GIRLS WILL ENJOY "KID PARTY" MONDAY NIGHT

Sororities Will sponsor the Affair

Monday evening from 8 o'clock to 9:30 the girls of the freshman class and the unorganized girls will be entertained at a Kid Party by the three sororities of the campus in the Reception Room.

Each girl is expected to come dressed as a child--either as a girl or as a boy. Prizes will be given to the best dressed girl and the best dressed boy.

Each sorority has appointed a refreshment committee and an entertainment committee.

It has also been suggested that the "Children may want to bring their recess lunches--blow gum or candy or all day suckers." If you bring such, don't forget your pal. If you have two pennies, remember it is lots of fun to share it!

PEPPY SQUAD ELECTED AS YELL LEADERS

A "Peppy Squad" consisting of Clell Miller, ~~and~~ and the Yacuk twins, Anna and Helen were chosen by the student body last Tuesday morning at Convocation to lead the yells at the sports events of the year. Peggy McCoun was also named and will probably be in charge of the songs for the different occasions.

Clell was chosen chairman of the squad and will be assisted by the others. The three others are all freshmen but by their work in Convocation, proof was given that they were not beginners.

BAND INVITES COEDS TO TRY OUT FOR MAJORETTES

The band has issued invitations to all coeds on the campus who are interested in trying out for positions of majorettes to report to Mr. Skidmore at an early date.

Plans are made for a line of five majorettes to lead the CNC band.

SCA SPONSORS "FRIENDS FROM HOME DAY"

GREEN WILL SPEAK ABOUT JAMES WHITCOMB RILEY

Special Riley Music Will Be Given

Next Tuesday Dean Robert Lloyd Green will have charge of convocation and will give selections from James Whitcomb Riley--"The Salad Days of a Poet."

Special music will be furnished by Anita Breitweiser who will sing special Riley songs.

FOLK FROLIC WILL BE HELD THIS EVENING

A Folk Frolic will be held this evening in the Grid Room at which time Dean Green asks that only those attend who wish to play.

There will be no charge for this affair and those who enjoy these games may expect to have a good time.

HOMEcoming TIME DRAWS NEAR

A checkup on time reminds that there are only about three weeks until Homecoming at which time the alumni will be coming back.

For the occasion plans will be made for the annual luncheon and dance. The Psi Chi Omega Sorority are making plans for the annual luncheon of their alumni on Thursday, October 24.

The Homecoming game will be played on Saturday afternoon with St. Joe college and the Alumni Dance will be held on Saturday evening.

Several of the different groups usually plan for special affairs for this occasion.

The Indiana State Teachers Association will be held on Thursday and Friday of that week.

HUNT ATTENDS GUIDANCE CONFERENCES

President Hunt left yesterday to attend Guidance conferences at Spencer, Bloomington and Bedford.

Sunday will be observed on Central Normal campus by the "Friends From Home Day" program which will be sponsored by the Student Christian Association in honor of parents and friends from home.

Invitations have been issued to the students' parents, relatives, and friends from their home communities.

The 1940 observance of this custom, uniquely a part of college life at CNC gives promise of excelling that of previous years in attendance and in interest.

Rev. Howard Anderson, superintendent of the Indiana Christian Education, will speak on the subject, "What Can I Do About It?" at the afternoon meeting which will be held in the chapel at 2 o'clock.

The churches of Danville have extended an invitation to the students, faculty, and guests for the morning services. At noon a basket dinner will be served in the college Grid Room, where the friends from home will be the guests of the students, faculty and trustees of the college.

Otis E. Gulley, president of the board of trustees, will give an address of welcome. Cabinet members of the Student Christian Association, assisted by other students will have charge of the remainder of the program.

EARLHAM GAME PROMISES REAL THRILL

The Warriors will meet the Earlham squad on the Earlham field Saturday. According to the manner in which the Warriors met Eastern Illinois last Saturday many thrills are expected during this game.

Several are expected to travel with the team and a much better score is expected than was shown last Saturday.

MONTH OF MONTHS

When one wishes to learn about October one takes to the open road in the country. Sometimes this is forsaken for excursions "over the hills, far away". October is more than a month of the calendar, it is an experience.

After a night of crisp frost the smiling heavens bend above the glowing earth with unspeakable tenderness. The maples are aflame with scarlet and gold and the oaks are vivid crimson. The white birches, who are blond ladies of frost, are sunning their yellow hair. The sassafras whose leaves are three distinct types, is first yellow, then purple, then bronze. The evergreens give strength and character to a landscape that might otherwise be too colorful. The leaves go whispering to the ground, nuts patter down upon them, to become the lawful spoil of frisky and busy squirrels. In the orchards the ripe fruit falls with little sounds and peace rests upon the hazy hills and quiet woodland ways.

With some it is October in the span of life. They had their springtime of promise and their summer of toil. Now they are reaping the harvest and learning the meaning of what has gone before.

Let us, like the trees, adorn our lives with the gold of cheerfulness, the scarlet of dauntless courage, the crimson of steadfast patience, and the fadeless green of hope and faith.

FROM ROOM 11

On Friday afternoon's there is a sight to be seen from room 1 that is quite rare around the Science Hall. This particular sight includes only boys (or at least that is all I've seen so far). One hand free, a grip in the other--homeward bound.

We are not fortunate enough to see all the boys go because only those that are going eastward have the benefit of this strategic point.

Some of the boys skip classes hurry to

their rooms, shove their things in a grip only half large enough to hold them, run to the corner of Main and Wayne and hope for a ride.

Each person has his own technique of catching a ride. Some just simply sit on the grip so independently that I wonder how they ever catch a ride, while others prance up and down the street and wave their thumb vigorously at everybody--stranger or not. They all catch rides and if their own personal technique works they are welcome to use it.

On the campus Monday morning I heard someone say "I made it home-- seventy miles--in an hour and twenty-five minutes." What a record or a joke.

I wish I could be a pencil in one of these boys pockets and listen to the boost he is giving C. N. C., to see his ears perk up when football is mentioned and hear him drop a word or so about our splendid prospects, to hear him state a peeve and approve or disapprove of an agreeable or disagreeable professor. Perhaps the tale with be of some dopey and dizzy dame he has met or numerous other things that we won't take time to mention just now. Wouldn't it be fun to hang there patiently and eavesdrop on everything that is said? Even more fun then being on a party line, don't you think?

HOW ARE YOUR MANNERS?

What do you consider to be good manners? Is it merely saying "please" and "thank you" at the dinner table, and "pardon me" when you pass in from of another individual?

Most persons do those things without even thinking. But that is only a very small percent of good manners. Individuals who would not think of asking for something at the table without saying "please" will ask the librarian or the bookstore for an article and never think to return a kind "thank you" for it. Isn't it the same? The one is just as much a part of etiquette as the other.

If you saw someone raking the campus or picking up the papers, carelessly thrown there, you wouldn't think of deliberately throwing a handful in front of him would you? Such an action would certainly be very rude, you will have to agree. Yet aren't you doing practically the same thing when you throw your waste paper around on the campus in the buildings on the campus? The only difference is that they will have to be found and picked up later by the person responsible for the cleanliness of the campus.

Would your mother think it very funny if you threw the family silverware at the other members of the family? Not unless she is different from the average mother. However, many students greatly enjoy throwing the chalk, erasers, or any other available object classed the same as far as etiquette is concerned. You would think it terrible to steal clothing or money from your room-mate, would you not? But it is just as bad to take the preparations he has made for his class work or to copy from him on a test.

If every student will develop only this one characteristic of Good manners, he will be a better individual.

CALENDAR

FRIDAY

REPORTERS WILL MEET

The reporters for the Crier, Thelma Barnes, Margaret Pithoud, Rose Marie Adams, Max Bell Wendell Mann, Naomi Force, Juanita Ruck, June Dowan, Earl Snider and Kenneth Dickerson, will hold a chili supper and Business meeting at the home of Mrs. Wgan next Tuesday evening at 5:30 ***

Evelyn Workman says she has never been "idle"---but she would like to be---(Idle???)

Red Thomas has given the C.N.C. girls a break. He has been seen with Catherine B. lately. Not. Bad.

NOTICE

Art Club will hold a meeting next Wednesday Evening, Oct. 9, at 7:00 in Room 4, Science Hall.

A cordial invitation is extended to all students interested in art.

International Relation Club

A meeting for organization and election of officers will be held immediately following Chapel in Room 5, Tuesday October 8, 1940. All those interested please attend.

NOTICE

Second tryouts will be held Tuesday at 5:00 o'clock in the Music Room for the Girls' Sextet.

I wonder where young Wilson is catching the southern accent he had been throwing around lately. It must be kind of serious. Wilson came to ear training class two days last week with his pajama tops on.

SIG PI SPEAKS

Plans are progressing for the Sigma Lambda Pi rush party which will be held in the Reception Room Monday October 14 at 7:30. Gunner Younger is chairman of a committee appointed for this occasion. Other men on this committee are Bill Young, Roy Cleaver, Bob Downey, and Howard Bailey.

The Sigma Lambdas extend their congratulations to Fraternity Brothers--Ira Morrison, newly elected president of the Boosters Club; Howard Bailey, president of the Junior Class; and last but not least to Harold Garwood, Vice-president of the Sophomore class.

Plans are already being made to make the fall dance a success. This dance will be held November 16. Several good bands are under consideration. Sig Pi would like to introduce a new dance band on the campus at this dance. However, no band has been definitely decided on.

Plans are being made to make their homecoming festivities a big success. Sig Pi wishes to cooperate with the Booster Club and all other organizations in making not only the Home-Coming game a success but also the Valparaiso and Manchester games.

The next meeting of the Sigma Lambda Pi will be held Monday, October 7 at 7:30 in Room 4, Science Hall. All members are urged

ALPHA THETAS HAVE CALLED MEETING

The Alpha Theta Epsilon Sorority met Wednesday evening in a special meeting called by the President.

The Kid Party was again discussed and the following committees were appointed: entertainment, Charlotte Anderson, Ruby Huff, and Phyllis Watson; refreshment, Betty Myers, and Helen Stanley.

The Alpha Theta dance has been scheduled for December 13 and various plans for it were discussed.

The wiener roast at Lenore McCannack's Monday night was a great success, with a surplus of two wieners and four marshmallows.

Honorary members present were Mrs. Steinbach, Mrs. Blessing, Mrs. Green, Mrs. Ellman, Mrs. Johnson, and Miss Whitney.

to be present at this meeting. Final plans must be made for the pledge party at this time.

WATCH THE WARRIORS GO IN FOOTBALL. BACK YOUR TEAM.

VOICE OF ZETA SIGMA

Zeta Sigma Fraternity held its weekly meeting Monday evening in the Science Hall.

Several items were brought up in regard to additional activities of the fraternity, and these plans will be revealed in the near future.

Plans are also being made for the Pledge Party to be held October 17.

Ralph Joseph, Joseph E. Fox, Gordon Jay are in charge of the food and Earl Snider, Sam Williams, Walter Mey are in charge of the entertainment.

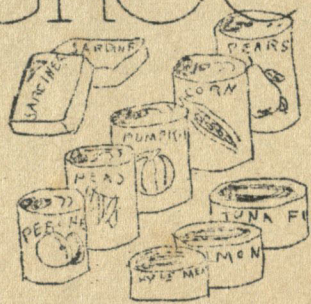

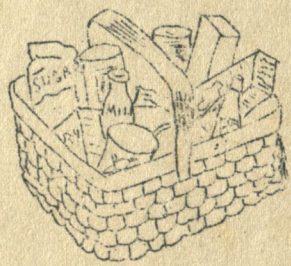

The fraternity welcomes back Ted Tarwaki, present Sgt. at Arms, and extends congratulations to Howard Bailey, Jack Shaw, Joe Fox; Junior class officers.

IDLE PRATTLE

Robert Mey surely must be in love. At least he won't give the C. N. C. girls a break. The little girl from the home town, you know.

Everyday at noon we see a red-head and a darker complexioned fellow sitting close together in the library. We don't wish to mention any names but the initials are Rita and Alex.

Josephine Mestick and Lloyd Alsop are always romancing in the library, on the campus, and at the park!

The race is on! Bob Platt and Randolph McClung are neck and neck at the end of the first 4 weeks. Jeanne McKinney is the object of their affections and she is giving them both an even break. Who will be in the lead at the Homecoming game?

What would happen if Wendell Mann's watch would stop? He couldn't get to class in time to visit with Elizabeth Valentine.

Anyone that didn't know the Yacuk twins apart will know from now on--Helen is the bashful one.

We wonder if Rechaby still remembers the

night she rode in the old Model T with Don.

A certain freshman boy, whose name is Robert Ray, must have been seriously affected by one of his recent dates. After the date the cheep of a cricket sounded like a canary. He ask if canary's sung at midnight.

Peggy McCoun seems to be doing alright for herself. Garwood and Hershberger seemed to enjoy her company Wednesday night at the library.

"Night and Day or Day and Night", well anyway it's all right, says Zarse.

Don't Central Normal coeds hold the interests of Louie Aikman. His interest hails from Greencastle and her name is Gail Gardner.

What became of a freshman couple, whose

initials are J.W. and A. W. promptly after the mixer Friday night? Just an inquiry!

Is Maxine as sweet as all the boys who eat at the Humpty-Dumpty say? Must be because Jack Wade has been offered 75 cents an hour by the lads who wish to exchange places with him for one night, but Jack refused. Be careful Jack, Gunner is pretty big.

We wonder if Don Cox has to carry a portable radio around to attract girls. He had a cute Freshie in tow on the Chapel steps anyway.

SPORTS

The memories of the game last Saturday with Eastern Illinois are almost gone with Earlham looming up for this week.

The boys took a rest Monday, but went back to hard work Tuesday. They have had two scrimmages so far this week, and are whipping back into fine shape.

Redling, Bailey and Gorniewicz were injured in the game. Redling and Gorniewicz will not be able to be in the game this Saturday.

The Purple Warriors kept their opponents in their own territory most of the game. But were forced to give in on the account of several fumbles.

Eastern Illinois scored their touchdown in the second quarter and the Warriors came back in the third quarter and scored a touchdown but failed to convert the extra point.

Boalbey scored for C.H.C. after a nice run by Bell. Clark failed to make the extra point and also failed to make two other field goals he attempted.

Coach Leitzman used two teams on account

of the heat, but had another good team on hand to use if the occasion had arisen.

Assistant Coach Kelley went to Valporaiso Saturday to scout the game between Valporaiso and St. Joe. This will be Earlham's first game of this season so they will be feeling pretty good. Our boys will be out to avenge their defeat of last Saturday.

Following is a list of Freshmen and other upperclassmen out for the team with their home town, position, height, weight, and classification:

F. Goodnight, Lafayette, H.B., 5'10, 195, Junior; Howard Harris, Hamilton, Ohio, H.B., 5'10, 185, Freshman; Lloyd Hensley, Linton, H.B., 5'9, 167, Senior; Bill Falls, Mt. Olympus, H.B., 5'10, 160, Sophomore; Vincent Haviza, Gary, H.B., 5'5, 145, Freshman; Walter Hyduk, S. Bend, Z.B., 5'8, 150, Freshman; Howard Bailey, Connersville, E., 6'1, 200, Junior; Everett Younger, Bedford, G.T., 6'2, 193, Junior; Walter Jackson, Petersburg, E.,

5'11, 165, Junior; James Jenkins, Brazil, T., 5'11, 175, Senior; Bill Young, Roachdale, T., 5'11, 175, Sophomore; Wib Carlson, Knox, G., 5'10, 175, Freshman; Harold Garwood, Connersville, E., 6'1, 180, Sophomore; John Smith, Plainfield, G., 5'9, 165, Sophomore; Ray Birch, Linton, T., 5'11, 185, Sophomore; Ira Morrison, Bedford, C., 6'2, 195, Junior; Marvin Persinger, Brazil, H.B., 5'11, 150, Freshman; R. Perkins, Clayton, T., 5'10, 199, Freshman; Lloyd Alsop, Lakeville, E., 6', 150, Freshman; John Dunk, Lafayette, E., 5'10, 170, Freshman; Dick Wien, Wea, G., 5'8, 156, Freshman.

Come on boys let's see you win this Saturday. We are all backing you up to the limit. What do you say? Will you?

MUSIC

NOTES

The band and the orchestra have been working hard for programs which will be presented soon. The orchestra will play in the afternoon for Friends from Home Day. The band on the other hand has been marching their shoe soles off getting ready for the first home game a week from Saturday. Orchestra rehearsal was held at 7:00 P.M. Thursday on account of the death of a friend of Professor Skidmore's.

The music department hopes that you enjoyed the trombone trio last Tuesday morning. These boys are going to do some wonderful things this year. Anita Breitweiser, Raymond Albrecht, and Wendell Mann are to participate in the vesper services at the Methodist Church Sunday evening.

Special Attention: Any group of girls who are willing to work to become baton twirlers please see some member of the band immediately. This is not an invitation but a challenge. Come on girls, let's see you do your stuff.

Raymond Albrecht and Chez Haehl played at the Friends Church last Sunday night for the Young Peoples meeting. Elizabeth Valentine, Laura Rus-

chaupt, and Chez Haehl are playing at the Friends Church Sunday Morning.

A HOMESICK FRESHIE'S LULLABY

Cry, Freshie, Cry,
Cry, Freshie, Cry,
Just the way you did
the day you broke your
doll.
Cry, Freshie, Cry,
We all know why.
Vacation's gone, and
school is on, but do
not bawl.
You bossed your whole
family;
You thought you were
bright;
But after being homesick
The family would cer-
tainly seem all right;
So, Cry, Freshie, Cry,
You flew too high,
Now dry your tears and
calm your fears,
Don't Cry, Freshie,
Don't Cry.

'Sa funny, we all
thought that Janeway
was Smith's private
property but Monninger
sure changed the tune.
Oh, well, look who
Smith captured on the
rebound. How was the
Hayride, Smith?

QUARTET OF CHARM

A local faculty quartet was organized last week which is ordained to attain great fame. The men participating are Mr. Winfrey, first tenor; Dr. Parker, second tenor; Mr. Wallace, baritone and accompanist; and Mr. Green, bass.

This quartet was started because of mutual interest in music and desire to become better acquainted with music.

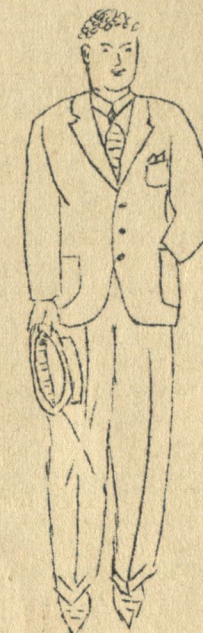

Many humorous and beautiful numbers will be expected from this group.

ALUMNI NEWS

Alumni have been sending in letters this week. We wonder if there could be any connection with this and the statement that the Crier would be sent to any alumnus who wrote a letter per term.

IDAPERL WILLIAMS visited campus last weekend (Hadley's, we think), and then writes this week. She reports that Beatrice Deal is married and lives in Gas City. She asked: "What would happen if a butcher backed into a meat slicer?" Answer: "He would get a little behind in his business."

MARIETTA CAIN writes from Jeffersonville, "My sister, Marcella, the nurse, was married last week, and of course we had quite a lot of people here--then no sooner than we had the marriage business off our minds than I was called to the Government depot here for an interview. Was put to work the next day as Clerk Typist at \$1440 per year.

When it rains it pours and I believe the saying is true in my case. Last Saturday I could have had two good teaching positions, and a place at the Du Pont ammunition plant. They say that it is going to be the largest powder plant in the United States. It is located in Charles-town which is about ten miles from Jeffersonville. I decided that I might as well keep on at the Government as I have always wanted to see what working in an office was like; and then if I should ever decide that I would like to go back to teaching, I would be better prepared. I think every commercial teacher should have worked in an office at some time.

MARY LOU SMITH from Topeka says: "School is progressing in good order and I am really fond of my work!!! It's really fun (thus far.)"

MARGUERITE PRASER from Napoleon writes: "My school is interesting. I have Business English, Beginning Typing, Shorthand, English and library periods. This is the first year shorthand has been taught here and although I only have five in it that doesn't hinder my planning to train some for the Contest in the spring, does it?"

"We're having a big soft ball tournament here in Ripley County. I almost froze at the game at Osgood last Wednesday, but Napoleon beat Sunman 6-0 so it was worth it."

"Mr. Harris, my principal, is a graduate of Central Normal. Lorenz Kropp is the music and art teacher. He went to C. N. C. last summer. Wilcie Rea is about five miles from here. It makes me feel good to find someone from there."

Congratulate Dorothy for me. She should make a very competent editor."

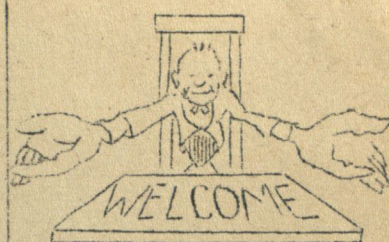

CHARLES NEWTON writes from Kokomo: "After having taught for three weeks, I am beginning to feel almost like a veteran in this great profession. However, I must confess that I learn a few new things almost every day so there still must be room for a great deal of improvement."

I am teaching: U.S. Gov't., World History, two classes of typing, and two classes of Phy. Ed.

ALUMNI NOTES

Con't. from page 8
besides coaching, in a six period day, so I'm kept rather occupied most of the time.

My baseball team was a "great success". We only lost four games during the entire season. Our fourth and last game was played yesterday afternoon.

I'm very anxious to keep in touch with C.N.C. so don't forget to send my "Crier".

MAXINE EDMONDSON from Greenwood: Frankly, I'm lonesome for C. N. C. and have a big desire to be on the Crier Mailing list. My address is just Greenwood. Clark Township High School is located in the country about 6 miles east of Greenwood.

I have 14 beginning typists and 14 advanced; but only 5 in shorthand. In November I am to put out my first edition of the school paper on the Ditto. I think I'm going to have a lot to learn about that kind of paper but I'm hoping it will be interesting. I have a fine group of Seniors to work with. I also happen to be their sponsor so I'm with them most of the time.

The music field is progressing as well as can be expected for the first three weeks. I have big hopes for some of the organizations but of course, others are discouraging which is natural.

On the whole, I've decided school teaching provided plenty of variation.

I hope to be back for homecoming but in the meantime may I have a Crier?

Tell Dorothy Thomas,

"congratulations" for me.

The following letter has been received from Dr. Louis M. Terman, a noted psychologist from Stanford University, California.

I appreciate your very kind letter of September the 20th, inviting me to visit Central Normal College in December and to give your commencement address next spring. I am sorry not to be able to accept either invitation. I have been compelled to cancel the trip to New York in December and am commanded by my physician to accept no lecture engagements during the next year. I can assure you that it would have been a great pleasure to visit Central Normal College again; I still hope to do so sometime in the future.

I am sending you the photograph requested. It was taken six or eight years ago but I have no more recent one.

I hope very much that your endowment drive proves successful. Central Normal College has performed, and doubtless is still performing, a great service. When I was a student there in the 90's it gave me exactly what I most needed. There was no high school close

enough to drive to where I lived in Johnson County and C.N.C. was the only place I could go conveniently without first graduating from high school.

I entered in the fall of '92 at the age of fifteen years, and attended the first three terms of the year. You may be interested to know that my board, room, tuition and all other expenses totaled less than \$100 for the three terms. The following year I attended two terms, winter and spring. The next year (94-'95) I taught a country school in Johnson County beginning my teaching career at the age of seventeen. In '95-'96 I attended all five terms and finished the classical course. I was at once appointed principal of the high school at Smith's Valley, Johnson County, and served there for three years. In '01 I entered Indiana University where I finished my work for the A.B. and M.A. degrees in two years, after which I received a fellowship appointment at Clark University from which I took the doctor's degree in 1905.

With appreciation of your letter, and with best wishes for the future of Central Normal College.

THEATRE

N. Y. A. NEWS

Margaret Shirley was elected house president by the girls of the residence center at their Fall election. The house elects only one officer a term and all other offices are filled by appointment. The new president will appoint new members to the staff of the Residence Record, the house paper, and fill in vacancies on the different house committees.

Mrs. Sneathen, one of the more powerful guardian angels of the Residence Center has just paid the house and the college a visit to make individual check-ups on all girls individually, as to their progress in the subjects taken and also those still needed.

WHICH WAY, AMERICA?

This is the topic on which Dr. John J. Haramy will speak at the Friends Church next Sunday morning at 10:30. This is College Day at the church and the faculty of the high school, as well as the college, are invited, together with the general public.

This will be a discourse full of patriotism by one who loves America and who knows by personal observations, the servitude of other nations.

COME AND HEAR HIM.

The library is regaining its popularity these cold nights -- just ask any of the following couples who were using it Thursday evening: Hanger and Carter; Cash and McVey; West and Bottorff; Mr. Gastings and McCammack; and Red Thomas and the Miss Robinson.

THE SCIENCE CLUB ORGANIZES

The Science Club met Wednesday evening at 7:00 o'clock in Room 38.

The meeting was in charge of Leon Dalton and Dr. Vincent Parker.

A short business meeting was held. A nominating committee was chosen as follows: Harold Trinkle, Richard McCarty, and John Harshberger.

A committee was selected to make out a program for the year. These were: Harold Garwood, Ferne Doedon, and Peggy McCoun.

Dr. Parker gave a very interesting talk "Are There Other Worlds Than Ours?" He used as a background for his subject the Martian canals, the appearances of Venus and the many popular superstitions people have about other planets being inhabited. In conclusion he stated that "It can only be left for our vanity, or lack of it, to decide", the likelihood of neighbors on other planets.

All members of the Science department are welcome to these meetings and are cordially urged to attend the next meeting to be held Wednesday, November 6.

Ask Glen Roberts why it will be "tough sledding" tomorrow.

METHODISTS WORSHIP

The unified service of the Methodist Sunday School and Church services will be held at 9:30 next Sunday. The day of World Communion will be observed. Rev. Hornick will speak on the subject, "Lest We Forget".

The Union Vespers of all the Danville churches will be held at 4:30 in the afternoon. This is the first of the series. Rev. Frank Nathan of Danville will speak. Anita Breitweiser will sing two numbers.

The young peoples' meeting will take the form of a round table discussion on the topic, "Learning to recognize religion in a great cause." It is expected that this discussion will be profitable, even to College students.

JONES ADVISES ON USE OF TIME, MONEY AND EFFORT

What do you do with 168 hours a week? This was one question asked the student body by Mrs. Daisy Jones during her talk, "Wise Use of Time, Effort and money", presented the student body at convocation Tuesday.

"A wise man is one who learns from the past to make decisions at the present for the good of the future." This definition of a wise man was a part of the talk which continued, "Use your time wisely, you can't undo what is done, so learn by others experience. How much time have you? If you are the average student, you have 168 hours a week to use. 16 hours a week are spent in class, and the average student studies twice as many hours as he has recitation hours. This is, adding 16 and 32 hours, less than one third of your time! 56 hours are allotted for sleeping, 2 for eating, leaving 62 hours for you to decide how to spend. Everyone must have some social activities, as well as time to go between classes. Why don't you try to account for each minute of one day and see how you spend your time?"

"What is worth doing is worth doing well," was brought out in the interesting discussion. Money must be spent

wisely. Take into consideration the necessities first. Food should be selected wisely, and your meals well balanced. Clothes need not be a very large item in your budget for Central Normal College does not require expensive clothes. Transportation and incidentals must be taken into consideration when planning a budget. Mrs. Jones closed by saying, "Success is planning your work and then working your plan."

CAN YOU IMAGINE?

Mr. Green teaching a Home Economics class? Helen Smith as a music composer? Bill Andrews singing first soprano? Everyone being prepared for Miss Watt's 10 o'clock grammar class? Martha Durham receiving a letter from her Butler boyfriend? Nancy Fulkerson as tall as Mary Elizabeth Myers? Bill Goff having the highest grade in his math class? Being around Marion Rogers without hearing her mention Tommy? Glen Cooley making turtle soup? C. H. C. losing its first football game? Max Bell studying hard? Hightower with a 7:00 o'clock class?
