# CAMPUS CRIER

VOL. IV, NO. 3

CANTERBURY COLLEGE, DANVILLE, INDIANA

FEBRUARY 19, 1948

## EXTRA HOURS EXPLAINED

According to Dr. Cumings there has been considerable discussion among the students with regard to the college's policy on granting or refusing permission for extra hours.

Dr. Cumings stated that the State Department of Education limits all colleges, whether liberal arts or teacher training, to 5% of the total student body. In the case of Canterbury College, this means that the Committee on Extra Hours cannot grant permission to more than 16 or 17 students.

Dr. Cumings also said that there were approximately 37 requests for extra hours, and the members of the committee granted permission to students on the basis of their advanced standing and the validity of their reasons, as well as on their past grades.

It is considered very poor academic policy to grant 18 or 19 hours of work to more than a few exceptional students. The college has a definite responsibility to see that students do not carry more of an academic load than they can reasonably be expected to handle.

No student should expect to receive extra hours simply because he petitions the committee for special permission. On the other hand, the members of the committee give serious consideration to every single case and they make their decisions in a fair and equitable manner.

## NEEL TO ATTEND MEETING IN ATLANTIC CITY

Dean Frederick G. Neel, Head of the Department of Education, left Tuesday to attend the annual meeting of the American Association of School Administrators, which will be held in Atlantic City this weekend.

Mr. Neel has had much experience in school administration and has received national recognition in the field of education upon a number of occasions.

## HONOR ROLL FOR THE FIRST SEMESTER

From the Registrar's office comes the report that seventy persons made the honor roll at the close of the first semester, six of them with a straight A record. Following are the persons on the honor roll:

Robert Jensen	3.00	Gladys Edmondson	2.93
William Nickolds	3.00	J. T. Blevens	2.88
Robert Pickett	3.00	Howard Key	2.82
Donald Tanselle	3.00	Walter McDonald	2.81
Robert Williams	3.00	Suzanne Johnson	2.80
Frances Zupancic	3.00	Henry Johnson	2.79

## VETERANS GET RAISE IN SUBSISTENCE ALLOWANCE

President Truman signed into law a bill increasing subsistence to veterans attending college, last Saturday, February 14.

The Veterans Administration announces that the increase will be effective April 1, 1948, but that most of the checks with the increase may not be mailed out before May 1st. This is due to a great deal of paper work which is necessary to put the new increase into effect. Some of the checks may be mailed out by April 1st.

It is stated in the new bill that single veterans attending college will receive an increase from \$65 to \$75, veterans with one dependent besides himself will receive \$105 instead of \$90, and with two other dependents his subsistence will be increased to \$120 from \$90.

All veterans who have two dependents be sure to send the necessary information to the Veterans Administration as soon as possible.

## VACATION DATE CHANGED

Good news! The date for spring vacation has been changed. It will begin at 5:00 p.m. on Thursday, March 25, instead of on Friday. Classes will resume on Monday, April 5th at 8:00 a.m. This change has been made so that students may be home on Good Friday, March 26th.

AND that change necessitates another one. Mid-semester examinations have been postponed until after spring vacation. These exams will be held during the week of April 12th.

## RIGHT AND WRONG

Our conception of two basic principles of life, right and wrong, determine many things about us. They have a bearing upon our moral character, attitude toward other people and the world in general.

Many times we do things which, although we know deep down in our hearts (conscience) are wrong, we can't resist the temptation. A very good example of this is cheating in college. There are too few of us, indeed, who can say we don't cheat at one time or another. If we are taking an examination and we don't know the answer to a particular question, it is very hard to refrain from glancing at our neighbor's paper. It isn't so much the fact that we are cheating as it is the principle behind it. If we "slip" on little things, we are apt to slip on bigger things later on in life. No one ever gained by cheating. We are cheating ourselves and what we gain, providing we don't get caught, is merely materialistic in nature. We lose morally and in our personal standing with ourselves and our fellow men.

When we do something right there is a great satisfaction and wonderful feeling down deep inside of us, rather than the sneaking feeling that makes you want to go out and hide your head. The feeling of pride and satisfaction far overshadows any materialistic benefits we may derive from wrong doing.

The next time you feel like cheating, or doing some other wrong thing, just say to yourself, "Would I be willing to stand up and face the Lord and tell him what I am doing, and do it with a clear conscience."

St. Alphonsus Liguori Says:

"The Sermons given in churches are excellent things, but if those who have the happiness to hear them do not apply themselves to reflect on what they have heard, they get little profit from them. Reflection is the mother of holy resolutions, and this reflection can never be properly made except in solitude."

"Historians say women were using Cosmetics in the Middle Ages."

"Well, women in the middle ages are still using them!"

## NOT BY BREAD ALONE

It is not because of their idealisms that Communism and Fascism are to be opposed, but because their aim is also not enough, also merely of this world, because they fail to take into account the disruptive, anti-social force of man's sinful greed, the imperiousness of his appetites when not brought under the control of God. The socialized State soon ceases to be a Paradise and becomes itself a field for all the power-seeking and cupidity that has marred its predecessors. Out of the French Revolution came Napoleon. Out of the Soviet Revolution comes Stalin, with ruthless will-to-rule and a merciless purging of his personal enemies. It is not enough of an improvement to attempt to pursue the usual inadequate goals collectively, rather than individually. But there is no stopping totalitarianism by offering instead only the old lures of individual aggrandizement. The world as it has been is too greatly a bore for that. If, as is indeed the case, the collectivist panaceas are quack-medicine, at least they show a realized need of some medicine. What is needed is a real and true medicine. Worldliness is not cured by socializing it. Man must come again to know that he does not live by bread alone, but by every word that proceedeth out of the mouth of God.

B. I. Bell

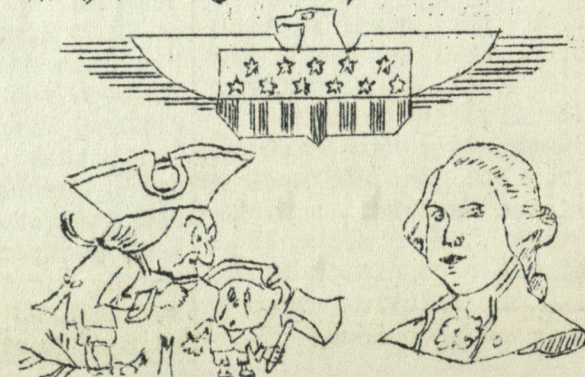

## RESPONSIBILITY

Why is it that a person or group of persons always seem to forget to return something which the organization has borrowed after the members are through with it.

Some organization or persons will come around and say "may we borrow your chairs, tables, etc. if we promise to have them back by a certain time?" The members give you a solemn word that everything will be returned by a certain time after the occasion for which the objects are to be used. It seems that as soon as you say the organization can have whatever they wanted and the members take the things and leave; that is the last you see of things until you start inquiring about the tables, chairs or whatever is missing.

Do the organizations forget to return what is borrowed? Are the members just too lazy to exert themselves a little to carry the objects back to the place from which the items were borrowed? It seems that whoever gives the members of an organization permission to borrow something, has done them a favor and this favor should be returned.

## WASHINGTON'S BIRTHDAY

## CANTERBURY CLUB TO MEET

The regular meeting of the Canterbury Club will be held Sunday, February 22, at 6:30 p.m. The club picture for the yearbook will be taken at this time. Even song will be at 6:00 p.m.

## NOTICE

All choir members please search for the following: 2 copies of "Prayer of Thanksgiving." Also one copy of "Desert Song" and one copy of "Silver Lamps." These copies are the property of the State Library.

## I.R.C. MEETS TONIGHT

Regular meeting of I.R.C. will be held tonight in Room 1-Hargrave Hall.

## CORRECTION

Due to a last minute change in the date of the Anderson-Canterbury game, the announcement of this event appearing on page 6 of this issue is in error. The game has been moved up to Tuesday night, February 24th.

## QUARTET TO APPEAR

Students are urged to remember the date, Feb. 22. At this time the Janet Bush Opera Quartet will present a program in the Canterbury Auditorium.

Support of such activities will make possible more frequent visits by such outstanding groups.

Admission 50¢.

## HERE'S THE CURE FOR A DULL WEEK!!!

## Thursday-Feb. 19-

Canterbury vs Wabash at Crawfordsville.

## Sunday-Feb. 22-

8:00 P.M.-Janet Bush Opera Quartet. Admission-50¢. Sponsored by Canterbury Club, S.C.A. and the Music Club.

## Wednesday-Feb. 25-

Last Home Game CANTERBURY vs ANDERSON at Canterbury Gym 8:00 p.m.

## February 26-28-

State High School Basketball Tourney.

The local sectional tournament will be held in the Canterbury College Gymnasium.

22-16

The active chapter of Chi Sigma met in the Reception Room Monday night. At that time honor roll certificates were passed out to brothers who for semester I, 1947-48. Those receiving certificates were: Cornelius Hagen, James Jones, Howard Key, James Reed, Edmund Schneider, Arthur Taylor, and Robert Williams. (Richard Koch will receive a certificate after he has taken the Ritual.)

It was reported at the Monday evening meeting that flowers and a sympathy note had been sent to the home of Brother Jack Lane, whose father passed away last weekend. Also, it was reported a fraternity delegation was attending the family at this time.

Bill O'Brien was placed in charge of advertising for the Murdock Magician show (April 7), and Percy and Gennhouser are to work with him.

The fraternity basketball squad practiced Monday afternoon in the College gymnasium. It is hoped the Chi Sigmas will win the "Chi Sigma Intra Mural Trophy" this year.

(Perhaps this is wished by the Chi Sigmas only.)

The pledge class met after the fraternity basketball game Tuesday night. At that time the pledges were instructed to divide the town of Danville into four sections, thereby creating four areas for eight men in each to solicit this Saturday morning for library books.

The following pledges will complete their work in the Ritual Sunday afternoon February 22, at 2 o'clock in the Administration Hall: Bob Babcock, Joe Berg, Herb Bischoff, Dick Bollinger, Lee Boyle, Paul Calabro, Pete Cox, Stuart Decker, Fred Jacob, Dick Koch, Richard Miller, Don Pfaff, Dave Robinson, Harry Schultz, Bob Scott, Bob Sergeniam, Eugene Skirvin, Herbert Street, Ralph White. (Come dressed in a suit, pledges.)

All actives meet in the Reception Room at 6:30 Monday evening, February 23rd.

## INTRUMERAL ACTIVITIES

Starting last night the intramural activities got under way. The Chi Sigmas lost to the Zeta Sigmas by the score of 33-38.

## Dear Doodlers:

Here goes another doodling column. I was just taking a break during exam week, when I compiled the following data:

There were 13 copies of the CRIER the first semester. Indiana has more covered bridges than any other state-----one alien from the East said that it is because, if people could really see what they look like, they would be afraid to cross them.

Students of the school helped build the present gym in the 30's.

Canterbury is the only co-ed Episcopal school in the country, and there are five Episcopal Schools: Hobart, Sewanee, Kenyon, Trinity, and Canterbury. (Only two are organically controlled by the church.)

The Sunday Star Hoosier had a column on the 25th that told the story of the kidnapping of the college in 1878 from Ladoga (note to the Administration--you had better watch out or the school might wind up on West Washington across from Phil Jones' some morning).

There are five Sundays in February and it will not happen again for umpteens years.

Danville had 1930 people in 1930. Big town!

## EYES ON PSI CHI!

Through the dark of night, and the smoke and flame, through the wild elements--the mail must go through! Anyone would think the Psi Chi's were delivering the mail the way they fought to get to Nap Town Friday! But no, it was only Rough Initiation. Blind-folded at the city limits, the lowly pledges got a bit worried, but everything was ok when they opened their eyes to find themselves repleat with a box of candy, sitting at the Murat Theater listening to Sevitsky & the Symphony with Yehudi Menuhin soloist. The gals really enjoyed it, even if the good (?) old station wagon did lose its lights, windshield wipers, and

anti-freeze, and good reputation at various stages of the trip.

The Johnson's served cocoa to the gals and the chauffeurs after the "ordeal" was completed. The chauffeurs being Messrs. Richard Warman, and Amos Carey. They are receiving their licenses in two weeks. That's all the news for now--have fun and take life easy; hubbell. KEEP YOUR EYES ON PSI CHI!

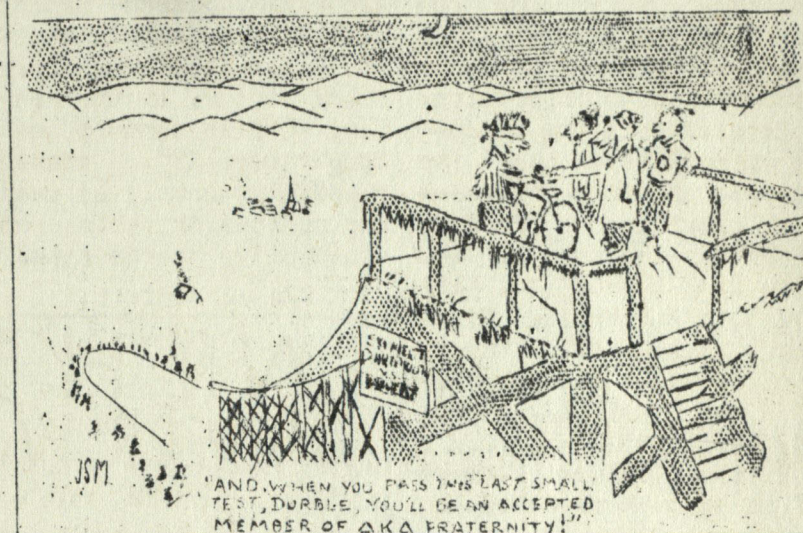

## AGE NEWS

The Alpha Theta's have been busy gals this last month. To start with there was a record mixer which was quite successful, lots of new acquaintances were established.

Then the pledges got their heads together and gave a convocation program, a rehearsal of a play entitled, "Meet the Jeep." Seems Aunt Harriet was mighty fond of Jeeps.

The actives laid plans for the pledges hell-week and we do mean hell-week. The fellows couldn't believe their eyes, first the little pledges were devoid of make-up, and then they had it only on the right side of their face, next they appeared dressed in the hilt. I'd say they had a confusing time, but also, loads of fun.

We will be with you again next week, so AGE will say good-by for now.

## HOOSIERDOM DATA

The one decisive factor that has had a greater transformation on the lives of the people of Indiana, more than any other influence, was the birth of the railroads. Railroads furnish the chief means of transportation. The growth of the railroads was so effective that it changed locations of towns and cities, dictated industrial areas, what kinds of crops and altered the intelligence and progress of various communities. It has been said that, "If all of Indiana's railroads were shut down simultaneously the state would perish in less than a month." In relation to the railroads, one tenth of all the people in Indiana are occupied in commerce or transportation.

Hoosier soil has recently contributed to the science of Archeology-----archeologists located complete remains of the largest beaver (of its type) in the world. Type? Not disclosed. Size? About five times greater than any previously located fossilized beaver..... National Future Farmers of America Week scheduled

for February 21-27, has as a part of its itinerary, "development of agricultural leadership, the building of more permanent agriculture and the improvement of country life ....." Here are a few facts to be remembered about Indiana's role as a great agricultural state of the nation. In 1940 there were 184,549 farms in Indiana; full owners 107,818; value of farms (land & buildings), \$1,251,491,614; average value per farm \$6,781; average value per acre \$63.20; all land in farms, acres 19,800,778; are (state) in square miles 36,291; 36,205 square miles in land; 86 square miles in water; extreme length of state 276 miles; extreme breadth 177 miles. The climate is ideal for farming..... mild; 31° F. in the winter; 76° F. in summer; mean temperature 53°; average rainfall (annual) 43 inches; serious draughts and destructive storms rare.

--Jack Marlatt

## CANTERBURY CLUB NOTES

The Canterbury Club wishes to express its deep appreciation to all the residences of Danville for their grand support of the Pancake Supper. Without their donations and attendance the supper would never have been the success it was.

The Club also gives a vote of thanks to Jim Jones for the wonderful job he did in taking the full responsibility of the pancake supper. He did everything from cook to diplomat. The results of the dinner are: a goodly sum for missions, a deep antipathy toward pancakes from most of the Club, but no ill effects even though Roy Heemilber ate 24!!

The Canterbury Club also wishes to thank the Wolcotts and Savoys for the delicious dinner they gave the members at the Wolcotts' Sunday evening--Hmnnnnnnn good!!!!

## AMK FORMAL INITIATION

The formal initiation for the Alpha Mu Kappa Fraternity pledges was consummated last Thursday evening at 7:30, Room 1 in Hargrave Hall. Those receiving certificate of membership into the fraternity by the formal ceremony were - James Speer - Walter Long - Rodney Smith - William Huber - George Greenway - Forrest Sheely - Noah Glass - Robert Kellems and Richard Halfaker.

Due to the Manchester-Canterbury ball game of Monday evening, the regular meeting was deferred until Tuesday night at 7:00 o'clock. Several comments of interest were voiced and further arrangements were made on the AMK convocation program.

MANCHESTER SPARTANS WIN  
OVER KNIGHTS

Last night before a large crowd in the local gym, the Canterbury Knights gave into the Manchester Spartans in an anybody's ball game with only one minute left to play.

The Knights started off with what looked to be a sure victory. Bernie received the tip-off, fired from the field followed in by Barry connecting with our first basket of the ball game. The Spartans pulled out in front making the score 10-15 first quarter. Manchester had an 8 point lead during the second quarter, but the Knights cut the margin down with a basket just before half-time was called, making the score 23-28 Spartans. The game speeded up in the third quarter and the knights were within one point after eight minutes of play, but the Spartans pushed in a couple of baskets to make the score 40-43 third quarter. At

the beginning of the fourth quarter two quick baskets by the Spartans gave them an eight point lead and trying too hard could again. Three minutes left to play Barry got a basket and was fouled on the play the free-throw was good. The Knights started the game off with a free-throw and a basket from each team plus a free-throw for the Cardinals tied the score 3-3. The Cardinals pulled away to a 6-15 lead in the first quarter and a 19-27 lead at half-time. The Cardinals increased their margin in the third quarter making the score 33-47. The Cardinals held their lead ending the game at 43-55.

BALL STATE CARDINALS  
VICTOR OVER KNIGHTS

Last Thursday night the Canterbury Knights were guest of the Ball State Cardinals. The Cardinals edged out the Knights by a score of 55-43. The "Purple & Grey" had the Cardinals in hand all the way, but the guards couldn't seem to find the basket. The boys worked the ball around nicely, passing

Fine played a beautiful game and also scored 17 points. Noe got 3, LeRoy got 6 points three baskets out of four attempts. Pollard 1, Bernie 2, but both played a very good defensive game. Barry 14. Coach Johnson doesn't sit at the same table with Beezy Gibbs, since their trip to Kansas last year. Wonder Why? Could it be that Beezy ate all the chicken?
