### WHAT DOES CNC - CANTERBURY MEAN TO US?

Each day a letter or a telephone call or a report "did you know?" about a college classmate or his family enriches our lives. So many are retiring! So many are traveling - to musicals in Europe or safari in Africa!

And to hear about the families: - Rullus Williams reports that his youngest - a daughter - is graduating from Vermont law school and that one of his sons has been active in the NASA program as a broadcaster.

The roads between Indiana and Florida and Texas must be filled with CNC - Canterbury folk. It seems the usual "thing" today. We constantly say "we must have a Reunion in Florida. Wouldn't that be fun."

But with it all we realize how wide is the influence of that small group of persons who attended Central Normal and Canterbury. Their influence and efforts have given us a foundation of faith for the future. Today that means much!

NEWS FROM ALUMNI

Mary Barton Johnson -

Gil and Sue Barry visited with Mrs. Johnson in the Nursing Home at Valle Verde Health Center, 900 Calle de los Amigos, Santa Barbara, CA 93105. She is very interested in the College activities but cannot answer letters. Keep sending them.

Clara Mae Hedrick, Box 215 Lewisville, IN writes that she will be unable to attend the reunion this year. At the present time she is recovering from a complete hip surgery.

Sorry we can't make the reunion this year. We did enjoy last year's meeting. Maybe next year!!!!

Rose (Adams) Melling and Juanita Ruch Hall

Miss Watts still resides at Casa Blanca Nursing Home at 3232 Thunder Drive Oceanside, California, 92054. Cards and messages are appreciated.

As you listen to the music being played by Jack Shaw realize that the voices are of Philip and Lilly. This recording was made especially for this occasion since they could not be here.

From Geraldine Lilly, 25 Taylor Court, Danville, "Sorry I can't be there. I will be out of town. Hope you have a large crowd and a good time."

Sorry, circumstances haven't worked out favorably to my coming this year. I wish everyone there a happy time. I so enjoyed last year's reunion.

Charlene Bailey

Gladys Blankenbeker, writes that she will be unable to attend. She has been traveling this past year and was in the Holy Land the day they took the hostages.
