Section 30 Town 15 North, Range N. 2 East

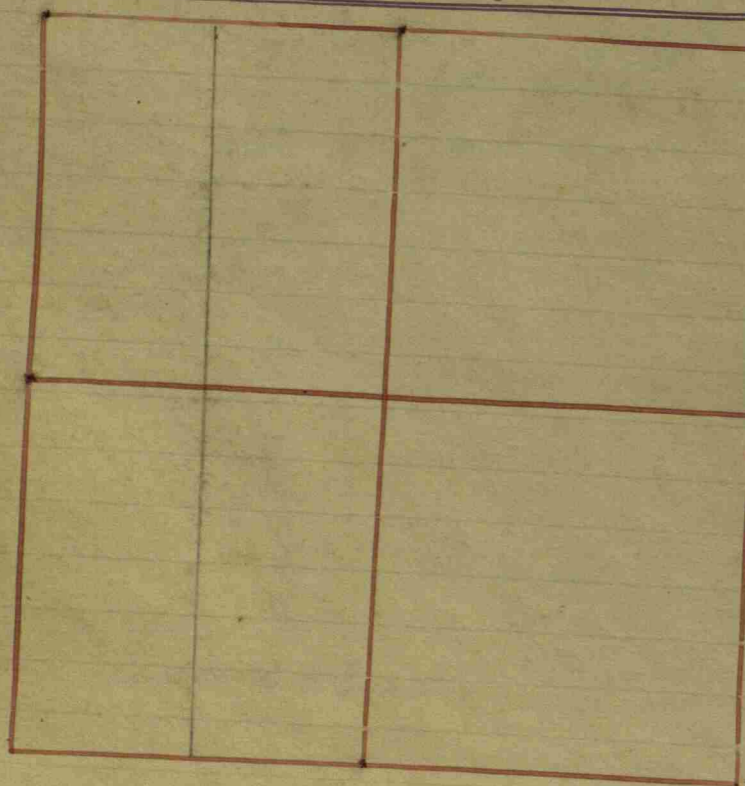

Osborn, Perry & others a Survey for — On N.W. 1/4, Sec. 30 B. Woodrow's Lot in S.E. corner is one half of that portion of the fractional 1/4 South of the National Road; and Perry & Dud calls for certain boundaries coming to an old corner made by me (Job Hadley) for Wilson on page 11 of this Book (C) which was, according to circumstances, and my memory, an error, and arranged to be corrected before I left. The corner being three Rods East of that point; also the corner North from there on the National Road, should have expressed 13.81 chains with the S. line of the National Road, instead of 13.31 chains, and thence South; But the Stone & witness on the Road here are gone, and Woodrow has taken possession, over to the missing corner on the South, and thence North, making a strip for R. Osborn's 3 Rods on the South; and owing to the 1/4 being a fraction ~~larger~~ smaller on the North, Osborn's lot is on about 3 Rods with being on the North, each of Osborn's corners having a Stone at it. John Vestal & Burr Dennis Affirmed as Chainmen, in the above Survey; Perry's West line is 90.60 Rods; East line 119.50 Rods; South line 58.68 Rods making 38 1/2 acres South of the Road. Thence the Lot that runs from the N.E. corner of it N. 12° E 5 Rods + 15 links, a Stone; Thence N. 19° 38' W. 10 3/4 Rods, a Stone; Thence S. 4 1/2° E 16 1/3 Rods Thence on South of the National Road 15 1/4 Rods to the Beginning. Woodrow's South line is really 49 Rods instead of 52 Rods.

Rock	X	Both standing.			
The witness trees to the corners for T.16. & those for 17 are not on a line but have a surplus between the two lines. I call the N. line T.16 the true line as the land was surveyed & measured from the South, Northward consequently T.17. bounds on T.16. & where 16 stops then 17 commences according to my logic P. Hosbrook.					
Received from the Marion County records & copied this 27 th day of July 1900. W. F. Franklin Surveyor H. Co.					

A Road Surveyed for Thamer Gray = across the South End of the South West frac. quarter of Sec. 18 T 14 R 2 East = Beginning of a Rock 12 Rods and 10 Links East of the West section line and 19 Rods and 10 Links North of the South Sec line, at which Witnessed by a Hickory Bearing N 79 E Dist 75 Links. Thence East across said fractional quarter = Thence South 19 Rods and 17 Links. Width of Road 20 feet.
