News Stories

Orma Weber Steinbach writes that she has traveled through Toronto, Ottawa, Montreal, Quebec, Maine, Boston and New York.

She had had several interesting visitors:

Ralph and Harriett Crock (who retired after 40 yrs. teaching) to a cabin in the Ozarks.

Virginia Belle & Lowell Coates. They had been to Stratford, Ontario in their mobile home and to Interlocken for some concerts.

Harold Long and his wife who had been fishing in Canada.

Jimmy & Mary Dold were there but she missed them.

Sounds as if she's keeping busy!

Among CNC's illustrious alumni is Archie Bobbitt of the class of 1919. Judge Bobbitt has filled most of the chairs in the legal profession.

Fred and June (Downen) Kloster, Monticello, In. R. R. 3, Box 306 - 47960.

Ruth Brookshire, who has been teaching forty years in Lebanon school has recently retired. She has traveled much, is now playing the organ which she won. Her comment was

Tribute to Russ (Sam) Williams from Richard L. Roudebush:

"Probably no other individual has contributed as much to the rehabilitation of the nation's blinded veterans as has Russ Williams. He has spearheaded rehabilitation programs for blinded veterans since the fall of 1945, when he became a counselor at the Army's Valley Forge General Hospital following his own rehabilitation there and at Avon Old Farms. In May 1948, he became chief of the Central Blind Rehabilitation Center, VA Hospital, Hines, Illinois, the first of the VA's rehabilitation centers for blinded veterans. He became chief of Blind Rehabilitation at VA Central Office in 1959, the second person ever to hold that position.

Under his leadership, VA rehabilitation programs for blinded veterans have made great strides, increasing in size, scope, and effectiveness. From the nine-bed unit at the Hines Center in 1958, the VA's rehabilitation programs have expanded to include two additional centers at the Palo Alto, California and West Haven, Connecticut hospitals and five specialized psychiatric rehabilitation clinics for the blind. In addition, 72 VA hospitals now have visual impairment services teams that work with blinded veterans after they have returned to their home areas.

Another Outstanding CNC Alumni

Melvin M. Esarey '34. Melvin has been outstanding in the field of Driver Education Programs at Mt. Carmel and at New Trier High Schools, Winnetka, Ill. He has written Let's Drive Right, which has been used widely. In 1975 he was awarded the special award by the Illinois High School and Driver Education Association.

Our Housemothers

Rarely do we express appreciation for the relationship which existed and has continued to exist between the CNC Housemothers and the students of CNC. Nearly every house "kept students". In many instances the relationship was close and has continued through the years.

For the housemother - or the family: It helped with the finances - but not much! (at \$1.50 per week) with each new student the household grew. It wasn't long until the students were "our boys" or "our girls". Many widows now live alone - and are worried about - who would have had company.

For the Student, his room became his home. Many times it meant that he wouldn't go hungry. During the subsequent years his "housemother" has become almost as close as his mother.

And this situation has changed Danville!

Letter from Mary Irene Dorsett Martin

I have done nothing spectacular in the past three years other than take this new position with the State as Executive Secretary to the Director of the Division of Services for the Blind, Indiana Rehabilitation Services. It was through this connection that I came in contact with "Sam" again - my previous boss was great friends with him and he wasn't even from the State of Indiana! However, in this "business" they all seem to know each other in one way or another! I am hoping that Sam and Jean will be here for the Alumni Banquet since he is now "retired". I plan to attend and hope you will send the notice to me at 5501-A West 22nd Street, Speedway, Indiana 46224.

Letter from Arizona

Retirement is wonderful! Not having a schedule to follow makes life relaxing and Arizona Sunshine makes life pleasant. And that doesn't mean we're idle.

I have a new set of readers just out and held for a 1976 copyright. I have a couple other projects brewing but have learned long since not to predict publication dates. It is challenging and interesting. The readers are titled Metro Readers and are designed for metropolitan and multicultural areas.

Give our greetings to friends who attend the reunion. We'll make it yet.

John and Helen (Piersol) Goodpasture paraphrased the "Sunset Song" to fit their 40th year celebration. They live at Koontz Lake.

Bennie Mae (Dickey) McCalment, 255 Meadow Dr., Danville writes...

While rereading Anne Morrow Lindberg's Gift From The Sea, (a retirement gift from Zelma Heinig, 1955), I like this: "For it is only framed in space that beauty blooms. Only in space are events and objects and people unique and significant - and therefore beautiful. A tree has significance if one sees it against any empty sky....a candle flowers in the space of night. Even small and casual things take on significance if they are washed in space, like a few autumn grasses in one corner of an Oriental painting, the rest of the page bare."

So memories brighten the routine of my daily living. The patience and kindness of the aides and nurses, three tasty meals a day, weekly visits of Aunt Thresa, a letter, a call, birds (sparrows) at my feeder, a surprise visit - these things are significant.
