### WORLD WAR II IS OVER!

With the official announcement of President Truman that Japan had unconditionally surrendered, PEACE has been declared. The news was broadcast over radios at 6:00 o'clock Tuesday evening. General Douglas MacArthur, the designated Supreme Commander, received the surrender, and operations have been ordered suspended.

The news swept through Coatesville with unbelievable joy that could not be expressed in words. Due to an electrical storm which struck this vicinity late Tuesday evening, radios which had been tuned in for the past week listening for all developments in negotiations, had been turned off and only a few heard the official announcement. It was about a half hour later that the news spread over town. People rushed to their radios to make sure the news was true, and out into the streets to tell others the good news. The fire siren was turned on and both church bells were rung for about three minutes. Several persons celebrated by firing their shot guns.

Joy, which could not be expressed in words, was evident on the countenances of every citizen. The anxiety which had gripped the community for the past three and a half years seemed to go like a flash and the grand news seemed almost "too good to be true." Parents and relatives were also eager for late news concerning the well being of their sons and daughters over there.

As had previously been announced, a special prayer and praise service was held at the local Baptist church at 8:00 o'clock Tuesday evening. A dance was also held at the skating rink later in the evening, and cars going through town blew their horns loud and long. Small boys got out their whistles and kept them going. The local telephone office was flooded with calls.

The two-day holiday proclaimed by the president affected Coatesville and all workers were off for the day. Many workers will not return to their work at all as they had been told their jobs ended on Victory day. Frank Ellett, local postmaster, put up the morning mail Wednesday morning and then closed for the day. Mail carriers did not run their routes. The bank and a number of business houses closed. Flags were displayed all over town.

The grand news that gasoline, canned fruits and vegetables, fuel oil and oil stoves were taken off the ration list Wednesday morning was gladly accepted. Meat, fats, oil, butter, sugar, shoes and tires will still be rationed until military cutbacks and increased production are sufficient to meet civilian demands. The new ration books, which were to be printed in September, have been cancelled.

### County Celebration

All American Legion posts of the county are sponsoring an all-county celebration at Danville on Saturday night at eight o'clock in honor of the closing of the war. A large bon fire will be started to burn all the gas ration stamps. A parade will be held. Everyone with musical instruments is invited to bring them and help with the parade music.

### Anti-Saloon Speaker

Rev. C. L. Griffith, from the Anti-Saloon League, will speak at the Coatesville Methodist church Sunday morning, Aug. 19, at the Sunday school hour at 9:30. He will also speak at the Amo Methodist church at the morning worship service at 11:00 o'clock. Rev. Griffith is a member of the Indiana Methodist conference.

### Alvin Hall, Danville Editor, Died Friday

Alvin Hall, editor of the Danville Gazette, passed away unexpectedly early last Friday morning. A heart attack was given as the cause of death.

Funeral services were held at the Hall home in Danville Sunday afternoon, conducted by Rev. Richmond Blake, of Rockville, and burial was made in the South cemetery, with Masonic services at the grave. The American Legion also took part in the burial service.

Mr. Hall is survived by his wife Mrs. Vera Pickard Hall; his aged father, one sister and three brothers.

Mr. Hall had been associated with the Gazette for the past forty years, buying the paper from William King, its founder, a number of years ago.

A number of newspaper men from over the state were present at the funeral service.

Serving as a captain in World War I Mr. Hall later became a charter member and past commander of Hendricks County Post 188 of the American Legion, and was former district commander. At the time of his death Mr. Hall was serving as secretary-treasurer of the Indiana State Conservation advisory committee.

### Buy Lot; Will Build

Mr. and Mrs. Lindol Creech have purchased the building lot on North Milton street across from the Methodist church from Charles Christy and have put down a new drilled well. They plan to build a two-car garage within the next few weeks in which they will live until spring when they hope to be able to build a new home on the front part of the lot.

### Leg Injured

Elvin Stewart was painfully injured Tuesday evening when he was knocked down by a bicycle ridden by Martha Ellen Hubble, just west of the Gulf filling station on West Main street. Miss Hubble failed to see Mr. Stewart, who was walking in the street. Mr. Stewart was injured on his right leg, and Miss Hubble also received several scratches and bruises.

Mrs. Clayton Ellett spent a few days last week with Mr. and Mrs. Frank Ellett and helped care for Mrs. Mary Lou White.

In the passing of Alvin Hall, editor and publisher of the Danville Gazette, the state loses one of its most brilliant country newspaper editors. Mr. Hall's editorial page was widely read and carried much influence. The editorials were recognized by leading editors and political leaders throughout the state. Mr. Hall was a staunch democrat. He was a firm believer in democracy. Unhesitatingly he condemned those in his own party who he felt were in the wrong. As the late Will Rogers once said, "It is these country newspaper editors who mould the public opinion of the nation." Their real power is greater than all the metropolitan dailies combined." Mr. Hall was one of those editors who was a service to the community as well as to the nation. The silence of Alvin Hall will be greatly missed in editorial circles.

We join with all people in thanking God for this victory. Only the leaders of our Ship of State can fully realize the full threat which the tyrants of the world gripped our nation on December 7, 1941, at Pearl Harbor. America was caught napping. Only by the Grace of Almighty God, working through the lives of the leaders and citizens of this country during the past three and one-half years can the victory be credited to America. May America realize that her strength is in Almighty God. Prayers have been answered. God is still on the throne and the nations that trust in Him shall not be confounded. May God bless our boys who valiantly fought in the war.

(Reprinted from Benjamin De-

I am the Spirit of Private En-

terprise.

Wherever I have existed free-

dom of mind and body have ex-

isted.

Wherever I have been mur-

dered by collectivist laws and

governmental strangulation free-

dom of mind and freedom of body

have died.

I was the physical fever of

Athenian civilization.

I died in the collectivist feudal

ages.

I was resurrected in the Ren-

aissance, beginning the modern

sion in the arts and sciences the

world has ever known.

I, Private Enterprise, have

tries and men of distant coun-

tries closer together in friendly

intercourse than all the Socialis-

tic and Communist doctrines

combined.

My trade routes have been the

routes of human progress.

I am the expression and sus-

tainers of all that is lordly in the

human soul--Self-Reliance, Ad-

venturous Spirit, emotional

and Incentive Resourcefulness.

With rebirth in the Renais-

sance the human level of living

began to rise.

The shackles on slave-labor be-

gan to rust and crack.

Money became international.

Man at my touch took on

tive god.

I, PRIVATE ENTERPRISE,

have really enjoyed getting on

the Herald since I've been in service.

If I didn't get The Herald there

would surely be a lot of news that

I'd never know about. I finally

made MM34 last March, and

I've been a regular contributor

ever since. I've been out

here with last September. We

have repaired a lot of equipment

since then, but our work here is

almost over now with a few in-

sults that we will soon be going

out. Unless this war ends be-

fore we are finished here. Tell

free laborers and my unshackled

captains of industry, built the

muskets, the airplanes, the tanks,

the submarines, the great guns

that were used in the Revolution-

ary, Civil, and World War No. 1

and that are now being used in

World War No. 2.

I am the hope of Europe and

Asia.

I, PRIVATE ENTERPRISE,

## Bud Phillips Writes

Walter "Bud" Phillips, son of

Mr. and Mrs. O. W. Phillips of

east of town, writes The Herald

from somewhere in the Pacific.

"Bud" is serving with the Sea-

bees. The letter is as follows:

"It's a little late for me to put

in my request for the continuance

of The Herald, but I would like

very much to receive it as long

as I am away from Coatesville.

It's a little slow in coming at

times, but still very interesting.

I have really enjoyed getting on

the Herald since I've been in service.

If I didn't get The Herald there

## An Old Newspaper

In tearing down the old Dolph

Batman residence south of New

Winchester, getting ready to

build a new modern home on his

farm, Harry Morgan ran across

an old Coatesville News newspa-

per, dated April 23, 1892. The

paper had been pasted to the

wall of a room and then in later

years had been covered over by

other wall paper. Does anyone

remember when this paper was

published here?

## Injured in Accident

## Circles Half the Earth

The editor of The Herald re-

ceived a letter the first of the

week from his son, Herbert Hath-

away, who is serving with the

Merchant Marines somewhere in

the Pacific. The letter, in part,

is as follows:

"I've circled over half the earth

since I wrote you last, but I

would rather be home than see-

ing all these sights. It's getting

old anymore. We'll be moving

on shortly. I hope to be home

in two or three more months.

One of the wipers on here who

was raised at Jasonville, (Ind.),

now lives in Birmingham,

Mich., had the honor of having

his aunt about our ship while

it was under way as we pulled

out of the Panama Canal on the

Pacific side. His aunt is a first

lieutenant in the Army Air

Force, Nurse Corps, stationed in

Panama. While we were stopped

on the Atlantic side he called her

up. So we came out on the

Pacific side she came out with

us. We're going slow speed

ahead while they put the stores

aboard. She came up the ladder

and spent about a half hour with

him in his cabin. Then she got

off. We got full speed ahead

and headed for the Southwest

Pacific."

## Major Phillips Has

New Appointment

The following item regarding

Major Clay A. Phillips, former

Coatesville resident, appeared in

the daily paper:

Major Clay Phillips, recently re-

leased from the Army Air Corps

Administration at Silver Springs,

Md., has accepted appointment as

executive secretary of the Vigo

County Veterans' Assistance cen-

ter. He is a veteran of both

World Wars and his son, Lt. Wil-

liam A. Phillips, is a Mustang

fighter pilot now stationed at Iwo

Jima.

Prior to entering service in

World War I, Phillips was a

practicing attorney here. He

served in the legal division of the

Air Corps. At the time he en-

tered service in the first World

War he was secretary to Con-

gressman Evans, who was

elected in 1919.

Full of holy fear and awe, Jacob

realized the presence of the infinite

God. It is a proper and wholesome

reaction when a man, realizing him-

self to be in God's presence, is over-

come by the awe-inspiring experi-

ence.

Theologians, preachers and teach-

ers have dared to speak swelling

words of disrespect concerning His

miraculous power, have denied the

duty of His Son, and have ques-

tioned the authority of His Word.

Having sown the wind of unbelief,

they have reaped from the people

the whirlwind of irreverence, a be-

littling of God, and a rejection of

His authority (Hos. 8:7).

Jacob was reminded of God's im-

mediate presence, "the Lord is in

this place." The place of his vision

of heavenly things had special

meaning to Jacob.

The thing that Jacob "found out

that night was not that God visits

man, but that God is with man

wherever he is. He is with him in

the sanctuary, but He is near us

in the market place. Not alone

in the sanctuary, but where the

multitude gathers in defiance of His law.

He is there" (G. Campbell Morgan).

III. A Recognition of God's Good-

ness (vs. 20-22).

The God who would supply his

every need, who would watch over

him and keep him, was recognized

by Jacob as being worthy of his

devotion, and he made a vow that

He should be his God (v. 21).

The grace and goodness of God

**Elevator Entered By Burglars Sunday Night**

Burglars entered the office of the local elevator some time Sunday night. When discovered Monday morning by Paul and Woodson Darnall, proprietors, only a wall clock and probably a sack of flour were found missing.

Entrance was gained by breaking out the glass in the west door to the office. The safe, which was locked, was not molested. The desk drawers were ransacked and left pulled open by the burglar. Several burned matches were found strewn over the floor and desk.

The sheriff's office at Danville was notified, but no investigation was made, except by Marshal Crews. No trace of the burglars has been found.

The class room was moved from the bank during last week's cold spell, over to Mrs. Tinch's home, across the street, upon her invitation.

The school is growing in interest, several more persons who are high school graduates entering some of the courses.

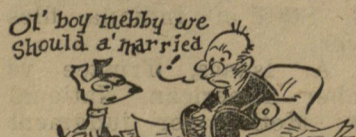

**Machine Gun Loaded Car Failed To Appear**

**Mrs. Ellett, Former Resident, Passes Away**

Mrs. Sylvester Ellett, age 56 years, of Paragon, former Coatesville resident for several years, passed away at the Long hospital in Indianapolis last Thursday morning at 11:00 o'clock following a short illness caused by cerebral hemorrhage on Tuesday of last week.

The body was brought to the home of John Ellett, west of town, where it was kept until the funeral service.

Funeral services were held Sunday afternoon at the Stilesville Baptist church, conducted by Rev. Airhart. Burial was made in Stilesville cemetery.

The obituary follows: Rose E. Ellett, daughter of John and Milchann Steirwalt was born February 24th, 1877, and departed this life February 1st, 1934; age 56 years, 11 months, and 7 days.

On July 10, 1894, she was united in marriage to Sylvester Ellett. To this union was born seven children, Brice, Lena, John, Edith, Freda, Ruby, and Kern. Brice preceded her mother into the Great Beyond on January 16, 1919.

Early in life Mrs. Ellett heard God's call to service and in her thirteenth year united with the Corinth Baptist church. Her Christian life began with the preaching of Lige Sherrill and Rev. Shumaker.

She leaves to mourn her loss the aged husband, and six children: Mrs. Lena Paris, and John Ellett, of Coatesville; Mrs. Edith Tranbarger, and Mrs. Freda Cowles, of Indianapolis; Mrs. Ruby Steffy, of Reading, Pa., and Kern Ellett, of Paragon. The three step-children are Mrs. Velvia Allee, Earnest Ellett and Frank Ellett. Eleven grandchildren and three sisters and three brothers will miss the kind words and the helping hand of a grandmother and a sister.

Mother has left us here on earth, yet how rich the promise of a meeting some sweet day.

How dear to all is the name of mother! How patient the hands that smoothed our pathway, and brushed away our childish tears. Today her work is ended. How sweet are the words of the Psalmist:

The Lord is my shepherd, I shall not want. He maketh me to lie down in green pastures; he leadeth me beside the still waters. He restoreth my soul; he leadeth me in the paths of righteousness for his name's sake. Yea, though I walk through the valley of the shadow of death I will fear no evil; for thou art with me; thy rod and thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies; thou anointest my head with oil; my cup runneth over. Surely goodness and mercy shall follow me all the days of my life, and I will dwell in the house of the Lord forever.

Card of Thanks  
We wish to express our sincere thanks to everyone who so kindly remembered us since the death of our wife and mother. The Family.

**Dogs Are Killed**

Frank Elrod, of south of Coatesville on Monday shot and killed the two sheep-killing dogs that have played havoc in that community for the past few weeks. The dogs had killed about 75 sheep, appraised at more than \$200, before they were killed. One was a large police dog and the other a collie. It was said a family moved from the township and left the dog without food or shelter and this may have caused it to run wild, taking the collie with it.—Greencastle Banner.

**Service To Continue Another Year At Least**

Setting at rest rumors concerning Indiana Railroad interurban service, Bowman Elder, receiver for the last seven months, has announced that services will be continued for at least another year.

Decisions to continue passenger and freight service will provide another year of employment for approximately 800 persons, Mr. Elder said. The Indiana Railroad operates between Indianapolis and Bluffton, by way of Muncie; Indianapolis and Peru, by way of Tipton; Indianapolis to Terre Haute; Indianapolis to Richmond by way of Newcastle, and on two short lines between Muncie and Newcastle, and Indianapolis and Fort Benjamin Harrison.

"Although the Indiana Railroad is not showing a profit, the decrease in losses in the last few months and the possibility of increasing business, seems to justify a continuation of the service," Mr. Elder said. "We have received co-operation from citizens of towns on our lines and we feel that with their assistance, augmented by the possibility of increased revenues, affairs may take on a more promising outlook."

Since Mr. Elder was appointed receiver by Marion Superior Judge Russell Ryan, June 27, the Indiana Railroad has instituted door-to-door delivery service on freight shipments, an innovation on the line which has met with ready acceptance by shippers, it is said. Under the receivership, the Indiana Railroad is operated in conjunction with the Indiana Railroad System, which includes lines of the Public Service Company of Indiana and the Indiana Service Corporation.

**Local Store To Celebrate Anniversary**

As will be seen by an advertisement on another page of The Herald, J. J. Gambold, better known to his friends and customers as "Jack" will complete twenty-five years in the grocery and meat business in Coatesville on Friday, Feb. 9. To celebrate the occasion Mr. Gambold is holding a special two day sale on Friday and Saturday.

Mr. Gambold bought the grocery and meat market from his mother, Mrs. Flora Masten who had owned and operated it for twenty years, prior to that time.

The store is connected with some of Coatesville's earlier history. Jacob Huber, Mrs. Masten's father and Mr. Gambold's grandfather, started a restaurant and bakery here in 1875-55 years ago, operating it until he sold his interest to Mrs. Masten.

In 1923 Mr. Gambold added a line of radios to his store. Later he included numerous household appliances, with which he has built a good business.

No man can tell what the future may bring forth, and small opportunities are often the beginning of great enterprises.

It's much easier to tell the man in office he is wrong than to run for office and do the thing as it should be done.

People who count nothing but money as a thing worth while will some day wake up and realize that there are other things.

The people who borrow their neighbor's paper might send in a check and have it sent to them regularly.

The more happiness you give the more you have left.

Honor, integrity, truthfulness, diligence, thrift, sobriety, modesty, may be old fashioned virtues, but they are still the only rules of life which can lead to real greatness.

Most people have found out lately that life is the hardest up and downs have been keeping up appearances while holding down expenses.

Human Life Is Cheap  
Since the beginning of history, human life has been held more cheaply than anything else in the world. It is so held today.

A large percentage of the human race has always met death through the criminality, ignorance or carelessness of fellow men.

Could the minds of all men be directed to the preservation of human life, what a difference it would make! No more wars, no more murders, no more preventable deaths through automobile accidents, no more lives lost in fires started through carelessness—how changed would be the front pages of our daily newspapers!

To mention only three causes of violent death, the best authorities estimate that in the United States each year 10,000 are murdered, 25,000 are killed in automobile accidents and 15,000 are burned to death.

The total number of persons killed in accidents now reaches more than 75,000 a year. While giving our attention to a multitude of other reforms and isms, would it not be well to devote more serious thought and action towards reducing this appalling and unnecessary waste of human life?—Asks an exchange.
