## ATTENTION: THE STUDENT BODY

Do you appreciate enough the service the Crier and its staff is trying in every possible way to render?

Criticism far too often is barbed and directed at the wrong person or persons. We the Crier Staff, are very often criticized, perhaps sometimes, and we admit it, justly; but not always is such criticism fair.

As the Crier Staff we naturally get all the blame. Is this fair? We feel it is not. The Crier is the voice of the entire student body. We put into expression the thoughts of the students. The crier was created to be of service to the students. Undoubtedly it has its faults, what thing hasn't? But we are not expressing the opinion of just a few students on the Crier Staff, we are expressing the opinion of the entire student body.

The common opinion of the students it seems is to read the scandal sheet, a few headlines, and forget the rest. The Crier is made up of more beneficial things than just these. Announcements, important to all, news events, editorials, and many other worthwhile articles. Why neglect this? Is is your paper—then why criticize your own property?

Each week when the Crier is published there are articles to be written, advertising to be solicited, art work to be done, mimeograph to be run, stapling to be done, and a million and one other things to do. At 10:00 when the paper is ready to be stapled, there are a faithful few present and others who "snitch" precious sheets and run. Do you know how much time and effort is put into the Crier? Why not contribute your part? Don't forget it's your paper.

Think about this, ready your Crier, and then if you want to criticize, criticize yourself not the Crier Staff, they are you!

## BREEZY BREVITIES

When we're "up against it," let's remember that it's the rubbing that brings out the shine...

Education is not "received"— it is achieved.

## A BOOK

Life is a book whose pages are all written. On each page are written the joys, successes, and disappointments of life itself.

Loyally we get behind some cause or other, with all our very being we strive to see the cause perpetuated. We are sailing along seemingly succeeding when suddenly from nowhere comes something or other that bursts our bubble of success. Are we to be downhearted? Are we to stand aside, forget our plan because of opposition and disagreement? No! Definitely we are not. Successes of our world could never be, were each and every one of us to stand aside when we face disappointment.

Be man enough to admit your faults, but bear in mind that if your cause is one worthy of standing by, you must go on, not be downed by a bursting bubble. Great men of history—men who are examples of truly great manhood, were only the more determined because of their disappointment to go ahead.

Life's pages filled with joys, successes, and disappointments, should not show you and me as persons downed by a disappointment. Rather should it show you as a person fighting, striving forward to the future success that awaits you. Bear your disappointments, greet your joys and successes, admit your faults, but go on!

## KINDLY EYES

She looked at life with kindly eyes,
And never seemed to realize
She bore the hardest kind of care.
She never howled and tore her hair,
Or called down curses on her spouse,
Who made a workshop of the house.

She went through trials that would down
The toughest men in all the town.
She bore the brunt of every blow,
and didn't let the neighbors know.
She dwelt with poverty and toil,
With trust that life could never spoil.

She kept her kindly way somehow,
With peace like perfume on her brow;
She kept her faith in human good,
Her clean belief in womanhood;
She sowed her love with lavish hand
In every corner of the land.

She taught us by her life serene
What faith and hope and love could mean,
The claims of common brotherhood,
The riches are not always good.
She lived among us calm and wise,
And looked at life with kindly eyes.

## ARE YOU TIRED OF

Making outlines of different books in Modern Novel?...

Seeing Hope McBride and Merrill Miller together constantly?...

Making notebooks for nearly all classes?...

Going to these classes at "Dawn"?...

Attending school without a Spring vacation?...

Hearing and having those pranks pulled on the side in Music Appreciation?...

Having Spring one day and Winter next?

These things make you weary, but grin and bear it.

## Dirt and More of it!

At last we know who P. Jones' girl friend is. He was seen escorting Charlotte Lynn Friday night. Nice work, Jonesy!

Esaray and L. Babb make a very romantic couple we think!

Why did Kent stay out all nite Saturday? Ditto for Keith Davis.

Bea Deal has a new romance: Bill Church.

P. Overton and Anne Williams are still romancing. You've got something there, Paul!

M. Franklin is at her old tricks again! Janet Hobbs is losing her boy friend, Mike Guthrie.

C.G. Bymaster and R. Cash are getting more and more "thatway". It might be a new romance!

Flash! What Senior girl has found employment recently - riding in a 1935 Ford Coach?

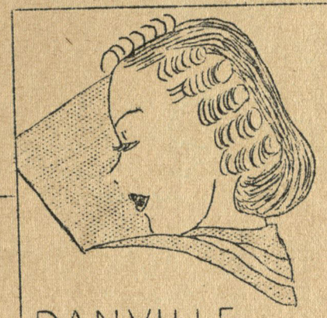
Ouch!!! C. Kelly sure is complimentary. He said the orchestra made him a nervous wreck. Dr. Hightower suggests he be excused from all further musical programs.

Wanted: by a certain blonde coed. An introduction to J. Miller. If he isn't engaged or married, a reply would be appreciated.

Wanted: A glass trophy case for H. Olin's bat. It is in serious danger of being broken by a rookie.

Would some ice-man donate a cake of ice to Bill Heppler to keep his hand on between innings?

Stiers and Thompson make a very cute couple.



Burl Jenkins should take Edgar Bergen's place as a ventriloquist. He even imitates Calloway's voice over the telephone.

Carl Rogers certainly falls for blondes. Too bad, Carl, but they are sisters!

Kenneth Marshall really believes in a "change of heart." Among those up to date are: Zarse, Summers, and Cuddy. Nice going Ken.

Roudebush and Decker will have to be "good" from now on. The "better half" of their homes have returned.

Which will it be, Lois, Pope or Blue?

## "BIG Dave" SCORES 31 POINTS IN 4 TEAM MEET

With Dave Williams winning five firsts and two seconds for a total of 31 points, Central Normal grabbed off second place in a quadrangular track meet held at Ball State last Saturday. Other competing teams were Ball State, St. Joe, and Taylor, with Ball State winning top honors.

Williams was the individual star of the meet as out of Central Normal's total number of 42 points, Dave hung up 31. Only the week before he scored 24 points at Earlham, winning the high jump, broad jump, and discus while placing second in the shot put, low and high hurdles. This performance was bettered at Ball State as the big tow head repeated his triumphs in the high jump, broad jump, and discus and in addition led the field home in the low and high hurdles. He finished second again to Martin in the shot put, and also carried off second place honors in the pole vault.

"Chuck" Martin outdistances his competitors in the shot put just about every place he goes and Ball State was no exception as he outheaved the boys the same as he did at Earlham the week before. Martin also bettered his performance of the week before in the dis-

## HANOVER EDGES OUT THE WARRIORS 4-3

Playing with a revamped line-up that moved Morrison behind the plate, Edwards to short, and Jones to third, Central Normal dropped a close decision to Hanover College last Tuesday 4-3.

Worrell went the entire route for the Warriors and pitched a very fine game, giving up only seven hits and registering the same number of strikeouts. Five bobbles behind him in the field, how-

## Your C.N.C Diary

*THIS WEEK'S SCOOP*

*During the administration of Dr. Wood, former president of this college, there was a standing rule that, to any student or teacher who would marry in Chapel, the school would give--as a present--$50.*

*Since Cupid has been so busy with throwing his darts about the college for the last few weeks, this idea has been recalled and we are all wondering if it is still in effect. As for yours truly, I would recommend a double wedding, with Bain--Eikman and Hunt--Patterson as the principals!*

*Last Wednesday, when this was being discussed in Shorthand, a most unusual thing happened. Carvel McGarvey proposed to the mysterious Miss Mary W. Callaway and asked her to become his bride in the dear old Chapel Hall. And--before 13 witnesses, the lovely lady accepted. Watch your C.N.C Diary for further details. Mr. Shumaker says it is a long, long, road-----walking down that old aisle. Oh, yes,--I forgot to mention: he said he (?) trod the path as a best man!!!*

*Just Monkeying:*

*When Milton Williams gets up and walks out of Bookkeeping to go to Practice Teaching, every girl's eyes are on him until he closes the door behind him!*

*Roy Stockton uses his later morning classes to catch up on the sleep he loses because of his 7 o' clock class. (Or is it Marian?)*

*Oh, yes, and did you ever hear of anyone having to push a car back from Plainfield on a lonely moonlit road after midnight????? --Well, I have heard of it! But beware--it's a dark mystery!!!*

*Jackennedy doesn't believe in allowing classes to interfere with his romantic affairs; so, he keeps in practice --- and also keeps his arm around Dorotha Ford--during a certain morning class!*

*The Alpha Theta Dinner Dance will be held tomorrow night here at the college. Extensive preparations in the matter of decorations, etc. have been made and the AOE's say it is to be a "swellelegant thing."*

*The Psi ChicOmega Spring Dance will be held next Saturday 21st, here (!!) at school. It is also to be quite a gala occasion, so, fellows--you had better be looking your best for the next few days!*

******

*DID YOU attend the Eastern Illinois Track Meet Thursday? Lots of fun--lots of disappointments---and best of all,---lots to eat. The fellows left at 11 in the morning in the bus---but of course, it was impossible for any of them to attend 10 classes. You know, one mustn't get excited before a meet!*

*THE WARRIORS journeyed to Hanover Tuesday, But, Lady Luck was gazing in another direction, so our lads came home, holding the small end of a 4-3 count!*

*CAN YOU IMAGINE: Up Main Street without Melvin Farr's name?*

*Until Next Week-*
*Yours Truly*

Also, after lengthy discussion, it was decided that each member of the Board submit a list of prominent people to whom the Secretary shall send special invitations regarding Commencement activities.

Due to the fact that last year there was such a decided lack of response to the cards, it was decided that no cards would be sent out this year.

As regarding the Alumni dance, the board members decided to comply with the Seniors' request, and turn the Alumni Dance over to the Senior Class.

At the close of the meeting, the time was set for the next meeting which will be held on Thursday, May 19, at 3:30 P. M.

Hanover's twirler was even more stingy with his hits, allotting the Normalites just five, all singles. Modapp rapped out two of the bingles, Morrison also hit two, and Ewing garnered one to account for the total.

It was the best tilt turned in by the Warriors so far this season and if a zero can be hung up in the error column a victory should be forthcoming in the next diamond clash, which, by the way, will be with Hanover again May 20, at Danville.
