## NEW ROAD OPENING TO BE CELEBRATED

Celebration commemorating the opening of U. S. Road #36 is to be held in Danville August 17.

Speakers for this occasion are Gov. Paul V. McNutt of Indiana and Gov. Henry Horner, or his personal Representative, of Illinois.

A parade depicting methods of travel for the last 300 years is to be at 1:00 p. m.

Illinois visitors will be met at the state line by the reception committee at 9:30 a. m. and escorted to Danville over the new road.

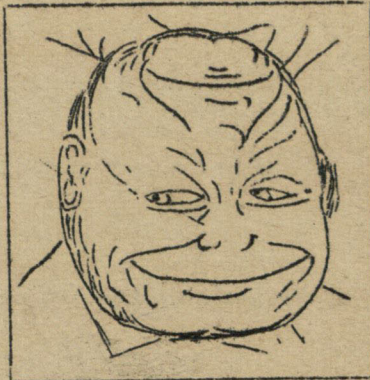

There will be an all day and evening celebration with band concerts and carnival features on the square.

## DANVILLE STRUCTURE COLAPSES

Last Friday evening at 7 o'clock on the north side of the Danville square, was found quite a scene of commotion. Some thought cars were colliding and others thought there was an explosion but when the dust had cleared away, it was found that the two-story brick building owned by Mrs. David Reichard of Albuquerque, N. M. had collapsed.

Damage to the building was estimated at \$2,500 and damage to the fixtures of Harry Fisher, the proprietor, at \$500.

A car owned by Clifford Mitchell was buried under a shower of bricks. Luckily no one was killed or injured.

OPTIMISM VS.  
PESSIMISM

As you look at this cartoon you see an optimistic person always looking on the bright side of life. Turn the cartoon the other side up and you see a pessimist.

It is true that the depression brought on many of us the reverse look of this cartoon but let's cheer up and smile. When you smile the world smiles with you.

## PROF. STEINBACH ADVANCED

Prof. Steinbach returns from Camp Knox with the spirit of a warrior returning from a successful conquest.

After considerable cramming the greater part of Saturday morning, Lieut. Steinbach successfully passed an oral examination before the board of officers. Questions on military tactics and strategy were asked by members of the board and it is reported that the candidate was able to successfully answer most of them.

The board of officers will turn in a recommendation for a captain's commission to the war department.

## TYPING CONTEST HELD THURSDAY

The typewriting contest held under the auspices of the commercial Dept. Thursday afternoon was represented by seventeen contestants.

The rules read that the aim of the contest was for speed and accuracy, that the test was to consist of a solid letter to be arranged correctly and of straight matter to be copied. Anyone who was eligible to enter the Central Normal College and had not already been enrolled there was eligible to enter the contest. Each person entering was allowed to use his own machine or a Royal or Underwood furnished by the college. The grading was based on international rules.

The \$400 in awards were given in eleven non-transferable scholarships.

The order of award and the amount of each were as follows: For speed: 1st \$100, 2nd \$42, 3rd \$36, 4th \$30, 5th \$24, 6th \$18. For accuracy: 1st \$42, 2nd \$36, 3rd \$30, 4th \$24, 5th \$18.

**ALPHA THETA EPSILON  
GIVE A FAREWELL  
PARTY**

As a fitting climax to the summer activities of the Alpha Theta Epsilon sorority a candle light vesper service will be held on the campus Monday evening at twilight. Miss Bertha Watts will talk to the girls at this time.

A farewell dance for the members and their friends will be held in the Recreation Room tonight. The decorations and programs will be in the sorority colors, blue and white. The Midnight Ramblers will furnish the music for the dance. Chaperones will be Mr. and Mrs. Chester Elson, Mr. and Mrs. Arlie Fravel and Mrs. Wean.

**DELTA SIGMA KAPPA  
HOLD INITIATION**

On Tuesday evening August 8th, the Delta Sigma Kappa members, fully disguised, called for the candidates who were Fern Lyles, Lela Meyer, Thelma Fultz, Gertrude Rhodes and Mary Gladys Simons. After the rough initiation the candidates were brought back to recreation room for formal initiation.

The light of the candles, soft music, and flowers in the sorority colors made the setting suitable for the solemn services. The president, conductress and candidates marched through an archway of roses to the lighted altar for the obligation

During the service the beautiful rose drill of the sorority was given by twelve girls dressed in white and carrying pink rosebuds, the sorority flower.

Refreshments of raspberry salad and cake were served on card tables with low bowles of pink and lavender flower as the center piece. Favors of pink rose buds were given to all.

Out of town members who attended were Almeida Shearer of Michigantow, Freda Haines of Coatsville, Rogena Brandon of Michigantown, Clara Mae Oldshue of Waveland, Edna Hopkins of Knightstown and Mary Dorcas Lowe of Cartersburg.

**"INTERCOLLEGIATE MEET"  
SPONSORED AT MIXER**

An interesting and unusual mixer was held last week in the form of an inter-collegiate meet with Purdue, Notre Dame and C.N.C. taking part. Each college sat in its own section, had a cheer leader and sent representatives to take part in the various events. The events held were discus throw and javelin throw for women; candle relay and a three legged race for the men. Notre Dame carried most of the honors. Dottie Fink of Purdue was selected as the All-American Girl.

We were honored by a visit from two girls of Mt. Holy Oak College, Miss Virginia Goets and Miss Ebba Rudin who are making a tour as a part of the Peace Campaign

sent out by the Friends Church. One of them made a short talk, an appeal for world peace.

Another unusual feature was the drawing of names for a cash prize. Miss Lulu Whittaker was the lucky one and was given a whole--(believe it or not) dollar.

After all the features which had been entered in with so much zest the colleges "mixed" and everyone enjoyed an hour or so of dancing.

**ALPHA MU KAPPA  
GIVE PLEDGE DANCE**

The Alpha Mu Kappa fraternity gave a dance in honor of their pledges Wednesday evening. The Recreation Room was beautifully decorated with the colors of the fraternity. Music was furnished by a local orchestra.

The Chaperones for the occasion were Mr. and Mrs. Chester Elson, Miss Harriet Grimes and Herman Hamilton.

Initiation services will be held Monday evening at 7 o'clock for the pledges of the fraternity.

**TO THE STUDENTS**

It has been asked of the students of C.N.C. not to park their cars on Main Street. It is against the orders of the city and also it endangers the lives of the students who are crossing the street. So please take note of this and park your cars in your garages or on Wayne Street.

AMERICANISM and EDUCATION

A certain phase of the school child's education has been sadly neglected in these years following the World War and especially has it been so in the last three or four years.

The objective in a child's education should be to build citizenship and character. The education is complete only when this objective has been attained.

Citizenship and Americanism go hand in hand. They are inseparable. The best way to attain citizenship is to develop in the child a proper respect for the American flag, and for the principles of good government. This is "Americanism."

The American Legion is now leading the field in re-establishing this precedent. The teacher has a wonderful opportunity to cooperate in this patriotic movement.

Too few school children are able to give the pledge of allegiance to the flag. Patriotism and respect for the flag should be emphasized daily in the school program.

BOOK SHELF

Homer Cassidy

JOHN GALSWORTHY-1867-1933-

Playwright, essayist, short story writer, yet it is as a novelist we will remember him.

His trilogy "Forsythe Sage" and Bennett's "Old Wines Tale" will very probably be the most enduring literary work of the twentieth century (to date of course.) I was introduced to the writings of Galsworthy through the novel "The Country House" (1907). This book following the year after "The Man of Property" confirms the high critical estimate of the discriminatingly few. It is my favorite after the "Forsythe Saga", and in it he approaches closest to the art of Turgener with whom he has been compared.

Galsworthy is a reformer after the Ibsen school, though without its founders bitterness, in that he points out the holes and dirty spots in the social fabric but neglects to suggest a way to mend or cleanse them.

At the "property sense" that rocky characteristic of the Forsythe he sends his most ironical shafts. The outworn divorce laws, the courts, the newspapers, unemployment and class prejudice and preference; against all these he has fought sponsoring the cause of the "Lost dog."

Galsworthy has preserved for us the Victorian era in its glory and its stiffness. He has chosen restraint and refinement in an era of coarseness and immodesty. The subtle delicacy of his writing can not but have its influence upon the reader.

DR. REIBOLD'S COLUMN

Queen Vashti -one of the greatest women of all history. We suggest a prayerful, careful reading of the book of Esther. It is here we get the account of this remarkable and peerless woman. The palace of Shushan challenges the palaces of the world for luxury. Its columns were festooned and wreathed in flashing wealth. Seemingly the whole round of splendors is exhausted to adorn Vashti's residence. Embroidered hanging tapestries hung on silver rings wedded together giant pillars of marble-pavilions reaching everywhere-luxuriant couches galore-floors of inlaid marble of every color and gleaming pearl-Gorgeous gardens-the atmosphere a breath of honeysuckle and frankincense-fountains of streams of crystalline rainbow beauty. Such was Vashti's home.

But this matchless woman possessed a virtue of modesty which she prized more highly than this spectacle of wealth and earthly luxury. The king commanded that she appear before his nobles without her veil. This for the purpose of revealing her unusual beauty. To do this would have been a violation of her code of morals. She emphatically refused.

The infuriate King removed her from the throne. See her as she is driven from the Palace. She is Vashti the sacrifice, the silent, but Vashti the veiled. She lost her kingdom but retained her virtue of modesty. What a glory sits upon her brow. That drunken court despised this dear woman, but heaven and earth will never cease to sing her praise. A palace of earth drove her out. A palace of heaven took her in and she lives in the society of angels and wears for eternity her crown modesty. Would that the girls of this age would follow this example!

QUARTERLY OUT

The August issue of the C.N. C. quarterly recently appeared on the campus. This paper reaches over former students in all parts of the U. S. Following are some of the interesting incidents noted: Fall term of school opens August 28 and will continue until November 17. A matriculation fee of seven dollars is to be paid upon entrance. Then the tuition fee will be \$35 per term. A 10% discount is given on tuition if two or more terms are paid in advance.

The following pre-professional courses will be offered-- Medicine, Law, Engineering, and Dental.

The football and basket ball schedules are announced.

There are nine students enrolled out of the state. Hendricks county leads the list with 77 students enrolled and Harrison following with 37.

Extension classes will be given at six centers this winter.

October 20 will be our annual home coming game with Indiana State Teachers' furnishing the opposition. Plans are in the making to afford all a royal welcome with the events of the well filled day culminating in a dance that evening.

KID MIXER

The Mixer last night in the form of a kid party proved to be a very enjoyable affair.

As the guests entered each dressed according to childhood days a number was given them assigning them to one of the four schools with teachers Boomershine, Sherrill, Lenning, and Cockeran presiding over their respective institutions. Professor Maxam as County Superintendent after some difficulty with the more boisterous pupils succeeded in quieting the schools and proceeded with various contests: The Whistling Contest (following the devouring of excellent pies); the Basket Ball games made most difficult with balloons and paper plates; and the Chariot Race on skates quite original as to its idea as to what part of the body should do the racing.

A beautiful, polished, loving cup was awarded to the school winning the most contests.

The best dressed girl received a beautiful doll and the best dressed boy received a toy train.

The remainder of the evening was spent dancing to the music of Mac's Midnight Ramblers.

Professor Steinbach was in charge of the arrangements for the Mixer.

"Y" NEWS

President Wood gave a very interesting talk at the "Y" meeting Wednesday evening. His subject "Faith in God" was very well developed and was very helpful to all who heard it.

The next meeting will be on Wednesday evening August 15. The speaker will be announced later. This will be the last meeting of the summer and we would like to have as many present as possible.

COMMITTEE NAMED

Those already selected by President Wood to serve on the Decoration committee for the Road Celebration August 17, are as follows: C.R. Maxam, chairman; Prof. Winfrey, Marjorie Gaston, Mrs. Wheeler, Howard Boomershine, Vernice Thomlinson, Ruth Brookshire, and Miss Day. More members will be appointed later.

TYPING ENTRANCES

The following people entered the Typing Contest sponsored by Commercial Department, Thursday evening: Eloise Esarey, Josephine Ensminger, Mary Tindler, Sylvanus Comer, Lois Jones, and Ruth Beasley. The Danville team will entertain Brazil to an all day meet here Sunday August 27.</p> <p>Wednesday P.M. Danville lost to Clinton's strong team by the score of 6 to 3. The matches were interrupted several times by rain.</p> <p>The Danville Team will play Indianapolis Water Works Team here Saturday and Lebanon Sunday. The course was in ideal shape and the day was very suitable for the tournament. The handicaps given each player made it possible for beginners and all to compete on the same basis.</p> <p>John Williams won the tournament with a score of 84 (total shots 109 minus handicap of 25) which was a very good score as John has only played golf two times previous to the tourney. Fred Lemoly and Pres. Wood were close contenders for first place also. Mr. Lemoly shot a very good game of golf. President Wood has just recently taken up the good old game and finds it very interesting especially when he finished the last nine holes like a professional.</p> <p>Several of the beginners enjoyed the sport very much and are in the market for a new set of clubs.</p> <p>Most all of the experienced golfers turned in some very nice scores were on the long count due to the handicaps of the beginners.</p> <p>Everyone enjoyed the afternoon of fighting sand traps and hazards and are looking forward to another opportunity of playing golf.</p> <p>The moon was shining bright when the last foursomes sunk the eighteenth hole.</p>	<p>The local Danville Browns were successful in defeating the strong Belleville Team at the park Wednesday afternoon. ### RORTHY RIX

Dear Miss Rix:

I am a very lonely bachelor. I teach school all day which is a very dull life. I feel that I should know some lady friend who will brighten my path and make this world a happier place in which to live.

"Jim"

Dear "Jim":

I know the girl you are looking for. She is jolly, carefree, and entertaining. She will help to lighten your path and make a better man for your profession. I would like an interview with you. 10 A.M. Monday in the Crier Room

Dear Miss Rix:

I have been going with a girl here in school for three years. She has red hair and a terrible temper. Due to the fact that I have red hair we do not get along so well. Lately we have been quarreling for hours at a time. She insists that I bring her chewing gum each time I call which always starts a quarrel. I love her dearly, but I cannot stand to hear her chew. What must I do?

R. Riley

Dear R. Riley:

My sound advice to you would be, buy two packages of gum and both of you chew. This would eliminate the nervous strain on you and just think what an enjoyable time you both could have chewing together.

Rorthy Rix

Dear Miss Rix:

I was a lonely girl and wanted a husband. I advertised for a man. When he came to see me he said he was a student from Central Normal.

His name is Freeman Beatty. I love him very much and would marry him but I feel rather guilty about advertising. I

will take your advice.

D. Hughes

Dear D. Hughes:

I would follow the dictates of my heart. I would marry him. Perhaps that was the way you were intended to meet. Love has its way.
