchange at I-74 and CR 900E. There was discussion the Elected Officials Task Force for the North/South Corridor is looking at an interchange at 56th Street, that this effort is already being done by the Task Force and any information can be gleaned from the Task Force. It was the consensus of the Commissioners to work with the County Attorney to respond to this letter.

IN THE MATTER OF EMPLOYEE BLOOD DRAW

Receipt was acknowledged of a memo from Human Resources relative to the employee blood drive on Thursday, April 26 from 9:30 AM to 1:00 PM in the Government Center and at the Highway Department from 3:00 – 5:00 PM.

Receipt was acknowledged of receipt of a notice of the National Association of Counties conference to be held in Philadelphia.

IN THE MATTER OF NEWS ARTICLE HOAX– BANNING SMOKING IN RESTAURANTS

Receipt was acknowledged of receipt of an article by Kathy Linton, which appeared in the Hendricks County Flyer, relative to banning smoking in county restaurants being a hoax and that the County is not conducting a survey on this matter.

IN THE MATTER OF AVON PLANNING

Receipt was acknowledged of receipt of a letter from Town of Avon requesting a Joint Planning District for Washington Township be taken under consideration.

IN THE MATTER OF RECORDING EQUIPMENT

There was discussion of the recording equipment which has been used for recording of two Commissioners' meetings. Commissioner Clampitt moved to approve purchase of recording equipment if the tapes are not the official minutes and that the tapes be erased after the official minutes have been approved, printed and signed. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #207707 thru 207747 for April 2, 2001, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Palmer made a motion to recess for lunch at 10:45 AM. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SYCAMORE SERVICE TELEPHONE BILL

There was discussion that a telephone bill for service at Sycamore had been received and that no follow-up report had been received on the previous bill for line changes. It was consensus of the Commissioners that Pat Cochran of Sycamore is contacted to bring an update next week on status of Sycamore telephones..

IN THE MATTER OF WEST CENTRAL SOLID WASTE

Receipt was acknowledged of an invoice from West Central Solid Waste District for February - March recycling expenses in the amount of \$2,769.39. Commissioner Clampitt moved to approve and forward invoice with letter to West Central to fund from Special Projects. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF INDIANA ASSOCIATION OF COUNTIES

IN THE MATTER OF ANIMAL SHELTER

There was discussion of the Council Agenda that listed a request for additional appropriations for Animal Shelter to purchase radios and that the request had not been reviewed or approved by the Commissioners.

IN THE MATTER OF TAX STATEMENTS

There was discussion of receipt of several property tax statements and it was consensus of the Commissioners to refer to the Engineering Department to research.

Commissioner Clampitt moved to recess the meeting at 1:20 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

The following joined for the Technology Board

John Parsons
Barbara Ford

Systems Analyst
Hendricks County Assessor

Stayce McClain
Janelle Bollman

Human Resource Director
Computer Department

IN THE MATTER OF TECHNOLOGY BOARD

John Parsons presented Quest contract for \$6,000 on Appendix A, Statement of Work No. 8 to Consulting Services Master Agreement No. 251 between Hendricks County, Indiana and Quest Information Systems, to establish web site and web pages. There was discussion of the contract and time frame, that each department will be contacted for the information they want on their web page and the web page will be done in two weeks.

Commissioner Clampitt moved, per recommendation of John Parsons, to approve and to have addition of "to be completed by close of April 20, 2001", subject to approval of funds of Council as requested and to have Commissioner Ostermeier execute the contract on behalf of the Commissioners.

A request was received from Dan Derrick to serve as a computer consultant to the Technology Board for \$1 a year. Tom O'Brien advised there be no fee paid to Mr. Derrick, as he would be classified as a County employee. There was discussion regarding Dan Derrick volunteering, which would be at no cost to the County. It was asked of John Parsons if he had a problem with Mr. Derrick in the area of training. John Parsons stated that he would support that. Commissioner Clampitt stated that he would like to see this done if John Parsons could use this training expertise, as it will be at no cost to the County. It was consensus of the Commissioners to accept this free volunteer consulting service. There was discussion of training.

Barb Ford advised she will request additional funding from the Council for software.

Receipt was acknowledged of telephone message from Tom Brenton of Brenton and Brenton relative to attorneys use of computer info in the judicial system. It was the consensus of the Commissioner to call Mr. Brenton and request that he attend a Commissioners' meeting to further explain this request.

John Parsons advised that he had spent three days with Ameritech to move the computer lines.

Janelle Bollman inquired the status of the computer policy procedures and was advised that the Commissioners are reading the policy.

There being no further business Commissioner Clampitt moved to recess at 2:25 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0

Judith Wyeth, Deputy Auditor

John D. Clampitt

April 9, 2001

The Hendricks County Board of Commissioners met in regular session at 9:30 AM on Monday, April 9, 2001, with a quorum of three Commissioners, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Barb Ford	Hendricks County Assessor
Russ Lawson	Hendricks County Highway Superintendent
Todd Barker	Hendricks County Planner
Leanna Alverson	Hendricks County Engineering Department
Mary Anne Lewis	Chief Animal Control Officer
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF GORDON GRAHAM FIELD

David Mansfield, Hendricks County appointee to the Indianapolis Airport Authority Board, introduced Wayne Reynolds, Project Manager for the Gordon Graham Field. Mr. Reynolds gave an update on the proposed Hendricks County Airport and explained that federal funds had been received to build 44 units for hanger storage, a terminal, runway, apron, pave the drive and that they will install water and sewers. There was discussion that the cost of wells is a cheaper way, however, public water comes close to this area and the need to look at public utilities in this area. Drainage plans for this airport property were discussed. Mr. Mansfield stated that the Speedway Airport would be closed when the Gordon Graham Field is up and operating.

IN THE MATTER OF WORKFORCE

Lance Ratliff of Circle Seven Workforce Investment Board presented a handout of strategic workforce planning for Hendricks County and advised that the Work Force Planning will be done on a county-by-county basis and requested support to put plans together for a steering committee for the Commissioners that will be a funded at no cost to the County. Mr. Ratliff stated that there are two representative positions available to Hendricks County and that one is vacant at this time. There was discussion that a letter requesting an appointee had been sent to the Chamber Offices in Hendricks County and that a follow-up letter should be sent, also of possible date and time for the planning meeting that could be held in the Government Center and of a name to include on the invitations. The Hire Fair was announced for April 18. Commissioner Clampitt moved to use the name of the President of the Hendricks County Board of Commissioners on the invitations. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF VERTICAL PARTNERS

James S. George of Vertical Partners made a brief presentation for a lease to manage the build-out of the digital wireless infrastructure that is coming to this area. There was discussion of zoning and if towers are covered in the County ordinances. It was the consensus of the Commissioners to take this matter under advisement and refer to the County Attorney for review and comment.

IN THE MATTER OF CANYON FALLS

Curt Benner and Marc Hillmer of Canyon Falls made a brief presentation of the Cannon office equipment that

they sell and service. Mr. Benner requested approval to hold a sales display of equipment in the Government Center. There was discussion that there have been office equipment displays in the Government Center previously. It was consensus of the Commissioners that Canyon Falls send a letter requesting to display their equipment in the Government Center and to select a date.

IN THE MATTER OF SYCAMORE CENTER - TELEPHONE BILL

Pat Cochran of Sycamore Center presented a letter of April 5, 2001, from Ameritech stating that per conversation of April 4, 2001, with Sycamore Center regarding the charges for telephone lines, Ameritech had adjusted the early termination charges totaling \$771.62 off of the February 22, 2001, bill. There was discussion that the County Council is now aware that the County pays the monthly telephone bill for Sycamore Center and should not affect their appropriations.

IN THE MATTER OF COUNTY PROPERTY – MASTER PLAN

Bill Shepler reported on the survey of the County 150-acres of farm ground and stated that Weihe Engineers flew this property for the Hendricks Community Hospital, but the County Engineer and Stan Shartle had stated the boundaries were not fully investigated. Aerial photos were presented for this parcel. Chet Parsons of Parsons and Shartle advised that the topo has been flown, however, they need to find the independent cornerstone. Parsons and Shartle have done the other surveys of the county property and stated that there is a gap in this property and explained the need for this process for the topographic information. Mr. Shepler stated there were no ties to pins, that the cornerstone needs to be found and referenced and done by two firms. The following quotes for soils investigation were presented:

Alt & Witzig Engineering	\$ 4,706
Earth Exploration, Inc.	3,540
Patriot Engineering Co.	4,450

Mr. Shelper recommended Patriot Engineering for the soils investigation stating that they were not the lowest, however, they provided more borings and their cost was the best for services submitted:.

Bill Shepler gave the following quotes for survey:

Parsons & Shartle	\$ 14,500
RQAW Corporation	9,900
Weihe Engineers Inc.	7,000 (\$7,000 is not to exceed)
USI	Declined – Too busy

Mr. Shepler recommended RQAW stating that Weihe Engineers, the lowest quote, had discrepancies in the submitted quote. There was discussion that this could be funded with Special Contracts rather than go to Council for additional appropriations. It was the consensus of the Commissioners to bring back next week in order to have time to review the information provided, to talk with the hospital, and for the County Attorney to review the contract and to bring a Resolution for Reimbursement.

Bill Shepler requested names for a committee and recommended the committee consist of one Commissioner, three Council members, Sheriff, one deputy, Greg Guerrettaz, County Attorney and a representative from the judicial

system. This is to be an advisory committee to look at the use of the 150 acres, to establish priorities, and to develop a master plan.

Phyllis Palmer advised that the Council had received an inquiry from a council member of interest by the fair board, however, no action was taken.

IN THE MATTER OF MUSCULAR DYSTROPHY

Jan Culley expressed appreciation for previous County support and requested approval for the Muscular Dystrophy Foundation to hold their annual fundraiser “lock-up” in the Hendricks County Government Center in July. Ms. Culley advised that in previous years they had used the facilities at Dugan Chevrolet in Danville, however, Dugan has moved to Washington Township and they need to find a new location in Danville. It was the consensus of the Commissioners that Ms. Culley look at the Government Center for possible use and to send a letter of request stating the date and time.

IN THE MATTER OF STATION HILL

Bill Ottinger and Eric Tauer came in as “Wishes to Be Heard” to discuss Station Hill, located at CR 500E and north of the Prestwick golf course. Mr. Ottinger explained this development and the house in the right-of-way to be demolished, stating the delay in removing the house was due to this matter being tied up in litigation and requested authorization to now remove the house and proceed with the previously approved plan, at the expense of the developer. There was discussion of legal issues. Todd Barker stated the Plan Commissions’ Findings of Facts are in the file and distributed this information. Mr. Tauer advised that the original contract for removal of the house has expired. Greg Steuerwald advised he would get the insurance attorney involved and report back since he has a conflict.

IN THE MATTER OF JAIL - COMMISSARY AUDIT

Jerry Laxton requested the Commissioners to audit the Sheriff commissary account. Greg Steuerwald stated that the State Board of Accounts does audit this account and that the accounting is done properly.

IN THE MATTER OF ASSESSOR – VEHICLE SIGNS

Barb Ford requested two sets of magnetic signs stating “Hendricks County Assessor” for use on County vehicles by the Assessor’s staff during reassessment. It was the consensus of the Commissioners to allow these signs to be ordered and to be paid from reassessment budget.

IN THE MATTER OF HIGHWAY

Russ Lawson reported that the Highway crew has removed a bridge structure and replaced with a box culvert on CR 750S west of CR “0” and they are continuing to patch potholes and clean ditches. There was discussion that the flooding problems on CR 1025 have been resolved.

IN THE MATTER OF DEPARTMENT OF PUBLIC WORKS

Leanna Alverson reported that DPW is currently using a 1989 Case backhoe and a 1976 John Deere backhoe and requested to trade both of these in on a straw blower that would be of more use to the County, and to fund from the Commissioners’ budget if the trade-in is not sufficient for the replacement. It was the consensus of the

Commissioners to get figures and bring back for Commissioners approval and to take to Council if additional funding is necessary.

IN THE MATTER OF 150 ACRES – POLE BARN STORAGE

Leanna Alverson requested to use the existing pole barn on the 150 acres to store engineering outside equipment. It was the consensus of the Commissioners to check with the insurance carrier for coverage and to make the building secure.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT – WYNBROOKE, 2`

Todd Barker presented a Contractors Completion Affidavit from Milestone Contractors for Wynbrooke, Section 2, Group A, for Cedar Run Limited, stating that the work had been satisfactorily completed. Commissioner Clampitt moved, per staff recommendation, to approve the Contractors Completion for Wynbrooke, Section 2, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF LETTER OF CREDIT - MIP-611: LUPER

Todd Barker presented a draft letter for the Commissioners to the North Salem State Bank requesting forfeiture of the Letter of Credit dated May 4, 1995, for MIP-611: Larry Luper, as Mr. Luper has failed to perform the required work according to the specifications and this forfeiture will now permit the County to complete the necessary work. Commissioner Clampitt moved to send letter as presented, per staff recommendation. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND AFFIDAVIT

An affidavit to American Hotel Register Company was presented in the amount of \$435.40 for furniture for voters registration that was previously approved. Commissioner Clampitt moved to allow expenditure, for the President to initial and forward to the bond bank for payment. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF APPRAISAL OF COUNTY BUILDINGS

Leanna Alverson presented a request to update appraisals of all county buildings, with the exception of Probation and Government Center, and advised that Rich Jensen had suggested to only up-date buildings, as the insurance company does not require new appraisals at this time. There was discussion to check with the commercial appraiser in the reassessment office.

IN THE MATTER OF CITIZEN REQUEST FOR INFORMATION

Receipt was acknowledged of a request from Bill Sibbing for various County documents and that the weekly agenda is sent to him. It was the consensus of the Commissioners that the information requested is available to obtain at cost, but to fax the Commissioner's agenda to him.

IN THE MATTER OF ANIMAL SHELTER - RADIOS

Mary Anne Lewis requested approval from the Commissioners to ask County Council for additional appropriations to purchase radios for the Animal Shelter, stating that these radios were recommended by CMI to resolve the electrical RF problem at the Animal Shelter. Commissioner Clampitt moved to allow the expenditure for

radios for Animal Shelter and to forward the request with a letter from the Commissioners to the Council, as this is

the cheapest way. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF VETERANS' REPORT

Receipt was acknowledged of the March Veteran's Report from Richard Bane.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #102909 thru 103321, #47714 thru 47745 and #207737 thru 207770 and all claims for all manual cut checks in March as presented on April 9, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PARK BOARD

Announcement was made of the April 12, 2001, meeting of the Park Board in Room #3 at 6:30 PM.

IN THE MATTER OF EMERGENCY MANAGEMENT

Receipt was acknowledged of a report from Jim Adams of a chemical spill in a small stream in the Plainfield area on March 31, 2001, which came from cleaning chemicals at the Indiana Law Enforcement Academy and of the successful cleanup by Spill Recovery of Indiana, Plainfield Fire Dispatch, IDEM and Hendricks County Emergency Management.

Receipt was also acknowledged of the report from Jim Adams of a hazardous material spill at the rest park on westbound I-70 on April 4, 2001, as a result of a leaking drum on a semi tractor-trailer and of the successful cleanup by Plainfield Fire Department, Wayne Township Fire Department, Hendricks County Emergency Management, Spill Recovery of Indiana, Indiana State Police, INDOT and IDEM.

IN THE MATTER OF AECON

Jami Berry of AECON came by to say hello to the Commissioners.

The Commissioners recessed for lunch to return at 1:00 PM.

IN THE MATTER OF EXECUTIVE SESSION

Receipt was acknowledged of a letter from Stayce McClain of Human Resource relative to volunteers. Commissioner Clampitt requested an executive Session at Noon on Monday, April 16, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COONROD CLAIM

Receipt was acknowledged of letter from Governmental Interinsurance Exchange relative to claim of Curtis Coonrod and a response letter of denial executed.

Commissioner Clampitt moved to recess the Commissioners Meeting at 1:15 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The following staff joined the Technology Board

John Parsons, Systems Analyst	Barb Ford, Assessor	Theresa Lynch, Recorder
Steve Scott, Prosecutor's Office	Steve Schmalz, Probation	Todd Barker, Planner
Cathy Grindstaff, Environmental Health	David Gaston, Surveyor	Judge Bob Freese, Sup 1
Todd McCormack, Probation	Stayce McClain, Human Resource	Pat Baldwin, Prosecutor
Janelle Bowman, Computer Department	Clint Stoutenour, Engineering	Lana Pedigo, Computer

Attorney Tom Brenton came forward on behalf of the Hendricks County Bar Association to request that non-confidential information in the County records in the Criminological Court System (CCS) be accessible to law firms, stating that he has discussed this and has the support of three of the current judges, one former judge and that one judge was unable to be contacted as he was on vacation. Judge Freese explained the need for this to be readily available as it would relieve the workload on County employees and further stated that all judges and judicial agencies supported this request. John Parsons gave a history of trying to accomplish this stating that a number of telephone lines were needed and also the need for a second server. Lana Pedigo stated a letter was sent from the Computer Department in 1995 to all lawyers relative to this matter and they did not get a response. Pat Baldwin stated the expected time to be on line for each access is minimal. Sharon Dugan advised that there would be no need for abstract lawyers to come into the County offices if the information were available on line. Tom Brenton stated that Hamilton County has this available and uses three phone lines. There was discussion of a letter of support from the Bar Association, courts and judicial. Larry Baker of Mint Systems discussed the use of fiber lines. It was the consensus of the Commissioners that John Parsons check on fiber line and report back next week. There was discussion of charging a start up fee and then a monthly charge per firm to be paid up front. Commissioner Clampitt moved to have the County Attorney review the bond guidelines and to send a letter to the Bond Trustees for the Government Center requesting to take the \$350,000 bond balance from Animal Control and designate to computers. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Greg Steuerwald stated he needed to review this matter.

Barb Ford advised that the three final townships are not complete on the GIS and there are no more funds available. Ms. Ford stated she would check with the State Board that digital orthos cannot be completed as she could no longer fund this reassessment mandate and that if adequate funding is not available it must come from the general fund. There was discussion for Nancy Marsh to check on the plat book funds.

Commissioner Ostermeier presented a web site proposal, Appendix "A" Work No. 8 to Consulting Services Master Agreement No. 251, between Hendricks County and Quest for \$6,000 with hand written addition to the contract. There was discussion of the wording of the addition. Commissioner Clampitt moved to approve notation, "Project to be completed on/before May 1, 2001 @ 4:00 PM", as an addition to the \$6,000 contract, subject to approval of County Attorney, and to send with a cover letter. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Dan Derrick questioned "walk thru" on pages. Commissioner Ostermeier read the contract. There was discussion that this same project was done for Vigo County by Quest.

Todd McCormack inquired status of the new telephone system and the Commissioners referred him to the Engineering Department.

John Parsons explained the mandate of unifying of parcel numbers statewide. Clint Stoutenour stated they are working with Beam Longest and Neff on new locations and parcel numbers. Todd Barker advised they are having problems in the Planning Department with the addressing matching the parcel numbers.

Janelle Bowman requested to add security. Jim Adams requested to hook on to e-mail. It was the consensus of the Commissioners that both requests were acceptable.

There being no further business Commissioner Clampitt moved to recess at 2:40 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

April 16, 2001

The Hendricks County Board of Commissioners met in regular session with a quorum of three Commissioners at 9:10 AM on Monday, April 16, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Stayce McClain	Hendricks County Human Resource Director
Todd Barker	Hendricks County Planner
Leanna Alverson	Hendricks County Engineering Department
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF BELLEVILLE CONSERVANCY

Receipt was acknowledged of the previously approved grant application for Belleville Conservancy. Greg Steuerwald stated he had not seen the actual grant until this date and requested to review. Commissioner Clampitt moved to approve the President to sign after review and approval of the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZA-254/WA01-01 – JARVIS ENTERPRISES LLC

Todd Barker presented request of Jarvis Enterprises LLC for ZA-254/WA01-01 to rezone from an I-2: Light Industrial District to a C-4: Highway Commercial District .873 acres in Washington Township, located on the south side of US Highway 36, 0.25 mile west of CR 900E This request is to permit a motorcycle sales and service, with a list of self-imposed conditions of what would not be allowed and to request that the requirement for a Site Plan Review be waived. John Moore, Attorney, advised there were no remonstrators at the public hearing and that if a sign permit were required the applicant would comply. The Plan Commission approved this zoning request 4-0-1, however, denied the waiver of the Site Review. Greg Steuerwald stated this is an expansion of an existing business, that any self-imposed conditions may require that it be referred back to the Plan Commission for

expansion of the approval or that the applicant may need to re-apply to the Plan Commissioner for expanded self-imposed conditions and recommended to consider motorcycle sales only and refer back to the Plan Commission to expand conditions, as it is currently C-4. Mr. Steuerwald further explained that the applicant had left the Plan Commission Meeting before this request was presented due to his wife's emergency health problem and that they were unable to discuss this change. There was discussion of the zoning requirements within this classification. Commissioner Clampitt moved to approve the favorable recommendation from the Plan Commission on motorcycles sales and repair and to refer back to the Plan Commission at the request of the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Mr. Moore stated they would go back to the Plan Commission for expansion.

IN THE MATTER OF 56TH STREET & RACEWAY ROAD – A&F ENGINEERS

Steve Fehribach of A&F Engineers advised that the Commissioners approved the zoning request for Crossman Communities, on the southwest corner of 56th Street and Raceway Road, with this developer to fund 50% of the traffic signal and left turn lanes and that Quandt had been awarded a contract for the design of 56th Street. Mr. Fehribach requested direction as plans have now been approved to make 56th Street a 4-lane road, and if they should install the turn signal today for a 2-lane intersection it will need to be modified in the future for the 4-lane, which has not yet been designed, and presented the following options: 1) to put in a signal for current intersection, 2) wait on the design for 4-lane or 3) go on with signal and put balance for turn lanes in escrow as it will be private funding with Crossman and C. P. Morgan. It was further stated that a traffic study of the area has been done. There was discussion of using activation cameras at this intersection. There was discussion that this developer has contracted to 50% of intersection at no cost to the county and if done now the county would need to move the pole when the 4-lane road is completed. Greg Steuerwald stated when the original approval of this development was made the 4-lanes were not a part of the signal agreement and the signal is a benefit commitment that needs to go back to the developer. It was the consensus of the Commissioners that the County Attorney talks to the developers for agreement of commitment for this signal/intersection, to allow the signal and proceed if we can get agreement to pay now and to keep the balance in escrow for the turn lanes. Commissioner Ostermeier stated it would be 90-100 days to have signal and that the plans will be submitted through the County Engineer's Office.

IN THE MATTER OF CR 700N AND 900E

Joyce McClain of CR 7085N 900E presented a letter and described several accidents and potential accidents at the corner of CR 700N and 900E and requested a 4-way stop at this intersection where there is currently only a stop for CR 900E. Ms. McClain advised that she had requested a 4-way stop, a traffic study and possibly rumble strips at this intersection one year ago. Commissioner Clampitt moved to do a traffic study at this location if one has not been done and if one has been done that the Engineering Department respond directly to Joyce McClain. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0,

IN THE MATTER OF THE MASTER PLAN FOR 150 ACRES

Bill Shepler of Project Management Services Inc. (PMSI) presented an Agreement for Professional Services for a master plan of the 150 parcel of County land for an hourly rate of \$110 for all services performed under the agreement stating the hourly rate was set as they did not know the scope of the project. Greg Steuerwald stated they need a “not to exceed” dollar figure and to look at the final three phases as work progresses. Commissioner Clampitt moved to approve the contract subject to Council approval to fund this project and with “not to exceed dollar figure” before being executed and that each of the final three phases be reviewed at that time in progress. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Leanna Alverson presented a letter to the Council for additional appropriations in the amount of \$40,000 for this project. Commissioner Clampitt moved to send the letter for additional appropriations to the Council as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF STATION HILL

Bill Ottinger requested to move the discussion of Station Hill to later in the meeting as not all parties involved had arrived. It was consensus of the Commissioners to grant the request.

IN THE MATTER OF WEST CENTRAL SOLID WASTE

Cathy Bastain of the West Central Solid Waste presented a handout explaining that the district covers Hendricks, Montgomery, Morgan, Parke and Putnam Counties and requested 5 acres of the 150-acre farm parcel to construct a new office facility. This would be a Green Building Project, a showcase for reused and recycled content building materials, energy efficient planning, minimum waste building, site preservation and when completed would serve as a classroom for visiting school children to attend programs on waste reduction and recycling. Commissioner Clampitt moved to refer the request to the master plan for consideration. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF DEMANDSTAR

Leanna Alverson reported that Troy Burke had requested to move his presentation of DemandStar to the April 23, 2001, meeting at 6:30 PM. It was the consensus of the Commissioners to approve this request.

IN THE MATTER OF VINCENT CRANE PROCLAMATION

Commissioner Ostermeier read a portion of the proclamation to be presented to Vincent Crane on Saturday, April 21, in honor of his 100th birthday stating he was a long time Hendricks County resident, had been a principal at Clayton High School and an instructor at Canterbury College in Danville.

IN THE MATTER OF COUNTY HEALTH INSURANCE

Jon Yoho advised that a committee had met to discuss the county employee health insurance. Jeff Fox presented the County claim history and introduced the Sagamore Health Network Plan. There was discussion of generic prescriptions verses name brand, of changing co-pay, and of charging co-pay for use of emergency room as ways to cut costs to the plan and of referring to Council for funding. Stayce McClain explained the committee of Steve Stoddard, Jon Yoho, Jeff Fox and herself had met and discussed these options. Commissioner Clampitt

thanked the committee and recommended that the Commissioners take the matter under consideration, to take to Council and bring back.

IN THE MATTER OF STATION HILL

Bill Ottinger of Benchmark Consulting presented development plans for the Station Hill section of Prestwick. Rick Pitts of Hoffman Drewry and Simmons Law Office explained the litigation between the County and Station Hill stating that the County owns the house through condemnation of the court and they are now requesting to demolish the house on Lot 121. There was discussion that the contract for the demolition of this house had expired due to litigation delays. Todd Barker explained the Plan Commissions' approval of this project. There was discussion of deeding the lot back to the developer and of alternate entrances for emergency use only. Mr. Pitts stated that the judge ruled in favor of the county and that the homeowners remonstrators lost. There was discussion that as currently presented there is only one entrance and it may not be approved by the Plan Commission and that another attorney would need to be appointed as Greg Steuerwald is the attorney for the Prestwick Homeowners Association and will be unable to represent the County in this matter. Commissioner Clampitt moved to request the County Attorney to appoint an attorney to represent the County in this matter. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF GRANTS FOR VICTIMS ASSISTANCE

Maria Larrison of the Prosecutor's Office requested approval of several grants that are funded by federal funds that are assessed from criminals of the Indiana Criminal Justice System stating that the Victims Assistance work in this community to bring programs to Hendricks County. The grants are at no cost to taxpayers and they are Victim Assistance, Special Prosecutor Grant for Crimes Against Women, renewal of the Breaking Fire Grant for battered women, men and children, a new Breaking Fire Grant and two grants for counseling at Sheltering Wings for total funding of \$228,970. Commissioner Clampitt moved for the President to sign the three new grant applications and renew the three existing grant applications as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TELEPHONE SYSTEM

Leanna Alverson presented changes to the County telephone system with the Ameritech Centrex Letter of Election and Letter of Agency Section a Variable Term Payment Plan, Section 3, Addendum and Section B Addendum to change lines and save the County money. Commissioner Clampitt moved, per staff recommendation, to approve the changes of the Ameritech contract as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR – WELLS PROPERTY

Kent Wells came forward to explain the time line of progress on the proposed North/South Corridor relative to his property at 220S CR 1050E and his counter offer of this property. There was discussion of the County original offer; involvement with Beam Longest and Neff; and of federal funding for this project and delays. Commissioner

Clampitt moved to allow Greg Steuerwald to work this out to meet all guidelines for federal funding, to meet with all the proper agencies and to bring back next week. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0. Mr. Wells further advised the county roads around this proposed project are disintegrating due to heavy truck traffic and need to be repaved and requested that the roads be evaluated and a report made.

IN THE MATTER OF AVON JOINT PLANNING DISTRICT

Todd Barker presented a Joint Planning & Zoning District Summary between Hendricks County Planning and Building Department and Town of Avon for consideration. Mike Rogers of the Town of Avon complimented the County staff and the Town of Avon for working on this joint venture. Commissioner Ostermeier stated that we are still talking on this matter.

IN THE MATTER OF HIGHWAY BUSINESS

Russ Lawson discussed sight problems of county school buses due to trees on private property. There was discussion that the County Attorney drafts a letter to be sent to those property owners.

IN THE MATTER OF EXECUTIVE SESSION

Commissioner Clampitt moved to cancel the Executive Session scheduled for 12:00 noon today at the recommendation of the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION – CANAK PLACE, SECTION 2

Todd Barker presented a request of the developer of Canak Place, Section 2, for bond reduction and based on an on-site inspection by the Planning and Building Department of the work completed to date recommended that the performance bond is reduced to an amount of \$30,000. Commissioner Clampitt moved, per staff recommendation, to reduce the performance bond for Canak Place, Section 2, to \$30,000 as presented.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND TRUSTEES AFFIDAVIT

Leanna Alverson presented affidavit for the Bond Trustees, which was previously approved for Lawrence Electrostatic Company, in the amount of \$580. It was the consensus of the Commissioners to initial and forward to the bond bank for payment.

IN THE MATTER OF GOVERNMENT CENTER - LANDSCAPE

Leanna Alverson requested to proceed to purchase landscape plants for the northwest entrance area of the Government Center as previously approved. Commissioner Clampitt moved to allow the expenditure for landscape plants as approved by the previous Commissioners. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COURTHOUSE - AIR CONDITIONING & LANDSCAPE

Receipt was acknowledged of letter of April 11, 2001, from Judge J. V. Boles, Judge David H. Coleman, Judge Karen M. Love, Judge Robert W. Freese, Prosecutor Patricia A. Baldwin, and Clerk Sharon Dugan requesting that

the air conditioning be turned on in the Courthouse. Leanna Alverson stated that the Engineering Department had turned off the heat, but had not turned on the air as once the air was on it could not be turned off and the dates set are air on May 15 and heat on October 15. It was the consensus of the Commissioners to keep the same dates as have been followed in previous years and that Commissioner Clampitt call to confirm to keep the same dates.

Leanna Alverson presented a diagram for 24 arborvitae shrubs to be planted around the HVAC chiller equipment enclosure and transformers on the southeast side of the Courthouse along with three quotes including a guarantee for one growing season:

Berg Warner	\$4,800	Indy Tree & Landscape	\$2,160
C. M. Hobbs & Sons	\$1,220	Hidden River	stating they have none available

Commissioner Clampitt moved, per staff recommendation, to approve the quote from C.M. Hobbs & Sons as the lowest quote submitted and that it is guaranteed for one year. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ADULT PROBATION - ARAB

Leanna Alverson stated that insects have been found in the basement of the Adult Probation Building and requested to have ARAB provide protection for this building the same as provided for other County buildings. It was the consensus of the Commissioners to contact ARAB for the same protection as provided for other County buildings.

Commissioner Palmer left the meeting at 11:35 AM.

IN THE MATTER OF DPW – CLOTHING

Leanna Alverson presented a request from the DPW workers to purchase and wear uniform shorts for outside summer work. It was the consensus of the Commissioners to approve DPW workers to wear shorts for outside summer work.. Ms. Alverson also advised that the DPW and Maintenance workers requested polo shorts instead of the standard work shirts. It was the consensus of the Commissioners to approve this request.

IN THE MATTER OF SOIL CONSERVATION

Henry Wallis requested a proclamation recognizing the Hendricks County Soil and Water District for 50 years of soil, water, and other natural resource conservation assistance service to Hendricks County and proclaiming May 2, 2001, as Hendricks County Soil and Water Conservation Stewardship Day. Commissioner Clampitt moved to approve and execute a proclamation in recognition of the Hendricks County Soil and Water District 50th Anniversary. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CENTER TOWNSHIP – POOR RELIEF REPORT

Receipt was acknowledged of the quarterly Center Township Poor Relief Report from Bill Corbitt, Center Township Trustee.

IN THE MATTER OF EMERGENCY MANAGEMENT

Receipt was acknowledged of a letter from Emergency Management Director, James R. Adams, notifying that he will be attending schooling in Clarksville from April 18 thru April 20 and that in his absence his Deputy Director Mark Shaffer and Chief of Operation Tom Drake will be in charge.

IN THE MATTER OF CIRCLE SEVEN WORKFORCE

Receipt was acknowledged of the April 4, 2001, memorandum from Lance D. Ratliff of the Interlocal Association relative to joint appointments to the Circle Seven Workforce Investment Board with names of nominated individuals to serve another 3-year term on the board from July 1, 2001, through June 30, 2004. The nominees are Rodney Fleming, Mayor of the City of Greenfield, and Kay Kelly, Executive Director of Step Ahead of Hamilton County. Commissioner Clampitt moved to approve the nominee recommendations submitted for Circle Seven, for the President to execute and to return to Mr. Ratliff. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF HUMAN RESOURCE NEWSLETTER

Receipt was acknowledged of the March & April 2001 Human Resource Newsletter that will be included in employee paychecks.

IN THE MATTER OF EXECUTIVE SESSION - COUNTY ENGINEER

There was discussion of the process for filling the position of County Engineer from the resumes received. Greg Steuerwald explained the process stating the Commissioners could select their first two choices and interview them during an executive session. It was the consensus of the Commissioners to have the Human Resource Director set up appointments with two applicants and to interview in an Executive Session at 9:30 on Monday, April 23, 2001.

IN THE MATTER OF CANYON FALLS – OFFICE PRODUCTS

Receipt was acknowledged of a letter from Marc Hillmer of Canyon Falls requesting to set up a demonstration of office equipment in the Government Center that he had requested in his presentation on April 9, 2001. It was the consensus of the Commissioners to approve the request and that Mr. Hillmer is contacted to set date and time.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #106451 thru 106468, #207775 thru 207791, and #207803 thru 208123 as presented April 16, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve the minutes of February 12, February 20, February 26, and March 5, 2001, with corrections. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Commissioner Ostermeier moved to approve the minutes of the March 10, 2001, special joint workshop with the Council as he was the only Commissioner in attendance. Commissioner Clampitt seconded the motion and the motion was approved unanimously 2-0-0. Commissioner Clampitt moved to approve the minutes of March 12, March 20 and March 26, 2001, with corrections. Commissioner Ostermeier seconded the motion and

the motion was approved unanimously 2-0-0

Commissioner Clampitt moved to recess at 12:22 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board began at 1:20 PM with the following added to the attendance:

John Parsons, Systems Administrator
Lana Pedigo, Computer Department
Linda Hibner, Nursing Health Director
Janelle Bowman, Computer Department

Steve Scott, Prosecutor's Office
Amy Roberts, Hendricks County Treasurer
Cathy Grindstaff, Environmental Health

John Parsons explained the I-SAM files stating from Manatron they would cost \$36,218 plus a monthly fee of \$1,750. There was discussion of hookup fee and if the charge should be by firm, individual or password and of funding. Commissioner Clampitt moved to recommend that John Parsons and Lana Pedigo go to the Council to request additional funding for the Computer Department of \$36,218 plus monthly fee of \$1,750 (\$21,000).

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Larry Baker stated they should get competitive bids.

There was discussion of the Quest contract for Appendix "A" Statement of Work No. 8 to Consulting Services Master Agreement No. 251 between Hendricks County, Indiana and Quest Information Systems, Inc., which was previously approved subject to approval by County Attorney. Greg Steuerwald stated he had reviewed and approved the contract and to proceed with execution.

Receipt was acknowledged of a letter from Leadership Hendricks County relative to computers and was referred to John Parsons.

Linda Hibner inquired if there was a schedule set up for replacement computers as the Health Department had the oldest computers in the building.

There was discussion of the two changes to the Computer Policy, to 13.3 Security and 13.5 Violations on pages 23 and 24. Janelle Bowman advised that the County Attorney had approved the two minor changes and that Human Resources had approved.

There being no further business the meeting recessed at 2:05 PM

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Leanna Alverson	Hendricks County Engineering Department
Charles Colbert	Hendricks County Weights and Measurers Inspector
Judith Wyeth	Secretary to the Commissioners

NOTE: Commissioner Clampitt did not attend this evening meeting due to work schedule.

The meeting opened with group Pledge to The Flag followed by a brief prayer by Greg Steuerwald for those who wished to participate.

IN THE MATTER OF ASSESSOR'S OFFICE

Receipt was acknowledged of a telephone message from Barb Ford advising that the contract that she had planned to present this evening had not been thoroughly reviewed, and requested the matter be continued to the May 7, 2001, meeting at 9:00 AM. It was the consensus of the Commissioners to grant the request.

IN THE MATTER OF DEMANDSTAR PRESENTATION

Troy Burk of DemandStar made a presentation of their services of providing access to active government bid opportunities via internet or fax. There was discussion of control of information. It was the consensus of the Commissioners to get an agreement to the County Attorney for review and comment.

IN THE MATTER OF TELEPHONE SYSTEM

Leanna Alverson reported that the change orders for the telephone system were not received in time to be reviewed and requested that this matter be continued to the May 7, 2001, meeting. It was the consensus of the Commissioners to continue this matter.

IN THE MATTER OF TOWN FORUM

Commissioner Ostermeier announced that The Town of Avon had requested to host the next Town Forum and that it be held on Thursday, May 31, 2001, at 7:00 PM in the Avon Town Hall. It was the consensus of the Commissioners to approve this request and date.

IN THE MATTER OF THE STATE OF THE COUNTY ADDRESS

Commissioner Ostermeier requested to move the State of the County Address to June in order to have on board both the new County Plan Commission Director and new County Engineer. It was the consensus of the Commissioners to move the State of the County Address to June.

IN THE MATTER OF PLANNING DEPARTMENT

Commissioner Ostermeier advised that the Plan Commission had met at 5:30 PM today and voted to make a recommendation to the Commissioners of Terry Jones from Carmel for the position of Plan Commission Director. It was requested to have Stayce McClain of Human Resources contact Terry Jones to set up a meeting with all three Commissioners for an interview. It was the consensus of the Commissioners that a meeting be set up for them to interview the individual recommended by the Plan Commission for the position of Plan Commission Director.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #106469 thru 107871 and #208127 thru 208140 as presented April 23, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Steve Luther, of Beam Longest and Neff, presented Supplemental Agreement No. 6 for the proposed North/South Corridor relative to study of jurisdictional wetlands discovered between CR 200N and 400N and a section of 0.5 miles south of US 36 to the railroad and amend the Environmental Assessment to state, "and, whereas a Section 404 and 401 permit is required for identified wetlands for wetlands amendment to environmental assessment not to exceed \$9,050 without written consent from the County". Commissioner Palmer moved to approve the Supplemental Agreement No. 6 for study of wetlands between CR 200N and 400N as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CIRCLE SEVEN WORKFORCE INVESTMENT BOARD

Receipt was acknowledged of April 13, 2001, memorandum from Lance D. Ratliff, of the Interlocal Association, for joint appointments to Circle Seven Workforce Investment Board for three appointees to each serve a 3-year term on the board from July 1, 2001, through June 30, 2004, with the following names submitted:

Joe Potesta, Executive Director of the Leadership Development Institute, representative for organized labor
Jack Dugan, Consultant, representative of organized labor
Kathleen Culp, Executive Director, Boone County Economic Development Corporation, representative of economic development

Commissioner Palmer moved to appoint Joe Potesta, Jack Dugan and Kathleen Culp to each serve a 3-year term through June 30, 2004 as recommended by the Interlocal Association. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF NATIONAL DAY OF PRAYER

Commissioner Ostermeier reminded everyone of the National Day of Prayer in Hendricks County service to be held at noon on Thursday, May 3, 2001, in the Courthouse rotunda.

IN THE MATTER OF WORKFORCE FORUM

Commissioner Ostermeier announced the Steering Committee Meeting of the Workforce Forum for the Interlocal Agreement to be held in the Government Center on Tuesday, May 2, 2001, at 6:30 PM.

IN THE MATTER OF WEIGHTS AND MEASURES REPORT

Receipt was acknowledged of the Weights and Measures Report for March 15 through April 14, 2001, from Charles Colbert.

IN THE MATTER OF LIZTON-UNION TOWNSHIP FIRE DEPARTMENT

Receipt was acknowledged of a letter from Robert F. Crouch, Assistant Chief of the Lizton-Union Township Volunteer Fire Department, requesting a letter of recommendation from the Commissioners for their pursuit of federal funding through the Fire Grant Program administered by the Federal Emergency Management Agency (FEMA) at no cost to taxpayers. A draft letter was presented. It was the consensus of the Commissioner to execute and send this letter of recommendation to FEMA on behalf of the Lizton-Union Township Volunteer Fire Department.

IN THE MATTER OF SPRINT TOWER

Receipt was acknowledged of letter of March 29, 2001, from Sprint PCS stating it was necessary to upgrade their equipment located at 980 East Main Street in Danville (Hendricks County Highway Department), that all work would be done at Sprint Spectrum's sole expense with upgrades to commence in the next six months, and that it will take seven to ten days.

IN THE MATTER OF COUNTY WEB PAGE

Dan Derrick advised that the current Hendricks County web page is not representing the County and does not have correct information. There was discussion of drafting a letter disclaiming that this page is NOT connected to OR provided by Hendricks County. It was the consensus of the Commissioners that the County Attorney draft a letter for consideration, relative to this concern.

IN THE MATTER OF ANIMAL SHELTER

James "Red" Bledsoe advised that he has been doing a charity car show for the past seven years with all proceeds, a total of \$31,101.77, going to the animal shelter building fund and inquired the status of a new building. The Commissioners advised that the land has been acquired, a master plan has begun, there is not a designed plan for the building, but that they have visited several shelters in neighboring counties for ideas that cost considerably less than the original design and they were fully aware that there is a definite need for a new animal shelter building. It was further stated that there would be some definite plans available by the date of the next car show on August 19, 2001. The Commissioners expressed their appreciation to Mr. Bledsoe and his committee for their contribution, involvement and community support.

IN THE MATTER OF MILEAGE RATE

Charles Colbert of Weights and Measures requested an increase in the County mileage rate paid to employees using their vehicles for County business and stated that the current \$.28 was not sufficient to cover the rising gas prices, cost of vehicles, tires and maintenance/repair. There was discussion of the current amount budgeted for mileage and that this matter should be referred to the Council as they set the mileage rate. It was the consensus of the Commissioners to send a letter to the Council requesting that they review the current mileage rate at the May 8, meeting.

IN THE MATTER OF ZA-254/WA01-01-JARVIS ENTERPRISES LLC

John Moore came forward to advise that the ZA-254/WA01-01 zoning request for C-4 of Jarvis Enterprises with self-imposed conditions, which was approved by both the Plan Commission and Commissioners, must have a signed Application for Motor Vehicle Business License, which is required by the State before they can begin sales along with Zoning Ordinance Compliance Agreement. Greg Steuerwald stated that the original parcel for this business was 9 acres, however, when they came in for this change in zoning it was only for .873 acres, therefore, this becomes two operations on one parcel and explained that a variance is now required in order to meet zoning requirements. Mr. Moore noted that there were no remonstrators at the public hearing of the Plan Commission or at the Commissioners

meeting of April 16. There was discussion that the client needs to sign the application and that he is currently in Brazil, however, Attorney John Moore can sign now and have the client sign when he returns. Commissioner Ostermeier moved, per recommendation of County Attorney, in order to be in compliance with the zoning ordinance, to approve and execute The Zoning Ordinance Compliance Agreement:

The Zoning Ordinance Compliance Agreement dated April 23, 2001, by and between Hendricks County, Indiana, and Jarvis Enterprises, Inc. (“Jarvis”):

- 1. Jarvis shall file an application for a variance with the Hendricks County Board of Zoning Appeals to permit two principal uses on the Real Estate (the “Application”) on or before May 18, 2001;***
- 2. Hendricks County shall acknowledge Jarvis’s compliance with the Ordinance this date by executing State Form 13215, Application for Motor Vehicle Business License;***
- 3. In the event the Application is denied by Hendricks County Board of Zoning Appeals, Jarvis shall cause the immediate cessation of one of the principal uses on the Real Estate;***
- 4. In the event Jarvis breaches this Agreement, Hendricks County shall be entitled to recover from Jarvis its reasonable attorneys’ fees incurred in the enforcement of this Agreement.***

IN WITNESS WHEREOF, the parties have executed this ZONING COMPLIANCE AGREEMENT AND HAVE CAUSED IT TO BE DATED AS FIRST WRITTEN ABOVE

Hendricks County, Indiana By: Steven L. Ostermeier, President (signed)
Gregory E. Steuerwald, Counsel for Hendricks County (signed)
Jarvis Enterprises, Inc.
By: John J. Moore, Counsel for Jarvis Enterprises, Inc. (signed)

Commissioner Palmer seconded the motion and the motion was approved unanimously. 2-0-0.

IN THE MATTER OF EXECUTIVE SESSION

Commissioner Ostermeier advised that during the 9:30 AM Executive Session this date, two candidates were interviewed for the position of County Engineer. There was discussion that both candidates were well qualified, but that it comes down to numbers for salary and of a starting date and that they will discuss this position with John Ayres first. Commissioner Palmer moved for the Commissioners to begin negotiations with John Ayres for County Engineer. Commissioner Ostermeier stated that both candidates bring good qualities and that John Ayres has experience and seconded the motion. The motion was approved unanimously 2-0-0.

IN THE MATTER OF CITIZEN CONCERNS

Ken Kinsey stated that he was here for the 8:00 PM Drainage Board Meeting. The Commissioners advised Mr. Kinsey that the Drainage Board was at 8:00 AM this date, not 8:00 PM, and requested his telephone number to refer to the County Surveyor to respond to his concerns.

There being no further business the meeting recessed at 8:00 PM.

John D. Clampitt

ATTEST: _____
Judith Wyeth, Deputy Auditor

May 7, 2001

The Hendricks County Board of Commissioners met in regular session at 9:10 AM on Monday, May 7, 2001, with a quorum of three Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald		Hendricks County Attorney
Nancy L. Marsh		Hendricks County Auditor
Roy Waddell		Hendricks County Sheriff
David Gaston		Hendricks County Surveyor
Steve Schmalz		Director Circuit Court Probation
Todd Barker		Hendricks County Planner
Leanna Alverson		Hendricks County Engineering Department
Judith Wyeth		Secretary to the Commissioners

IN THE MATTER OF AGENDA

Commissioner Ostermeier announced that Barb Ford had requested that consideration for contract be continued to the May 14 meeting and that Bill Solomon requested that his presentation of American Timber Bridge be continued to May 29. It was the consensus of the Commissioners to move both items to the requested date.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Jim Johnson of Beam Longest and Neff presented a letter relative to a preliminary public hearing display for the section of the North/South Corridor from CR 300N to CR 600N for consideration. Mr. Johnson stated that:

The section of the Corridor at the railroad crossing immediately south of US 136 requires a grade separation from the railroad. Because of the close proximity of US 136 to the railroad, the Corridor must also have a grade separation with US 136. Previous plans have shown an interchange at the Corridor US 136 crossing. After recent discussions with the County, the interchange has been replaced with connector roads from the proposed Corridor to US 136, and to CR 1000E. The County should review the location and layout of these connector roads.

A meeting should be scheduled with the property owners in the area of the proposed interchange (Lacy and Hession) due to prior commitments that had been made to them.

Mr. Johnson advised that there is a large display for presentation and also several aerial views of the entire area that will be presented at the public hearing. The plans were referred to the Engineering Staff for review.

IN THE MATTER OF SKILLMAN CORPORATION

Mike Howard introduced the Skillman Corporation project administration and construction management program. Larry Koenes made a presentation of their services and Jim Boots explained some of their current projects and past experience. It was the consensus of the Commissioners to refer the information to the Engineering Department.

IN THE MATTER OF SUBSTANCE ABUSE TASK FORCE

Steve Schmalz presented the following items that have been viewed by the Hendricks County Substance Abuse Task Force and requested approval for payment from the Drug Free Community Fund:

\$ 1,200	Avon Middle School
1,000	Plainfield HS-FCA
<u>2,000</u>	Tri-West HS Renaissance Program
\$ 4,200	Total

Commissioner Clampitt moved to approve the request for funding as presented and recommended by the Hendricks County Substance Abuse Task Force. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COURTHOUSE – CIRCUIT PROBATION

Receipt was acknowledged of letter of April 26, 2001, from J. V. Boles, Judge Hendricks Circuit Court, requesting that the law books be removed from the Court Library in the Courthouse as they now have established a computerized library through West and that many of the books are out of date and are not used by lawyers. Judge Boles suggested to use community restitution people to make all the moves of the books, and there will be no cost to the County, and then the Probation Department can move into bigger spaces and the current Probation Department can be used for the Ronald Reagan Presidential Room. Greg Steuerwald stated there is no legal reason to keep the current law library. Commissioner Clampitt moved to refer the request for remodeling back to the Engineering Department for review and recommendation. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NATIONAL POLICE WEEK AND POLICE MEMORIAL DAY

Receipt was acknowledged of letter of April 19, 2001 from Captain Mark R. Morgan requesting a proclamation for National Police Week in Hendricks County May 13 through May 19, 2001. Commissioner Clampitt moved to approve the request for National Police Week in Hendricks County as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

The letter from Captain Morgan also requested use of the Courthouse Rotunda at noon on May 16, 2001, for the annual Law Enforcement Memorial Service. Colonel Steve Stoddard requested that the date for the memorial service be changed to Thursday, May 17, 2001. Commissioner Clampitt moved to approve the request for use of the Courthouse rotunda for Law Enforcement Memorial Service on May 17, 2001, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EXECUTIVE SESSION

Commissioner Ostermeier stated that during the Commissioners' Executive Session on April 30, 2001, only a matter of personnel was discussed and that no decisions were made.

IN THE MATTER OF PLAN COMMISSION DIRECTOR

Commissioner Clampitt moved, on the recommendation of the Plan Commission to follow their recommendation and to appoint Terry Jones as Hendricks County Plan Commission Director to begin the position as soon as possible. Mr. Jones agreed to start on May 8, at the salary budgeted for this position with the same conditions as the former Plan Commission Director, and to execute a contract as soon as details are worked out. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Commissioner Ostermeier introduced Mr. Jones.

IN THE MATTER OF GOVERNMENT CENTER BUILDING CORPORATION

Greg Steuerwald advised that funds in the Building Corporation bond can be moved from the proposed animal shelter building to computers by a request to the Building Corporation Bond Trustees from the Commissioners and that there would be no change in allocation and no change in documents. Commissioner Clampitt moved to request the County Attorney to draft a letter to the Bond Trustees to change funds from the animal shelter to computers and

that the President execute the letter. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TOWN FORUM

Don Hodson announced the Town Forum would be held in Avon on Thursday, May 31, 2001, at 7:00 PM, however, the location has been moved to the Avon High School cafeteria and advised that he has requested the media, school board and Town Council to be available.

IN THE MATTER OF FIBER OPTIC CABLE CUT PERMIT

David Gaston stated that he was coming before the Commissioners to advise that he would not sign two right-of-way permits for a fiber optic firm for an above ground permit and a below ground permit and noted that the applicant was not in attendance at today's meeting to address the request. There was discussion if the overhead could be between utility company poles. It was the consensus of the Commissioners to send the requests to the Engineering Department to review and bring back a recommendation.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Leanna Alverson presented a draft letter to Mr. Bruno Canzian of Indiana Department of Transportation (INDOT) requesting that the project description for the North/South Corridor be changed from two (2) lanes to four (4) lanes so that we may begin plan development for this revised scope of work, also that the Environmental Document has been approved for this section, and the right-of-way has been acquired to accommodate a four lane section. Commissioner Clampitt moved to approve and send the letter as presented by staff and for the President to execute. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Leanna Alverson presented a letter to the Council requesting additional appropriations for EDIT account #88-084-XXX for North/South Corridor, CR 200N – CR 400N and ½ mile south of US Highway 36, Supplemental Agreement No. 6, to conduct a field inspection and delineation of wetlands discovered in the above stated area, that was approved by the Commissioners on April 23, 2001. Commissioner Clampitt moved to approve and send letter to Council as presented by staff. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Crew is working on ditches.

Mr. Lawson stated that the County 1990 grade-all is continually requiring repairs and requested to set up specs to buy or lease a replacement. It was the consensus of the Commissioners to check on cost/lease of a grade-all and bring back a recommendation.

IN THE MATTER OF CITIZEN COMPLAINT – TREE AT CR 525E

A telephone request from Frieda Martin was acknowledged relative to a dead tree on the 150-acre farm property, owned by the County, that hangs over on her property that could fall and damage her home. Russ Lawson confirmed that the tree is dead and could damage the house, however, in order to cut the tree they would need to go through the farm field, which is now planted. There was discussion of contacting the renter, of checking with insurance and other trees that might need to be cut along the property line. It was the consensus of the Commissioners to contact the farm

renter and to cut this tree.

IN THE MATTER OF SUBDIVISION BOND FORFEITURES

Todd Barker presented a draft letter to Frontier Insurance Company requesting forfeiture of the bond for MIP-660: Dennis Bartley, as the prescribed improvements have not been completed. Commissioner Clampitt moved, per staff recommendation, to execute and send the letter of forfeiture of bond for MIP-660 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Todd Barker presented a draft letter to Ms. Michele Johnston advising that we have forfeited the Cashier's Check that was posted as surety in order for us to complete the work. Commissioner Clampitt moved, per staff recommendation, to execute and send the letter of forfeiture of Cashier's Check for MIP-785: Johnston, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Todd Barker presented a draft letter to Ed Schrier requesting forfeiture of the Cashier's Check for Corinth Country Estates as the prescribed improvements have not been completed and the ninety (90) day extension of time to complete these improvements has passed. Commissioner Clampitt moved, per staff recommendation, to execute and send the letter of forfeiture of Cashier's Check for Corinth Country Estates as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVITS

Todd Barker presented a Contractor's Completion Affidavit for Brian Stephenson MIP-819: Arthur Thomas, as all requirements have been met. Commissioner Clampitt moved, per staff recommendation, to accept the Contractor's Completion Affidavit for MIP-819 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Todd Barker presented a Contractor's Completion Affidavit for Dale Andrew for MIP-760: Judy (Yates) Daniels, as all requirements have been met. Commissioner Clampitt moved, per staff recommendation, to accept the Contractor's Completion Affidavit for MIP-760 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISIONS – LINDEN SQUARE

Todd Barker presented a request to release the maintenance bond for Linden Square, Phase 1 and Linden Square, Phase 3, based on the on-site inspection by the Planning Department and that this development is subject to a Legal Drain assessment. Commissioner Clampitt moved, per staff recommendation, to release the maintenance bond as presented for Linden Square, Phases 1 and 3, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Todd Barker presented a request for Linden Square, Phase 5 that based on the on-site inspection by the Planning Department to release the performance bond in favor of a maintenance bond in the amount of \$11,400 and that this development is subject to a Legal Drain assessment. Commissioner Clampitt moved, per staff recommendation, to

release the performance bond upon receipt of the maintenance bond for Linden Square, Phase 5, and that this development is subject to a Legal Drain assessment as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY MOWING

Russ Lawson advised that a portion of US 36 at 10th Street needs to be mowed, however, he has no equipment to mow this steep area and also that approximately thirty trees are dead in this area and need to be removed. There was discussion to use the equipment that we have to mow what can be mowed.

IN THE MATTER OF TELEPHONE SYSTEM

Leanna Alverson advised that some phones in the Government Center were not working today, these phones are the old phones formerly at the Annex. There was discussion of repairing these phones as the change over to the new phone system will be within 2-3 weeks.

Jeff Johnson requested an extension of time to extend to June 1, and explained the reason for the delay of fiber optic. Commissioner Clampitt moved to allow extra time as requested and for the President to execute the change order. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Leanna Alverson advised that additional phones and digital lines will increase the expense of the phone system, but most offices will pay from their budget or they will request additional funding from the Council.

Leanna Alverson requested additional phone stock for hands free and regular phones as they are cheaper when purchased in bulk at this time and they would be available for replacement or additional phones as departmental staffs increase. There was discussion if funds are available. Commissioner Clampitt moved to allow additional phones as presented if funding is available. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND TRUSTEES

An Affidavit to Office Works for a printer in Voters Registration was presented. The Commissioners had previously approved this with no response received from the Bond Trustees. It was the consensus of the Commissioners to initial and forward to the Bond Bank for payment.

IN THE MATTER OF PROBATION

Leanna Alverson presented for execution the previously approved contract for monthly maintenance services of ARAB for the Probation Building. Commissioner Clampitt moved to approve and execute the ARAB contract for the Probation Building as presented and recommended by staff. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MUSEUM ROOF

Leanna Alverson presented four quotes to replace the roof over the museum boiler room:

Insulated Roofing Contractors	\$ 4,725
JVC Commercial-Industrial	7,499
Ralph Reeder and Sons, Inc	12,122
Blackmore & Buckner Roofing, Inc.	6,500

Ms. Alverson reported that Bob Carroll had reviewed the quotes and recommended Insulated Roofing as they were the lowest quote submitted and had a ten-year warranty. Commissioner Clampitt moved to accept the quote of Insulated Roofing Contractors, as reviewed and recommended by Bob Carroll, as the lowest quote received, and for the President to execute the contract. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENGINEERING DEPARTMENT – COMPUTERS

Leanna Alverson stated the Engineering Department has five employees without computers and requested approval of additional computers for that department. It was the consensus of the Commissioners that the request be referred to the Technology Board.

IN THE MATTER OF HOUSE AT CR 1050E

There was discussion of the previous offer of a member of the construction crew to salvage items from the house and move the house at CR 1050E that the County owns, however, this individual had left the firm and had never done anything about the house. Leanna Alverson advised that the Engineering Department had checked this house and found several items missing, but there were several items in the house that could still be salvaged and requested to offer for salvage at previous amount or to salvage and send to auction. There was discussion to research this project further and bring back at another meeting.

IN THE MATTER OF BUILDING PERMITS

Todd Barker inquired on the sewer agreement between Plainfield and the County stating that citizens are paying Plainfield for sewers and the County for building permits. It was the consensus of the Commissioners to refer the matter to the County Attorney as this is a legal issue.

IN THE MATTER OF ANIMAL SHELTER

Mary Anne Lewis requested to donate two dogs from the animal shelter to the Putnamville Correctional Facility. Commissioner Clampitt moved, per staff recommendation, to approve the request to donate two dogs to Putnamville. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF DRAINAGE BOARD

David Gaston stated that Ken Kinsey of 7296 Thornmill Court, Avon had attended the April 29, 2001, Commissioners' meeting thinking that the Drainage Board met at 8:00 PM instead of 8:00 AM. Mr. Gaston presented a letter he had sent to Ken Kinsey in response to questions he had presented relative to Stonemill Subdivision.

David Gaston acknowledged receipt of a phone call from Mr. Pitts that his driveway was washing away. Mr. Gaston advised that the Surveyor and Highway Department will work with Mr. Pitts to resolve this problem.

IN THE MATTER OF RECORDING PLATS

David Gaston stated that Rich Carlucci had advised that the Legal Drain Statement should not be put on plats approved by the Town of Plainfield unless there was a legal drain involved. Mr. Gaston agrees with this. Also, Mr. Carlucci advised the Engineering Department that they had no right to review and approve or require a revision to a

plat that had already been approved by the Town of Plainfield. Mr. Carlucci stated that the County had to record the plat, even if the legal description was incorrect. Mr. Gaston will continue to discuss this matter with the Plainfield Town Attorney. Mr. Gaston also stated he had talked with the Town's attorney and was advised it is their job to check and to record plats and if there is a drainage assessment it will still go thru the Hendricks County Drainage Board.

IN THE MATTER OF BURNETT HOUSE AT CR 1025E

Steve Maxwell stated that the Target grand opening would be in June and they want the Burnett house removed by that date so would like to demolish by May 15. There was discussion of donating the house to Habitat for Humanity, to salvage items from inside and donate, of liability and of time frame. It was the consensus of the Commissioners that Leanna Alverson contact Habitat for Humanity to see if they are interested and for the Engineering Department to contact the developer/manager of Target and notify to not tear down this house by May 15 as the house belongs to the County and that the County Attorney review agreements on this property.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #208143 thru 208200, #208205 thru 208516, #208529 thru 208628, #47747 thru 47777, #106872 thru 107280 and all manual checks cut for April as presented this date. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ANNUAL SCHOOL SUPERINTENDENT REPORT

Nancy Marsh presented the annual report to the State Superintendent of Schools for execution. Commissioner Clampitt moved to execute and forward the report as presented by the Auditor. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Nancy Marsh provided reports for EDIT and CAGIT funds.

IN THE MATTER OF UNION TOWNSHIP

Receipt was acknowledged of report of Union Township Poor Relief for March.

I

IN THE MATTER OF VETERANS' REPORT

Receipt was acknowledged of the April Veterans' Report from Richard Bane.

IN THE MATTER OF COUNTY VEHICLE SEALS

Receipt was acknowledged of an inquiry from a Department Head if County owned trailers should also have the County seal. It was the consensus of the Commissioners that a County vehicle, which would already have the County seal, would pull these trailers, therefore, there was no need to add extra seals and expense.

Receipt was acknowledged of a recommendation to place the County seal and "Hendricks County" on County vehicles and to eliminate the department name. It was the consensus of the Commissioners to place only the seal and "Hendricks County" on all future vehicles added to the County fleet.

IN THE MATTER OF CANYON FALLS DISPLAY

Commissioner Ostermeier reminded everyone of the flyer that had been distributed for the display of imaging equipment by Canyon Falls on Wednesday, May 9, 2001, in Room #3 of the Government Center.

IN THE MATTER OF HIGHWAY SECRETARY

Receipt was acknowledged of notice of the retirement of Sandy Fonderhide Kelley on May 31, 2001, from the Highway Department, with 23 years of service. It was the consensus of the Commissioners to provide flowers for the reception table.

IN THE MATTER OF NAME TAGS

Receipt was acknowledged of a message from Don Peoples of Peoples Promotions to donate magnetic nametags to the Commissioners and Council Members for them to wear when attending meetings, conventions, or public functions. It was the consensus of the Commissions to accept the offer. There was discussion that some elected officials would prefer to pay for their own nametags.

IN THE MATTER OF COUNTY VEHICLES FOR 4-H MEMBERS

There was discussion of a request from Gary Emsweller to use the County 15-passenger van to transport 4-H members to camp, round up, judging contests and various 4-H activities. It was the consensus of the Commissioners to check on dates needed and to check with insurance.

IN THE MATTER OF HOOSIER HEARTLAND RC&D

Receipt was acknowledged of the resignation letter from Meredith Kincaid from the Hoosier Heartland RC&D. It was the consensus of the Commissioners to accept the resignation of Mr. Kincaid and to check with Mr. Kincaid for suggestions of a replacement.

IN THE MATTER OF MOBILE HOME PARKS

Receipt was acknowledged of a letter from Linda Suba requesting that mobile home parks be mandated to build wind resistant building. It was the consensus of the Commissioners to refer the letter to Planning.

IN THE MATTER OF CENSUS

Receipt was acknowledged of request of boundary and survey annexation from the Census Bureau. It was the consensus of the Commissioners to refer this request to the Engineering Department.

I

N THE MATTER OF LABOR FORCE REPORT

Receipt was acknowledged of the 1998, 1999 and 2000 Labor Force Report.

IN THE MATTER OF WELLS PROPERTY – CR 1025E

Greg Steuerwald stated the demand by Kent Wells for the Wells Property at CR 1025E was substantially greater than the County offer. There was discussion that federal funds were used for right-of-way not projects. Greg

Steuerwald stated the figure is excessive and the County could make another offer or go with condemnation of the property. Mr. Steuerwald explained the condemnation process and past experience. There was discussion of increasing the offer as the offer is based on replacement costs, moving costs and appraisal or of starting condemnation. It was the consensus of the Commissioners that the County Attorney draft a letter stating we keep the same offer and if not accepted within fifteen days we will proceed with condemnation.

The Commissioners recessed for lunch at 12:15 PM to return at 1:15 PM

IN THE MATTER OF TECHNOLOGY BOARD

The following joined the Technology Board at 1:15 PM:

John Parsons	Systems Administrator
Bob Freese	Judge Superior 1
Janelle Bollman	Computer Department

Commissioner Ostermeier advised that the web page is up and running and they will use a digital camera to add pictures to the page.

John Parsons stated they are setting up printed instructions to add the weekly agenda for the Commissioners' meetings and the Commissioners' minutes to the web page.

Leanna Alverson requested approval to send a letter to the Council for additional funds to add and replace computers for the Engineering Department. There was discussion if this could come from the Bond and if every employee needs their own computer, or if they could share also, if the computers need a back up unit for each computer. It was the consensus of the Technology Board to send the letter to the Council for only seven computers without back up units.

Judge Freese stated they would go to the Council on May 8 for their request to fund the addition of the Chronological Case Summary (CCS).

Janelle Bollman inquired if the Policy and Procedure Manual was ready for approval. The Commissioners responded they are reviewing the manual. Ms. Bowman presented a Hendricks County Departmental Software Sheet stating: Problem: Locating appropriate software for departmental hardware resulting in a delayed response time in resolving departmental computer problems. Recommended Solution: Provide one central location, computer center, in which all software can be stored. Software will be separated by departments. Each department will have an inventory list of their own departmental software. The handout requested the "initial of the department head/elected official if the recommended solution meets your departments approval", and was initialed by all department heads/elected officials in the Government Center. It was consensus of the Commissioners to approve and execute.

Nancy Marsh advised that the memory had been upgraded on computers in her department and a new computer is on order.

Receipt was acknowledged of a request from Jim Adams for a computer in the Emergency Management

Department. It was the consensus of the Commissioners that John Parsons review and bring back a recommendation for this request.

There being no further business the meeting recessed at 1:25 PM.

Judith Wyeth, Deputy Auditor

May 14, 2001

The Hendricks County Board of Commissioners met in regular session with a quorum of three Commissioners at 9:40 AM on Monday, May 14, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Cathy Grindstaff	Hendricks County Environmental Health Director
Stayce McClain	Hendricks County Human Resource Director
David Gaston	Hendricks County Surveyor
Terry Jones	Hendricks County Plan Commission Director
Gary Emsweller	Hendricks County 4-H Youth Coordinator
Todd Barker	Hendricks County Planner
Leanna Alverson	Hendricks County Engineering Department
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF AGENDA

Commissioner Clampitt moved, at the request of Barb Ford, to continue consideration of contract to the May 21, 2001 agenda. Commissioner Palmer seconded the motion and the motion as approved unanimously 3-0-0.

IN THE MATTER OF STEVEN J. CHRISTIAN & ASSOCIATES

Steve Christian presented an informative booklet and introduced the transportation-engineering firm of Steven J. Christian & Associates.

IN THE MATTER OF NORTH/SOUTH CORRIDOR – HOUSE AT 1050 EAST

Bob Berryhill of Carnegie Management and Development Company for the new Target Store in Avon came forward to request to demolish the Barnett House located at CR 1050 East, which the County owns, stating that the entry drive to the Target Store will go right thru this existing house. Mr. Berryhill stated they had contacted the Avon Fire Department to possibly burn the house and advised they are dedicating to the County four acres in the right-of-way of the North South Corridor in exchange for the removal of this house and the lot. There was discussion of this property, of the Wells and Bartley property, aligning the drive with the proposed North/South Corridor, moving the house, donating to Habitat for Humanity and removal of any salvage of the contents of the house. Leanna Alverson stated she had contacted Habitat for Humanity and was advised they felt this project was too large for them as the

house is two-story and would be difficult to move. Mr. Berryhill further explained the three-access areas to this commercial area stating the planned opening date is June 24 for Target, and September for H. H. Gregg, therefore, they would like to have this house removed as soon as possible. It was the consensus of the Commissioners to recommend the developer meet with the Engineering Department and remove the house. Mr. Berryhill agreed to contact the Engineering Department to develop a list of items to be salvaged from the house. Salvaged items will be removed by Mr. Berryhill's contractor and delivered to the County for a use to be determined.

IN THE MATTER OF FIBER OPTIC - TDS

Jeff Stanley of TDS Telecom requested to run a fiber optic line from Qualitech to the Keers development in Middle Township and another proposed project of TDS as local phone company. Mr. Stanley explained the need to provide service to their customers and to upgrade technology. There was discussion of liability; of placing the line on the back of right-of-way; to increase the 48-inch depth, that they be well marked and to move if the need arises. David Gaston explained previous problems with fiber optic lines and suggested a Hold Harmless Agreement. Greg Steuerwald stated that TDS has been good to work with and recommended to allow TDS to put fiber to the back of any County right-of-way with a Hold Harmless Agreement with all conditions as previously approved. Commissioner Clampitt moved to allow TDS to put fiber optic to the back of the County right-of-way, to place deeper than 48-inches and to provide a Hold Harmless Agreement. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING – CELL PHONE

Terry Jones requested a mobile phone for County use as Director of Planning Department and advised that he had read the cell phone policy included in the employee handbook. Commissioner Clampitt moved, per staff recommendation, to allow a cell phone for the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously. 3-0-0.

IN THE MATTER OF GOVERNMENT CENTER SECURITY - EXTERIOR DOORS

There was discussion of the two proposals received for using monitored cards for access thru the exterior doors to the Government Center after hours. It was the consensus of the Commissioners to refer the matter to the Sheriff Department for review as they are in charge of the security for the building.

IN THE MATTER OF TOWN OF DANVILLE – FARMERS MARKET

Receipt was acknowledged of May 6, 2001, letter from Sandy Teers, Executive Director of Greater Danville Chamber of Commerce, requesting use of the Courthouse restrooms while the Farmers Market is in operation on the Square from 8:00 AM-Noon beginning May 12, 2001, and for Tuesday evenings 4:30 – 7:00 PM when the garden produce reaches peak season. Commissioner Clampitt moved to allow the use of the Courthouse restrooms during the annual Farmers Market and to send a letter to Ms. Teers with a copy to Elvin Cassity. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF AMATEUR RADIO - PROCLAMATION

Receipt was acknowledged from Jay Wright for a proclamation of Amateur Radio Week June 19-26, 2001, and of

Amateur Radio Field Day on June 23. Commissioner Clampitt moved to approve and proclaim Amateur Radio Week as requested. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WEST CENTRAL CONSERVANCY DISTRICT

Alan Hux, Attorney for the West Central Conservancy District, came forward as a Wishes To Be Heard, to request the County to delay issuing building permits in Cedar Mill and Village Oaks near the Avon High School stating that Plainfield is signing sewer approval for the Town of Plainfield when this area will be served by the West Central Conservancy District. Mr. Hux gave a history of this area stating that eight homes have been issued permits with sewer service signed by Plainfield in which Plainfield indicates they will not charge rates, which is a breach of contract agreement, and requested that until Plainfield and the West Central Conservancy work out an agreement that new building permits not be issued by the County for this area. Jim Kovacs of West Central Conservancy advised he had discussed the matter with the County Attorney to make him aware of this situation, and further advised that Plainfield is refusing to pay charges as agreed and is paying no charges at this time. Mr. Hux further stated that Plainfield had agreed to go only to CR 200 North with their service and this is beyond that designated area. Greg Steuerwald requested a Hold Harmless Agreement. Mr. Hux advised that the West Central Conservancy Board will meet on Wednesday and requested to wait until after that meeting and explained that this comes before the Commissioners as they are making this request of the Planning Department, which is under the direction of the Commissioners. There was discussion to have the County Attorney review the agreements and previous commitments to protect the County on a continuing basis. Commissioner Clampitt moved to process building applications for permits until a letter from the West Central Conservancy is issued and to allow the County Attorney to monitor until the letter is received. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Greg Steuerwald stated that when correspondence is received from the West Central Conservancy District the Planning Department will be advised and will need to bring back a recommendation.

IN THE MATTER OF HIGHWAY DEPARTMENT

Russ Lawson advised the Highway Crew is laying mix, getting ready to chip and seal, starting to mow roadsides and are repairing a truck and tractor.

IN THE MATTER OF TRAFFIC STUDY – CR 50E/75E FROM US 136 TO COUNTYLINE

Leanna Alverson presented a traffic study for CR 50E/75E from US 136 to Countyline that was requested by a resident of this area due to concerns with truck traffic using this as a shortcut to the steel mill. The recommendation from the study is that due to the fact the total 85th percentile is less than one mile per hour below the posted speed limit; it is recommended the speed limit remain 50 mph. The installation of curve and speed limit signs and the replacement of warning signs will make this road safer to the driving public and help the Sheriff's Department in enforcement. A diagram of the proposed signage was presented and explained. Russ Lawson stated he has no problem with this recommendation. Commissioner Clampitt moved to approve the recommendations of the traffic

study as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISIONS

Terry Jones presented a request to release the maintenance bond for Site Plan Review-145: Shiloh Circle, as the improvements have been adequately maintained for the required one-year period. Commissioner Clampitt moved, per staff recommendation, to approve the release of the maintenance bond for Shiloh Circle as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Terry Jones presented a request to release the maintenance bond for Site Plan Review 160: Donatos Pizza, as the improvements have been adequately maintained for the required one-year period. Commissioner Clampitt moved, per staff recommendation, to release the maintenance bond for Donatos Pizza as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Terry Jones presented a request to release the maintenance bond for Hawthorn Lake as all improvements have been adequately maintained for the required one-year period. Commissioner Clampitt moved, per staff recommendation, to approve the release of the maintenance bond for Hawthorn Lake as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENGINEERING - COMPUTERS

Leanna Alverson requested to change the request made last week for additional appropriations from the Council for new and replacement computers in the Engineering Department and to now take this request to the Technology Board for the funding to come from the bond. Commissioner Clampitt moved to send the previously approved computer request for Engineering to the Bond Trustees for consideration. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF GIS

Leanna Alverson presented a list of GIS equipment for Planning & Building, Assessor, Auditor and Engineer and requested to take the list to the Technology Board. Commissioner Clampitt moved, per staff request, to take list of GIS equipment to the Technology Board with Commissioners' approval. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF DEMANDSTAR

Leanna Alverson presented DemandStar by Onvie Agency Membership Agreement from Troy Burk. Greg Steuerwald stated the County will still have to do legal advertising in newspapers and the normal process, however, this will just make information available to more bidders. Ms. Alverson stated bidders and vendors pay a fee to DemandStar and this is at no cost to the County. Mr. Steuerwald further stated the Limit Of Liability is not applicable if we follow statute. Commissioner Clampitt moved to approve contract and for the President to execute, to bring each bid in for consideration and for the Commissioners to designate Leanna Alverson as the contact person to set the final details. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING DEPARTMENT

Todd Barker advised that the Planning Department checking account now has the name of the new director, Terry

Jones, however, there needs to be a second signature. Commissioner Clampitt moved to have the President designated as the second name on the Planning Department checking account. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EXTENSION OFFICE – CONTRACT

Gary Emsweller presented, for execution, the contractual agreement with Purdue University for his position as Hendricks County 4-H Youth Educator. Commissioner Clampitt moved to allow the President to execute the contract with Purdue University as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF INDOOR AIR POLICY

Cathy Grindstaff presented a Smoking Policy for the Hendricks County Government Center along with a packet relative to providing clean air in the Government Center to make the building smoke free by having smokers go outside the building to smoke, or by installing a separate ventilation system for the smoking room adjacent to the employee lounge. There was discussion of the ventilation in the Government Center. Stayce McClain stated second hand smoke could increase the cost of employee health insurance, increase absenteeism, workman's comp cost and that ADA stated second hand smoke could cause disabilities. It was the consensus of the Commissioners to refer the matter to Engineering to check the ventilation in the Government Center.

IN THE MATTER OF HUMAN RESOURCE – CLOSING

Stayce McClain stated she had been advised that the Courts had received a letter from the Judiciary Committee recommending that government agencies beef up security or close the courts for security the day of the execution of Timothy McVeigh. Ms. McClain further stated that the Sheriff Department had advised her the courts are closing. There was discussion that the Judges may close, but the Clerk and Prosecutor Offices will be open and that employees that are off that day could use personal, sick or vacation day. It was the consensus of the Commissioners that a memo be drafted by the County Attorney advising that the County Offices will remain open, however, if the Courts do chose to close that day the employees in those Courts use a personal, sick or vacation day in order to be fair to all employees.

Commissioner Clampitt moved to recess for lunch at 12:15 PM to resume at 1:00 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WEIGHJTS AND MEASURES

Receipt was acknowledged of the Weights and Measures Report from April 14 thru May 14, 2001 from Charles Colbert.

IN THE MATTER OF HOOSIER HEARTLAND

Receipt was acknowledged of a telephone message from Meredith Kincaid suggesting two individuals to fulfill his term on the Hoosier Heartland RC&D. It was consensus of the Commissioners to contact these individuals to determine if they were willing to serve.

IN THE MATTER OF LEGAL – REMC

Receipt was acknowledged from Governmental Insurance Exchange (GIE) advising that the lawsuit received against Hendricks County REMC was not covered by the County policy.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #208639 thru 208878 as presented for May 14, 2001.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 1:25 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The following joined the Technology Board:

John Parsons, Systems Administrator	Theresa Lynch, Recorder	Paul T . Hardin, County Council
Amy Roberts, Treasure	Linda Hibner, Director of Nursing	Janelle Bowman, Computer Dept.

John Parsons presented a quote to replace hardware, six PC units and two servers, and new software for scheduling in Nursing Health, to be funded from the bond. Linda Hibner explained the need for this new equipment and stated they had received two other quotes that were both higher than the one presented. There was discussion of computer priorities. John Parsons suggested to send the request thru the Bond Trustee process. Commissioner Clampitt moved, per staff recommendation, to approve request to be funded from the bond. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. There was discussion of sending a request form to each department for their computer needs.

Amy Roberts advised that the Internet security is lax and suggested in order to protect the County she will use a separate PC that is not on the County server.

John Parsons presented a letter from the Surveyor's Office stating that several employees in that department would like to purchase outdated computers that have been replaced in the Surveyor's Office. There was discussion of selling the computer equipment out right or to take thru the auction. It was the consensus of the Commissioners to continue to auction off all excess equipment; to look at having the next auction on a Saturday in order for employees to be able to attend; that the auctions be more frequent with a smaller lot of equipment and that a letter be sent in response to this request.

John Parsons presented e-mail from Terry Brinker of the Sheriff Department requesting help with the server. It was the consensus of the Commissioners to obtain training for the Sheriff Department and other departments.

There was discussion that the Commissioners' Agenda is now available on the Hendricks County Web Page. It was consensus of the Commissioners to send a memo to all departments that the agenda from the Commissioners is on the web page and that it will no longer be sent by fax or delivered to County offices.

Nancy Marsh stated Dan Derrick had offered to scan all County ordinances. The Board advised that Mr. Derrick should refer all requests directly to the Technology Board. Greg Steuerwald stated this was acceptable if he brought

his own computer.

Tom Brenton, representing the Bar Association, encouraged the Commissioners to proceed with the CCS and to look into having a consultant prepare a priority list and a master plan for County technology.

Paul T. Hardin encouraged the Commissioners to proceed with the master plan and a priority list that would bring Hendricks County into the electronic age of this century and to use a consultant if necessary.

Janelle Bowman inquired if the Procedure Manual was ready for approval. The Commissioners advised that they are working on this.

There being no further business Commissioner Clampitt moved to recess the Technology Board at 2:25 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

ATTEST: _____
Judith Wyeth, Deputy Auditor

May 21, 2001

The Hendricks County Board of Commissioners met in regular session on Monday, May 21, 2001, with a quorum of two (2) Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

- Steven L. Ostermeier)
- Linda Palmer) Hendricks County Board of Commissioners
- Gregory E. Steuerwald Hendricks County Attorney
- Nancy L. Marsh Hendricks County Auditor
- Roy Waddell Hendricks County Sheriff
- David Gaston Hendricks County Surveyor
- Russ Lawson Hendricks County Highway Superintendent
- Terry Jones Hendricks County Plan Commission Director
- Todd Barker Hendricks County Planner
- Judith Wyeth Secretary to the Commissioners

NOTE: Commissioner J. D. Clampitt did not attend today's meeting as he was under the weather.

IN THE MATTER OF ASSESSOR'S CONTRACT

Greg Steuerwald presented the Plexius Group L.L.C. contract for reassessment software and support for the Assessor's Office to be funded through the reassessment budget and to be installed July 23, 2001. It was consensus of the Commissioners to set aside and request Barb Ford to come down to explain the contract.

IN THE MATTER OF ZA-255/WA01-02: HERITAGE DEVELOPMENT

Todd Barker presented ZA-255/WA01-02: Heritage Development of Indiana LLC, a request for zoning change from R-1: Low Density, Single Family Residential District to R-2: Medium Density, Single Family Residential District on several parcels totaling 47.0 acres in Washington Township, located on the east side of CR 625E, approximately 0.50 mile north of CR 300 South and on the north side of CR 300S, 0.25 mile west of SR 267. Mr. Barker advised that this petitioner had appeared at the April 10 Plan Commission and requested to come back on May

15 to reduce the request by 26.6 acres with self imposed conditions and currently is requesting zoning change for only 22.4 acres. Concerns expressed at the public hearing were higher density in the township, safety and site distance on CR 300S, the increase on schools, tax burden, this parcel should remain R-1 to be consistent with neighboring developments and traffic safety in the area. The self-imposed conditions were to require 100% brick exterior on the front lots, 1,500-foot minimum for one story, 2,000-foot minimum for two story, eight foot of brick on the front of all homes and that the front lots exceed the R-1 minimum standards with no more than 2.5 homes per acre. The staff sends this request with a favorable recommendation, however, the Plan Commission sends this request “without” a recommendation by a vote of 3-1-2. There was discussion of the request, change in acreage, adjacent developments and of the self-imposed conditions. Ben Comer, attorney for the petitioner, stated 105 letters have been sent after reduction in acreage and only three spoke against this zoning request.

Dan Baker of Timber Bend spoke on behalf of Timber Bend Homeowners to request that the area adjoining Timber Bend remain as R-1 to protect their property values. Mr. Comer advised that the front lots exceed the R-1 minimum standards.

Ron Starnes of 6376 East 300 South questioned the lot size width of 90 feet used in this proposed development, which is less than other developments. It was the consensus of the Commissioners to hold this request for the Planning staff to check the ordinance requirements.

Todd Barker came back to report that the current ordinance requires 120 foot lot width and the proposed new ordinance requires 100 feet lot width and that this development was designed under the proposed requirements and does not meet the current requirements which created several more lots on this parcel and that the Plan Commission was not aware of the change in lot size. Greg Steuerwald advised that a decision could be made to go back to the Plan Commission or to go ahead with information provided. Commissioner Ostermeier made a motion to refer this zoning request back to the Plan Commission to verify the lot size. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0. Mr. Baker questioned if new cards and notification would be sent. Mr. Steuerwald stated notification is now and this zoning request will be on the agenda for the June 12, 2001, meeting.

IN THE MATTER OF FIBER OPTIC LINE – DTI DIGITAL TELEPORT, INC.

Kenneth R. Schieler of DTI Digital Teleport, Inc. of St. Louis, Missouri advised they plan to take a fiber optic line around the town of Jamestown and the south side of Jamestown would be on Hendricks County roads. Concerns were expressed if the county, while repairing roads and roadside ditches, were to damage the fiber line. Mr. Schieler advised that most of the line will be placed in private right-of-way stating that if the County cuts the cable in error the County would not be responsible and presented a Hold Harmless Agreement to the County Attorney for the County. There was discussion of requiring the depth to be 42-48 inches. It was the consensus of the Commissioners to refer the contract to the County Attorney and County Surveyor for review and recommendation.

IN THE MATTER OF CITIZEN ADVISORS

Dan Derrick presented a letter suggesting to resolve confusion and issues related to the County computers and animal shelter that a seven-member committee be formed for an Animal Management Board and a five-member committee be formed for Computer Services Technology Board. Commissioner Palmer advised that the letter and information were just received this morning and requested to have time to review. It was the consensus of the Commissioners to review the information for consideration. Mr. Derrick advised that he had requested reports from Quest. Commissioner Ostermeier stated he would talk to a Quest representative relative to the request.

IN THE MATTER OF COUNTY ENGINEER

There was discussion of the appointment of a County Engineer. Greg Steuerwald stated that he had submitted comments in writing and is waiting for the final contract agreement for the Commissioners consideration.

IN THE MATTER OF HUMANE SOCIETY – ANIMAL SHELTER

Merrily Niles advised that the Hendricks County Humane Society is preparing a proposal to combine forces for the new animal shelter and requested to be on the May 29, 2001, agenda to make presentation.

IN THE MATTER OF COMMISSIONERS' CLOCK

Roy Waddell advised that the clock in the Commissioners' Meeting Room is not working.

IN THE MATTER OF HIGHWAY

Russ Lawson advised the Highway Crew has cut the two dead trees on the property line of the 150 acres in order to protect the home of a property owner. Commissioner Ostermeier inquired on the status of culvert on CR 900N and if CR 875 was scheduled to be repaved. Mr. Lawson advised that the culvert on CR 900N, south of Maloney Road, has been replaced and will be repaved when completed, however, CR 875 is not on this list for this year, but will be done in 2002.

IN THE MATTER CONTRACTOR'S COMPLETION AFFIDAVIT – MIP-840: HARDIN

Terry Jones presented a Contractor's Completion Affidavit for MIP-840: Allen Hardin, as all improvements have been completed and inspected and that no maintenance bond was required as it was less than \$1,000. Commissioner Palmer moved, per staff recommendation, to accept the Contractor's Completion Affidavit for MIP-840 as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF COURTHOUSE – CIRCUIT COURT

Leanna Alverson presented a proposal for Circuit Court from Pioneer Restoration to repair and restore four areas of the courtroom along with desks, witness area and wood railing and stated that Bob Carroll recommended that this proposal be accepted for #1 only as this is for the mural and this firm specializes in this type of repair, but to obtain additional quotes for the other areas listed on the proposal. Commissioner Palmer moved, per staff recommendation, to approve and execute the Pioneer Restoration proposal to repair chipped areas on the mural in Circuit Court:

(1) There are areas of damage all over the courtroom of wall down low where it has been hit by chairs. We can go in and touch up these chipped areas. There is a total of (15) chipped areas in need of repair at cost of \$2,100.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF FURNITURE/EQUIPMENT – PLANNING

Leanna Alverson advised that Planning and Building needs more file space and requested to order two flat files for subdivision development plans and to fund from the Bond. There was discussion of obtaining additional quotes. Ms. Alverson advised that this is the vendor that has supplied matching files for the Government Center and has always been the lowest. It was the consensus of the Commissioners to forward the request to the Bond Trustees for consideration.

IN THE MATTER OF ENGINEERING - VEHICLE MAINTENANCE

Leanna Alverson presented a draft letter to the Council requesting an additional appropriation of \$3,000 for 01-143-367-vehicle maintenance in Engineering in order to do major repairs to the 1990 International dump truck used by the Department of Public Works. Commissioner Palmer moved, to approve the letter to Council as presented by staff. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Nancy Marsh stated that advertising for the June Council meeting had already been submitted and that this request would be on the July agenda.

IN THE MATTER OF GOVERNMENT CENTER - SMOKING POLICY

Commissioner Ostermeier stated that concern expressed relative to second hand smoke in the Government Center was a sensitive issue and moved to suspend smoking activities in the smoking lounge of the Government Center until July 1, 2001, in order for the Engineering Department to check on issues of ventilation and that a memo be sent to all employees notifying them of this change. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0. Councilman Kenny Givan suggested that the smoking area remain the same until we have a solution in order to not upset people. There was discussion of trying to resolve the second hand smoke issue; that the original design was not implemented due to the cost; of the guidelines and of contacting the architect to obtain a copy of the original plans. There was discussion that an air filtration firm had contacted the Commissioners to make a presentation at their June 4 meeting. The Engineering Department will research and bring back a recommendation prior to July 1. It was noted that there had been no reports of smelling second hand smoke in the Courthouse from the lounge in the basement of the Courthouse.

IN THE MATTER OF LITIGATION

Commissioner Ostermeier acknowledged receipt of two requests for litigation from the Planning and Building Department.

IN THE MATTER OF FIVE-YEAR MASTER PLAN

Leanna Alverson explained that the Council had tabled funding for the five-year master plan for the 150-acre parcel. Councilwoman Phyllis Palmer stated the Council questioned the \$40,000 request due to discrepancy of survey and requested better communication with the Commissioners. Councilman Kenny Givan stated the Surveyor had advised he could do that at no cost to the County. There was discussion of the need for this master plan; the need for topo and survey; and that the Weihe Survey was requested and funded by the hospital; and that all permits for this

property will need to go thru the Danville Planning Department.

IN THE MATTER OF MILEAGE

Commissioner Ostermeier advised that at the request of the Commissioners, the Council had reviewed the County mileage rate and increased the rate to 32 cents.

IN THE MATTER OF CIRCLE SEVEN

Receipt was acknowledged of the memorandum from Lance D. Ratliff and a letter from Dan Theobald, Executive Director of the Johnson County Development Corporation, requesting a joint appointment of two members to the Workforce Investment Board for the Circle Seven Workforce along with the names for nomination of Barbara J. Moon, Manager of Group Sales Administration Anthem Blue Cross & Blue Shield, and Dick Gaither, President Job Search Training Systems, Inc. Commissioner Palmer moved to nominate Barbara J. Moon and Dick Gaither to serve on the Workforce Investment Board. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TORT CLAIM – THOMPSON

Receipt was acknowledged of a tort claim from Goodin Orzeske and Stevens for David Thompson for claim of December 19, 2000.

IN THE MATTER OF COUNTY VEHICLES

Receipt was acknowledged of a telephone message from Bliss McKnight offering salvage value of \$2,352.67 less the \$500 deductible for a net of \$1,852.67 for the 1991 Chevrolet Cavalier that was totaled while being driven by an employee of the Engineering Department when rear-ended by another vehicle. It was consensus of the Commissioners to accept the salvage value offered.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #197281 thru 197678, # 107681, and #208934 thru 208948 as presented May 21, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ASSESSOR – SOFTWARE CONTRACT

Barb Ford came forward to explain the contract with Plexis for software and support to the Assessor's Office for reassessment stating that the software will be completed when the manual is completed. There was discussion of meeting the deadline for reassessment. Ms. Ford stated the Council approved the additional funding for this software and the County Attorney had approved the contract also, that she had received a quote from Manatron that was comparable, however, she felt the Plexis was far better. Commissioner Palmer moved, per staff recommendation, to accept and execute the Plexis contract for reassessment software that includes an annual support fee. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Commissioner Palmer moved to recess for lunch at 11:10 AM to resume at 1:00 PM with the Technology Board.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board convened at 1:05 PM with the following joining the meeting:

John Parsons, Systems Administrator Amy Roberts, Treasurer Barb Ford, Assessor
Janelle Bowman, Computer Department Clint Stoutenour, Engineering Department

John Parsons presented a priority list for computer needs that were submitted by the various departments and advised there will be a technology committee meeting on Wednesday, May 23 at 9:30 in the Commissioners' Meeting Room with Quest, a Council Member and requested a Commissioners attend. Commissioner Palmer volunteered to attend.

Mr. Parsons reported on the Monroe County Plexis agreement and the contract Plexis now has with the county and of the equipment needed; of reviewing software on the open market rather than paying consultants to custom design the County programs; and of hiring personnel to do the work rather than consultants. There was discussion of the cost to hire outside consultants and of hiring additional employees for the Computer Department.

Tom Brenton inquired if we can put computer/software needs out for bids. There was discussion of this possibility.

Amy Roberts stated her new PC will be in and that she will need a printer as she does not have one.

Clint Stoutenour submitted Exhibit "A" for GIS/computer summary request to purchase from the bond with three quotes for 4 designers 1055 CM plotters with DLT Solutions low at \$37,332.00, 5 personal computer systems with Dell low quote at \$8,995.00, and OMS magicolor 330cx Color Printer with Systems Unlimited low at \$3,764.67 for a total of \$50,081.67. Commissioner Palmer moved to approve the GIS Exhibit "A" as presented and forward to Bond Trustees for consideration. Commissioner Ostermeier seconded the motion and the motion was approved unanimously. 2-0-0.

Commissioner Palmer moved to recess the Technology Board at 2:20 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

ATTEST: _____
Judith Wyeth, Deputy Auditor

May 29, 2001

The Hendricks County Board of Commissioners met in regular session with a quorum of two Commissioners at 6:30 PM in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	Hendricks County Board of Commissioners
Linda Palmer)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Judith Wyeth	Secretary to the Commissioners

NOTE: Commissioner Clampitt did not attend tonight's meeting due to conflict with his work schedule.

Commissioner Ostermeier opened the meeting by leading the Pledge to the Flag. Greg Steuerwald said a brief prayer for those who wished to participate.

IN THE MATTER OF BELLEVILLE CONSERVANCY – GRANT

Commissioner Ostermeier opened the public hearing for the Belleville Conservancy grant at 6:35 PM. Mark Downey of Commonwealth Engineers presented the request on behalf of the Belleville Conservancy District to apply to the Indiana Department of Commerce for a grant from the Department's Community Planning Grant program of the State Community Development Block Grant (CDBG) program and that this program is funded by Title 1 of the Federal Housing and Community Development Act of 1974, as amended. These funds are to be used for a community development project that will include the following activities: the completion of a preliminary engineering study that will analyze the condition of the current facilities and make improvement recommendations for future growth and development within the district's service area. The total amount requested is \$40,000, and the Belleville Conservancy District also proposes to expend an estimated \$4,000 in non-CDBG funds on this project that will be derived from their existing operating account. The legal advertising was presented for this public hearing and it was stated that no county funds would be included. There was no public comment. Commissioner Ostermeier closed the public hearing at 6:40 PM. Commissioner Palmer moved to make a motion that the Hendricks County Commissioners execute the grant for Belleville Conservancy and that no County funds will be included in this project. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TIMBER BRIDGE PRESENTATION

Bill Solomon was not present to make presentation for Timber Bridge.

IN THE MATTER OF BROWNSBURG PLANNING

Mark White, Town Manager for Town of Brownsburg, stated that he had provided a formal written Interlocal Agreement for zoning in Brown/Lincoln Townships and requested a workshop with three Town Council members, Plan Commission and Attorneys. There was discussion of meeting with the new Plan Commission Director, Terry Jones. Greg Steuerwald stated that he would like to attend the meeting/workshops with the Plan Commission Director Terry Jones, Brownsburg Town Attorney Mark O'Hare and Brownsburg Town Manager Mark White relative to the State Statute. There was discussion of options, concerns and of the experience of Terry Jones that will help with the workshop/meetings. Commissioner Ostermeier expressed concerns that the Brownsburg Town Council

would appoint the plan commission members and that Brown Township would have no input.

Bob Waggner, Brownsburg Town Council, stated he wanted Brownsburg to have more say in developments.

Ken Roe, Brownsburg, stated he wants the Plan Commission to listen to comments.

Greg Steuerwald stated we need to move quickly, but don't be in a hurry.

IN THE MATTER OF ANIMAL SHELTER – HUMANE SOCIETY

Merrily Nilles advised that the Humane Society has 300 members and requested the Commissioners to appoint a Task Force for the new animal shelter. Commissioner Palmer stated that building a new animal shelter is a high priority and explained the master plan including location. There was discussion of the task force serving only in an advisory capacity. Commissioners Ostermeier and Palmer both stated that they had visited neighboring animal shelters to learn about design and structure. Ms. Nilles stated the Humane Society protects animals from people while the animal shelter protects people from animals.

Sharon Tyler, Animal Shelter employee, stated that the shelter also protects animals.

There was discussion of public input by forwarding all information relative to shelters, structures, and names of engineers and architects with previous animal shelter experience, however, the Commissioners stated they want to remain in control of the project.

Dr. Willis Parker requested the Commissioners to set an upper range of funds to be spent for the proposed Animal Shelter and of funds available.

Lori Siebert requested to let the Advisory Task Force do the legwork and research for the shelter and bring information back to the Commissioners.

Marty Pagac stressed the value of the knowledge of the members of the Humane Society.

Carolyn Slaughter clarified that the Commissioners have the animal shelter as a top priority.

Peter Battistine requested a show of hands of those present that were members of the Humane Society. Several citizens raised their hand.

There was discussion of the County services provided to animals from neighboring counties as some of their needs were carried over to Hendricks County and of using public input to build the best animal shelter that Hendricks County can afford. Commissioner Ostermeier requested Ms. Nilles to bring recommendation to the Commissioners Meeting and that Animal Control discussion be added to the June 4, Commissioners' Meeting Agenda.

IN THE MATTER OF APPOINTMENT OF COUNTY ENGINEER

Greg Steuerwald presented an approved contract for the position of County Engineer. Commissioner Palmer moved to accept and execute the contract for engineering services between John E. Ayers and Hendricks County effective this date, May 29, with a starting day of June 11, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #208953 thru 208956 and #208963 thru 209274. Commissioner

Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF EMERGENCY MANAGEMENT – SPILLS

Jim Adams of Emergency Management presented a report of Run #05-17-01 on May 17, 2001, at Heartland Crossing to assist in recovering a small dog that had fallen into a hold 10-12 inches in diameter that had been dug by a company boring holes for soil samples. The company was contacted and the open holes were filled.

Jim Adams reported a CSX Chemical Spill on May 18, 2001, at the CSX yard in Washington Township, which was resolved by Heritage Recovery, Avon Fire, Brownsburg Fire, Plainfield Fire, Danville Fire, Indianapolis Fire, Hendricks County Sheriff Department, IDEM and CSX Safety.

Jim Adams further advised that there had been two emergency runs this past weekend and that reports of these would be forthcoming.

IN THE MATTER OF COURTS

Receipt was acknowledged of a letter of May 25 from Circuit Court Judge J. V. Boles, a letter of May 24, from Superior Court No. 2 Judge David H. Coleman and a letter of May 23 from Superior Court No. 1 Judge Robert W. Freese all stating that each of their respective courts would be open and in session for a full schedule on June 11 and that the article in the Hendricks County Flyer was incorrect.

IN THE MATTER OF TELEPHONES

Receipt was acknowledged of a letter of May 23 from, Judge Robert W. Freese, Superior Court No. 1, requesting the Commissioners to fund the upgrade of phones for Superior Court No. 1 in the amount of \$1,782.56. It was the consensus of the Commissions to follow the same procedure stated when the new phone system was implemented that any and all telephone up-grades must come from the department budget.

IN THE MATTER OF INTERLOCAL ASSOCIATION APPOINTMENTS

Receipt was acknowledged of a memorandum from Lance D. Ratliff requesting joint appointment to Workforce Investment Board with nominees of: Steven Gardner, Owner, Nettek Microcenter, Shelbyville; Marcelo de Arruda, Team Coordinator, Technomasaic, LLC, Flat Rock; and Casper Alessi, AFL-CIO National Representative, Indianapolis. Commissioner Palmer moved to vote yes for these three appointees, Steven Gardner, Marcelo de Arruda and Casper Alessi and for the President to execute the appointments and return to Mr. Ratliff. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF USE OF COUNTY VEHICLES TO TRANSPORT NON-EMPLOYEES

Receipt was acknowledged of correspondence from Rich Jensen of Stevenson Jensen Insurance relative to use of County equipment for transporting non-employees in response to a request from Gary Emsweller, 4-H Coordinator.

Mr. Jensen stated:

This is in reference to the liability exposure of individuals using equipment owned by the Commissioners/County, but are not employees of the County.

Individuals using the equipment, which is owned by the Commissioners/County and are not County employees would jeopardize the coverage for the Commissioners/ County as this use would not be for county business

Bliss-McKnight with General Underwriting Concerns Associated with Passengers in Local Public Entity Autos states:

- 1. The likelihood that a passenger may be, or may claimed to have been a distraction to the driver, resulting in inattention to driving or other duties, which caused a loss to others.**
 - 2. The likelihood that because a passenger was present, the driver altered his actions or was prevented from acting in a particular manner, which caused, or may be held to have caused, a loss to others.**
 - 3. The responsibility under law, of the owner/driver for injury to a passenger, or to the property of a passenger.**
 - 4. The responsibility, under law, of the owner /driver for injury to or loss of personal property of a passenger.**
 - 5. The increased level of care owed a passenger if the operation of the vehicle may be reasonably expected to have a higher than normal degree of risk.**
 - 6. The potential for human (as opposed to economic) suffering and loss resulting from injury to passengers or others.**
 - 7. The potential for assessment by the courts of punitive or exemplary damages, which are generally not insurable as a matter of law.**
-

It was the consensus of the Commissioners to accept the insurance carrier recommendations and forward a copy to Gary Emsweller.

IN THE MATTER OF COUNTY CEMETERIES

Receipt was acknowledged of letter of May 7, 2001, with a questionnaire and state laws from the Department of Natural Resources (DNR) inquiring of a County Cemetery Board in Hendricks County relative to care of Cemeteries. It was the consensus of the Commissioners to complete the form and return to the Cemetery Registry Coordinator in Indianapolis that Hendricks County does not have a County Cemetery Board.

IN THE MATTER OF BOONE COUNTY JUVENILE DETENTION CENTER

Receipt was acknowledged of letter from Roger S. Curry, K. L. Presnell Companies, advising the initial Advisory Board Meeting for the Positive Impact Juvenile Detention Center will meet at 6:30 PM on Wednesday, June 6, 2001, in the Boone County Court House. It was the consensus of the Commissioners to send a letter that Commissioner Ostermeier plans to attend this meeting and to send a copy of the meeting notice to Larry Hesson, President of the County Council.

IN THE MATTER OF LITIGATION

Receipt was acknowledged of a litigation request from Terry J. Jones for zoning violation of Pittsboro resident.

IN THE MATTER OF HOOSIER HEARTLAND – APPOINTMENT

Commissioner Ostermeier requested that the named individuals be contacted relative to appointment to the Hoosier Heartland RC&D and report back at the June 4, 2001, meeting.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE – EXCEPTION

Receipt was acknowledged from a County employee relative to the need of a home air-purifier for her allergies that she is exposed to at home and in the workplace, and stating that this is not covered by the employee health insurance, Nyhart, and requesting the Commissioners assistance. It was the consensus of the Commissioners to take the request under advisement.

IN THE MATTER OF PROCLAMATION - RELAY FOR LIFE

Receipt was acknowledged of a request for a proclamation recognizing the first week in June for Relay For Life

and requesting that Commissioner Palmer read the proclamation at the June 9 program. It was the consensus of the

Commissioners to add this request to the June 4, agenda.

IN THE MATTER OF CITIZEN ADVISORY BOARDS

Dan Derrick inquired if a citizen advisory board is not agreeable to the Commissioners for the animal shelter if a computer citizen advisor board would be considered. The Commissioners advised that no decision had been made on this matter.

IN THE MATTER OF ZONING ORDINANCE

Ken Roe, Brownsburg citizen, thanked the Commissioners for conducting night meetings. Mr. Roe stated that the new zoning ordinance does not address growth management and requested to have growth management ordinances prior to approval of the zoning ordinance. There was discussion to take this matter under consideration with the new Plan Commission Director as there may be need for a separate growth ordinance.

There being no further business Commissions Palmer moved to recess the meeting at 8:10 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0,

Steven L. Ostermeier, President

Linda Palmer, Vice President

John D. Clampitt

ATTEST: _____
Judith Wyeth, Deputy Auditor

June 4, 2001

The Hendricks County Board of Commissioners met in regular session at 9:20 AM on Monday, June 4, 2001, with a quorum of two Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	Hendricks County Board of Commissioners
Linda Palmer)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Amy Roberts	Hendricks County Treasurer
Russ Lawson	Highway Superintendent
Terry Jones	Hendricks County Plan Commission Director
Leanna Alverson	Hendricks County Engineering
Beth Ann Leach	Hendricks County Senior Services Director
Pat Cochran	Hendricks County Sycamore Services Director
Judith Wyeth	Secretary to the Commissioners

NOTE: Commissioner Clampitt was not feeling well and did not attend today's meeting.

IN THE MATTER OF EMS GRANT

Hugh Bain of the Hendricks Community Hospital was not present for the EMS grant.

IN THE MATTER OF ATLAS TAX COLLECTION

Treasurer Amy Roberts presented a contract with Atlas Tax Collection to request that they assist the County in collecting outstanding taxes on trailers, mobile homes and personal property stating that the County procedure has been to file a lien, however, they proceeded no further and have been unable to collect a large amount of these delinquent taxes over the years. Ms. Roberts also advised that she had talked with the State Board of Accounts and they have had no problems with Atlas Collections and she then introduced Alan Holdren of Atlas Tax Collection. Mr.

Holden explained that they are currently handling collections for 15 Indiana counties, that they add 35% to the delinquent taxes, therefore, the delinquent taxpayers pay for the service at no cost to the County, but the County would receive all monies and then reimburse Atlas Tax Collection for their services from the collections. Mr. Holden advised that they would go back five years and could go back ten years as the Statute of Limitations is ten years. County Attorney Greg Steuerwald advised that he had reviewed the contract and would talk with Mr. Holden about the Contract. Commissioner Palmer moved to make a motion, per recommendation of the County Treasurer, for the County to enter into an agreement with Atlas Tax Collection to collect outstanding taxes from trailers, mobile homes and personal property at no cost to the County. Commissioner Ostermeier seconded the motion and the motion was approved unanimously. 2-0-0.

IN THE MATTER OF ECOQUEST AIR FILTERS

Bill Spencer of EcoQuest International stated that after reading in the newspapers of the problems with the smoking lounge in the Government Center he would like to place a large commercial unit from EcoQuest in the smoking lounge on a 3-5 day trial basis at no cost to the County and presented literature explaining the air purifying system. It was the consensus of the Commissioners to take this request into consideration.

IN THE MATTER OF ZA-260/LN01-01: `MICHAEL A. TRAPP

Terry Jones presented ZA-260/LN01-01: Michael A. Trapp, a request for a zoning change of 1.20 acres from C-2: General Commercial District, to a C-4: Highway Commercial District, in Lincoln Township, located on the north side of U.S. Highway 136, 0.27 mile west of Raceway Road. Mr. Jones explained that this comes with a stipulation that this is to be on public sewer as soon as possible, with a favorable recommendation from the Plan Commission of 4-0-1, a favorable recommendation from staff, there were no remonstrators at the public hearing and during the meeting the exhaust system was explained. Commissioner Palmer made a motion to approve the request to change the zoning for ZA-260/LN01-01: Michael Trapp, from C-2 to C-4 per staff and Plan Commission recommendation as Ordinance 2001-05. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TRI WEST DECATHLON RECOGNITION

Commissioner Ostermeier read the Proclamation Recognizing Tri West High School Decathlon Team for winning the 2001 Small School State Championship and representing the State of Indiana in Anchorage, Alaska where they placed eighth in Division 3 competition. Members of the team are Logan Schwize, Jason Hanna, Christian Watness, Brian Thomas, Adam Love, David Bultman, Eric Cornwell, Bobbie Coppage and Ed Clemmon were presented a copy of the proclamation along with coaches Eileen Lurker and Marge Emmert. Pictures were taken of the group.

IN THE MATTER OF HERITAGE LAKE SUMMERFEST

Receipt was acknowledged of a request from Mary K. Williams to place directional signs in the right-of-way of Hendricks County Roads near Heritage Lake for their Summerfest to be held June 23-24. There was discussion of this request and of the sign ordinance. It was the consensus of the Commissioners that Terry Jones contact Ms.

Williams and explain the guidelines and violations relative to signs.

IN THE MATTER OF PUBLIC TRANSPORTATION GRANT
SYCAMORE CENTER AND SENIOR SERVICES

Pat Cochran of Sycamore Services presented a request from the Hendricks County Transportation Advisory Committee to facilitate Hendricks County's application for year 2002, Section 5311 federal public transit funds, for an expansion of countywide transportation for \$15,000 local commitment to be designated as local match for Section 5311 transit funds. Beth Ann Leach of Senior Services explained the need to provide transportation to Hendricks County citizens stating that last year transportation was provided for 800 citizens and that this is locally controlled. Susie Friend of United Way explained that United Way would be providing matching funds for this service. Pat Helton advised that a feasibility study had been done for this project and there is a need for transportation for many citizens, also that the citizens pay \$3-\$4 per trip. There was discussion that transportation was needed to bring workers from Marion County to work in the warehouses in the Plainfield area. Commissioner Ostermeier stated that federal money comes from gas and is supposed to be returned to the counties for roads, however, giving grants like this takes gas money away from county roads, which are in definite need of repair. There was discussion of the \$15,000 request being reduced to \$10,000. Councilman Kenny Givan stated he had met with this group and had mixed emotions on the request. Commissioner Ostermeier stated that the State did not keep their commitment that gas dollars go to roads. Commissioner Palmer moved to make a motion to request \$10,000 from the Council for this County to be a participant in the 5311 grant. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. A letter will be sent to the Council requesting that they look favorably on this grant request for \$10,000.

IN THE MATTER OF PROCLAMATION - LORI A. TURPIN

Receipt was acknowledged of a request from Nancy Marsh to adopt a proclamation for Captain Lori A. Turpin, a nurse in the US Navy with 30 years of service around the world, in recognition of and in honor of her retirement this week in Washington D.C. Commissioner Palmer moved to approve the proclamation to recognize Lora A. Turpin for her 30 years of service in the US Navy. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF PROCLAMATION RELAY FOR LIFE

Receipt was acknowledged of a request from Amy (Miller) Nichol to proclaim the first week of June as Relay For Life and request that Commissioner Palmer to read the Proclamation at their program on June 8, 2001, 7:00 PM at Avon High School. Commissioner Palmer moved to approve the request for a proclamation declaring the first week of June, 2001 as Relay For Life Week. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF APPOINTMENT HOOSIER HEARTLAND

Commissioner Ostermeier advised that the resignation of Meredith Kincaid from the Hoosier Heartland RC&D, due to health reasons, had been accepted and that Cathy Grindstaff had agreed to fulfill his term. Commissioner

Palmer moved to appoint Cathy Grindstaff to complete the term of Meredith Kincaid as a representative to the Hoosier Heartland RC&D. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF 2002 HOLIDAY CALENDAR

There was discussion of the 2002 holiday calendar, to observe Columbus Day as the day after Thanksgiving, November 23 and to observe Lincoln's Birthday on Friday, July 5, to give County employees a four-day summer vacation. It was the consensus of the Commissioners to approve the 2002 holiday calendar as presented with November 23 and July 5 as the floating holidays.

IN THE MATTER OF COUNTY VEHICLES

Receipt was acknowledged of a request from Charles Colbert of Weights and Measures to have a County seal on his trailer as it is pulled by his personal unmarked vehicle and not by a County vehicle. It was the consensus of the Commissioners to require that a County seal be placed on the Weights & Measures trailer as requested.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #47780 thru 47813, #107682 thru 108089 and #209282 thru 209294 as presented for June 4, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF HIGHWAY

Russ Lawson reported that the Highway Department is putting shoulders along County roads. There was discussion of some drop offs of the pavement on Dan Jones Road (CR 800E) between CR 100N and 300N. Mr. Lawson advised that this is within the Town of Avon and that he has called to advise them of this problem.

There was discussion of a concern expressed at the Avon Town Forum that CR 625 E had not been repaired where some sewer cuts had been made. Mr. Lawson stated that is also in the Town of Avon and he has contacted them on this concern.

There was discussion of the many real estate signs that are placed in the right-of-way during the weekends. Terry Jones explained the County Sign Ordinance and stated that signs for public events are exempt for a brief time. It was the Consensus of the Commissioners to request Terry Jones and Greg Steuerwald to research this issue and report back.

IN THE MATTER OF MC CLOUD NATURE PARK

Bill Harrington came forward to present an update on the McCloud Nature Park in Eel River Township and to advise that Governor O'Bannon had approved and signed off on the grant. Also, they have hired state appraisers to appraise the proposed property and the appraisals should be back by July with closing planned for late fall. Mr. Harrington presented a five-year master plan for the park that has been approved by the Department of Natural Resources. There was discussion of raising funds, that they would be requesting funds from the County and they may also request office space.

Bud Daum stated that the Park Board was approved with the understanding and condition that no County funds would be used as it would be funded from donations and grants.

IN THE MATTER OF TRAFFIC STUDY – CR 700N

Leanna Alverson presented a Traffic Study for CR 700N at CR 900E that was requested by Joyce McClain, Brown Township Trustee. Recommendations from the May 16-18, 2001, study were to install stop lines for northbound and southbound traffic to be installed as soon as possible. to contact the Sheriff's Department to enforce existing speed limits and to review this intersection traffic volume in 12 months. Commissioner Ostermeier moved to accept the traffic study as presented by staff, contingent that accident records of the Brownsburg Police Department be checked. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BRIDGE 3201

Leanna Alverson presented Statements for the Basis of Just Compensation for appraisal for five parcels of right-of-way for Bridge No. 213 located on Raceway Road just south of Tenth Street (CR 100N) over the Cox Legal Drain. Commissioner Palmer made a motion, per staff recommendation, to approve the contracts as presented and for the President to execute the contracts for right-of-way for Bridge #213 in the amount of \$34,700. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION – HEARTLAND BUSINESS PARK

Terry Jones presented a request to release the maintenance bond for Heartland Business Park, Section 1, as the on-site inspection of this project found that the improvements have been adequately maintained for the required one year period. Commissioner Palmer moved, to approve the maintenance bond release of Heartland Crossing Business Park, per staff recommendation. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT – MIP-797

Terry Jones presented a Contractor's Completion Affidavit for MIP-797: Cline Trucking and Excavating, Inc. for Andrea Sharify, as all work has been satisfactorily completed for this project and requested to execute the Cashier's Check #040150 from the State Bank of Lizton. Commissioner Palmer moved, per staff recommendation, to accept the Contractor's Completion Affidavit for MIP-797 as presented, and to execute the cashier's check. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TELEHONES

Jeff Johnson of Johnson Associates presented a SBC contract from Ameritech for equipment lease-purchase agreement for the new County telephone system. There was discussion that there had not been time to review this contract and that the County Attorney had not reviewed the contract. Commissioner Ostermeier moved to table this contract to give the County Attorney a chance to review and comment. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BOND AFFIDAVIT

Leanna Alverson presented an affidavit for the Bond Trustees for tax preparation by Steve Meno in the amount of \$495 to be paid from the bond and reported that the Trustees had been notified and no objection had been received. It was the consensus of the Commissioners to approve, initial the affidavit and forward to the bond bank for payment.

IN THE MATTER OF ENGINEERING EQUIPMENT

Leanna Alverson requested an additional appropriation of \$20,658 and to trade in the 1997 John Deere backhoe to purchase a John Deere bobcat for the DPW. There was discussion of looking at a used bobcat. It was the consensus of the Commissioners to check prices of used equipment and report back next week.

IN THE MATTER OF PLANNING - JOINT DISTRICT WITH BROWNSBURG

There was discussion of the request from the Town of Brownsburg and Town of Avon for a joint planning district with the Brown/Lincoln Townships and the County and with Washington Township and the County. Terry Jones reported that he had met and discussed the requests with the Town Managers, with the County Attorney and Town Attorneys and that they are still in discussion with no commitment. Greg Steuerwald stated they were working with the statute and it is too early to determine.

Terry Jones advised that the new zoning ordinance is moving forward with workshops planned for July with the public hearing in August and final presentation to the Commissioners in the fall.

Terry Jones discussed the performance bonds, maintenance bonds and permits for public entities and agencies not being required. It was the consensus of the Commissioner that Terry Jones and Greg Steuerwald review and draw up guidelines to waive for public entities of 501C to affect the health, safety and welfare of the citizens.

IN THE MATTER OF CIRCUIT COURT

Receipt was acknowledged of June 1, 2001, letter from Circuit Court Judge Jeffrey V. Boles advising that the Hendricks Circuit Court Always Remains Open stating that the article in the Hendricks County Flyer was incorrect and has caused scheduling problems and that Hendricks County Circuit Court will not be closed on June 11, 2001, as they have a full schedule of court cases.

Commissioner Palmer moved to recess at 12:50 PM to return for the Technology Board at 1:20 PM.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The following joined the Technology Board:

John Parsons, Systems Administrator

Barb Ford, Hendricks County Assessor

Amy Roberts, Hendricks County Treasurer

Kenny Given, Hendricks County Council

John Parsons stated that the new Plexis software for the Assessor's Office has no hardware and networking expertise. There was discussion of hard drive support and software for this system. Barb Ford stated that the Governor will sign the contracts today and the information should then be available for our use.

Mr. Parsons advised that the County telephone directory was put on the web with private numbers of the Court and that these numbers have now been deleted with new private numbers assigned to the Courts that will not be on the web page. There was discussion of the web page that only the main number for the general office should be listed and that only the names of department heads and elected officials should be listed.

John Parsons relayed a request from Mary Anne Lewis for a new laptop PC for the animal shelter. It was the

consensus of the Commissioners that Mary Anne Lewis come in next week and make this request.

Commissioner Palmer advised that she, John Parsons, Paul T. Hardin and Phyllis Palmer had met with Quest to determine how much it is going to cost to get everything we want done for computers. Quest will report back with a figure for consideration.

There was discussion that the Auditor would require additional funding for 2003 and that the implementation of G.A.S.B. statement 34 is mandated for 2002, which will also be additional computer expense.

John Parsons advised that he had been contacted by Monroe County to assist in a three-day computer seminar with Association of Indiana Counties and requested approval to assist in putting together this seminar. It was the consensus of the Commissioners that John Parsons work with Monroe County for a computer seminar.

There was discussion of hiring a replacement for Janelle Bollman.

Commissioner Palmer moved to recess at 2:20 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

ATTEST: _____
Judith Wyeth, Deputy Auditor

June 11, 2001

The Hendricks County Board of Commissioners met in regular session at 9:20 AM on Monday, June 11, 2001, with a quorum of three Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy A. Marsh	Hendricks County Auditor
David L. Gaston	Hendricks County Surveyor
Amy Roberts	Hendricks County Treasurer
Russ Lawson	Highway Superintendent
Steve Stoddard	Hendricks County Sheriff Department
Terry Jones	Hendricks County Planning Director
John Ayers	Hendricks County Engineer
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF COUNTY ENGINEER

The Commissioners welcomed John Ayers back on board as Hendricks County Engineer.

IN THE MATTER OF SYCAMORE AND COMMUNITY DEVELOPMENT – GRANTS

Jim Cundiff of Community Development and Pat Cochran of Sycamore Services presented a resolution for Authoring the Submittal of the Community Development Block Grant Application to the Indiana Housing Finance Authority and Addressing Related Matters for Sycamore Services, Inc. that commits the requisite local matching funds in the amount of \$16,000 for Sycamore Services at no cost to the County and a resolution of Hendricks County, Indiana Authoring the Submittal of the Community Development Block Grant Application to the Indiana Housing

Finance Authority and Addressing Related Matters for Hendricks County Community Development Corporation, that commits the requisite local matching funds in the amount of \$10,000 at no cost to the County. Greg Steuerwald advised that he had read and approved the grants as presented. Commissioner Clampitt moved to approve Resolution No. 01-04 for Sycamore and Resolution No. 01-05 for Hendricks County Community Development Corporation as presented and at no cost to the County. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CARTERSBURG ROAD – FISH FRY

Receipt was acknowledged of a request from Danny Graham of the Cartersburg Volunteer Fire Department to close the Cartersburg Road for their annual fish fry on Thursday, June 14 from 5-10 PM, on Friday, June 15 from 4-12 PM and on Saturday, June 16, from Noon – 2:00 AM with request that Russ Lawson provide the signs and barricades necessary to close this road. Commissioner Clampitt moved, per request of the Cartersburg Volunteer Fire Department, to close the Cartersburg Road and re-route traffic for the specified date and hours of their annual fish fry, as has been done in the past, as it is in the best interest of the safety of our citizens. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF 150 - ACRE MASTER PLAN

Bill Shepler presented, for execution, the Project Management Services, Inc. (PMSI) contract for services that was previously approved by the Commissioners contingent upon funding from the Council and which the Council has now approved in the amount of \$30,000 as the existing boundary survey will be used and a new one will not be required, which will save taxpayers \$10,000 from the original request. Mr. Shepler also recommended the RQAW contract for topographic survey and Patriot Engineering for subsurface investigation and Phase I environmental study.

Commissioner Clampitt moved to approve and execute the contracts as revised and to proceed with this project.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Ostermeier read the objectives of the Advisory Site Master Plan Committee:

To assess, analyze and make recommendations to the Hendricks County Commissioners on the use of the 150-acre parcel at the SW corner of CR 200E and E. Main Street

1) Objectives:

- a) **Develop a list of facilities that may need to be constructed or relocated in the future.**
- b) **Establish a list of facilities to be considered: Develop a letter to be sent to each existing facility to be considered.**
- c) **Establish evaluation criteria for facilities to be located at this site.**
- d) **Determine the optimum location of approved facilities based on each facility's needs and existing site topography.**
- e) **Explore the level of community support for facilities and programs being considered.**

2) Members/Representatives a) Commissioner, (3) County Council, Sheriff, County Attorney and Financial Advisor

3) Meeting Schedule

- a) **Provide a recommendation to Commissioners by September 10, 2001**
- b) **Meeting dates:**

It was the consensus of the Commissioners to accept the three Council appointees of Paul T. Hardin, Kenny Given and Phyllis Palmer; Commissioner Clampitt volunteered to serve for the Commissioners; and to appoint Sheriff Roy Waddell, County Attorney Greg Steuerwald, Financial Advisor Greg Guerrettaz, County Engineer John Ayers, Planning Director Terry Jones and to send a letter to each of the four judges requesting a representative from the

judicial system. There was discussion that all meetings would be open and the media would be notified in advance of the time and date for all meetings and that the time would be worked out in the best interest of Hendricks County and the citizens.

Louis Soto, requested that this parcel of land be exchanged for a parcel that was not surrounded by residential, that this parcel not be used for construction of the public buildings discussed, stressed to keep this area residential and questioned why money was being paid for the study.

Monica Fountain requested that the neighbors from the five adjoining developments be involved with the Planning Committee and stated she will provide names of representatives from each of those developments.

Larry Reynolds expressed safety concerns.

Karla Oldenburg wanted to know what was planned for the use of this land and encouraged that it be used for residential development.

Danny Fountain expressed concerns that the property value would go down even if the fairgrounds was located on this parcel and that the homes and values would decline.

Cindy Martin, stated she was involved in real estate and suggested to exchange this land for another parcel also of the possible decline of property values in the adjoining developments.

Commissioner Ostermeier stated that several requests for use of this parcel had been received including a request from the Hendricks County Fair Board for 82 acres to move the 4-H fairgrounds to this location, also for a new jail, a juvenile detention facility, animal shelter and from West Central Solid Waste for location of a recycle center, however, no decisions have been made as this is the first step in the process and encouraged citizen involvement. The Commissioners will work with Mr. Shepler to set up meetings and release notices to the media and on the County web page at www.co.hendricks.in.us.

IN THE MATTER OF STATION HILL

Mike Sells of Benchmark Consulting came forward as a “Wishes To Be Heard” to request direction on obtaining a demolition permit to demolish the house in Station House and gave the history of this project for which the contract has now expired. Greg Steuerwald removed himself, as he has in the past relative to Prestwick, due to conflict of interest and requested that all legal issues be referred to Mike Morrow. Linda Palmer removed herself, as in the past relative to Prestwick, due to conflict of interest. Mr. Sells advised that they were scheduled to go before the June 12 Plan Commission to resolve the development in Prestwick to redesign the project or to proceed with demolition and construct the road for the second entrance as was originally presented and approved. Eric Tauer, developer, explained the contract had expired due to litigation matters. Commissioner Clampitt moved to have the County Attorney contact the attorney that handled this matter on behalf of the County, to continue to obtain a demolition permit for this house, and to proceed with the road as originally planned and approved as we have always required two entrances into a development. Commissioner Ostermeier seconded the motion and the motion was approved 2-0-1 with Commissioners Clampitt and Ostermeier voting aye and Commissioner Palmer abstaining.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that CR 350 S is now open and that they have some other roadside ditch problems to resolve. There was discussion of a head wall that needed to be replaced or widened on CR 625N and that it would be repaved.

Russ Lawson and David Gaston will check relative to a letter received from Scott Hosier in Brown Township relative to Boone County Utilities.

Receipt was acknowledged of a telephone message from Jeff Best on CR 450 N and was referred to Russ Lawson and David Gaston to resolve.

Receipt was acknowledged of a telephone messages from Joel Gray of Beckoning Way relative to drainage problems in that area and it was confirmed that the remedy to this problem is ready to go.

IN THE MATTER OF MUSEUM ROOF

John Ayers presented for execution, the warrant agreement from Insulated Roofing Contractors for the replacement roof over the boiler room at the County Museum. Commissioner Clampitt moved to allow the President to execute the warranty contract for roofing at the County Museum as presented and approved by the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF FURNITURE – BOND TRUSTEES

John Ayers presented a request from Planning and Building for flat files along with three quotes, the lowest being Safeco. Commissioner Clampitt moved to approve the request for flat files as requested by John Ayers for Planning. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT

Terry Jones presented a Contractor's Completion Affidavit for Kempt Construction for MIP-855: Ralph Hopkins. Commissioner Clampitt moved, per recommendation of Planning Director Terry Jones, to approve the Contractor's Completion Affidavit for MIP-855 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING – SUBDIVISION ASPHALT REVIEW

Terry Jones presented an Asphalt Review letter from Engineering Inspector Roger E. Salesman, comparing asphalt standards within County ordinances with ordinances from the Towns of Avon, Brownsburg, Danville, Plainfield and Pittsboro and indicating that Hendricks County has the lowest thickness of binder of any of the towns contacted. The letter stated that the Subdivision Control Ordinance does not specify repair and that specifications stating when this is required are vague. Mr. Salsman stated several recommendations for consideration. There was discussion of requirements under the old Subdivision Control Ordinance and with the new, and of lime stabilization. It was the consensus of the Commissioners to take this matter under consideration.

IN THE MATTER OF PLANNING – SCHEDULING

Terry Jones questioned the time frame for the public hearings for zoning amendments coming before the regular meetings of the Plan Commission then being taken before the Commissioners' next scheduled meeting and suggested consideration be given to extending the time frame between the meetings in order to adjust for any self-imposed conditions or other stipulations agreed in the process. Mr. Jones will further research the time frame.

IN THE MATTER OF HEARTLAND CROSSING INSPECTIONS

David Gaston advised that the County is doing inspections of Heartland Crossing and that a legal drain is not involved and requested that the County stop doing inspections unless they are necessary due to problems. The

developer has advised that he wants to be responsible for the inspections. Greg Steuerwald stated Heartland Crossing has a CTA and it is their responsibility to do the inspections and it is not liability for the County. Commissioner Clampitt moved, per staff recommendation, to not go out and do any inspections at Heartland Crossing as they are a separate entity and all of these territories are set up with a CTA. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SPRINT TOWER

Greg Steuerwald advised that the Sprint Tower leases are two separate leases, one for use of additional ground and one for things on the tower and that he is waiting on a call to resolve this issue.

IN THE MATTER OF 56TH STREET - CROSSMAN COMMUNITIES SIGNAL

Greg Steuerwald advised that he has talked with Crossman Communities relative to their commitment at time of approval to provide turn lanes and signal light at the intersection of 56th Street and Raceway Road and of cost/value committed and if it meets our approval they will write a check for the turn lanes and signal and they we will use the funding for the signal now and add the turn lanes later in the interest of citizen safety.

IN THE MATTER OF SEWER COMMITMENTS

Greg Steuerwald referred to the Sewer Board Agreement of sewer commitments and explained the letters for Capacity Certification/Allocation that had been referred for Commissioner's signature. Mr. Steuerwald further stated he felt comfortable to have these letters signed as the agreement with AquaSource is for them to provide service or that the County will be forced to take over. Commissioner Ostermeier stated that Environmental Health Director Cathy Grindstaff had requested the Commissioners to sign and that he wants a letter from American Consulting Engineers (ACE) before he would sign the allocation letters. Mr. Steuerwald stated he had discussed the matter with Jim Kovacs and we will obtain the letter from ACE and Commissioner Ostermeier will then sign the letters.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

Receipt was acknowledged of a request from an employee that the County health insurance does not cover her TMJ and requested that the Commissioners take action on her behalf. It was the consensus of the Commissioners that a letter be sent to the employee stating that the Commissioners take no action on this matter.

Receipt was acknowledged of a request from an employee that the County health insurance does not cover the cost of an air purifier for her home that is required due to her allergies and requested that the Commissioners take action on her behalf. It was the consensus of the Commissioners that a letter be sent stating that the Commissioners take no action on this matter.

IN THE MATTER OF ANIMAL SHELTER

Commissioner Palmer requested clarification of a statement that several donations promised for the proposed new animal shelter have now been rescinded. It was the consensus of the Commissioners to request County Engineer John Ayers to check on this matter and bring back a report.

IN THE MATTER OF GOVERNMENT CENTER SMOKING LOUNGE

The Commissioners advised John Ayers that smoking in the smoking lounge of the Government Center had been suspended until July 1 and requested that he check on the air filter and ventilation in this area and bring back a report.

IN THE MATTER OF PARKING LOTS

Receipt was acknowledged of a report by an employee that almost hit a child that was darting in and around cars on a bicycle in the Government Center parking lot. The employee had told the youth that the lot was posted for no bikes, skateboards or roller blades. The Commissioners requested the security officer to walk through the parking lots several times each day to deter children from playing in the parking lot in the interest of their safety.

IN THE MATTER OF EMERGENCY MANAGEMENT VEHICLE – DONATED RV

Receipt was acknowledged of a message from Jim Adams that a former Search and Rescue member from Hendricks County had a 1988 Southwind RV that he would like to donate to the county for an emergency station to replace the 1960's Dodge RV now in use and stored at the Sheriff's garage. Mr. Adams further advised that the Town of Danville had requested the old RV for their emergency station. There was discussion of this matter. It was the consensus of the Commissioners that this vehicle be accepted after the Director of Emergency Management and Sheriff Department had reviewed the vehicle and brought back a favorable report.

IN THE MATTER OF VETERAN'S REPORT

Receipt was acknowledged of the May Veteran's Report from Richard Bane.

IN THE MATTER OF SECURITY AT GOVERNMENT CENTER

Steve Stoddard explained his review of security of the exterior doors at the Government Center with card access. There was discussion of securing the building with the exterior doors, but also the security of offices within the Government Center and that a large number of master keys are in circulation. Col. Stoddard stated that with the many public night meetings inside the building it would not be in security best interest to use cards on exterior doors as people have access to the building during these meetings and recommended re-keying interior doors with non-duplicating keys and to limit the master keys and that he will check further on cost.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #209204 thru 209577. \$209579 thru 2009607 and all manual checks cut for May 2001, as presented June 11, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess at 11:50 AM to return at 1:00 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOONE COUNTY DETENTION FACILITY

Commissioner Ostermeier advised that last week he had attended a meeting in Lebanon relative to a proposed Boone County Juvenile Detention facility and they had requested to form an advisory committee with input from surrounding counties. Commissioner Clampitt moved to send the President as the representative from Hendricks County to serve on this advisory committee. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TREASURER – ATLAS COLLECTIONS CONTRACT

Greg Steuerwald advised that he had reviewed and approved the contract with Atlas Collections to assist the County in collecting delinquent taxes for mobile homes, trailers and personal property. Amy Roberts stressed that it was at no cost to the County as the collection fee was added to the taxes and they would be helpful in collecting some outstanding taxes due the County. Commissioner Clampitt moved, per recommendation of the Treasurer, to approve

the contract with Atlas Collections at no cost to the County. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EMERGENCY MANAGEMENT

Receipt was acknowledged of two reports from Jim Adams of Emergency Management:

June 5, 2001 – Report of a gasoline odor in Cedar Commons Subdivision off of US 136, Bend Stream Lot #190, that resulted from a resident cleaning off his motorcycle and flushing some petroleum down the drain. The sewers were flushed with water and the resident notified that if more petroleum was dumped down the drain he would be fined.

June 5, 2001 at 9:00 PM - Contact from IDEM of a spill of petroleum in the area of the Blue & White Truck Stop in Pittsboro near I-74. Pittsboro Fire Department, IDEM and the Emergency Management Director responded to 200-gallons of fuel oil or diesel fuel that had had been spilled from a truck out from the parking lot and onto the roadway. It was raining and would have been impossible to collect the spill, so the management of Blue & White agreed to call for a sand truck to spread sand over the spill site and to be responsible for the clean up and that IDEM would do a follow up of the site.

Commissioner Clappitt moved to recess the Commissioners Meeting at 1:20 PM for the Technology Board.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The following joined the Technology Board Meeting at 1:20 PM:

John Parsons, Systems Administrator Barb Ford, Assessor Paul T. Hardin Council Member
Clint Stoutenour, Engineering Department Steve Stoddard, Sheriff Dept.

Steve Luther of Beam Longest and Neff advised that addresses are currently not available to get to the Sheriff Department for the E-911 and that the addresses are not current for the Auditor or Assessor records. Clint Stoutenour stated that there is no database that ties parcels with addresses. There was discussion of the current status and a way to implement the information. Steve Stoddard advised it would greatly aid the dispatchers if they had the parcel maps for directions to the address which pops up on the E-911 screen from every telephone call. There was discussion of addressing both location and parcel, of post office address and tying address and parcel together in all departments. Terry Jones recommended bringing the people involved together and coming up with a presentation to make to the Commissioners to resolve this issue. There was discussion of the new parcel numbering system, of obtaining a physical address and location of the parcel that can be used by everyone. It was consensus of the Commissioners that the Committee would be Terry Jones, Steve Stoddard and John Ayers, with Terry Jones in charge.

Steve Luther stated that the hardware request for Plexis for reassessment had been sent. John Parsons advised that he had received the request. Barb Ford stated there is no need for additional funding.

Receipt was acknowledged of a letter from Pat Baldwin requesting that the private numbers in the Prosecutor's Office not be on the web page and that only the main office number be listed. John Parsons advised that these numbers had been removed and corrected when the numbers for the courts were corrected and removed.

John Parsons advised that the Centrex lines for analog were pulled with the installation of the new telephone system and it resulted in some modems going down, however, the matter is being corrected.

Receipt was acknowledged of a request from Mary Anne Lewis of Animal Shelter for a laptop to use in her office as they have serious breakdowns with the electrical problems in the shelter and if the laptop ran on a battery it would eliminate the difficulties. Also that the computer currently in her office would be moved to the front office area away from the electrical problems. There was discussion of running the computer all the time on a battery and of the price. Commissioner Clampitt moved to approve the request of Mary Ann Lewis for a laptop computer at the animal shelter, that John Parsons check the price again before purchasing and that funding come from the bond. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Parsons reported that Sharon Dugan had requested to add information on the web page before the next election and that she will fund from the Clerk's budget.

John Parsons presented a bill breaking down of computer expenses with more detail that would be more explanatory.

There was discussion of replacing Janelle Bowman in the Computer Department and that interviews will begin this week from the applications received to date.

There was discussion of a software program that was loaded on to a computer in the Planning and Building Department that had caused serious problems to the PC operating system.

There was discussion of the policy and procedures manual that Janelle Bowman had prepared that had been delayed for changes and that she is no longer here to make these changes. It was discussed if she could send disc or e-mail contents for the County to make changes for approval.

Commissioner Clampitt moved to recess the meeting at 2:05 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Steven L. Ostermeier, President

Linda Palmer, Vice-President

John D. Clampitt, Member

ATTEST: _____
Judith Wyeth, Deputy Auditor

.....

June 18, 2001

The Hendricks County Board of Commissioners met in regular session at 9:17 AM on Monday, June 18, 2001, with a quorum of three (3) Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
John Ayers	Hendricks County Engineer
Terry Jones	Hendricks County Plan Commission Director
Judith Wyeth	Secretary to the Commissioners

NOTE: Auditor Nancy L. Marsh was on vacation and did not attend this meeting.

IN THE MATTER OF STREET NAME CHANGE – EAGLES NEST

Lee Comer, attorney, requested, in the Eagles Nest Subdivision, a street name change from Vicki Lane to Sanctuary Drive stating Sanctuary Drive is a thru street and Vicki Lane a stub street with no addresses, and to Continue Sanctuary Drive would be in the best interest in the safety and welfare of citizens as it would be quicker to locate in an emergency. Commissioner Clampitt moved to allow the street name change as requested from Vicki

Lane to Sanctuary Drive in Eagles Nest. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF DIRECT SELLERS ORDINANCE AND CANVASSERS ORDINANCE

There was discussion of Ordinance 1993-4 providing for registration and regulation of canvassers and of Ordinance 1993-5 Licensing and regulation of direct sellers, which were approved March 30, 1993 with the registration to be handled by the Clerk's Office. It was realized in August 1999 that the Indiana Code stated "it shall be the Auditor" and the ordinances were to be reviewed and corrected or amended and the necessary forms obtained from the state. Revised draft ordinances were presented March 13, 2000, for review and consideration and Auditor Debbie Simpson requested to check with the State to determine if the State Board of Accounts had approved forms or if forms will need to be setup and adopted for these ordinances, however, no report was made. The Sheriff's Department is again requesting these ordinances to monitor and enforce during the summer months. Commissioner Clampitt moved to give the draft ordinance for direct sellers and draft ordinance for canvassers to Greg Steuerwald to review and if he approves to send thru a public hearing. Commissioner Palmer seconded the motion and the motion was approved unanimously. 3-0-0. There was discussion of unincorporated areas being affected and to have Auditor Nancy Marsh check with the State Board of Accounts for forms.

IN THE MATTER OF ZA-259/LB01-02: BOB STEPHENSON

John Moore of Comer Law Office presented ZA-259/LB01-02: Bob Stephenson, request for a zoning change of 7.40 acres from R-1: Single Family, Low Density Residential to C-4: Highway Commercial District located on the east side of CR "0", 0.10 mile north of U.S. Highway 40. A signed Consent was presented as follows:

As neighbors of the Jack and Sally Gibbs property located in the Northwest Quarter of Section 10 and a part of the Northeast Quarter of Section 9, More or Less at CR "0" and US 40, do hereby consent to the rezoning of said property to a C-4 classification to be used for a self-storage facility and an Auction Gallery subject to agreed stipulations: Evergreen tree screen 6 to 8", buildings to run north and south; no outside storage; no pole lighting Signed by four neighbors along with list of exempted uses: wholesale business, boat (sales and service); garage (repair, service); motorcycle/scooter (sales, service and repair); and day care center.

Mr. Jones reported that this zoning request comes with a favorable staff recommendation and a 5-0-1 favorable recommendation from the Plan Commission, with self-imposed conditions as presented. Commissioner Clampitt moved to approve the zoning request ZA-259/LB01-02 of Bob Stephenson per staff and Plan Commission recommendation as Ordinance 2001-06. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZA-262/WA01-04: MICHAEL A. SCHAEFER

Terry Jones presented ZA-262/WA01-04: Michael A. Schaffer request for a change in zoning classification of 133.00 acres located on the north side of CR 200N, approximately 0.13 mile north of CR 200N from R-1: Low Density, Single Family Residential to R-2: Medium Density, Single Family Residential. Mike Sells of Benchmark Consulting advised that this parcel was previously presented and denied a PUD classification as Lee Development-

Masten Lakes and that the current developer has eight conditions required for the homes. Mr. Jones advised that the staff gave a favorable recommendation and the Plan Commission voted a favorable recommendation 5-0-1, that a letter had been received from the Town of Avon that stated this proposed development fits their comprehensive plan and that only one individual spoke during the public hearing and he was agreeable with the project. Mr. Sells further stated that this parcel would be developed by the same individual that developed the adjoining development, Wood Creek, with upscale homes and the site of the Home A Rama next year. Commissioner Clampitt moved to approve the zoning ZA-262/WA01-04 of Michael A. Schafer, per staff and Plan Commission recommendations, as presented and with all statements and comments made as Ordinance 2001-07. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF REDISTRICTING PRECINCTS

Receipt was acknowledged of a letter of June 12, 2001, from Sharon Dugan, Clerk, advising that the Indiana Election Division has provided her election office with the new census block maps in order to begin the redistricting process. Ms. Dugan advised that in the past the Voter Registration Office has had the responsibility for making the recommendations for any new precincts. It was the consensus of the Commissioners to draft a letter to Clerk Sharon Dugan to thank her for the offer and to accept the Voter Registration Office to make recommendations for any new precincts as they have in the past.

IN THE MATTER OF SPRINT TOWER LEASE

Greg Steuerwald presented the Sprint Tower Lease Second Amendment explaining that the amendment is for additional space and additional gross annual income from county location and recommended to approve and execute the agreement. Commissioner Clampitt moved to accept and execute the Sprint Tower Lease Second Amendment Agreement as approved by Greg Steuerwald. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve, with corrections, the minutes of May 7, 2001, May 14, 2001, and stated he was absent on May 21, 2001, but he would move to approve May 7 and 14, and 21, 2001, and would abstain from voting on the May 21 minutes. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-1. With Commissioners Palmer and Ostermeier voting aye and Commissioner Clampitt abstaining on the May 21 minutes.

IN THE MATTER OF HIGHWAY

Russ Lawson stated CR 400E and 300N are done. The Highway Crew has mowed all of the county roadsides and are now working on some ditches and mail boxes.

There was a citizen inquiry about a tree and Mr. Lawson stated he will contact the individual and work with REMC to resolve the issue.

IN THE MATTER OF CSX– CR 400E

Receipt was acknowledge of notice from the Indiana Department of Transportation (INDOT) advising:

The Indiana Department of Transportation has entered into an agreement with CSX Transportation, Inc., for the installation of new flashing lights with gate's bell and controlled by constant warning time circuitry at C R 400E, East of Danville, Hendricks County Indiana Project STP-9932 (026), AAR/DOT; 540-141Y, Des #: 9983680 CSXT File# OP INO122. The Indiana Department of Transportation on May 16, 2001, authorized CSX Transportation, Inc. to proceed with the modernization of the warning devices at the aforementioned crossing, east of Danville.

It was the consensus of the Commissioners to forward a copy of the notice to the Highway Department.

IN THE MATTER OF SUBDIVISION BOND REVISIONS – MIP-600

Terry Jones presented a draft letter for MIP-600: Gilford's First Development, requesting to release the performance bond based on the on-site inspection of the work completed to date and since the maintenance bond would be under \$1,000 that this requirement be waived. Also this development is subject to a Legal Drain assessment. Commissioner Clampitt moved to approve the staff recommendation to release the performance bond and waive the maintenance bond requirement for MIP-600 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND FORFEITURE – MIP-688

Terry Jones presented a draft letter for MIP-688: Vicki and Ron Martin, stating that on a recent on-site inspection conducted on the above referenced project the prescribed improvements have not been completed and we are requesting the forfeiture of the casher's check in order for us to complete the work. There was discussion that the owner had not installed the required work, however, the owner had requested to install a pipe rather than the required work and was denied and has done nothing more. Commissioner Clampitt moved, per staff recommendation to forfeit the bond for MIP-688: Mr. and Mrs. Martin. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ROAD INVENTORY SUBMITTAL

John Ayers presented, for consideration, the road inventory submittal advising that the state now requires a summary report and stating that Hendricks County has released the performance bonds for several subdivisions and upon our receipt of the required maintenance bond, these subdivision streets were accepted into the County's road system with a list of streets that should be included in the Public Road Mileage Certification for the year 2000. Commissioner Clampitt moved to sign the letter as presented by the County Engineer and to send to INDOT as accurate. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WEST CENTRAL SOLID WASTE

John Ayers presented a claim for recycling from the West Central Solid Waste in the amount of \$3,556.53. Commissioner Clampitt moved to approve the recycling claim and forward to the West Central Solid Waste for their review and payment. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ANIMAL SHELTER

There has been discussion of several items that were promised as “in kind donations” for the proposed animal shelter that have now been rescinded. John Ayers stated he had checked and found that some offers from local businesses had been rescinded such as plumbing, excavation, paint and wallpaper, however, there is a balance of \$100,000 in the building fund, some carpet and furniture that has been donated that is still available for use.

IN THE MATTER OF GOVERNMENT CENTER SMOKING ROOM

John Ayers reported that they are still accepting letters and information relative to filtering the air in the smoking room at the Government Center and will provide a summary when all information is complete.

IN THE MATTER OF VEHICLES – ENGINEERING

John Ayers requested to replace the 1992 Chevrolet Cavalier from the Engineering fleet that was totaled when it was rear-ended recently. There was discussion of the process that the request must be in writing to the Commissioners and if approved forwarded to the Sheriff Department. Commissioner Clampitt moved that when the written request is received for a replacement vehicle in the Engineering Department to allow it to be forwarded to the Sheriff Department to be funded from the vehicle fund. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. The Commissioners requested an update on vehicles in use in the Engineering Department.

IN THE MATTER OF FEDERAL FISH AND WILDLIFE LICENSE PERMIT

Receipt was acknowledged of the Federal Fish and Wildlife License Permit Application Form relative to native and endangered and threatened species – incidental take. IN THE MATTER OF GOVERNMENT CENTER SECURITY OFFICER

Receipt was acknowledged of a request from Deputy Bill Marsh, Security Officer for the Government Center, to purchase a rechargeable light for his office. Commissioner Clampitt moved to request Engineering Department to check and if they felt the rechargeable light is necessary to purchase from maintenance funds. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY FLAG

Receipt was acknowledged of a request from County Councilman Kenny Givan for a County Flag for the rehab Center in Danville. Commissioner Clampitt moved to donate a County flag to the rehab center. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CITIZEN ADVISOR – BERT CARSON

Commissioner Palmer moved to request to fulfill a plan of Hunt Palmer to make a recommendation to appoint Bert Carson as an advisor to the Board of Commissioners on hospital issues. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0. It was consensus of the Commissioners to send a letter to Mr. Carson of this appointment.

Commissioner Clampitt moved to recess at 10:15 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board met at 1:05 PM with the following joining the board:

John Parsons, Systems Administrator	Amy Robert, Treasurer	Barb Ford, Assessor
Pat Baldwin, Prosecutor	Theresa Lynch, Recorder	Linda Hibner, Health Director
Cinda Foster, Deputy Auditor	John Ayers, Engineer	Jim Adams, Emergency Management

Commissioner Ostermeier presented a list of Technology Needs by department as had been submitted by the various departments. There was discussion of the needs.

John Parsons stated the need to get the fiber up and running as we have the line physically in the ground between

the Courthouse and Government Center. There was discussion of the need and intent to have email to all offices, of obtaining a quote and to proceed. It was the consensus of the Technology Board to obtain quotes and to report back at the next meeting. Mr. Parsons clarified we are still on the main server.

There was discussion to do CCS in house or to out source, what it would cost as another server would be required and of keeping current. Pat Baldwin stated the information is already available thru the four courts. There was discussion of security and who would be able to access the information as 60 employees are involved in this area. John Parsons stated he will get more information and report back.

There was discussion of the request from the Auditor's Office for new computers. Cinda Foster explained the need for new PC units and for upgrading some units.

There was discussion of the Plexis that the Assessor's Office will be using. Barb Ford stated that the Council had approved funding. Commissioner Clampitt moved for John Parsons to go ahead and get Plexis as funded by the Council for the Assessor's Office as Barb Ford needs this and to be within the appropriated amount. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. There was discussion of the annual license fee.

Commissioner Clampitt moved to go ahead and get quotes for fiber optic between the Courthouse and Government Center. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Pat Baldwin reported that with their new hub they have internet and their system will be complete and advised that the Attorney General has informed them that all communications will be thru the internet.

Linda Hibner inquired the status of her computer equipment and scheduling program, which were approved on May 14. It was the consensus of the Commissioners to check with Leanna Alverson and to give her quotes.

Jim Adams reported that the emergency management panic system has problems due to the new phone system, but they are working to resolve. Mr. Adams advised that Hendricks County had been selected to participate in a weapon destruction program on July 12 at 8:00 AM in Greenwood High School.

Dan Derrick questioned what the County has received for the computer expenses and offered a CD-rom for review. It was the consensus of the Commissioners to review the CD-rom and written report before making any comment and answers. Commissioner Clampitt stated if answers are satisfactory to drop the issue and confirmed with Mr. Derrick that he was not ask any questions or comments and had not been contacted on this matter. Mr. Derick agreed. John Parsons explained the double billing was paid from cum cap funds and also from computer funds and that the matter has been resolved. Commissioner Clampitt requested John Parsons to review the CD and address any concerns and bring back comments. A CD was presented to each of the Commissioners and to John Parsons.

Barb Ford gave an update on the new parcel numbering and that Plexis has met with the State and will make a form. Cinda Foster advised that we may need to check how we handle splits due to this new numbering and that the

impact and cost may be staggering.

There was discussion of how often to hold Technology Board Meetings. It was the consensus of the Technology Board to meet only the first and third Mondays at 1:00 PM.

Commissioner Clampitt moved to recess at 2:32 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Terry Jones	Hendricks County Plan Commission Director
Peggy Nichols	Administrator Hendricks County Home
Judith Wyeth	Secretary to the Commissioners

NOTE: Commissioner Clampitt did not attend the meeting due to conflict with work hours.

IN THE MATTER OF EMERGENCY MEDICAL SERVICE

Hugh Bain of the Hendricks Community Hospital presented two grant applications for the Indiana Emergency Medical Services Commission Equipment Incentive Grants in the amount of \$1,950 and \$2,000 with 1-3 matching funds from the Hendricks Community Hospital. Mr. Bain explained that the Emergency Medical Service began serving seven fire departments and that number has increased to 17 fire departments, that they had purchased 650 Triage tags, they are a Category 4 training county and that all funds received remain in Hendricks County. There was discussion of their expenditures and needs. Commissioner Palmer moved to support the Indiana emergency Medical Services Commission Equipment Incentive Grants in the amount of \$1,950 and \$2,000, at no cost to the County, and that the President execute both grant applications as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented an application for admission form from Janet King, Poor Relief Investigator Guilford Civil Township, for Michael D. Demoss of Plainfield. Ms. Nichols explained this applicant was referred by the Guilford Township Trustee, has been living with his brother, however, the house is going to be torn down and he has no place to go, he works part time at Jack's Pizza, and will be on the ARCH program. Commissioner Palmer moved to approve the admission of Michael D. Demoss to the County Home, per staff and trustee recommendation. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Peggy Nichols advised that she has been contacted for the admission of an 18-year-old girl, currently in the hospital, that has no home or place to go when she is dismissed. Greg Steuerwald stated that 18 years of age is legal age and encouraged Ms. Nichols to check on the girl's problems and history.

IN THE MATTER OF 2002 BUDGET

A summary list of line items in the Commissioners' 2002 Budget was presented with recommendation to remove some previous requests and lines that were requesting additional appropriations for 2002. John Ayers presented budget requests that come from the 01-135, EDIT and Cume Cap lines. There was discussion of highway right-of-way, of the Qualitech addition from EDIT, that economic development is based on CEDIT which is based on the County tax, of existing contracts and commitments, of the budget requests from Sycamore Services and Senior Services, of several previous items to be struck from the Commissioners' budget and of the additional request for salaries, care of patients and liability and that consideration be given to record preservation, voting machines and

office equipment. There was also discussion that Commissioner Clampitt should be in attendance to vote on the budget including salaries. Commissioner Ostermeier moved to table the budget until Monday when Commissioner Clampitt would be at the meeting. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF WOOLPERT

Mike Szempruch of Woolpert came forward under Wishes To Be Heard to introduce himself and the Woolpert firm and to request to submit a contract for GIS.

IN THE MATTER OF RIDGEHILL-STATION HILL

David Harrold, 5349 Royal Troon Way, presented a diagram of the proposed access road in Station Hill and expressed concerns for the impact additional development will have on CR 100S (Morris Street) and requested a traffic study of this road. John Ayers stated a traffic study is being done in Ridgehill at this time. There was discussion of the traffic flow of this area.

IN THE MATTER OF ANIMAL SHELTER

Dan Derrick stated he had placed, on the reception counter, leaflets "Save the Humans" stating that the Bond Trustees had approved an RV travel trailer be placed at the animal shelter for the staff and requesting the Commissioners to approve the request. Mr. Derrick also stated that he had brainstormed with the animal shelter employees on ways to help them. There was discussion that the Bond Trustees did not discuss this item and that the minutes of the May 11, 2001 meeting had no mention of this matter.

IN THE MATTER OF WEIGHTS AND MEASURES

Receipt was acknowledged of the Weights and Measures Monthly Report for May 15, thru June 15, 2001.

Receipt was acknowledged of the Weights and Measures Annual Report for June 16, 2000 to June 15, 2001.

IN THE MATTER OF MINUTES

Commissioner Palmer moved to approve, with corrections, the minutes of April 9, April 16, and April 23, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TORT CLAIM

Receipt was acknowledged of a Tort Claim from the Indiana Civil Liberties Union for claim of Abbey Aichinter for December 20, 2000.

IN THE MATTER OF ASSOCIATION OF COUNTIES

The Annual Conference for the Association of Counties (AIC) was announced for October 8-11, 2001, and those planning to attend were encouraged to turn in their registrations.

July 2, 2001

The Hendricks County Board of Commissions met in regular session with a quorum of three (3) Commissioners at 9:02 AM on Monday, July 2, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Russ Lawson	Hendricks County Highway Superintendent
John E. Ayers	Hendricks County Engineer
Terry Jones	Hendricks County Plan Commission Director
Stayce McClain	Hendricks County Human Resources Director
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF COUNTYWIDE GUIDES

Timothy J. Gravenstreter explained that Countywide Guides would be all inclusive of Hendricks County stating 10,000 would be printed October to September, they would be updated annually at no cost to the County, and presented a draft letter requesting the Commissioners to be a governmental sponsor. There was discussion that Mr. Gravenstreter would work with Economic Development, the four Chambers of Commerce, Tourism Commission and, Visitors and Convention Bureau. Commissioner Clampitt moved to execute the letter as presented for the Commissioners to be the sponsoring governmental agent for countywide guides, at no cost to the County, upon report received back from the Economic Development and Tourism of their support. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MITCHELL TERRACE

Dan Johnson from Moench Engineering came forward to discuss Tract A of Mitchell Terrace advising that the property owner has already built a house on this parcel and has drilled four wells, but has been unable to reach water and requested to drill in the easement/right-of-way. Brian Moench advised this seven-acre tract is south of Hodge Road and that the 50-foot easement should have been a part of Tract A. Kenny Givan, Councilman, stated there are many lots in the County with 50 feet right-of-way to gain access to back property. There was discussion of fee simple. John Ayers stated to check for fee simple and if there is no problem with the fee simple then this is of no concern to the County. Mr. Johnson clarified that this parcel was a combination of several lots, with this easement being a common drive. The other existing houses have access to the road, but this parcel is the only one using the easement for a drive. Mr. Johnson further explained that the other existing houses had been able to reach water in the area of the easement. Commissioner Clampitt moved to allow them in the easement with proper notification with anyone that shares this drive and to mark and protect the well within the right-of-way. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

Jeff Fox of Nyhart Insurance presented a Plan Options Study, including paid claims summary and development preferred provider network with Sagamore Health Network, stating this would save the County considerable money and would eliminate the usual and customary cuts. Commissioner Clampitt moved to approve the development of

provider network, as recommended by Nyhart, and to go with Sagamore as a PPO network. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Mr. Fox presented three designs for prescriptions. Commissioner Clampitt moved to approve Design 1, a \$5 co-pay for generic drugs and \$25 co-pay for brand name drugs from the current \$10 for all drugs. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Mr. Fox presented a revision in the emergency room visits. Commissioner Clampitt moved to approve the recommendation for \$100 co-pay for emergency room visits from the current \$40, with the co-pay waived if the patient was admitted to the hospital. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. It was the consensus of the Commissioners that these changes would become effective September 1, 2001, at no increase in the insurance premium to the employees and that meetings will be set up to explain these changes to the employees.

IN THE MATTER OF CHARTER COMMUNICATIONS

James Ray of Charter Communications explained their cable expansion and improvements of 42-miles in the Coatesville and Cartersburg area stating there may be some power outages when they make the change over on August 1, 2001, however, they will work out these problems and that some additional channels will be added September 1. Mr. Ray presented a check in the amount of \$338.53 for cable franchise.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented a letter of April 6, 2001, from Edgewood Consulting Group recommending a fifty cents increase for the RBA/ARCH rate, from \$31.47 to \$31.97, effective April 1, 2001. Ms. Nichols also advised that one resident is self-pay at \$33.00 and recommended this rate remain the same. Commissioner Clampitt moved to approve the rate increase, as recommended and proposed by the County Home Administrator, from \$31.47 to \$31.97 for ARCH and to keep self-pay the same. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Ostermeier stated the quarterly inspection of the County Home by the Commissioners would be at noon on Monday, July 9, 2001.

IN THE MATTER OF 2002 BUDGET

There was discussion of the summary sheet with changes and recommendations for the Commissioners' 2002 budget and of the request from Sycamore Services, Senior Services and 4-H. Commissioner Clampitt moved to approve the Commissioners' 2002 budget and recommendations on the summary sheet as presented, the Sycamore Services request, Senior Services request and the 4-H fair request as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Ayers requested that the EDIT line for the Liberty Township project be put on hold as the Regional Sewer Board had recommended to take this project off the EDIT funds until the theme park resurfaces.

John Ayers advised that CR 225E, Qualitech Road, was a commitment made with the Town of Pittsboro, that right-of-way has been purchased, and recommended to leave this item and the Qualitech bond change in the budget.

Commissioner Clampitt moved to approve and submit the budget with all recommendations to the Council.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of the budgets submitted by the departments under the Commissioners. Commissioner Clampitt moved to approve the 2002 budgets for Human Resources, Planning, Engineering, Health Nursing, and Computer Departments as presented and to submit the budgets to Council. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WISHES TO BE HEARD – MARK MATTHEWS

Brian Munesch described a parcel of property that had been purchased by Mark Matthews that was recorded October 4, 1998, however, the easement was never recorded. Mr. Matthews stated he had refused to grant an easement to Don Lambert. Greg Steuerwald stated this development was approved based on an adequate outlet. There was discussion that Mr. Matthews had met with the staff and he recommended to send a letter to hold building permits in this development. Greg Steuerwald stated that the developer needs to be put on notice. It was the consensus of the Commissioners that Greg Steuerwald and Terry Jones work on a letter to the developer relative to this matter.

IN THE MATTER OF E-911

Receipt was acknowledged of E-911 funding request. Commissioner Clampitt moved to forward the 911-funding request of \$28,668.82 to the Sheriff Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY DEPARTMENT

Russ Lawson reported that the Highway Crew is repairing roads and they will start in Beckoning Way next week. There was discussion that Mr. Lawson check the drainage complaints from Jeff Best. Greg Steuerwald requested John Ayers and Russ Lawson to meet with him relative to Scott Hoosier.

IN THE MATTER OF SUBDIVISION BOND REVISION - AUBURN MEADOWS, SECTION 2

Terry Jones presented a request to reduce the performance bond to \$96,000 for Auburn Meadows, Section 2, based on an on-site inspection by the Planning and Building Department. Commissioner Clampitt moved to approve the request of the Planning and Building Director to reduce the performance bond of Auburn Meadows, Section 2, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION - MIP-610: KENNETH CZAPLA

Terry Jones presented a request to release the performance bond upon receipt of a maintenance bond in the amount of \$1,000 for MIP-610: Kenneth Czapl, based on an on-site inspection by the Planning and Building Department. Commissioner Clampitt moved to approve the release of the performance bond upon receipt of the maintenance bond in the amount of \$1,000 for MIP-610: Kenneth Czapl, on the recommendation of the Planning and Building Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT - MIP-820: COVEY

Terry Jones presented the Contractor's Completion Affidavit and Inspector's Certificate of Completion and

Compliance for MIP-820: Covey, and requested to release the cashier's check. Commissioner Clampitt moved to release the cashier's check for MIP-820, to have the President execute and to accept the contractor's affidavit, on the recommendation of the Planning and Building Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT – MIP-767: JOHNSON

Terry Jones presented the Contractor's Completion Affidavit and Inspector's Certificate of Completion and Compliance for MIP-767: Phyllis Johnson, along with a Letter of Credit from the State Bank of Lizton. Commissioner Clampitt moved, per recommendation of the Director of Planning and Building Department, to release the Letter of Credit for MIP-787, and to accept the Contractor's Completion Affidavit. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION - LINDEN SQUARE, PHASE 6

Terry Jones requested to reduce the performance bond to an amount of \$210,000 for Linden Square, Phase 6 and Linden Square, Phase 7, to \$33,155 based on an on-site inspection by the Planning and Building Department. Commissioner Clampitt moved to approve the reduction of performance bonds for Linden Square, Phase 6 and 7, based on the recommendation of the Planning and Building Department, with reductions and inspections as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND TRUSTEES

John Ayers presented an affidavit for computers in the amount of \$13,192.00 as submitted for approval to the Bond Trustees. Commissioner Clampitt moved to approve and forward to the bond bank for payment. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WEST CENTRAL SOLID WASTE

Receipt was acknowledged of a claim from the West Central Solid Waste District for Twin Bridges RDF for highway-dumping debris picked up from county roadside ditches by the Highway Department. Commissioner Clampitt moved to approve the claim for \$173.13 as presented for debris picked up from roadside ditches by the Highway Department and to forward to the West Central Solid Waste with a recommendation that this be paid from Special Contracts. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SHILOH HOUSE

John Ayers advised that the Shiloh House has again been vandalized and a police report has been filed. Mr. Ayers further advised that items have been returned from the first break-in and are stored at the Annex. There was discussion of the liability releases of the county with the contractor and developer. Commissioner Clampitt moved to execute the release of liability as recommended by the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Greg Steuerwald stated the developer would pay for the demolition of the house.

IN THE MATTER OF SMOKING LOUNGE

John Ayers stated he has not received all the costs for the smoking lounge. There was discussion of resolving the air issues in the smoking lounge. It was the consensus of the Commissioners to follow with acquiring costs as

recommended. Commissioner Clampitt moved to extend the smoking lounge ban until further notice. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING

Terry Jones advised that July 17 and July 31 had been set for workshops for the Planning Commission and Task Force for work on the zoning ordinance and amendment with the public hearing planned for September.

Terry Jones reported that effective today the inspection coordinator position has been filled by Lesa Wagner, the current planning technician.

Terry Jones reported on the cost to have the staff pick up all signs in the County right-of-way. There was discussion that companies put up these signs for various builders/developers. It was the consensus of the Commissioners that the Planning Department send letters to companies that distribute these signs in Hendricks County.

Terry Jones presented a draft ordinance amendment for the towns to be involved in township rezoning requests to state the purpose and to formalize for the towns to make a comment to the Plan Commission. There was discussion to clarify Brown/Lincoln Township and to address to all towns before the public hearing. Commissioner Clampitt moved to table until the towns have been notified of the amendment and of the public hearing. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Greg Steuerwald stated this does not affect the current procedure or process.

Terry Jones discussed a proposed fee increase for permits in the Planning Department and of charging other entities for permits, also of a possible yearly rate increase. There was discussion of permits for government entities and of bonding to protect the citizens. Commissioner Clampitt moved to bring the recommendation for fee increase back after review. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Terry Jones requested to replace the Planning Department's 1991 Cavalier and 1994 ST pickup truck, both with over 100,000 miles. The process for new vehicles was explained, that a written request must be submitted to the Commissioners and if approved, is forwarded to the Sheriff Department to place on their vehicle list for replacement. It was the consensus of the Commissioners that Mr. Jones submit a letter requesting replacement vehicles for the Planning Department.

IN THE MATTER OF EMERGENCY MANAGEMENT

James Adams submitted a report for a fuel spill on June 17, 2001, in Pittsboro, where a citizen had sprayed diesel fuel and herbicide three-feet high down a 300-foot fencerow. The citizen agreed to clean the area and IDEM will research.

James Adams submitted a report of a Ethylene Glycol spill on June 18, 2001. This was an antifreeze spill of a 55-gallon drum in the area of Whitelick Elementary in Brownsburg and the spill was the result of an employee spilling ethylene glycol that was diluted to 75% water from an old cooling tower. A check of the area showed that it had evaporated and the town sewer department was notified to check for any in the system. IDEM will contact the school corporation and advise them of the law and that in future they must contact the fire department and IDEM.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #47815 thru 47845, #108508 thru 108924, #210157 thru 210182 and #210287 thru 210192 as presented July 2, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Palmer moved to recess for lunch at 12:05 PM. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0. The meeting resumed at 1:08 PM.

IN THE MATTER OF HUMAN RESOURCES DIRECTOR

Stayce McClain, Human Resources Director, submitted her resignation effective July 19, 2001. Commissioner Clampitt stated he had appreciated Ms. McClain being here and working with us, always with the employees in mind, that he will give her a good recommendation and wishes her well. Commissioner Ostermeier stated Ms. McClain had addressed a number of issues, rules and regulations, and that he appreciated her services. Commissioner Palmer thanked Miss McClain and wished her well. Commissioner Clampitt moved to accept, with regrets, the resignation of Stayce McClain, Human Resources Director, as submitted. Commissioner Palmer seconded the motion, reluctantly, and the motion was approved unanimously 3-0-0.

Commissioner Palmer moved to recess the Commissioners' meeting at 1:15 PM. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The following joined the Technology Board:

John Parsons, Systems Administrator Paul T. Hardin, Councilman Cathy Grindstaff, Environmental Director

John Parsons presented a packet of information in response to the CD-rom presented last week and stated a copy had been given to Prosecutor Pat Baldwin. There was discussion of releasing the report. It was the consensus of the Commissioners to loan a copy of the report to Dan Derrick, for him to scan and return and to not release, as this is in response to questions he raised.

There was discussion of the price of items submitted on the computer list. Mr. Parsons stated he had not completed researching these costs.

Commissioner Clampitt requested Mr. Derrick to explain his statement at a previous meeting for approval of a \$25,000 expense at the animal shelter by the bond trustees as there was no decision made on this matter. Mr. Derrick replied this was discussed during the meeting..

Commissioner Clampitt stated that any requests for a PC from the Prosecutor's office would be paid for by that office and that they still need printers.

Everyone was reminded that the Technology Board would meet on the first and third Monday of each month.

Commissioner Clampitt moved to recess the Technology Board at 1:35 P.M. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOARD OF ANIMAL HEALTH (BOAH)

Receipt was acknowledged of the May 16, 2001, letter from the Indiana State Board of Animal Health (BOAH) relative to contracts for Bovine Brucellosis and Tuberculosis eradication programs for Hendricks County.

Commissioner Clampitt moved to approve and execute the contract for BOAH as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF RECORDER – COPIER

Recorder Theresa Lynch advised the lease on the copier in her department expires December 2002, however, they have had many problems with this copier and have acquired quotes for a replacement. The lowest quote received was

from Van Ausdale and Farrar and they will buyout the remaining lease on her copier. Ms. Lynch further advised that there is a line item in her budget that will cover this lease payment and was requesting the Commissioners' approval and execution of the lease contract. Commissioner Clampitt moved that if this is legal and the County Attorney approves, to approve the Recorder to sign the contract for lease of copier and pay for the lease and maintenance of the copier from the line item in her budget, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF AUDITOR – RECORDING FEE ORDINANCE

Auditor Nancy Marsh reported that the legislature had adopted S362, as Indiana Code 36-2-9-18(d), stating a fee of five dollars (\$5) may be collected for each real property endorsement made by the Auditor. Ms. Marsh stated this would be an increase of two dollars (\$2) and presented a draft ordinance to increase the fee to five dollars (\$5.) and requested to advertise for a public hearing of this ordinance. There was discussion that this could be advertised July 12 for the public hearing on Monday, July 23, 2001. Commissioner Clampitt moved to approve the draft ordinance for fee increase, as presented and requested by the Auditor, and to advertise the public hearing for July 23, 2001, at 6:30 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY - SALARIES

Russ Lawson presented a petition signed by several members of the Highway Department requesting a “Cost of Living” increase of 6%, which is included in their 2002 budget. Commissioner Clampitt moved to refer this request with a cover letter to the County Council as the Council sets salaries. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson reported that several county roads are closed with debris and electric wires down due to the storm yesterday, including CR 700N west of CR 100E and CR 350W near CR 650N, however, the Highway Crews worked clearing debris on Sunday until 3:00 AM.

IN THE MATTER OF COATESVILLE

John Ayers reported that Center Street in Coatesville has an out of street right-of-way curb outlet in the street right-of-way and requested approval for a right-of-way permit for this work. Commissioner Clampitt moved to approve and for the President to execute the right-of-way permit as recommended by the County Engineer.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers gave a brief history of the Wells and Bartley properties in the area of the proposed North/South Corridor stating that both property owners had rejected the County offers to purchase their property and requested to proceed with condemnation of these two properties as recommended by the County Attorney. Commissioner Clampitt moved to go ahead with condemnation of the two properties as requested by the County Engineer and recommended by the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF GOVERNMENT CENTER - SMOKE LOUNGE

John Ayers stated they are still obtaining pricing and options for the smoking lounge in the Government Center and will bring back a recommendation when they all have been received and reviewed.

IN THE MATTER OF DRAINAGE

Terry Jones requested to further discuss procedures as discussed during the Drainage Board this morning. It was the consensus of the Commissioners that department heads meet to review, discuss, resolve and report back on drainage procedures at a future meeting.

IN THE MATTER OF VETERANS' REPORT

Receipt was acknowledged of the June 2001 Veterans' Report from Richard L. Bane.

IN THE MATTER OF EXECUTIVE SESSION

Commissioner Clampitt stated that an Executive Session was held on Friday, July 6, 2001, at 2:00 PM in the Commissioners' Office with Commissioners Clampitt and Ostermeier in attendance, and only the matter posted on the agenda was discussed and there were no decisions made. Commissioner Palmer and County Attorney Greg Steuerwald did not attend.

IN THE MATTER OF SPRINT TOWER

Receipt was acknowledged of the Amendment to Tower Site Lease Agreement with Sprint Tower, which was previously approved, executed and returned, however, Sprint has advised it was lost in the mail. It was the consensus of the Commissioners to execute a duplicate contract and return to Sprint.

IN THE MATTER OF DIRECT SELLERS ORDINANCE AND CANVASSERS ORDINANCE

There was discussion of the Direct Sellers Ordinance and of the Canvassers Ordinance. Commissioner Clampitt moved to advertise the Direct Sellers Ordinance and the Canvassers Ordinance for public hearing on July 23, 2001 at 6:30 PM in the Commissioners' Meeting Room. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BUILD INDIANA FUND

Bud Daum presented the list of Build Indiana Fund distributions as printed in the Indianapolis Star and complimented the Star for the on going investigation of this fund.

IN THE MATTER OF TELEPHONE – AMERITECH CONTRACT

Greg Steuerwald stated he had discussed with Ameritech and Jeff Johnson of Johnson Associates the contract of SBC Capital Services and they advised that this contract is only with the leasing company and explained the contract. There was discussion of the contract. Commissioner Clampitt moved to execute the contract with SBC, per County Attorney recommendation, for the leasing portion of Ameritech. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess the meeting at 10:05 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF COUNTY WIDE GUIDES

Receipt was acknowledged of a letter of July 9, 2001, from Jim Owens, Executive Director of Hendricks County Convention and Visitors Bureau, stating the publishing of County Wide Guides will be an excellent tool for new and perspective residents and an indispensable reference resource for current businesses and homeowners. Commissioner Clampitt stated that the Tourism Board had stated they had no problem with this publication for Hendricks County. It was the consensus of the Commissioners to send a letter to Tim Gravenstreeeter stating the Commissioners do not object to the publication of County Wide Guides and to review the supportive statement to be printed in the publication.

IN THE MATTER OF SURVEYOR – VEHICLES

David Gaston presented a letter dated July 16, 2001, requesting a new truck and jeep for use by the Surveyor's Office. Commissioner Clampitt moved to approve the request of two vehicles for the Surveyor's Office and to forward the request to the Sheriff Department for his review and to be placed on his vehicle list. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EMPLOYEE INSURANCE - INFORMATIVE MEETINGS

Receipt was acknowledged of a memo of July 20, 2001 from Human Resources Director, Stayce McClain, listing dates of five informative meetings to explain the health insurance changes to the employees that become effective September 1, 2001. There was discussion of the Commissioners attending these meetings. It was the consensus of the Commissioners that at least one Commissioner would attend each of these meetings to help explain the health insurance changes to the employees.

IN THE MATTER OF WISHES TO BE HEARD - PETRI COURT

Harold L. Smith came forward to request a “No Parking” sign be placed on CR 400 at Petri Court as several vehicles are parking on the road and blocking sight for vehicles turning into or out of Petri Court. There was discussion of this area and the danger to citizens. Commissioner Clampitt moved to request the Highway Superintendent look at this request and report back to the Commissioners. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY DEPARTMENT

Russ Lawson reported that the Highway Crew is working on CR 500N at Beckoning Way and also the bridge on CR 625E.

A telephone message received from Mary Copeland expressing appreciation for the great job the County did on CR 900N and her request to relay her thanks to the Highway Department was given to Mr. Lawson.

IN THE MATTER OF RAILS TO TRAILS

John Ayers presented voucher in the amount of \$1,149.20 for the Rails to Trails CSX (B&O) Trail, which is funded thru Indiana Department of Transportation (INDOT), but processed thru the County at no cost to the County, and requested execution of the voucher. Commissioner Clampitt moved to sign the voucher, as recommended by the County Engineer, and at no cost to the County. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF 56TH STREET – SIGNAL

John Ayes presented a proposal from McHale Cook & Welch on behalf of Crossman Communities to satisfy zoning commitment #10 made during the rezoning for Williamsburg Villages as stated:

The Developer (Crossman) commits to pay for 50% of the Intersection improvements called for at Raceway Road and 56th Street, exclusive of right-of-way, but including pavement, signalization, design, installation and inspection. Developer’s contribution shall cover the improvements necessary to bring the level of service from its current “base level of service” to a level “D” of service after Developer’s project is completed.

In the proposal Crossman offers to satisfy the commitment to pay 50% of the intersection improvements by paying for and installing the traffic signal allocated at the intersection in question, including engineering and construction costs and the engineering and construction cost figure represents well over 50% of the estimated cost in the intersection improvements and traffic signal improvements referenced in the 1999 letter and in addition, Crossman offers the following:

- 1. To pay the entire amount of \$71,587.95 in escrow with A & F Engineering, to be disbursed in payment for the traffic signal as installation occurs. Escrow fee will be paid by Crossman.***
- 2. Any excess funds after project completion will be the property of Hendricks County.***

Crossman is ready to proceed immediately upon the County’s confirmation of this arrangement. There was discussion that 50% of the cost was to be paid by J. P. Morgan and they should be contacted to see if they are agreeable to pay for pavement improvements. Mr. Ayers explained that this change is due to increasing 56th Street from two-lanes to four-lanes and that the Crossman payment is more than the original agreed amount. Commissioner

Clampitt moved to approve the agreement. subject to review and approval of the County Attorney, as proposed by Crossman for 56th Street signal light. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. The Commissioners directed John Ayers to contact J. P. Morgan on this matter.

IN THE MATTER OF SUBDIVISION BOND REVISION - WESTOVER WOODS, SECTION 1

Terry Jones requested to release the performance bond in favor of a maintenance bond for Westover Woods, Section 1, based on an on-site inspection by the Planning and Building Department and to release the performance bond upon written notice from the Town of Avon that they have received a check in the amount of \$21,000 and a maintenance bond in the amount of \$80,840, and that this development is subject to a Legal Drain assessment. Ron Cannon of the Town of Avon stated this was agreeable with Avon. Commissioner Clampitt moved to approve both bond recommendations for Westover Woods, Section 1, as recommended by the County Planning Director and as is agreeable with the Town of Avon. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION – AVON ESTATES, SECTION 4

Terry Jones presented two requests for subdivision bond revisions for Avon Estates, Section 4, advising that due to the water lines being installed and maintained by Indianapolis Water Company and the sewer lines being installed and maintained by White Lick Sewer, Inc., that the original performance bond amount be revised from \$358,000 to \$306,500 and also that based on an on-site inspection by the Planning and Building Department of the work completed to date, a request that the performance bond be reduced to an amount of \$121,750. Commissioner Clampitt moved to approve the bond reductions for Avon Estates, Section 4, as requested by the County Planning and Building Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION – MIP-682: SHAFER

Terry Jones requested that based on an on-site inspection of work completed to date of MIP-682: Shafer, by the Planning and Building Department, that the performance bond be released and to waive the maintenance bond requirement as it would be under \$1,000. Commissioner Clampitt moved to approve the bond revisions for MIP-682 as requested by the County Planning and Building Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CONTRACTOR’S COMPLETION AFFIDAVIT - MIP-854: CAMERON

Terry Jones presented a Contractor’s Completion Affidavit for MIP-854: Cameron. Commissioner Clampitt moved to approve the Contractor’s Completion Affidavit for MIP-854, as presented and recommended by the County Planning and Building Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING

Terry Jones stated that completion affidavits should be accepted and signed in a timely manner in order to release all bonds in the best interest of the citizens and with the staff not attending the Commissioners’ night meetings on the

fourth Monday and this month with July having five Mondays, with no Commissioners' meetings scheduled for fifth Mondays, it will be three weeks before staff will be able to obtain signatures on Contractor's Completion Affidavits. Greg Steuerwald stated the Board could authorize the President to sign the Affidavits as recommended by the Plan Commission Director as it is in the best interest of the citizens. Commissioner Clampitt moved that in any situation like this, to authorize the President to sign documents, as recommended by the Plan Commission Director, as it is in the best interest of the citizens. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Commissioner Clampitt amended the motion to add: "Or the next Commissioner available in the event the President is unavailable to sign". Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY ROAD FUNDING

Receipt was acknowledged of a July 11, 2001, letter from Bill Haan, Executive Director of the Indiana Association of County Commissioners, advising that the Hendricks County portion of the Local Road and Street Fund will be reduced 56% from the 2001 distribution and requesting a news release be sent to area news media, newspapers, TV and radio, and to write our legislators. Commissioner Clampitt moved to send letters to our legislators requesting that they reconsider funding the Local Road and Street Fund. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MIP-660: DENNIS BARTLEY

Receipt was acknowledged of a letter of a July 9, 2001, from Frontier Insurance Group requesting documentation relative to MIP-660: Dennis Bartley. It was the consensus of the Commissioners to refer the letter to the County Attorney and County Planning Director to respond.

IN THE MATTER OF CEMETERIES

Receipt was acknowledged of a July 10, 2001, letter from the Indiana Department of Natural Resources (DNA) including laws concerning recording interest in property containing a burial ground and cemetery in Indiana.

IN THE MATTER OF POOR RELIEF

Receipt was acknowledged of the Union Township quarterly Poor Relief Report from Rosemary J. Rothenberger.

IN THE MATTER OF CONNECTIVITY ASSESSMENT FORM – COMPUTERS

Receipt was acknowledged of Connectivity Assessment Form 16 from Gary Emsweller requesting completion of a computer survey. It was the consensus of the Commissioners to refer the form to John Parsons to complete.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve the minutes for June 4, 2001, with corrections. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Palmer moved to approve the minutes of May 29, 2001, with corrections. Commissioner Ostermeier seconded the motion and the motion was approved 2-0-1 with Commissioners Palmer and Ostermeier voting aye and Commissioner Clampitt abstaining as he did not attend the May 29, 2001, meeting.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims No. 210196 thru 210214, #210239 thru 210517, #108925 thru

109335 and all manual checks cut in June 2001 as presented July 16, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF FARM GROUND RENTAL

Receipt was acknowledged of a telephone message from Miranda Water that the surveyors of the 150-acre parcel were driving over and destroying the crops they had planted on this rented ground. It was the consensus of the Commissioners that Commissioner Ostermeier call Bill Shepler to resolve this matter.

IN THE MATTER OF ANNEX - HAUNTED HOUSE

Steve Stoddard stated the Sheriff Department planned to have the haunted house again for Project Angel and inquired whom they would need to contact to grant use of the Annex. The Commissioners advised Mr. Stoddard to contact Dennis Dawes of Hendricks Community Hospital as the hospital owns the building, however, the County is currently using it for storage.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 10:20 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board began at 10:20 AM with the following joining the meeting:

John Parsons, Systems Administrator Amy Roberts, Treasurer Barbara Ford, Assessor

John Parsons presented a list of the Hendricks County Departmental Technology Needs with recommendations and hi-lighted references.

John Parsons discussed the computer needs of the Auditor's Office and of recommendations. There was discussion of the proposed Unisys contract.

John Parsons presented the technology needs for each department. There was discussion to bring the representatives from Plexis and other vendors together for a Commissioners' meeting. It was consensus of the Commissioners to have all vendors together for the August 6 meeting.

There was discussion of purchasing software that will be compatible for 2003.

John Parsons stated he is obtaining quotes from Dell, Gateway and PC Mall.

Commissioner Clampitt expressed appreciation to Mr. Parsons for his effort put forth on the list. There was discussion of various requests by the various departments.

There was discussion if the Recorder has previously purchased computer needs from the perpetual fund. Commissioner Clampitt moved to approve the Recorder's request for film-to-image and to fund in the same way as funded previously. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of training and of fiber optic.

Amy Roberts stated Williams Communications were coming in today to set up e-mail and electronic banking for the Treasurer's office.

Nancy Marsh questioned the use of lap top computers for personal use. There was discussion of the computer policy manual and that they had been unable to contact Janelle Bowman for the policy manual disk to make corrections. Commissioner Clampitt moved to not allow any personal use of any computer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess the Technology Board Meeting a 11:00 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

July 23, 2001

The Hendricks County Board of Commissioners met in regular session with a quorum of two (2) Commissioners at 6:35 PM on Monday, July 23, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
Gregory E. Steuerwald	Hendricks County Attorney
Nancy Marsh	Hendricks County Auditor
Roy Waddell	Hendricks County Sheriff
Terry Jones	Hendricks County Plan Commission Director
John Ayers	Hendricks County Engineer
Jim Adams	Hendricks County Emergency Management Director
Judith Wyeth	Secretary to the Commissioners

The meeting opened by saying the Pledge to the Flag in unison followed by a brief prayer by Greg Steuerwald, for those who wished to participate.

IN THE MATTER OF ORDINANCE FOR REAL PROPERTY ENDORSEMENT FEE

Commissioner Ostermeier opened the public hearing for the Ordinance for Real Property Endorsement Fee stating that this had been advertised in two (2) papers. Auditor Nancy Marsh explained the fee increase to \$5.00 for recording each real property endorsement as approved by the legislature and in accordance with Indiana Code 36-2-4-28(d). There were no citizen comments. Commissioner Ostermeier closed the public hearing for the Real Property Endorsement Ordinance. Commissioner Palmer moved to approve Ordinance 2001-08: Ordinance for Real Property Endorsement Fee, as recommended by the Auditor, and to be effective this date. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF AN ORDINANCE
PROVIDING FOR THE LICENSING AND REGULATION OF DIRECT SELLERS

Commissioner Ostermeier opened the public hearing for the Ordinance Providing for the Licensing and Regulation of Direct Sellers and stated that this had been advertised in two (2) papers. There was discussion that this ordinance

was originally approved in 1993, however, it was incorrect in stating that the Clerk would handle registrations and forms as the state statute states that the registration and forms should be handled by the Auditor's Office. Dan Derrick presented a news release and stated he was opposed to this ordinance as it limited individuals' rights to free speech. There was discussion to take this ordinance under advisement. Commissioner Ostermeier closed the public hearing for this ordinance. Commissioner Palmer made a motion to take under advisement the Ordinance Providing the Licensing and Regulation of Direct Sellers, to the August 13, 2001, meeting at 9:00 AM, and for review by the County Attorney. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Attorney Greg Steuerwald advised that the August 13 meeting would not be a public hearing.

IN THE MATTER OF AN ORDINANCE
PROVIDING FOR REGISTRATION AND REGULATION OF CANVASSERS

Commissioner Ostermeier opened the public hearing for the Ordinance Providing for Registration and Regulation of Canvassers and stated that this had been legally advertised. It was further stated that this ordinance had been adopted in 1993, however, it incorrectly listed the Clerk's Office as handling the registration and forms, and that the state statute states that the Auditor's Office handles this registration. Dan Derrick presented a news release and stated he was opposed to this ordinance as it limited individuals' rights to free speech. Ron Dunaway questioned if the 1993 ordinance had ever been enforced. Sheriff Roy Waddell stated that the Sheriff's Department had not enforced the ordinance. There was discussion to take this ordinance under advisement. Commissioner Ostermeier closed the public hearing for this ordinance. Commissioner Palmer made a motion to take the Ordinance Providing for Registration and Regulation of Canvassers under advisement to the August 13, 2001, meeting at 9:00 AM, and for review by the County Attorney. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. County Attorney Greg Steuerwald advised that the August 13 meeting would not be a public hearing.

IN THE MATTER OF FAIR ON THE SQUARE

Receipt was acknowledged of a letter of July 13, 2001, from Chris Morpew, Chairman of the Tri-Kappa Fair on the Square requesting: 1) Arrangements be made to have the east and north doors of the Courthouse open to public for restroom facilities and 2) Use of the water spigots located at the Probation Department on the east and west sides of that building., on Saturday, September 8 from 9:00 AM – 6:00 PM and on Sunday, September 9, from 9:00 AM to 4:00 PM, as they have done in previous years. Commissioner Palmer moved to approve the request and to send a letter of approval to Tri Kappa for their Fair on the Square, as requested. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF PROSECUTOR - GRANT

Receipt was acknowledged of a request from the Prosecutor for approval and execution of a grant for Local Juvenile Crime Enforcement Coalition, in the amount of \$19,777.57, at no cost to the County. Commissioner Palmer moved for President Steve Ostermeier to sign the grant, as requested by Prosecutor Pat Baldwin, for juvenile crime in

the amount of \$19,777.57 and at no cost to the County. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ASSESSOR

Receipt was acknowledged of the July 16, 2001, request from Barbara Ford for a vehicle for the commercial appraiser in the Assessor's Office. There was discussion of the County vehicles, the need for fleet management, of the large van that is used by the Plan Commission Staff, of the need for mounted "caution" flashing lights on vehicles and if funds would be available for vehicles. Roy Waddell advised that he will check on the status of the vehicle account and report back. It was the consensus of the Commissioners to table this request.

IN THE MATTER OF MINUTES

Commissioner Palmer moved to approve the minutes of June 11, June 18, June 25 and July 2, 2001, with corrections. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims # 210525 thru 210656, #210659 thru 210670, #210674 thru 210682, and #109336 thru 109748 as presented July 23, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF SALARIES

Nancy Marsh presented all departmental salary requests for employees as submitted on their 2002 County budgets. Commissioner Ostermeier moved to recommend to forward these statements for salaries and wages to the Council for consideration. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ANIMAL SHELTER

Dr. Willis Parker came forward as a "Wishes To Be Heard" to question when the policy would change on neutering of animals at the Animal Shelter. There was discussion of alternatives to the current policy. It was the consensus of the Commissioners to discuss this matter with the Animal Control office. Dr. Parker requested a six (6) month report from the Animal Shelter.

IN THE MATTER OF PLANNING

Terry Jones presented an informative summary of Patterns of Built Investment in Central Indiana, 1990-99, with a brief look at investments in built structures describing central Indiana built investments produced 184,000 projects comprising one-half billion square feet and \$4.6 billion in construction.

IN THE MATTER OF EMERGENCY MANAGEMENT

Jim Adams presented notebooks explaining the Region 4 Chemical and Biological Weapons Tabletop Exercises, which were attended by 26 Hendricks County personal in Greenwood on July 12, 2001.

Jim Adams explained a small mercury spill within the County that has been cleaned up.

Jim Adams reported that the donated RV is now at the Sheriff Department and that he has the title, however, they have not met to decide on the use of this vehicle.

Jim Adams reported that there is an emergency team at the County Fair proving first aid.

IN THE MATTER OF SHERIFF DEPARTMENT – GRANT

Roy Waddell presented a grant application with a cover letter stating that the Commissioners support the participation of the Hendricks County Sheriff’s Department in a program/grant known as “Operation Pull Over”, a traffic law enforcement effort sponsored by the Governor’s Council on Impaired and Dangerous Driving, intended to enforce specifically Indiana occupant protection and impaired driving laws. It was the consensus of the Commissioners to execute the cover letter and grant application as requested by Sheriff Roy Waddell.

IN THE MATTER OF E-911

Sheriff Roy Waddell advised he had met to work with the Avon/Washington Township Fire and Emergency teams and will open a third dispatch. Sheriff Waddell stated he will return to request additional funding from E-911, which comes thru the Commissioners, and may extend communications to work towards covering 80% of the County and that they can now fund this third dispatch with help from Avon.

Commissioner Palmer moved to recess the meeting at 7:35 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

9. Compliance Confirmation. The Director of the Hendricks County Plan Commissioners shall, when requested by the Owner of the Real Estate, given written assurance, in letter form, that the Owner of the Real Estate has or has not complied with these Commitments.

Executed this 6th day of August, 2001. Urbahns Companies, Inc. By: (Signed)

Mr. Comer stated that this zoning request meets the recommendations of both the County and Avon Comprehensive Plans. Mr. Jones stated this rezoning request comes with a favorable staff recommendation and a Plan Commission recommendation vote of 4-0-1. Commissioner Clampitt moved to approve the Urbahns zoning request ZA-261/WA01-03, per recommendation of the Plan Commission, as Ordinance 2001-09. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MASTER PLAN

Bill Shepler of Project Management, requested new charge and new purpose to assess and analyze the needs for Hendricks County. Mr. Shepler gave an update of the first meeting of the Site Master Plan Committee: requesting a revision to "Committee Purpose" and a revision of the letter to departments, requested to schedule the next meeting, advised that the boundary survey and topographic surveys at the site are complete, and the subsurface investigation and Phase 1 environmental study reports are complete. Mr. Shepler submitted a list of several facilities that the County may want to include on the needs list. Commissioner Clampitt explained the concerns expressed at the Master Plan Committee meeting.

Monica Franklin requested that six (6) homeowners be appointed to this committee and read a letter of concerns.

The Commissioners stated that the County had made every effort to notify the homeowners by mail and have posted all meeting on the County web page.

Cindy Martin requested that homeowners be involved, submitted a list of names for consideration and stated that there is other land available for sale that the county could purchase for their needs.

David Nierman requested to be kept informed and that the Commissioners listen to the committee.

Claire M. Carter requested an alternate person from the neighborhood be placed on the committee.

Liz Bechner requested that neighbors be on the committee.

Jerry McFarland requested that long term planning be done.

Doug Fountain suggested selling the 150-acre parcel and buying land somewhere else as this is a valuable parcel.

Commissioner Clampitt moved to allow Monica Fountain to be a member of the Master Plan Committee and to go down the list for a replacement, if needed, and that Roy Waddell serve as chairman. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to change the charge and focus to what has been presented today and that the subdivision representatives will be notified of all meetings. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Terry Jones requested to extend the deadline for a decision. There was discussion of the next meeting. It was the consensus of the Commissioners that the next meeting will be at 3:00 PM on a Wednesday, with date to be determined by Bill Shepler and that all representatives will be notified.

IN THE MATTER OF COMMUNITY COLLEGE

Mary Benson introduced members of the Secondary Education Committee stating the group is now called Hendricks College Network and distributed a brochure explaining the network along with several recommendations. Ms. Benson advised that Purdue University has offered to pay 50% of a Director's salary and 100% of his/her benefits if we match the director's salary of \$10,000 for this year, \$20,000 for 2002 and \$10,000 in 2003, and that there will be no bricks and mortar as classes will be held in the local schools, libraries and possibly the Government Center. Ms. Benson stated that Indiana ranked 45th in the nation with college graduates and that this would be available to everyone to continue higher education.

Char Skirvin expressed the need to offer Hendricks County residents the opportunity for college classes and this was a wonderful opportunity as this would be available to residents all over the county.

Jerry McFarland stated this would offer other opportunities for expansion.

Commissioner Clampitt moved to designate the amount needed at this time and to request the Council to reimburse for this amount of \$10,000 from Special Contracts. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. There was discussion of adding this amount to the 2002 budget.

Dan Derrick expressed opposition to this use of tax money.

It was the consensus of the Commissioners that money for education is money well spent.

IN THE MATTER OF ADESA

Amy Broderick, attorney, presented a request from ADESA along with a report advising of the many inconsistent and unfair practices within the State of Indiana in assessing the inventory tax to auto auctions, with a financial analysis prepared by Greg Guerrettaz on behalf of ADESA detailing the positive impact of ADESA on local taxes and of the extreme burden of assessing the inventory tax to auto auctions. Adesa requested Commissioner support on legislation exempting auto auctions from the Indiana Inventory Tax.

Harold Hiser, Washington Township Assessor, stated he was in agreement with the tax request to eliminate the inventory tax as it is unfair.

Receipt was acknowledged of a letter from Barbara L. Ford, Hendricks County Assessor, that included the names of the personal property taxpayers that are associated with the auto auctions with ADESA and reported the assessed values for each and also figured the amount of revenue paid last year. Ms. Ford further stated the Property Tax Board of Appeals has prepared material regarding Adesa.

Lee Comer, attorney, offered to draft a letter of support for review. There was discussion of the inventory tax and of this issue. Commissioner Clampitt moved to be in support of this request from ADESA, that this be looked at and reviewed. Commissioner Palmer seconded the motion was approved unanimously 3-0-0. It was the consensus of the Commissioners that a draft letter be prepared on the general impact on our County for the County Attorney to review.

IN THE MATTER OF MITCHELL TERRACE

Talitha Kates came forward on behalf of Deborah Gross to request an easement between lots 14 and 19 in Mitchell Terrace on Hodge Road in order to drill for water. John Ayers advised that Ms. Gross is not tapping into another well or an existing waterline, rather she is still trying to get permission to drill her own well within the 50' easement, stating the original replat states that the area between lots 14 and 19 be classified as a 50 foot easement strip, and does not mention anything about making it a right-of-way, therefore, her dealings would need to be from the owners of lots 14 and 19. Greg Steuerwald stated that in the agreement this is not a dedicated right-of-way and that the County does not own this property.

IN THE MATTER OF MAPLEWOOD – MARY GREGG - TREE IN CR 100E R-O-W

Mary Gregg of Maplewood requested the County to cut down the large tree in front of her house, stating it is in the County right-of-way, that the tree was split and would damage her house if it falls. Greg Steuerwald advised that the County right-of-way at this location, on County Road 100 E, is 30 feet with 15 feet from the center of the road and the tree is 17 feet from center, therefore, not in the County right-of-way, but on her property. There was discussion of cutting this large tree. Commissioner Clampitt volunteered to call REMC for assistance to resolve this issue.

IN THE MATTER OF SUBSTANCE ABUSE TASK FORCE

Steve Schmalz presented written requests that have been reviewed by the Hendricks County Substance Abuse Task Force for payment from the Drug Free Community Funds:

\$ 3,750	Positive Directions	After School Program
2,600	Mental Health Association	Kids On The Block Puppets
<u>1,850</u>	Penrod Consulting	Group Counseling for Indigent Women
\$ 8,200	TOTAL	

Commissioner Clampitt moved to approve the requests presented by Steve Schmalz and approved by the Substance Abuse Task Force. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CSX RAIL CORRIDOR – LEGAL

Receipt was acknowledged of the July 26, 2001, letter from Bruno F. Canzian of Indiana Department of

Transportation (INDOT) with two (2) original executed agreements between the Local Public Agency and Bose McKinney & Evans with the referenced Attorney providing the legal services in connection with the CSX (B&O) Rail Corridor and requesting authorization for the Attorney to proceed with the work as set out in the agreement. Commissioner Clampitt moved to authorize the President to execute the agreement, to send letter of notice to proceed with legal agreement as approved February 26, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF STATION HILL

Mike Sells of Benchmark Consulting gave a brief history of this project on Ridge Hill/ Station Hill and including the legal history. Rick Pitts of Royal Havens requested a demolition permit for the house in Ridge Hill in order to construct the new road through this development. Leanna Alverson advised of a traffic study of Ridge Hill. Mr. Sells stated that in 1994 the courts had approved this project and that he had met at the site with both the County Engineer and Planner, at that time, that this location was satisfactory and that the Plan Commission had approved this proposed project. There was discussion of the contract and permit. Terry Jones stated that the demolition permit would have to be issued through the Planning Department. Mr. Pitts explained that the contract for removal of the house had expired due to length of litigation time.

Stephanie Leman-Luken questioned the safety issue and requested the sight distance for this proposed road be reviewed.

Tom Pell requested to use the emergency access only for a safety issue.

Cheryl Rogers presented a petition from residents opposed to the proposed road, presented pictures of Ridge Hill and Station Hill road and requested that they build a bridge on CR 625 East and use the emergency access for emergencies only.

Mr. Pitts responded to traffic issues and safety stating that this is a 30-foot street.

Terry Jones advised that the Engineering department is doing a traffic study.

It was the consensus of the Commissioners to wait until the Engineering Department completes the traffic study and to continue this matter to August 13, 2001.

IN THE MATTER OF EMPLOYEE HANDBOOK - VACATION TIME

Cathy Burkhart of the Highway Department requested clarification of the accrued vacation time for employees and if extra vacation days were counted at the beginning of the tenth year of employment with the County or at the completion of ten years of employment. There was discussion of the wording in the employee handbook. It was the consensus of the Commissioners to table this matter.

IN THE MATTER OF COURTHOUSE – NEELY WEDDING

Receipt was acknowledged of a telephone request from Sandra Neely for use of the Courthouse on Saturday, December 22, 2001, for the wedding reception for her son. It was the consensus of the Commissioners to grant this request and to send a letter with agreement form and refer them to discuss details with Elvin Cassity.

IN THE MATTER OF WEST CENTRAL SOLID WASTE – BUILDING

Receipt was acknowledged of the July 27, 2001, request from Jane Collisi, West Central Solid Waste District, for consideration by the Commissioners to pay \$3,991.12 for the a new attendant building at the Brownsburg yard waste site. There was discussion of use of the Special Projects Fund. Greg Steuerwald stated funding was used for lawsuits for contracts to clean up waste and to do projects that will not cost the taxpayers and that collection of the fee for dumping at the landfill is used for Hendricks County only. Commissioner Clampitt moved to send a favorable recommendation to the West Central Solid Waste for a building at the Brownsburg yard waste site and to fund from the Special Projects Fund. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0,

The meeting recessed for lunch. to resume at 1:00 PM for the Technology Board.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board met at 1:15 with the following joining the meeting.

John Parsons, Systems Administrator

John Parsons introduced Randall Smith of Plexis Group and William H. McCully of Quest and advised that Manatron will attend another meeting relative to the Data Warehouse. Mr. McCulley explained the cost stating the departments will be able to share data within the County and for taxpayers to use County information from the internet rather than to come into the Government Center/Courthouse to obtain information. He further explained the contract that includes training. There was discussion that the contract is based on information from the previous auditor and agreed to revisit with the current auditor. There was discussion of Quest experience working with other counties, time frame, funding, new software on the market, and of changes coming for 2003. Councilman Kenny Given complimented John Parsons on his work for the County. Mr. Parsons stated this contract will complete the data warehouse, which will save the County money, time and be more efficient. Commissioner Clampitt moved that after the contract has been reviewed and approved by the County attorney to authorize the President to sign the Quest contract for \$75,000 for Work Seven of Appendix A of Mater Agreement 251 and to be funded thru the bond. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Parsons requested approval to purchase three new PC units and a new printer for the Auditor's office, along with quotes and recommended Dell as they were the lowest quote. Commissioner Clampitt moved to approve the purchase from the bond for (3) new PC units and a new printer for the Auditor's Office from Dell, as they were the lowest quote and as recommended by John Parsons. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of quotes. Mr. Parsons will bring back written quotes at the next meeting. Greg Steuerwald stated we need all quotes in our hands before taking any action. The Commissioners requested three (3) quotes for computer equipment for Superior 1. There was discussion of new replacements for computers. Commissioner

Ostermeier requested the plan commission agenda be on the web page. Greg Steuerwald stated we need a separate page for planning. Mr. Parsons agreed with Quest that they will add a new web page for planning.

Dan Derrick made several comments relative to County computers. Commissioner Clampitt thanked Mr. Derrick for his opinions.

Commissioner Clampitt moved to recess the Technology Board at 2:55 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

The Commissioners meeting reopened at 3:00 PM

IN THE MATTER OF HIGHWAY

Russ Lawson advised the Highway Department is finishing black topping and that the Beckoning Way project is half completed. Mr. Lawson advised that the mounted side mower has never worked and requested to file suit to demand our money back. Greg Steuerwald stated that he sent a letter with no response. It was the consensus of the Commissioners for the County Attorney to proceed to file suit.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT – MIP-853: ROOF

Terry Jones presented Completion Affidavit for MIP-853: John Roof, Jr. , requested to release the performance bond and waive the maintenance bond as it was just over the required \$1,000. It was the consensus of the Commissioners to review this request with the Engineer and bring back next week.

IN THE MATTER OF CONTRACTOR'S COMPLETION - MIP-997

Terry Jones presented Contractor's Completion Affidavit for MIP-887: Chris Keers. Commissioner Clampitt moved to approve, per staff recommendation, the Contractor's Completion Affidavit for MIP-887 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MAP-629: CASCADE CORNER

Terry Jones presented a request for MAP-629: Cascade Corner, Brian Stephenson Excavating, to release the performance bond in favor of a maintenance bond in the amount of \$1,800. Commissioner Clampitt moved to release the performance bond in favor of a maintenance bond as recommended by the County Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MAP-885: WYNNE

Terry Jones presented the Contractor's Completion Affidavit for MIP-885: Patrick J. Wynne, Barbara Dickey, to release the performance bond in favor of a maintenance bond in the amount of \$1,625. Commissioner Clampitt moved to approve the Contractor's Affidavit for MIP-885 as recommended by the County Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0,

IN THE MATTER OF SPR-87: ADESA

Terry Jones advised that on a recent on-site inspection of SPR-87:ADESA, that improvements have been adequately maintained for the required one-year period and recommended that the maintenance bond be released and stated this development is not subject to a legal drain assessment. Commissioner Clampitt moved to approve the

recommendations for SPR-87 as recommended by the County Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CLAIM

John Ayers presented a claim for the steel posts used on the ramp at the Courthouse stating that they wanted to be paid immediately and requested to have a special check cut for this expense. It was the consensus of the Commissioners to request the Auditor to cut a special check to pay this claim. Nancy Marsh, Auditor, agreed to the request.

IN THE MATTER OF WEST CENTRAL SOLID WASTE

Receipt was acknowledged of an invoice for June recycling expenses from West Central Solid Waste in the amount of \$5,683.56. Commissioner Clampitt moved to forward the claim to West Central with a letter that they look favorably on paying the invoice from Special Contracts. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF VEHICLES

Terry Jones presented a request for purchase of a Ford Taurus, or appropriate midsize car, to replace the 1991 Chevrolet Cavalier, and a Ford Ranger truck, or appropriate midsize truck, to replace the 1994 Chevrolet S-10 pick-up truck for the Planning Department. Commissioner Clampitt moved to approve and forward this request with a letter requesting the Sheriff to review for purchase of these vehicles from the vehicle fund. Commissioner Palmer seconded the motion and the motion was approved 2-1-0 with Commissioners Clampitt and Palmer voting aye and Commissioner Ostermeier voting nay.

NOTE: The tape machine tape became entangled and was unable to record the remainder of the meeting.

IN THE MATTER OF SDESCO

Terry Jones requested to meet with staff and Commissioners to discuss the Storm, Drainage, Erosion and Sediment Control Ordinance (SDESCO) and enforcement of drainage issues. It was the consensus of the Commissioners that the staff, composed of the County Engineer, County Planning Director and County Surveyor, come in during staff time during the Commissioners' meeting next week.

IN THE MATTER OF ZONING AND SUBDIVISION ORDINANCE

Terry Jones announced the public hearing for the zoning ordinance would be September 12, 2001. There was discussion of pavement requirements in the Subdivision Ordinance.

IN THE MATTER OF ENVIRONMENTAL HEALTH COPIER

Cathy Grindstaff reported that the Minolta serviceman recently made a service call on their copier and left a service statement stating it would cost \$1,100 to repair the copier in Environmental Health. It was the consensus of the Commissioners to authorize repair as it was cheaper to repair than to replace.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #47879 thru 47877, #109336 thru 109756, #210525 thru 210656, 210659 thru 210670, #210674 thru 210682, #210685 thru 210699, #210701 thru 210979, 210981 thru 210988, 210990 thru 210998, and all manual checks cut in July 2001 as presented August 6, 2001. Commissioner

Palmer seconded the motion and the motion was approved unanimously 3-0-0..

IN THE MATTER OF HEALTH ORDINANCE

Cathy Grindstaff gave a brief update of the draft Health Ordinance approved by the Health Board.

IN THE MATTER OF VETERANS' REPORT

Receipt was acknowledged of the July Veterans' Report from Richard Bane.

IN THE MATTER OF TDS – HOLD HARMLESS AGREEMENT

Receipt was acknowledged of an Indemnification Agreement between TDS Telecommunications Corporation and Hendricks County Highway Department. There was discussion of this agreement. Commissioner Clampitt moved to approve and to allow the President to sign the TDS Hold Harmless Agreement. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY HOME VAN

Receipt was acknowledged of an estimate for air conditioner repair or replacement to the County Home van. It was the consensus of the Commissioners to repair rather than to replace the air-conditioner in the van.

IN THE MATTER OF 2001 LOBBY REGISTRATION

Receipt was acknowledged of the 2001 Lobby Registration Statements for Hendricks County Board of Commissioners from Ice Miller. Commissioner Clampitt moved to approve and sign the 2001 Lobby Registration Statement. Commissioner Palmer seconded the motion and the motion was approved unanimously. 3-0-0.

IN THE MATTER OF STATE EMPLOYEE HEALTH PLAN

Receipt was acknowledged of the State Employee Health Plan with Anthem. It was the consensus of the Commissioners to forward this letter to Jon Yoho, our agent of record for review.

IN THE MATTER OF FRANKLIN TOWNSHIP POOR RELIEF

Receipt was acknowledged of the Franklin Township Poor Relief Guidelines from Sharon Fruits, Franklin Township Trustee/Assessor.

IN THE MATTER OF LINCOLN TOWNSHIP – POOR RELIEF

Receipt was acknowledged of the Township Quarterly Poor Relief Report of actual and estimated receipts and disbursements from Donovan Peoples, Lincoln Township Trustee.

Steven L. Ostermeier, President

Linda Palmer, Vice President

John D. Clampitt, Member

ATTEST: _____
Judith Wyeth, Deputy Auditor

August 13, 2001

The Hendricks County Board of Commissioners met in regular session with a quorum of three (3) members present at 9:20 AM on Monday, August 13, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald)	Hendricks County Attorney
Russ Lawson)	Hendricks County Highway Superintendent
John Ayers)	Hendricks County Engineer
Terry Jones)	Hendricks County Planning Director
Judith Wyeth)	Secretary to the Commissioners

NOTE: The Auditor was attending budget hearings with the Council and did not attend this meeting.

IN THE MATTER OF PETITION FOR RIGHT-OF-WAY

Ben Comer, Attorney, presented a Petition to Vacate Right-of-Way on behalf of Allan T. and Deborah I. Reed:

Allan T. and Deborah I. Reed request the Hendricks County Commissioners to vacate a certain right-of-way granted to the County prior to their ownership. On March 26, 2000, the Reeds purchased the real estate. EXCEPT: 35 feet off and across the east end. The right-of-way in question was given to the County in a Right-of-Way Dedication dated July 6, 2000, and recorded in Public Record Volume 184, Page 139. The Right-of-Way Dedication was granted by James Stackman and Vicki A. Stackman, Husband and Wife, who erroneously took title to the property. They were intending to purchase and subdivide an adjoining piece of property, which right-of-way was to be part of the intended subdivision. When the error was found, the Stackmans then deeded back the wrong piece of property and took title to the correct adjoining piece of property. Subsequently the Reeds took title to the subject piece of property.

The Right-of-Way is an island unto itself, as there are no extensions in either direction of additional direction of additional right-of-way.

In an effort to clean up the errors created in the transfer of the wrong piece of property to the Stackmans, the Reeds respectfully request the Hendricks County Commissioners vacate the Right-of-Way granted as part of the erroneous transaction. There is no intended subdivision of the property, which subdivision was the reason for the grant of right-of-way in the first place.

Commissioner Clampitt moved to approve to vacate the right-of-way for Allan T. and Deborah I. Reed as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF IAN'S POINT – KINROSS DRIVE

Chris Malek came forward to request that one block of Kinross Drive, 1340 Kinross Drive to the stop sign at Fulkirk Drive in Ian's Point. be closed from 2:00 –9:00 PM on Saturday, September 8, 2001, for a neighborhood hog roast and block party. There was question if this was within the Town of Avon, however, after a check of the location it was determined to be within County jurisdiction. Commissioner Clampitt moved to approve the request to close a portion of Kinross Drive in Ian's Point from 2:00-9:00 PM on September 8, 2001, as requested by Chris Malek and to notify the Sheriff and Highway Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

Jon Yoho advised that the meetings with County employees to explain the three (3) changes to health insurance had been completed and advised that he had talked with Nyhart and recommended the County plan be expanded to cover all diabetic supplies. Commissioner Clampitt moved to approve the recommendation of Jon Yoho and Nyhart to expand coverage for diabetic supplies and to send a letter to Nyhart of this addition. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Mr. Yoho advised that Individual Care Management (ICM) represented a semi-annual savings to the County of \$21,812.61.

Mr. Yoho requested a letter to Boson Mutual of voluntary life insurance for employees. It was the consensus of the Commissioners to execute a letter to Boston Mutual as requested by Mr. Yoho.

Mr. Yoho reported on his review of the insurance available to government employees through the State and stated this plan would be a financial burden to the employees and recommend to stay with what we currently have. It was the consensus of the Commissioners to stay with current employee health insurance plan.

IN THE MATTER OF STATION HILL

Mike Sells came forward to discuss the Station Hill/Ridge Hill project. Commissioner Linda Palmer and County Attorney Greg Steuerwald removed themselves from discussion of this project due to conflict of interest. Mike Sells explained the history of this project Rick Pitts, Attorney, explained the litigation involved with this project. There was discussion of the process, that this had met the subdivision ordinance requirements development, safety concerns, and the need for two (2) entrances into a development.

Cheryl Rogers expressed opposition to this road for safety reasons.

Bob McDaniel questioned the number of houses involved and stated that during the winter when there is ice on the roads you cannot get up the hill near this proposed intersection.

Brian Krigger stated there is a blind hill at this proposed intersection, expressed safety concerns and the accident history in this area.

Janice Murphy expressed concerns for the road design.

Pete Watson questioned the road design.

Lee Billington stated he had concerns for the new road design and requested that the speed limit be lowered in this area.

Rick Pitts presented a draft contract for the Commissioner to review and for their consideration.

Commissioner Clampitt moved to continue this matter to the August 20, 2001, meeting to get all the facts and for sight distance and that the contract be referred to Attorney Mike Morrow for review and comment.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-1 with

Commissioners Clampitt and Ostermeier voting aye and Commissioner Palmer abstaining.

IN THE MATTER OF CENTER TOWNSHIP ASSESSOR – COPIER

Norm Gulley, Center Township Assessor, stated that the copier in his office is not working properly, and requested approval to go to the Council for additional appropriations of \$3,000 to purchase a refurbished copier for his office and to use the current copier as a trade-in. Commissioner Clampitt moved to approve the request of Norm Gulley for a copier for the Center Township Assessor and to send a letter to the Council requesting a reimbursement to the line for Office Equipment in the amount of \$3,000. Commissioner Palmer seconded the

motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COMMUNITY DEVELOPMENT

Jim Cundiff, Executive Director of the Hendricks Community Development Corporation presented a draft Letter of Intent for a grant for Hendricks County Community Development and stated that if this is approved he will bring back an Ordinance for approval of the grant. Commissioner Clampitt moved to approve the Letter of Intent on Commissioner letterhead and that if approved to come back for an ordinance. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BROWNSBURG LIBRARY

Receipt was acknowledged of a request from Wanda Pearson, Library Director of the Brownsburg Public Library, for the re-appointment of Lugene Yearwood to serve on the Brownsburg Library Board of Trustees for a four (4) year term to expire December 31, 2005. Commissioner Clampitt moved to appoint Lugene Yearwood to a four (4) year term on the Brownsburg Library Board of Trustees as requested by the Library Director.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PROCLAMATION – ALWAYS BUCKLE CHILDREN IN BACK SEAT

Receipt was acknowledged of a request from the Brownsburg Optimist Club for a proclamation, “Always Buckle Children In Back Seat”, for September 1-7, 2001. Commissioner Clampitt moved to approve the request for a proclamation for “Always Buckle Children in Back Seat” for September 1-7, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CANVASSERS ORDINANCE

There was discussion of the proposed revised Ordinance for Registration and Regulations of Canvassers, which had a public hearing on July 23, 2001. Commissioner Clampitt moved to deny the revised Canvassers Ordinance and for the County Attorney to draft an ordinance to rescind the existing Registration and Regulations of Canvassers, Ordinance 1993-4. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ORDINANCE FOR DIRECT SELLERS

There was discussion of the proposed revised Ordinance Providing for the Licensing and Regulation of Direct Sellers, which had a public hearing on July 23, 2001. Commissioner Clampitt moved to deny the revised Direct Sellers Ordinance and for the County Attorney to draft an ordinance to rescind the existing Ordinance Providing for the Licensing and Regulation of Direct Sellers, Ordinance No. 1993-5. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Beckoning Way project is halfway completed and that they will start paving three roads this week. There was discussion of the \$60,000 per month that will be lost for roads due to new legislation.

IN THE MATTER OF BRIDGE NO. 220

John Ayers presented a final change order for Bridge No. 220, located on CR 600S over Clarks Creek in

Guilford Township, with detailed explanation for each item. Commissioner Clampitt moved to approve the final

change order for Bridge No. 220, as recommended by the County Engineer, and for the President to execute the document. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TRAFFIC STUDY CR 750N

John Ayers presented a traffic study for CR 750N from CR 300W-400W. This study was initiated by Mrs. Wayne Matthew requesting the county to establish a speed limit for these two segments of road. The traffic study recommends that although the 85% percentile for both segments of road suggests a speed limit of 50 mph, but due to the lack of shoulders, the curves and hills that pose some sight distance problems, and the moderate road conditions, it is recommended that both segments of this road be posted at 45 mph. Commissioner Clampitt moved to approve the traffic study recommendations for CR 750N from CR 300W to 400W, as recommended by the traffic study and the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TRAFFIC STUDY – HIGHLANDS SUBDIVISION

John Ayers presented a traffic study for the intersection of Maxwellton Drive and Hickory Hill Trail in the Highlands Subdivision, as initiated by Mark Kulow, citing confusion at this intersection due to the placement of the existing stop signs and the landscape islands. The Indiana Manual on Uniform Traffic Control Devices states:

“Multi-way stop signs should ordinarily be used only where the volumes of traffic on the intersecting roads are approximately equip (60/40 split)”.

This intersection meets these criteria by having a 58/42 split. The manual also states multi-way stop control is applicable where

“An intersection of two residential neighborhood collector (through) streets of similar design and operating characteristics, where multi-way stop control would improve traffic operational characteristics of the intersection.”

Due to the ability of traffic to achieve high rates of speed on Hickory Hill Trail, the lack of sidewalks in the subdivision, and the numerous children observed during the time of the study, multi-way stop control is recommended for this intersection. Commissioner Clampitt moved to approve the four-way stop and to trim the trees in this intersection in Highlands Subdivision, as recommended by the traffic study and County Engineer.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CONTRACTORS COMPLETION AFFIDAVIT - MIP-853: ROOF

Terry Jones presented the Contractor’s Completion Affidavit for MIP-853: John Roof, Jr., advised that they had received two estimates for repair, PD Excavating \$1,291 and Don Carlton Excavating for \$1,800, and recommended to accept the Contractor’s Completion Affidavit and to waive the maintenance bond requirement as it is just over the \$1,000 minimum. Commissioner Clampitt moved, per Planning Director recommendation, to execute the Bank One cashiers check No. 136153791 and to accept the Contractor's Completion Affidavit. for MIP-853: Roof. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION – THOROUGHBRED FARMS, SECTION 1

Terry Jones presented a request for Thoroughbred Farms, Section 1, and recommended that based on the on-site inspection of this project, to release the performance bond in favor of a maintenance bond in the amount of \$6,500. Commissioner Clampitt moved to release the performance in favor of a maintenance bond for Thoroughbred Farms, Section 1, per recommendation of the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION – MIP-601: MAYES

Commissioner Clampitt moved, per recommendation of the Planning Director, to release the performance bond for Diamond Cove as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ILLEGAL DUMPING

Receipt was acknowledged of a statement in the amount of \$79.58 from Twin Bridges for debris picked up by the Highway Department from illegal dumping on County roads. Commissioner Clampitt moved to approve and send the claim to the West Central Solid Waster District for their review and to consider payment from Special Projects. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TELEPHONES

John Ayers stated that our telephone consultant advised that we need an additional analog card (line) for telephones at the Government Center, as the card is full, and requested to pay from the cum cap telephone line. Commissioner Clampitt moved to approve the additional card, per recommendation of the staff and consultant.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF GOVERNMENT CENTER – BENCHES

John Ayers reported that the park benches that we have at several County buildings have fallen apart over the years and presented prices from Pen Products and Alfax for a total of ten benches, 5 at Government Center, 1 at the Museum and 4 at the County Home. Commissioner Clampitt moved to purchase ten wooden benches as requested by staff and to fund from the bond. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENGINEER – COPIER

John Ayers stated the blackline copier in the Engineering Department needed to be replaced and presented quotes for replacement from Van Ausdall & Farrar, Print Graphics and Xerox. Mr. Ayers also advised this will be funded from the copy fund and that the current copier would be used as a trade-in. Commissioner Clampitt moved to approve the purchase of the Ricco blackline copier from Van Ausdall & Farrar as the lowest quote with trade in and as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF VEHICLES – ENGINEERING

John Ayers requested to replace two vehicles in the Engineering Department and to negotiate thru local dealers. There was discussion of vehicles that needed to be replaced and of a fleet manager. Commissioner Clampitt moved to approve the list of vehicles requested by the Engineering Department, to send a letter to the Sheriff Department for their review, to fund from the vehicle fund, and that the County Engineer work with the Sheriff and fleet manager. Commissioner Palmer seconded the motion and the motion was 2-1-0 with Commissioners Clampitt and Palmer voting aye and Commissioner Ostermeier voting nay.

IN THE MATTER OF GOVERNMENT CENTER – SMOKING LOUNGE

John Ayers presented a list of costs for the smoking room improvement for the Government Center. There was discussion of the proposals presented. Commissioner Clampitt moved to approve the lowest quote for improvement costs for the smoking room as presented by the County Engineer. The motion died for lack of a second.

Commissioner Palmer moved to make the Government Center smoke free. The motion died for lack of a second.

Commissioner Ostermeier made a motion to make all Hendricks County buildings smoke free. Commissioner Palmer seconded the motion and the motion was approved 2-1-0 with Commissioners Ostermeier and Palmer voting aye and Commissioner Clampitt voting nay. It was the consensus of the Commissioners to send a memo stating that all County buildings are smoke free effective immediately.

IN THE MATTER OF COPIERS

There was discussion of the need of several departments to replace copiers and to consider purchasing copiers in larger numbers as a fleet in an effort to save taxpayers money and to obtain quotes from vendors for five copiers

at a time.

IN THE MATTER OF AVON JOINT PLANNING DISTRICT

Greg Steuerwald advised that he and Terry Jones will meet today with representatives from Avon to discuss the Avon Joint Planning District.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

There was discussion of the Indiana Department of Transportation (INDOT) letter relative to a request from Brownsburg for an interchange at I-74 and 1000E, of the need to keep a uniform approach on the North/South Corridor and to have another corridor meeting. It was the consensus of the Commissioners to invite Dennis Falkenberg to bring everyone up-to-date on the North/South Corridor at the next meeting on August 20, 2001, and for John Ayers to contact Mr. Falkenberg to attend this meeting.

IN THE MATTER OF ANIMAL SHELTER – ADDITIONAL

Receipt was acknowledged of a request from Mary Anne Lewis for additional appropriations for the animal shelter for equipment and chemicals, removal of dead animals, vehicle repair and overtime. Commissioner Clampitt moved to approve the request from Animal Shelter for additional appropriations as presented and to forward a letter to the Council requesting that they look favorably on this request. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #109757 thru 110167, #211011 thru 211023, and #211025 thru 211372 as presented on August 13, 2001. Commissioner Palmer seconded the motion and the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MINUTES

Commissioner Ostermeier moved to approve the minutes of the July 23, 2001, meeting with corrections. Commissioner Palmer seconded the motion and the motion was approved 2-0-1 with Commissioners Ostermeier and Palmer voting aye and Commissioner Clampitt abstaining as he was not in attendance at that meeting.

IN THE MATTER OF SITE MASTER PLAN

There was discussion of the Site Master Plan Committee to look at County needs at this time including all possible needs for both now and the near future and to prioritize the list.

Commissioner Clampitt moved to recess the meeting at 12:55 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

August 20, 2001

The Hendricks County Board of Commissioners met in regular session at 9:25 AM on Monday, August 20, 2001, with a quorum of three Commissioners in attendance. The meeting was moved to Meeting Room 4-5, on the first floor of the Hendricks County Government Center, due to the large number of citizens in attendance, with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Russ Lawson	Hendricks County Highway Superintendent
David Gaston	Hendricks County Surveyor
John Ayers	Hendricks County Engineer
Terry Jones	Hendricks County Plan Commission Director
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF STATION HILL/RIDGEHILL

Commissioner Linda Palmer and County Attorney Greg Steuerwald removed themselves from the meeting during the discussion of Station Hill/Ridgehill in order to avoid conflict of interest.

Mike Sells, of Benchmark Consulting, handed out diagrams of the proposed access drive to be built after removal of the house on Lot #121 in Ridgehill Subdivision in the Prestwick Development and gave the history of this development, stating the County has approved these plans four times and the site has been reviewed and approved by two (2) county PE engineers. Mr. Sells explained the new proposed improvements to Ridgehill Drive stating that the developer will lower Ridgehill Drive to improve the sight distance, that this complies with the current County Subdivision Ordinance and with the approval of the current County Engineer PE.

John Ayers presented a memo advising that with the modifications, as stated, this will meet intersection requirements of the County Ordinance. There was discussion of the previous rules and standards and that these plans go above and beyond County requirements and do meet current safety standards.

Bob McDaniel requested parking restrictions in this area and that they be enforced. Mr. McDaniel also inquired if concerns had been addressed of the pictures taken with the truck in the drive, as this vehicle obstructs the view.

Cheryl Rogers presented letters and a petition signed by 403 residents that want this done right or not at all, stated that a boy had been hit in this area two years ago and suggested that the County talk with the owner of the golf course. Ms. Rogers also expressed safety concerns for this location, requested that the developer build a bridge on CR 625E and to put in the emergency access only. A request to review CR 100S was also made by Ms. Rogers.

Colleen Watson expressed concerns for safety, stated that this hill is difficult to get up in the winter and requested that the bridge be built.

Christine Collester agreed that two entrances to this development were needed, expressed safety concerns and requested that the bridge be built.

Dave Jackson stressed concerns for safety in the event of a CSX spill, the need for a second entrance and requested enforcement of parking restrictions on this street from midnight to 6:00 AM.

Richard Harris expressed concerns for evacuation of a CSX spill with only one road and a one-lane bridge that restricts in and out.

Brad Ressler stated that proposed improvements will not resolve the safety concerns and explained safety and traffic concerns.

Dave Harrold inquired if there was any intersection in existence in Hendricks County that was similar to this one.

Lee Billington expressed concerns for safety on this road.

Gary Behling stated that when he purchased his home in this development he was told there would be two entrances.

John Ayers explained that this proposed road meets County standards, has adequate sight distance and explained the ordinance requirements for current and previous roads adding that this proposed road meets current requirements.

There was discussion that the Commissioners can restrict parking in any area and to check parking in this area. It was the consensus of the Commissioners to check parking on this street and this roadway.

Mike Sells requested approval of the contract, subject to review by an attorney, and stated they are making growth in this County in a safe manner.

Colleen Watson requested clarification of the ordinance for this intersection.

John Ayers explained the ordinance requirements.

Mike Sells requested that, subject to staff review and approval, this contract be approved by an attorney and brought back.

There was discussion of a 3-way stop at this proposed intersection.

Mike Sells stated the developer would pay for the 3-way stop signs if a traffic study warrants this 3-way stop.

Commissioner Clampitt moved to accept the proposal, as presented, from Benchmark Consulting, to have the developer plan to handle safety issues subject to approval by the County Engineer, approval by an attorney for the County, and if a traffic study warrants in the future that a 3-way stop is required at this intersection that the developer will pay for these signs. and that the contractor's vertical alignment to the current street is presented and for the developer to pay for the change. Commissioner Ostermeier seconded the motion and the motion was approved 2-0-1 with Commissioners Clampitt and Ostermeier voting aye and Commissioner Palmer abstaining.

Commissioner Palmer and County Attorney Greg Steuerwald returned to the meeting..

IN THE MATTER OF NORTH/SOUTH CORRIDOR

Dennis Falkenberg, of Ice Miller, explained the application for funds for the North/South Corridor and that he has asked the State for funds and suggested sending a request to the Indiana Department of Transportation (INDOT) for the next segment of 2-lanes. Mr. Falkenberg advised that plans are needed by the end of September as they are willing to look at them from this year's money on October 1, and they can then ask for additional in 2002. There was discussion to make changes from 2-lane to 4-lane. Steve Luther of Beam Longest and Neff stated the Council did not

approve funding for 4-lanes. There was discussion of funding and to ask for 2-lanes now and that plans will eventually be for 4- lanes. It was the consensus of the Commissioners to approve application for 2-lanes for state money, but that this will eventually be a 4-lane road. The Commissioners thanked Mr. Falkenberg for his work on this project.

IN THE MATTER OF STREET NAME CHANGE - ORDINANCE

Receipt was acknowledged of a request from Attorney Lee Comer for an ordinance for the June 18, 2001, approval of a street name change of Vicky Lane, in Eagles Landing, Section 3, as An Ordinance To Change Street Name, located in Eagles Nest Subdivision, Section 3, shall be renamed and shall be now known as Sanctuary Drive, and stating that an ordinance is needed in order to record this name change. Commissioner Clampitt moved to approve and execute Ordinance No. 2001-10 to change the street name from Vicky Lane to Sanctuary Drive in Eagles Nest, Section 3, as approved on June 18, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF UNITED WAY

Susie Friend of United Way requested to place the United Way Thermometer on the Courthouse lawn from September thru November; explained the employee program thru payroll deductions and advised that Sheltering Wings is now a part of the United Way Fund. Commissioner Clampitt moved to approve the thermometer being placed on the Courthouse lawn from September thru November and for the United Way representative to contact each elected official and department head on how to run their campaign in their department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF STRATEGIC HOSPITAL PLAN

Dennis Dawes, of Hendricks Community Hospital, introduced Michael Annison, President Of The Westrend Group, to request support of the hospital programs to expand the clinical area and community outreach in the community and requested the Commissioners support.

IN THE MATTER OF
STORM DRAINAGE, EROSION AND SEDIMENT CONTROL ORDINANCE (SDESCO)

Terry Jones, John Ayers and David Gaston stated they have had requests for waivers of the Storm Drainage, Erosion and Sediment Control Ordinance (SDESCO) in order to record subdivisions. Mr. Gaston stated complaints from developers should not be decisions for the planning and building inspectors for developments and subdivisions, as the erosion control methods must be in place and to not waive or alter requirements in order to record with a cashiers check or revocable letter of credit. John Ayers stated erosion control requirements must be in place. Mr. Gaston stated the erosion control must be growing before the recording of all subdivisions.

Tim Shrouf of Cedar Run requested to have the staff and developers meet in an open meeting and to bring back a recommendation to the Commissioners.

Brian Tansey expressed concerns and requested that developments not be put on hold.

Greg Steuerwald stated the cashier's check is the best way to handle this matter.

John Talbot, of Estridge, would like to discuss other issues in the SDESCO ordinance.

There was discussion of the SDESCO requirements for conservation.

IN THE MATTER OF WISHES TO BE HEARD – JIM MURPHY

Jim Murphy came forward as a "Wishes To Be Heard" relative to the rezoning of 88 acres in Brown Township and presented a letter for consideration.

IN THE MATTER OF SCOTT HOSIER – RIGHT-OF-WAY

There was discussion of a letter from Scott Hosier stating that Boone County Utilities are not in the County right-of-way in Brown Township and that he would like to connect to the sewer. It was consensus of the Commissioners to check on the right-of-way in this area and to report back to Mr. Hoosier.

Commissioner Clampitt moved to recess for lunch and to resume at 1:00 PM for the Technology Board.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board convened at 1:15 PM with the following joining the meeting:

John Parsons, Systems Administrator

John Parsons presented quotes for printers from Unisys and Manatron and advised that K&K, Quest and Abacus had refused to make a quote. The Commissioners requested this information in writing. Nancy Marsh stated they need a printer in the Auditor's Office with a legal size drawer. Commissioner Palmer moved to purchase three network printers, one with an extra drawer for legal size paper for the Auditor, and for Superior Court 3 and the Treasurer. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of the Quest contract. Commissioner Clampitt moved to add that the data warehouse to be completed within ninety-days, to have the County attorney review and if approved that the President execute the Quest contract. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Greg Steuerwald stated that we be notified in sixty days if there is a problem and that we be notified ahead of time of any problems regarding this contract.

There was discussion of funding. Greg Steuerwald stated that bond money could be used.

John Parsons explained the process and time to have e-mail and Internet to all four courts and adult probation and to check off computer needs on the list.

The Commissioners requested three quotes for a CD-rom in the Health Department.

John Parsons stated that Doug Morris would start in the Computer Department on August 27, 2001.

There was discussion of the need for training and funding.

Theresa Lynch stated the Recorder's Office has a web page and requested to be added to the County web page.

The Commissioners directed Ms. Lynch to check with the Computer Department.

Commissioner Clampitt moved to recess the Technology Board at 1:50 PM. Commissioner Palmer seconded the

motion and the motion was approved unanimously 3-0-0.

The Commissioners' Meeting reopened at 1:50 PM with all three Commissioners present.

IN THE MATTER OF COUNTY HOME - SMOKING

Diane Berry expressed concerns for residents of the County Home having to smoke outside during the smoking ban on all County buildings. Commissioner Clampitt explained that there had previously been designated smoking areas in the County Home for residents. There was discussion of this arrangement.

Karen Cochran requested a compassionate decision for the residents.

Commissioner Clampitt requested a week to take this matter under further consideration. It was the consensus of the Commissioners to take this matter under further consideration.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Department has three more roads to put shoulders on, that it will take ten days to complete the chip and seal projects and that they are still working on the Beckoning Way project.

A call from Shannon Baker on CR 901N, off of 56th Street, was referred to Russ Lawson to check and report back on this matter.

IN THE MATTER OF TRAFFIC STUDY FOR RIDGEHILL SUBDIVISION

John Ayers presented a traffic study for Ridgehill Subdivision stating that 85% exceed speed limit by 11 mph, and did not recommend to lower the speed, but requested to send a letter to the Sheriff to enforce the current speed limit in this area. The study also stated that due to sight distance problems, stop signs are recommended at all minor streets entering Ridgehill Way and that "Winding Road" signs should be posted at the most problematic curves. The proposed changes in Ridgehill will make the subdivision safer to the driving public and help the Sheriff's Department in enforcement. Commissioner Clampitt moved to approve the recommendations as presented by the Engineering Department for the traffic study in Ridgehill Subdivision. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF THE TOWN OF BROWNSBURG

Receipt was acknowledged of a request from the Town of Brownsburg for a traffic study on CR 900 East, south of US Highway 136.

IN THE MATTER OF TOWN OF PITTSBORO

There was discussion of a complaint received relative to the Qualitech Road. Commissioner Clampitt requested the County Engineer to call the Town of Pittsboro regarding street paving and clarify if this road belongs to the Town or to the County.

IN THE MATTER OF CR 500E AND 350S

Receipt was acknowledged of a citizen request for a stop sign at CR 500E and 350S. It was the consensus of the Commissioners for the County Engineer to check on this intersection and report back.

IN THE MATTER OF CR 400S AND STATE ROAD 39 SOUTH

Receipt was acknowledged of a telephone call from a citizen requesting better marking and trimming of trees at

the intersection of CR 400S and State Road 39 due to several deaths at this intersection. The Commissioners

directed the County Engineer to check with the state on this intersection.

IN THE MATTER OF MIP-853: ROOF

Terry Jones presented a revised Contractors Completion Affidavit for MIP-853: Roof, for execution, and advised that the maintenance bond requirement was waived on August 13, 2001, however, the document presented on that date was incorrect and that this is the corrected affidavit. It was consensus of the Commissioners to execute the corrected affidavit.

IN THE MATTER OF MIP-848: STEELY

Terry Jones presented the Contractor's Completion Affidavit for MIP-848: John Steely, and requested to waive the maintenance bond requirement. Commissioner Clampitt moved to approve the Contractor's Completion Affidavit for MIP-848: Steely, as recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF AVON JOINT PLANNING

Terry Jones advised that he and Greg Steuerwald had met with representatives from the Town of Avon and they will be able to move forward to establish the Town's opportunity for a formal input in the County planning process.

IN THE MATTER OF EQUIPMENT

Terry Jones advised that the old recording equipment was still in the sound room at the Government Center and requested to sell or dispose of it. It was the consensus of the Commissioners that Mr. Jones check on the condition of the equipment and report back.

IN THE MATTER OF HIGHWAY MOWER

Greg Steuerwald advised that they had filed a Complaint against Speedway New Holland for the highway mower that has never worked properly.

IN THE MATTER OF TELEPHONES

John Ayres requested direction on how to fund additional telephones for new employees or for an additional telephone within a department. It was the consensus of the Commissioners to bring all telephone requests for consideration on a monthly basis. Mr. Ayers questioned use of old phones and explained the upgrades for phones in the Government Center stating that everything requested above the basic telephone comes from each departmental budget and that the departments do not/did not plan for this in their budget . It was the consensus of the Commissioners that new employees receive a standard phone, to be funded from the Commissioners' budget, and if anything extra is requested that it be funded from the departmental budget.

IN THE MATTER OF GIS

John Ayers presented a contract for updates on GIS from Beam Longest and Neff. There was discussion whether to keep updating. It was the consensus of the Commissioners to continue updates and to fund from Special Contracts. There was discussion of developers presenting development plans and information on a disc for integration into the GIS.

IN THE MATTER OF COURTHOUSE – FAN ON CHILLER

John Ayers presented a quote from AMS Mechanic Services to replace a faulty fan on the chiller at the Courthouse, stating that the fan will probably last the rest of the year, but will definitely have to be replaced before next spring and further advised that the maintenance staff will help with this installation to save the County money. Commissioner Clampitt moved to approve the replacement fan for the chiller at the Courthouse as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF QUALITECH

John Ayers presented a draft letter to the Council requesting additional appropriation for the Qualitech bond obligation #88-0084-326. Commissioner Clampitt moved to approve the letter as presented, if it is our obligation, and to have the President execute the letter for additional appropriation from the Council. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING DEPARTMENT – BUDGET

Terry Jones stated that due to the increase in gasoline prices the Planning Department will need additional funds for their gas budget and requested to approach the Council for an additional appropriation of \$2,500. Commissioner Clampitt moved to approve the request for additional appropriations of \$2,500 from the Council for the Planning Department for fuel. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EMPLOYEE LIFE INSURANCE – BOSTON MUTUAL

Jon Yoho presented a draft letter for Boston Mutual and the Employee Life Option Program for employees to purchase additional life insurance. Commissioner Clampitt moved to approve the letter for Boston Mutual as presented by Mr. Yoho and for the President to execute. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SITE MASTER PLAN

Announcement was made of the Site Master Plan meeting to be held Wednesday, August 29, 2001, at 3:00 PM in Room #3 of the Government Center.

IN THE MATTER OF EMPLOYEE HANDBOOK – VACATION DAYS

It was the consensus of the Commissioners that the proposed changes for wording for vacation days in the Employee Handbook be on the August 27 agenda.

IN THE MATTER OF HUMAN RESOURCES

Auditor Nancy Marsh requested keys to the Human Resources Office in order for Lana Gilliam, of the Auditor's

Office, to work on employee insurance matters. Ms. Marsh also inquired if overtime for an employee in her department assisting with Human Resources matters should be taken from the Human Resources budget or from the Auditor's budget. It was the consensus of the Commissioners that the employee from the Auditor's Office be paid overtime from the Auditor's budget.

There was discussion of handling Human Resources duties. It was the consensus of the Commissioners to send a memo to Lisa Bolton requesting the keys to the Human Resources Office and the passwords to both computers in that office be turned in to the Commissioners' Office on her final day. It was the consensus of the Commissioners to refer all employee insurance inquiries to Jon Yoho and all legal matters to Greg Steuerwald.

It was the consensus of the Commissioners to acknowledge the Council resolution and to send a letter to Lisa Bolton requesting a copy of all employee job descriptions.

IN THE MATTER OF THE TOWN OF BROWNSBURG

Receipt was acknowledged of the August 9, 2001, letter from Robert Waggoner, on behalf of the Brownsburg Town Council, relative to the school and transportation impact of the proposed Sawmill Development in Brown Township and of the August 14, 2001, letter from Marvin T. Ward, Business Manager for Brownsburg Community School Corporation, relative to the school financial impact from this proposed development. There was discussion of getting building permits in Brown/Lincoln Township and to respond to Brownsburg.

IN THE MATTER OF BROWNSBURG LITTLE LEAGUE

It was the consensus of the Commissioners to send congratulations and proclamations to the Brownsburg Little League for advancing to the Little League World Series in Williamsport, Pennsylvania.

IN THE MATTER OF PROCLAMATION – NATIONAL HOT ROD ASSOCIATION

It was the consensus of the Commissioners to proclaim August 29-September 3, 2001, as National Hot Rod Association, U.S. Nationals Week, Indianapolis Raceway Park.

Commissioner Clampitt moved to recess the Commissioners' meeting at 3:20 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF INVENTORY TAX

There was discussion of the draft resolution to eliminate the present inventory tax structure and personal property tax structure and that the Council had approved a resolution with the removal of sentence #4 . Commissioner Palmer made a motion to accept the resolution relative to inventory tax, as presented, with the removal of sentence No. 4 as Resolution 01-06.

RESOLUTION NO. 01-06

BE IT RESOLVED by the Hendricks County Board of Commissioners, Hendricks County, Indiana, that:

WHEREAS, we believe that the state laws through which inventory tax is levied are inequitable and not uniformly applied throughout the State; and

WHEREAS, we are in support of eliminating the present inventory tax structure and personal property tax structure, and implementing a form of revenue in lieu thereof; and

THEREFORE, the Hendricks County Board of Commissioners support the elimination or restructuring of the present inventory tax laws with an adequate replacement therefore, and further supports an elimination of the personal property tax law with an adequate replacement.

So resolved this 27th day of August, 2001

HENDRICKS COUNTY BOARD OF COMMISSIONERS

(Signed) Steven L. Ostermeier, President, Linda Palmer, Vice President, John D. Clampitt, Member

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CITIZEN REQUEST

Receipt was acknowledged of a request from Alan Richardson for documentation that the hospital is a part of County Government for a government discount on equipment for the Hendricks Community Hospital. It was the consensus of the Commissioner to send copies of hospital board appointments made by the Commissioners during their regular meetings.

IN THE MATTER OF E-911 - BUDGET

Auditor Nancy Marsh requested the Commissioners' approval for the E-911 budget for 2002. Commissioner Palmer made a motion to approve the E-911 budget requests for 2002 for the suggested budget as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF HUMAN RESOURCES - JOB DESCRIPTIONS

Receipt was acknowledged of correspondence from Lisa Bolton, Human Resources Assistant, advising that she could not comply with the request for a copy of employee job descriptions due to lack of time as her final day was August 23, 2001.

IN THE MATTER OF EMPLOYEE SICK BANK

It was the consensus of the Commissioners to take the matter of employee sick bank under consideration until next week.

IN THE MATTER OF TORT CLAIM – GRAY

Receipt was acknowledged of a tort claim filed by Trotter Law Office on behalf of Earl Gray for accident of March 10, 2001.

IN THE MATTER OF AUDITOR'S BUSINESS

Auditor Nancy Marsh advised that ADP, a firm that will do a needs assessment for payroll and budgeting for the County free of charge, had contracted her. It was the consensus of the Commissioners to allow ADP to do the assessment at no cost to the County.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented a request for admission to the County Home for an extremely overweight 46-year old woman with diabetes. There was discussion if the County Home staff can handle this individual. It was the consensus of the Commissioners to double check on this applicant and to report back before approving admission.

IN THE MATTER OF EMERGENCY MANAGEMENT

Jim Adams reported the following information: Due to a CSX chemical spill last week US Highway 36 was closed for thirty (30) minutes in order to clean up the spill; the donated RV has been licensed and insured; advised that the Sheriff's Department dispatch had been hit by lightning; and that in September he will be out of town to attend several state meetings.

IN THE MATTER OF SHERIFF DEPARTMENT

Sheriff Roy Waddell advised that the dispatch at the jail had been hit by lightning over the weekend, however, they had been working with other units and will be back in full service tomorrow, Tuesday.

IN THE MATTER OF CITIZEN CONCERNS – LEE WOLF

Lee Wolfe stated the Commissioners, Council, County Meetings, Town Meetings and School Meetings were not abiding by the Open Door Law . Attorney Greg Steuerwald advised that the County is abiding by Open Door Law and that agendas are posted in a timely manner, notices are sent to local newspapers and are posted on the Internet.

IN THE MATTER OF CITIZEN CONCERNS – FENCE

Robert King expressed concerns for a fence in the Town of Danville. Greg Steuerwald referred Mr. King to Gary Eakin, Town Manager for the Town of Danville.

IN THE MATTER OF INFORMATION

Dan Derrick presented a request in writing for an information packet, the same as prepared for the news media, for each Commissioners Meeting. Greg Steuerwald stated this could be provided at a cost of ten cents per page.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #110168 thru 110603, #211440 thru 211446, #211450 thru 211463, and #211465 thru 211801 as presented August 27, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF ZA-263/WA01-05: DARRELL ROBERTS

Terry Jones presented ZA-263/WA01-15: Darrell Roberts, request for a change in zoning classification of 6.51 acres from I-2: Light Industrial District to C-4: Highway Commercial District, located on the south side of US Highway 36, 0.17 mile east of Gable Drive in Washington Township. Mr. Jones advised that this request comes with a favorable staff recommendation, a Plan Commission favorable recommendation of 5-0-1, and that there were no remonstrators at the public hearing. Commissioner Clampitt moved to approve the zoning request of Darrell Roberts

as approved by staff and Plan Commissioner as Ordinance No. 2001-11. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZA-268/LN01-02; C. P. MORGAN, COMMUNITIES

Commissioner Ostermeier removed himself from the meeting due to conflict of interest on ZA-268/LN01-02: C. P. Morgan Communities. Terry Jones presented ZA-268/LN01-02: C. P. Morgan Communities, request for a change in zoning classification from R-1: Low Density, Single Family Residential District to PUD: Planned Unit Development District, for 80.0 acres located on the southeast corner of CR 650N and CR 1000E in Lincoln Township. Mr. Jones further advised this request comes with a favorable staff recommendation and Plan Commission recommendation of 5-0-1 with self imposed conditions.

Lee Comer presented the self-imposed conditions.

Craig Goad expressed traffic concerns on CR 650N and requested a traffic signal at the main entrance to this proposed development.

Mark Boyce explained the proposed development and traffic flow.

There was discussion of traffic studies in this area and that this area will continue to be monitored. Commissioner Clampitt moved to approve ZA-268/LN01-02: C. P. Morgan Communities as Ordinance No. 2001-12 with self-imposed conditions and that the County Engineer monitor this area:

**COMMITMENTS CONCERNING
THE USE AND DEVELOPMENT OF REAL ESTATE**

C. P. Morgan Communities, L.P. ("Applicant") and the Max R. and Hazel H. McClain Revocable Living Family Trust ("Owner") do hereby make the following Commitments ("Commitments") to the Hendricks County Plan Commission and Hendricks County Commissioners:

- 1. Description of the real estate: The real estate is legally described on attached Exhibit "A" (the "real estate").***
- 2. Docket Number: ZA-268/LN01-02***
- 3. Developer "Developer" shall mean and refer to the person or entity, which develops the real estate.***
- 4. Commitments: The Applicant makes commitments for approval of the above-referenced Docket Number as follows:***
 - a. The Real Estate will be developed with 188 homes on approximately 80 acres.***
 - b. The Real Estate will be developed with standards as described on the attached Exhibit A. The aggregate side yard setback between homes has been expanded to 20 feet at the request of the Brownsburg Fire Department.***
 - c. The front building façade, exclusive of doors and windows, of at least 50% (fifty percent) of the homes shall include at least 50% (fifty percent) brick. This is the same commitment that was made with Eagle Crossing.***
 - d. C.P. Morgan shall redesign the internal road system of Eagle Crossing, Section 3, and the McClain property to include a 'round-about' and road alignments that facilitate traffic flow from the Read Estate to Street. This re-design is attached as Exhibit B.***
 - e. An earthen mound of 10 feet in height shall be constructed along portions of the western boundary of the Read Estate within the Common Area.***
 - f. Landscape buffering shall be installed along the north and west boundary of the Real Estate consistent with the attached landscape buffer design (Exhibit C). This is the "double density" landscape buffer that was supported by the neighbors in associating with Eagle Crossing.***
 - g. The woodlot on the southeast portion of the property shall be preserved within Common Area. This woodlot is approximately 4 acres in size. This Common Area will be connected to the internal trail system of Eagle Crossing and will be improved with a hard surface of either concrete or asphalt.***
 - h. The Real Estate shall be served by public sanitary sewer and water utilities.***
 - i.. Public sidewalks will be installed within the public right-of-way at the perimeter of the Real***

Estate along County Road 650N and CR 1000E.

j. The residential subdivision shall have no public street access onto CR 1000E and shall have only one public street access onto CR 650N.

- 5. Binding on Successors and Assigns. After the effective date (defined below) these commitments are binding upon the Developer, C.P. Morgan Communities, L.P.P. and each subsequent owner of the real estate and each person acquiring an interest in the real estate, unless modified or terminated by the Hendricks County Plan Commission and Hendricks County Commissioners. These commitments may be modified or terminated only by a decision of the Hendricks County Plan Commission and Hendricks County Commissioners.*
- 6. The Effective Date: The Commitments contained herein shall be of no force and effect until adoption of the above referenced Docket Number by the Hendricks County Commissioners.*
- 7. Recording. The undersigned authorize the Secretary of the Hendricks County Plan Commission to record these Commitments in the office of the Recorder of Hendricks County, Indiana, upon adoption of the above referenced Application and the Commitments by the Hendricks County Commissioners.*
- 8. Enforcement. These Commitments may be enforced by the Hendricks County Plan Commission, Hendricks County Commissioners, the Developer and/or any Owner of part or all of the Real Estate.*
- 9. Compliance Confirmation. The Director of the Hendricks County Plan Commission shall when requested by the Owner of the Real Estate, give written assurance, in letter form, that the Owner of the Real Estate has or has not complied with these Commitments.*
- 10 The homes constructed on the perimeter lots directly adjacent to CR 650N and CR1000E shall have not less than 2300 square feet of living area. These lots shall be specifically designated on the Preliminary and Secondary plat.*

Executed this 4th day of September, 2001.

SIGNED: C. P. Morgan Communities L.P. by Mark W. Boyce, Vice President

Max R. and Hazel H. McClain Revocable Living Family Trust, Hazel H. McClain, Trustee

Commissioner Palmer seconded the motion and the motion was approved 2-0-1 with Commissioners Clampitt and Palmer voting aye and Commissioner Ostermeier abstaining.

IN THE MATTER OF COMMUNITY COLLEGE

It was the consensus of the Commissioners to continue the Community College.

IN THE MATTER OF CLERK'S BUSINESS - VOTING MACHINES & COPIER

Sharon Dugan, Clerk, came forward to advise that seven new precincts would be added for the 2002 election and would need ten additional voting machines. Ms. Dugan stated that she had reserved ten refurbished machines at \$2,800 each, however, they will not hold them after the end of the year and she will need additional funding to purchase these voting machines from this year's budget. Commissioner Clampitt moved to approve the request for additional funding from the County Council to purchase this equipment and that Sharon Dugan secure an agreement with the vendor. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Sharon Dugan stated that she needed a new copier for her office. There was discussion that quotes were being obtained for a copier fleet that would save the taxpayers money. Ms. Dugan stated the clerk took in \$29,044 during 2001 from copies. Commissioner Clampitt moved to approve the clerk requesting additional appropriations from the Council for a replacement copier. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF GORDON GRAHAM FIELD

There was discussion of a phone call from the Indiana Department of Transportation (INDOT) relative to placing signs for the new Hendricks County Airport – Gordon Graham Field. It was the consensus of the Commissioners that INDOT place the standard "Airport" sign, that John Ayers check for the County to place signs "Gordon Graham

Field” and to send a letter to INDOT of this decision.

IN THE MATTER OF STATION HILL

Commissioner Palmer and County Attorney Greg Steuerwald left the meeting due to conflict of interest.

Cheryl Rogers inquired if the current owner of Station Hill, Eric Tauer, had paid the property taxes for the house on lot #121, which had been delinquent. Ms. Rogers discussed the expired contract and inquired if the new contract had been signed. There was discussion to check on legal counsel and Terry Jones recommended Jim Nelson. Eric Tauer explained that all County property taxes were paid late, but were paid, along with all delinquent charges.

Commissioner Clampitt moved to request that we hire an attorney to review this contract, that the developer refunds the County for any legal expenses and to set a date when the house will be demolished. Commissioner Ostermeier seconded the motion and the motion was approved 2-0-1 with Commissioners Clampitt and Ostermeier voting aye and Commissioner Palmer abstaining.

IN THE MATTER OF EMPLOYEE SICK BANK

There was discussion of establishing an employee sick bank whereby employees who have unused sick days that will be lost at the end of a year can donate those hours to a sick bank for other employees to use in the event an employee has a long illness or if they have a member of their family that they must care for. It was the consensus of the Commissioners to forward a recommendation to the Council to look at and put in a committee to work out the details and bring back for further consideration.

IN THE MATTER OF HIGHWAY BUSINESS

Russ Lawson reported that the Highway Crew has completed all black top work and have all but one ditch completed in Beckoning Way.

IN THE MATTER OF BRIDGE NO. 274

John Ayers presented, for execution, the Supplemental Agreement No. 1 from USI Consultants for Bridge No. 274, Cartersburg Road (Blake Street) over CSX Railroad in Danville, for archaeological field reconnaissance (in order to satisfy the requirements of the Indiana Department of Natural Resources Division of Historic Preservation and Archaeology). There was discussion of the archaeological study. Commissioner Clampitt moved to recommend approval of Supplemental Agreement No. 1 for Bridge 274, per recommendation of the County Engineer.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WELCH LAKE

Terry Jones presented a recommendation for Welch Lake, Section 2, stating that on a recent on-site inspection of this project the improvements were found to have been adequately maintained for the required one-year period and requested to release the maintenance bond stating this development is subject to a Legal Drain assessment.

Commissioner Clampitt moved, per recommendation of the Planning Director, to release the maintenance bond for Welch Lake. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MIP-585: YOUNG

Terry Jones presented a request for MIP-585: Young, that based on an on-site inspection of the work completed to

date, to release the performance bond and since the maintenance bond would be under \$1,000 to waive this requirement. Commissioner Clampitt moved, per recommendation of the Planning Director, to release the performance bond and waive the maintenance bond for MIP-585: Young as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT MIP-874 VAN VALKENBURG

Terry Jones presented Contractor's Completion Affidavit MIP-874 for Van Valkenburg, along with cashier's check No. 136154162 from Bank One and requested to release the performance bond and waive the maintenance bond requirements. Commissioner Clampitt moved to accept the Contractor's Completion Affidavit for MIP-874: Van Valkenburg, as recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT MIP-859: WILLS

Terry Jones presented Contractor's Completion Affidavit for MIP-859: Wills along with cashiers check No. 192759981 from Bank One in the amount of \$750. Commissioner Clampitt moved, to accept Contractor's Completion Affidavit, to release the performance bond and waive the maintenance bond requirement for MIP-859: Wills, as recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TILDEN TERRACE, SECTIONS 1 AND 2

Terry Jones explained that in October 2000 we requested forfeiture of the Letter of Credit for Tilden Terrace, Section 1, in order to complete the required work, however, the developer of this project, through his engineer, has requested the establishment of a maintenance bond. Based on an on-site inspection the Planning Department now recommends that the maintenance bond be established in the amount of \$45,400 for Tilden Terrace, Section 1 and a maintenance bond in the amount of \$10,820 for Tilden Terrace, Section 2, and that both developments are subject to a Legal Drain Assessment. Commissioner Clampitt moved to execute the revised letter to the State Bank of Lizton and to approve maintenance bonds for Tilden Terrace, Section 1 of \$45,400, and Section 2 of \$10,820, as presented and recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TELEPHONES

John Ayers advised that we are now ready for Phase 3 of the County telephone system that will go to the buildings to the east and presented a Telecommunication Proposal from Paul Johnson Associates. There was discussion of adding a new fiber optic line. John Parsons advised to keep the old fiber optic line for video court and to add a second fiber optic line. Commissioner Clampitt moved to accept the telephone proposal, and that the President sign after review and approval of the County Attorney. Commission Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF DEMANDSTAR

John Ayers presented a draft letter to vendors announcing the appointment of DemandStar by Onivia as our

exclusive electronic procurement service and advising that bids will be listed at no cost to the County. Commissioner Clampitt moved to approve the letter, as submitted and recommended by the County Engineer, and that the President sign the letter. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND AFFIDAFIT - TRUSTEES

John Ayers presented two computer claims approved by the Technology Board and Bond Trustees for nursing health and GIS to Romar Professional Services and Dell Marketing. Commissioner Clampitt moved to forward the affidavits to the Bond Bank for payment. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZONING ORDINANCE PUBLIC HEARING

Terry Jones announced that there would be a special meeting for the Plan Commission on September 19 for a public hearing for the Zoning Ordinance.

IN THE MATTER OF STATION HILL

Terry Jones advised that Station Hill had presented an amendment to the previously approved plans and recommended that the Commissioners request Station Hill to delay consideration of these plans until consideration and legal counsel has been resolved rather than to go thru the process of withdrawing and a delay in time. There was discussion that the Planning Department make the recommendation to the Plan Commission.

Cheryl Rogers questioned the road, plans and relayed concerns for 575 Green Meadow.

IN THE MATTER OF COUNTY HOME

Peggy Nichols questioned the status of an application presented for an applicant with a tracheotomy . There was discussion and concerns of a possible resident to the County Home with serious health problems. Commissioner Clampitt moved to deny and to not admit this applicant with a tracheotomy. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Peggy Nichols presented an application for a paying resident from Center Township that needs a place to stay until some ankle problems heal. Commissioner Clampitt moved to approve the admission of the applicant with the recommendation and pay from Center Township and with the recommendation of County Home Administrator and to allow to remain as a resident until he heals and can return to work. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Peggy Nichols requested a push mower for the County Home in order to trim. The Commissioners requested the Engineering Department to review the request and to bring back a recommendation.

IN THE MATTER OF VEHICLES

There was discussion of usage of the County's large 15-passenger van. It was the consensus of the Commissioners that the County Home and Engineer work together to make the best use of the large van and of County Home van.

IN THE MATTER OF SMOKING – COUNTY HOME

A petition was presented with 270 signatures of individuals opposed to the ban on smoking at the County Home, which necessitates County Home residents having to go outside to smoke. There was discussion of health concerns

for the six resident smokers who need to go outside to smoke.

Cathy Grindstaff distributed medical information relative to the dangers of smoking and of second hand smoke.

Lisa Mount Wagner requested to let the people continue to smoke in the County Home as they have for past generations.

It was the consensus of the Commissioners that the County Engineer and the Environmental Health Director look at ways to resolve this matter at the County Home. There was discussion of cigarettes and of lighters in the County Home.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims No. 211811 thru 211829 as presented September 4, 2001.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENVIRONMENTAL HEALTH

Cathy Grindstaff presented a letter from an employee in her department requesting to volunteer for the United Way Day of Caring and requested to do so without using any vacation hours. It was the consensus of the Commissioners to not grant this request.

Cathy Grindstaff presented draft ordinances that were approved by the Health Board and requested to advertise for a public hearing on October 15, 2001. A summary of the significant changes in these ordinances was presented. It was the consensus of the Commissioners to advertise these ordinances for a public hearing on October 15, 2001 at 9:00 AM.

IN THE MATTER OF WEB PAGE

There was discussion of making citizens aware of the web page. It was the consensus of the Commissioners to add the web page address to the Commissioners' Agenda.

The meeting recessed at 12:20 AM to resume at 1:00 PM for Technology Board.

IN THE MATTER OF TECHNOLOGY BOARD

The following joined the Technology Board

John Parsons

Amy Roberts

There was discussion of Internet services for the Treasurer's Office. It was the consensus of the Commissioners to wait until IQuest makes their presentation to the Technology Board on September 17.

There was discussion of a system in Planning and Building Department. It was the consensus of the Commissioners for John Parsons to check on prices and come back with a recommendation.

Environmental Health requested CD writer. John Parsons presented three quotes and recommended Dell for reliability and that it is more compatible with current system. Commissioner Clampitt moved to approve Dell, per recommendation of John Parsons. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of a new printer for the Commissioners' Office and to move the current printer into the

Commissioners' inner office, but to wait for copier quotes to possibly combine printer and copier. There was discussion of a new PC for Commissioners' inner office with three (3) quotes. John Parsons recommended Dell. Commissioner Clampitt moved to approve Dell, per recommendation from John Parsons and to fund through the bond. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of network for judges, of the Plexis system, of the data warehouse and of the computer master plan.

Commissioner Clampitt moved to recess the meeting at 2:15 PM Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Nancy L. Marsh	Hendricks County Auditor
Terry Jones	Hendricks County Planning Director
John Ayers	Hendricks County Engineer
Jerry Bowden	Hendricks County Human Resources Director
Mary Anne Lewis	Hendricks County Chief Animal Control Officer
Steve Stoddard	Hendricks County Sheriff Department
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF HUMAN RESOURCES - DIRECTOR

Commissioner Ostermeier introduced Jerry Bowden as the new Hendricks County Human Resources Director as he starts his first day with the County today.

IN THE MATTER OF ORDINANCE NO. 2001-13
AN ORDINANCE TO VACATE RIGHT-OF-WAY

Correspondence from Ben Comer, Attorney, stated that on August 13, 2001, the Hendricks County Board of Commissioners held a public hearing and approved the request to vacate right-of-way for Allan T. Reed and Deborah L. Reed in an effort to clean up the errors created in the transfer of the wrong piece of property to the Stackmans. The Reeds respectfully requested that the Hendricks County Commissioners vacate the right-of-way granted as part of the erroneous transaction. There is no intended subdivision of the property, which subdivision was the reason for the grant of right-of-way in the first place. However, in order to record this vacation it is necessary to adopt an ordinance, therefore, this ordinance is now being presented:

AN ORDINANCE TO VACATE RIGHT-OF-WAY

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF HENDRICKS COUNTY, INDIANA, that pursuant to a public hearing conducted by said Board on August 13, 2001, that certain right-of-way dedicated July 6, 2000, and recorded in Public Record Volume 184, Page 139, in the Office of the Recorder of Hendricks County, Indiana, is hereby vacated and ownership of said vacated right-of-way and to their successors and assigns thereafter:

Approved by the Board of Commissioners of Hendricks County, Indiana, this 10th day of September 2001.

**Board of Commissioners: SIGNED John C. Clampitt
Steven L. Ostermeier
Linda Palmer**

ATTEST: SIGNED Nancy L. Marsh, Auditor

Commissioner Clampitt moved to approve and execute the ordinance to vacate right-of-way as presented, as Ordinance 2001-13. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF POOR RELIEF APPEAL

Receipt was acknowledged of a telephone request from Charles Barrett of Guilford Township to appeal Poor Relief for denial of assistance with electrical bills. There was discussion of information provided by Mick Hickam, Guilford Township Trustee, that Mr. Barrett had only requested assistance with his rent and that Guilford Township had provided one-half of his rent. Commissioner Ostermeier called for Mr. Barrett to make his appeal presentation. Mr. Barrett did not appear. Commissioner Clampitt moved to deny the poor relief appeal of the applicant as he had only applied for rent. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY BUSINESS

Russ Lawson reported that the Highway Crew is finishing the sealing of roads and working to complete Beckoning Way.

IN THE MATTER OF BRIDGE NO. 213

John Ayers stated that there were agreed appraisals for two properties necessary for the replacement of Bridge No. 13 and after attempting to arrive at a fair market value of the property with the owners, they have refused the offer. Mr. Ayers presented a draft letter advising that the acquisition firm has offered an additional \$1,000 and the County is now requesting to begin condemnation proceedings for parcel #3 and #6 and stating that if this offer was not accepted within ten (10) days from the receipt of the letter we will forward the file to the County Attorney in order that eminent domain proceedings commence. Commissioner Clampitt moved, per recommendation of the County Engineer, to execute the letter for parcel #3 and #6 as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZONING ORDINANCE

Terry Jones announced that due to an advertising glitch for the public hearing of the Zoning Ordinance that the County Attorney has recommended that the public hearing date be changed to Tuesday, October 2, 2001, at 6:30 PM in the Government Center Rooms 4-5. Mr. Jones explained that the Plan Commission had approved this date and that this public hearing will be advertised two (2) times with the last publication date being ten (10) days before the hearing.

IN THE MATTER OF ANIMAL CONTROL

Mary Anne Lewis requested approval to appeal to the County Council for an additional employee for kennel attendant at the animal shelter. Ms. Lewis advised that the Council approved one (1) additional employee, but she had originally requested two (2) additional employees. Commissioner Clampitt moved to approve the request and to send a letter to the Council requesting that they look favorably on the request for an additional employee for the animal shelter. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING

Terry Jones advised that the Planning Department is working on a new plat process with developers.

IN THE MATTER OF VETERANS' REPORT

Receipt was acknowledged of the August Veterans' Report from Richard Bane.

IN THE MATTER OF AQUA SOURCE

Receipt was acknowledged of a letter of September 4, 2001, from AquaSource and was referred to the County Attorney for review and recommendation.

IN THE MATTER OF TOWN OF PLAINFIELD

Receipt was acknowledged of a letter of August 30, 2001, from the Town of Plainfield notifying of a Tax Abatement whereby the Plainfield Town Council adopted Declaratory Resolution No. 2001-14, establishing an economic revitalization area for the purpose of granting ten (10) year real property tax abatement for Duke Realty.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #47880 thru 47919, #110604 thru 111010, #111012, #211834 thru 211848, #211853 thru 211863 and all-manual checks cut for August 2001, as presented September 10, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY PROPERTY

Colonel Steve Stoddard requested approval from the County Attorney for the Sheriff Department to send items recovered by the Sheriff Department, with a value of less than \$5,000, across the street to Lawson Auction rather than to save and handle as a large county auction. There was discussion to include County items such as excess furniture to send to Lawson Auction. It was the consensus of the Commissioners for the County Attorney and County Engineer to research this matter and report back.

IN THE MATTER OF CINERGY – AVON TOWN HALL

Receipt was acknowledged of a news release from Cinergy advising that as part of their 2001 anniversary celebration, Cinergy has helped fund three murals depicting Avon scenes and that the murals will be on permanent display in Avon Town Hall. Cinergy awarded \$3,000 for the mural project painted by Avon High School art students and their teacher Raymond Malevic. The Avon Municipal Facilities Corporation and the Town of Avon also provided funds.

IN THE MATTER OF PRECINCT BOUNDARY CHANGES

Receipt was acknowledged of a September 6, 2001, letter from the Indiana Election Division relative to deadlines for proposed precinct boundary changes. There was discussion that Clerk Sharon Dugan will be on the agenda to

make a presentation for Hendricks County Redistricting on September 17, 2001.

Commissioner Clampitt moved to recess the meeting at 10:00 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COURTHOUSE CANDLELIGHT SERVICE

Sharon Dugan requested to use the south lawn of the Courthouse for a candlelight service on Tuesday, September 18, in memory of those lost in the attack on New York, Washington and Pennsylvania on Tuesday, September 11.

Ms. Dugan further advised that the Danville Police have agreed to close the street on the south side of the Courthouse during this time, the Danville High School Band will play and the minister of the Danville Christian Church had been contacted. Commissioner Clampitt moved to allow the use of the Courthouse lawn on September 18, 2001, at 7:30 PM for a candlelight service including the Danville band and minister from the Danville Christian Church.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PRECINCT REDISTRICTING

Sharon Dugan recognized Laura Herzog of the Voter Registration Department for being elected Vice President of the Indiana Voters Registration Association. Ms. Dugan presented the recommendations for precinct redistricting for Hendricks County 2001 and requested to advertise Ordinance Setting Voter Precincts in Hendricks County. There was discussion of advertising date and if advertising could be turned in today. Commissioner Clampitt moved to put precincts in place as recommended by the County Clerk and to advertise the ordinance for a public hearing on Monday, October 1 if advertising deadline could be met today or if not to set for October 8, 2001, at 9:00 AM.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF RICK MYERS CITIZEN COMPLAINT

Rick Myers came forward to express concerns regarding a letter received from the Zoning Department, regarding agricultural signs and requested a copy of everything in the file relative to this letter. There was discussion of several issues. It was the consensus of the Commissioners that Terry Jones and Greg Steuerwald sit down and discuss concerns with Mr. Myers in order to resolve the issues.

IN THE MATTER OF DANVILLE HOMECOMING

Receipt was acknowledged of a telephone call from a student at Danville Community High School requesting to use the parking lots at the Government Center to line up for the Homecoming Parade on Friday, September 21. Commissioner Clampitt moved to allow the Danville Homecoming parade to line up in the Government Center parking lots and to contact the school. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

There was discussion of resolving road issues in Reel Creek. Terry Jones stated that the Building Inspectors are working with Groninger on this project.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #211869 thru 212130, and #212132 thru 212195 as presented September 17, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER HUMAN RESOURCES

Jerry Bowden presented a handout stating that the accounting for claims that Nyhart processes for the County would be better handled within the Auditor's Office. Mr. Bowden further stated that the Auditor's Office would simply be handling the funding and accounting of claims that Nyhart has processed and paid and that there is nothing of a confidential nature that would be compromised by this. No specifics are given out as to the nature of treatments etc. that would be of a sensitive or confidential nature. The HR office would still retain responsibility for enrolling and maintaining the coverage and all administration of coverage with Nyhart as this is simply proposing the transfer of accounting and funding of paid claims to the Auditor's Office.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

There was discussion of the need to request additional appropriations for employee health insurance. Commissioner Clampitt moved to execute the letter for additional appropriations for employee health insurance. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TOWN OF DANVILLE – FLAG

Receipt was acknowledged of a request from Gary Eakin, Town Manager of Danville, for a County flag to replace the flag near the fountain at the Courthouse. It was the consensus of the Commissioners that County flags are for sale at the County Historical Society as this is a fundraiser for them.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to recess the Commissioners' Meeting at 11:00 AM and to resume at 1:00 PM for the Technology Board. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The following joined the meeting of the Technology Board:

John Parsons, Systems Administrator	Theresa Lynch, Hendricks County Recorder
Barb Ford, Hendricks County Assessor	Doug Morris, Computer Technician
Judge Robert Freese, Superior Court 1	

John Parsons introduced Parker Smith of Quest. Info Systems. Mr. Smith presented the contract with Quest Info Systems to put together a policy manual and scheduled December 19 for completion date. There was discussion of this contract and system. It was determined there would be a project meeting with Quest on Wednesday, September 19, at 9:00 AM.

Troy Ramey of IQuest explained the corporate rate plan for employees at \$14 per month and long distance calls at 4.9 cents per minute. Commissioner Clampitt moved to take this matter under advisement. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Judge Freese advised money was available to purchase or apply up to \$1,500 towards computers in the courts with the requirement that the courts must have internet access and that this will reduce costs for law books. There was discussion of the fiber optic line and time frame to have e-mail to the Courthouse.

There was discussion of the letter of September 10, 2001, from Judge Jeffrey Boles, Judge Robert Freese, Judge David Coleman and Judge Karen Love requesting to move the video courtroom, located next to Superior Court No. 2 offices on the first floor of the Courthouse, to another larger location in the Hendricks County Courthouse.

Barb Ford requested an Excel class for the Assessor, Auditor, Recorder and Treasurers office. Judge Freese stated that Ivy Tech offers classes. Judge Freese will check and report back.

Nancy Marsh stated that casino popped up on her computer and expressed concerns that this could be tempting to some employees if this popped up on their computers. It was the consensus of the Commissioners that John Parsons check on a remedy for this and to report back.

Nancy Marsh requested a legal tray for the printer in her office. It was the consensus of the Commissioners to order a legal tray for the Auditor.

Dan Derrick requested to attend the Quest meeting with department heads and elected officials. Greg Steuerwald stated this is not a public meeting.

Commissioner Clampitt moved to recess the Technology Board at 2:40 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to re-open the Commissioners' Meeting at 2:41 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ASSESSOR – GORDON MCINTIRE CONTRACT

Roy Waddell		Hendricks County Sheriff
John Ayers		Hendricks County Engineer
Jim Adams		Hendricks County Emergency Management Director
Judith Wyeth		Secretary to the Commissioners

NOTE: Commissioner Clampitt did not attend meeting due to conflict with work schedule.
Auditor Nancy Marsh was unable to attend this meeting.

Commissioner Ostermeier led the Pledge to the Flag. Greg Steuerwald gave a brief prayer for those who wished to participate.

IN THE MATTER OF DOMESTIC VIOLENCE

Receipt was acknowledged of a request from Maria Larrison of the Prosecutor's Office to hang a clothesline with T-shirts on the Courthouse lawn during the month of October in observance of Domestic Violence Awareness Month. Commissioner Palmer moved to allow Maria Larrison to hang T-shirts on the Courthouse lawn for Domestic Violence Awareness Month as requested. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CHRISTMAS TOUR

Linda Morgan was not present to present her request relative to a Christmas Tour.

IN THE MATTER OF EMERGENCY MANAGEMENT

Jim Adams requested an executive meeting with the Commissioners and County Attorney regarding the new state

guidelines for emergency management. No meeting was scheduled.

Jim Adams presented an ordinance for "Local Emergency Proclamation" for review, and advised that we would be unable to receive emergency funds without this ordinance in the event Hendricks County would ever be involved in an emergency situation. There was discussion of the advertising. Greg Steuerwald advised to proceed with the advertisement for a public hearing for this ordinance. It was the consensus of the Commissioners to advertise one time in two publications for October 4, 2001, for the public hearing on Monday, October 15, 2001, at 9:00 AM. for the Local Emergency Proclamation.

Jim Adams advised that he had been involved with the Avon area donations of 17 semi-loads of supplies for the New York rescue that was delivered to New York City and gave an update on disaster activities stating that he is on the reserves list of volunteers if called.

Jim Adams presented, for execution, the Appointment of the Emergency Management Director for state reimbursement for a one-year term of September 2001 through September 2002. Commissioner Palmer moved to approve and execute the Appointment of James R. Adams as the Emergency Management Director for state reimbursement for a one-year term. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Jim Adams presented an Advisory List, which is required by the State, to be submitted to SEMA from the Hendricks County EMA. The list consists of Steven L. Ostermeier, President, Linda Palmer, J. D. Clampitt, P.T. Hardin, Kenny Givan, Dick Dietz, Wayne Johnson, Larry Hesson, Patricia Baldwin, and Roy Waddell.

Jim Adams presented a report on a chemical release on August 25, 2001, at CSX yards in Avon caused by a safety valve vent on an empty tank car and stated that the chemical was a developing fluid for processing pictures. The report stated that once the temperature drops then the vapor quits and by the time IFD arrived and personnel tested an air sample the danger had decreased.

IN THE MATTER OF SHERIFF BUSINESS - TELEPHONES

Sheriff Roy Waddell requested to change the Sheriff Department cellular phone carrier to Nextel, which will include hands free cell phones, walkie-talkies, and free 500-minutes per month which can be put in a department pool that would be shared by all users. There was discussion that this would be a cost increase and that there was no additional telephone funding requested for the 2002 budget. Sheriff Waddell agreed to negotiate with Nextel and to make up the difference in the telephone carrier cost until 2003 and that the increase then be requested in the Commissioners' 2003 budget. It was the consensus of the Commissioners that Sheriff Waddell be allowed to change cell phone carrier for the Sheriff Department and to pay the difference until 2003 as agreed.

Sheriff Waddell requested an additional dedicated phone line for a contract for inmate prescriptions. There was discussion of telephone funding and of the 2002 telephone budget. Sheriff Waddell agreed to pay for this additional dedicated line if the Commissioners approved. Commissioner Palmer moved to approve the installation of this phone

line and that the Sheriff fund this line. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Sheriff Waddell discussed looking at inmates paying a fee when admitted to the jail at the request of Commissioner Palmer.

IN THE MATTER OF RIGHT-OF-WAY - RACEWAY ROAD – NORTH/SOUTH CORRIDOR

IN THE MATTER OF GOVERNMENT CENTER - MINI BARN

John Ayers requested to add a mini barn at the Government center for storage of lawnmowers. It was the consensus of the Commissioners that the County Engineer bring back sizes and prices for a mini barn for consideration.

IN THE MATTER OF COUNTY HOME

John Ayers advised that he and Cathy Grindstaff had met at the County Home with Peggy Nichols in a joint effort to resolve the concerns of the smoking ban. Mr. Ayers suggested plans to close in a back porch at the County Home or to build a small building for smokers at the County Home. It was the consensus of the Commissioners to take this matter under consideration.

IN THE MATTER OF BOND TRUSTEES

John Ayers presented affidavits, approved by the Bond Trustees, for computers and accessories from Unisys Corporation and Quest Information Systems to be purchased from the bond. Commissioner Palmer moved to approve and submit the affidavits to the bond bank for payment. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF HENDRICKS COUNTY AIRPORT – GORDON GRAHAM FIELD

Receipt was acknowledged of a letter of September 10, 2001, from Jim Graham requesting that all signage for the Hendricks County Airport state “Gordon Graham Field” to better identify the airport. Commissioner Palmer moved to amend the Commissioners’ motion of September 4, 2001, and to request the Indiana Department of Transportation (INDOT) to place a sign, at no cost to the County, stating “Hendricks County Airport - Gordon Graham Field”. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

October 1, 2001

The Hendricks County Board of Commissioners met in regular session with a quorum of two Commissioners at 9:05 AM on Monday, October 1, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance::

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
Gregory E. Steuerwald		Hendricks County Attorney
Nancy L. Marsh		Hendricks County Auditor
Sharon Dugan		Hendricks County Clerk
Roy Waddell		Hendricks County Sheriff
David Gaston		Hendricks County Surveyor
Russ Lawson		Hendricks County Highway Superintendent
Terry Jones		Hendricks County Planning Director
Jerry Bowden		Hendricks County Human Resources Director
Leanna Alverson		Hendricks County Engineering Department
Judith Wyeth		Secretary to the Commissioners

NOTE: Commissioner Clampitt was not feeling well and did not attend this meeting.

IN THE MATTER OF PRECINCT REDISTRICTING

The public hearing for the Ordinance Setting Voter Precincts in Hendricks County, IN was opened at 9:07 AM.

Clerk Sharon Dugan explained the proposed changes including the addition of seven new precincts for a total of 87 precincts in Hendricks County.

Bobby Crawford questioned the unusual shape of some of the precincts in Washington Township. Ms. Dugan responded that these were due to the annexation of Avon and that areas within the Town of Avon were separate in

order to hold town elections for those precincts and that the Town of Avon annexed developments and parcels which were not in a straight line and often around the outside of the Town in all directions.

Don Hodson, Washington Township Republican Chairman, stated that he approved of the changes and requested that these changes be adopted as presented.

Commissioner Ostermeier closed the public hearing. Commissioner Palmer moved to accept the Precinct redistricting as presented and recommended by the Clerk as Ordinance 2001-14. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF STORM DRAINAGE, EROSION, AND SEDIMENT CONTROL ORDINANCE
(SDESCO)

The public hearing for the Storm Drainage, Erosion and Soil Conservation Ordinance (SDESCO) was opened at 9:17 AM. Surveyor David Gaston stated this document was more conservative and technical than the previous ordinance and advised that he will meet with at least twenty private engineers and will work with the towns to adopt the same ordinance so that the County and towns will operate under the same guidelines. Greg Steuerwald explained the public hearing procedures. There was no citizen response. Commissioner Palmer moved to continue the public hearing for SDESCO to the October 22, 2001, meeting at 6:30 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF INDY SOLUTIONS

Stacie Bedel and Wendy Leisure of Indy Office Solutions made a brief presentation of Sharp copiers and office equipment and requested to do a needs study of the copiers in County offices, at no cost to the County. It was the consensus of the Commissioners to approve the study and to send a memo to all departments.

IN THE MATTER OF SHERIFF BUSINESS – MASTER PLAN

Sheriff Roy Waddell reported that the Master Plan Committee had made a unanimous decision on two recommendations. A “no” recommendation for the jail and animal shelter on the 150-acre parcel and a “no” for use of the 150-acres for the fairgrounds. Bill Shepler expressed thanks to Sheriff Roy Waddell, Commissioner J.D. Clampitt, Council members Phyllis Palmer, Kenny Givan and Paul T. Hardin and stated the next step is to plan other needs on the 150 acres as directed. There was discussion of placing the jail and animal shelter on the parcel where they are now located and to contact the West Central Solid Waste that they will not be on the 150-acres. It was the consensus of the Commissioners that Bill Shepler make a presentation in a joint workshop for the Commissioners and County Council..

IN THE MATTER OF HEALTH DEPARTMENT – TRANSLATION

Linda Hibner explained that we now have a resident from Burma in the County with a communicable disease that requires daily visitation by a County Health nurse for six-weeks and care for six months, however, he can only speak Burmese, therefore, they are unable to communicate with him. She stated she has contacted several agencies in central Indiana including the International Bureau of Translation and the Language Line, which has 24-hour service for 140 languages, and explained the services and cost of these translation services. Ms. Hibner presented a bill for

the initial visit and requested that it be paid from Special Contracts.

There was discussion that the courts are seeing this same problem with translators and that this has come before the County Council. Roy Waddell advised that the Sheriff Department is setting up a Spanish class for staff and deputies. There was discussion to check if interpreters are certified and to check with the Immigration Bureau. It was the consensus of the Commissioners that nursing health find other language services available at no cost to the County. Linda Hibner advised that she will check with the Immigration Bureau for services they may offer.

IN THE MATTER OF HEALTHY FAMILIES

Linda Hibner displayed a poster and award presented to the Hendricks County Healthy Families for their outstanding work.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that they have almost completed the work in Beckoning Way and Willow Bend and they are continuing to do stone shoulders and cut bushes from right-of-ways.

IN THE MATTER OF LINDEN SQUARE, PHASES 4, 6 & 7

Terry Jones presented a request for Linden Square, Phase Six, to release the performance bond in favor of a maintenance bond in the amount of \$98,900 and that this development is subject to a Legal Drain assessment. Terry Jones also presented a request for Linden Square, Phase Seven, to release the performance bond in favor of a maintenance bond in the amount of \$17,620 and that this development contains a Legal Drain system.

Commissioner Palmer moved, per recommendation of the Planning Director, to release the performance bonds in favor of maintenance bonds for Linden Square, Phases 6 and 7. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Terry Jones presented a request for Linden Square, Phases Four, stating that an on-site inspection of this project found that the improvements have been adequately maintained for the required one-year period and recommended that the maintenance bond be released. Mr. Jones further advised that this development is subject to a Legal Drain assessment. Commissioner Palmer moved, per recommendation of the Planning Director, to release the maintenance bond for Linden Square, Phase Four. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Commissioner Palmer moved to release the maintenance bond for Oakes of Avon, Section 1, per recommendation of the Planning Director. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT
MIP-888: SCHENCK AND MIP-889: BLANTON

Terry Jones presented the Contractor's Completion Affidavit for MIP-888: Schenck and for MIP-889: Blanton.

and requested to waive the maintenance bond for both developments as they would be under the \$1,000 requirements. Commissioner Palmer moved to accept the Contractor's Completion Affidavits for MIP-888 and MIP-889 and to waive the maintenance bond requirement, per recommendation of the Planning Director. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

MATTER OF CR 1050 EAST

Leanna Alverson presented a Right of Entry for Construction Agreement, with changes as recommended September 24, 2001, for County Road 1050 East, South of U.S. Hwy. 36, between Hendricks County and the Carnegie Management and Development Corporation and advised that this agreement will be effective until the project is completed. Commissioner Palmer moved to execute the contract for Right of Entry for Construction to be effective until the project is completed and as recommended by staff. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BRIDGE NO. 66

Leanna Alverson presented a request to release the bond for Bridge No. 66, located on Old US 36 over Abner Creek, as the bridge was completed on September 1, 2000, and we have held the payment bond for one (1) year. Steven Maxwell, Project Engineer, now recommends release of this bond. Commissioner Palmer moved to approve and execute the bond release letter as presented and per staff recommendation. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ENGINEERING - PAVEMENT MARKING QUOTES

Leanna Alverson advised that we have received quotes for pavement marking and that T & R Pavement Markings was the lowest quote and further stated that Steve Haltom of the Engineering Department has recommended that we accept T & R Pavement Markings as they are the lowest quote and we have been pleased with our past experience with this firm. Commissioner Palmer moved to accept the paving quote from T & R Pavement Markings, as the lowest quote and as recommended by Steve Haltom. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF SUBDIVISION CONTROL ORDINANCE

Terry Jones reported the plat recording process and of his discussion with engineers during the SDESCO process. Mr. Jones requested direction to update the Subdivision Control Ordinance. It was the consensus of the Commissioners that Mr. Jones present this request to the Plan Commission.

IN THE MATTER OF PLANNING

Terry Jones advised that he had attended the Planners Day Conference in Washington D.C., which was sponsored and paid by the Indiana Planners Association, and that while there he requested the federal government look at funding for the North/South Corridor.

IN THE MATTER OF CENTRAL INDIANA REGIONAL COMMUNITY LEAGUE (CIRCL)

Gordon Toft of the Central Indiana Strategy Project of the Central Indiana Regional Community League

(CIRCL), explained the Central Indiana Strategy Project Steering Committee stating this is an economic development and community-planning tool that matches Central Indiana's assets with the hopes and desires of the citizens in the region. Mr. Toft further explained that the Central Indiana region is defined as Boone, Hamilton, Hancock, Hendricks, Johnson, Madison, Marion, Morgan and Shelby counties. Mr. Toft requested the Commissioners to appoint six individuals to this steering committee and presented a list of suggested community leaders from Hendricks County. There was discussion of individuals to appoint to this committee.

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

Greg Steuerwald explained that the employee summary for employee health insurance needs to be updated, explained the subrogation rights and presented a summary. It was the consensus of the Commissioners that Jerry Bowden meet with Nyhart officials to update this document.

IN THE MATTER OF HOUSING GRANT

Jim Cundiff of Community Action presented, for execution, a letter of support for a grant to rehabilitate their building located at 405 Lincoln Street. It was the consensus of the Commissioners to execute the letter of support for the grant as presented.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approved claims #212235 thru 212580 as presented October 1, 2001. Commissioner Ostermeier seconded the motion and the motion was approved unanimous 2-0-0.

Commissioner Palmer moved to recess the meeting at 11:20 AM to resume at 1:00 PM for the Technology Board. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TECHNOLOGY BOARD.

The following joined the Technology Board at 1:15 PM:

John Parsons, Systems Administrator	Barb Ford, Hendricks County Assessor
Doug Morris, Computer Specialist	Amy Roberts, Hendricks County Treasurer
Cinda Foster, Deputy Auditor	Linda Hibner, Director Nursing Health

John Parsons presented an overview for the Hendricks County data warehouse and requested training for two people in each department. Mr. Parsons further advised that he will present this request to the County Council. There was discussion of computer training for employees.

Linda Hibner requested new computers for Healthy Families. It was the consensus of the Commissioners that Healthy Families is a department that is totally grant supported and that the request be referred back to follow thru with grant funding.

There was discussion of the A-7 program changes. It was the consensus of the Commissioners to request a price for a new server and software for payroll, budgeting and taxes.

Treasurer Amy Roberts requested Internet access for her office using IQuest. Commissioner Palmer moved to allow John Parsons to contact IQuest for internet for the Treasurer's office immediately. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

There was discussion of the IQuest requirement of five employees to obtain the \$14 monthly rate. Commissioner Palmer moved to have Jerry Bowden send a memo to all employees to make them aware of the availability of internet service for \$14 monthly. October 8, 2001

The Hendricks County Board of Commissions met in regular session with a quorum of three Commissioners present at 10:15 AM on Monday, October 8, 2001, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald		Hendricks County Attorney
Nancy L. Marsh		Hendricks County Auditor
Russ Lawson		Hendricks County Highway Superintendent
Leanna Alverson		Hendricks County Engineering Department
Todd Barker		Hendricks County Planner
Judith Wyeth		Secretary to the Commissioners

IN THE MATTER OF MINOLTA COPIER PRESENTATION

Tom Allison of Minolta Business Solutions made a brief presentation of Minolta copiers and distributed packets of case specific solutions with quotes for replacement copiers in the County.

IN THE MATTER OF MS CONSULTANTS – PRESENTATION

Jim Trachtman of MS Consultants, Inc. made a brief presentation and distributed packets of information relative to his firm of engineers, architects and planners located in Indianapolis, IN.

IN THE MATTER OF XEROX COPIER PRESENTATION

David Hayse and Tim Slopsema made a brief presentation of Xerox copiers and distributed packets of information. Mr. Slopsema explained that they have not yet determined the final government pricing and requested to bring back prices at the October 22 meeting. There was discussion on state pricing. It was the consensus of the Commissioners for Xerox to bring prices to the October 22, 2001, meeting.

IN THE MATTER OF FARM LEASE – 150-ACRES PARCEL

Receipt was acknowledged of a telephone call from Miranda Waters requesting to renew their lease of the tillable ground on the 150-acre parcel now, rather than December, in order to receive a discount on seed if purchased this month. There was discussion of other possible uses of this parcel. Commissioner Clampitt moved to put the tenant

Matt and Miranda Waters, on notice that we will not renew the renewal option until February 1, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY HOME – VAN

Peggy Nichols advised that the County and Senior Services have joint ownership of a 1991 Chevy van with over 90,000 miles and that the van has a wheelchair lift. Ms. Nichols further advised that she has been paying ½ of the insurance and maintenance on this vehicle, but did not put anything in her budget for 2002 for this van. She further advised that this vehicle is no longer needed and that they have an individual that might be interested in buying this van. Greg Steuerwald requested a copy of the joint agreement for this van and stated that he will check on the proper disposal of County property. It was the consensus of the Commissioners to have Greg Steuerwald review this matter further.

IN THE MATTER OF COUNTY HOME - SMOKERS

Peggy Nichols introduced Jerry Stokes to explain the ECO Quest smoke filter that could filter the air at the County Home so residents could smoke in the County Home. Mr. Stokes requested to place the system in the County Home on a trial basis at no cost to the County. There was discussion that smoke filters had not proven successful in the Government Center and that smoking would begin within a county building if this filter was installed. The health hazards of smoke and of second hand smoke were also discussed. Commissioner Clampitt moved to allow the filter to be installed in the County Home on a free trial basis. The motion died for lack of a second. There was no further action taken on this matter.

IN THE MATTER OF HIGHWAY

Russ Lawson reported the Highway Department is working to complete the Beckoning Way project on CR 900N and 550E and they are continuing to cut bushes in the right-of-way. There was discussion of work to be done at the Rosen property on CR 900N. Russ Lawson will refer the matter to the County Surveyor for review.

IN THE MATTER OF BECKONING WAY

Leanna Alverson advised that the McClung property, a 3+ acre narrow strip along County Road 900N and 550E of the Beckoning Way Subdivision, was appraised, however, the owner did not accept the appraisal. Circuit Court assigned three appraisers to appraise this parcel and took the average, which the owner would not accept. The owner had the property appraised by Jack Lawson of Jack Lawson Realtors at \$45,000 and by Robert J. Sell of Real Estate Appraisal Service, Inc. at \$120,000. There was discussion of future procedures for this parcel. Greg Steuerwald recommended flexibility in this matter. Commissioner Clampitt moved to allow the Engineering Department to offer the appraisal amount from Jack Lawson of up to \$45,000. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION – MIP-782: DON LINN

Todd Barker presented a request for MIP-782:Dan Linn, stating that the on-site inspection of improvements were found to have been adequately maintained for the required three-year period and based on this inspection he recommended that the maintenance bond be released. Commissioner Clampitt moved, per recommendation of the

Planning and Building Department, to approve the request to release the maintenance bond for MIP-782 as presented.
Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF INDY SOLUTIONS

Receipt was acknowledged of a memo from Indy Solutions to do a survey of County copiers. It was the consensus of the Commissioners that the County Attorney review the correspondence.

IN THE MATTER OF ZONING ORDINANCE

Greg Steuerwald commended Todd Barker and his numerous committees for their many meetings and the citizen input to establish a new Zoning Ordinance. It was the consensus of the Commissioners to do a letter of commendation with the County seal to Todd Barker and to all of the citizen committee members that worked on this proposed new Zoning Ordinance upon adoption of the Zoning Ordinance.

IN THE MATTER OF HUMAN RESOURCES

Jerry Bowden presented The Uniform Services Employment and Reemployment Rights Act, in response to a request from a Highway employee relative to County insurance benefits if an employee is a military reserve and called to duty. There was discussion of the life insurance policy. It was the consensus of the Commissioners that Mr. Bowden check with other county governments on this matter and report back.

Jerry Bowden requested to schedule a meeting for the Personnel Committee. He will check with other members to set a date.

There was discussion of the Town of Plainfield paying the salary difference to an employee a member of the reserves that has been called to duty, and the accountability of this payment. The Commissioners directed Jerry Bowden to check with other counties on this matter and report back. Nancy Marsh offered to check with the State Board of Accounts.

IN THE MATTER OF POOR RELIEF – FRANKLIN TOWNSHIP

Receipt was acknowledged of the Poor Relief Report from the Franklin Township Trustee.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #47920 thru 47955, #111420 thru 111817, #212585 thru 212589, #212595 thru 212605 and all manual checks cut in September, as presented October 8, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY HOME INSPECTION

It was the consensus of the Commissioners to do the quarterly inspection at the County Home at noon on Monday, October 15, 2001.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve the minutes of August 13, 2001, as corrected. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NETWORK AND INTERNET SECURITY

Receipt was acknowledged of correspondence from PARADYM requesting to do a port scan in order to evaluate

possible vulnerability and to protect against system intrusion in the County computer system. It was the consensus of the Commissioners to check if the County computer system is hacker proof.

IN THE MATTER OF TOWN FORUM – BROWNSBURG

There was discussion of a Town Forum in Brownsburg. It was the consensus of the Commissioners to hold a Town Forum in Brownsburg, at the Brownsburg Town Hall on Thursday, November 1, 2001, at 7:00 PM. There was discussion of holding a Town Forum in Danville later in November.

Commissioner Clampitt moved to recess at 11:35 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF HEALTH ORDINANCE FOR COLLECTION OF FEES

Shandy Cheek of the Environmental Health Department presented the Hendricks County Board of Health Ordinance for Collection of Fees and Amending All Prior Ordinances. Ms. Cheek explained this ordinance stating the need for the increase in fees was due to increase in costs incurred for inspections of larger establishments, the rapid increase in new businesses in the area, and food education to prevent food violations for the Health Department. Commissioner Ostermeier opened the public hearing for the Ordinance for Collection of Fees. There was discussion of the guidelines and fee rates for permits. There was clarification that the pump permit included an emergency clause that notice must be made within 24-hours after installation in an emergency. There was no public input. Commissioner Ostermeier closed the public hearing. Commissioner Clampitt moved to adopt the Ordinance for Collection of Fees and Amending All Prior Ordinances for the Health Department as presented as Ordinance 2001-15. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF RETAIL FOOD ESTABLISHMENT ORDINANCE

Shandy Cheek presented the Retail Food Establishment Ordinance stating that this ordinance is more retail friendly, includes details for water leaks, permits, fees, compliance, inspections and penalties. There was discussion of the changes in this ordinance. Commissioner Ostermeier opened the public hearing for the Retail Food Establishment Ordinance. There was no public input. Commissioner Ostermeier closed the public hearing. Commissioner Clampitt moved to adopt the Retail Food Establishment Ordinance as presented as Ordinance No. 2001-16. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF (PUBLIC BATHING) PUBLIC POOL AND SPA ORDINANCE

Julie Hahn of the Environmental Health Department presented the (Public Bathing) Public Pool and Spa Ordinance and explained that this ordinance meets all state requirements and that the changes include the ordinance name in order to better identify and clarify the ordinance. Commissioner Ostermeier opened the public hearing for the Public Pool and Spa Ordinance. There was discussion that the name change was due to being outdated as public pool and spa were more in keeping with the time. There was no public input. Commissioner Ostermeier closed the public hearing. Commissioner Clampitt moved to adopt the Public Pool and Spa Ordinance as presented as Ordinance No. 2001-17. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EMERGENCY MANAGEMENT PROCLAMATION /ORDINANCE

Commissioner Clampitt explained the Local Emergency Proclamation to be used in the event Hendricks County would have an emergency situation and directing procedures to be handled by the Hendricks County Emergency Management Operation Center. Commissioner Ostermeier opened the public hearing for the Emergency Management Proclamation. Dan Derrick questioned an ordinance with blanks. Commissioner Clampitt explained the blanks would be completed with the time, date and details of any emergency at the time of the emergency. Commissioner Ostermeier closed the public hearing. Commissioner Clampitt moved to approve the Emergency Management Proclamation as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

. Commissioner Clampitt explained that this Emergency Management Ordinance meets the state requirements, gives authority to the Hendricks County Emergency Management Director and sets procedures in the event of an emergency in Hendricks County. Commissioner Ostermeier opened the public hearing for the Emergency Management Ordinance. There was no public comment. Commissioner Clampitt moved to adopt the Emergency Management Ordinance as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COPIERS

Tom Jones of CopyCo made a brief presentation of Cannon copiers and the service provided by his firm.

IN THE MATTER OF COUNTY HOME

Peggy Nichols reported that she had received an emergency call from the Sheriff's Department referring an

individual without a place to stay, stated she has done a check of this individual and requested approval to admit this resident to the County Home. Ms. Nichols also requested admission of an individual that can barely walk due to hip problems and is waiting on a background check on this individual. Commissioner Clampitt moved to approve the admission of these two individuals to the County Home subject to background checks. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

Peggy Nichols inquired the status of selling the van owned jointly by the County Home/Commissioners and Senior Services. Greg Steuerwald advised he is checking on this matter.

IN THE MATTER OF HIGHWAY

Russ Lawson advised the Highway Crew will complete Beckoning Way when the farm field is harvested and they can get in that field to finish the project.

IN THE MATTER OF CR 400S AND SR 39

John Ayers reported he had received a response to his request from the Indiana Department of Transportation (INDOT) advising, based on their study of serious traffic accidents at the intersection of CR 400S and SR39 they will place pre-warning signs at this intersection.

IN THE MATTER OF TRAFFIC STUDY – CR 500E AND 900N

John Ayers presented a traffic study for CR 500E from CR 900N to CR 1000N as requested by Sue Beck, a resident of this area, expressing concerns of speeding in the area. The recommendations state that although the 85th percentile suggests a speed limit of 50 mph, due to the good condition of the roadway surface, which promotes higher speeds, and the potential for future growth in the area, it is recommended that CR 500E be posted with a 45 mph speed limit. This speed limit is also consistent with other speed limits in the area and the posting of signs where there were previously none will make this road safer for the driving public and help the Sheriff's Department in enforcement. Commissioner Clampitt moved to approve the recommendations of the County Engineer for this traffic study for CR 500E from 900N to 1000N as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TRAFFIC STUDY – IAN'S POINTE

John Ayers presented a traffic study for Ian's Pointe as requested by William Philyaw, a resident of this subdivision, expressing concerns with speeding in the subdivision. Recommendations are that due to the sight distance problems, numerous children playing in this area, and curves within the subdivision; that keeping speeds low is necessary for safety and recommends that Ian's Pointe Subdivision be posted with 25-mph speed limit signs. This speed limit will also provide consistency through the area as Oaks of Avon Subdivision, which connects to Ian's Pointe via Falkirk Drive, which is posted at 25-mph. At this time Ian's Pointe is under a performance bond and therefore the developer is subject to the conditions set forth in the Hendricks County Subdivision Control Ordinance. There was discussion of speed limits within subdivisions and the need to include guidelines in the revision of the Subdivision Control Ordinance. Commissioner Clampitt moved to approve the traffic study recommendations for

Ian's Pointe as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WEST CENTRAL SOLID WASTE – SPECIAL PROJECTS FUND

Receipt was acknowledged of a claim from West Central Solid Waste for September recycling expenses in the amount of \$4,219.54. Commissioner Clampitt moved to approve, sign and send the claim to West Central Solid Waste for their consideration of payment from the Special Projects Fund. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF OLD RECORDS

John Ayers presented a Request for Proposals for archiving old County records. There was discussion of contracts and of the proposal wording. It was the consensus of the Commissioners that the County Engineer rewrite the proposal for archiving old records.

IN THE MATTER OF GIS

John Ayers presented a lease for back-up equipment from Beam, Longest, and Neff for the GIS equipment used last year, advised that all equipment has now been returned to Beam, Longest, and Neff and requested to send funding for the claim through the Government Center bond. Commissioners Clampitt moved to allow the County Engineer to send this GIS lease claim thru the bond. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING

Terry Jones advised that the Zoning Ordinance would be presented at the October 22, 2001, meeting.

Terry Jones presented Transportation Impact Studies for Proposed Development with Hendricks County for Commissioners' review. There was discussion that this meets the Indiana Department of Transportation (INDOT) guidelines and will provide guidelines for the developers and the Plan Commission. Commissioner Ostermeier expressed appreciation to Terry Jones, John Ayers and Todd Barker for preparing this guide.

IN THE MATTER OF ANIMAL SHELTER

Mary Anne Lewis explained money received from dog tax and that money received by the animal shelter goes to the building fund.

Mary Anne Lewis requested permission to upgrade a clerk in her office who is handling the duties and responsibilities of an office manager. There was discussion of the pay for this position in comparison with pay for a kennel person. It was the consensus of the Commissioners to send a letter of support to the Council to upgrade this employee with support from Human Resources.

There was discussion of the project needs of Hendricks County and if the County should seek proposals from experienced firms, work to revise existing plan or to start back to square one with proposals for a building for animal shelter. It was the consensus of the Commissioners that Mary Ann Lewis obtain a list from the state of qualified and experienced designers of animal shelters.

IN THE MATTER OF HUMAN RESOURCES

Jerry Bowden requested a Personnel Meeting for November 6 at 4:00 PM. There was discussion that the Council will meet that day at 1:00 PM. It was the consensus of the Commissioners to set the Personnel Meeting at 4:00 PM or immediately after the Council meeting.

Jerry Bowden reported the Town of Plainfield is paying the difference in salary for a town employee that has been called into the active military reserve and advised that Hendricks County currently has no employees activated. Mr. Bowden presented a summary of activated reservists military personnel benefits for the Town of Plainfield and Hamilton County. Mr. Bowden further advised that he had been in contact with Nyhart on the employee health benefit plan.

Jerry Bowden presented handouts advising of Human Resources Management Functions to distribute to all department heads/elected officials.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #212614 thru 212830 as presented October 15, 2001.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF STORM DRAINAGE, EROSION and SEDIMENT CONTROL ORDINANCE
(SDESCO)

Surveyor David Gaston presented the updated Storm Drainage, Erosion and Sediment Control Ordinance (SDECO) and advised the second public hearing would be October 22, 2001, at 6:30 PM in the Commissioners' Meeting Room at the Government Center.

IN THE MATTER OF TOWN FORUM

Commissioner Ostermeier announced the Brownsburg Town Forum would be held on November 5, 2001, at 7:00 PM in the Brownsburg Town Hall.

IN THE MATTER OF UNION TOWNSHIP POOR RELIEF REORT

Receipt was acknowledged of the third quarter Poor Relief Report from Rosemary Rothenberger, Union Township Trustee.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 11:40 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The following joined the Technology Board at 1:30 PM:

John Parsons, Systems Administrator	Pat Baldwin, Hendricks County Prosecutor
Sharon Dugan, Hendricks County Clerk	Laura Herzog, Hendricks County Election Supervisor

Prosecutor Pat Baldwin advised that the Proslink line requires Internet. Ms. Baldwin wants her office with a NT server to be hooked up to the County T1 line.

John Parsons stated he had requested Quest to complete the Internet project and he has had the fiber optic lines certified. by Payne Electric. Commissioner Clampitt moved to have Quest get internet to all offices as soon as possible at no more than \$5,000. Commissioner Palmer seconded the motion and the motion was approved

unanimously 3-0-0.

There was discussion of using bond money for internet.

John Parsons advised that Superior II has requested software for the self-help center.

Clerk Sharon Dugan advised she is doing a web page in the election office, at no cost to the County, and plans to add more links. Ms. Dugan advised she personally purchased Front Page for her office.

John Parsons reported that Lana Pedigo would be in Ripley County on computer business this week, that the PC for the Commissioners has been received and will be installed soon and Microsoft has increased their software costs.

John Parsons gave a synopsis of fifteen different county computer operations that he had visited.

There was a discussion of the holding magnetic tape supplied to the IRS.

Commissioner Clampitt moved to recess at 2:50 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Judith Wyeth	Secretary to the Commissioners

Commissioner Ostermeier led the Pledge Allegiance to the Flag. Greg Steuerwald offered a brief prayer for those who wished to participate.

IN THE MATTER OF HEALTH - TRANSLATION SERVICES

Linda Hibner gave an update of the resident living in Hendricks County that can only speak Burmese and is requiring health care services due to having an infectious respiratory disease. Ms. Hibner advised that this individual is not a student at IUPUI as she was originally informed, that we can use a free translator from IUPUI, however, the time available is limited to Tuesday and Thursday from 11:00 AM – 3:00 PM. Ms. Hibner advised that we have provided translation services in the amount of \$172 in order to provide free county health services to this individual.

Ms. Hibner further advised that this individual came into the United States thru North Carolina and then to Marion County where the disease was diagnosed by Wishard Hospital in Marion County and a background check is now being conducted to advise other individuals that he may have come in contact with before reaching Hendricks County. There was discussion to have Jerry Bowden, Human Resources Director, investigate language services available. Commissioner Clampitt moved to allow whatever means necessary for a translator and to have Jerry Bowden investigate the use of translating services available for future use. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF E-911

Sheriff Roy Waddell requested approval to fund two additional dispatchers, effective 2002, for Washington Township and Avon for E-911, necessary due to their rapid increase in growth. Sheriff Waddell explained Hendricks County would dispatch five stations fully funded from E-911 funds and that Plainfield and Brownsburg are independent. Commissioner Clampitt moved to allow dispatchers to be hired using E-911 funds as recommended by the Hendricks County Sheriff. (SDESCO)

David Gaston presented the revised Storm Drainage Erosion and Sediment Control Ordinance (SDESCO) and stated he was not asking adoption of this ordinance tonight, but was seeking public input and discussion. Greg Steuerwald recommended due to the extensive changes in this ordinance at this time to take public input and adopt at a later date. Mr. Gaston explained the changes advising this is a very technical document. There was discussion of posting this ordinance on the internet. Mary Benson requested hard copies be placed in all County libraries. Mr. Gaston was agreeable to these requests. Commissioner Ostermeier opened the public hearing for the Storm Drainage, Erosion and Sediment Control Ordinance (SDESCO). There was no public input. Commissioner Ostermeier closed the public hearing. There was discussion of continuing date for adoption. Commissioner Clampitt moved to continue the SDESCO to December 10, 2001, at 9:00 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZONING ORDINANCE

Terry Jones advised that the Plan Commission held a public hearing October 9, 2001 for the Zoning Ordinance and are sending a favorable recommendation of 5-0-1 to the Commissioners. Todd Barker gave a brief history of the Zoning Ordinance, introduced Jim Klausmeier, Pflum, Klausmeier & Gehrum Consultants, and advised that a total of 70 individuals were involved in developing this ordinance in addition to many public meetings held around the county. Terry Jones suggested tracking the suggestions and issues of concerns from citizens for consideration of possible amendments. The Commissioners expressed appreciation to all citizens and staff involved in preparing this

Zoning Ordinance. Commissioner Ostermeier advised the Plan Commission held the public hearing, however, public comment was invited at this time. Dan Derrick requested comparison of the old and new documents. Greg Steuerwald stated the Plan Commission held a public hearing at a special meeting on October 2, 2001, and can make recommendations with an open-end recommendation on questionable issues. Terry Jones requested to continue adoption of the Zoning Ordinance to the November 5, 2001, meeting to resolve these issues and presented a list of concerns stating some may need to go back to the Plan Commission as amendments. Commissioner Clampitt moved to continue the adoption of the Zoning Ordinance to November 5, 2001, at 9:00 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers requested approval to begin right-of-way negotiations for the North/South Corridor and to send Request for Proposals for construction inspection from CR 100N to CR 200N of the North/South Corridor, stating time is important and this is a compressed time frame. Mr. Ayers advised the need to purchase four (4) parcels of right-of-way and presented Market Appraisals and Statement of the Basis for Just Compensation for each of the four (4) parcels. Mr. Ayers presented Request for Proposals for construction inspection along with a list of consultants stating these need to be sent thirty days (30) before letting. There was discussion of the proposals and opening date. Mr. Ayers discussed a letter to the state environmental health and explained the process for CR 300N-600N stating that a public hearing is not required for this segment, but we must have all in place as the state considers this as all one (1) project. Mr. Ayers further stated he will meet with the Indiana Department of Transportation (INDOT) again and advised they have held two (2) of the three (3) public hearings required for CR 300N-600N.

Commissioner Clampitt moved to enter into negotiations with the property owners, as recommended by the County Engineer, and to authorize the President to sign the Market Estimate and Statement of the Basis for Just Compensation for parcels 15, 16, 17 and 20. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to approve the Request for Proposals for CR 100N – 200N of the North/South Corridor, per recommendation of the County Engineer, and to open at 9:00 AM on Monday, December 3, 2001.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to approve the draft letter and send to INDOT, as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Ayers stated the total estimate for the construction of this segment of the North/South Corridor is \$17,000,000 with the state to fund 80% and the County funding 20% with innovative financing.

Commissioner Clampitt moved to recess the meeting at 12:25 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Airways Defib Manikin	1,300.00
Infant training manikin	600.00
Additional Mass Casualty Tags	300.00
TOTAL	<u>\$ 5,000.00</u>

There was discussion that these items will be used for training 18 affiliates in emergency procedures.

Commissioner Clampitt moved to approve the items to be purchased from county funds as presented.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY INSURANCE

Ken Krohne of Hometown Insurance requested to quote the County liability insurance on a competitive basis. There was discussion of being careful when taking quotes for insurance that the low quote covers everything adequately. It was the consensus of the Commissioner to allow Mr. Krohne to look at County liability policies and to submit a quote.

Rich Jensen of Stevenson and Jensen advised that his agency had written the County liability insurance for thirty years and presented a letter and two checks, in the amount of \$13,804 .00 and \$690.20 from Bliss McKnight for refunds from Governmental Interinsurance Exchange (GIE), which is the accrued amount of interest on the previous Guaranty Capital Share balance.

IN THE MATTER OF TELEPHONES

Paul Johnson of Johnson Associates came forward to request a meeting with County officials and Ameritech to resolve telephone-billing issues. Mr. Johnson will work with Ameritech to set up a date and time for this meeting.

IN THE MATTER OF ZONING ORDINANCE

Terry Jones presented the new proposed zoning ordinance and requested, if approved, to make the effective date

immediately. Mr. Jones also requested the Shopping Center (SC) section be sent back to the Plan Commission for further discussion and also stated the zoning map needs to go to the Plan Commission for a public hearing. Greg Steuerwald advised the map needs to conform to the zoning ordinance. Mr. Jones advised issues and concerns had been addressed and resolved at the October 2 Plan Commission public hearing except the Shopping Center and portions that also pertain to the Storm Drainage, Erosion, and Sediment Control Ordinance (SDESO). Mr. Jones further advised he would also like to work with the "Old Town" classification with the small towns that are under the jurisdiction of the County. There was discussion of the amenities section. Mary Benson stated they will meet to address the amenities. Rick Myers questioned agriculture use in this proposed Zoning Ordinance. There was discussion of the Plan Commission looking at the non-conforming uses in the Zoning Ordinance and to give a closer look at this request for agriculture use. It was the consensus of the Commissioners to review the agriculture definitions and non-conforming uses. There was discussion of the zoning map. Commissioner Clampitt expressed appreciation to all the committees that worked on this Zoning Ordinance and moved to adopt the zoning ordinance with the exceptions taken out in order to review SDESCO, zoning map, amenities, agriculture definition, tree preservation and the SC, with these to be brought back at a later date and to be effective today upon execution by the Commissioners as Ordinance No. 2001-24. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY NEEDS

Sheriff Roy Waddell introduced developer Eric Tauer, Tammy Wyse of RQAW, Al Bennett of Bennett Associates and Bill Shepler of PMSI. Mr. Tauer discussed the possible trade of acreage adjoining the fairgrounds for a portion of the 150-acre parcel. Bill Shepler presented proposed plans for the jail and animal shelter on the parcel where they are currently located. There was discussion of the site and plans. Commissioner Clampitt moved to move forward on this project and set up a special joint meeting on November 26, 2001, at 3:00 PM with the Commissioners and Council to discuss the plans and funding for this project. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Al Bennett advised that RQAW has the most experience in designing correctional facilities. There was discussion of this joint meeting, of contract needs and the process.

November 19, 2001

The Hendricks County Board of Commissioners met in regular session at 9:25AM on Monday, November 19, 2001, with a quorum of three (3) Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Terry Jones	Hendricks County Planning Director
John Ayers	Hendricks County Engineer
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF COPIERS – HPS

Susan McMasters of HPS Office Supplies, representing Savin and Toshiba equipment, introduced her company and requested to do a sight survey of copiers in the County at no cost to the County. It was the consensus of the Commissioners to allow the HPS survey at no cost to the County.

IN THE MATTER OF ENGINEERING AND OFFICE SUPPLIES – PRIORITY GROUP

Bill Strake explained the printing services provided by Priority Group and Bill Mehlik explained the engineering services offered by Priority Group of Indianapolis.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers reported on the Thursday, November 15, 2001, meeting of the Elected Officials Task Force for discussion of the North/South Corridor. Mr. Ayers advised that the long-range plans presented had moved the interchange at I-74 out to 2012, and presented a letter that had been discussed and executed by Robin G. Brandgard of Plainfield Town Council, Gregory A. Zusan of Avon Town Council and Robert Waggoner of Brownsburg Town Council, to J. Bryan Nicol, Commissioner Indiana Department of Transportation, stating the new interchange with I-74 was one of the most highly rated new interchanges in the state according to the INDOT interchange study in the late 1980's. However, since that study was completed, our County and that area in particular, have experienced tremendous growth in population, business and traffic and does not seem reasonable that this interchange could have diminished in importance in the face of the growth we are experiencing. There was discussion of representatives in

attendance from the towns of Brownsburg, Avon, and Plainfield, County staff and County Commissioners that are all working diligently to move the Hendricks County North/South Corridor highway project forward including connecting I-70 at the new Six Points interchange, through each of our towns and on to I-74 at the north end of the project. There was discussion of the involvement of Dennis Falkenberg with this project on behalf of Hendricks County. Commissioner Clampitt moved to approve the letter as presented, for the President to execute and send to INDOT. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HOSPITAL ACCESS ROAD

John Ayers presented a draft letter from Parsons, Cunningham & Shartle Engineers, advising that the Hendricks Community Hospital has agreed to pay for the construction inspection for the hospital access road project, based on the scope and estimate, and that the hospital assumes no responsibility or liability for the accuracy of the design or performance of the project as the hospital will simply be the funding source for the inspection and will not be responsible for any other aspect of the construction to the Hendricks Community Hospital, relative to construction inspection for the proposed access road, stating the hospital is not responsible, but is only the funding agency as the hospital is paying for design and the Town of Danville and County are funding the road. The letter was signed by Jessica J. Hartman, for Parsons, Cunningham & Shartle, and Gary Eakin, for the Town of Danville. Commissioner Clampitt moved to allow the President to execute the letter, for the Commissioners, as presented, and to forward to the Hendricks Community Hospital. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF GOVERNMENT CENTER – BENCHES

John Ayers reported that they had checked on replacement benches for the Government Center lawn and found the benches made of PVC were not of adequate thickness and recommended to purchase wood benches. Mr. Ayers presented affidavit for Pen Products for these wooden benches. It was the consensus of the Commissioners to forward this affidavit to the Bond Bank for payment.

IN THE MATTER OF GOVERNMENT CENTER FURNITURE

John Ayers advised that the style of furniture purchased for the Government Center is going to be discontinued and requested to build a stock supply of this style of furniture, letter and legal size vertical files, etc. for future use and to fund from the bond. There was discussion of storage of this furniture and time frame. It was the consensus of the Commissioners to buy files/furniture as needed and to not stock up on these items.

IN THE MATTER OF MIP-788: SHARON PHEIFER

Terry Jones presented a request to release the maintenance bond and execute cashier's check No. 155621811 from National City Bank for MIP-788: Sharon Pheifer, stating a recent on-site inspection of this project found that the improvements have been adequately maintained for the required three year period and that this development does not contain a legal drain system. Commissioner Clampitt moved to allow release of maintenance bond and to execute the cashier's check as recommended by the Planning and Building Department. Commissioner Palmer seconded the

motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION CONTROL ORDINANCE - AMENDMENTS

Terry Jones stated the Plan Commission held a public hearing on November 13, 2001, for two amendments to the Subdivision Control Ordinance, however, failed to request to present the amendments to the Commissioners at this meeting, however, requested to be on the November 26 Agenda at 6:30 PM to present the amendments to the Commissioners. There was discussion of the amendments. Commissioner Clampitt moved to hear these amendments to the Subdivision Control Ordinance at the next meeting, on November 26, however, stated he will be unable to attend, but he has no problem with these amendments. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING DEPARTMENT

Terry Jones presented a draft of collection fee changes for the Planning and Building Department. There was discussion of town permits and that the increase in building is partially due to the extremely mild weather during October and November this year. Mr. Jones discussed conversion to the new ordinances. There was discussion of changes in guidelines, enforcement and "final" plans in the Zoning Ordinance. Greg Steuerwald explained some new requirements for a variance and requested to work on this and to bring back a recommendation on "finals". It was the consensus of the Commissioners that the County Attorney and Planning Director work out the details and bring back with a recommendation.

IN THE MATTER OF JOHN LARRISON

Receipt was acknowledged of a request from the family of John Larrison to continue his recognition to the November 26 meeting. Commissioner Clampitt moved to approve the request of the family of John Larrison to continue recognition to the November 26, 2001, meeting. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COURTHOUSE ROTUNDA – GILLESPIE

Receipt was acknowledged from Gillespie Florist to use the Courthouse rotunda for their Christmas pitch-in and party on Saturday, December 8, 2001. There was discussion of the policy for use of the Courthouse rotunda. It was the consensus of the Commissions for the County Attorney to review the policy.

IN THE MATTER OF HENRY COX RECOGNITION

Receipt was acknowledged of a request to honor Henry N. Cox with a proclamation and declare a Henry Cox Day in recognition for his many years of public service. It was the consensus of the Commissioners to set a date and recognize Henry Cox.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve the minutes of the October 22, 2001, and October 29, 2001, minutes with corrections. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #112615 thru 113026 and #213621 thru 213657, #213659 thru 213778, #213783 thru 213795 and #213798 thru 213803 as presented November 19, 2001. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess for lunch at 10:55 AM and to resume at 1:00 PM with the Technology Board. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board met at 1:15 PM with the additional staff in attendance:

John Parsons, Systems Administrator	Doug Morris, Computer Department
Cathy Grindstaff, Director Environmental Health	Cathy Burkhart, Highway Department
Steve Scott, Prosecutor's Office	

John Parsons presented quotes for four (4) Dell Workstation for Auditor/Cartography, one (1) Dell Workstation for Planning and Building, one (1) Dell Workstation for Engineering and a printer for Highway. Mr. Parsons requested this computer equipment be funded from the bond. There was discussion of the computer and the information presented by Indy Solutions to connect computers and copiers and eliminate printers. Commissioner Clampitt recommended to approve the request for four workstations for Cartographer, one workstation for Planning and Building and one workstation for Engineering and to pay for these six items on the list from the bond. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of dumb terminals on the counter in the Clerk's Office.

John Parsons presented a letter from Plexis stating they did not have the computer needs in the Assessor's Office ready and Quest would be unable to meet their deadline until Plexis was received. There was discussion of extending the Quest portion beyond the December 17, 2001, deadline. Commissioner Clampitt moved to allow extension of the Quest contract for the Assessor's Office to the first meeting in February, February 4, 2001, at no additional cost to the County. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Parsons presented the Manatron contract for judicial and 1099 for Greg Steuerwald to review.

John Parsons explained the information the state needs and stated he can provide this to the Legislative Services at no cost to the county except for postage costs.

John presented several changes requested by the state for the new web. There was discussion of changes. It was the consensus of the Commissioner to wait until the state mandates these changes.

John Parsons presented a letter from Superior Court 1 Judge Robert Freese requesting computer equipment. There was discussion of this request. It was the consensus of the Commissioners that the Computer Department meet with Judge Freese to resolve some concerns and issues.

John Parsons advised that Healthy Families has funds available from a grant to purchase some computer equipment. Commissioner Clampitt moved to allow the purchase of equipment by Healthy Families if it comes entirely from grant funds and with no strings attached. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

There was discussion of the proposed new employee 125K plan. Commissioner Ostermeier stated the Commissioners have taken no action on this matter.

There was discussion of obtaining quotes for a link between the Courthouse and Government Center, fiber optic between Courthouse and jail and of security issues. Commissioner Clampitt moved to approach the County Council for an additional \$90,000 for fiber optic and that John Parsons obtain more bids. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Steve Scott requested to purchase a laser color printer from the Deferral Funds for the Prosecutor's Office and requested to connect to the network system. Commissioner Clampitt moved to allow printer, if printer and supplies are purchased and maintained from Deferral funds and subject to working with the Computer Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Cathy Grindstaff questioned security and privacy protection for records in the Environmental Health Department. There was discussion of the need for security in that department. It was the consensus of the Computer Department to check on this matter and report back.

Cathy Grindstaff questioned the policy on GIS relative to making any changes. It was the consensus of the Commissioners that no changes be made and that information will be open sharing.

Commissioner Clampitt moved to recess the Technology Board at 2:37 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BROWNSBURG CONSERVATION CLUB

Paula Burton came forward to advise that again there is proposed legislation to take away local control of the Brownsburg Conservation Club and requested the Commissioners to send a letter to Senator Connie Lawson to be alert to this matter. It was the consensus of the Commissioners to send a letter to Senator Connie Lawson and request that nothing change until the County Attorney advises.

IN THE MATTER OF ZONING ORDINANCE

Terry Jones discussed problems and complaints with implementing the new Zoning Ordinance. Developers, engineers, and interested citizens have expressed concerns relating to the adoption date for proposed developments that were in the design stage when the Board of Commissioners adopted the new Zoning Ordinance.

Greg Steuerwald explained that the property owners who have vested property rights in that proposed development

projects with applications on file with the Planning and Building Department should fall under the old Zoning Ordinance if the application was filed prior to the effective date of the new Zoning Ordinance. Mr. Steuerwald indicated that the Commissioners may wish to modify the adoption date relating to projects that had an application on file with the Planning Department when the new Zoning Ordinance was adopted by the Board of Commissioners.

Mike Sells of Benchmark Consulting suggested using a cut-off date and if deadline is met, to go with the old Zoning Ordinance and if deadline is not met, to go with the new Zoning Ordinance.

Tim ShROUT of Cedar Run requested clarification of time frame for implementation of the new Zoning Ordinance.

Commissioner Clampitt moved to make today, December 17, 2001, as of 4:00 PM, as the cut-off date for the old Zoning Ordinance if application for preliminary plat had been filed with the Planning and Building Department.

Commissioner Palmer seconded the motion and the motion was approved unanimously.

IN THE MATTER OF ENGINEERING DEPARTMENT

John Ayers recommended the Engineering Department purchase a bobcat with attachments, which would be more beneficial, and serviceable to the Engineering Department and that they can trade in other equipment within the department to cover this expense. Mr. Ayers further stated that the Highway Department will purchase the bulldozer which they currently use more than the Engineering Department. Mr. Ayers proposed to consolidate equipment and stated he will bring in a summary with quotes at a later date.

IN THE MATTER OF SUBDIVISION BOND REVISION - MIP-663: MURPHY

Terry Jones presented a request for MIP-663: Jim Murphy and Steve Tillman, stating that through the owners' engineer they have requested a release of the performance bond and based on an on-site inspection by the Planning and Building Department of the work completed to date, recommends that the performance be released and the maintenance bond requirement be waived, also, that this development is not subject to a Legal Drain. Commissioner Clampitt moved to release the performance bond and waive the maintenance bond for MIP-663 as recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HUMAN RESOURCES

Jerry Bowden explained the delay for summary health insurance documents as he is waiting for all information.

IN THE MATTER OF NORTH/SOUTH CORRIDOR – McCLUNG

John Ayers advised that County Attorney and his firm of Deckard and O'Brien have saved the County considerable money by the excellent way the firm handled the condemnation of the McClung property in the proposed North/South Corridor. The Commissioners complimented the County Attorney and his firm for saving the County over a half million dollars in law suites and to send Dan Zielinski a letter of appreciation.

IN THE MATTER OF CARDINAL ESTATES

There was discussion of a complaint of drainage problems of the Smith property in Cardinal Estates. David Gaston stated that he will meet with Mr. Broyles on the adjacent property.

IN THE MATTER OF TRANSPORTATION FUNDING

John A. Habermann, Indiana Local Technical Assistance Program Department of Civil Engineering of Purdue University, presented an informational meeting for the Local Option Highway User Tax (LOHUT) relative to establishing a "wheel tax" for Hendricks County.

Mr. Habermann advised that if a public hearing was held and an ordinance approved prior to July 1 the wheel tax would become effective the following January, however, if established after July 1 it would not become effective until a year from the following January. Mr. Habermann stated that the wheel tax would be collected at the time a vehicle is licensed by the license branch and the license branch would retain fifteen (15) cents for each transaction and then forward the balance directly to the County.

These funds could only be used for construction, reconstruction and repair or maintenance of County roads and bridges.

There was discussion of a possible state fuel tax increase.

Elected officials from the Towns of Plainfield, Danville, Brownsburg and Avon expressed both support and opposition for this tax.

Wayne Johnson requested a resolution from each town in favor of a wheel tax.

Paul Hardin requested that discussion of setting a date for a public hearing for the wheel tax be placed on the February Agenda for the Council.

The Commissioners and Council expressed thanks to Dennis Falkenberg, of Ice Miller and to Mr. Habermann for their presentation and input.

The meeting recessed at 8:20 PM.

IN THE MATTER OF BROWNSBURG CONSERVATION CLUB

Rick Bolt, of the Brownsburg Conservation Club, requested to amend the Indiana Range Act, stating that Senator John Waterman will carry the bill for this amendment. Mr. Bolt further advised that the Brownsburg Conservation Club is open only to members and their guests and guests can only come when with a member as it is not open to the public and is a protected range. Mark O'Hara explained that the Brownsburg Conservation Club is "grandfathered" for shotgun use. Terry Jones explained the history of previous concerns relative to the Brownsburg Club. The Commissioners referred the amendment to Greg Steuerwald to review and bring back January 28, 2002.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Crew is working on trees to get ready to build the wood bridge.

IN THE MATTER OF BRIDGE NO. 213

John Ayers requested to advertise notice to bidders for Bridge No. 213 for a public hearing on March 4, 2002, at 10:00 AM, and advised that this will be a joint project as this bridge is on County Line Road. Commissioner Clampitt moved to approve to send the notice to bidders and to advertise for a public hearing at time and date as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENGINEERING SERVICES - CULVERT INSPECTIONS

John Ayers presented an agreement for engineering services for culvert inspection/inventory of county owned

structures three (3) feet in span length up to twenty (20) feet in span length with WTH Engineering, Inc. Greg

Steuerwald clarified that they will need to come back if this exceeds the stated amount. Kim Galloway, of WTH, advised that the inspections will be on the computer. There was discussion that the inspectors with WTH should have their cars marked to identify them as doing County work while on the job. It was the consensus of the Commissioners to request WTH to mark their cars. Commissioner Clampitt moved to approve the agreement for engineering services with WTH as presented and recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SPEED STUDY – CR 900E FROM US HIGHWAY 36 TO CR 100N

John Ayers presented a speed study for a segment of CR 900E from US 36 to CR 100N, as requested by the Commissioners after receiving complaints of speeding through the area, with the following recommendations:

US Highway 36 to CR 100N: Recommended that the speed limit remain 40 mph

CR100N to CR 200N: it is recommended that speed limit remain 45 mph.

CR 200N to CR 300N: it is recommended the speed limit remain 50 mph.

CR 300N to CR 400N: It is recommended that the speed limit remain 50 mph.

US 36 to CR 400N: It is the recommendation that the speeding concerns of those who reside along CR 900E will be forwarded to the Sheriff's Department by the Engineering Department and this road will be re-examined should future development occur.

Commissioner Clampitt moved to approve the recommendation of the County Engineer for CR 900E from US Highway 36 to CR 100N. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Ayers advised that the Engineering Department is working to make studies of all County roads.

IN THE MATTER OF SUBDIVISION BOND REVISION - FOSTER ACRES

Terry Jones requested to release the performance bond for Foster Acres based on an on-site inspection of the work completed to date and to waive the maintenance bond requirement, also that this development is subject to a Legal Drain Assessment. Commissioner Clampitt moved to approve the recommendation of the Planning Director to release the performance bond and waive the maintenance bond for Foster Acres. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBDIVISION BOND REVISION - MIP-743: JERRY KOENIG

Terry Jones requested to release the maintenance bond for MIP-743: Jerry Koenig, based on the on-site inspection that found that the improvements have been adequately maintained for the required one (1) year period and that this development is subject to a Legal Drain Assessment. Commissioner Clampitt moved to approve the release of the maintenance bond for MIP-743: Koenig, as recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CONTRACTOR'S COMPLETION AFFIDAVIT – MIP-759

Terry Jones presented the Contractor's Completion Affidavit for MIP-759: Dorris, requested to return Hendricks County Bank Cashier's Check #41609 and to waive the maintenance bond requirement. IN THE MATTER OF HUMAN RESOURCES – SICK DAYS

Jerry Bowden recommended approval of the request from Brenda Denton, of the Planning Department, to use a sick day for surgery recovery on the day following a holiday. Commissioner Clampitt moved to approve the recommendation of the Human Resources Director to pay Brenda Denton for a sick day for surgery recovery on a day following a holiday. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EXCESS COUNTY FURNITURE

John Ayers reported on storage concerns and requested to talk with Bob Lawson to see if they could run the excess furniture, stored at the Annex, through the Lawson Brothers auction. Greg Steuerwald stated we would still need to advertise if the total was over \$5,000. It was stressed to not have the auction during working hours so that employees could participate. Mr. Ayers will check further on this matter and report back.

IN THE MATTER OF COUNTY PROPERTY - LIABILITY

Rich Jensen, of Stevenson and Jenson Agency, advised he will need the frontage measurements of each of the County's properties to include in liability coverage. Nancy Marsh stated that the County has 50-parcels including those parcels that did not sell at the tax sale and will take a lot more research, however, they are working on it.

IN THE MATTER OF THIRD GRADE VISITORS

Receipt was acknowledged of a request from Diane Lawyer, of Plainfield Central Elementary, to bring 50 third grades to County government on April 22 and April 29. It was the consensus of the Commissioners to approve this request and to make individual packets of County information for each student.

IN THE MATTER OF UNITED

Greg Steuerwald advised that Bruce Donaldson will represent the County's interest in obtaining an agreement for a refund from United.

IN THE MATTER OF CITY OF INDIANAPOLIS - WATER AGREEMENT

Greg Steuerwald advised that he was working with the City of Indianapolis for an Interlocal Agreement to buy Indianapolis Water Company and will present the agreement at a future meeting.

NOTE: Commissioner Clampitt was unable to attend the meeting due to work schedule.

Commissioner Ostermeier opened the meeting by leading the Pledge to the Flag in unison and Greg Steuerwald gave a brief prayer for those who wished to participate.

IN THE MATTER OF MINUTES

Commissioner Palmer moved to approve the minutes of the November 5, 2001, Town Forum at Brownsburg, and the November 26 and December 26, 2001, minutes as corrected. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Commissioner Ostermeier moved to amend the agenda to move Dick Dietz to first for his presentation of White Lick Heritage Community Foundation. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF WHITE LICK HERITAGE FOUNDATION

Dick Dietz made a presentation for White Lick Heritage Community Foundation stating that the White Lick Foundation gives Indiana funds for tomorrow and distributed several brochures listing the many Hendricks County organizations that had benefited from this program. Mr. Dietz explained the Opportunity Fund, which is a Lilly match, dollar for dollar and encouraged the county to participate and support the White Lick Heritage Community Foundation.

IN THE MATTER OF BROWNSBURG CONSERVATION CLUB

Greg Steuerwald read the resolution of the Brownsburg Conservation Club, Inc. Representation and Declaration of Intentions and Commitments from Rick Bolt:

**BROWNSBURG CONSERVATION CLUB, INC.
REPRESENTATION AND DECLARATION OF
INTENTIONS AND COMMITMENTS**

This Representation and Declaration of Intentions and Commitments, is made as of this 14th day of December 2001, by the Brownsburg Conservation Club, Inc., an Indiana, not for profit corporation ("Club") for the purpose of representing and declaring to the Hendricks County Board of Commissioners and the Hendricks Board of Zoning Appeals the intention and commitment of the Club regarding the possibility of the Club finally being subject to the "Range Protection Act" in Indiana Code 14-22-31.5.

The Club hereby represents and declares as a commitment to the Hendricks County Commissioners and Board of Zoning Appeal that it would not use inclusion under the Act as a basis for challenging the current variance provisions on the Club and the jurisdiction of the Hendricks County Board of Zoning Appeals regarding the shooting of rifles and pistols on the property owned by the Club in the unincorporated area of Lincoln Township, Hendricks County, Indiana. The Club hereby declares that pistol and rifle shooting by the Club and its members and guests could only occur upon approval by the Board of Zoning Appeals following any hearings, or other proceedings set

forth by the Board of Zoning Appeals. In addition, the Club will also commit to the following hours of shooting operation: Monday – Saturday 9:00 am to dusk, and Sunday 12:00 noon to 5:30 pm.

The Club 's intentions with regard to inclusion under the Act is for the preservation of its current shotgun shooting activities, its Boy Scout and 4-H hunter safety programs, and its other permitted activities. Without the inclusion under the Act, the Club knows that the ever increasing development in the area will result in further efforts to put the Club out of existence.

**Brownsburg Conservation Club, Inc.
(signed) Rick Gibboney, President**

Mr. Steuerwald advised of the report from the Legislative Services and that Senator Connie Lawson had assured the County that this bill will not effect local control. Terry Jones advised that this bill does not appear to be preempting local and any changes would not be without County approval and procedures.

Paula Burton of 5575 East CR 350N, Danville, inquired if the statement from Rick Gibboney was a legal document and requested a letter to kill the bill for this year in order to allow more time for recommendations. Ms. Burton expressed concerns for amendments that might be added.

Rick Bolt, 5192 E CE 350N, Danville, stated the Brownsburg Conservation Club will stay with shotguns.

Will Hutchens, 202 Vestal Road, Plainfield, advised there were no other agencies available for shooting.

Steve Peacock, 3373N CR 500E, Danville, stated a member of his family was hit with an object that was a solid projectile from the Brownsburg Conservation Club.

Peggy Weber, 3378 Walnut Drive, Brownsburg, explained the Range Protection Act and gave the history.

Doug Dalton, 3220 N CR 575E, Danville, suggested to send letters.

Ben Worrell, 5683E CR 350N, Danville stated the Conservation Club needs to show respect.

Tony Jones, 6620 E CR 350N, Brownsburg, advised he was a Cub Scout Leader and requested to approve plan as they need a safe place to shoot.

Richard Hacker, 3801 W 675N, North Salem, advised that the DNR gave the guidelines and stressed need for 4-H members to learn safety procedures.

Keith Wagner, Martinsville, complimented the Conservation Club on their safety and training program.

David Webb, 9519 Woodland Court, Brownsburg, inquired of property rights.

Rick Bolt, 5192 E CR 3530N, Danville, explained the care taken, the locked gate, membership cards to members only and their guests, however, guests can only come with a member, and that alcohol is not allowed.

Jadell Johnson, 7815 Jennifer Lane, Brownsburg, expressed a concern for current hours and requested that there be no early hour shooting.

The Conservation Club agreed to revise the hours to noon to 5:30 PM on Sunday, 9:00 AM to dusk on weekdays.

It was the consensus of the Commissioners to allow Greg Steuerwald and Terry Jones to refer this matter to the Board of Zoning Appeals.

Lou Weber, 3378 Walnut Drive, Brownsburg, ask if the Danville Shooting Club was only for police. The

Conservation Club confirmed that it was for police only.

Commissioner Palmer moved to ask that the Board of Commissioners to send a letter to Senator Connie Lawson regarding SB-466 stating that we have no objections with the bill as proposed, however, if amendments are added to this proposed bill that we be informed immediately and that we want to have a final recommendation on the impact, and to acknowledge that the Conservation Club has made voluntary conditions, that the hours be restricted from 12:00 PM to 5:30 PM on Sunday and from 9:00 AM to dusk on weekdays. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF POLICY FOR USE OF COUNTY FACILITIES

There was discussion of the Policy for use of county facilities. Commissioner Palmer moved to approve the proposed custodial fee as stated in the Policy for Hendricks County facilities to be dated effective January 28, 2002.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ELECTION POLLING SITES – COUNTY BUILDINGS

Receipt was acknowledged of a request from Clerk Sharon Dugan, to use three (3) County facilities, Superior Court 2 for Center 1: Room 3 on the first floor of the Hendricks County Government Center for Center 5: and the Hendricks County Courthouse for Center 8, as polling places for the primary election on May 7 and the general election on November 5, 2002. Commissioner Palmer moved to approve use of the Courthouse, Superior Court 2 and Room #3 of the Government Center as polling places for the primary and general elections as requested.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF AN ORDINANCE FOR ESTABLISHING AN INMATE PROCESSING FEE FOR THE HENDRICKS COUNTY SHERIFF'S OFFICE

Greg Steuerwald presented an ordinance for a \$25 fee for inmates stating the monies collected would go to the general fund. Commissioner Palmer moved to advertise the Ordinance for Establishing An Inmate Processing Fee for the Hendricks County Sheriff's Office, for a public hearing at 6:00 PM on Monday, February 25, 2002.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF THE STATE OF THE COUNTY SPEECH

Commissioner Ostermeier requested that the President of the Commissioners deliver the State of the County Speech on Tuesday, February 26 at 7:00 in Rooms 4-5 of the Hendricks County Government Center. It was the consensus of the Commissioners to approve the State of the County Speech as presented.

IN THE MATTER OF PRIORITIES

Commissioner Palmer stressed that the joint meeting with the Commissioners and Council would be for presentations on the jail, animal shelter, work release and fairgrounds and that this is the first of several meetings to establish priorities and that meeting would be at 5:00 PM in Rooms 4-5 of the Hendricks County Government Center on Wednesday, February 27, 2002.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers presented the forms and amounts for construction inspection from Beam, Longest, and Neff for the

North/South Corridor from County Road 100N to 200N. Greg Steuerwald reviewed and approved the letter.

Commissioner Palmer moved to approve the fee for the North/South Corridor construction supervision for CR 100N to CR 200N, and to execute and send the letter to the State INDOT. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0. Steve Luther, of Beam, Longest and Neff, advised that the State will pay this fee, not the County.

John Ayers requested to be designated as the contact person for the County during construction of the North/South Corridor, from CR 100N to CR 200N, and presented a draft letter to Beam, Longest and Neff. Commissioner Ostermeier moved to approve and execute the letter designating County Engineer John Ayers, as the contact person during construction of the North/South Corridor, from CR 100N to CR 200N, and that Mr. Ayers will then be responsible to the Commissioners. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BECKONING WAY – PADGETT FARMS

Receipt was acknowledged of a draft letter from Attorney Daniel F. Zielinski to John M. Howard relative to a formal offer of settlement to Padgett Farms, in Beckoning Way, to settle any issue involving damages, which amount is exclusive of interest and cost, and is for just compensation in damages for the property sought to be taken.

Commissioner Palmer moved to allow Mr. Zielinski to send the letter to Padgett Farms legal counsel offering the settlement stated. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF STORAGE SPACE – 138 WEST MARION STREET, DANVILLE

John Ayers advised that he had checked several available rental spaces and recommended the Joe Neher rental property at 138 West Marion Street, Danville for a two-year contract at \$500 per month. There was discussion of changes to the lease. Commissioner Palmer moved to execute the lease at 138 West Marion Street to be effective February 1, 2002, for two (2) years and that the County Attorney check with the lessee on “lease broken”.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF AUCTION EXCESS FURNITURE

John Ayers advised that we do not have enough excess furniture/equipment for a separate auction, but that we can run the items thru the Lawson Auction for a 35% commission. Commissioner Palmer moved to hire Lawson Auction to run the excess furniture equipment thru their action at 35% commission. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BUDGET

John Ayers advised that the approved budget for 2002 did not include the \$320,000 for Cumulative Capital Development (Cum Cap) County Buildings (20-202-405) nor did it include \$150,000 for Cumulative Capital Development for Highway Right-of-way acquisition (20-202-410) and submitted copies of letters to the County Council requesting approval of these funds.

IN THE MATTER OF FROST LAW

There was discussion of information received relative to a highway frost law. The matter was referred to the County Engineer and County Attorney to review.

IN THE MATTER OF BOUNDARY SURVEY

There was discussion of receipt of a boundary survey from the Census Bureau. The matter was referred to the Planning Department.

IN THE MATTER OF ROADSIDE DEBRIS

John Ayers presented a claim for Twin Bridges for debris that was picked up along the County roadside ditches. It was the consensus of the Commissioners to execute the claim and forward to the West Central Solid Waste District for consideration.

IN THE MATTER OF PLANNING

Terry Jones advised that the Town of Lizton may possibly enter a contractual zoning ordinance and transition for County approved developments that are now within the town.

Terry Jones advised of a seminar on sediment and erosion control in Hamilton County and a school at Purdue that his staff plans to attend.

Terry Jones advised that a letter will be sent to towns on town meetings with the developer.

Terry Jones stated there will be a special Plan Commission work session on Monday, February 25, 2002, at 7:00 PM and requested that the Commissioners change their meeting on that date to 6:00 PM. It was the consensus of the Commissioners to change the time of the February 25, 2002, Commissioners' Meeting to 6:00 PM.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented a letter in response to the Share Care report and stated there are currently 18 residents in the County Home and they are charged \$33 per day. It was the consensus of the Commissioners that Jerry Bowden, Share Care and Ms. Nichols meet to resolve and clarify some issues.

Peggy Nichols requested a new computer that uses Excel as she will now be doing patient claims and will need this software. It was the consensus of the Commissioners to refer this request to John Parsons during the Technology Board.

IN THE MATTER OF HUMAN RESOURCES – COUNTY VEHICLE POLICY

Jerry Bowden presented a draft policy for use of County vehicles. The Commissioners referred the policy to Greg Steuerwald to review and bring back next week..

IN THE MATTER OF EMERGENCY MANAGEMENT – PART-TIME HELP

Jerry Bowden advised that he will go to the Council tomorrow to request funding for part time clerical help for Emergency Management.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims No. 48066 thru 48100, #218826 thru 218832, 218841 and #218843 thru 218849 as presented February 4, 2002. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF FIXED ASSETS

Nancy Marsh gave a report that all fixed assets need to be completed as they have not been completed for several years.

IN THE MATTER OF MARION TOWNSHIP – POOR RELIEF

Receipt was acknowledged of the Quarterly Poor Relief for Marion Township from Trustee Elvin Cassity.

IN THE MATTER OF INSURANCE

Commissioner Ostermeier moved to recess the Commissioners' meeting at 11:40 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 1:55 PM with the following joining the meeting.

John Parsons, Systems Administer

Doug Morris, Web Master

There was discussion of the February 1, 2002, letter from Superior Court 2 Judge David H. Coleman requested the removal of the e-mail link with his name from the County website as his office does not have county paid Internet. John Parsons advised that all e-mail links for offices outside of the Government Center have been removed. It was the consensus of the Commissioners that a memo be sent stating that offices having an e-mail address that they wish to have listed on the County web page to please contact the Commissioners' office.

There was discussion of the request to Council for additional funding for Computer needs. It was the consensus of the Commissioners to table the request for thirty (30) days to the March 5, 2002, meeting.

Receipt was acknowledged of a request from Peggy Nichols for a computer with Excel at the County Home to do claims. John Parsons stated they could utilize a replacement computer from the Auditor's Office with Excel and connect to the exiting printer.

John Parsons advised that the Legislative Service tape and CD had been hand delivered.

John Parsons advised that Cinergy has tripled the cost of attaching lines to their light poles to \$18 per pole.

John Parsons presented the Network Policy with changes. It was the consensus of the Commissioners to obtain two quotes for 350 printed copies to be in employee hands in thirty (30) days.

John Parsons advised that Eugene reprogrammed the changes for the revised W-2 and 1099 forms.

There was discussion to request a letter from the IRS stating they do not need replacement tapes with 1999-2000 corrected numbers for W-2's..

John Parsons advised that Superior Court 1 computers are now installed, but that they will need assistance in networking.

John Parsons advised that Steve Schmalz, in Circuit Court Probation, now has a flat screen from Best Buys and others are now wanting this flat screen.

There was discussion of departments purchasing equipment outside the Technology Board with funds other than through the general fund.

There was discussion of the Plexis computer software for the reassessment and it was the consensus of the Commissioners that John Parsons check with Plexis for the last week of February as conversion was not completed by February 1, 2002. John Parsons further advised that the server has been installed in the Assessor's Office since July 1, 2001.

John Parsons requested that a demonstration of the data warehouse and computer technology be a part of the March joint meeting of the Commissioners and Council on priorities.

Receipt was acknowledged of the January 25, 2002, letter from Todd McCormack, of Adult Probation, requesting approval to have a server installed in the Superior Court Probation Department to network with existing PC's, and if approved, it would be funded from probation user fees to pay for the cost of the installation, and needed software. It was the Consensus to approve this request, subject to approval with the Computer Department.

John Parsons advised that they had been informed that Lincoln Federal Mortgage in Plainfield does not want tax information on the 8-inch tape as they want a smaller tape.

Doug Morris advised that the link on the web page receives questions and requested a procedure in which to respond. It was the consensus of the Commissioners that they transfer the questions received to the appropriate departments to respond.

Doug Morris advised that he is loading Access on County PC's and is taking training for web page.

Nancy Marsh requested a left hand key pad for a disabled employee in the Auditor's Department. Mr. Parsons will check on this request.

Nancy Marsh advised that she will be making a request to the Council for additional funding in the amount of \$300,000 for new payroll and accounting software and for financial software.

Commissioner Palmer reported on her meeting with Phyllis Palmer, John Parsons and representatives from Indy Solution and stated that we are moving in the right direct with the data warehouse.

Commissioner Ostermeier moved to recess the Technology Board at 1:10 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

February 11, 2002

The Hendricks County Board of Commissioners met in regular session at 10:07 AM on Monday, February 11, 2002, with a quorum of three (3) Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Terry Jones	Hendricks County Planning Director
John Ayres	Hendricks County Engineer
Russell Lawson	Hendricks County Highway Superintendent
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF SRI PRESENTATION - RECORD PRESERVATION

Jon Ogle, General Manager of SRI Incorporated, made a presentation of records management preservation advising that they are associated with Iron Mountain. He requested to see the county files that need to be preserved and to make a quote at no cost to the County. It was the consensus of the Commissioners to approve the request and that Mr. Ogle work with Auditor Nancy Marsh on this project at no cost to the County.

IN THE MATTER OF ZA-235/LN02-01 (AMENDMENT) – PORTRAIT HOMES
ORDINANCE NO. 2000-011

Greg Steuerwald explained the process on a zoning amendment and explained the eight (8) commitments being presented by Portrait Homes for this amendment to Ordinance No. 2000-011, which was originally approved on May 22, 2000, as ZA-235/LN00-03: Keith Payne Development Inc. Ben Comer advised that this developer had met with neighbors to come to an agreement with plans, explained the variance, special exception, changes in the original approval and the changes that are being proposed since the Plan Commission public hearing.

Bill Sibbing explained the Brown Lincoln Township Resident's Association (BLTRA) support of this project with the reduction in units as stated and with the commitments made by the developer. Mr. Sibbing read his letter of December 11, 2001, and requested that it be made a part of the minutes.

***Mrs. Joan Ann Groves, President (e-mail)
Hendricks County Board of Zoning Appeals
Hendricks County Government Center

***RE: Petition #VAR-43/LN0-031 and SE-24/LN01-02
Located on the West Side of Raceway Road, approximately 668 feet North of 56th Street
Brownsburg, IN***

Hendricks County Board of Zoning Appeals Members:

At its regularly scheduled meeting on December 5, 2001, the Board of Directors of the Brown/Lincoln Township Resident's Association (BLTRA) voted 13 to 0 to Support this petition with the following conditions:

***Letter of Intent, tab 2, in their presentation.
Limiting the number of units to no more than 130.
Requiring restrictive language in the neighborhood covenants that require owner occupancy.***

The petitioner has met with the residents three times to work out the commitments stated in the

Letter of Intent, tab 2 of their presentation. They also made their presentation to the BLTRA on December 5, 2001.

The resident's consider this an in fill piece of property and do not feel the request for 148 units is required on this small piece of land.

Their concern for the owner occupancy requirements is needed to insure the residents that renters will not bring additional children to the Brownsburg School system.

BLTRA supported this petition if the petitioner will commit to the three conditions stated above.

BLTRA respectfully request that the Hendricks County Board of Zoning Appeals approve the petition if the above conditions are met.

*Respectfully yours,
(Signed) William H. Sibbin*

Terry Jones advised that the Plan Commission and staff gave this zoning amendment an unfavorable recommendation, however, the reduction in units from 148 to 130 on this 37.058 acres in Lincoln Township, is now acceptable to the staff. Mr. Jones further advised that residents on the Hendricks County side of Raceway Road near the Eagle Creek Golf Course, located in Marion County, have concerns for the high intensity lighting and that he will meet with Marion County officials to resolve this issue.

Craig Goad explained reasons to decrease the density on this parcel and now supports the 130 units.

Tom Seiman expressed concerns for the intersection at 56th and Raceway Road.

John Ayers explained the funding agreement with the developer for the Raceway Road and 56th Street interchange that will help the traffic flow and resolve traffic congestion in this area.

Commissioner Clampitt moved to approve and adopt the amendment for ZA-235/LN02-01, for Portrait Homes as the neighbors and BLTRA have worked out their problems and concerns and this amendment now meets staff approval as Ordinance 2000-011-A, with the following commitments:

Article XX
Leasing of Units and Maximum Number of Units Owned

Section 20.1. Limits on the Number of Leased Units (“Rental Restriction”). In order to insure that the residents within The Links share the same proprietary interest in and respect of the Units and the Common Areas, no units may be leased or rented to non-owner occupants, except as may be otherwise provided in this Article XX.

Section 20.2. Hardship Exceptions and Waiver. Notwithstanding Section 20.1 above, the Owner may request the Board of Directors to waive the “rental restriction” and approve a proposed lease if the Owner establishes to the Board’s satisfaction that the “rental restriction” will cause undue hardship. If a majority of the entire Board of Directors approves in writing of the Owner’s request, the Board of Directors shall permit the Owner to rent or lease said Unit, but only if the Owner satisfies all other requirements of this Article XX. Such decision shall be at the sole discretion of the Board.

Section 20.3. General Lease Conditions. All leases, including renewals, shall be in writing and no lease shall be entered into for a term of less than one (1) year without the prior written approval of the Board of Directors. No portion of any Unit other than the entire Unit shall be leased for any period. No subleasing shall be permitted. All leases shall be made expressly subject and subordinate in all respects to the terms of the Declaration, By-Laws, Articles of Incorporation, and any rules and regulations promulgated by the Board of Directors, as amended, to the same extent as if the tenant were an Owner and a member of the Association; and shall provide for direct action by the Association and/or any Owner against the tenant with or without joinder of the Owner of such Unit. If such

provision is not in the lease, it will be deemed to be in such lease. The Owner shall supply copies of such legal documents to the tenants prior to the effective date of the lease. In addition, the Board of Directors shall have the power to promulgate such additional rules and regulations as, in its discretion, may be necessary or appropriate concerning leasing. All Owners who do not reside in the home shall provide the Board of Directors with the name of the tenant (s) and any other residents living in the home.

Section 20.4. One Year Waiting Period. In addition to all other provisions of this Article XX, for a period of at least one (1) year after an Owner's acquisition of a Unit, said Owner cannot lease such Unit. After such time, said Unit will be eligible to be leased if all other conditions of this Article XX are satisfied and provided further that the owner is not delinquent in the payment of any assessment or other charges to the Association. Notwithstanding this Section 20.4, if an Owner wishes to lease a Unit prior to the end of the one-year waiting period, the Owner may apply to the Board of Directors for a waiver. The Board may, in writing, approve an earlier lease if the Owner establishes to the Board's satisfaction that the waiting period will cause undue hardship in the manner as defined in Section 20.2 above.

Section 20.5. Owner is Still Liable. No lease shall provide, or be interpreted or construed to provide, for a release of the Owner from his or her responsibility to the Association and the other Owners for compliance with the provisions of this Declaration, the Articles of Incorporation, the By-Laws, and any rules and regulations promulgated by the Board of Directors, or from the Owner's liability to the Association for payments of assessments or any other charges.

Section 20.6 Association's Copy of Lease. A copy of each executed lease by an Owner which identifies the tenant (but which may have the rental amount deleted) shall be provided to the Managing Agent by the Owner within thirty (30) days after execution.

Section 20.7 Violations. Any lease or attempted lease of a unit in violation of the provisions of this Article XX shall be voidable at the election of the Association's Board of Directors or any other The Links Owner, except that neither party to such lease may assert this provision of this Article XX to avoid its obligations thereunder. In the event of a violation, the Board of Directors, on behalf of the Association, or any The Links Owner, shall have the right to exercise any and all available remedies at law or equity.

Section 20.8 Institutional Mortgages. The provisions set forth in this Article XX shall not apply to any institutional mortgage of any Unit which comes into possession of the Unit by reason of any remedies provided by law or in equity or in such mortgage or as a result of a foreclosure sale or other judicial sale or as a result of any proceeding, arrangement, or deed in lieu of foreclosure.

REVISED COMMITMENTS TO ZA-235/LN02-01

1. That there shall be no more than sixty-five (65) duplex structures allowed (130 units).
2. That each structure shall have a minimum of 2,600 square feet with a minimum per unit area of 1,300 square feet.
3. Each structure shall have a first story, eight-foot high brick wrap, except for areas on or around similar chimney and window areas as depicted on the Exhibit submitted to the Commissioners.
4. Vinyl siding shall be allowed in gable areas and within limited spaces on the first floor as depicted on the exhibit submitted to the Commissioners.
5. Slab foundations shall be allowed.
6. Structures shall have 25-year dimensional shingles.
7. Driveways shall be asphalt or concrete.
8. All units shall be a "for-sale" product with limited leasing options restricted in the covenants.
9. The tree line along the south property line shall be preserved.
10. The north property line shall have a fence installed along the western-most 2,350 feet. The fence shall be in a style in substantial conformity with the fence Exhibit submitted to the Commissioners.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SIX POINTS ROAD - JAMES & LINDA INMAN

James Inman, of 3208 S County Road 1050E, came forward to present a letter expressing concerns about the future of his property, which is in the proposed roadway improvements for Six Points Road and requested an early purchase

of their property by the County. Mr. Inman advised that they were planning to sell the property and build a new home elsewhere and are unable to build until this property is sold.

John Ayers explained that this process of road expansion is within two (2) years. There was discussion of accelerating the process for purchasing this parcel. Commissioner Clampitt moved to accelerate this piece of property, to have an appraisal through the regular procedures, to make proposals to the homeowners and to give the owners James and Linda Inman, a letter of the County's intent. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY DEPARTMENT

Russ Lawson advised that the Highway Department is working on ditches and are waiting for Hendricks Power to take care of the power lines so that they can start building the wood bridge. Mr. Lawson presented the year-end report for 2001 to be executed by the Commissioners.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers presented a letter, for execution, to Bruno F. Canzian, Manager Indiana Department of Transportation (INDOT), stating that Mr. John Green, who is an employee of Beam, Longest and Neff, is hereby designated full-time Resident Project Representative for the construction of the North/South Corridor from CR 100N to CR 200N.

IN THE MATTER OF BRIDGEWATER, SECTION 4

Terry Jones presented a request from the developer of Bridgewater, Section 4, to reduce the performance bond and based on an on-site inspection by the Planning Department of the work completed to date recommends that this performance bond be reduced to an amount of \$150,000. Commissioner Clampitt moved, per recommendation of the Planning Director's letter of February 11, 2002, to reduce the performance bond for Bridgewater, Section 4, to \$150,000. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COLONY AT HEARTLAND CROSSING, SECTION 1

Terry Jones presented a letter stating that on a recent on-site inspection by the Planning Department of The Colony At Heartland Crossing, Section 1, they found that the improvements have been adequately maintained for the required one-year period and recommends that the maintenance bond be released. Commissioner Clampitt moved, per recommendation of the Planning Director's letter of February 11, 2002, to release the maintenance bond for the Colony at Heartland Crossing, Section 1. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF THE COLONY AT HEARTLAND CROSSING, SECTION 4

Terry Jones presented a letter stating that the Planning Department conducted a recent on-site inspection of The Colony at Heartland Crossing, Section 4, and found that the improvements have been adequately maintained for the required one-year period and recommends that the maintenance bond be released. Commissioner Clampitt moved, per recommendation of the Planning Director's letter of February 11, 2002, to release the maintenance bond for the Colony at Heartland Crossing, Section 4, Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF THE COLONY AT HEARTLAND CROSSING, SECTION 2

Terry Jones presented a letter stating that the Planning Department conducted a recent on-site inspection of The Colony at Heartland Crossing, Section 2, and found that the improvements have been adequately maintained for the required one-year period and recommends that the maintenance bond be released. Commissioner Clampitt moved, per recommendation of the Planning Director's letter of February 11, 2002, to release the maintenance bond for The Colony at Heartland Crossing, Section 2. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENGINEERING

John Ayers presented a letter to the Council requesting additional funding for 01-135-381 to cover expenses for a new DPW Bobcat with attachment and stating that money from the sale of the DPW bulldozer will reimburse the County General Fund for this additional appropriation.

IN THE MATTER OF ENGINEERING STAFF

Receipt was acknowledged of a letter from Judge Robert W. Freese of Superior 1, commending Paul Weddle, Building Maintenance Supervisor for the County. It was the consensus of the Commissioners to make Judge Freese's letter a part of the minutes and that the Commissioners also send a letter to Paul Weddle commending him for his job performance with the County.

RE: Paul Weddle:

Dear Commissioners & County Engineer:

I want to take this time to tell you what an asset Paul Weddle is to this county. He is courteous, pays prompt attention to requests, never complains, stays late if necessary, possesses many skills and has saved this county hundreds of dollars by repairing items that in the past were done by outside vendors.

Paul's time and efforts are really appreciated by Superior Court No. 1.

*Sincerely,
(Signed) Robert W. Freese
Judge*

IN THE MATTER OF FIRST AID KITS

John Ayers advised that several County vehicles are not supplied with first aid kits and requested to purchase additional kits for these vehicles and to fund from the OSHA line as we have done previously.

IN THE MATTER OF GOVERNMENT CENTER FURNITURE

John Ayers presented a list of furniture requests by three (3) departments and advised that they had been able to

locate a printer table at a much lesser cost than in the original proposal. Commissioner Clampitt moved to recommend to approve and to send this furniture request to the bond trustees for consideration. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Ayers presented a list of tables needed in the various offices and meeting rooms at the Government Center and requested to fund from the bond. There was discussion of the freight and installation charges. Commissioner Clampitt moved to approve the furniture request subject to John Ayers working to reduce the freight, receive and installation charges and to then forward to the bond trustees for consideration. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY AUCTION

John Ayers presented a contract from Lawson Company Auction for sale of personal property at public auction of County excess furniture, to be run through their auction, and advised that this does not have to be advertised separately, but will be included in the advertisements by Lawson Auctioneers. There was discussion of the note stating of charge card charges. Commissioner Clampitt moved to have the President execute the contract with Lawson and Company for excess County property. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Ayers presented a letter from Lawson & Company stating that they did an inventory of the personal property items to be sold at public auction on Saturday, February 23, 2002. All items have been tagged that they will sell at the Consignment Auction and all items that are not tagged for auction by Lawson & Co. are deemed to be of no dollar value and these items may be disposed of by the Hendricks County Government. Commissioner Clampitt moved to eliminate inventory and to dispose of the "no value" items. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Don Dodson requested that a notice be sent to all County entities notifying them of this auction of excess furniture. It was the consensus of the Commissioners that Engineering send this notice as requested.

IN THE MATTER OF NATIONAL CITY BANK BUILDING

John Ayers advised that he had been notified that the National City Bank building, on the west side of the Danville square, was for sale and inquired if the County might be interested in purchasing this building. It was the consensus of the Commissioners that the County Engineer and Commissioner Palmer check on this building and bring back a report.

IN THE MATTER OF BECKONING WAY

John Ayers advised that the second parcel in Beckoning Way, the Padgett Farms that was recommended for condemnation, has refused the County counter-offer and will go to court this week.

IN THE MATTER OF MIP-869: LAXTON

Terry Jones reported that a previous letter recommending forfeiture of the bond, relative to MIP-869:Laxton, was being revised as the bond has now been renewed for this minor plat.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve the minutes of January 7 and January 14, 2002, with corrections.

Commission Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Palmer moved to approve the minutes of the Joint Meeting of January 17, 2002, with corrections.

Commissioner Ostermeier seconded the motion and the motion was approved 2-0-1 with Commissioners Palmer and Ostermeier voting aye and Commissioner Clampitt abstaining as he was not in attendance at the meeting.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #115575 through 115578, and # 218927 thru 219240 as presented February 11, 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TAX RATE

Nancy Marsh presented the tax rate for 2002 stating that Brownsburg was the highest and Guilford Township the lowest. Nancy Marsh reminded everyone of the training sessions for budgetary claims and payroll claims to be held February 12 , 13, 14 and 15 and encouraged the attendance of those employees handling these claims.

IN THE MATTER OF COUNTY HOME

Commissioner Ostermeier stated that a computer has been set up at the County Home for Peggy Nichols to do resident claims and reports.

IN THE MATTER OF RENTAL OF STORAGE SPACE

Greg Steuerwald stated that the information collected by the County Engineer relative to storage space for the County's use listed the lowest rate of available space as the building at 138 West Marion Street in Danville, and approved at the January 28, 2002, meeting, is owned by Joe Neher, husband of Barbara Ford. This storage space is necessary as the Hendricks Community Hospital plans to demolish the Annex in March/April.

Commissioner Palmer moved to recess the meeting at 12:30 PM. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

ATTEST: _____
Judith Wyeth, Deputy Auditor

February 19, 2002

The Hendricks County Board of Commissioners met in regular session at 9:55 AM on Tuesday, February 19, 2002, with a quorum of two (2) Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
Gregory E. Steuerwald		Hendricks County Attorney
Nancy L. Marsh		Hendricks County Auditor
Terry Jones		Hendricks County Planning Director
John Ayers		Hendricks County Engineer
Russ Lawson		Hendricks County Highway Superintendent
Jerry Bowden		Hendricks County Human Resources Director
Cathy Grindstaff		Hendricks County Environmental Health Director
Peggy Nichols		Hendricks County Home Administrator
Judith Wyeth		Secretary to the Commissioners

NOTE: Due to work load Commissioners Clampitt was unable to attend this meeting.

IN THE MATTER OF AGENDA

Commissioner Ostermeier requested to move the public hearing for the ordinance for bad checks to later in the meeting when Treasurer Amy Roberts would be present.

IN THE MATTER OF AGREEMENT WITH CITY OF INDIANAPOLIS – WATER COMPANY

Greg Steuerwald explained that The City of Indianapolis had purchased the Indianapolis Water Company and that they need an Interlocal Agreement with entities being served by that water company. There was discussion of this agreement. Commissioner Palmer moved to approve and execute this intergovernmental agreement with the City of Indianapolis Department of Waterworks and Hendricks County subject to confirmation that the Pittsboro issue has been resolved in a positive manner. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF WAL-MART US 36 HIGHWAY CUT

Attorney John Moore advised that Wal-Mart had purchased 48-acres on the north side of US Highway 36 and were requesting a highway cut for access to this C-2 commercial property.

William Fehribach of A & F Engineering presented a traffic study for this area and explained the traffic impact from these 317,514 square feet of commercial business on this parcel.

Christy Meyers, 9406 Avon Strand, a resident of the Enclave of Avon, expressed traffic and safety concerns for residents in this development with only one (1) entrance and supported the second entrance.

Karen Tolley, CPI Management, requested a second entrance for safety and traffic concerns of the residents.

There was discussion of moving the proposed entrance to the east side of the property, as this would then exceed the required INDOT distance between road cuts.

John Moore requested that the Commissioners reconsider their January 23, 2002, letter to INDOT and support a second entrance as this exceeds the state requirements between highway cuts.

Tom Klein, Avon Town Manager, stated that two (2) additional signals will not help the traffic flow on US Highway 36.

Jeff Reasner, Urbahns Development, stated these entrances were approved for this parcel and for his property 400

feet west of Avon Parkway when they were rezoned commercial.

Terry Jones explained the history of the rezoning of this property and the proposed projects.

Allen Oertel, Wal-Mart engineer, explained their proposed plans for the commercial development of this parcel.

John Ayers advised that this road cut decision is an INDOT decision and that the County can only make a recommendation and suggested that the interested parties and County staff meet with INDOT to resolve this issue for the best interest of the safety of citizens.

Richard Shumaker, the owner of the parcel to the east, requested to be invited to all meetings on this matter.

Commissioner Palmer made a motion that the County Engineer send a letter to INDOT stating that we are revisiting the request for a road cut on US Highway 36 for the Wal-Mart property and that there will be a meeting with all concerned parties, for INDOT to resolve this issue and to delay their final decision until after this meeting.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF MILLER LANDFILL

It was the consensus of the Commissioners to approve the request of Attorney Lee Comer to continue the Miller Landfill to the February 25, meeting at 6:00 PM.

IN THE MATTER OF PUBLIC HEARING FOR AN ORDINANCE
TO PROVIDE FOR THE COLLECTION OF BAD CHECK SERVICES FEES BY COUNTY OFFICERS

Treasurer Amy Roberts presented an ordinance To Provide for the Collections of Bad Check Service Fees by County Offices and advised that she had a policy to handle this matter in her department. Commissioner Ostermeier opened the public meeting. There was no public input. Commissioner Ostermeier closed the public hearing.

Commissioner Palmer moved to approve the Ordinance to Provide For The Collection Of Bad Check Service Fees By County Offices, as recommended by the Treasurer, as Ordinance No.2002-05. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF HENDRICKS CIVIC THEATRE, INC.

William G. Kimbley of the Hendricks Civic Theatre, Inc., came forward as a Wishes To Be Heard, to explain the Maplewood Community Church building, located at the southwest corner of CR 500N and CR 100E, which they have purchased to use for a small theater and to request approval to go forward to get permits for improvements in the County right-of-way. John Ayers advised that there are no plans for expanding CR 500N anytime soon and he could not foresee any need for this right-of-way. It was the consensus of the Commissioners to send a letter to the Board of Zoning Appeals stating that the County has no interest in this requested right-of-way and ask that they look favorably on the request of the Hendricks Civic Theatre, Inc.

IN THE MATTER OF ASSESSOR – TELEPHONE

Assessor Barbara Ford requested an additional cell phone for use of her reassessment staff working in the field. Commissioner Palmer moved to approve an additional cell phone for the Assessor's Office as requested by Barb Ford. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF HIGHWAY – BRIDGE NO. 167

Russ Lawson advised that CR 300S would be in temporarily closed during the building of the wood bridge, Bridge No. 167.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers advised that we need to start the final design of the North/South Corridor for CR 200N to CR 300N and US Highway 36 to CR 100S and requested to send Requests For Quotes (RFQ) as two (2) separate projects and to use the federal money obtained by Congressman Brian Kerns for the construction plans. Commissioner Palmer moved to allow County Engineer John Ayers to send RFQ's for the North/South Corridor construction design for CR 200N to CR 300N and US Highway 36 south to CR 100S, including the railroad bridge, as two (2) separate projects.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TOWN OF DANVILLE – ROADS

John Ayers reported that the Town of Danville had annexed the following roads:

CR 200S	- Cartersburg Road to CR 150E	.49 miles
CR 150E	- CR 200S to a point north of CR 75S	1.35 miles

The Town of Danville requests that these roads be transferred from the County to the Town. Commissioner Palmer moved to approve the recommendation of County Engineer John Ayers to transfer the portion of the County Roads to the Town of Danville as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TRAFFIC STUDY – COUNTRY MEADOW

John Ayers presented a traffic study for Country Meadow Estates, which was initiated by Ms. Rhonda Nardi Conrad, President of the Country Meadow Estates Homeowners Association. The study states that due to the sight distance problems, numerous children playing, and the ability to reach high speeds on the long, straight stretches of County Lane and Meadowlark Lane, it is recommended County Meadow Estates be declared an "Urban District" and posted with 25 mph speed limit signs. The study refers to the following excerpt of the previous traffic study to support the proposed action in Country Meadow Estates:

In the past, we have contacted Mr. Steuerwald (County Attorney) regarding the County's authority to post minimum speed limits on streets in its jurisdiction. His response basically states that the county has the authority to post a speed limit no lower than 35-mph, unless it is declared an "urban district".

In researching the legal definition of "urban district", neither County Ordinances nor Indiana State Code supplied information on the matter. After apprising Mr. Steuerwald of the situation, he acknowledged there was no definition of "urban district", set forth in the Indiana Code and suggested that the county declare Wall Street Heights an "urban district". The county could then set the appropriate speed limit. He suggested we quote I.C.9-4-1-58(b) to support the decision: "Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed permitted under this chapter for an urban district".

The new signs will clarify the speed limit to the driving public and help the Sheriff's Department in enforcement of this area. Commissioner Palmer moved, on the recommendation of the County Engineer to declare County Meadow Estates as an "urban district", to reduce the speed limit and install the proposed signs as noted in the traffic study for

County Meadow Estates. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ROAD SCHOOL

There was discussion that the employees and staff eligible to attend Road School are the Commissioners, County Engineer, Auditor, Highway Superintendent and Assistant, Planning Director and Surveyor.

IN THE MATTER OF MAP-532 – SOUTH PARK ESTATES

Terry Jones presented the Contractor's Completion Affidavit for MAP-532, South Park Estates, J. Ott Contracting, Inc., and recommended to accept the maintenance bond in the amount of \$3,300. Commissioner Ostermeier moved, per recommendation of the Planning Director, to accept the Contractor's Completion Affidavit for MAP-532, South Park Estates and to accept the maintenance bond as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF GOVERNMENT CENTER - FURNITURE

John Ayers explained that the furniture order request presented last week had a freight charge that was considered to be in excess. Mr. Ayers advised that the Engineering Department could rent a van and go pick up this furniture order in southern Indiana at a considerable savings to the County. It was the consensus of the Commissioners that the Engineering Department pickup this order and save the County the excessive freight charges.

John Ayers presented an affidavit for furniture for the Government Center that has been approved by the Bond Trustees and requested that it be forwarded to the bond bank for payment.

IN THE MATTER OF FIBER OPTIC

John Ayers reported on the Request For Proposals (RQF) for the fiber optic from the Courthouse and points east stating they sent seven (7) requests and received two (2) responses. The submitted report from Donaldson Price Associates listed no price and the Paul Johnson Associates was the only quote received. There was discussion of the lack of response. Commissioner Palmer moved to have Auditor Nancy Marsh hold the proposal for fiber optic, to continue to the next meeting and for the County Attorney to review. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF PLANNING DEPARTMENT

Terry Jones advised that the Plan Commission will hold an informative work session to discuss amenities on Monday, February 25, 2002, at 7:00 PM, following the Commissioners' Meeting, in the Government Center.

Terry Jones advised that the February 12, 2002, Plan Commission Meeting was cancelled due to lack of a quorum and there will be a special meeting set to handle the cases from the February agenda.

IN THE MATTER OF NATIONAL CITY BANK BUILDING

John Ayers reported on the "for sale" status of the National City Bank Building located on the west side of the square, stating that the Town of Danville is interested in purchasing this building. Also, that the Town owns a portion of the building, and both parking lots, so there would be no parking available for County staff and suggested that we wait and see if the town purchases this building.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented a letter giving an update on the status of the County Home conforming with regulations recommended by Shar-Care.

IN THE MATTER OF WEIGHTS AND MEASURES

Receipt was acknowledged of the Weights and Measures report from January 15, thru February 8, 2002, from Charles Colbert.

IN THE MATTER OF EMERGENCY MANAGEMENT

Jim Adams reported Emergency Management had been called to investigate a substance in the creek near Twin Bridges Golf Course. The reddish brown substance in the creek was found to be the result of draining the water tank at Ellis Park to repair a pump and they had flushed the iron and water down the creek. IDEM was notified and within a short time the creek had started clearing up and no hazard had been found due to the iron.

IN THE MATTER OF POSTAGE METER FOR THE SHERIFF'S OFFICE

Quotes from Ascom Hasler and Pitney Bowes were presented for a new postage meter at the Sheriff's Office. Greg Steuerwald recommended to obtain a third quote and bring back next week.

IN THE MATTER OF BECKONING WAY - PADGETT LAND

John Ayers reported that the court settlement on the Padgett land near Beckoning Way was settled for considerably less than the property owner had requested. The Commissioners commended the law firm of Deckard and O'Brien for resolving this issue at a great savings to the taxpayers.

Commissioner Palmer moved to recess the Commissioners' meeting at 12:20 PM

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 12:40 PM with the addition of the following:

John Parsons, Systems Administrator Doug Morris, Web Master Lane Pedigo Computer

John Parsons advised they had delivered a new computer to the County Home and that Auditor Nancy Marsh was working with the County Home staff to get the system working for handling resident claims.

John Parsons advised that Plexis had stated they will have their system operating for reassessment by the middle of March and that they will get back with us.

John Parsons reported that Joe Gelardin of the Indianapolis Metro West had requested a lot of information and inquired direction on providing this information. Auditor Nancy Marsh advised she had pulled information from the annual reports. It was the consensus of the Commissioners that John Parsons research both the bond and cum cap computer expenses and to give the amounts by vendors for the past seven (7) years.

There was discussion of the technology presentation to be made at the Joint Commissioners and Council's meeting.

Doug Morris advised that there had been a request for a website link, however, this link had advertising that pops up at regular intervals. It was the consensus of the Commissioners to deny this request.

There was discussion to limit links to official government offices only.

Doug Morris advised that he working to revise the County web page.

Doug Morris stated he had received a request from an employee that would like to listen to music over the Internet. It was the consensus of the Commissioners to deny this request as it slows down the Internet.

Nancy Marsh stated that the Data Warehouse sample project was very helpful. There was discussion of running the data warehouse to the Engineering Department.

Commissioner Ostermeier requested John Parsons to check with the computer department in Madison County.

Commissioner Ostermeier moved to recess the Technology Board at 1:25 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

The Technology Board opened at 11:15 AM with the addition of the following:

John Parsons, Systems Administrator Doug Morris, Web Master

John Parsons explained the computer needs for the Congressional office and requested approval of their request as they are paying for all costs for this homeland security. It was the Consensus of the Commissioners to approve this request.

John Parsons advised that he had received a proposal for the fiber wing at the Courthouse. It was the consensus of the Commissioners to wait until three (3) proposals had been received.

John Parsons advised that he had sent Joe Gelarden, of the Indianapolis Star Metro West, the information he had requested.

There was discussion of revising the front page of the County web page.

John Parsons advised of humidity problems in the Computer Department and that the Engineering Department is aware of these problems and are working to resolve.

Doug Morris reported that Voter Registration reported they had received some isolated cases where citizens were unable to get on the County web page, and is working with Voter Registration, but believes that this may be provider difficulty.

Stacie Bedel of Indy Office Solutions presented a contract - order agreement for copy charges of \$.02 per copy for copies made on the loaned copiers provided by Indy Office Solutions to the Clerk, Superior 2, Soil and Water, Extension and Surveyor. Commissioner Clampitt moved to approve to enter into this contract, until we purchase some copiers, at the specified rate for copies for each of the five offices and that the County is not obligated to purchase these copiers. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Indy Solutions presented a report of their network audit of the County. The report was given to John Parsons to review and bring back a recommendation in two weeks.

There was discussion that the service representative for Minolta had advised that the copiers in the Treasurer's Office and Voter Registration needed drums replaced. Commissioner Clampitt moved to replace the drum in the Treasurer and Voter Registration offices as recommended by the service representative and to fund from the equipment maintenance line.

Commissioner Ostermeier stated that technology needs would be presented at the joint Commissioner and Council Meeting on Thursday, March 21, 2002. Nancy Marsh stated she and Amy Roberts would present a request to the Council for new software and at the joint meeting.

David Gaston stated that he would need more than twenty minutes for the GIS presentation at the joint meeting.

David Gaston advised that he has met with the towns on Phase Two of drainage plan.

Commissioner Clampitt moved to recess the Technology Board at 11:55 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

NOTE: Commissioner Linda Palmer was on vacation and did not attend this meeting.

IN THE MATTER OF ORDINANCE ESTABLISHING
AN INMATE PROCESSING FEE FOR THE HENDRICKS COUNTY SHERIFF'S OFFICE

Commissioner Ostermeier opened the public hearing at 10:20 AM for the Ordinance Establishing an Inmate Processing Fee for the Hendricks County Sheriff's Office. Roy Waddell advised that Commissioner Linda Palmer had suggested this ordinance and that this ordinance is basically a "user" fee of a \$25 processing charge each time a person is processed into the Hendricks County Jail and that these funds would be placed in the general fund. Greg Steuerwald clarified that this fee would go to the general fund, however, it may be directed back to the Sheriff's budget with Council approval if needed. Commissioner Ostermeier asked for public comment. There was no public input. Commissioner Ostermeier closed the public hearing. Commissioner Clampitt moved to approve Ordinance No. 2002-06, an Ordinance Establishing An Inmate Processing fee of \$25 for the Hendricks County Sheriff's Office as recommended by Sheriff Waddell, to be effective May 1, 2002. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers reported on the environmental hearing on Friday for the North/South Corridor stating that there is no significant impact and requested to send a letter to the Indiana Department of Transportation (INDOT) advising of the results of this hearing. Commissioner Clampitt moved to execute a letter to INDOT for the North/South Corridor as recommended by the County Engineer. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF BRIDGE NO. 213

John Ayers reported that Geo Harvey & Son was the low bid received for Bridge No. 213. and confirmed that they were the lowest, most responsible and responsive bid. Commissioner Ostermeier moved to approve and execute the contract with Geo Harvey and Sons for Bridge No. 213, as the lowest, most responsible and responsive bidder.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ASSESSOR – AERIALS CONTRACT

The Williams Aerial & Mapping, Inc. contract was presented, as requested by Assessor Barbara Ford, for the eastern portion Digital Ortho update with 6” pixel. Greg Steuerwald recommended two changes be made to the contract: the payment should be made within forty-five (45) days rather than the stated thirty (30) days and that it be corrected to read Hendricks County rather than St. Joseph County. Commissioner Clampitt moved to approve the aerials contract with Williams Aerial & Mapping, Inc., with changes of payment of forty-five (45) days and to read Hendricks County rather than St. Joseph County and that the President execute the contract with these changes noted and initialed by the President. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ANIMAL SHELTER – HUMANE SOCIETY

Mardee Pagac gave the history of the Humane Society in Hendricks County.

Merrily Nilles presented a proposal for the new plans for the Hendricks County Animal Shelter and advised that the Hendricks County Humane Society is willing to pay a consultation fee to engage a consultant with experience in building animal shelters. It was the consensus of the Commissioners that the Humane Society make copies of this proposal for the Council along with a firm commitment of the fee they are planning to pay for a consultant. Lori Sebert requested clarification. John Ayers asked director for the current architect. It was the consensus of the Commissioners that the Humane Society architect review and submit a request to the Council at their April 9, 2002, meeting. Mary Anne Lewis stated she had no problems with this request.

IN THE MATTER OF SONITROL PRESENTATION

Brenda Halsell made a brief presentation of the Sonitrol security system for the proposed animal shelter. It was the consensus of the Commissioners to take the matter under advisement.

IN THE MATTER OF AECON ENGINEERING

Brittany Martin introduced herself as the Business Development Representative for AECON, Inc. Engineers & Consultants.

IN THE MATTER OF HIGHWAY

Russ Lawson reported that the Highway Department is working on the wood bridge, cleaning some ditches where trees were blown down and advised that they will have all limbs and trees that were blown down during the weekend storm cleaned up today.

IN THE MATTER OF BRIDGE NO. 27

John Ayers requested direction to either send Requests For Proposals (RFQ) or to hire Stephen Christian Associates for repair to Bridge No. 27 on Stony Brook Drive in the Northridge Subdivision. Mr. Ayers stated this

bridge is not an emergency, but is in serious need of repair and further advised that he has received a letter from the Town of Brownsburg relative to the need for repair/replacement of this bridge. Commissioner Clampitt moved to allow the County Engineer to hire Stephen Christian Associates to repair Bridge No. 27. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CR 1000N

John Ayers advised that changes for CR 1000N, just east of the fire station in Brown Township, can be designed in-house.

IN THE MATTER OF FIBER OPTIC

John Ayers presented a contract with Paul Johnson Associates, Inc. for the fiber optic to gain knowledge in relation to the current fiber's condition, to discuss, clarify and more clearly understand present and future needs for voice, data and video for the County and to have in place a fiber link from the Courthouse to the Jail that will be engineered for present and anticipated voice, data and video requirements. Mr. Ayers further advised that the Council had approved funding for this project not to exceed \$11,370. Commissioner Clampitt moved to approve the contract for fiber optic with Paul Johnson Associates, and for the President to execute the proposal with "not to exceed" as presented as recommended by the County Engineer. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF AUCTION

John Ayers presented a check from Lawson Auction in the amount of \$1,167.40 for the sale of excess County furniture and equipment.

IN THE MATTER OF DUMPING

Receipt was acknowledged of a claim from Twin Bridges for dumping on roads that was picked up by the County Highway Department. Commissioner Clampitt moved to forward the claim to the West Central Solid Waste District for consideration of payment from the Special Projects Fund. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF HISTORIC DISTRICT

Receipt was acknowledged of the February 15, 2002, letter from Comer Law Office relative to the Hendricks County Heritage Alliance making application for County property near the courthouse square to be designated as a Historic District on the National Registry. It was the consensus of the Commissioners to take this request under advisement and bring back at a later date.

IN THE MATTER OF PLANNING

Terry Jones presented the February monthly collections report from Planning and Building.

IN THE MATTER OF COUNTY HOME

Kimberly Bremer of Apothecary Solutions made a presentation of Doc-U-Dose, an accurate and safe manner to dispense resident's medicine at the County Home. There was discussion that the County Home currently has a contract with PRN Pharmaceutical Services. It was the consensus of the Commissioners to check the old contract and to refer the matter to the County Attorney and Human Resources for review.

IN THE MATTER OF EXTENSION CONTRACT

Gary Emsweller presented the Extension Contractual Services Agreement between Purdue University and Government of Hendricks County for January 1, 2002, through December 31, 2002. Commissioner Clampitt moved to approve the contract for Extension Services as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF VETERAN'S REPORT

Receipt was acknowledged of the February 2002 Veterans' Report form Richard Bane.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #48101 thru 48140, #116013 thru 116443, #219687 thru 219696, #219702 thru 219715, and all manual checks cut or February 2002 as presented March 11, 2002. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF COPIERS

There was discussion of a report from Minolta service that drums needed to be replaced in the copiers in Voter Registration, Treasurer's Office, Engineering and Commissioners Office. Commissioner Clampitt moved to replace drums in the four copiers as stated. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ANNEX

John Ayers reported that the Annex is now empty and Rich Jensen was told to cancel all insurance on that building.

Commissioner Clampitt moved to recess the meeting at 11:50 AM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF MILL CREEK FIRE DISTRICT

Tina Henderson, Grant Administrator from Mendenhall & Associates, L.L.C., presented the Community Focus Fund for a fire truck for the Mill Creek Volunteer Fire Department and requested that the County be the lead applicant for this grant. Ms. Henderson advised that this grant would be through the Indiana Department of Commerce, provided a timeline schedule for this project, and stated that the Mill Creek Fire District will provide the matching funds.

Jack Heylmann advised that this fire truck will replace a 1979 Ford truck they are currently using and that the Mill Creek Fire District covers the towns of Stilesville, Amo and Coatesville.

Commissioner Palmer moved for the County Commissioners to serve as the lead agency for this grant application for the Mill Creek Fire District to try to obtain a new fire truck. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Commissioner Clampitt arrived at the meeting at 1:20 PM.

IN THE MATTER OF MANATRON PRESENTATION

Randall L. Peat, of Manatron, presented a handout on computer software for County financial data. Mark Ramer and Cindy Land assisted in the presentation.

IN THE MATTER OF SOFTWARE

Auditor Nancy Marsh and Treasurer Amy Roberts discussed computer financial software and requested the Commissioners to sign a contract with Low. Kelly Low gave a brief presentation of the Low System.

John Parsons explained the current system and the adaptation to a different system.

Sharon Low explained the conversion process.

Commissioner Palmer moved to allow one week for John Parsons to get figures for the conversion, for the County Attorney to review the contract and for the Auditor and Treasurer to look at additional computer software financial systems. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TRI KAPPA FAIR ON THE SQUARE

Receipt was acknowledged of a letter from Chris Morpew, Tri Kappa Vice President, requesting use of the

restroom facilities located inside the Courthouse and the water spigots, located on the east and west sides of the Probation Department on Marion Street, for the annual Tri Kappa Fair on the Square to be held on Saturday, September 7, 10 AM to 6 PM and Sunday, September 8 from 10 AM to 4 PM. Commissioner Clampitt moved to allow use of the Courthouse and Probation facilities as requested, as have been used in previous years, for the Tri-Kappa Fair on the Square for the specified dates and time and to send a letter to Tri Kappa. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SUBSTANCE ABUSE TASK FORCE

Steve Schmalz presented a list of items recommended by the Hendricks County Substance Abuse Task Force:

Brownsburg Elementary Schools	School Speaker Convocation	\$ 500
Cascade HS/Liberty Fire Dept	Every 15 minutes Program, school program in which a student is randomly withdrawn from school as if a victim in a drunk driving accident. 15 minutes is the nation's average for a death caused by a drunk driver.	1,650
Mill Creek Schools	Elementary School speaker/convocation program	1,200

All local law enforcement agencies	Overtime DUI enforcement, the sum of money is to be divided between all Hendricks Co. law enforcement agencies to assist in the payment of overtime DUI enforcement	20,000
Penrod Counseling	Jail Treatment Program, continuation of the treatment program currently taking place in the Hendricks Co. jail	8,150
	TOTAL	\$33,000

Commissioner Clampitt moved to allow the expenditure of \$33,000 from the Drug Task Force Community Funds as submitted by Steve Schmalz and recommended by the Substance Abuse Task Force. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TOUT SCHOOL CREEK ADDITION

Ed Schrier presented a history of the parcel of land being developed as the Tout School Creek Addition on CR 471E, referred to Exhibit "H" stating the expiration of this agreement is September 2002 and explained a request from Marathon Oil relative to a gas line that runs through this property. John Ayers explained that Marathon wants someone else to dig up the casing and provide fill dirt however, they have not provided a cost. There was discussion of extending the date of the time limit. Commissioner Palmer moved to refer the matter to Greg Steuerwald to review and to extend the agreement for twenty-five years to 2027. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

Russ Lawson reported that it was too wet last week to finish the Beckoning Way project, but that it will be completed this week.

IN THE MATTER OF BOND - GOVERNMENT CENTER FURNITURE

John Ayers presented an affidavit to Office Works for the wall panels in Planning and Building. It was the consensus of the Commissioners to forward this to the bond bank for payment.

IN THE MATTER OF ANNEX - SURPLUS

Receipt was acknowledged of a statement for disposing/recycling of surplus equipment that was stored at the

Annex. Commissioner Clampitt recommended to send this request to the West Central Solid Waste District for review and to consider payment from the Special Projects Fund. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented the contract for Vender Master Pharmacy Agreement with PRN Pharmaceutical Services and the County Home that was executed October 2, 1989. Greg Steuerwald recommended to send a letter to terminate this contract effective May 1, 2002, noting that termination was due to changes of regulations.

Commissioner Clampitt moved to allow the County Attorney to terminate the contract effective May 1, 2002.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Peggy presented contract for Medical Nutritional Therapists, Inc. Commissioner Clampitt moved to allow the County Attorney to review the contract. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF EQUIPMENT – HIGHWAY

Receipt was acknowledged from the Highway Department of a maintenance agreement for a typewriter. It was the consensus of the Commissioners to rescind this maintenance agreement.

IN THE MATTER OF LEGAL ISSUES

Greg Steuerwald advised that he will be meeting with Crossman Communities on Tuesday and requested Commissioner Ostermeier to attend on behalf of the Commissioners.

Greg Steuerwald advised that he will be meeting to discuss legal matters with Curtis Coonrod on Thursday afternoon and requested Commissioner Palmer to attend on behalf of the Commissioners.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 3:10 PM and to resume with the Technology Board. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 3:40 PM with the following joining the meeting:

John Parsons, Systems Administrator Doug Morris, Web Master

John Parsons reported that Steve Schmalz, of Circuit Probation, had advised that if the County did not have internet to the Courthouse they will pay for their own internet. Greg Steuerwald advised that he will talk with Mr. Schmalz.

The sign off sheet for the Networking Policies and Procedures Manual has been completed and the policies have been printed and delivered. John Parsons recommended that the Computer Department distribute the policies and that the sign off sheet be turned into Human Resources. It was the consensus of the Commissioners to send a memo to all offices of the procedure as recommended by Mr. Parsons and that instructions also be included in the

March 22 employee newsletter.

There was discussion of the networking report sent by Indy Solutions. John Parsons stated there was no need to pay to have this done as it has already been done.

Reference was made to the March 7, 2002, letter from Superior Court Judge Robert Freese relative to installation of computer equipment in that office. Commissioner Ostermeier will call Judge Freese to resolve this issue.

It was the consensus of the Commissioners to send a memo to all four Judges that we are waiting for approval of the \$90,00 request to Council in order to complete the internet to the Courthouse. This request was tabled at the March Council meeting, however, we expect approval at the April 9, 2002, meeting. Upon approval of this \$90,000 the internet will be completed by May 31, 2002.

Commissioner Clampitt moved to recess the Technology Board at 4:07 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

The Hendricks County Commissioners met in special joint session with the Hendricks County Council at 5:12 PM on Thursday, March 21, 2002, in Rooms 4-5 on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	Commissioners	Paul T. Hardin)
Linda Palmer)		Jay Puckett)
Gregory E. Steuerwald	County Attorney	Kenny Given) Council
Nancy L. Marsh	County Auditor	Wayne Johnson)
Karen Love	Judge, Superior 3	Larry Hesson)
David Gaston	County Surveyor	Hursel Disney)
Patricia Baldwin	County Prosecutor	Phyllis Palmer)
John Parsons	Systems Administrator	
John Ayers	County Engineer	
Judith Wyeth	Secretary to the Commissioners	

NOTE: Due to work schedule Commissioner Clampitt was unable to attend this meeting.

Commissioner Ostermeier opened the meeting and led the Pledge to the Flag in unison.

Surveyor David Gaston presented a packet of information explaining drainage needs for the County including Rule 13, which is a federal and state clean water mandate for both County and towns and gave the dates by which both must comply. He presented questions of funding, ways to fund, explained the deadlines for different phases, federal penalties, to do the project in-house with staff or hire an outside consultant, and of forming a utility outside the frozen levy.

There was a brief question and answer session that followed the presentation.

(NOTE: Larry Hesson arrived at 5:55 PM)

Systems Administrator John Parsons presented a packet of information relative to future County computer needs.

Mr. Parsons also advised that homeland security, which translates to prevention of potential problems and disaster recovery, which translates to restoration of operations following a disaster event, were two areas of major concern.

There was a brief question and answer session that followed the presentation.

Judge Karen Love of Superior Court 3, made a presentation explaining the growth and percentage of new court cases filed in Hendricks County during the past six years, a comparison of similar counties judicial officers, the 2000 ratio of judicial officers to population in comparable counties, stating the state average is one judicial officer for every 13,953 people and of the predicted growth of Hendricks County with the conclusion that Hendricks County will need additional courts, personnel and facilities to accommodate our expected growth and both a short-term and long-term strategic plan to provide court services for this growth.

Prosecutor Pat Baldwin explained the town courts, the process to set up a new court and advised that it took five years to set up Superior Court 3.

Receipt was acknowledged of a letter and packet from Judge David H. Coleman, of Superior Court 2, with a list of predictions about the needs of the Hendricks County court system based on observations made by looking back over the last 10-12 years, including facilities, personnel and technology. Judge Coleman's summary stated that serious consideration should be given the possibility of building a new courts building within the next 10 years as another court will be needed soon, however, hiring a magistrate judge may delay the need for a new courtroom for a while.

Receipt was acknowledged of a letter from Judge Robert Freese, Superior Court I, advising that he was aware of the 10-year predictions for Hendricks County Courts submitted by Judge Coleman and that he was in agreement with him.

There was a brief question and answer session that followed the presentation.

Greg Guerrettaz, Financial Solutions Group (FSG), stated the next meeting should be for discussion of the steel mill, EDIT, archiving and storage of records, the prosecutor and additional space and parks. It was the consensus of the Commissioners and Council that the next meeting be held Tuesday, April 23, 2002, at 5:00 PM in the Government Center.

Commissioner Palmer moved to recess the meeting at 6:55 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

The Hendricks County Board of Commissioners met in regular session at 9:30 AM on Monday, April 1, 2002, with a quorum of three (3) Commissioners in the Commissioners' Meeting room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven I. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Dan Zielinski		Acting Hendricks County Attorney
Nancy L. Marsh		Hendricks County Auditor
Russ Lawson		Hendricks County Highway Superintendent
Jerry Bowden		Hendricks County Human Resources Director
Peggy Nichols		Hendricks County Home Superintendent
Todd Barker		Hendricks County Planner
Leanna Alverson		Hendricks County Engineering Department
Judith Wyeth		Secretary to the Commissioners

IN THE MATTER OF FINANCIAL COMPUTER SOFTWARE

Auditor Nancy Marsh presented the revised contract with Low Associates for financial computer software with the following changes that were reviewed and approved by Greg Steuerwald:

Low Associates agrees to provide technical support as needed, should the Windows version of the Payroll/Human Resources System not be ready for implementation by January 2003. This would cover any technical support issue related to the continued use of the Dos Payroll/Human Resources System and will be provided at no cost to Hendricks County. Hendricks County agrees not to make changes related to the hardware and system software without consulting Low. Change the 180 days notice to 90 days.

It was the consensus of the Commissioners to accept the changes in the revised Low contract, as previously discussed, and have been reviewed and approved by the County Attorney and for the President to execute the contract.

IN THE MATTER OF CIRCLE SEVEN WORKFORCE INVESTMENT BOARD

Receipt was acknowledged of a memorandum of March 20, 2002, from Lance D. Ratliff, Executive Director of Circle Seven, with a letter from Richard Abbott, our Job Corps representative on the Circle Seven Workforce Investment Board, advising that he has retired and requesting a jointly appointed replacement, representing the fifteen local elected officials in the seven county area. Mr. Abbott's letter nominated Mr. Jim Hemmelgarn, Career Preparation Manager of the Atterbury Job Corps Center, as his replacement. Commissioner Clampitt moved to appoint Jim Hemmelgarn as our representative to the Circle Seven Workforce Investment Board to replace Richard Abbott. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WAL-MART ACCESS – US HIGHWAY 36

John Moore, attorney, requested status of the Wal-Mart access on US Highway 36. There was discussion of the draft letter of March 25, 2002, to the Indiana Department of Transportation, stating:

Ultimately it is up to the Indiana Department of Transportation to determine if such circumstances exist in this case. Should it be decided that they do, Hendricks County would support that decision only with the following conditions:

- 1. It should be positioned at the East property line of the parcel in question, and should be aligned with Shelton Drive to the south.**
- 2. At INDOT's discretion, it could be a right-in, right-out entrance.**
- 3. It should not be signalized.**
- 4. Again at INDOT's discretion, the construction could be delayed until the entrance is deemed necessary. Right of way would have to be set aside now, and a commitment**

- must be made by the developer for construction in the future.**
- 5. The proposed frontage drive parallel with US 36 must be stubbed to the property to the East for future extension, must have fewer access points to the Wal Mart parking lot, must utilize shared entrances to the outlots, and must be designed to be taken over as a public street.**
 - 6. The existing median island in Avon Village Parkway must be extended past the frontage drive to prevent left turns out of that drive.**

Commissioner Clampitt moved to approve, execute and forward the letter to INDOT as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

Russ Lawson advised the Highway Department was patching potholes and working on building the wood bridge.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers presented a draft letter to Congressman Brian Kerns, as requested by Dennis Falkenberg, requesting special federal highway funding for the Hendricks County North/South Highway Corridor and assistance for an additional \$3,700,000 to make progress toward construction of the corridor between CR 300N and 100S.

Commissioner Clampitt moved to approve and execute the letter to Congressman Kerns for additional funding for the North/South Corridor as presented, subject to review by the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MIP-757 - BARNETTE

Todd Barker presented the Contractor's Completion Affidavit for MIP-757: Barnette and Bank One cashiers' check 619751604. Commissioner Clampitt moved to approve the Contractor's Completion Affidavit for MIP-757 as recommended by staff, and to sign the check. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PANIC SYSTEM

Leanna Alverson presented a quote from CMI for upgrading the County panic system, due to change in frequency. Commissioner Clampitt moved to check with Bob Carroll of Engineering and to allow the expenditure for the panic system if necessary. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented, for review, a draft copy from Medical Nutritional Therapists, Inc., of an agreement for medical nutritional therapy and food service management consulting.

IN THE MATTER OF GOVERNMENT CENTER MAIL

Auditor Nancy Marsh requested an additional post office box or a larger postal box at the Government Center as many times the box is unable to handle the large amount of mail and often employees must deliver mail directly to the post office when the box is completely full. It was the consensus of the Commissioners that the secretary check with the post office and report back on the matter.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #48141 thru 48175 and #220046 thru 220329 as presented April 1, 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ANIMAL SHELTER – DISASTER TRAINING

Receipt was acknowledged of a letter from Mark R. Morgan, Chairman of Hendricks County L.E.P.C. advising they would fund a portion of the expenses to send a second staff member to attend animal disaster training in Ft. Worth Texas with Mary Anne Lewis for the air fare of one round trip, conference registration and per diem for 5 days at the normal County rate. Commissioner Clampitt moved to allow a second staff member to attend the animal disaster conference with L.E.P.C. paying for the expenses stated. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WHITE LICK HERITAGE COMMUNITY FOUNDATION

Commissioner Clampitt announced the White Lick Heritage Community Foundation “No Golf Outing” and encouraged support for this group. Commissioner Palmer presented a draft resolution for White Lick Heritage Community Foundation from Chairman Dick Dietz. Commissioner Clampitt moved to approve the Resolution for the White Lick Heritage Community Foundation with revisions. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HUMAN RESOURCES – FSA

Jerry Bowden presented a flyer explaining the FSA, flexible spending account, and requested to enclose this sheet with employee paychecks. It was the consensus of the Commissioners to bold the bottom on the page stating. “the phone number of Human Resources if there are any questions” and to include the flyer with employee paychecks.

Jerry Bowden reported that he is working on employee health insurance with Jon Yoho and Jeff Fox.

Commissioner Clampitt moved to recess the Commissioners’ meeting at 10:30 AM, to resume at 11:00 AM with the Technology Board. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 11:00 AM with the following joining the meeting.

John Parsons, Systems Administrator	Barbara Ford, Assessor
Doug Morris, Web Master	Steve Schmalz, Director Juvenile Probation

John Parsons reported that he has received two quotes for fiber and is waiting to receive a third quote.

John Parsons reported that the Networking Policies and Procedures Manual was not well received by the Courthouse staff. There was discussion of the County computers only being used for County business and not for personal use and of the tracking process. It was the consensus of the Commissioners that Commissioner Palmer talk with the judges to explain the need for this policy manual.

Steve Schmalz acknowledged that the courts had received the letter advising that e-mail and internet would be available to the Courthouse by May 31, 2002, providing the Council approved the request for funding at their April 9, 2002, meeting. Mr. Schmalz requested that if funding is not approved by the Council, that the courts have Comcast provide the e-mail and internet service. The Commissioners will take no action on this matter until after the Council meeting.

Nancy Marsh questioned the “log off” requirement stated in the Networking Policies and Procedures Manual. Mr.

Parsons explained the process.

Commissioner Clampitt moved to recess the Technology Board at 11:32 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

April 8, 2002

The Hendricks County Board of Commissioners met in regular session at 9:35 AM on Monday, April 8, 2002, with a quorum of three (3) Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Russ Lawson	Hendricks County Highway Superintendent
John Ayers	Hendricks County Engineer
Terry Jones	Hendricks County Planning Director
Mary Anne Lewis	Hendricks County Chief Animal Control Officer
Peggy Nichols	Hendricks County Home Superintendent
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF HIGHWAY - TRUCK - GRADALL AWARD BID

Russ Lawson reported that the quotes, opened last week for the Gradall, had been reviewed and recommended that the quote from Southeastern Equipment be accepted as it was the lowest quote. Mr. Lawson also presented financial papers to be executed. Commissioner Clampitt moved to award the bid to Southeastern Equipment for the Highway Gradall, as recommended by the Highway Superintendent, as the lowest most responsive and responsible quote received, and to execute the documents presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PARK BOARD - APPOINTMENT

Bill Harrington, President of the Hendricks County Park Board, advised that the term for Tom Barker, the Commissioners' appointee to the Park Board, had expired and recommended that Mr. Barker be reappointed to a four year term beginning May 1, 2002. Commissioner Clampitt moved to reappoint Tom Barker to a four-year term on the Hendricks County Park Board thru April 30, 2006. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF McCLOUD NATURE PARK

Bill Harrington gave an update on the McCloud Nature Park, located in the northwestern corner of Hendricks County, stating the \$100,000 matching funds the County awarded to the park to purchase the land has received an additional matching \$200,000 federal grant that will be used to remodel a building on the site as a nature study and for a new entrance road. Mr. Harrington further advised that the closing for the Koch/Malloy parcel would be

Tuesday, April 9, 2002, and they would have possession immediately upon closing. The Park Board currently has a consultant and architect with plans to be open by Labor Day weekend to coincide with the North Salem Old Fashion Days. Mr. Harrington requested to use County resources for pricing and delivery of gravel for the park road in order to purchase at the best prices and stated they have funds available. There was discussion that gravel could be purchased at the county bid.

IN THE MATTER OF WHITE LICK HERITAGE COMMUNITY FOUNDATION

Commissioner Ostermeier read the following resolution for the White Lick Heritage Community

Foundation:

RESOLUTION

*BE IT RESOLVED by the Hendricks County Commissioners
Hendricks County Indiana, that:*

WHEREAS, consideration was given to the facts presented to the Commissioners by the White Lick Heritage Community Foundation, Inc. (Foundation) regarding the Lilly Endowment Giving Indiana Funds for Tomorrow, Phase Five (GIFTV) matching grant for Hendricks County, and;

WHEREAS, there has been presented to and discussed at a regularly scheduled meeting of the Board of Commissioners that the Lilly Endowment has extended the matching grant known as GIFTV to the Foundation for the remaining of the year 2002, and;

WHEREAS, the Foundation is the only eligible recipient of these matching funds in Hendricks County, and;

WHEREAS, the Lilly Endowment will match one-dollar for each one-dollar raised for the Foundation's Opportunity Fund up to the amount of two million dollars (\$2,000,000), and;

WHEREAS, the Opportunity Fund is the unrestricted fund used by the Foundation to make grants for Arts and Culture, Community Enhancement, Education, Environment, Health and Human Services, and Youth within Hendricks County, and;

WHEREAS, all Hendricks County citizens can contribute to this matching grant by making contributions to the Foundation Opportunity Fund or becoming associate members in the Foundation;

BE IT THEREFORE RESOLVED, that this Hendricks County Board of Commissioners recognizes this unique and special opportunity for Hendricks County and the Foundation, and encourages any and all citizens to support the Foundations' effort to bring these matching dollars to Hendricks County.

*The resolution set forth above has been approved and ratified by the Board of Commissioners
This 8th day of April, 2002.*

(SEAL) (Signed) *Steve Ostermeier, President
Linda Palmer, Vice President
John D. Clampitt, Member*

Dick Dietz, President of White Like Heritage Community Foundation, requested that the resolution be made a part of the Commissioners' minutes. Commissioner Clampitt moved to approve and execute the resolution as read and to enter the resolution in the minutes. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

Receipt was acknowledged of a letter from Floyd A. Schanz, 97 Rainbow Boulevard, Indianapolis, with pictures of the eroding streets in Shiloh Estates. Russ Lawson stated that he will contact Mr. Schanz and check these streets.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers presented an agreement for the Six Point Road interchange of the North/South Corridor for the bat mitigation, which has no County funds involved. Commissioner Clampitt moved to execute the agreement for the Six Points interchange of the North/South Corridor, at no cost to the County, as presented. Commissioner Palmer

seconded the motion and the motion was approved unanimously 3-0-0.

John Ayers presented a draft letter to the Indiana Department of Transportation (INDOT) advising that the environmental requirements have been satisfied for the North/South Corridor, from US 40 to County Road 600N, and that the FONSI was approved on March 18, 2002. Commissioner Clampitt moved to approve and execute the letter as presented and to forward to INDOT. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENCLAVE AT AVON VILLAGE

Terry Jones presented a request for Enclave at Avon Village stating that the Planning and Building Department found that the improvements have been adequately maintained for the required one-year period and based on this inspection recommended that the maintenance bond in the amount of \$62,685 be released. Mr. Jones further advised that this development is subject to a Legal Drain assessment. Commissioner Clampitt moved, per recommendation of the Planning and Building Director, to approve the request for release of the maintenance bond for Enclave at Avon Village. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COURTHOUSE - WOMEN'S RESTROOM

John Ayers presented three quotes, Patterson/Horth, Brandt Construction and M.D. Rowe, for remodeling the women's rest room on the first floor of the Courthouse and recommended that Patterson/Horth be accepted as they were the lowest quote submitted. Commissioner Clampitt moved to accept the quote from Patterson/Horth of \$13,792, for remodeling the women's rest room on the first floor of the Courthouse, as the lowest, most responsible and responsive quote received. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COURTHOUSE - CABLE TV

John Ayers advised that the offices of Juvenile Probation and Prosecutor had requested cable TV from Comcast for their offices. It was the consensus of the Commissioners that John Ayers check to make sure they were requesting cable TV and that it would be at no cost to the County.

IN THE MATTER OF ANIMAL SHELTER

John Ayers reported the carpet tiles that had been donated to the animal shelter for the proposed new building were not usable and should be disposed of.

Mary Anne Lewis requested that she and the co-worker planning to attend the animal disaster training in Ft. Worth, Texas, be permitted to drive a County vehicle rather than fly, as previously approved. Rich Jensen advised they need to be on the County clock the entire time in order for workman's comp to be applicable. Commissioner Clampitt moved to approve to allow a County vehicle to be driven to Ft. Worth, Texas, for the training, as requested. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-1-0 with Commissioners Clampitt and Palmer voting aye and Commissioner Ostermeier voting nay.

IN THE MATTER OF PLANNING

Terry Jones stated that the Town of Pittsboro has expressed interest in town informative meetings on zoning requests outside their town limits.

Terry Jones advised that the Plan Commission has created an Amenities Committee, with Steve Ostermeier, Dick Whicker

and JoAnn Groves. Mr. Jones further advised that the committee plans to meet all requirements for notice of public meetings

and will request and accept public input.

Terry Jones informed the Commissioners that he has met with airport representatives to discuss the airport overlay land use and will check with other surrounding counties on this matter.

IN THE MATTER OF UNITED WAY - AWARD

Susie Friend, of United Way, presented the "A Company That Cares" award to Hendricks County for employee participation in the United Way program and advised that Hendricks County was the only Government body that received this award for 2001. The award will be placed in the display case on the first floor of the Government Center.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented the pharmacy agreement for the County Home. Commissioner Clampitt moved to approve the pharmacy agreement for medicine at the County Home, subject to review and approval of the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Peggy Nichols presented the revised Medical Nutritional Therapists contract. Commissioner Clampitt moved to approve the Medical Nutritional Therapists contract, subject to County Attorney review and approval. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. It was the consensus of the Commissioners to forward Medical Nutritional a special contract for the remainder of this year.

IN THE MATTER OF VETERANS

Receipt was acknowledged of the March 2002 Veterans' Report from Richard Bane.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #116900 thru 117340 #220340 thru 220344, 220348 thru 220360, #220363 thru 220366 and all manual checks cut during the month of March, as presented April 8, 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TAXES – WILSON ADDITION

Receipt was acknowledged of the property taxes for the County owned house in the Wilson Addition, in the right-of-way for the bridge replacement on Cartersburg Road. John Ayers will check on this matter and report back.

IN THE MATTER OF BOND AFFIDAVIT - FURNITURE GOVERNMENT CENTER

John Ayers presented affidavits for Government Center furniture from Office Works, Inc. and King School Equipment that were previously approved by the Commissioners and Bond Trustees. It was the consensus of the Commissioners to forward the affidavits to the bond bank for payment.

Commissioner Clampitt moved to recess the meeting at 10:32 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

April 15, 2002

The Hendricks County Board of Commissioners met in regular session at 9:35 AM on Monday, April 15, 2002, with a quorum of three (3) Commissioners in the meeting room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Terry Jones	Hendricks County Planning Director
John Ayers	Hendricks County Engineer
Jerry Bowden	Hendricks County Human Resources Director
Charles Colbert	Hendricks County Weights and Measures Supervisor
Shandy Cheek	Hendricks County Health Department
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF PUTNAM COUNTY
SHARING WEIGHTS & MEASURES AND COMPUTER TECHNICIAN

Don Walton, President of Putnam County Board of Commissioners, discussed Hendricks County and Putnam County sharing a weights and measures employee and presented a resume to possibly share a computer specialist. Charles Colbert, Hendricks County Weights and Measures Inspector, stated sharing was agreeable with him. Greg Steuerwald advised this could be worked out with an interlocal agreement between the two counties and was willing to work with the Putnam County Attorney. Denny O'Hare, Putnam County Commissioner, requested support of this sharing. Commissioner Clampitt moved to approve any agreement that they can work out with Putnam County for sharing a weights and measures employee. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TSA02-01 – AMENDING DEFINITIONS - SUBDIVISION

Terry Jones presented TSA02-01 amending section 2.02 (121.) Definitions – Subdivision Control Ordinance to read:

2.02 DEFINITIONS

121. SUBDIVISION: *The division of a parcel of land (recorded after April 21, 1997) into two (2) or more lots, parcels, sites, units, plats, or interests for the purpose of offer, sale, lease or development, either on the installment plan or upon any and all other plans, terms and conditions, including resubdivision. Subdivision includes the division of development of land opened for residential and nonresidential uses, whether by deed, metes and bounds description, devise, intestacy, lease, map, plat, or other recorded instrument.*

Mr. Jones explained this request and stated that this text change comes with a favorable recommendation from the Plan Commission with a vote of 7-0-0. Commissioner Clampitt moved to approve TSA02-01 as Ordinance 2002-07 as recommended by the Plan Commission. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TZA02-02 – AMENDING ZONING DEFINITION - SUBDIVISION

Terry Jones presented TZA02-02 amending Chapter 2.02 (257.) Definition – Zoning Ordinance to read:

2.02 DEFINITIONS

257. SUBDIVISION: *The division of a parcel of land (recorded after April 21, 1997) into two (2) or more lots, parcels, sites, units, plats, or interests for the purpose of offer, sale, lease, or development, either on the installment plan or upon any and all other plans, terms, and conditions, including resubdivision. Subdivision includes the division of development of land opened for residential and nonresidential uses, whether by deed, metes and bounds description, devise, intestacy, lease, map, plat, or other recorded instrument.*

Mr. Jones explained this request and stated that this text change comes with a favorable recommendation from the Plan Commission with a vote of 7-0-0. Commissioner Clampitt moved to approve TZA02-02 as presented as Ordinance 2002-08 as recommended by the Plan Commission. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF RELAY FOR LIFE - FUNDRAISER

Leanna Alverson, of Engineering Department, presented a request for a fundraising project for her daughter's basketball team, Team #34 – Darin's Basketball Chicks, for employees of the Government Center to dress-down the week of Monday, May 20 through Friday, May 24, at a cost of \$1 per day or all week for \$4 to raise money for the Relay for Life. The Relay for Life will be held June 7 and June 8 at both the Danville and Avon High Schools and raises money for cancer research. Ms. Alverson advised that she will be responsible for notifying employees, will hand out badges, keep track of money and then report back to the Commissioners. It was the consensus of the Commissioners to approve the request to be sent only to Government Center employees and that shorts will not be acceptable.

IN THE MATTER OF HIGHWAY DEPARTMENT

Russ Lawson reported that the Highway Department is cutting trees in right-of-way and are working on ditches.

IN THE MATTER OF HOSPITAL ROAD

John Ayers presented a request to forward to the Council for additional appropriation from the Cumulative Capital Fund to be used to build the Hendricks Community Hospital Road. Mr. Ayers advised that this road will be built in phases and this request is for the full 80% of the road as approved. Commissioner Clampitt moved to approve the letter to the Council in the amount of \$925,150.60. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TRAFFIC STUDY – PRICE'S SUBURBAN HEIGHTS

John Ayers presented a traffic study for Price's Suburban Heights Subdivision, which was due to a complaint received from Mr. David Mayes, 1225 Hope Drive in Price's Suburban Heights Subdivision, requesting a stop sign at the intersection of Park Drive and Hope Drive and to investigate the possibility of additional stop sign placement in this subdivision. The study recommends that due to the fact that high speeds are possible on Price Road, Todd Road and Hope Drive, combined with the sight distance problems, that stop signs be installed within Price's Suburban Heights Subdivision. Installing nine new stop signs where there were previously none will make this subdivision safer overall for the driving public. Commissioner Clampitt moved to approve the additional stop signs in Price's Suburban Heights Subdivision as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND

John Ayers presented a draft letter to the Bond Trustees requesting approval of a claim for tax preparation for the Hendricks County Courthouse Building Corporation. Commissioner Clampitt moved to approve and forward the letter to the Building Corporation for consideration of payment of tax services from the bond as presented.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF OFFICE WORKS AGREEMENT

There was discussion of the agreement from Office Works for furniture requests. It was the consensus of the Commissioners to table this matter at this time.

IN THE MATTER OF GOVERNMENT PURCHASE AGREEMENT

Rick Leonard, of Herman Miller, Inc., presented the Government Purchase Agreement for consideration by the county and stated this was not available before January, 2002. There was discussion of this pricing. It was the consensus of the Commissioners that Greg Steuerwald review this agreement and report back at a future meeting.

IN THE MATTER OF COURTHOUSE - WOMEN'S RESTROOM FIRST FLOOR

John Ayers reported that work began this morning on remodeling the women's restroom on the first floor of the Courthouse.

IN THE MATTER OF COURTHOUSE - CABLE TV

John Ayers reported that the Prosecutor's Office and the Circuit Probation Office had requested cable TV for their respective offices. There was discussion of the need for cable TV in the work area. It was the consensus of the Commissioners that Mr. Ayers check further on this request.

IN THE MATTER OF COURTS

John Ayers reported on the proposed changes in the video courtroom with quotes for mobile units and to remodel. Mr. Ayers also advised that he is working with the Circuit Judge on space for juvenile probation.

IN THE MATTER OF EMERGENCY PUBLIC ADDRESS SYSTEM

John Ayers reported that the strobe lights for the emergency public address system have been disconnected until problems with the system have been resolved.

IN THE MATTER OF EARTH DAY

Shandy Cheek, of the Environmental Health Department, requested to set up an information table for Earth Day in the Government Center rotunda. It was the consensus of the Commissioners to grant this request.

IN THE MATTER OF AMUSEMENT PARK TICKETS

Jerry Bowden presented prices for discounted tickets for Kings Island, Kentucky Kingdom and Holiday World amusement parks, requested to offer these to County employees and advised that these tickets would be handled through the Human Resources Department. It was the consensus of the Commissioners to offer this program to the employees.

IN THE MATTER OF EMPLOYEE SERVICE AWARDS

Jerry Bowden advised that there are some employees that worked for Hendricks County, left and went elsewhere to work and have now come back to the County, and requested that these employees be recognized for their total number of years of service, not just continuous years as now recognized. It was the consensus of the Commissioners that employees be recognized for their total number of years of service with Hendricks County at the next employee recognition.

IN THE MATTER OF HUMAN RESOURCES CONFERENCE

Jerry Bowden requested to attend a Human Resources Conference in Philadelphia, Pennsylvania, during the week

of June 23. Commissioner Clampitt moved to approve the request if Mr. Bowden felt it was beneficial to the County and to his job. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF INSURANCE - PARK BOARD

Rich Jensen advised that he is working with the Park Board for insurance coverage on the McCloud Nature Park.

IN THE MATTER OF COUNTY HOME

Commissioner Clampitt requested the County Attorney to meet with County Home Administrator Peggy Nichols relative to a resident.

Greg Steuerwald advised that he had reviewed the agreement for the County Home and the Medical Nutritional Therapy and Food Service Management Consulting, with the requested changes of payment within forty-five (45) days and a reduced late payment penalty of eight percent (8%) per annum. Commissioner Clampitt moved to approve the agreement with the Medical Nutritional Therapy and Food Service Management Consulting for the County Home with the recommended changes and that the President execute the agreement. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF UNION TOWNSHIP - POOR RELIEF

Receipt was acknowledged of the Union Township Poor Relief Report from Trustee Rosemary Rothenberger.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #220370 thru 220631 as presented April 15, 2002.

Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers presented two drafts for Request For Qualifications (RFQ) for preparing the construction plans and specifications for the North/South Corridor for the section from CR 200N to CR 300N and U.S. 36 to CR 100S. Commissioner Clampitt moved to approve and send the Requests For Qualifications for the North/South Corridor to be heard May 6, 2002 at 10:00 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TORT CLAIM

Receipt was acknowledged of Tort Claim Notice from Ladendorf and Ladendorf for Ralph H. Boberg and Imogene Boberg for accident of October 25, 2001.

IN THE MATTER OF SURPLUS EQUIPMENT – TYPEWRITERS

Receipt was acknowledged of a note from Theresa Lynch advising that there are two extra typewriters in the Recorder's Office that are available if any department needs them. It was the consensus of the Commissioners that a memo be sent to all departments advising of the availability of these typewriters.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 11:00 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 11:20 AM with the addition of the following in attendance:

John Parsons, Systems Administrator

John Parsons reported that Web Master Doug Morris was not at the meeting today due to recovering from sinus surgery.

John Parsons presented, for consideration, a form for changes to the web site and requested direction on who should oversee the web site. It was the consensus of the Commissioners that all requests for web site changes should be brought to the Technology Board as counsel is always available at the meetings if legal advise is needed.

John Parsons advised that two firms had declined to quote on the fiber optic to the Courthouse for e-mail and internet and presented the quotes received from Clawson Communications \$25,765 and CommTec \$27,352. Mr. Parsons stated that this will be funded from the additional funding received from the Council. Commissioner Clampitt moved to approve the Clawson Communications agreement as the lowest most responsible and responsive quote for \$25,765, and as recommended by John Parsons, subject to review by the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Parsons advised that Plexis had promised we would receive software this week and that the data warehouse will be finished when Plexis is received

John Parsons advised that Circuit Court Probation had ordered computer equipment without approval of the Technology Board. It was the consensus of the Commissioners that Greg Steuerwald draft a letter advising that all computer equipment must have Technology Board approval.

There was discussion that Judge Freese will not change his password and that the system requires a periodic password change. It was the consensus of the Commissioners that Greg Steuerwald will discuss this mater with Judge Freese.

John Parsons requested funding for the new judicial server, additional seats and operating system software. Commissioner Clampitt moved to allow to advertise for additional funding, to go to Council for funding and bring back figures for the next meeting.

Commissioner Clampitt moved to recess the Technology Board at 11:55 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0

IN THE MATTER OF YARD WASTE

Receipt was acknowledged of a claim for February and March yard waste. Commissioner Clampitt moved to forward the claim to the West Central Solid Waste District with a request to fund from Special Projects. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF DAUGHTERS TO WORK

Receipt was acknowledged of a request from an employee to bring her daughter to work on Thursday, April 25, for Daughters to Work Day. There was discussion that this employee and daughter would be in a County vehicle. Rich Jensen stated the County would have coverage for this. It was the consensus of the Commissioners to approve this request based on the statement from Rich Jensen.

IN THE MATTER OF COMPUTER DEPARTMENT

Receipt was acknowledged of a note from Congressman Brian Kern's office thanking John Parsons and his staff for the prompt and efficient assistance in the installation of their Home Security

IN THE MATTER OF CR 901

Receipt was acknowledged of a request from Shannon Baker requesting that her drive be repaired where it was dug up for the drainage ditch to go through.. The matter was referred to the County Engineer and Highway Superintendent to check and to approve the repair of the drive if they deemed it necessary.

IN THE MATTER OF NORTH SALEM FIRE DEPARTMENT – DRY WELL

Receipt was acknowledged of a request from John Berry, of the North Salem Fire Department, to remove permit requirement for a dry well they plan to construct on private property and that will utilize a private pond. It was the consensus of the Commissioners that John Ayers check on the site with Mr. Berry.

IN THE MATTER OF NORTHERN ACRES

David Gaston advised that in Northern Acres there is street drainage that needs to be worked on and questioned funding of street work. Greg Steuerwald stated funding cannot come from the legal drain fund, but can come from the general fund. Commissioner Clampitt moved to allow Mr. Gaston to enter into a contract with the Drainage Board, to bring a contract to finish construction in Northern Acres back to the Commissioners, with the help of the County Attorney, to do an analysis of what percentage the Commissioners could pay from highway and what could be paid from drainage funds. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

David Gaston asked direction on procedures to determine funding responsibilities. It was the consensus of the Commissioners that the Surveyor, Engineer and Highway Superintendent work out drainage problems and bring to the Commissioners for funding.

Commissioner Clampitt moved to recess the meeting at 7:07 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Russ Lawson		Hendricks County Highway Superintendent
John Ayers		Hendricks County Engineer
Terry Jones		Hendricks County Plan Director
Jim Adams		Hendricks County Emergency Management Director
Judith Wyeth		Secretary to the Commissioners

IN THE MATTER OF OLD BUSINESS

Commissioner Palmer requested to continue old business until later in the meeting. It was the consensus of the Commissioners to continue old business until later in the meeting.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers presented Requests For Qualifications for the North/South Corridor, CR 200N to 300N and US 36 to CR 100S, from RQAW, Woolport, Parsons, Cunningham and Shartle, VS, Beam Longest and Neff, USI, DLZ,

Cripe, R.W. Armstrong, Crossroad Engineers, Earthtech and American Consulting Engineers. Commissioner Clampitt moved to accept the qualifications as presented and to not accept any additional ones. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. John Ayers requested to take two (2) weeks to review the submitted qualifications. Commissioner Clampitt moved to allow the County Engineer two weeks to review the qualifications and to bring back during Engineering Time on May 20, 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZA-277/ER02-01: BUNCH

Terry Jones presented ZA-277/ER02-01: Dale Bunch, a request to amend the zoning map from R-A: Single Family (15,000) Residential District, to AG-B: Agricultural Business District, for 27.31 acres in Eel River Township, located on the north side of State Road 236, 0.40 mile east of CR 550W, with self-imposed conditions. Mr. Jones advised that the Plan Commission held a public hearing on April 9, 2002, and gave this zoning request a favorable recommendation with a vote of 7-0-0. Commissioner Ostermeier asked for public comment. There was no public input. Commissioner Clampitt moved to approve ZA-277: Dale Bunch, per recommendation of the Plan Commission, as Ordinance No. 2002-09, subject to self-imposed commitments as presented.

- 1. The use of the real estate shall be restricted to an auction facility only for farm-related items as defined in the Hendricks County Ordinance under Agricultural Business, including, but not limited to machinery and livestock.**
- 2. No retail sales shall be allowed from the site.**
- 3. Outside storage of inventory and equipment shall be limited as follows:**
 - a. Livestock inventory for any given sale shall not remain on site for more than 48 hours.**
 - b. Machinery and other non-livestock inventory shall not remain on site for more than three weeks.**
- 4. Any livestock sale shall not exceed one hundred (100) head for any given sale.**
- 5. The sale of swine, hogs or pigs shall not be allowed.**
- 6. There shall be no more than three auctions per week.**
- 7. Hours of operation shall be between 8:00 a.m. and 8:00 p.m**

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZA-279/CE02-01: BRADLEY G. & CARLA GREGORY

Terry Jones presented ZA-279/CE02-01: Bradley G. & Carla Gregory, a request for a zoning change from RA: Single Family (15,000) Residential District, to GB: General Business District for 0.77 acre located on the north side of East Main Street, 0.39 mile east of CR 300E. Attorney John Moore read a Letter of Intent and self-imposed restrictions. Mr. Jones further advised that the Plan Commission held a public hearing on April 9, 2002, and gave a favorable recommendation to this request with self-imposed conditions. Commissioner Ostermeier asked for public comment. There was no public input. Commissioner Clampitt moved to approve ZA-279/CE02-01: Bradley G. and Carla Gregory as Ordinance No. 2002-10 with self-imposed restrictions as presented:

Petitioners Bradley and Carla Gregory shall limit the uses permitted in a GB District on the subject real estate to those uses set forth in their Letter of Intent, as submitted:

***(Respectfully submitted,
(Signed) John J. Moore, Attorney for Petitioners)***

LETTER OF INTENT

Brad and Carla Gregory (“Petitioners”) own a 15.4-acre parcel of real estate in Center Township at 3380 East Main Street, Danville (the “Real Estate”). The Real Estate is located on the north side of old U.S. 36, is zoned RA and a single family residence is located thereon.

Petitioners are the owners/operators of Cornerstone Rehabilitation Services (“Cornerstone”). Cornerstone provides speech, hearing, occupational therapy, and physical therapy services to children. It has contracts with the Avon, Brownsburg and Danville school corporations, as well as with West Central Joint Services (a co-op of schools on the west side of Indianapolis). Therapies are provided off-site in client homes, schools or daycares. Patients are not treated on-site.

Cornerstone’s operations are currently operated out of an office in the residence on the Real Estate. The sole employee at the office is an office manager who conducts billing and scheduling duties. The office occupies approximately ten percent of the residence. Cornerstone also offers adaptive dance classes that are held in the basement of the residence. Average class sizes are three to six students.

In addition to the office manager, Cornerstone employs four physical therapists, one physical therapist assistant, two occupational therapists, one speech therapist and three case managers. These employees work varied part-time schedules from their own homes without spending significant time at the office. They come on-site one time per month for a staff meeting and may make occasional visits to pick up or exchange equipment (less than one time per month per employee).

Petitioners wish to rezone the Real Estate from RA to GB. The reason for this is that they wish to construct a pole building on the Real Estate and move Cornerstone’s operations from the residence to the pole building. Cornerstone operations will remain the same, but the new building will provide a better facility not only for the office, but for storage of therapy equipment, i.e. walkers, wheelchairs, and therapy balls. Patients will continue to be treated off-site and there will be no outside storage of equipment.

Petitioners also intend to move the adaptive dance classes to the new building. In the future, Petitioners may also offer therapeutic art classes, an autism support group and small speech group therapy classes.

Petitioners believe that this rehabilitative service is permitted in the GB zoning district. While the comprehensive plan identifies this area as medium density residential, Petitioners believe that this use fits well within the area and its location on old U.S. 36. Further, with no significant change in operations, this zoning change will not impact the traffic in the area. For this reason, Petitioners do not believe that a traffic operations analysis is warranted for this petition.

*Respectfully submitted,
John J. Moore
Attorney for Petitioners*

(Signed)

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZA-280/UN/02-02 BRYAN AND VICKI COLEMAN

Terry Jones presented ZA-280/UN02-02: Bryan & Vicki Coleman, a request for a change in zoning class from RA: Single Family (15,000) Residential District, to AG-B: Agricultural Business District, for 20.00 acres located on the north side of CR 625N, 0.50 mile west of State Road 39, with zoning commitments to operate horse stalls for boarding and riding stable. Mr. Jones further advised that the Plan Commission held a public on April 9, 2002, and send this request with a favorable recommendation by a vote of 7-0-0. Commissioner Ostermeier ask for public comment. There was no public input. Commissioner Clampitt moved to approve ZA-280/UN0/2-02: Bryan and Vicki Coleman, per recommendation of the Plan Commission as Ordinance No. 2002-11, with zoning commitments as presented:

**ZONING COMMITMENTS
BRYAN AND VICKI COLEMAN
ZA-280**

The following are commitments to be included with the above referenced application for rezoning filed by Bryan and Vicki Coleman:

- 1. The building size of the improvements constructed by Petitioners shall be limited to twelve thousand (12,000) square feet.*
- 2. The number of horse stalls on the property shall not exceed thirty (30).*

3. The number of horses boarded on the property shall not exceed twenty-five (25).

*Respectfully submitted,
(Signed) John J. Moore, Attorney for Petitioners*

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COPIERS – XEROX

David Hayse and Mike Gunther made a presentation of Xerox copiers and explained the quantity purchase agreement.

IN THE MATTER OF CITIZEN CORE COUNCIL

Spencer Gibbs made a presentation of the Citizen Core Council that he would like to be formed in Hendricks County and requested to be the County liaison with the Council - Freedom Core and to set up a council Letter of Authority with the Emergency Comprehensive Plan. Mr. Gibbs further stated that he will work with Jim Adams, Hendricks County Emergency Management Director. It was the consensus of the Commissioners that he bring back a report and recommendation at the May 28, 2002, meeting.

IN THE MATTER OF CROSSROAD ENGINEERS PRESENTATION

Chip Charles made a brief presentation of the Crossroad Engineers engineering firm.

IN THE MATTER OF TOURISM BOARD – APPOINTMENTS

Receipt was acknowledged of a letter from Emory Lencke of the Hendricks County Director of Convention and Visitors Bureau requesting two appointments to the Tourism Board. Commissioner Palmer moved to appoint Ms. Star Peterson, of Holiday Inn Express in Plainfield, to fulfill the term of Lee Varner, thru December 31, 2003, and Mike Yurick, of Indianapolis Raceway Park, to fulfill the term of Jeff Dakin thru December 31, 2002, as recommended by Emory Lencke. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MOBILE PHONES – NEXTEL

Kris Speaks and Steve Saunders made a brief presentation of the Nextel cell phones that can also be used as pagers and advised that this one phone could eliminate employees needing both a phone and pager as it would all be in one. Commissioner Clampitt moved to continue this discussion and bring back next week. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CARTERSBURG PARK

Tom May, 4217 Cartersburg Road, came forward to present pictures and express concerns relative to the Cartersburg Park having no posted hours, trash that needs to be picked up and that there are no trash cans. Commissioner Clampitt offered to meet with the officials of the Cartersburg Park in an effort to resolve these concerns. It was the consensus of the Commissioners to allow Commissioner Clampitt to work to resolve this matter.

IN THE MATTER OF PAYROLL DIRECT DEPOSIT HENDRICKS COUNTY BANK AND TRUST

Auditor Nancy Marsh and Treasurer Amy Roberts presented a contract for the new computer system direct deposit with the Hendricks County Bank and Trust. It was the consensus of the Commissioners to approve the contract subject to review by the County Attorney.

IN THE MATTER OF EMERGENCY MANAGEMENT

Emergency Management Director Jim Adams, advised he will be out of town next week, gave an update of one CSX spill, one flooding incident, explained the training and drill for June 8 and gave an update on the emergency plan. Mr. Adams also requested a 4-wheel drive vehicle to replace the Ford Crown Victoria he is currently using stating that this vehicle could be transferred to another office or put in a pool and presented a quote for the new replacement vehicle. Commissioner Clampitt moved to accept the letter and forward to the Sheriff to be placed on his vehicle list for purchase thru his vehicle fund. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY DEPARTMENT

Russ Lawson acknowledged receipt of a telephone request for repair to a driveway on CR 901E that was damaged when the County worked on road drainage and stated this is on the summer schedule to be repaired.

IN THE MATTER OF BRIDGE INSPECTION

John Ayers advised that he had met with four firms for bridge inspections and recommended WTH as first choice and Stephen Christian Associates second stating that WTH had experience and had done a good job for the County on culvert inspections and that Stephen Christian is currently doing other work with the County. Commissioner Clampitt stated that we should change occasionally and made a motion to go with Stephen Christian Associates for the contract for bridge inspections. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR – WETLANDS MITIGATION

John Ayers presented the Wetlands Mitigation Agreement for 1.56 acres of wetland and buffer along with stream mitigation for 456 feet of stream impact for purpose of wetland and stream mitigation for the North/South Corridor along CR 100N to 200N. Ron Taylor explained the area impact, engineering process and time frame. Greg Steuerwald inquired who filed the deed and if the County has any responsibilities. Mr. Taylor stated that he does the filing and takes full responsibility. Commissioner Clampitt moved to enter into the Wetland Mitigation Agreement with Ron Taylor as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BRIDGE NO. 122

John Ayers presented a supplemental agreement from Quandt Engineering that was an update of the design fees for Bridge No. 122. There was discussion of the increase. Commissioner Clampitt moved to delay consideration of Supplemental 1 to Bridge No. 122 to the May 13, 2002, meeting. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MIP-698: BROWN

Terry Jones presented a request for release of the performance bond for MIP-698: Brown, and stated that based on the on-site inspection by the Planning Department of the work completed to date he recommended that the performance bond in the amount of \$52,000 be released and also, since this plat is now within the Town of Avon

and due to the length of time this plat has been in existence also recommended that the maintenance bond requirement be waived. Commissioner Clampitt moved to approve the request, as recommended by the Planning Director, to release the performance bond and waive the maintenance bond for MIP-698: Brown. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MIP-727: KEN RENNELS

Terry Jones presented a request for forfeiture of the Cashiers Check from the North Salem State Bank in the amount of \$1,000 for MIP-727: Ken Rennels, based on a recent on-site inspection by the Planning Department stating that the improvements have not been completed and this forfeiture request is in order for the County to complete the work. Commissioner Clampitt moved to approve the recommendation of the Planning Director to execute and send the forfeiture letter for MIP-727: Rennels. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MIP-857: BISHOP

Terry Jones presented a request for MIP-857: Bishop, however, advised that he needed to get more information on this matter and requested that this be continued. It was the consensus of the Commissioners to continue MIP-857: Bishop for the Planning Director to obtain more information

IN THE MATTER OF TOWN OF DANVILLE

John Ayers presented a draft letter to the Danville Town Council in response to several issues discussed during the Danville Town Forum relative to the County Annex building, road mileage transferred to the Town in February, park possibility on the south lawn of the Government Center, and the iron Bridge No. 178. It was the consensus of the Commissioners to execute this letter and forward to the Danville Town Council as presented.

IN THE MATTER OF GOVERNMENT CENTER - PANIC BUTTONS

John Ayers reported that CMI had changed the panic buttons to the new frequency and requested direction for paying the bill for troubleshooting. It was the consensus of the Commissioners to pay the CMI bill from maintenance of County buildings.

IN THE MATTER OF BOND AFFIDAVITS

John Ayers presented affidavits for previously approved Quest Data Warehouse and for furniture in the Planning and Congressional offices to be purchased from the bond. It was the consensus of the Commissioners to forward the affidavits to the bond bank for payment.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve the minutes of April 1 and April 8, 2002, with corrections. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING – PART TIME HELP

Terry Jones advised that the high school intern who had been working in the Planning Department since April 15 had been very helpful and requested to extend her employment through the summer months by using funds in the budget that had been unused due to going several months without full staff. Mr. Jones also requested to include a part-time employee in the 2003 budget. It was the consensus of the Commissioners that Mr. Jones take the request

to Human Resources/Personnel Committee for a recommendation and bring back to the Commissions for a recommendation to Council.

IN THE MATTER OF VETERAN'S REPORT

Receipt was acknowledged of the April Veteran's Report from Richard Bane.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #48176 thru 48209, #117781 thru 118239 #220750 thru 221117, #221122 thru 221136, 221143 thru 221148 and all manual checks cut for the month of April 2002, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COPIERS

Commissioner Palmer reported that the Copy Study Committee narrowed the list of copier vendors to three and stated she had negotiated maintenance agreements for these copiers to set up a fleet management program and that CopyCo, a locally owned supplier of Canon copiers, was the lowest and best quote. Commissioner Palmer requested to purchase Canon copiers from CopyCo for Surveyor, Planning, Deeds and Commissioners' office from the bond, and to purchase copiers for Soil and Water, Extension Office, Superior 3 and the Clerk's Office from the office equipment line and to look at the copier in Voter Registration for future consideration. Phyllis Palmer complimented Commissioner Palmer on her time and commitment on the study of copiers for the County. Commissioner Clampitt moved to approve the contract with CopyCo for copiers and maintenance as recommended by Commissioner Palmer, subject to review by the County Attorney. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 12:35 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

TECHNOLOGY BOARD

The following joined the Technology Board Meeting at 12:55 PM:

John Parsons, Systems Administrator
Amy Roberts, Treasurer

Doug Morris, Web Master
Pat Baldwin, Prosecutor

John Parsons advised that they are working on the fiber for multi computer needs including camera and for future needs.

John Parsons presented bid proposals from Quest and Chad Dowell for the expansion of wide area network/local area network and a quote from CDWG for hardware and requested to enter into contract with Quest as the lowest proposal submitted and that funds have previously been approved. Commissioner Clampitt moved to allow John Parsons to work with Quest for a contract, subject to review by the County Attorney. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Commissioner Clampitt moved to allow Doug Morris to purchase hardware at the best price, and to be prudent in his opinion, and to enter into contract subject to review by Greg Steuerwald. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Treasurer Amy Roberts inquired where to locate servers and back up procedure on the new Low Associates

computer software. John Parsons requested to do the backup through the Computer Room and to store off site or to leave in each office. Amy Roberts and Nancy March both recommended that backups be done in the Computer Room. Mr. Parsons advised he would take care of backups. There was discussion of off-site locations for backups. Nancy Marsh stated that Low Associates recommended keeping one backup on a CD-rom and a backup in a vault. It was the consensus of the Commissioners to allow John Parsons to do backups and to store off site.

Amy Roberts stated that only two wires were needed in her office for the new computer system. Ms. Roberts advised that she is continuing to do research for the software for taxes.

Nancy Marsh advised they would run dual payroll in both and June and July on both the new and current payroll system.

Amy Roberts discussed the time and labor to hand stuff the taxes and requested a folding machine that could also be used by other departments. There was discussion of the uses and cost. It was the consensus of the Commissioners that three quotes be obtained for purchase or lease of a folding machine and to submit at the next Technology Board.

Prosecutor Pat Baldwin inquired if the date for e-mail was still May 31. John Parsons stated that the cable was on back order, but should be completed by that date.

John Parsons read a letter from the Sheriff requesting to connect computers to the Gavel System for the three security officers at the Courthouse. Pat Baldwin expressed concerns for safety and security of the computers and information. It was the consensus of the Commissioners to decline this request.

Receipt was acknowledged of a request from Lana Gilliam for a new computer for the Emergency Management Department. It was the consensus of the Commissioners that Director Jim Adams submit a written request for consideration.

John Parsons explained the need for the Gavel System in response to Judge Love's request to wait for state funding.

Auditor Nancy Marsh stated that Deeds, Payroll and Lori Vittetow in Engineering need Excel in order to eliminate duplicate numbers.

Commissioner Clampitt moved to recess the Technology Board Meeting at 1:25 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Ostermeier announced that there would be a ceremony in the Courthouse Rotunda at noon on Wednesday, May 15, 2002, in observance of Police Memorial Day.

IN THE MATTER OF COPIERS

Commissioner Palmer presented a report on the copier study and advised that copiers for offices in the Government Center offices of Reassessment, Planning, Deeds, Surveyor and Commissioners could be purchased through the bond and copiers in the offices of Extension, Soil and Water, Clerk and Superior 3 could be purchased from the equipment line of the Commissioners’ budget. There was discussion of providing staplers on the nine copiers.

Commissioner Clampitt moved to approve purchase of staplers on copiers in the offices of Extension, Planning, Clerk and Superior 3 and to deny staplers on all other copiers. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Palmer presented a contract for maintenance with CopyCo for consideration. Greg Steuerwald suggested some changes to the contract to be discussed with CopyCo. Commissioner Palmer stated CopyCo will discard old copiers, and will try to make a good one from the ones turned in for use in the meeting room and/or Emergency Management.

IN THE MATTER OF CELL PHONES – NEXTEL

There was discussion of the Nextel cell phones and it was the consensus of the Commissioners to review the information and that Nextel come back next week.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Department is keeping busy and will be doing only hot mix repair on County roads this summer.

A telephone call from a citizen on Lakeshore Drive was given to Engineering to check with the citizen on concerns.

IN THE MATTER OF ASSISTANT ENGINEER

John Ayers introduced Kim Galloway as the new Assistant County Engineer.

IN THE MATTER OF BRIDGE INSPECTIONS

John Ayers presented a contract with Stephen J. Christian and Associates for fees of Phase 1 and Phase 2 for bridge inspections and advised that these will be 80% federally funded. Commissioner Clampitt moved to approve the contract with Stephen J. Christian and Associates for Phase 1 and Phase 2 bridge inspections, as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously. 3-0-0.

IN THE MATTER OF BRIDGE NO. 27

John Ayers presented an Agreement for Engineering Services with Stephen J. Christian & Associates for rehabilitation of Hendricks County Bridge No. 27 on Stoney Brook Drive over White Lick Creek. Commissioner Clampitt moved to approve the proposed fees for design and construction inspection with Stephen J. Christian Associates for Bridge No. 27, as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TOWN OF DANVILLE

There was discussion of a letter presented last week to the Town of Danville relative to issues discussed at the Danville Town Forum on April 24, 2002. It was the consensus of the Commissioners that John Ayers call Town Manager Gary Eakin to explain that state funds of 80% are available for the historic iron bridge, but that the County does not have these funds as the application procedure has not been completed and to stress that a park could be placed on the land south of the south parking lot at the Government Center, however, that the County retain the land and that there be no skateboard park on County property. Also, the Commissioners reserve the right to approve all plans for the park. Commissioner Clampitt moved to forward the letter, as previously approved, to the Danville Town Council. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF FURNITURE

John Ayers presented a request for two new chairs for the meeting room and two sets of master desk keys for the Government Center. Commissioner Clampitt moved to approve the purchase of two new meeting room chairs, as requested, and to look into the key request. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HUNTWICK

Terry Jones presented a request relative to planning and zoning issues for Meadowlark Lane in Huntwick Subdivision, Raceway Road and CR 100S. It was the consensus of the Commissioners that Greg Steuerwald and Terry Jones check with the Town of Plainfield on this matter.

IN THE MATTER OF NORTH/SOUTH CORRIDOR - ROAD ACCESS POLICY

Terry Jones requested a road access policy for permits onto County roads, explained that developers have requested access onto the North/South Corridor and questioned if this is limited access road. It was the consensus of

the Commissioners that Mr. Jones research previous meetings relative to this matter.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented the Addendum to Nurse Consultant Contract with SharCare L.L.C. for nurse consultant services for the County Home along with a billing for services rendered to date. Commissioner Clampitt moved to approve the contract, per Peggy Nichols' recommendation, and subject to review by the County Attorney.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF LINCOLN TOWNSHIP PROPERTY

Commissioner Ostermeier advised that there is a property in Lincoln Township that is in an estate and has trash that needs to be picked up that is both a nuisance and health issue and that some volunteers have offered to clean up the trash on this property.. There was discussion that the Health Department has been proceeding with health concerns and issues on this parcel. Rich Jensen stated volunteers are covered under the County insurance.

Commissioner Clampitt moved that if the Health Department does deem this property to be a health and safety issue, to proceed to have volunteers do whatever is necessary to remove any health problems from the site and if there are any costs that they be paid from the Special Projects Fund. Commissioner Palmer seconded the motion and the motion was approve unanimously 3-0-0.

IN THE MATTER OF CITIZEN CONCERNS – KEITH HAMILTON

Surveyor David Gaston advised that he had addressed the concerns of Keith Hamilton

May 20, 2002

The Hendricks County Board of Commissioners met in regular session with a quorum of three Commissioners at 10:10 Monday, May 20, 2002, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance.

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Russ Lawson	Hendricks County Highway Superintendent
Terry Jones	Hendricks County Planning Director
John Ayers	Hendricks County Engineer
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF AGENDA

It was the consensus of the Commissioners to amend the agenda to move the Avon High School Band to first in order for students and faculty of Avon High School to return to class.

IN THE MATTER OF AVON HIGH SCHOOL BAND

Jay Webb, Director of Avon High School Band, Rick Wagner, Assistant Director, Barb Doll, Secretary to Music Department, and senior band members Astin Williams and Erin Smith were introduced. Commissioner Ostermeier read the Proclamation:

***P R O C L A M A T I O N
RECOGNIZING
AVON HIGH SCHOOL BAND***

BE IT REMEMBERED THAT: The Hendricks County Commissioners and the Citizens of Hendricks County recognize: The *AVON MARCHING BLACK & GOLD*, the Indiana State School Music Association Class B State Champions 2001, Bands of America Indy Regional Class AA Champions 2001, and Bands of America Grand National Finalist - 9th in the Nation; *AVON WORLD CLASS DRUMLINE*, the 2002 Indiana Percussion Association State Champions for World Movement Class and 2002 Winterguard International Scholastic World Percussion World Champions; *AVON WORLD CLASS GUARD*, the Indiana High School Color Guard Association 3rd place in World Class and 2002 Winterguard International (WGI) Scholastic World Finalist – 4th in the Nation; and *AVON HIGH SCHOOL CONCERT BANDS*, all three of the Avon High School Concert bands received straight superior ratings at the Indiana State School Music Association (ISSMA) Organizational Contests in 2002.

BE IT REMEMBERED THAT: The Avon High School Band has represented the citizens of Hendricks County and the State of Indiana in achieving the highest honors for a high school band. The band members serve as role models to all youth. Their dedication to practice, teamwork, high goals, hard work and mental attitude serve as an example to all Hendricks County students and students of Indiana Schools. The Avon High School Band parents, teachers, directors, and supportive staff have shown great leadership, and dedication. Their fellow students have supported them in an enthusiastic manner that does Avon High School and All of Hendricks County proud.

NOW, THEREFORE, IN CONSIDERATION: Of the above contributions to Hendricks County by the Avon High School Band the Hendricks County Commissioners in their unanimous and inherent jurisdiction, by this PROCLAMATION do hereby declare, recognize and honor our outstanding youth. This order entered this 20th Day of May 2002, at 9:30 AM.

(Signed)

Steven L. Ostermeier, President
Linda Palmer, Vice President
John D. Clampitt, Member

Commissioner Clampitt congratulated the band on their achievements and acknowledged that band members learn many things from band that benefit them throughout their lives.

IN THE MATTER OF TZA02-03 – 58.03 (G) FENCES, WALLS AND HEDGES

Terry Jones presented TZA02-03 an amendment to the Hendricks County Zoning Ordinance by amending Chapter 58-03 (G) to:

Remove:

G. Permits

With the exception of privacy fences, no fence shall require a fence permit. Privacy fences shall provide a description as to the location and type of material to the Building Commissioner prior to issuance of a permit.

Mr. Jones further advised that the Plan Commission held a public hearing on May 14, 2002, and send this zoning amendment with a favorable recommendation by a vote of 7-0-0. Commissioner Clampitt moved to amend the Zoning Ordinance TZA02-03 as recommended by the Plan Commission as Ordinance 2002-12. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TOUT SCHOOL CREEK DEVELOPMENT

Ed Schrier, developer of Tout School Creek Development, presented an amended agreement with Marathon Pipe Line Company as a “housecleaning matter”. Commissioner Clampitt moved to refer the amended agreement to Greg Steuerwald for review and to bring back a recommendation. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF RELAY FOR LIFE

In response to a request from Amy Nickel, Director of Relay for Life, Commissioner Ostermeier read a Proclamation for the Relay for Life

***PROCLAMATION
DECLARING THE 1ST WEEK OF JUNE 2002
“RELAY FOR LIFE WEEK”***

WHEREAS, cancer is a group of diseases characterized by uncontrolled growth and spread of abnormal cells which, if not controlled, can result in death; and

WHEREAS, 28,100 new cases of cancer were estimated to occur in the State of Indiana in 2001, and approximately 12,900 Indiana citizens are expected to die from cancer this year; and

WHEREAS, the American Cancer Society is a voluntary community-based health organization in Indiana dedicated to eliminating cancer as a major health problem; and

WHEREAS, the Relay for Life is a community affair held throughout Indiana which presents an opportunity to dust off your camping gear, slip on your walking shoes, and network with business associates, family, and friends;

NOW, THEREFORE, WE, THE HENDRICKS COUNTY COMMISSIONERS of the State of Indiana, do hereby proclaim the 1st week of June, 2002, as

“RELAY FOR LIFE WEEK” throughout the County of Hendricks in the State of Indiana, and urge citizens to recognize and participate in the relays held in this County on June 7 and 8, 2002, at the Danville and Avon High School football fields.

(Signed) Steven L. Ostermeier, President
Linda Palmer, Vice President
John D. Clampitt< Member

(SEAL)

Commissioner Clampitt moved to approve the Proclamation for Relay for Life Week as read. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. It was the consensus of the Commissioners, as requested, that during opening ceremonies Commissioner Ostermeier read the Proclamation at Avon and Commissioner Palmer read the Proclamation at Danville.

IN THE MATTER OF MUSCULAR DYSTROPHY

Receipt was acknowledged of a request from Muscular Dystrophy to use the Government Center on Tuesday, June 25, 2002, from 8:00 AM to 5:00 PM for their annual fundraiser. Commissioner Clampitt moved to approve the request from Muscular Dystrophy for use of the Government Center on June 25. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COATESVILLE PUBLIC LIBRARY – APPOINTMENT

Receipt was acknowledged of a letter from Ms. Cheryl Steinborn, Director of the Coatesville Public Library, for an appointment to the Library Board of Trustees. Commissioner Clampitt moved to appoint Judy Dunlap to fill the vacant seat on the Coatesville Public Library Board as recommended by the Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CELL PHONES

It was the consensus of the Commissioners to continue the study of cell phones for County staff to the May 28 meeting at 6:30 PM.

IN THE MATTER OF HIGHWAY DEPARTMENT

Russ Lawson reported that the Highway Department is working on ditches. Mr. Lawson stated that very few roads have washouts from the recent heavy rains, and that this year all road repair will be with hot mix.

IN THE MATTER OF AUBURN MEADOWS – TRAFFIC STUDY

John Ayers presented a traffic study for Auburn Meadows that was initiated by Ms. Mary Karen Johnson, 6830 Russet Drive, due to concerns with the amount of speeders traveling within this subdivision. Due to sight distance problems, numerous children playing, and the ability to reach high speeds on Russet Drive and Auburn Way, it is recommended that Auburn Meadows be declared an “Urban District” and posted with 25 mph speed limit signs. At this time Auburn Meadows Sections One and Two are under bonds, and therefore, the developers are subject to the conditions set forth in the Hendricks County Subdivision Control Ordinance. Currently none of the stop signs within Section One meet the height requirements set forth in the manual. Hendricks County will install all necessary speed limit signs. Royal Haven Builders, Inc., the developer of Section One, will be notified by the Engineering Department of its responsibility to correct the stop signs already installed. Heritage Development, the developer of Section Two, will also be notified by the Engineering Department of its responsibility to correctly install stop signs not yet in place. The Engineering Department will monitor progress in these matters. Installing speed limit signs where there were previously none and correctly installing stop signs will make the subdivision safer for the driving public and help the Hendricks County Sheriff’s Department in enforcement. Commissioner Clampitt moved to approve the recommendations of the County Engineer for the traffic study for Auburn Meadows as presented.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR - RIGHT-OF-WAY

John Ayers reported on the request of James Inman for the County to purchase his home as that they are building a new home and cannot sell their current home that is in the right-of-way for the section of the North/South Corridor

from CR 450S to US Highway 40, and presented Just Compensation for this property. Commissioner Clampitt moved to sign and forward this Just Compensation to the owners, if we have money for this offer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BRIDGE NO. 122

John Ayers presented Supplemental Agreement No. 1 to the original Agreement of June 17, 1996, for Bridge No. 122 with Quandt, Inc. for design fee. Commissioner Clampitt moved to approve, per recommendation of the County Engineer, the supplemental for design of Bridge No. 122. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF LINDEN SQUARE, PHASE 9

Terry Jones presented a request from the developer of Linden Square, Phase 9, for a reduction in the performance bond amount and stated that based on an on-site inspection by the Planning and Building Department of the work completed to date, recommended that the performance bond be reduced from \$285,000 to \$151,000. Commissioner Clampitt moved to accept the recommendation of the Planning and Building Director to reduce the performance bond to \$151,000. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF DESK KEYS

John Ayers requested two sets of master desk keys for desks in the Government Center. Commissioner Clampitt moved to approve the request of the County Engineer for one set of master desk keys. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLAN COMMISSION

Terry Jones advised there would be a special Plan Commission Meeting on Thursday, June 6, 2002, at 6:30 PM to prepare a list of zoning ordinance changes and that this will be advertised as a public hearing.

IN THE MATTER OF HENDRICKS COUNTY COLLEGE NETWORK

Gary Emsweller introduced Eric T. Siefertman, Hendricks College Network Director, to explain their mission: "To provide unlimited post-secondary learning opportunities to people living in Hendricks County", and to present information on opportunities available, goals, activities during the first three months of 2002, and a list of the Board of Directors.

IN THE MATTER OF HENDRICKS COUNTY BANK AND TRUST -
DIRECT DEPOSIT PAYROLL

Nancy Marsh presented the contract with Hendricks County Bank and Trust for direct deposit of payroll, which was previously presented, and stated this has now been reviewed and approved by Greg Steuerwald. Commissioner Clampitt moved to approve the contract for direct deposit with Hendricks County Bank and Trust, as reviewed and approved by the County Attorney, and for the President to execute. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WEIGHTS AND MEASURES REPORT

Receipt was acknowledged of the Weights and Measures Report thru May 17, 2002. Greg Steuerwald advised he is working with Putnam County for sharing a person for Weights and Measures.

IN THE MATTER OF EMERGENCY MANAGEMENT – FLOOD RELIEF

Receipt was acknowledged of a news release from Jim Adams for possible flood relief for Hendricks County residents with structural damage due to heavy rains.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #118240 thru 118690 and #221518 thru 221530 as presented May 20, 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MC CLOUD NATURE PARK TOUR

Commissioner Ostermeier advised that the tour of McCloud Nature Park scheduled for Friday, May 17, had been postponed due to the recent heavy rains.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 11:45 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 12:05 with the following joining the meeting:

John Parsons, Systems Administrator
Todd Barker, Planner

Terry Jones, Planning Director

John Parsons presented a sample of the fiber optic being used at the Courthouse and advised that the cable has been ordered and they are working on the installation, however, there has been some delay in receiving parts and the completion may be a few days later than originally planned. It was the consensus of the Commissioners to send a memo to the elected officials at the Courthouse to advise that there may be a few days delay in the completion of internet and e-mail for their offices.

John Parsons presented the Quest contract, which was previously approved subject to review and approval by the County Attorney. Greg Steuerwald clarified the contract and advised it could be executed.

John Parsons presented a request from Terry Jones stating they are now fully staffed and need two new computers in the Planning and Building Department and also a laptop that could be used in the field or as an additional workstation. Mr. Parsons presented quotes from Dell, Gateway and CDW-G for each of these computers. Commissioner Clampitt moved to approve and allow the purchase of 2 PC's and one laptop from Dell, as the lowest quote submitted, subject to approval by the bond trustees. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Parsons presented a request for a new computer for the secretary in Emergency Management and stated the same quotes could be used for this computer as the quotes received for Planning computers. Commissioner Clampitt moved to approve the request for a computer in Emergency Management, subject to approval of the bond trustees and to purchase from Dell as the lowest quote submitted. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Receipt was acknowledged of a request from Jim Adams for permission to send an e-mail of the news release relative to structural damage due to rains. There was discussion of Emergency Management placing items on e-mail

in a timely manner. It was the consensus of the Commissioners that Jim Adams come to the Technology Board for approval for e-mail, but in an emergency to contact any Commissioner for approval.

John Parsons advised that Voter Registration has requested to back up files. It was the consensus of the Commissioners that Voter Registration keep files on backup.

It was the consensus of the Commissioners that Dan Derrick is to have no access on any County computer.

Commissioner Palmer requested an inventory of all computer equipment including PC units, printers, etc.

Nancy Marsh requested Access for PCs in the Auditor's office.

Commissioner Clampitt moved to recess the Technology Board at 12:30 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Judith Wyeth, Deputy Auditor

May 28, 2002

The Hendricks County Board of Commissioners met in regular session at 6:40 PM on Monday, May 28, 2002, with a quorum of two Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
Gregory E. Steuerwald		Hendricks County Attorney
Linda Hibner		Hendricks County Director of Nursing Health
Steve Schmalz		Hendricks County Director Juvenile Probation
Judith Wyeth		Secretary to the Commissioners

NOTE: Commissioner Clampitt did not attend the meeting due to work schedule.

NOTE: Nancy Marsh was attending the Auditor's Conference and was not in attendance

Commissioner Ostermeier opened the meeting by leading the Pledge to the Flag in unison. Greg Steuerwald gave a brief prayer for those who wished to participate.

IN THE MATTER OF CITIZEN CONCERNS – MARION POTEET

Marion Poteet, 6321 Vigo Drive, Belleville, came forward to express concerns of heavy truck traffic and of semi trucks being parked and left running for long periods of time in Barker's Belleville Addition. Mr. Poteet requested that the sign previously posted by the County be changed as it is being ignored by residents and is unenforceable by the Sheriff's Department. Mr. Poteet also presented pictures of a burned out house in the neighborhood that also has an old car, trash and other debris on the lot and requested assistance in getting this cleaned up. It was the consensus of the Commissioners to refer these concerns to the County Engineer and County Planning Director to handle.

IN THE MATTER OF CITIZEN CORE COUNCIL

Receipt was acknowledged of a request from Spencer Gibbs to continue the Citizen Core Council concerns to the June 24, meeting. It was the consensus of the Commissioners to continue this matter to the June 24 meeting at 6:30 PM, as requested.

IN THE MATTER OF HEALTH NURSING – HEPATITIS B VACCINE

Linda Hibner presented a request to purchase, from the Commissioners’ budget, an additional order of 30 doses of Hepatitis B vaccine for employees, as her first order has been exhausted, and advised that this is a requirement of OSHA. Commissioner Palmer moved to approve the Health Department request to purchase 30 doses of Hepatitis B vaccine at an estimated cost of \$712.50. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF LIABILITY – HEALTHY FAMILIES

Steve Schmalz explained that it is sometimes necessary for the employees in Healthy Families, in their own personal vehicles, to transport citizens to their doctor’s appointments and inquired if this should be on the County liability policy, a rider to the employee’s personal liability policy or to use a County vehicle. Rich Jensen, Stevenson- Jensen Agency, advised that using a County vehicle was the best way to handle this situation. Linda Hibner explained the progress and needs of the Healthy Families program. There was a discussion of utilizing the LINK program that was partially funded by the County. It was the consensus of the Commissioners that the County Attorney and Rich Jensen work with the carrier on this matter.

IN THE MATTER OF AMATEUR RADIO

Receipt was acknowledged of a request from Jay Wright for a proclamation in recognition of amateur radio operators for the week of June 17-23, 2002 Commissioner Ostermeier read the Amateur Radio Proclamation:

**P R O C L A M A T I O N
AMATEUR RADIO WEEK**

WHEREAS, the County of Hendricks, has more than 1,000 licensed Amateur Radio operators who have demonstrated their value in public assistance by providing emergency radio communications; and

WHEREAS, these Amateur Radio Operators donate these services free of charge to The County of Hendricks in the interest of the citizens of the county as well as the world; and

WHEREAS, these Amateur Radio operators are on alert for any emergency, local and worldwide and practice their communications skills during the American Radio Relay League’s Field Day exercise; and

WHEREAS, the Amateur Radio Field Day will take place on June 22, and June 23, 2002, at Noon at the Avon Community Park and at Southwestern Electronics in Danville.
**NOW, THEREFORE, WE AS COMMISSIONERS FOR THE COUNTY OF HENDRICKS
HEREBY DECLARE THE WEEK OF JUNE 17 – 23, 2002**

AMATEUR RADIO WEEK

(SEAL) (Signed) **Steven L. Ostermeier, President
Linda Palmer, Vice President
John D. Clampitt, Member**

Commissioner Palmer moved to approve the Amateur Radio Proclamation as read. Commissioner Ostermeier seconded the motion and the motion was approve unanimously 2-0-0.

IN THE MATTER OF PLAINFIELD/GUILFORD TOWNSHIP LIBRARY - APPOINTMENT

Receipt was acknowledged of a request from Charr Skirvin, Director of the Plainfield/Guilford Township Library, for an appointment to replace Bill Edie on the board of trustees. Commissioner Palmer moved to approve the appointment of Dana Johnson to fulfill the term of Bill Edie on the Plainfield/Guilford Township Public Library

Board of Trustees through December 31, 2003, as recommended by the director. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF CLAIMS

Commissioner Palmer moved to approve claims #118651 thru 119132, #221547 thru 221620, 221622 thru 221633, 221640, thru 221967 as presented May 28, 2002. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CORRESPONDENCE

Receipt was acknowledged of correspondence from Dunn and Bradstreet relative to uncollected funds. It was the consensus of the Commissioners to refer the letter to the County Attorney and Treasurer for review.

IN THE MATTER OF COURTHOUSE - CABLE TV

John Ayers advised that the Prosecutor’s Office had rescinded their request for cable TV at the Courthouse that was previously presented by Steve Schmalz. There was no action taken.

IN THE MATTER OF COURTHOUSE - EXTERIOR CLEANING

John Ayers presented three quotes for Courthouse exterior stone cleaning from Atlas Building Services,

Circle H. Tuckpainters and Western Water Proofing and advised that the remaining five respondents were considerably higher. Mr. Ayers requested to go with Atlas Building Services as they were the lowest quote received and to go to Council for funding from the Courthouse general line. Commissioner Clampitt moved to approve the quote from Atlas Building Services as the lowest most responsible and responsive quote received, subject to the County Attorney reviewing the contract, and further subject to approval from the Council to transfer funds for this work. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF JAIL WINDOWS

John Ayers advised that inmates in the Hendricks County Jail have chiseled away the caulking around the windows and are dropping fishing line to receive contraband and that this caulking needs to be replaced. Mr. Ayers presented proposals from Circle City Glass and James Architects and Engineers to replace the caulking around the windows with metal bars and requested to transfer remaining funds for this project. Commissioner Clampitt moved to approve Circle City Glass as the lowest quote received and to move funds for this work at the jail. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COURTHOUSE - WOMEN'S RESTROOM

Receipt was acknowledged of a letter from Prosecutor Patricia Baldwin expressing thanks for renovating the first floor ladies room at the Courthouse.

IN THE MATTER OF GOVERNMENT CENTER – NORTHWEST EXTERIOR DOOR

There was discussion to repair the northwest exterior door at the Government Center as it is not opening and closing properly. John Ayers advised they have someone coming to look at this door to resolve this problem.

IN THE MATTER OF PLANNING DEPARTMENT – BROWNSBURG

Terry Jones presented the Town of Brownsburg, Indiana resolution establishing the Town of Brownsburg's participation in the County's review of development petitions for Brown and Lincoln Townships.

Terry Jones presented the April report of collections for the period of April 1, 2002, thru April 30, 2002, and advised that during the month of May 2002 there were 181 single family building permits issued.

IN THE MATTER OF COUNTY HOME – SHARECARE ADDENDUM TO CONTRACT

Peggy Nichols presented an addendum to the nurse consultant contract with ShareCare for consideration. Greg Steuerwald advised that this had been previously approved subject to his review and that he has now reviewed and this contract has his approval for the President to execute. There was discussion that Peggy Nichols needs to add a line item in her budget for 2003 to cover this expense that is currently being funded from the Commissioners' budget.

IN THE MATTER OF COUNTY HOME - EMPLOYEE

Jerry Bowden explained that an employee at the County Home had been hired with the understanding that they would receive their GED, however, they did not achieve a high enough score on the math portion of the test. Mr. Bowden stated that Peggy Nichols had advised this was a good employee and he recommended to retain this employee, to permit this individual to take the test again in October to improve the math score. Commissioner Clampitt moved to retain this employee at the County Home and to permit them to take the GED test again in

October. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF LINK CREDIT UNION

Jerry Bowden advised that several employees had requested LINK Credit Union and he recommended to offer this additional credit union to county employees at no cost to the County. Commissioner Clampitt moved to allow LINK Credit Union to be offered to County Employees, as long as there are no problems for the Auditor, and for the County Attorney to review. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

The Hendricks County Board of Commissioners met in regular session at 9:55 AM on Monday, June 10, 2002, with a quorum of three (3) Commissioners, in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald		Hendricks County Attorney
Nancy L. Marsh		Hendricks County Auditor
Terry Jones		Hendricks County Plan Director
John Ayers		Hendricks County Engineer
Russ Lawson		Hendricks County Highway Superintendent
Steve Schmalz		Director Circuit Court Juvenile Probation
Judith Wyeth		Secretary to the Commissioners

IN THE MATTER OF BERSOT CROSSING

Walt Reeder, Banning Engineering, advised that developers have made a commitment to the Town of Brownsburg to widen CR 300N at the proposed Bersot Crossing, and the Brownsburg Plan Commission requested that he come to the County Commissioners to request the County to consider widening and repaving that portion of CR 300N between SR 267 and CR 800E, that would not be annexed by the Town. There was discussion of construction traffic damaging this road, cost of acquiring right-of-way and of this being a joint venture with the County, Town and developers. John Ayers stated that he and Russ Lawson would visit this road after construction of this development to do repair, however, did not, at this time, recommend to widen this road. Commissioner Clampitt moved for the County Engineer to summarize this discussion in a letter to the Brownsburg Plan Commission. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COMPUTER TAX PACKAGE

Auditor Nancy Marsh requested to purchase the tax package from Low Associates and advised they will convert payroll to Low on July 1. Treasurer Amy Roberts advised they had checked with several counties that already had the Low tax package and that they were all pleased with Low. Ms. Roberts further advised that this does not currently include Windows, however, Low will switch to Windows when it is ready, at no cost to the County, as stated in the Special note in the contract:

Special note:

Low Associates agrees to provide special technical support as needed, should the Windows version of the Payroll/Human Resources System not be ready for implementation by January of 2003. This would cover any technical support issues related to the continued use of the Dos Payroll/Human Resources System and will be provided at no cost to Hendricks County. Hendricks County agrees not to make changes related to the hardware and system software without consulting Low.

Mr. Shawn Low, Low Associates, again stated that they will make the change to Windows from Dos, at no cost to the County. Ms. Marsh also requested that the licensing for this software be funded from the Computer Department budget as is currently done on program licensing. Commissioner Clampitt moved to approve the request for \$60,999 for the tax package from Low Associates and for licensing as recommended by the Auditor and Treasurer.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF LINK TRANSPORTATION

Beth Ann Leach, Senior Services Director, explained the need and purpose of the LINK transportation and requested approval to sign a Letter of Intent to renew the transportation grant, which will be 50% federal funding, and 50% local match for renewal of the \$10,000 the County supported last year and that the remainder of the match would come from Sycamore Services, Senior Services and the United Way. Jeff Edmondson and Carol Edmondson explained that Jeff uses the LINK program to go to his work, as he is in a wheelchair and unable to drive, and without LINK he would be unable to hold a job. Ms. Leach advised that INDOT will provide two additional vans this year. Pat Cochran, Director of Hendricks County Sycamore Services, requested signatures on the letter and stated that funding was not due until 2003. Jim Cundiff, Executive Director of Community Development Corporation, explained that INDOT is looking to expand transportation in and out of Indianapolis using US Highway 40, maybe using INDIGO into Hendricks County in the next 3-5 years to bring workers to work in the County. Commissioner Clampitt moved to approve and execute the Letter of Intent only. Commissioner Palmer seconded the motion and the motion was approved 2-1-0 with Commissioners Clampitt and Palmer voting aye and Commissioner Ostermeier voting nay.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Department is working on 56th Street and County Line and are repairing roads.

Commissioner Palmer advised of a citizen request to clear the stop sign at CR 800S and SR 39 as the sign is

blocked from view and referred the request to Mr. Lawson to check.

Receipt was acknowledged of a citizen concern of CR 1025N in Wings Meadows of the first driveway pipe north of the inlet. Mr. Lawson and the County Engineer will check on this matter.

IN THE MATTER OF GIS SOFTWARE

John Ayers presented a letter from John Parsons stating that the specs for new software and hardware for the County GIS was necessary and that the Engineering Department has come up with a good solution. Mr. Ayers further advised that the Technology Board had approved AutoDesk as the lowest and most complete quote received and that the server, workstation and software would be from funds that have been set-aside in the bond for the GIS. There was discussion of the proposed changes. Clint Stoutenour explained this system. Commissioner Clampitt moved to approve the GIS data migration solutions with AutoDesk/ESRI as presented and approved by the Technology Board to be funded from the bond and as recommended by the Computer Department. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR

John Ayers advised that he will finalize his review for a consultant on the North/South Corridor and bring back a recommendation to the Commissioners.

Greg Steuerwald advised that he had discussed the May 28 letter of concerns from Buckeye Pipe Line, relative to a pipeline in the proposed North/South Corridor from CR 100N to 200N and requested that he and the County Engineer meet with the pipeline company to discuss an easement. Commissioner Clampitt moved to allow John Ayers and Greg Steuerwald to resolve this matter with the utility company and to explain condemnation.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ENGINEERING

John Ayers explained that he had two part-time employees, one working with DPW and one doing a sign inventory for the GIS and liability.

John Ayers informed the Commissioners that he is working on changes with the architect for the animal shelter.

John Ayers advised that the Surveyor is no longer using the 1982 Chevy truck and requested to transfer this truck to his department for use by the DPW employees. It was the consensus of the Commissioners to transfer the 1982 Surveyor's truck to the Engineering Department.

IN THE MATTER OF PLANNING

Terry Jones advised that the Plan Commission held a special public hearing on Thursday, June 6 to discuss several text amendments for the zoning ordinance and will be bringing 16 of these to the Commissioners for consideration at their June 24 meeting at 6:30 PM.

IN THE MATTER OF COUNTY HOME

Receipt was acknowledged of a contract from Apothecary Solutions to provide services to the County Home.

Greg Steuerwald advised that the changes discussed with this firm had not been made on this contract and requested

to send a letter requesting the changes to be made as discussed. It was the consensus of the Commissioners to send a letter requesting that the changes discussed be made on the contract, as recommended by the County Attorney.

IN THE MATTER OF ANIMAL SHELTER – VEHICLE AND DISASTER FUND

Mary Anne Lewis requested a replacement for her 1993 Dodge van, which has an excess of 160,000 miles and advised that the Town of Cloverdale might be interested in this old van. Commissioner Clampitt moved to send a letter to the Sheriff for consideration of this vehicle request from the vehicle fund. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Mary Anne Lewis advised that the conference she attended relative to animal disasters suggested that counties create a fund where people could make donations and contributions designated to be used only for an emergency disaster. It was the consensus of the Commissioners that the existing Donation Fund be renamed Donation/Emergency Fund.

Mary Anne Lewis discussed a citizen concern relative to a dog trap set up by a neighbor. It was the consensus of the Commissioners that the Animal Control staff always do a good job and that they continue to follow their usual procedures.

IN THE MATTER OF VETERAN'S REPORT

Receipt was acknowledged of the May 2002 Veterans' Report from Richard Bane.

IN THE MATTER OF TORT CLAIM - KING

Receipt was acknowledged of a Tort Claim from Nunn & Greene on behalf of Patricia King for accident of February 26, 2002.

IN THE MATTER OF RAILS TO TRAILS

Receipt was acknowledged of a notice of suit of George N. Clark, Hamilton County Farm Bureau Cooperative Association, Inc., Britton Farms, and all other similarly situated Plaintiffs vs. CSX Transportation, Inc., defendant.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #48211 thru 48245, 222002 thru 222644 and all manual checks cut for May, 2002 as presented June 10, 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MINUTES

Commissioner Clampitt moved to approve the minutes of April 15 and April 22, 2002, as corrected. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to approve the minutes of the State of the County Address of February 26, 2002, as presented. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Palmer moved to approve the minutes of the Danville Town Forum of April 24, 2002, as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Palmer moved to approve the minutes of the joint Commissioner and Council meeting of June 5, 2002, as presented. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COMPREHENSIVE FINANCIAL PLAN

Commissioner Ostermeier requested to go forward with the suggestion from Greg Guerrettaz for the Comprehensive Financial Plan to form a board to review fees for County services. Commissioner Clampitt moved to recommend a joint board composed of Commissioners and Council Members to review County fees. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Nancy Marsh stated they are working on a list of all fees for Mr. Guerrettaz.

IN THE MATTER OF CELL PHONES

John Ayers requested a two-way pager/phone for use by a DPW employee. There was no action taken.

Greg Steuerwald advised that he is working on changes in the contract with Nextel for cell phones.

IN THE MATTER OF PLAINFIELD STUDENTS

Receipt was acknowledged of several letters from third grade students of Plainfield Central Elementary expressing their appreciation and thanks for visiting the Government Center.

IN THE MATTER OF INSURANCE

Rich Jensen introduced Mark Ennis of Bliss-McKnight as they are reviewing County insurance.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 11:35 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

June 17, 2002

The Hendricks County Board of Commissioners met in regular session at on Monday, June 17, 2002, with a quorum of three (3) Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
John D. Clampitt)	
Gregory E. Steuerwald	Hendricks County Attorney
Russ Lawson	Hendricks County Highway Superintendent
John Ayers	Hendricks County Engineer
Terry Jones	Hendricks County Planning Director
Jerry Bowden	Hendricks County Human Resources Director
Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF EMPLOYEE HEALTH INSURANCE

Jon Yoho explained cost containment of the employee health insurance. Jeff Fox, Nyhart Insurance, stated the County savings by adding the Sagamore Network from September 1, 2001, to May 1, 2002, have been \$264,541, or 29% of eligible charges and that an additional \$4,000 savings have been realized by use of Coalition America. Mr. Fox presented several alternative plans for savings and recommended to move the mail-order prescriptions from

Express Scripts to Eckerd Health Services to save the county over \$15,000 annually. Commissioner Clampitt moved for employee health insurance plans to remain the same, to change the mail-order prescriptions from Express Scripts to Eckerd Health Services with an effective date of September 1, 2002, and that Human Resources send a memo to employees of this change for prescriptions. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CABLE TV – JUVENILE PROBATION

Steve Schmalz requested the addition of cable TV for the office of Juvenile Probation. Commissioner Clampitt moved to deny cable TV in any County work area. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CIRCLE SEVEN WORKFORCE INVESTMENT BOARD

Receipt was acknowledged of a letter from Lance Ratliff requesting the reappointment of Pat Matthews, Organized Labor Executive Board Member and Leonard Voigt, Business President AccuMed, for a three-year term ending June 30, 2005, to the Circle Seven Workforce Investment Board. Commissioner Clampitt moved to reappoint Pat Matthews and Leonard Voigt to a three-year term ending June 30, 2005, on the Circle Seven Workforce Investment Board as recommended by Lance Ratliff. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF 2003 HOLIDAY SCHEDULE

Receipt was acknowledged of a request from Superior III for the 2003 holiday schedule. There was discussion of use of the floating holiday for observation of Lincoln's Birthday. Commissioner Clampitt moved to adopt the 2003 calendar as presented and to observe Lincoln's Birthday on Friday, December 26, 2003, for employees to have a longer Christmas holiday. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF WEST CENTRAL CONSERVANCY DISTRICT – APPOINTMENT

Receipt was acknowledged of a letter from West Central Conservancy District for an appointment to fill the vacancy of Director for District 2 to serve until the next annual meeting pursuant to Chapter 5, Section 12, of the Indiana Conservancy Act (IC 14-33), and that this term expires at the annual meeting of 2003 whereby a director will be elected to this position at that time. Joe Murphy came forward with a written request to petition the Board of Commissioners to appoint Charles J. Murphy, Jr. (Joe), to the vacant director position on the board of WCCD. Commissioner Ostermeier read the letter presented by Mr. Murphy. Commissioner Clampitt moved to continue this Appointment to the June 24 meeting and for the County Attorney to review this matter. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF NORTH/SOUTH CORRIDOR - 100S TO US 36 & 200N TO 300N

John Ayers reported on the Requests for Quotes for the proposed North/South Corridor for CR 100S to US 36 and CR 200N to 300N and requested to proceed with fee negotiations for each segment. Mr. Ayers advised that based on the review of quotes his first three choices for US 36 to CR100S would be USI; DLZ; and ACE, and for 200N to

300N would be Crossroad; Beam, Longest and Neff; and USI.

Commissioner Clampitt moved for the County Engineer to proceed with fee negotiations for US 36 to CR 100S with USI as prime and DLZ as second, as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved for the County Engineer to proceed with fee negotiations for the North/South Corridor for CR 200N to 300N with Crossroad as prime and Beam, Longest and Neff as second, as recommended by the County Engineer. Commissioner Palmer seconded the motion and the motion was approved unanimously. It was the consensus of the Commissioners that if we cannot agree with the first or second choice to then go to the third choice.

Becki Wise thanked the Commissioners for their consideration of USI for this project.

IN THE MATTER OF MIP-796: JOHN LAZARO

Terry Jones presented a request for MIP-796: John Lazaro, and recommended that based on an on-site inspection by the Planning Department that the performance bond held as the surety, in the amount of \$100,000, be released. Commissioner Clampitt moved, per recommendation of the Planning Director, to release the performance bond for MIP-796: Lazaro. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MIP-883: BOB WENGLER

Terry Jones presented a request for MIP-883: Bob Wengler, and recommended that based on an on-site inspection by the Planning Department, to release the performance bond held for the Erosion Control Exception in the amount of \$1,000. Commissioner Clampitt moved, per recommendation of the Planning Director, to release the performance bond for MIP-883: Bob Wengler. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF GOVERNMENT CENTER - EXTERIOR DOORS

John Ayers advised that the exterior doors of the Government Center have been repaired.

IN THE MATTER OF ANIMAL SHELTER

Receipt was acknowledged of the June 9, 2002, letter from Matthew D. Cantrell requesting to be a volunteer at the Animal Shelter to gain experience as he wishes to pursue a career in veterinary medicine and advised that he has insurance to cover any damages. Mary Anne Lewis previously presented and was approved for this volunteer, however, it was requested that this volunteer submit a written request.

IN THE MATTER OF HUMAN RESOURCES

Jerry Bowden requested to purchase plaques to honor County retirees with ten years or more of service to Hendricks County. It was the consensus of the Commissioners to approve this request to honor retirees and that Mr. Bowden obtain quotes for these plaques and report back at a later date.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #119135 thru 19602, #222672 thru 222862, and #222872 thru 223148 as submitted June 17, 2002. Commissioner Palmer seconded the motion and the motion was approved

unanimously 3-0-0.

Commissioner Clampitt moved to recess the Commissioners' meeting at 10:40 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 11:10 AM with the following joining the meeting:

John Parsons, Systems Administrator	Barbara Ford, Assessor
Doug Morris, Web Master	Cathy Grindstaff, Director Environmental Health
Clint Stoutenour, Engineering Department	

Barb Ford advised that the aerials have been flown and that this part has been concluded. Clint Stoutenour advised he will take this information on a CD and put on the County system and the internet as this will benefit everyone.

Barb Ford advised that the legislature has taken out "delay" in the legislation and that she doesn't know what the consequences will be.

John Parsons advised that the Manatron contract is thru the end of June and inquired if we should pay until the end of the year in order to have support for the system. It was the consensus of the Board to allow John Parsons and Barb Ford to decide this matter and to report back.

John Parsons requested to buy special colored paper for the laser printer. Commissioner Clampitt moved to allow the Computer Department to purchase special paper as requested. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Receipt was acknowledged of a request from the Convention and Visitors Bureau for a link on the County web. It was the consensus of the Commissioners that it was previously agreed that we do not link anything but County offices, but to have a menu of other County agencies, subject to approval of the Technology Board.

John Parsons advised that the Indiana Police Department will have IDACS completed within two weeks for Adult Probation on a separate server. Mr. Parsons also advised that funding has not been received from the State.

John Parsons advised that the mandatory judicial computer system must be in by 2006.

Receipt was acknowledged of a letter from Cathy Grindstaff requesting a conversion of the birth certificates with the State and a laser printer. It was the consensus of the Board to obtain cost and bring back at the July 1, 2002, meeting.

John Parsons reported that the Auditor had requested to purchase the Pro-Con-Plus and two modems for direct payroll deposits for a total of \$169.50 to be funded from previously approved funds. Commissioner Clampitt moved to approve the Pro-Con-Plus and modems, as requested, if funds are available. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Parsons advised that the Auditor will need to buy checks and recommended to roll funds from the Computer budget to the Auditor's budget. John Parsons advised that there needs to be additional wiring for the two new stations in the Auditor's Office to be funded from the computer budget.

Nancy Marsh had requested training on Excel, Access, Word and Outlook. It was the consensus of the Board to discuss this training with Jerry Bowden in Human Resources.

John Parsons advised that the Data Warehouse is waiting for Plexis and will be completed when Plexis is complete.

Dan Derrick requested a list of computer equipment in the Computer Department and the layout. Commissioner Clampitt moved to provide a list of computer equipment in the Computer Department and the Computer Room layout. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess the Technology Board at noon. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

June 24, 2002

The Hendricks County Board of Commissioners met in regular session at 6:40 PM on Monday, June 24, 2002, with a quorum of two (2) Commissioners in Rooms 4-5 on the first floor of the Hendricks County Government Center with the following in attendance:

Steven L. Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
Gregory E. Steuerwald	Hendricks County Attorney
Nancy L. Marsh	Hendricks County Auditor
Terry Jones	Hendricks County Plan Director
John Ayers	Hendricks County Engineer
Jim Adams	Hendricks County Emergency Management Director
Judith Wyeth	Secretary to the Commissioners

NOTE: Due to work schedule Commissioner Clampitt was unable to attend the meeting.

Commissioner Ostermeier opened the meeting by leading the Pledge to the Flag in unison and giving a brief prayer for those who wished to participate.

IN THE MATTER OF UNITED BOND

Greg Steuerwald reported that the County was in receipt of correspondence stating that the United Bond had been resolved and Hendricks County would be receiving just under \$900,000.

IN THE MATTER VACATION OF PUBLIC WAY

Commissioner Ostermeier read a telephone message from Attorney Bill Harrington advising that he would be late and requested to be moved to later on the agenda. It was the consensus of the Commissioners to continue the public hearing for vacation of public way until later in the meeting.

IN THE MATTER OF AMENDMENT OF UNIFORM FEE SCHEDULE

Commissioner Ostermeier announced that the Amendment to the Hendricks County Uniform Fee Schedule would not be discussed tonight as it had been continued to a special Plan Commission Meeting at 6:30 PM on Thursday, July 18, 2002.

IN THE MATTER OF BARKER'S BELLEVILLE ADDITION

Scott Schrader, 6284 Vigo Drive, Clayton, presented a survey signed by 101 residents of Barker's Belleville Addition, stating they, "Do not object to the truck drivers bringing their tractors home and parking them on their personal property". Mr. Schrader stated he was speaking in defense of a complaint expressed by Marion Poteet at the May 28 Commissioners' meeting relative to overweight trucks parking in the Barker's Belleville Addition and requesting that the sign stating weight limit be removed.

Kay Dixon, 6248 Park Drive, explained the reason and time frame of trucks in the addition and advised they park their trucks on their own property in their own driveways.

Phil Morgan expressed safety concerns of motorists and dangers as they have no visibility on streets when trucks are parked on the street.

Terry Jones advised that he and Russ Lawson had visited this addition and felt stop signs were necessary at several locations. Mr. Jones also advised there is nothing in the zoning ordinance except that vehicles must be licensed, however, if they are parked on the street or over the 7,000 pound limit in this addition it would be a matter for the Sheriff's Department.

John Ayers stated there was no problem unless the trucks are exceeding the posted weight limit.

It was the consensus of the Commissioners for staff to review the existing sign and bring back a recommendation.

IN THE MATTER OF MITCHELL TERRACE - VACATION OF PUBLIC WAY

Bill Harrington, on behalf of Michael and Judy Hemken and Dennis and Kathleen Marlowe, presented a petition to vacate a public way on CR 1009S, in Mitchell Terrace. Mr. Harrington stated that this public hearing had been legally advertised and that this petition represented two of the three owners of adjoining property to this public way, a 50-foot easement strip, which was recorded with this development in 1973. Mr. Harrington also read the statement on the recorded plat relative to lack of water for this parcel.

Commissioner Ostermeier opened the public hearing.

David Kenninger, attorney representing Debbie Gross the third adjoining property, requested to table this issue to have time to work with the County Surveyor, Planning Director and Engineer to resolve this issue.

Debbie Gross explained the history of this parcel and of the lack of water available for her new home.

Terry Jones advised that if this easement was eliminated the lot of Mrs. Gross would become a non-conforming lot and would be unable to obtain permits for any future changes.

Commissioner Ostermeier closed the public hearing.

Commissioner Palmer moved to continue this petition to vacate a public way on CR 1009S to the July 22 meeting at 6:30 PM. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF WEST CENTRAL CONSERVANCY – APPOINTMENT

The appointment of a board member to fill a vacancy on the West Central Conservancy was continued from the

June 7, 2002, meeting in order for the County Attorney to review the matter. Greg Steuerwald advised that the state statute states that the County Commissioners shall make an appointment to fill a vacancy. Receipt was acknowledged of a name submitted by the West Central Conservancy.

Joe Murphy inquired how to nominate a person for this position.

Mr. Steuerwald advised that a name should be submitted in writing to the County Commissioners and the appointment would be determined at the July 22, 2002, meeting.

Jim Anderson stressed for the Commissioners to look at the guidelines and recourse of the customers before making the appointment for a board member.

Kathy Patton expressed concerns for customers and requested that the Commissioners take a close look at the nominee.

Tanya Arnold expressed concerns for AquaSource rates.

Alan Hux, attorney for the West Central Conservancy, requested that the Commissioners consider the name submitted for appointment to the board.

Phil Morgan stated that he opposed the submitted name.

Joe Hankins stated he was against the actions of the conservancy.

Commissioner Palmer moved to continue the appointment the Commissioners are to make to the West Central Conservancy Board to the July 22 meeting and that the Commissioners welcome names for this position.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF ZONING TEXT AMENDMENTS

Terry Jones presented the following sixteen (16) text amendments for the Zoning Ordinance and advised that the Plan Commission held a public hearing on June 6, 2002, for these amendments. Mr. Jones further stated these amendments come with a favorable recommendation from the Plan Commission 4-0-0. Commissioner Ostermeier asked if there was any public comment on any of these sixteen text amendments to the Zoning Ordinance. There was no public input. Commissioner Palmer moved to approve the following sixteen amendments as Ordinances No. 2002-13 thru 2002-28 as presented as follows:

Pittsboro, IN 46167
June 26, 2002*

Dear Mr. President,

I Pledge Allegiance to the Flag of the United States of America, and to the republic for which it stands, one nation under God....

What is this world coming to? First they take God and religion out of schools. That has caused an uproar of violence, guns, and disrespect to the school systems. The violence is on the rise and it won't stop until someone says or does something. It only takes one voice.

They then decide to give mothers a chance to kill their babies. Isn't murder against the law? There are so many "Protect the Animals" groups out there. Why not protect the children? They're putting animals above humans. Abortion is wrong! It just takes one voice.

The San Francisco justice has just ruled our Pledge of Allegiance unconstitutional. September 11th brought out the patriotism in all of us. Our trust in God suddenly increased, and now they want to take God out of a symbol that stands as a beacon of hope and a shining light. Our Pledge may be changed on paper, but in my heart it will stay the same. When school starts and we stand to say the Pledge I will not omit "under God" from it and hopefully many will follow.

Just one voice.

What's next? Will "In God We Trust" be taken off of currency? I don't understand. September 11th has proven that we can't trust our fellow man. We need someone to lean on. Why not God? Taking God out of our lives will not bring peace, it will only bring destruction. God lives on in my life and no matter what they do, they cannot take God out of my heart. But they can weaken others, and they will unless somebody steps forward.

One Voice.

I am willing to be that voice.

I want to be that voice.

One voice can grow and multiply into millions of voices that won't be silenced.

I hope you take into consideration what I wrote. I want to make a difference.

In God I Trust.

.....indivisible, with liberty and justice for all.

Sincerely,

Jessalyn Trimble

Commissioner Ostermeier read a letter of the special session of the General Assembly relative to inventory tax. Auditor Nancy Marsh stated that Hendricks County is maxed on EDIT on inventory tax. It was the consensus of the Commissioners that Greg Steuerwald review this matter.

IN THE MATTER OF HAZELWOOD

David Gaston advised of the progress and problems they are encountering in an attempt to resolve the drainage/sewage problems in Hazelwood and requested approval for the Surveyor and Director of Environmental Health to complete the initial inspection and testing and to bring back some options on this matter. It was the consensus of the Commissioners to grant this request.

IN THE MATTER OF REGIONAL SEWER BOARD - LEGISLATION

Cathy Grindstaff advised of new legislation relative to sewer boards and stated that she had a copy of Senate Bill 0099 that becomes effective today, July 1, 2002.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 10:55 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

The Commissioners' Meeting reconvened at 11:15 AM.

IN THE MATTER OF HUMAN RESOURCES

Jerry Bowden presented a draft letter, in response to a complaint filed by an employee, and requested to send the letter, which has been approved by the County Attorney. It was the consensus of the Commissioners to send the letter as presented.

Jerry Bowden advised of an employee requiring prescriptions beyond the financial limit of the County employee health insurance and stated that both he and Nyhart Insurance are attempting to obtain information from the physician. Mr. Bowden requested direction on filling or denying this current prescription request. Commissioner Clampitt moved to fill this 30-day prescription, for one time, until such time that we have more information and an evaluation, per recommendation of the Human Resources Director, and that an investigation will be made by Nyhart.

Commissioner Palmer seconded the motion and the motion was approved 2-1-0 with Commissioners Clampitt and Palmer voting aye and Commissioner Ostermeier voting nay.

IN THE MATTER OF ANIMAL CONTROL

Mary Anne Lewis came forward to request additional appropriations for employee overtime for Animal Control. Commissioner Clampitt moved to approve the request of Mary Anne Lewis for additional overtime of \$5,000 and to send a letter of recommendation to the County Council for this request.

Ms. Ford advised that a representative from Plexis will be in attendance at future Technology Board Meetings for better communications.

Barbara Ford advised that she and Nancy Marsh will work on the ditch numbers for the new system.

John Parsons presented a list of equipment in the Computer Department as requested by Dan Derrick.

John Parsons requested a key pad for security into the back computer room for protection of the servers. It was the consensus of the Technology Board that Mr. Parsons obtain the cost and bring back at the next meeting.

John Parsons advised of a new quote from Manatron for the gavel system in the Courthouse. It was the consensus of the Commissioners that Mr. Parsons prepare a letter to the County Council requesting an additional appropriation of \$262,000 and for the Auditor to advertise for this request to be heard at the joint meeting on July 16, 2002.

John Parsons advised of network problems between the system in the Recorder's Office and the new Low system and that the

Recorder has requested to be taken off the system. Mr. Parsons requested Low representatives to resolve the problems with the Novel server. It was the consensus of the Technology Board that Low resolve this issue and that Auditor Nancy Marsh discuss this matter with Low representatives.

John Parsons advised that e-mail and internet are available on at least one station in each office at the Courthouse and that Doug Morris is working on this. Mr. Morris will provide a sheet with training pointers to everyone.

There was discussion of computer training information.

Commissioner Clampitt moved to recess the Technology Board at noon. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF E-911

Mark White, Brownsburg Town Manager, presented a request for the Commissioners to consider in future distributions of the E-911 funds that a percentage be given to the Town of Brownsburg for four dispatchers. Mr. White also advised that Brownsburg neglected to submit E-911 claims for 2001. Roy Waddell questioned the percentages and advised that Brownsburg could submit claims for this year and for 2001. Gary Eakin, Danville Town Manager, requested direct funding as they have purchased a new system and also requested direct funding for other amenities. Commissioner Clampitt moved to give this request to the Sheriff for the E-911 Committee to study and to make a recommendation on this request for future distributions to Plainfield, Brownsburg, Avon, Danville and the County. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. There was discussion to formulate figures and come back with a recommendation for both fire and police.

IN THE MATTER OF AMO VOLUNTEER FIRE DEPARTMENT – GRANT

Tina Henderson, Mendenhall & Associates, presented a Community Focus Fund Proposal through the Indiana Department of Transportation (INDOT) for a grant for the Amo Volunteer Fire Department in the amount of \$144,000, with Hendricks County to be the lead agency. Ms. Henderson stated that the Amo Fire Department will provide the matching funds and that this grant will be at no cost to the County. Ms. Henderson also advised that a public hearing will be held on September 6 and requested the President to execute the document. Commissioner Clampitt moved to approve the grant application for the Amo Fire Department and for Steve Ostermeier to sign. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Ms. Henderson agreed to provide a corrected copy with the correct names when she returns in September.

IN THE MATTER OF ASSESSOR - PLEXIS SOFTWARE

Assessor Barb Ford presented a contract with Plexis and explained the new uniform statewide parcel numbering, which is mandated by the state and due by the end of the year. Ms Ford stated the funding for this new Plexis software would be funded one-half by the Assessor's Office from the mapping fund and one-half by the Auditor's

Office from plat book funds and that the Plexis system will make this information available to other departments.

Commissioner Clampitt moved to approve and execute the contract for engineering services with the Plexis Group as presented and recommended by the County Assessor and County Auditor. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COURTHOUSE SQUARE – HISTORIC DISTRICT

Receipt was acknowledged of the June 28, 2002, letter from the Indiana Department of Natural Resources advising of a meeting on August 7, 2002, to consider an application for the Danville Courthouse Square Historic District, roughly bounded by Clinton, Tennessee, Broadway and Cross Streets in Danville and to be listed on the National Register of Historic Places. Gary Eakin, Danville Town Manager, explained the process and advised of the neglect of not everyone being notified of this action. There was discussion that this was promoted by the Hendricks County Heritage Alliance. Terry Jones advised of the past experience of other counties with historic districts. John Ayers advised that funds would be more available for Courthouse projects if it was designated as a historical district.

Commissioner Clampitt moved to have the President of the Commissioners attend the August 7 meeting to object to this on the basis of not being contacted, of the way it is presented now, and for the President to state this objection due to not having been involved with this group that ties your hands. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF INSURANCE

Rich Jensen introduced his son, Carson Jensen, who is interning with him this summer in the Stevenson-Jensen Insurance office.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF BOND

John Ayers presented an affidavit for additional chairs for the meeting rooms, which was previously approved by the Commissioners and the Bond Trustees. It was the consensus of the Commissioners to forward the affidavit to the bond bank for consideration of payment.

IN THE MATTER OF DISPOSAL OF SURPLUS COMPUTERS

John Ayers presented a letter explaining the need to dispose of some surplus computers with the County Attorney's opinion that we can dispose of unusable computers as long as the computers meet the criteria established by Lawson Auctioneers to be declared as having no value and with the approval of the Commissioners at a public hearing. There was discussion of the criteria of "no value". It was the consensus of the Commoners to bring back

this request with a definition of “no value”.

IN THE MATTER OF PLANNING DEPARTMENT

Terry Jones introduced Dick White, United Consulting Engineers, and requested to hire this firm to assist the Planning Department in relieving the load of inspections of new building permits and developments and to pay as the current contracted inspectors are paid by the builders/developers at no cost to the County. Commissioner Clampitt moved to allow the request of the Planning Director for contract services for those wanting to take advantage of this as a contract service at no cost to the County. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COUNTY MAPS

Terry Jones discussed the need to replace and update the county maps and requested to approach the Council for funding for these maps and to replace the funds in that account as the maps are sold. There was discussion of working with the Chambers of Commerce in the County, the Visitors and Convention Bureau and Economic Development to produce one map that could be used by all agencies. It was consensus of the Commissioners to check with other agencies to see if they were interested in participating.

IN THE MATTER OF COUNTY HOME

Peggy Nichols presented for execution the Pharmacy Service Agreement for Alliance Center, d/b/a Apothecary Solutions for pharmacy service with the County Home and stated the contract had been previously approved subject to changes and now these changes have been made and approved by the County Attorney.

Norman Gulliffe	Hendricks County Planning Department
Judith Wyeth	Secretary to the Commissioners

NOTE: Due to work schedule Commissioner Clampitt did not attend this meeting.

Commissioner Ostermeier led the Pledge to the Flag in unison.

Greg Steuerwald gave a brief prayer for those who wished to participate.

Commissioner Ostermeier requested to change the agenda to hear the fee amendment first. There was no public objection. It was the consensus of the Commissioners to move the fee amendment to first on the agenda.

IN THE MATTER OF FEE AMENDMENT

Terry Jones presented TZA02-01: Amendment to the Uniform Fee Schedule, and stated that a public hearing was held on July 18, 2002, regarding this amendment and that it comes with a favorable recommendation from the Plan Commission. Norm Jolliffe, Subdivision Coordinator, explained the current fees and proposed fees for planning, building, zoning and miscellaneous fees for the Planning and Building Department and advised that the last time fees were increased in this department was February, 1997.

Jim Bryant inquired what this does to a small project and requested that they look at the County licensing system if this is based on the size of a project.

Steve Storm stated erosion, under miscellaneous fees, was agreed to be taken out during the Plan Commission.

Terry Jones responded to comments and recommended that these fees become effective August 1, 2002.

Commissioner Palmer moved to approve the Fee Amendment as presented as Ordinance 2002-29 to become effective August 1, 2002. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF WEST CENTRAL CONSERVANCY BOARD

Commissioner Ostermeier advised the appointment to fill a vacancy on the West Central Conservancy Board had been continued from the June 24, 2002, meeting to allow time to take applications. Commissioner Ostermeier read the submitted names: Jon Handy, Eric Tauer, Cathy Patton and Ron Bartley.

Christine Bender requested the occupation of the candidates and stated she opposed the appointment of a developer.

Jim Anderson stated he supported Cathy Patton and opposed the candidate that lived in Putnam County.

Joseph Hankins stated the Board should be for the people and not for conflict of interest.

Arleen Gottlick inquired if the candidates reside in the Hendricks County or Avon area.

Cathy Patton stated she lives in Avon, is currently unemployed, but has worked in administration.

Jon Handy advised that he now resides in Putnam County, however has business in Hendricks County, currently works with White Lick and manages three small sewer companies.

Eric Tauer was not present, but it was stated he is a developer and lives in Avon.

Ron Bartley, was not presented, but was stated he lives in Avon and is in real estate.

Commissioner Palmer moved to appoint Cathy Patton to fill the vacancy of Director of District 2 on the West Central Conservancy Board to the next annual meeting. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF VACATION OF RIGHT-OF-WAY IN MITCHELL TERRACE

Receipt was acknowledged of a letter from Bill Harrington relative to the vacation of right-of-way in Mitchell Terrace, which was continued from the June 24 meeting, requesting a continuance as they are trying to resolve this matter with the individuals. Commissioner Palmer moved to continue the vacation of right-of-way in Mitchell Terrace for thirty days as requested. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

Mr. Jones further advised that a public hearing was held on July 9 and this request comes with a favorable recommendation from the Plan Commission.

Larry Scott further explained this request.

Commissioner Palmer moved to approve ZA-283/BR02-02 for Margaret and Larry Scott, as presented and approved by the Plan Commission, as Ordinance 2002-30. Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF APPEAL FOR POOR RELIEF

Michelle Smith came forward to appeal the denial of poor relief from the Lincoln Township Trustee and advised that she had lost employment from a firm that went bankrupt and one that downsized and now needs assistance for her family.

Don Peoples, Lincoln Township Trustee, advised he has previously assisted this individual several times and referred to the guidelines for Lincoln Township stating that Ms. Smith does not currently comply with those

guidelines.

It was the consensus of the Commissioners to abide by the denial of the Lincoln Township Trustee, based on the Lincoln Township guidelines for poor relief, and to deny this appeal.

IN THE MATTER OF TOWN OF CARTERSBURG

Jim Bryant, Town of Cartersburg, advised that American Consulting Engineers (ACE) will be the engineering firm for Cartersburg Conservancy and requested assistance on a grant for this project.

Todd Trinkle introduced Shannon McLeod, Priority Project Grant Administrator.

Ms. McLeod requested sponsorship of the Cartersburg project and for the County to be the local match of \$5,500 for this grant and presented a proposed project timeline.

Jim Kovacs, American Consulting Engineers, addressed the storm sewers, sewer system, water and replacement of streets in a master plan for the Town of Cartersburg.

Commissioner Ostermeier made a motion that the Hendricks County Commissioners will sponsor this grant for Cartersburg and that the Commissioners will work to meet the local grant of \$5,500. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF AUDITOR AND TREASURER – WINDOWS PROPERTY TAX SYSTEM

Auditor Nancy Marsh and Treasurer Amy Roberts advised that as previously approved they were to move forward and purchase the Low Property Tax System on DOS and to move to the Windows system sometime in the future.

However, House Bill 1001 requires Windows Property Tax System by January 1, 2003, therefore, Low has made the decision to not make programming changes in the DOS system and is moving full speed ahead to implement the Windows Property Tax System. Ms. Marsh stated the Council had approved funding for the DOS system and Low has now agreed to apply the full price of the DOS system to the purchase price of the Windows System and she is requesting funding for this implementation to be obtained from the refinanced bond balance. Commissioner Palmer made a motion to move forward and to request \$60,995 from the bond for the Windows Property Tax System.

Commissioner Ostermeier seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF PROCLAMATION OF A PUBLIC EVENT - HOME-A-RAMA

Commissioner Ostermeier seconded the motion and the motion was approved 2-0-1 with Commissioners Palmer and Ostermeier voting aye and Commissioner Clampitt abstaining as he did not attend the meeting.

IN THE MATTER OF FIBER OPTIC BID

Commissioner Ostermeier stated that not all parties were present to award the fiber optic bid at this time and suggested that this item be moved to later in the meeting.. It was the consensus of the Commissioners to move the awarding of the fiber optic bid until later in the meeting.

IN THE MATTER OF ZA-281/WA02-02: URBAHN'S COMPANIES, INC.

Terry Jones presented ZA-281/WA02-02: Urbahn's Companies Inc., for a zoning change from R-A: Single Family (15,000) Residential District, to a R-B: Single Family (12,500) Residential District, for 138.65 acres in Washington

Township located on the south side of CR 200N, approximately 0.25 mile east of CR 800E. Mr. Jones advised that the Plan Commission sends this zoning request with a favorable recommendation by a vote of 5-0-0 with stipulations from the developer for zoning commitments and development commitments. Attorney Lee Comer explained the amenities in the proposed project. There was discussion of stub streets. Commissioner Ostermeier asked for public comment. Bud Daum stated that stub streets were established in developments to connect when the adjoining property develops. Commissioner Ostermeier closed the public hearing. Commissioner Clampitt moved to approve ZA-281/WA02-02: Urchin's Companies, Inc., as approved by the Plan Commission, with stipulations presented for zoning commitments and development commitments, as Ordinance 2002-34. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF AWARD OF FIBER OPTIC BID

John Ayers presented the response to fiber optic bids from Jacobs Telephone Contractors, Clawson Communications and Payne Electric and recommended Jacobs Telephone for the base bid and the two alternates. Jeff Johnson, Johnson and Associates, explained the need for the alternates stating that one quote was for galvanized and one for stainless steel and feels that the galvanized is equal and to go with that price. Commissioner Clampitt moved to approve the fiber optic quote from Jacobs Telephone Contractors, as recommended by staff and consultant, and to use galvanized with the alternate for I and II. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TOWN OF BROWNSBURG

September 16, 2002

The Hendricks County Board of Commissioners met in regular session at 10:37 AM on Monday, September 16, 2002, with a quorum of two (2) Commissioners in the Commissioners' Meeting Room on the first floor of the Hendricks County Government Center with the following in attendance:

Linda Palmer)	
John D. Clampitt)	Hendricks County Commissioners
Gregory E. Steuerwald		Hendricks County Attorney
Nancy L. Marsh		Hendricks County Auditor
David Gaston		Hendricks County Surveyor
Russ Lawson		Hendricks County Highway Superintendent
Terry Jones		Hendricks County Planning Director
John Ayers		Hendricks County Engineer
Jerry Bowden		Hendricks County Human Resources Director
Judith Wyeth		Secretary to the Commissioners

NOTE: Commissioner Ostermeier was ill today and did not attend the meeting. Commissioner Palmer presided over the meeting.

IN THE MATTER OF VACATION OF ALLEYWAYS AND /STREET IN RENO

Attorney Ben Comer presented a request on behalf of Christine Berry to vacate alleyways abutting lots 14, 15, 16, 17 and 18 and vacate the north side of State Street abutting Lots 16, and 17 in the original Town of Reno, Mr. Comer advised that the alleyways were approved on August 26, 2002, however, at that time he had been unable to contact Mr. Stephenson, an adjoining property owner to the lots abutting State Street and that portion of the request had been continued to this meeting. Mr. Comer introduced Brian Stephenson, adjoining owner of lots #16 and 17 on State Street. Brian Stephenson gave his verbal consent to vacate adjoining alleys as requested and recommended that all of State Street be vacated. Greg Steuerwald stated they could now only vacate the portion of State Street that was petitioned, however, the rest of the street could be petitioned separately for future consideration. Commissioner Clampitt moved to approve the petition for vacation of alleyways and a portion of State Street in the original Town of Reno, as presented, as Ordinance 2002-35. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

Commissioner Clampitt moved to allow the thermometer on the Courthouse lawn through the end of November 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

Janet Dannuck stated the Human Resources Department could schedule a meeting in each of the buildings for County employees to complete their payroll deductions for United Way. Commissioner Clampitt moved to have Human Resources and Susie Friend coordinate the United Way campaign and for the elected officials/department heads to have the discretion to send or to not allow employees to attend this campaign fund raising meetings. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

IN THE MATTER OF TANGLEWOOD - WEEDS

Erma Hall presented pictures of the lot adjoining the lot of her Mother, Beatrice Chitwood, in the Tanglewood Subdivision on CR 1050S, and explained the history of this lot that now has been abandoned with the remains of a burned home with weeds and debris, and stated this lowers the value of her Mother's house. Mick Hickam, Guilford Township Trustee, advised these are not obnoxious weeds and that it is located in a platted subdivision, therefore, he cannot help. There was discussion of referring the matter to the Weed Board and to send a zoning inspector to check on this lot. It was the consensus of the Commissioners that the Zoning Department check this lot and send a letter to the Weed Board with a copy to Mick Hickam and the owner.

IN THE MATTER OF TSA02-02 – ORDINANCE NO. 2002-36

Terry Jones presented TSA02-02, amending the Hendricks County Indiana Subdivision Control Ordinance by amending Section 3.18 Minor Subdivision Procedure explaining the current minor plat process and that this amendment will save time. Mr. Jones further advised that a public hearing was held on September 10, 2002, and comes with a favorable recommendation 6-0-0 from the Plan Commission. Commissioner Clampitt moved to approve TSA02-02 for Section 3.18 of the Subdivision Control Ordinance for Minor Subdivision Procedure, as recommended by the Plan Commission, as Ordinance No. 2002-36 to read:

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF HENDRICKS COUNTY, INDIANA AS FOLLOWS:

3.18 MINOR SUBDIVISION PROCEDURE

A minor subdivision by definition is intended to allow the subdivision of a buildable tract of land with a reduction of approval time and filing procedure. It is not the intent of the minor subdivision procedure to circumvent uniform development plans for a total parcel of land. Therefore, this procedure may only be used for a total of three (3) new building sites, provided that there are no improved public rights-of-way required and that the minor subdivision meets all the applicable requirements

of the Subdivision Control; Storm Drainage, Erosion, and Sediment Control; and Zoning Ordinances. Further subdivision of a minor plat must proceed through the full major subdivision procedures. If the staff finds this procedure is being abused, the applicant must obtain approval from the Plan Commission prior to using this procedure. The approval procedure for a minor subdivision as described in this section shall be the same as other subdivisions as described in Sections 3.01 thru 3.17, with the exception that primary and secondary approval shall be combined by the Plat Review Committee into one (1) hearing.

Approved by the Board of County Commissioners of Hendricks County, Indiana, this 16th day of September, 2002.

Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

John Ayers presented quotes for two additional panic buttons in the Treasurer's Office and one for the Auditor's main Office and to fund from maintenance. Commissioner Clampitt moved to approve the purchase of additional panic buttons in the Government Center, as requested, and to fund from maintenance. Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

John Ayers explained that the false fire alarm last week was due to a malfunction of equipment.

John Ayers stated that the public address system is not working, however, replacement parts have been ordered and the system should be working soon.

John Ayers advised that CMI nicked the Corian counter in the Auditor's Office while working on the panic buttons last week and that he has talked with them to resolve this issue.

IN THE MATTER OF COURTHOUSE

John Ayers advised that the previously approved pump for the water system at the Courthouse is not sufficient and is obtaining additional quotes for consideration.

Commissioner Clampitt moved to reappoint Terry Dillon for another four (4) year term on the Hendricks Community Hospital Board beginning January 1, 2003, thru December 31, 2006. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TZA-02-25

Terry Jones requested to continue for two weeks TZA02-25 for Chapter 16, 16.05A of the Zoning Ordinance. It was the consensus of the Commissioners to continue TZA-02-25 to the December 2, 2002, meeting, as requested by the Planning Director.

IN THE MATTER OF ZA290/BR02-05: OMNI POINT

Terry Jones presented ZA290/02-05: Omni Point, Inc., a request for a change in zoning from R-A: Single Family (15,000) Residential District, to AG-B: Agricultural Business District, for 1.00 acre located on the south side of Maloney Road, approximately 0.25 mile east of CR 925E. Mr. Jones further advised that the Plan Commission held a public hearing for this request on November 12 and comes with a favorable recommendation of 5-0-0. Attorney Tim Ochs, Ice Miller, stated that Wheelers Communications, would use this parcel known as Omni Point. Commissioner Ostermeier asked for public input. There was no public comment. Commissioner Clampitt moved to approve the request for zoning change of ZA-290/BR02-05, as recommended by the Plan Commission, as Ordinance 2002-44. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Department is almost done resolving drainage problems in South Ridge and that they are getting equipment ready for snow.

IN THE MATTER OF MIP-841: KIDDER

Terry Jones presented the Contractor's Completion Affidavit from K & G Excavating for MIP-842: Robert & Raleigh Kidder/Don Mills, and requested a maintenance bond in the amount of \$1,290. Commissioner Clampitt

moved to accept and execute the Contractor's Completion Affidavit for MIP-841 with a maintenance bond of \$1,290, as recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF RECORDER'S OFFICE

John Ayers presented a request from the Recorder's Office to purchase a large bulletin board for \$212. It was the consensus of the Commissioners to approve this purchase as requested.

IN THE MATTER OF PLANNING

Terry Jones announced there would be a special Plan Commission meeting for public hearing of Presidential Estates at 6:30 PM on Thursday, November 21, 2002, and at that time they would schedule another special meeting for the proposed C. P. Morgan development.

IN THE MATTER OF TOBACCO INTERVENTION AND PREVENTION

Cathy Grindstaff presented memos requesting to reimburse the County's postage account in the amount of \$211.75 and \$9.38 to the Health Department for office supplies from the Hendricks County Coalition for Tobacco Intervention and Prevention (HCCTIP) for mailing the How To Quit Smoking information packets to all Hendricks County general practitioners and pediatricians.

Cathy Grindstaff advised that Thursday, November 21, 2002, would be the Great American Smoke Out.

IN THE MATTER OF HAZELWOOD

Cathy Grindstaff gave an update on the Hazelwood sewer project and advised that letters had been issued to seven property owners and they are working to attempt to resolve each situation. It was the consensus of the Commissioners that the County Attorney review the letters.

IN THE MATTER OF HUMAN RESOURCES

Jerry Bowden advised that Jeff Fox would discuss employee insurance at the December 9 Commissioners' Meeting.

Jerry Bowden requested approval to conduct a department Christmas decorating contest for County offices. Commissioner Clampitt moved to approve the request to have a decorating contest for departments. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Jerry Bowden advised that the Hendricks County College Network would provide computer training for County employees at \$250 per session. Commissioner Clampitt moved to approve and send out a survey regarding computer training in the next paycheck. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Jerry Bowden requested to amend the employee policy to use sick time with surgery with workman's comp. Commissioner Clampitt move to adopt and amend sick leave/workman's comp effective this date, November 18, 2002, and that Jerry Bowden send notice to all department heads/elected officials. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Jerry Bowden presented a memo with vacation changes based on the number of years of employee service.

Commissioner Clampitt moved to postpone this matter to the December 2, 2002, meeting. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF COMMISSIONERS CONFERENCE – NEW COMMISSIONER

There was discussion of Commissioner-elect Sonya Cleveland attending the Indiana Association of County Commissioners' Conference in December. Commissioner Palmer moved to allow Sonya Cleveland to attend the Commissioners' Conference at County expense. Commissioner Clampitt seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF SHERIFF'S DEPARTMENT

Receipt was acknowledged from the Sheriff elect for the Sheriff elect, Jail Matron appointee and Chief Deputy appointee to attend the Sheriff's Conference. It was the consensus of the Commissioners to refer the request to Sheriff Roy Waddell.

IN THE MATTER OF EMPLOYEE SERVICE AWARDS

There was discussion of including in the total number of years of service with the County an employee that worked for the County, but, was funded by a state/federal agency and of an employee that has worked five-years in the Hendricks County Extension Office, however, is paid thru Purdue. It was the consensus of the Commissioners to recognize and present Mike Alverson a clock for his twenty-five years of service with the County and to award a plaque to Maureen Buskirk of the Extension Office for five years of service with the County.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #5304 thru 5378 as presented November 18, 2002.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF VALUATION QUOTE - FIXED ASSETS

Auditor Nancy Marsh presented the quote from T. M. Wells Valuation Services of \$14,000 plus \$3,575 expenses and requested to fund from Special Contracts. Commissioner Clampitt moved to approve T. M. Wells Valuation Services, as an outside firm to complete a valuation of fixed assets for the County in a timely manner. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF REASSESSMENT CONTRACT

Greg Steuerwald advised he is reviewing the supplemental reassessment contract for Assessor Barbara Ford. It was the consensus of the Commissioners to continue this matter to the November 26, 2002, meeting.

Commissioner Clampitt moved to recess the Commissioners' meeting at 10:50 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 11:10 AM with the following joining the meeting:

John Parsons, Systems Administrator Doug Morris, Web Master

Doug Morris reported that he had obtained several quotes for a left-handed keyboard, requested by the Auditor, and the best quote was from Boise Cascade.

Doug Morris reported that Boise Cascade had the best price on a replacement for a laser fax in the Auditor's Office

and the consumables for the fax were also more reasonable for the Brother fax he presented. Commissioner Clampitt moved to approve the purchase of the left-handed key board and fund from the Computer budget and that the replacement fax for the Auditor's Office be funded from the Commissioners' equipment line. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Doug Morris acknowledged receipt of an e-mail from Marion County requesting web information and prosecutor information. It was the consensus of the Commissioners to refer the e-mail to the Prosecutor.

John Parsons advised that Quest did the web sight server at no cost to the County.

John Parsons explained the intranet is inside and internet is outside.

John Parsons requested to take information from the A-7 and transfer to the data warehouse as requested by the Engineering Department. It was the consensus of the Commissioners to approve the request as presented.

John Parsons requested to purchase six PC units for the Treasurer's Office and fund from the Computer budget. Commissioner Clampitt moved to approve the purchase of six new PC units for the Treasurer's Office and to fund from the Computer budget. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

John Parsons stated they had experienced some severe problems with the server and advised that the County was down 1 1/2 days.

John Parsons explained that the May tax billings will be late and explained the need to use the A-7 for the apportionments for settlement and requested Eugene to assist in this matter. It was the consensus that the Auditor and Computer Departments work with Eugene to resolve this issue.

Commissioner Clampitt moved to recess the Technology Board at 11:35 AM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

The regular meeting of the Hendricks County Board of County Commissioners was called to order on Monday, November 25, 2002 at 6:40 PM with a quorum of two (2) Commissioners in the Commissioner's meeting room on the first floor of the Hendricks County Government Center with the following in attendance:

Steve Ostermeier)	
Linda Palmer)	Hendricks County Board of Commissioners
Nancy Marsh		Hendricks County Auditor
Greg Steuerwald		Hendricks County Attorney
Judge David Coleman		Judge Hendricks County Superior Court 2
Barbara Ford		Hendricks County Assessor
John Ayers		Hendricks County Engineer
Jim Adams		Hendricks County Emergency Management Director

NOTE: Commissioner Clampitt was unable to attend due to work schedule.

President Ostermeier led the assembly in the Pledge of Allegiance followed by prayer.

IN THE MATTER OF THE MINUTES

It was moved by Linda Palmer and seconded by Steve Ostermeier that the minutes of October 21, 2002, October 28, 2002 and November 4, 2002 be approved as corrected and the motion was approved unanimously 2-0-0.

IN THE MATTER OF THE CLAIMS

It was moved by Linda Palmer to approved claims #53804 thru 54099 and seconded by Steve Ostermeier to approve the claims as submitted for November 25, 2002. The motion was approved unanimously 2-0-0.

IN THE MATTER OF T. M. WELLS CONTRACT – FIXED ASSETS

Auditor Nancy Marsh reported that County Attorney Greg Steuerwald had reviewed the contract with T. M Wells Valuations Services. Mr. Steuerwald reported that he and Mr. Wells have agreed to add *not to exceed* language and termination of contract language to the contract. It was moved by Linda Palmer and seconded by Steve Ostermeier to approve the contract as amended with an amount not to exceed \$17,575.00 and the motion was approved unanimously 2-0-0.

IN THE MATTER OF REASSESSMENT

Assessor Barbara Ford stated that statute requires an independent contractor to conduct the equalization process for reassessment. The majority of the expense of the \$75,000.00 contract will be for commercial property. Attorney Steuerwald stated he was comfortable with the contract. It was moved by Linda Palmer and seconded by Steve Ostermeier to approve a contract with Plexis in the amount of \$75,000.00 to perform equalization with the cost to be paid out of Reassessment and the motion was approved unanimously 2-0-0.

Assessor Ford stated that statute requires the neighborhood to be factored extracting assessed values from the Assessor's computer system and comparing it to sales data. Attorney Steuerwald stated he has reviewed the contract. It was moved by Linda Palmer and seconded by Steve Ostermeier to approve the contract with Plexis in the amount of \$8,360.00 to perform neighborhood factoring with the costs to be paid from Reassessment and the motion was approved unanimously 2-0-0.

Assessor Ford presented a contract, reviewed by Attorney Greg Steuerwald, that is not required by statute but is seriously needed in Hendricks County. Ms. Ford stated that there are many addressing irregularities in the various systems used by Hendricks County and offered this means of correcting the addresses. Plexis will correct the

addresses according to post office standards, not changing any actual number in the address. These corrections will be made in the Assessor's Plexis system to be interfaced with the Auditor's Low system. Ms. Ford stated it would be extremely helpful and save money in postage expense for returned reassessment notices and tax bills. It was moved by Linda Palmer and seconded by Steve Ostermeier to approve the Plexis contract for address corrections in the amount of \$15,000.00 to be paid from reassessment and the motion was approved unanimously 2-0-0.

IN THE MATTER OF SUPERIOR II

Superior II Judge David Coleman presented the Commissioners with information regarding digital audio recording equipment. Judge Coleman asked that the Commissioners review the literature for a later decision. Judge Coleman stated there were several advantages to the digital recording system. Foremost, it would help eliminate a storage problem. The current audio recording system uses 1½ -hour tapes using only one side. They currently use 4 to 5 tapes a day when in use. The digital system would be recorded on CD's that hold 22 hours of digital recording. Judge Coleman stated the complete package will be about \$10,000.00 and is aware of only one dealer at this time. The Judge will come back in February for further discussion and decision. Commissioner Palmer asked if all of the courts have the same system. Judge Coleman stated all of the courts use the same type of tape recording system but his court's was the oldest.

IN THE MATTER OF EMERGENCY MANAGEMENT

Emergency Management Director Jim Adams presented his year-end report and stated it had been a very busy year. Mr. Adams stated the County Emergency Plan would be distributed by January 1, 2003.

Mr. Adams stated that he would like to move forward with implementing the Citizen's Corp Council that was discussed at the July meeting.

Mr. Adams stated that he had sent a representative, Lt. Jeff Gray, to Washington D.C for 5 days for training.

Mr. Adams stated that he now has a communication problem since several fire departments have gone with the Project Hoosier Safe -T 800-megahertz radio system. Mr. Adams stated he would need 2 mobile radios and one portable radio in the near future. Mr. Adams discussed the system as implemented in Johnson County.

IN THE MATTER OF ENGINEERING

County Engineer John Ayers presented a supplement to the original contract with Quandt to provide additional design work on the Raceway Road & 56th Street intersection. It was moved by Linda Palmer and seconded by Steve Ostermeier to approve the supplement to the original contract in the amount of \$11,430.00. Motion carried 2-0-0. Commissioner Ostermeier stated that this should have been in the original contract negotiated prior to Mr. Ayers being appointed County Engineer.

Mr. Ayers presented a traffic study for 0 and 900 South. Mr. Ayers stated there have been several accidents and was looking for ways to improve the intersection. Mr. Ayers said it does not meet the warrants for a 4 way stop. Mr. Ayers asked that the Commissioners look over the study for later approval.

Mr. Ayers asked for approval to submit a letter to the County Council asking for an additional appropriation

in the amount of \$50,000.00 from the Cumulative Capital Development Fund. It was moved by Linda Palmer and seconded to approve the request to be forwarded to the County Council and the motion was approved unanimously 2-0-0.

Mr. Ayers presented an Amended Deed to correct an erroneous legal description between Hendricks County and Hendricks Community Hospital. The corrected description will include the fuel pumps. It was moved by Linda Palmer and seconded by Steve Ostermeier to approve the amended deed and the motion was approved unanimously 2-0-0.

IN THE MATTER OF WISHES TO BE HEARD

Citizen Bill Duncan discussed the recent fatality at S. R. 267 and 200 North and asked if the Board of Commissioners would look favorably on putting pressure on the state to reduce the speed limit until the intersection could be improved. By consensus, the Commissioners stated they would look favorably on supporting such request.

There being no further business, by motion made by Linda Palmer and seconded by Steve Ostermeier, the meeting was recessed at 7:30 p.m. on Monday, November 25, 2002.

IN THE MATTER OF RENO – VACATION OF STREET

Attorney Ben Comer presented a request from Christine Berry for a vacation of a street, situated south of and abutting lots sixteen (16) and seventeen (17) in the original Town of Reno, along with green cards for notifying adjoining property owners and legal notices from the Danville Republican and Hendricks County Flyer.

Commissioner Clampitt moved to approve the request for the vacation of a street in the Town of Reno as presented and that Mr. Comer revise the ordinance and bring back as Ordinance No. 2002-35. Commissioner Palmer seconded

the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF 4-H SITE PROPOSALS

John Ayers recommended to award the 4-H Site Proposal to Mussett Nichols and Associates and DLZ as first choice and advised that second choice was RQAW. Mr. Ayers requested to negotiate the contract with Mussett Nichols and Associates and DLZ and advised that Mussett Nichols & Associates have done some previous work at the 4-H fairgrounds. Commissioner Clampitt moved to allow the County Engineer to proceed with fee and contract negotiations with Mussett Nichols as first choice and RQAW as second choice. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY BIDS/QUOTES

At 10:00 AM Commissioner Clampitt moved to close the acceptance of any additional bids/quotes for Highway. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. Commissioner Clampitt moved that John Ayers and Russ Lawson open the bids and quotes which have been received in Room 4-5 and bring back a recommendation in two weeks, at the December 16, 2002, meeting. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. County Attorney Greg Steuerwald stated this is an open meeting and anyone could move to Room 4-5 to hear bids and quotes, but that no additional bids/quotes can be received.

IN THE MATTER OF KEERS LIGHTING – HAL TRUAX

Hal Truax came forward to express concerns of extremely bright lighting on the Dan Keers' property at 1300 and 1340 E. U.S. Highway 136, stating that the lighting effects his bean crop in the adjoining field and a rental house directly across the road. Mr. Truax also stated that he is an adjoining property owner, however, he was not notified of this development. Terry Jones explained the appeal process. Greg Steuerwald advised the need to verify notices to property owners were sent and the conditions of approval for the development of the Keers' property. It was the consensus of the Commissioners that the concerns be checked and to bring back next week.

IN THE MATTER OF CLAIMS

Commissioner Clampitt moved to approve claims #103939 thru 104319 as presented December 2, 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF ZA-289/BR02-04: LEWIS GROUP

Attorney Lee Comer came forward to request a continuance on behalf of Dick Lewis and Bill Roach for zoning change ZA-289/BR02-04: The Lewis Group. Commissioner Clampitt moved to continue ZA-289-BR02-04 as requested. The motion died for lack of a second. Terry Jones presented ZA-289/BR02-04: The Lewis Group, Inc., requesting a change in zoning classification from R-A: Single Family (12,500) Residential District, to a PUD: Planned Unit Development District, for 380 acres in Brown Township located on the northeast corner of CR 950E and CR 955N, 0.25 mile west of CR 1075E, and on the north side of CR 1000N and the east side of CR 1000E to the Boone County Line. Mr. Jones advised that the Plan Commission held a public hearing for this request and it comes with a unfavorable recommendation 5-1-0 and has some loose ends in the proposed development including sewer plan

issues and detail in the plan. Lee Comer explained this proposed 729-lot development, to be known as Presidential Estates has a proposed on-site sewer plant. Commissioner Ostermeier asked for public comment. Bill Sibbling expressed concerns of the Brown Lincoln Townships Group relative to roads, traffic, fire protection, school, sidewalks along roads and drainage issue. Terry Jones explained the differences between this parcel being developed as a planned unit development and as a major subdivision. Commissioner Palmer moved to deny ZA-289/BR02-04 for Presidential Estates presented by the Lewis Group, as Ordinance No. 200-45, as recommended by the Plan Commission. Commissioner Ostermeier seconded the motion and the denial was approved 2-0-1 with Commissioners Palmer and Ostermeier voting aye and Commissioner Clampitt abstaining.

IN THE MATTER OF TREASURER – NACO

Treasurer Amy Roberts advised that she had been selected to serve as a director of the NACO Treasurer's Association and requested that the Commissioners fund the bi-annual dues of \$175 and the attendance at the legislature and annual conference. Commissioner Clampitt moved to approve funding the NACO dues and for the attendance of Treasurer Amy Roberts to attend the conferences as requested. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0. The Commissioners congratulated Amy for being selected as one of only two county treasurers in the state to serve and commended her for her outstanding work.

IN THE MATTER OF COMMISSIONERS' MEETINGS

There was discussion of changing the meeting days for the 2003 Commissioners' meetings. Commissioner Palmer moved to change the Commissioners' meeting days in 2003 to Tuesday and to meet the first three Tuesdays at 9:30 AM, the fourth Tuesday at 6:30 PM and no meeting on the fifth Tuesday. Commissioner Ostermeier seconded the motion and the motion was approved 2-0-1 with Commissioners Palmer and Ostermeier voting aye and Commissioner Clampitt abstaining.

IN THE MATTER OF EMPLOYEES EARNED VACATION

Jerry Bowden presented a request for employee earned vacation days to become effective on January 1 rather than their anniversary date, as is the current policy. Auditor Nancy Marsh stated changing the effective date to January 1 would be easier to track, however, they do not have software for vacation/sick days. Commissioner Clampitt moved to take no action until software is investigated and to refer to the Personnel Committee. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Jerry Bowden requested additional vacation days for employees based on time of service. Commissioner Clampitt moved to refer this request to the Personnel Committee and to the Council. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF CLERK'S OFFICE

Clerk Sharon Dugan came forward to advise that First Deputy Cindy Spence has been carrying an extra load in the office while an employee is off due to the serious illness of her husband, and that Ms. Spence will be unable to use four of her vacation days this year. Ms. Dugan requested approval for Ms. Spence to carry these four days over for use in 2003. It was the consensus of the Commissioners that Greg Steuerwald and Jerry Bowden work out the

wording for this request and to refer to the Personnel Committee for a recommendation.

IN THE MATTER OF TZA02-05

Todd Barker presented TZA02-025: an amendment to the Zoning Ordinance, Chapter 16, R-B Single Family (12,500) Residential District, Section 16.05(A) – Property Development Standard and advised that this was omitted from the ordinance. Mr. Barker stated that the Plan Commission held a public hearing on November 12 and sends this zoning amendment with a favorable recommendation. Commissioner Clampitt moved to approve TZA02-05 as Ordinance 2002-46 as presented and approved by the Plan Commission. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF HIGHWAY

Russ Lawson advised that the Highway Crew is working on several projects and that they have the snowplows ready.

IN THE MATTER OF TOWN OF DANVILLE – ROADS

John Ayers advised that he had met with representatives on the Town of Danville on road issues relative to CR 200S and 150E and for Cartersburg Road and CR 100N and Morrow Lane. Mr. Ayers further advised that Danville is caring for these roads, however, the State says they must annex these areas in order to be reimbursed and requested that the County turn over revenues received from the State for these roads to the Town of Danville. Attorney Greg Steuerwald stated they could amend the annexation. It was the consensus of the Commissioners that the County Engineer check with the Town of Danville on this recommendation.

IN THE MATTER OF CR 200N AND SR 267

John Ayers presented a draft letter to the Crawfordsville Indiana Department of Transportation (INDOT) requesting a signal at the intersection of CR 200N and SR 267. It was the consensus of the Commissioners to execute and send this letter as presented by the County Engineer.

IN THE MATTER OF MIP-811: SETTLES

Terry Jones presented a request for MIP-911: Richard and Kathy Settles, stating that based on a recent on-site inspection of this project by the Planning Department that the improvements have been adequately maintained for the required one year period and recommended that the maintenance bond in the amount \$1,110.50 be released. Commissioner Clampitt moved to approve the release of the maintenance bond of \$1,110.50 for MIP-811, as recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MIP-928: NYSEWANDER

Terry Jones presented the Contractor's Completion Affidavit for MIP-928: Nysewander, and to waive the maintenance bond as it would be less than \$1,000. Commissioner Clampitt moved to accept and execute the Contractor's Completion Affidavit for MIP-928 and to waive the maintenance bond, as recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF MIP-900: POTTER

Terry Jones presented a request for MIP-900: Ralph and Betsy Potter, based on a recent on-site inspection by the

Planning Department the improvements for this project have been adequately maintained for the required one-year period and recommended that the maintenance bond in the amount of \$8,000 be released. Commissioner Clampitt moved to approve the release of the maintenance bond for MIP-900, as recommended by the Planning Director.

Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF THOROUGHBRED FARMS, SECITON 1

Terry Jones presented a request for Thoroughbred Farms, Section 1, based on an on-site inspection of this project the Planning Department found that the improvements have been adequately maintained for the required one (1) year period and recommended that the maintenance bond in the amount of \$6,500 be released. Commissioner Clampitt moved to release the maintenance bond for Thoroughbred Farms, Section 1, as recommended by the Planning Director. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PLANNING

Terry Jones presented the Report of Collections for the Planning Department for the period of October 1, 2002, to October 31, 2002.

Terry Jones advised that the new County maps would be available in January or early February. Emory Lencke, Executive Director Hendricks County Convention and Visitors Bureau, stated the maps will be available at no cost.

IN THE MATTER OF AUDITOR

Auditor Nancy Marsh advised she had received a memo from Greg Guerrettaz relative to new legislation and his offer to assist the County. It was the consensus of the Commissioners that Ms. Marsh send an engagement letter to Mr. Guerrettaz for fees.

IN THE MATTER OF CITIZEN CONCERNS – STARKEY FARMS

Mike and Dave Starkey presented a letter and stated their concerns regarding the C. P. Morgan proposed PUD near CR 700N and the impact on their farming operations.

IN THE MATTER OF MILEAGE

There was discussion of paying employees mileage for night meetings held in the Government Center that are required as part of their job. No action was taken.

IN THE MATTER OF TORT CLAMS

Receipt was acknowledged of three tort claims received from Attorney Scott Cleveland, for Richard Drollinger incident of August 6, 2002, for Michael Clark incident of August 25, 2002, Bradford Lindemann for incident of August 2002, and David Winkle for incident of August 9, 2002.

Commissioner Clampitt moved to recess the Commissioners' Meeting at 11:55 AM and to resume at 1:00 PM to present employee service awards.. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened the meeting at 12:10 PM with the following joining the meeting:

John Parsons, Systems Administrator

Doug Morris, Web Master

John Parsons advised, for information only, that they are monitoring the server.

John Parsons presented the contract with WTH Engineering for the Think Map, which has been reviewed and approved by the County Attorney. It was the consensus of the Commissioners to approve and execute this contract as presented and recommended by the County Attorney and Systems Administrator.

John Parsons presented a request from the Highway Department for software from GFC and stated they have the funds to purchase this software and if approved the software will be in place and working by the first of January 2003. Commissioner Clampitt moved to approve the Highway request to purchase GFC software and to fund from the Highway budget, per their letter of November 20, 2002. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Commissioner Clampitt moved to recess the Technology Board at 12:22 PM. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

Judith Wyeth	Secretary to the Commissioners

IN THE MATTER OF APPEAL OF POOR RELIEF DENIAL

Receipt was acknowledged of a request from Heidi Phillips and Todd Elmore to appeal their denial of poor relief by the Washington Township Trustee. Commissioner Ostermeier requested Heidi Phillips and Todd Elmore to come forward. No one came forward. Receipt was acknowledged of a request from Jessica Sappington to appeal denial of poor relief by the Lincoln Township Trustee. Commissioner Ostermeier requested Jessica Sappington to come forward. No one came forward. Commissioner Clampitt moved to deny the applicants appeal of poor relief, at this time, due to no appearance, unless they make an appointment for the meeting next Monday night. Commissioner Palmer seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF PATTERSON WOODS

Charlie Patterson, Patterson Woods, came forward to request return of the performance bond in exchange for a maintenance bond as the work in Patterson Woods is completed. John Ayers explained concerns for this 23 lot development and stated that a letter had been sent to Mr. Patterson requesting him to contact the Engineering Department prior to resurfacing streets within this development and he did not comply with the request and surfaced the roads at his own risk, therefore, Mr. Ayers recommended that a new bond for ten years should be made. Mr. Ayers further stated they need to work together for a bond and if they cannot resolve this issue, then Mr. Patterson needs to come back to the Board. It was the consensus of the Commissioners to approve the recommendation of the County Engineer.

IN THE MATTER OF PRECINCT CHANGES

County Clerk Sharon Dugan and Laura Herzog presented a request to make several precinct changes. Greg Steuerwald advised that a public hearing would be required. It was the consensus of the Commissioners to advertise for a public hearing to be held on January 7, 2003, at 9:30 AM for precinct changes.

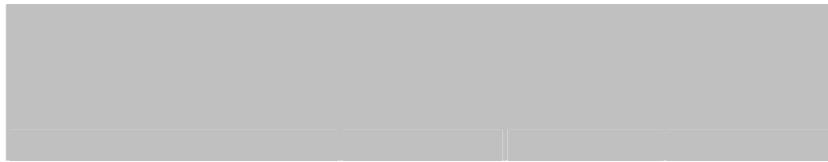

Commissioner Clampitt left the meeting at 10:20 AM for a doctor's appointment.

IN THE MATTER OF BIDS AND QUOTES FOR HIGHWAY

John Ayers presented an exhibit for the receipt and awarding of bids and quotes that were received and opened for highway supplies. Greg Steuerwald explained the reason for awarding an item to several vendors is to allow the County, at the time of need, to take the lowest quote at that time.

IN THE MATTER OF EMPLOYEE HOLIDAY PAY

Jerry Bowden stated there was some dissatisfaction with overtime pay by the highway employees that were pushing snow on Christmas Eve and Christmas Day and discussed the interpretation of employee holiday pay from the Employee Handbook. It was the consensus of the Commissioners that employees should be paid for the holiday plus regular pay for any hours worked on a holiday, and if over 40 hours worked then they would be paid at 1 ½ their hourly rate for hours worked. The Commissioners directed Jerry Bowden to revise the workers of the Employee

Handbook on this matter.

IN THE MATTER OF ACTIVATED RESERVISTS

Jerry Bowden advised that the County has an employee at the Highway Department who may be activated for military service and explained the law, which requires employers to re-employ returning Reservists at similar positions with no loss of seniority, pay or other benefits. Mr. Bowden recommended that the County pay the difference in military pay, to allow his normal insurance deductions to come from that money and that we extend benefits and pay for a maximum of 12 months, after that we could revert to the provisions of USERRA or revisit it if it was still as issue at that point. Mr. Bowden further advised that there are also two employees in the Sheriff Department that are members of the Military Reserves. Commissioner Ostermeier moved to allow an employee to recover difference between what he would be paid and for the County to pay for insurance for one (1) year for any employee called to active duty. Commissioner Cleveland seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF FLEXIBLE SPENDING ACT (FSA)

Jerry Bowden explained employee insurance enrollment meetings for the Flexible Spending Act (FSA) for January 6 and 17 and requested approval to make attendance at these meetings mandatory as a waiver must be signed by any employee not wishing to participate. It was the consensus of the Commissioners that “highly recommended” be used in the memo relative to this matter.

IN THE MATTER OF HUMAN RESOURCES

Jerry Bowden requested that the Human Resources Office be moved to the Congressional Offices on the first floor of the Government Center that was recently vacated by Congressman Brian Kerns. It was the consensus of the Commissioners to take this request under consideration.

Commissioner Ostermeier requested a memo be sent to the Commissioners by department heads when they are on vacation or out of the office for a day or more. It was the consensus of the Commissioners that Jerry Bowden present a draft for consideration next week on this matter.

IN THE MATTER OF SHERIFF

Sheriff Jim Quearry introduced his First Deputy, Colonel Jack Miller.

IN THE MATTER OF EXECUTIVE SESSION

Greg Steuerwald reported on a request for an executive session and advised that he will check with Attorney Mike Morrow on this request and report back.

IN THE MATTER OF TORT CLAIMS

Receipt was acknowledged of a Tort Claim Notice from Attorney Scott Cleveland for Dustin Smith, for incident of November 28, 2002.

Receipt was acknowledged of a Tort Claim Notice from Attorney Scott Cleveland for Mike Runnells, for incident of November 28, 2002.

Receipt was acknowledged of Amended Tort Claim Notices from Attorney Scott Cleveland for David Winkle, Richard Drollinger, Michael Clark and Brad Lindemann, for incidents of November 16, 2002.

Receipt was acknowledged of a Tort Claim for Melissa Bault for incident of September 15, 2002.

Commissioner Ostermeier moved to recess the Commissioners' Meeting at 12:00 Noon. Commissioner Cleveland seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board met at 12:25 PM with the following joining the meeting:

John Parsons, Systems Administrator	Barbara Ford, Assessor	Jay Puckett, Councilman
Doug Morris, Web Master	Theresa Lynch, Recorder	Chad Dowell, Quest

Steve Ostermeier nominated Linda Palmer to be Chairman of the Technology Board for 2003. Commissioner Cleveland seconded the motion and the motion was approved 2-0-1 with Steve Ostermeier and Sonya Cleveland voting aye and Linda Palmer abstaining.

John Parsons presented the Assessor's Image Indexing Application Preliminary Analysis with Appendix A. Assessor Barb Ford stressed that the images would be for inner office use only and will not be on the web, but would be available to taxpayers when they come in the office. Greg Steuerwald advised he had review and approved the

analysis. Commissioner Ostermeier moved to approve \$9,890 for the Statement of Work No. 12 to Consulting Services Master Agreement No. 251 between Hendricks County and Quest Information Systems, Inc., to include a not to exceed clause, to be funded from the Computer budget, and that these programs become County property on completion. Commissioner Cleveland seconded the motion and the motion was approved unanimously 3-0-0.

Auditor Nancy Marsh stated that the Auditor's Office is OK with computer program changes.

Doug Morris explained web changes.

There was discussion of elected officials and department heads being able to access their office e-mail messages at their homes. It was the consensus of the Commissioners that Doug Morris would handle this matter.

John Parsons presented the ISETS letter of August 14, 2002 to the Clerks of the Circuit Court project for replacement of ISEST terminals with personal computers for the Child Support Office. Commissioner Ostermeier moved to approve the replacement of ISETS at no cost to the County budget. Commissioner Cleveland seconded the motion and the motion was approved unanimously 3-0-0.

John Parsons reported that Sheriff Jim Quearry had requested more user-friendly computers at the Jail and requested to check out the computer equipment and bring back a report.

John Parsons advised that the PC at the Animal Shelter could not be repaired. Mr. Parsons further advised that the Computer Department has a used PC available, however, Mary Anne Lewis wants only a new PC with a CD burner. Mr. Parsons stated they could place a new CD burner on the used PC. Commissioner Ostermeier moved for Doug Morris to look at putting a new CD burner in the used PC from the Computer Department for the Animal Shelter. Commissioner Cleveland seconded the motion and the motion was approved unanimously 3-0-0.

John Parsons advised he would work with Auditor Nancy Marsh regarding concerns for information.

Commissioner Ostermeier moved to recess the Technology Meeting at 12:57 PM. Commissioner Cleveland seconded the motion and the motion as approved unanimously 3-0-0.

IN THE MATTER OF TZA-03-03

Terry Jones presented TZA-03-03: Amending Chapter 14 and creating Chapter 15 R-AA, Single Family (15,000) Residential District, and advised that a public hearing was held on March 11 for this amendment and comes with a favorable 7-0-0 recommendation from the Plan Commission, as modified. Mr. Jones further advised that the modification of TZA-03-03 incorporates the proposed TZA-03-01. Commissioner Palmer opened the meeting for public comment.

Richard Lewis, developer, stated this will create only high-end homes, does not preserve agricultural land, green space and open space. Mr. Lewis encouraged impact fees.

Mike Sells, Benchmark Consulting, stated this change would eliminate amenities that would have been included in developments with small lot sizes.

Lee Comer, Comer Law Office, requested not to mess with the visible product we now have.

Judy Brown Fletcher expressed concerns for preserving open and green space in new developments.

Bud Daum, citizen, explained that the Land Preservation Group wants smaller lots with clustered homes.

Commissioner Ostermeier advised this is not a reaction, but a compromise to the C.P. Morgan developments.

Commissioner Palmer stated we are living now with low-end houses and there are many available in the County.

Commissioner Cleveland stated this zoning change will raise the standards.

Commissioner Ostermeier moved to approve ZA-03-03 as Ordinance 2003-07 as an addition to the Hendricks County Zoning Ordinance with an effective date of May 16, 2003. Commissioner Cleveland seconded the motion and the motion was approved unanimously 3-0-0.

IN THE MATTER OF TECHNOLOGY BOARD

The Technology Board opened at 12:48 PM with the following joining the meeting:

John Parsons, Systems Manager
Amy Roberts, Treasurer

Doug Morris, Web Master

NOTE: Steve Ostermeier left the Technology Board to attend another meeting.

Treasurer Amy Roberts requested three printers and stands for the Treasurer's Office to enable staff to print receipts at the counter when citizens pay their taxes. Nancy Marsh requested two new printers with stands and toner for the Deeds Office. Commissioner Cleveland moved to approve the purchase of five laser printers with stands and toner cartridges for the Auditor and Treasurer, with the lowest of three quotes, and to fund from the bond.

Commissioner Palmer seconded the motion and the motion was approved unanimously 2-0-0.

John Parsons read a letter from Ivy Tech administration, faculty and staff to Doug Morris congratulating him for his fine academic performance during the past semester by earning GPA of 4.0 and earning a place on the Fall 2002 Dean's List. The Commissioners congratulated Doug Morris on his achievement and for taking additional computer training.

John Parsons presented a website disclaimer. Greg Steuerwald recommended the addition of "and is not the responsibility of Hendricks County".
