thence $5 35^{\circ}$ E 1.50 in center of
 white brick; to cem. Sud - 2.02
 RR thence $5 18\frac{3}{4}^{\circ}$ W 15.78 in center
last RR to beginning 13.81 a.

Without making any great
 effort to insure absolute
 accuracy ran Hessler's
 description of his corner with
 Baker near bridge & found

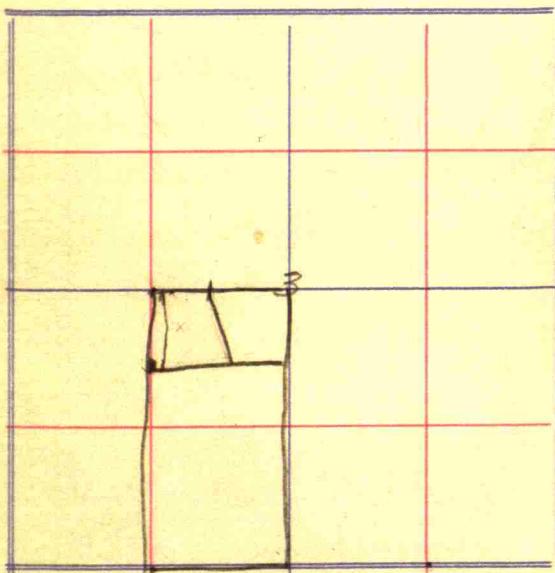

28

that according to his deed
the fence was approximately
 correct. However Baker's
 deed overlaps his and
 Dan Baker's abstract back
 and found at #13 the first
 deed conveying this strip ~~at~~ 1855.
 Advised both parties that the
 case was not in my province
 but that they should take
 both abstracts and determine
 priority of title before a survey
 could be made.
