Out lots 9, 10, 11, 13, & Pt. 12 in Watts & Hopkins Add, Brownsburg.

Shirley June 6, 8, 1950  
 Gossett  
 Shafer

Since the official plat of the addition does not set out the dimensions of the above out lots, an elaborate and complete investigation of every available record was made in following: all records, misc. records, plat books, surveyor records, civil order books, abstracts, tax records etc. The many of the early data concerning out lot 13 were ambiguous, the dimensions of the lots were finally determined from the records and from occupation to a fair degree of reliability. Having exhausted every means of finding the measurements I conclude that those on following page are best obtainable.

SECOR conc step N37W 24.71  
 NE " first step to church S65W 72.20'
