**Hendricks County Area Plan Commission**

**Findings of Fact/Law**

**ZA 153/12 (PUD): Linden Square Apartments, LLC (Republic Development) (Amendment to PUD Ordinance)**

An application for the above noted zoning map amendment was filed in the office of the Hendricks County Department of Planning and Building (DPB). That application sought to rezone a property from PUD to PUD (Amended). Acting in its role as staff to the Hendricks County Area Plan Commission, the DPB staff subsequently created a file containing all documentation of the request and made that file available for public inspection in the department's office at the Hendricks County Government Center.

In accordance with Indiana Code (IC) 5-3-1, the DPB staff published a legal notice in the *Hendricks County Flyer* and the *Danville Republican*. This notice advertised the public hearing scheduled in conformity with the Hendricks County Area Plan Commission Rules of Procedure Section 3.07(D)(1). The public hearing included the above zoning map amendment on its agenda.

In accordance with Section 3.07(D)(2) of the Rules of Procedure of the Hendricks County Area Plan Commission, the applicant also sent courtesy notices by registered, certified, or first-class mail (with certificate of mailing) to certain surrounding property owners of record and other interested persons. A copy of this courtesy notice and a list of those receiving them were made a part of the file for this rezoning petition.

The Commission conducted the hearing as advertised and heard evidence and testimony on the above noted rezoning. Meeting in open session, the Commission subsequently considered the above noted request and its relationship to the requirements of IC 36-7-4 and the Hendricks County Zoning Ordinance. A tape recording of this proceeding has been on file and available to the public in the DPB office since the date of the hearing.

In its deliberations, the Commission weighed the evidence associated with the following requirements and made the following findings.

**IC 36-7-4-603: Zoning ordinance; preparation and consideration of proposals. In preparing and considering proposals under the 600 series, the plan commission and the legislative body shall pay reasonable regard to:**

**(1) The comprehensive plan;**

The Commission finds that the proposal does not substantially comply with the recommendations of the Hendricks County Comprehensive Plan. The Comprehensive Plan designates this area for Planned Business use. However, although it does not comply with the recommendations of the Comprehensive Plan, this particular area was previously approved as a mixed-use commercial/residential PUD. Given the subsequent change in the residential development environment, this proposal is a reasonable expansion of the existing multifamily portion of the project. The original findings of fact are confirmed here.

**(2) Current conditions and the character of current structures and uses in each district;**

The Commission finds that the proposal is consistent and compatible with the character of current structures and uses in the zoning district. Under current residential market trends, the expansion

of the existing multifamily use is a justifiable change from those approved by the Board of Commissioners in its original PUD approval. The original findings of fact are confirmed here.

**(3) The most desirable use for which the land in each district is adapted;**

The Commission finds that the proposal does represent the most desirable use for which the land is adapted. Further, the proposed uses are compatible with existing land uses in the immediate vicinity. Moreover, this proposal represents a minor and reasonable change from the approved use of the land. The original findings of fact are confirmed here.

**(4) The conservation of property values throughout the jurisdiction;**

The Commission finds that the proposal does conserve property values in the jurisdiction. The introduction of the proposed uses in this area will help maintain fair and reasonable property values. The original findings of fact are confirmed here.

**(5) Responsible development and growth.**

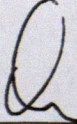

The Commission finds that the proposal does represent responsible development and growth. The proposed uses are consistent with the growth trend in the area. Further, it is part of a healthy and long term diversification of development in the area. Moreover, the proposal is responsive to substantial economic and demographic changes in residential development trends since this PUD was first approved. The original findings of fact are confirmed here.

Also subject to the following:

1. Revised development standards table received December 18, 2012;
2. Revised additional development standards regarding right-of-way, setbacks and sidewalks received December 18, 2012; and
3. Elevations of buildings as shown on the power point presentation made during the Plan Commission hearing and received December 18, 2012.

For all the foregoing reasons, the Commission recommends approval of this request for a zoning map amendment on the 11th day of December, 2012.

Additional Development Standards

1. Sidewalk to be constructed within the right-of-way along the west side of Raceway Road, six feet (6') in width, along the east property line of the multi-family development area.
2. Sidewalks to be constructed along interior subdivision streets to be five foot (5') wide.
3. Multi-use path to be constructed within the right-of-way along the north side of County Road 100 North, nine foot (9') width, at the time the commercial acreage along County Road 100 North is developed with building improvements and by the developer of the commercial acreage at such time.
4. Seventy-five foot (75') half right-of-way to be dedicated along the north side of County Road 100 North at the time of platting of the commercial acreage along County Road 100 North, with a building setback to be established at ten feet (10') beyond said 75' right-of-way. Parking to be allowed within the building setback area.
5. Sixty foot (60') half right-of-way to be dedicated along the west side of Raceway Road, along the east side of the multi-family development area, at the time of platting the multi-family area, with a parking / building setback to be established at fifteen feet (15') beyond said 60' right-of-way. This additional 15' setback area will be established as a greenspace area.

The above additional development standards amend and supplement the applicable development standards included in the original PUD rezone petition approved February 18, 1997, as amended by Ordinance No. 2005-32, approved August 23, 2005. Except as amended or supplemented herein, the development standards included in the original PUD approval, as amended in 2005, shall remain in full force and effect.

## MEMORANDUM

**TO:** Hendricks County Area Plan Commission Members  
Hendricks County Board of County Commissioners

**FROM:** Plan Commission Staff

**DATE:** December 4, 2012

**RE:** ZA 153/12 (PUD): LINDEN SQUARE APARTMENTS LLC

This is an amendment to the original Planned Unit Development (PUD) rezone petition that was approved February 18, 1997 to expand the multi-family into a portion of the reserved commercial area. Currently, there are 10.45 acres designated under the PUD for commercial development along County Road 100 North. This request would reduce the commercial area in half (and alter the original mixed use concept of the project) by expanding the multi-family portion of the project to accommodate 75 additional units on 5.7 acres. The additional housing would consist of approximately 60 apartment units and 15 town home units. The commercially designated portion of the PUD has been in place since 1997 with no development activity occurring on the site. The applicant has stated in the Letter of Intent that the commercially designated area under consideration is better suited for multi-family residential because it is a less intense use and will create a buffer between the existing single family residences to the north and the still undeveloped commercial area to the south.

This zoning amendment deals strictly with the change of use of the property. If the rezoning is approved, the applicant will be required to obtain plat and development plan review approval addressing streets, parking, lighting, signage, and landscaping. The building architecture is proposed to match the existing units with additional enhancements. The existing architecture of the buildings complies with the 2008 zoning ordinance design standards.

The applicant is asking to change the height of the buildings from 40' to 45' while still limiting the structures to 3 stories as previously approved. In addition, the applicant is requesting to reduce the front yard setback of the multi-family units from 15 feet to 14 feet. Staff is not opposed to the change in the height or the front yard setback within the multifamily area as it is a minimal change.

The County Engineer requested that the applicant provide a traffic analysis to determine the effect that the proposed change of use will have on traffic volume and patterns. The

results of the analysis show that the proposed residential use would have a substantially reduced effect on the local roadway system when compared to the originally approved commercial designation.

The Town of Avon states that it would prefer this area to remain commercial, but should this amendment receive approval, the town recommends the following:

1. Sidewalks along both sides of the interior street and that a sidewalk be constructed along Raceway Road at a minimum width of 6 feet.
2. The Town of Avon has planned a minimum 9 foot multi-use path within the right-of-way along the north side of County Road 100 North. The town requests this path be provided for the remainder of the site along 100 North and further requests the applicant dedicate a 60 foot half right-of-way for 100 North and Raceway Road.
3. All parking and garage areas be adequately screened from view of Raceway Road and 100 North with a mix of evergreens and deciduous trees.
4. Additional amenity area be provided for the increase in multifamily residential units.
5. A traffic study for review by the town to determine any increased impact on the surrounding roadways.

The applicant has agreed to construct a 6 foot wide sidewalk along the west side of Raceway Road along the east property line of the multi-family development area and a 9 foot wide multi-use path within the right-of-way along the north side of County Road 100 North at the time the commercial area is developed. The applicant is requesting to continue with interior sidewalks at 4' wide to match the existing sidewalks within the multi-family area, which was the standard in 1999. Staff recommends that the applicant follow the current standard and construct 5' foot interior sidewalks within this phase of the project.

Further, the applicant proposes dedicating a 60 foot half right-of-way during platting and/or development plan review along the west side of Raceway Road and along the north side of County Road 100 North, with a parking/building setback of 15 feet beyond the 60 foot right-of-way. The 15 foot setback will be retained as green space. The staff does not object to this proposal along Raceway Road, but County Road 100 North is classified as an Urban Minor Arterial which requires a 75 foot half right-of-way. Staff is not in favor of the applicant dedicating less than the minimum required right-of-way.

Re: Trip Generation - Linden Square Apartments

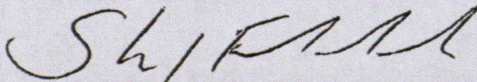

Dear Mr. Ayers,

At your request, I have calculated the trips that can be anticipated by the Linden Square Apartments. The tables below show the comparison of trips that would be generated under the current zoning classification and the current proposal as provided by the Developer. It can be seen through the Trip Generation Analysis that development under the current zoning will have a much greater impact on the roadway system based on the number of vehicles it will generate.

# TOWN OF AVON

TO: DON REITZ  
FROM: JOE SMOKER  
DATE: OCTOBER 31, 2012  
RE: ZA 153/12

Don,

Regarding the proposed change in PUD commitments to Linden Square, the Town's position is as follows. The Town would prefer the commercial commitment remain in place as previously approved and according to the Comprehensive Plan.

#### **Sidewalks and ROW:**

Should the Commission approve the requested amendment, the Town requests the petitioner provide sidewalks along both sides of interior streets and that a sidewalk with a minimum width of 6' be constructed along Raceway Rd to run the length of the property. The Town also has planned a minimum 9' multi-use path within the ROW along the north side of CR 100 N. The Town would request that this path is provided for the remainder of the site along CR 100 N. In addition to the path, the Town requests that the petitioner dedicate a 60' half ROW for CR 100 N and Raceway Rd.

#### **Landscaping and Open Space:**

The Town would request that all parking and garage areas be adequately screened from view of Raceway Rd and CR 100 N with a mix of evergreens and deciduous trees. The proposed site plan does not include any additional amenity area. The Town would recommend that an additional amenity be provided for the increase in residential units not originally planned for the existing amenity areas.

#### **Public Works:**

Ryan Cannon requests a traffic study for review by the Town to determine any increased impact on surrounding roadways prior to any approval.

As always, if you have any questions please feel free to contact me at (317) 272-0948 or via email at [jsmoker@avongov.org](mailto:jsmoker@avongov.org).

Thank you,

Joe Smoker

Section #1: That the Hendricks County Council hereby approves the listed appropriations based upon 26 pays per year for the positions in Hendricks County, Indiana as shown on the attachments. The Hendricks County Council further approves the salaries acted on and approved through the additional appropriation process during the year 2013. In the event of a vacated position, the line is reduced to the range for that classification and any amount over that reverts to the general fund.

Section #2: In the event of overtime (hours worked in excess of 40 hours in a week) for non-exempt employees, the rate is calculated at time and one half of the employees' hourly wage. Overtime is in addition to the base wage and is paid from overtime appropriations. Authorized vacation, sick, or personal days shall not be considered hours worked for the purpose of eligibility for overtime.

Section #3: Hendricks County employees, with a part time or temporary employment status will have a base wage of no less than the Federal minimum wage per hour and no more than the maximum full time wage for their grade and position.

Section #4: County-paid Elected Officials will receive a stipend for 2012 service on January 18, 2013 as shown on the attachment.

ORDINANCE NO. 2013-03

AN ORDINANCE TO AMEND THE ZONING MAP OF HENDRICKS COUNTY, FROM AGR/AGRICULTURE RESIDENTIAL DISTRICT TO AGI/AGRICULTURE INTENSE DISTRICT, COMMONLY KNOWN AS ZA 418/13: SAMUEL T. HIMSEL, S23-T16N-R2W, MARION TOWNSHIP, PARCEL TOTALING 58.42 ACRES, LOCATED ON THE WEST SIDE OF COUNTY ROAD 425 WEST, APPROXIMATELY 0.25 MILE SOUTH OF COUNTY ROAD 350 NORTH.

**SECTION 1.** Be it ordained by the Board of Commissioners of the County of Hendricks, Indiana, that the Zoning Ordinance (2008-16) adopted on the 12th day of August in the year 2008, be amended so as to include in the AGI/Agriculture Intense District, the following described real estate located in the County of Hendricks, Indiana, namely: ZA 418/13: Samuel T. Himsel, S23-T16N-R2W, 58.42 acres, Marion Township, located on the west side of County Road 425 West, approximately 0.25 mile south of County Road 350 North.

**SECTION 2.** As inducement for this Zoning Map Amendment, all terms found in the conditions for approval of ZA 418/13: Samuel T. Himsel, the "Findings of Fact/Law" attached hereto and made a part hereof, and the Hendricks County Board of Commissioners having relied on those stipulations and required certain conditions of its own, does hereby adopt said "Findings of Fact/Law" as a part of this Ordinance.

**SECTION 3.** All building or uses permitted and placed upon the described real estate shall fully conform with all the provisions of the County of Hendricks Zoning Ordinance and shall have obtained the proper permits.

**SECTION 4.** This Ordinance shall be in full force and effect from and after its passage by the County Commissioners.

Approved by the Board of County Commissioners of Hendricks County, Indiana, the 26<sup>th</sup> day of MARCH, 2013.

Staff Comments:

The parcel under consideration is a 58 acre farm field located on the west side of County Road 425 West, about a quarter mile south of County Road 350 North. The purpose of the rezoning is to establish a concentrated animal feeding operation or CAFO. A CAFO is a large version of a confined feeding operation (CFO) where the operation receives detailed evaluation by IDEM for, among other things, manure management, potential pollution discharges, and protection of surface and ground water quality. The applicant's operation is proposed to consist of two approximately 34,000 square foot barns and an office building. Each barn will hold up to 4,000 pigs, for a maximum CAFO population of 8,000 pigs. Turnaround of the pig populations occur every six months with the pigs coming and going by truck. The applicant will feed and house the pigs but they will be owned by Midland Co-Alliance.

Compatibility with current uses.

The area under consideration is exclusively agricultural and rural residential in character. With the exception of the community of New Winchester, this land use pattern is true of Marion Township as a whole. This agricultural/rural residential land use pattern is well established in the County's planning: the 1983 Comprehensive Plan recommends maintaining the agricultural nature of the area by limiting non-residential development in the township to New Winchester and along US 36. The 1998 Comprehensive Plan is consistent with the earlier plan in recommending that the area be reserved for agricultural uses. The proposed agricultural use (subject to development plan and state permitting approvals) is consistent and compatible with the historic agricultural and rural residential land use pattern of the area.

Compatibility with futures uses.

Conforming to the 1983 and 1998 Comprehensive Plans, the 2008 Comprehensive Plan recommends that the area under consideration (and Marion Township as a whole) be reserved for agricultural use. The comprehensive plan states that the *agricultural designation has been applied to areas recommended for traditional farming practices such as crop production, livestock (grazing and confined animal feeding operations), agricultural production, and storage centers*[.]The proposed agricultural use (subject to development plan and state permitting approvals) is consistent and compatible with the planned future agricultural and rural residential land use pattern of the area.

Other considerations.

The AGI/Agriculture Intense zoning district was created in 2008 in response to a wave of CFO/CAFO applications in counties with no established public procedure for evaluating these potentially controversial land uses. By creating a new zoning district where CFOs/CAFOs are a permitted use, this automatically established a public hearing procedure for evaluating these uses through the rezoning and development plan review processes. Thus, all interests for or against a CFO/CAFO application will have two opportunities to make their cases at public hearings.

Another benefit of requiring the CAFO to go through the development plan review process is that, if approved, any future expansion of the CAFO will require another development plan review.

The applicant indicates that substantial truck traffic will occur once every six months as the pig population is turned over. At each turnover, an anticipated eight trucks will bring in young pigs and 45 trucks will take away mature pigs. This will occur over a month's time each time. Because of heavy truck traffic, staff recommends that a traffic operations analysis be carried out prior to the rezoning hearing.

Findings of Fact/Law

ZA 418/13: Samuel T. Himsel

An application for the above noted zoning map amendment was filed in the office of the Hendricks County Department of Planning and Building (DPB). That application sought to rezone a property from AGR to AGI. Acting in its role as staff to the Hendricks County Area Plan Commission, the DPB staff subsequently created a file containing all documentation of the request and made that file available for public inspection in the department's office at the Hendricks County Government Center.

In accordance with Indiana Code (IC) 5-3-1, the DPB staff published a legal notice in the *Hendricks County Flyer* and the *Danville Republican*. This notice advertised the public hearing scheduled in conformity with the Hendricks County Area Plan Commission Rules of Procedure Section 3.07(D)(1). The public hearing included the above zoning map amendment on its agenda.

In accordance with Section 3.07(D)(2) of the Rules of Procedure of the Hendricks County Area Plan Commission, the applicant also sent courtesy notices to certain surrounding property owners of record and other interested persons. A copy of this courtesy notice and a list of those receiving them were made a part of the file for this rezoning petition.

The Commission conducted the hearing as advertised and heard evidence and testimony on the above noted rezoning. Meeting in open session, the Commission subsequently considered the above noted request and its relationship to the requirements of IC 36-7-4 and the Hendricks County Zoning Ordinance. A tape recording of this proceeding has been on file and available to the public in the DPB office since the date of the hearing.

In its deliberations, the Commission weighed the evidence associated with the following requirements and made the following findings.

IC 36-7-4-603: Zoning ordinance; preparation and consideration of proposals. In preparing and considering proposals under the 600 series, the plan commission and the legislative body shall pay reasonable regard to:

**(1) The comprehensive plan;**

The Commission finds that the proposal does substantially comply with the recommendations of the Hendricks County Comprehensive Plan. The Comprehensive Plan designates this area for agricultural use. The Comprehensive Plan expressly lists confined animal feeding operations as a recommended land use in the area under consideration.

**(2) Current conditions and the character of current structures and uses in each district;**

The Commission finds that the proposal is consistent and compatible with the character of current structures and uses in the zoning district. The 1983, 1998, and 2008 Comprehensive Plans recommend the area for agricultural use. The area is a well-established, longstanding agricultural community. Furthermore, the proposed use is an agricultural use expressly recognized in the current Comprehensive Plan.

**(3) The most desirable use for which the land in each district is adapted;**

The Commission finds that the proposal does represent the most desirable use for which the land is adapted. The 1983, 1998, and 2008 Comprehensive Plans have consistently recommended that the area be reserved for agricultural use. This represents a longstanding community desire to see this area remain agricultural in character. The proposed use is expressly listed in the current Comprehensive Plan as a characteristic and desirable use in this area.

**(4) The conservation of property values throughout the jurisdiction;**

The Commission finds that the proposal does conserve property values in the jurisdiction. The proposed use is consistent and compatible with the longstanding and Comprehensive Plan-supported land use pattern in the area.

**(5) Responsible development and growth.**

The Commission finds that the proposal does represent responsible development and growth. The area under consideration is an integral part of the historically rural agricultural west side of Hendricks County. The last three Comprehensive Plans have recognized this part of the County as being characteristically agricultural and have reserved the area for agricultural uses in the future. This reflects the County's longstanding desire to, in general, plan for urbanization of its east side while maintaining the rural character of its agricultural west side. The proposal under consideration is consistent and compatible with the County's long term land use planning goals.

For all the foregoing reasons, the Commission recommends approval of this request for a zoning map amendment on the 12<sup>th</sup> day of March, 2013.

## **ORDINANCE NO 2013- 05**

### **HENDRICKS COUNTY**

#### **ONSITE SEWAGE SYSTEM ORDINANCE**

WHEREAS, IC 36-1-4-11 of the Acts of the General Assembly of the State of Indiana, as amended, granted certain powers to the board of County Commissioners relative to the adoption of ordinances; and

WHEREAS, the Board of Commissioners of Hendricks County, Indiana, held a hearing in the Commissioner's Meeting Room on March 26<sup>th</sup> at approximately 9:00 a.m.; and

WHEREAS, the Board of County Commissioners, after hearing testimony, found: (1) That there are public health hazards associated with the improper disposal of sewage; (2) That due to the high clay content and due to a seasonally high water table found within the majority of Hendricks County soil types, onsite sewage systems are likely to fail unless the soil limitations are recognized and overcome through proper design and construction; and (3) That there was a need to establish standards for design, construction and inspection of onsite sewage systems.

NOW THEREFORE, in order to promote the health, safety and welfare of the people of Hendricks County, Indiana by diminishing the health hazards created by failing onsite sewage systems, be it ordained by the Board of County Commissioners of Hendricks County, Indiana the following ordinance entitled, "Hendricks County Onsite Sewage System Ordinance", be adopted.

#### **I. Definitions**

A. In additions to the definitions in 410 IAC 6-8.3, the following definitions apply throughout this Ordinance.

1. "Affidavit Form" means a form provided by the Hendricks County Health Department that is signed by the owner, notarized and recorded.
2. "Board of Health" means the Hendricks County Board of Health having jurisdiction in Hendricks County, Indiana.
3. "Commercial" means any type of building other than a one or two family dwelling.
4. "Hearing" means a session in which witnesses are heard and testimony is taken.
5. "Health Officer" means the Health Officer having jurisdiction in Hendricks County Indiana.
6. "Indiana State Department of Health" means the state agency having authority to regulate onsite sewage systems.
7. "Notice of Violation" means a written notification of an ordinance violation.
8. "Order" means a written mandate a person is directed to obey.
9. "Plot Plan" means a graphic representation certified by an engineer, professional surveyor or architect currently registered in Indiana, which identifies the topography, locations, current ground elevations and elevations of the proposed improvements.
10. "Repair Installation" means the repair or replacement of any onsite sewage system component other than the replacement or expansion of a soil absorption field.

11. Rule 410 IAC 6-8.3 "Residential Onsite Sewage Systems" means an Indiana State Department of Health regulation that establishes standards for residential sewage systems and any amendments thereto.
12. Rule 410 IAC 6-10.1 "Commercial Onsite Sewage Systems" means an Indiana State Department of Health regulation that establishes standards for commercial onsite sewage disposal systems.
13. "Soil Profile Analysis Report" means a written description and interpretation of the physical and chemical properties of a soil from sample sites. The written soil profile report must include a detailed soil profile description of the properties of the soil at each sample site. All sample sites must be evaluated and described in the soil profile report.
14. "Staked" means a lathe stake or equivalent at each end of all proposed trenches or the four corners of the basal area and aggregate bed for a sand mound system.
15. "Violation" means a breach of law.

## **II. General Requirements**

- A. All residential onsite sewage systems shall be designed and installed in accordance with Rule 410 IAC 6-8.3 "Residential Onsite Sewage Systems" except as stated below:
  1. The minimum size of a new septic tank used in all installations shall be a minimum of one thousand (1000) gallons.
  2. An outlet filter shall be required for all installations.
  3. All subsurface drain system trenches installed shall be:
    - a. Filled to within six (6) inches of final grade with aggregate which meets the minimum requirements of Rule 410 IAC 6-8.3-68, washed aggregate with a gradation in the range of INDOT Specifications 8-11 INDOT Specification 23 sand or equivalent and the final six (6) inches to final grade with cover soil material.
  4. Temporary sewage holding tanks must be watertight, and constructed of durable material such as concrete, fiberglass, or polyethylene; that is equipped with both audible and visible alarms.
  5. All designs for commercial onsite sewage systems must have approval from the Indiana State Department of Health, prior to installation. All designs and installations must be done in accordance with Rule 410 IAC 6-10.1 "Commercial Onsite Sewage Systems" and amendments unless specific written exemption is obtained from the Indiana State Department of Health.
  6. Whenever a public or semi-public sewer becomes available and is within three hundred (300) feet of the property line of a residential or commercial property served by an onsite sewage system, holding tank, or sanitary vault privy; a direct connection shall be made to said sewer and the onsite sewage system, holding tank, or sanitary vault privy be abandoned according to Rule 410 IAC 6-8.3-90.
  7. The onsite sewage system shall be installed by a person, who is certified by the Indiana Onsite Wastewater Professionals Association or by a certification entity recognized by the Health Officer.

## **III. Permitting**

- A. The application for an onsite sewage system permit shall be made on a form provided by the Hendricks County Health Department. At all times, from the start of construction to the time of inspection, the approved plot plan and permit shall be available on site.

- B. Any deviation from the permit or approved plan must be approved by the Hendricks County Health Department prior to modification. An as-built plot plan showing the actual installation details including the unplanned modifications will be required before final approval.
- C. All Permits are valid for a period of one year after the date issued. After expiration of the permit, construction may not begin without reapplication and payment of the permit fee. This reapplication procedure may be waived by the Hendricks County Health Department.
- D. The applicant shall provide the following:
  - 1. Residential Onsite Sewage System Permit
    - a) A signed application for an onsite sewage system permit.
    - b) Two copies of the plot plan prepared by an engineer, professional surveyor or architect currently registered in Indiana. The plot plan shall certify that the sewage system will comply with this Ordinance and Rule 410 IAC 6-8.3, Residential Onsite Sewage Systems, if properly constructed, operated and maintained.
    - c) A soil profile analysis report prepared by a Soil Scientist consisting of at least three (3) samples sites within the proposed soil absorption field. The samples sites must be representative of the soils within the absorption field.
    - d) A floor plan of the proposed dwelling.
    - e) Confirmation that the proposed onsite sewage system has been staked, prior to the on site plan review by the Hendricks County Health Department.
    - f) All appropriate fees outlined in the Hendricks County Ordinance for Collection of Fees.
    - g) Any additional information deemed necessary by the Health Officer.
  - 2. Residential Onsite Sewage System Repair Permit
    - a) A signed application for an onsite sewage system repair permit.
    - b) A drawing of the proposed repair, unless waived by the Hendricks County Health Department.
    - c) All appropriate fees as outlined in the Hendricks County Ordinance for Collection of Fees.
    - d) Any additional information deemed necessary by the Health Officer.
  - 3. Commercial Onsite Sewage System Permit
    - a) A signed application for an onsite sewage system permit.
    - b) A soil profile analysis report prepared by a Soil Scientist consisting of at least three (3) samples sites within the proposed soil absorption field.
    - c) An approval letter and two copies of the approved plot plan from the Indiana State Department of Health, or the Technical Specification Data Report, with two copies of the plot plan that meets the specified requirements, prepared by a an engineer or architect currently registered in Indiana.
    - d) All appropriate fees as outlined in the Hendricks County Ordinance for Collection of Fees.
    - e) Any additional information deemed necessary by the Health Officer.

#### **IV. Approval**

The Health Officer or agent shall be allowed to inspect the work at any stage of construction. The permittee shall notify the Health Officer or agent when the work is ready for final inspection and at least two working days before any underground portions are covered. The inspection shall be made within two working days of the receipt of notice by the Health Officer or agent. The Health Officer or agent, bearing proper credentials and identification, shall be permitted to enter upon all properties for the purposes of

inspection, observation, measurement, sampling and testing necessary to carry out the provisions of this Ordinance, and Rule 410 IAC 6-8.3 or Rule 410 IAC 6-10.1. Final approval of the installation for an onsite sewage system or privy shall not become effective until the installation is completed to the satisfaction of the Health Officer or agent.

## **V. Permit Denial**

Upon denial of a valid permit application, the applicant may request a hearing with the Hendricks County Board of Health. The request must be in writing and received with ten (10) calendar days after receipt of the denial. Upon receipt of a request of a hearing, the Health Officer or agent shall arrange a time and place for the hearing and shall give the petitioner written notice thereof. Such hearing shall be held as soon as practical after receipt of the request provided that IC 5-14-1.5-5(Open Door Law) is complied with. If no such request is received within ten (10) calendar days after receipt of the denial, the denial shall stand.

At such hearing, the petitioner shall be given an opportunity to be heard and to show evidence as to why the permit should be granted. Additionally, the Health Officer or agent shall be given time to explain why the permit was denied. At the conclusion of the hearing, the Hendricks County Board of Health shall sustain or overrule the permit denial depending upon its findings as to compliance with the provisions of this Ordinance, Rule 410 IAC 6-8.3 "Residential Onsite Sewage Systems" or Rule 410 IAC 6-10.1 "Commercial Onsite Sewage Systems". If the Board of Health shall overrule the permit denial, then a permit shall be issued and signed by the Chairperson of the Board of Health.

All proceedings of such hearing, including the findings and decision of the Board of Health, shall be summarized, reduced to writing, and entered as a matter of public record in the office of the Hendricks County Board of Health. In addition, all pertinent information (permit application and written correspondence) shall be included in the public record. Any person may seek relief from any decision in any court of competent jurisdiction as provided by the laws of this state.

## **VI. Enforcement**

Whenever the Health Officer or agent determines there are reasonable grounds to believe that there has been a violation of this Ordinance, Rule 410 IAC 6-8.3 "Residential Onsite Sewage Systems", or Rule 410 IAC 6-10.1 "Commercial Onsite Sewage Systems", the Health Officer or agent shall give notice of such alleged violation to the person or persons responsible, as hereafter provided. Such notice shall:

1. Indicate the date and location of the violation.
2. Clearly indicate the nature of the violation and the related ordinance citation.
3. Allow a reasonable time for the performance of necessary remediation.
4. Be properly served upon the person or persons responsible, provided that such notice is deemed to be properly served. Proper service shall be any of the following:
  - a) Sent to the person directly.
  - b) Sent by registered mail to the last known mailing address of the person.
  - c) Posted in a conspicuous place in or about the property affected by the notice.
  - d) Other method of service authorized or required under the laws of this state.

Any person or persons affected by any such notice issued by the Health Officer or agent may request and shall be granted a hearing on the matter before the Hendricks County Board of Health. The request shall be in writing and received within ten (10) calendar days of receipt of Notice of Violation at the office of the Hendricks County Health Department.

Such request shall briefly state the reasons for the requested hearing. Upon receipt of a request for a hearing, the Health Officer or agent shall arrange a time and a place for such hearing and shall give the petitioner written notice thereof.

Such hearing shall be held as soon as practical after receipt of request hereof, provided that IC 5-14-1.5-5 (Open Door Law) is complied with. Any notice served pursuant to Section V of this Ordinance shall automatically become an order if a written request for a hearing is not received within ten (10) calendar days after receipt of the Notice of Violation is served.

At such hearing, the petitioner shall be given the opportunity to be heard and to show evidence as to why such Notice of Violation should be modified or withdrawn. Additionally, the Health Officer or agent shall be given time to explain the circumstances of the Notice of Violation.

After such hearing, the Hendricks County Board of Health shall sustain, modify or withdraw the Notice of Violation, depending upon its findings as to whether the provisions of this Ordinance, Rule 410 IAC 6-8.3 "Residential Onsite Sewage Systems" or Rule 410 IAC 6-10.1 "Commercial Onsite Sewage Systems", have been met. If the Hendricks County Board of Health sustains or modifies such Notice of Violation, it shall then be deemed to be an order.

The proceedings at such hearing, including the findings and decision of the Hendricks County Board of Health, shall be summarized, reduced to writing, and entered as a matter of public record in the office of the Hendricks County Board of Health. Such record shall also include a copy of every Notice of Violation or order issued in connection with this matter as well as any other pertinent information. Any person may seek relief thereof from any court of competent jurisdiction as provided by the law of the state.

Whenever the Health Officer, or his representative, find that an emergency exists which requires immediate action to protect the public health, the Health Officer may, without notice or hearing, issue an order reciting the existence of such an emergency and require that such action be taken as he deems necessary to meet the emergency. Notwithstanding the other provisions of this Ordinance, Rule 410 IAC 6-8.3 "Residential Onsite Sewage Systems" and Rule 410 IAC 6-10.1 "Commercial Onsite Sewage Systems" such order shall be effective immediately.

Any person to whom such an order is directed shall comply therewith immediately, but upon petition to the Health Officer, shall be afforded a hearing, as soon as possible in the manner provided in Section V. After such hearing, depending upon the findings as to whether the provisions of this Ordinance, Rule 410 IAC 6-8.3 Residential Onsite Sewage Systems" or Rule 410 IAC 6-10.1 "Commercial Onsite Sewage Systems", have been met, the Hendricks County Board of Health shall continue such order in effect, modify it or revoke it.

## **VII. Penalties**

Any person or persons who shall continue to violate any section of this Ordinance, Rule 410 IAC 6-8.3 "Residential Onsite Sewage Systems" or Rule 410 IAC 6-10.1 "Commercial Onsite Sewage Systems" beyond the time limit provided in the order, shall be cited for said violation in a court having jurisdiction, the violator or violators shall be punished by a fine of no more than two thousand five hundred dollars (\$2500.00), plus court costs imposed. Each individual day that a violation is in existence may be deemed a separate offense.

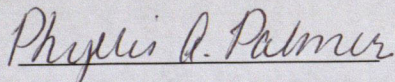

### **VIII. Unconstitutionality Clause**

Should any section, paragraph, sentence, clause or phrase of this Ordinance be declared unconstitutional or invalid for any reason, the remainder of said Ordinance shall not be affected thereby.

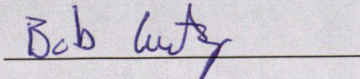

### **IX. Repeal and Effective Date**

Any ordinance or parts of ordinances in conflict with this Ordinance, Rule 410 IAC 6-8.3 "Residential Onsite Sewage Systems" or Rule 410 IAC 6-10.1 "Commercial Onsite Sewage Systems" are hereby repealed. This Ordinance shall be in full force and effect from and after its passage and approved according to law. Passed and adopted by the Board of Commissioners of Hendricks County on March 26<sup>th</sup>, 2013.

**HENDRICKS COUNTY  
PLANNING & BUILDING DEPARTMENT**

The Commission received the meeting as advertised and heard evidence and testimony on the matter submitted during the meeting. In great session, the Commission subsequently considered the proposed project and its relationship to the requirements of IC 36-7-4 and the Hendricks County Comprehensive Plan. A tape recording of this proceeding has been made and is available in the clerk's office since the date of the hearing.

In its deliberations, the Commission weighed the evidence associated with the following resolution and made the following findings:

IC 36-7-4-601: Review ordinance; preparation and consideration of proposals to prepare and maintain proposals under the 600 series, the rules, regulations and the legislative body and any resolution related to.

**(1) The comprehensive plan.**

The Commission finds that the proposed development complies with the recommendations of the Hendricks County Comprehensive Plan. The Comprehensive Plan designates the area as Urban Residential. The proposed development provides for a mix of uses, including a mix of residential and commercial uses, which complies with the Urban Residential designation in the plan.

**Hendricks County Area Plan Commission**

Findings of Fact/Law

ZA 419/13: Paragus, LLC

An application for the above noted zoning map amendment was filed in the office of the Hendricks County Department of Planning and Building (DPB). That application sought to rezone a property from PUD/Planned Unit Development to RE/Multifamily Residential. Acting in its role as staff to the Hendricks County Area Plan Commission, the DPB staff subsequently created a file containing all documentation of the request and made that file available for public inspection in the department's office at the Hendricks County Government Center.

In accordance with Indiana Code (IC) 5-3-1, the DPB staff published a legal notice in the *Hendricks County Flyer* and the *Danville Republican*. This notice advertised the public hearing scheduled in conformity with the Hendricks County Area Plan Commission Rules of Procedure Section 3.07(D)(1). The public hearing included the above zoning map amendment on its agenda.

In accordance with Section 3.07(D)(2) of the Rules of Procedure of the Hendricks County Area Plan Commission, the applicant also sent courtesy notices to certain surrounding property owners of record and other interested persons. A copy of this courtesy notice and a list of those receiving them were made a part of the file for this rezoning petition.

The Commission conducted the hearing as advertised and heard evidence and testimony on the above noted rezoning. Meeting in open session, the Commission subsequently considered the above noted request and its relationship to the requirements of IC 36-7-4 and the Hendricks County Zoning Ordinance. A tape recording of this proceeding has been on file and available to the public in the DPB office since the date of the hearing.

In its deliberations, the Commission weighed the evidence associated with the following requirements and made the following findings.

IC 36-7-4-603: Zoning ordinance; preparation and consideration of proposals. In preparing and considering proposals under the 600 series, the plan commission and the legislative body shall pay reasonable regard to:

**(1) The comprehensive plan;**

The Commission finds that the proposal does substantially comply with the recommendations of the Hendricks County Comprehensive Plan. The Comprehensive Plan designates this area for Urban Residential. The proposed multi-family development provides, among other things, sufficient access to open space which complies with the Urban Residential designation for this area.

**(2) Current conditions and the character of current structures and uses in each district;**

The Commission finds that the proposal is consistent and compatible with the character of current structures and uses in the zoning district. The proposed multifamily residences are compatible with what is currently in the adjacent residential zoning districts.

**(3) The most desirable use for which the land in each district is adapted;**

The Commission finds that the proposal does represent the most desirable use for which the land is adapted. The site under consideration is consistent with the Urban Residential designation of the Comprehensive Plan. Additionally, given the proximity of the U.S. Highway 36 commercial corridor, similar higher density residential uses may be expected in this area.

**(4) The conservation of property values throughout the jurisdiction;**

The Commission finds that the proposal does conserve property values in the jurisdiction. The proposed use is consistent with the established and planned land uses in the area, and the proposed architectural elements for the multi-family residences will not be detrimental to the property values throughout the jurisdiction.

**(5) Responsible development and growth.**

The Commission finds that the proposal does represent responsible development and growth. Urban residential development has been occurring and is expected to occur in the Avon area. Furthermore, this proposal meets the goal of the Comprehensive Plan by providing housing diversity with a variety of styles, densities and ranges of affordability.

Also subject to the following:

1. The applicant must provide a recorded commitment replacing a previous commitment on this property, stating that the pedestrian connection to be constructed in compliance with the 2010 Avon Bicycle and Pedestrian Plan will not be located within the legal drain easement of the Feeney Drain along the southern portion of the property; and
2. The buildings will be constructed of 50% brick and a modification to allow the remainder of the façade to be constructed of 0.46 gauge vinyl with horizontal fish scales and cedar shake patterns.

For all the foregoing reasons, the Commission recommends approval of this request for a zoning map amendment on the 9<sup>th</sup> day of April, 2013.

Staff Comments:

The site in question is on the east side of C.R. 900 East approximately 600 feet south of C.R. 100 North. The applicant is proposing to rezone six parcels totaling approximately 17.6 acres from PUD/Planned Unit Development to RE Multifamily Residential to allow age-restricted multi-family apartments. This property was previously rezoned to a PUD in September 2010 for the purpose of developing an age restricted community that consisted of 35 single family lots and 2 multifamily buildings consisting of 8 units each for a maximum of 51 living units known as Indiana Trails. That project was never developed. This proposal includes approximately twelve 4-unit buildings and ten 6-unit buildings for a total of 110 units. In addition, the applicant proposes a 2,000 square foot community building that will include a maintenance and business office, club room with kitchen, library area, computer area, fitness center and laundry room. This development will also include a butterfly garden sitting area, gazebo, vegetable garden area and picnic area with a grill. All features are proposed to be handicap accessible. The applicant proposes to remove all existing structures from this site. The interior drives will be privately maintained and there will be 5 foot interior sidewalks along with walking paths that will connect to the Town of Avon's planned trail way on the southern portion of the property. A commitment was recorded during a previous rezoning of this property stating that a connection would be made via hard surface path in compliance with the 2010 Avon Bicycle and Pedestrian Plan.

Compatibility with current uses.

The immediate area is primarily single-family residential with some institutional uses. The Carolina Commons subdivision is immediately to the west, across C.R. 900 East, and a church is immediately to the east. Single-family residences line the east side of C.R. 900 East to the north and south of the site in question. Also, within a few properties to the east and south is a duplex community, apartments, condominiums and commercial development.

Compatibility with futures uses.

The area is designated by the Comprehensive Plan as Urban Residential on the Future Land Use Map. This designation calls for medium to high density housing including multi-family development with, among other things, sufficient access to open space. Furthermore, development should only occur with utilities, infrastructure, and public services. This project is in compliance with the Urban Residential designation.

Other considerations.

This proposal, if granted approval will be subject to the Multifamily Design Standards of the Hendricks County Zoning Ordinance (HCZO). However, the applicant proposes that the buildings be constructed with 40% brick from ground to eaves (excluding doors and windows) and the remaining exterior coverage to be .046 vinyl siding. Based on the multifamily design standards of the Hendricks County Zoning Ordinance, vinyl is not permitted. The applicant is requesting that this requirement be modified because the proposed vinyl siding is considered a thick residential grade. Further, the horizontal fish scales and cedar shake patterns of the vinyl siding give an appearance of a wood product. The applicant will also be required to obtain Plat and Development Plan Review Approval prior to construction of this project.

Based on the information provided at the time of application, staff recommends the Plan Commission recommend: APPROVAL.

## **ORDINANCE NO. 2013-11**

### **AN ORDINANCE PROHIBITING PARKING AT ALL TIMES On Certain Streets**

WHEREAS, it is in the public interest to enact and enforce motor vehicle parking regulations within the County's corporate limits.

NOW, THEREFORE, BE IT ORDAINED by the Board of Commissioners of Hendricks County, Indiana, as follows:

1. The foregoing Recitals are fully incorporated herein by reference.

#### **ARTICLE 1. Parking Regulations**

##### **Section 1.1 General Provisions**

- (a) The provisions contained in Chapter of the Code apply to all vehicles, whether they are self-propelled, animal drawn or towed, except for (i) emergency vehicles when responding to an emergency call or in pursuit of an alleged law violator, (ii) highway construction vehicles when engaged in construction work, and (iii) other vehicles that are exempt from municipal parking ordinances under applicable law.
- (b) The fine for the violation of any provision of Article 1 of this Chapter shall not exceed the sum of One Hundred Dollars (\$100) per violation, each day constituting a separate violation. In addition to the fine assessed pursuant to this Section, a vehicle violating any provision of this ordinance may be towed and impounded at the owner's expense, such towing and impoundment costs to be paid in full prior to the release of the said vehicle.
- (c) Any police officer who observes the violation of any provision of this ordinance shall attach to the offending vehicle a notice to the owner/operator thereof that such vehicle has been parked in violation of the same and advising that such vehicle has been parked in violation of the same and advising that such person may, within seven(7) days from the date of such notice, pay to the Hendricks Superior Court as a fine for and in full satisfaction of such violation, the sum of Ten Dollars (\$10), except that, in the case of a vehicle that is unlawfully parked in a properly marked handicapped parking space, such fine shall be in the sum of Fifty Dollars (\$50). Upon the failure of the owner/operator to make such payment within the seven (7) day period, the original parking fine shall increase from Ten Dollars (\$10) to Twenty Dollars (\$20), or from Fifty Dollars (\$50) to Seventy Dollars (\$70) as applicable. If this enhanced parking fine is not paid in full through the Hendricks Superior Courts on or before the date and time set forth on the parking ticket for the hearing on the parking violation, the owner/operator who has been issued said ticket shall be required to appear before the County Court and be subject to

the general penalties provided for violations of the provisions of this ordinance. Nothing contained in this sub-section shall limit the County's right to also tow and impound any vehicles found to be parked in violation of any provision of this ordinance, the costs of such towing and impoundment to be paid by the vehicle owner in addition to the payment of any fine assessed hereunder.

- (d) All fines received by the County for violations of this ordinance shall be deposited into the County's General Fund pursuant to applicable law.
- (e) The Hendricks Superior Courts shall have jurisdiction over all violations of the provisions of Article 1 of this Chapter.

#### Section 2.1 General Parking Restrictions

- (a) No person shall stand or park any vehicle on a County street other than parallel with the edge of the street, headed in the direction of lawful traffic movement and with the right-hand wheels of said vehicle within twelve (12) inches of the curb or edge of the street, except on street signs approved for angle parking and identified as such by appropriate signs or markings.
- (b) No freight carrying vehicle of one (1) ton capacity or more nor any vehicle more than twenty (20) feet in length shall park upon any county street except when engaging in the loading or unloading of freight.

#### Section 3. No Parking Areas

- (a) No person shall park a vehicle at any time in the following locations:

Within 100 ft. of Country Lane and CR 400N & CR 900E intersections

**ORDINANCE** 2013-12

AN ORDINANCE OF THE HENDRICKS COUNTY COUNCIL  
AUTHORIZING THE ISSUANCE OF THE HENDRICKS  
COUNTY, INDIANA TAXABLE ECONOMIC  
DEVELOPMENT REFUNDING REVENUE BONDS, SERIES  
2013A (70 WEST COMMERCE PARK PROJECT) AND THE  
HENDRICKS COUNTY, INDIANA TAXABLE ECONOMIC  
DEVELOPMENT REVENUE BONDS, SERIES 2013B (70  
WEST COMMERCE PARK PROJECT) AND THE LENDING  
OF THE PROCEEDS THEREOF TO KS HENDRICKS  
PARTNERS LLC, OR AN AFFILIATE THEREOF, AND  
AUTHORIZING AND APPROVING OTHER ACTIONS IN  
RESPECT THERETO

WHEREAS, Hendricks County, Indiana (the "County"), is a municipal corporation and political subdivision of the State of Indiana and by virtue of I.C. 36-7-11.9 and I.C. 36-7-12 (collectively, the "Act"), is authorized and empowered to adopt this ordinance (this "Bond Ordinance") and to carry out its provisions;

WHEREAS, in accordance with the Act and pursuant to Ordinance No. 2010-13 adopted by the Hendricks County Council on May 13, 2010 (the "2010 Ordinance"), the County previously issued its Taxable Economic Development Revenue Bonds, Series 2010 (70 West Commerce Park Project), in the maximum principal amount of \$2,285,000 (the "Series 2010 Bonds"), pursuant to a Trust Indenture, dated as of June 1, 2010 (the "2010 Indenture"), by and between the County and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"), and loaned the proceeds thereof to KS Hendricks Partners LLC, or an affiliate thereof (the "Borrower") for the purpose of financing the design and construction of certain infrastructure located in or directly serving and benefiting the 70 West Commerce Park Economic Development Area, as described on Exhibit A attached hereto (the "Projects"); and

WHEREAS, One Million Five Hundred Thousand Dollars (\$1,500,000) of the principal amount of the Series 2010 Bonds has been advanced by the purchaser thereof and remains outstanding; and

WHEREAS, the Borrower desires to refinance the Series 2010 Bonds, and no additional principal shall be advanced on the Series 2010 Bonds following such refinancing; and

WHEREAS, the Borrower now desires to finance further costs of the Projects;

WHEREAS, the Borrower completed a portion of the Projects and will complete additional portions of the Projects for use in connection with industrial and commercial developments in or directly serving and benefiting the 70 West Commerce Park Allocation Area;

WHEREAS, the Borrower has advised the Hendricks County Economic Development Commission (the "Commission") and the County that it proposes that the County issue its Taxable Economic Development Refunding Revenue Bonds, Series 2013A (70 West Commerce Park Project) in an amount not to exceed One Million Five Hundred Thousand Dollars

(\$1,500,000) (the "Series 2013A Bonds"), under the Act and loan the proceeds of such Series 2013A Bonds to the Borrower for the purpose of refinancing the Series 2010 Bonds;

WHEREAS, the Borrower has advised the Hendricks County Economic Development Commission (the "Commission") and the County that it proposes that the County issue its Taxable Economic Development Revenue Bonds, Series 2013B (70 West Commerce Park Project) in an amount not to exceed One Million Eight Hundred Ten Thousand Dollars (\$1,810,000) (the "Series 2013B Bonds") (the Series 2013A Bonds and the Series 2013B Bonds, collectively, the "Bonds"), under the Act and loan the proceeds of such Series 2013B Bonds to the Borrower for the purpose of financing additional costs of the Projects;

WHEREAS, the past and future completion of the Projects results in the diversification of industry, the creation of new jobs and the creation of business opportunities in the County;

WHEREAS, pursuant to I.C. § 36-7-12-24, the Commission published notice of a public hearing (the "Public Hearing") on the proposed issuance of the Bonds to finance and refinance the Projects;

WHEREAS, on the date specified in the notice of the Public Hearing, the Commission held the Public Hearing on the Projects; and

WHEREAS, the Commission has performed all actions required of it by the Act preliminary to the adoption of this Bond Ordinance and has approved and forwarded to the Hendricks County Council (the "Council") the forms of: (1) a Loan Agreement between the County and the Borrower (including forms of Notes) (the "Loan Agreement"); (2) a Trust Indenture between the County and the Trustee (the "Indenture"); (3) the Bonds; and (4) this Bond Ordinance (the Loan Agreement, the Indenture, the Bonds, and this Bond Ordinance, collectively, the "Financing Agreements");

NOW, THEREFORE, BE IT ORDAINED BY THE HENDRICKS COUNTY COUNCIL, THAT:

Section 1. Findings; Public Benefits. The Council hereby reaffirms its findings and determinations as set forth in the 2010 Ordinance that the Projects involve the acquisition, construction and equipping of an "economic development facility" as that phrase is used in the Act; that the Projects increase employment opportunities and increased diversification of economic development in the County, improve and promote the economic stability, development and welfare in the County, encourage and promote the expansion of industry, trade and commerce in the County and the location of other new industries in the County; that the public benefits to be accomplished by the Projects and the issuance of the Bonds, in tending to overcome insufficient employment opportunities and insufficient diversification of industry, are greater than the cost of public services (as that phrase is used in the Act) which were or will be required by the Projects; and, now therefore finds and determines that the financing and refinancing of the Projects by the issuance of the Bonds under the Act: (i) will be of benefit to the health and general welfare of the County; and (ii) complies with the Act.

Section 2. Approval of Financing. The proposed financing and refinancing of the Projects by the issuance of the Bonds under the Act, in the form that such financing and refinancing, respectively, was approved by the Hendricks County Economic Development Commission, is hereby approved.

Section 3. Authorization of the Bonds. The issuance of the Bonds, payable solely from revenues and receipts derived from the Financing Agreements, is hereby authorized.

Section 4. Terms of the Bonds. (a) The Series 2013A Bonds, in the aggregate principal amount not to exceed One Million Five Hundred Thousand Dollars (\$1,500,000), and the Series 2013B Bonds, in the aggregate principal amount of One Million Eight Hundred Ten Thousand Dollars (\$1,810,000), shall (i) be executed at or prior to the closing date by the manual or facsimile signatures of the Board of Commissioners of the County and the Auditor of the County; (ii) be dated as of the date of their delivery; (iii) with respect to the Series 2013A Bonds, mature on a date not later than February 1, 2028, and with respect to the Series 2013B Bonds, mature on a date not later than February 1, 2031; (iv) bear interest at such rates as determined with the purchaser thereof (the "Purchaser"); (v) be issuable in such denominations as set forth in the Financing Agreements; (vi) be issuable only in fully registered form; (vii) be subject to registration on the bond register as provided in the Indenture; (viii) be payable in lawful money of the United States of America; (ix) be payable at an office of the Trustee as provided in the Indenture; (x) be subject to optional redemption prior to maturity and subject to redemption as otherwise provided in the Financing Agreements; (xi) be issued in one or more series; and (xii) contain such other terms and provisions as may be provided in the Financing Agreements.

(b) The Bonds and the interest thereon do not and shall never constitute an indebtedness of, or a charge against the general credit or taxing power of, the County, but shall be special and limited obligations of the County, payable solely from revenues and other amounts derived from the Financing Agreements. Forms of the Financing Agreements are before this meeting and are by this reference incorporated in this Bond Ordinance, and the Auditor of the County is hereby directed, in the name and on behalf of the County, to insert them into the minutes of the Council and to keep them on file.

Section 5. Sale of the Bonds. The Board of Commissioners and the Auditor of the County are hereby authorized and directed, in the name and on behalf of the County, to sell the Bonds to the Purchaser at such prices as are determined on the date of sale and approved by the Board of Commissioners and the Auditor of the County.

Section 6. Execution and Delivery of Financing Agreements. The Board of Commissioners and the Auditor of the County are hereby authorized and directed, in the name and on behalf of the County, to execute or endorse and deliver the Loan Agreement, the Notes from the Borrower to the County, the Indenture, and the Bonds, submitted to the Council, which are hereby approved in all respects.

Section 7. Changes in Financing Agreements. The Board of Commissioners and the Auditor of the County are hereby authorized, in the name and on behalf of the County, without further approval of the Council or the Commission, to approve such changes in the Financing Agreements as may be permitted by Act, such approval to be conclusively evidenced by their execution thereof.

Section 8. General. The Board of Commissioners and the Auditor of the County, and each of them, are hereby authorized and directed, in the name and on behalf of the County, to execute or endorse any and all agreements, documents and instruments, perform any and all acts, approve any and all matters, and do any and all other things deemed by them, or either of them, to be necessary or desirable in order to carry out and comply with the intent, conditions and purposes of this Bond Ordinance (including the preambles hereto and the documents mentioned herein), the Projects, the issuance and sale of the Bonds, and the securing of the Bonds under the Financing Agreements, and any such execution, endorsement, performance or doing of other things heretofore effected be, and hereby is, ratified and approved.

Section 9. Binding Effect. The provisions of this Bond Ordinance and the Financing Agreements shall constitute a binding contract between the County and the holders of the Bonds, and after issuance of the Bonds this Bond Ordinance shall not be repealed or amended in any respect which would adversely affect the rights of the holders of the Bonds as long as the Bonds or interest thereon remains unpaid.

Section 10. Repeal. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

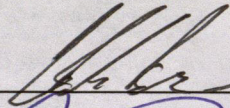

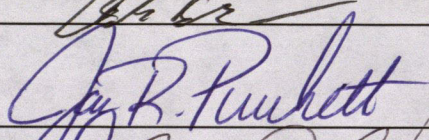

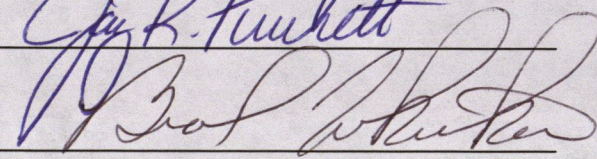

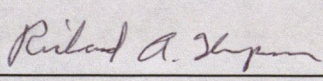

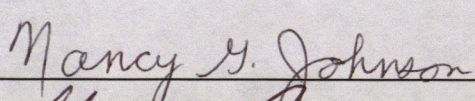

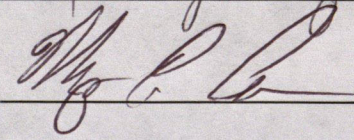

Section 11. Effective Date. This Bond Ordinance shall be in full force and effect immediately upon adoption.

Section 12. Copies of Financing Agreements on File. Two copies of the Financing Agreements incorporated into this Bond Ordinance were duly filed in the office of the Auditor of the County, and are available for public inspection in accordance with I.C. § 36-1-5-4.

## **EXHIBIT A**

### **The Projects**

The Projects consist of the design and construction of, and acquisition of land and right-of-way for: roads, sanitary sewer lines, water mains, fire service, electrical service, and other infrastructure to be located in or directly serving and benefiting the 70 West Commerce Park Economic Development Area created by the Hendricks County Redevelopment Commission, together with related costs for construction management, traffic studies, geotechnical investigations, surveys, permitting and zoning fees, environmental work, legal and professional services and other miscellaneous related costs.

## Ordinance No. 2013 - 13

### **Amended User Fees For Hendricks County Court House**

There are a number of non-County Governmental events and activities that have and will take place in the Hendricks County Court House. These events have ranged from civic and service organizations to weddings and or receptions. Over the years the need to provide security at the Court House has increased. To cover the costs of custodial services and the additional security there is a need to assess a fee associated with the non-County governmental use of these facilities. The Hendricks County Board of Commissioners (BCC) hereby amends the ordinance to read as follows:

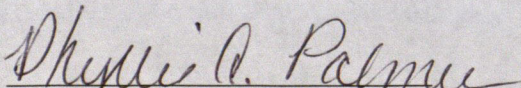

1. **Approval** – Approval for the use of the Court House for non-government events and activities must be granted by the BCC. All arrangements following approval shall be made with the Facilities Manager.
2. **Agreement Form / Cleaning Deposit** – An agreement form shall be completed and filed with the Facilities Manager along with a \$50 Cleaning Deposit. The Cleaning Deposit is refundable if no extraordinary final cleaning is required.
3. **Custodial Fee** – A charge of \$40 per hour custodial fee. This includes set-up and tear-down of any County provided materials (e.g. tables and chairs) and final clean up.
4. **Additional Fee** – At the discretion of the BCC additional fees may be charged for unusual or special requests. A separate additional fee of \$100 may be charged for any use of the facilities on a County approved holiday.
5. **Multiple Floors** – An additional fee of \$30 per floor may be charged if more than one floor is requested for an event.
6. **Security and Fee** – The applicant shall be required to provide security personnel from the Hendricks County Sheriff's Department during the duration of an event. The BCC and Sheriff's Department will determine the level of security needed for an event including the number of deputies. A fee of \$30 per hour, per deputy, will be charged for security for the duration of the event. The applicant must make final security arrangements directly with the Sheriff's Department.
7. **Security Scanning** – At the discretion of the BCC, all attendees of an event may be subject to security scanning for prohibited items. This includes individual attendees as well as all packages, bags, purses, containers, etc.

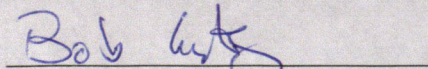

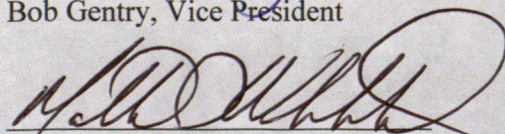

8. **Payment** – Checks for the cleaning deposit and the custodial fee shall be made payable to the Hendricks County Board of Commissioners and must be submitted with the agreement form. Checks for the security fee shall be made payable to the Hendricks County Sheriff's Department and must be submitted with the agreement form.
9. **Clean-Up** – The applicant is responsible for putting all trash in proper receptacles.
10. **Removal of Items** – The applicant is responsible for removal of all personal items (e.g. decorations, food containers, etc.) immediately after the activity, unless prior arrangements have been made with the Facilities Manager.
11. **Cancellation** – Cancellations should be made in writing to the Facilities Manager at least two (2) days prior to the activity. If an emergency arises at the last minute the applicant must contact the Facilities Manager as soon as possible
12. **Alcoholic Beverages** – Use of Alcoholic Beverages is strictly prohibited at the Hendricks County Court House.

## PETITION TO VACATE STREET

Adam M. Parsons, respectfully petitions the Hendricks County Commissioners to vacate what is known as Market Street, which extends easterly from County Road 200 E to the Petitioner's property being more particularly described on attached Exhibit A. The said Market Street is depicted on attached Exhibit B.

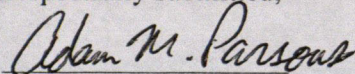

Your Petitioner represents that he is the owner of real estate bordering on the south of Market Street and to the east at its terminus.

Your Petitioner asks for a hearing date to be established with which he shall make proper notification through the newspaper and mailing.

In support of the application your Petitioner represents that there has been no public improvement of Market Street and that the aerial depicts there never having been a formal road established within the right-of-way of Market Street.

WHEREFORE, your Petitioner respectfully requests to vacate Market Street with one-half thereof being acquired by the owner to the south and one-half to be acquired by the owner to the north thereof.

Respectfully submitted,

## **Hendricks County Area Plan Commission**

Findings of Fact/Law

ZA 421/13: PP Enterprises, LLC

An application for the above noted zoning map amendment was filed in the office of the Hendricks County Department of Planning and Building (DPB). That application sought to rezone a property from AGR/Agriculture Residential District to NB/Neighborhood Business District. Acting in its role as staff to the Hendricks County Area Plan Commission, the DPB staff subsequently created a file containing all documentation of the request and made that file available for public inspection in the department's office at the Hendricks County Government Center.

In accordance with Indiana Code (IC) 5-3-1, the DPB staff published a legal notice in the *Hendricks County Flyer* and the *Danville Republican*. This notice advertised the public hearing scheduled in conformity with the Hendricks County Area Plan Commission Rules of Procedure Section 3.07(D)(1). The public hearing included the above zoning map amendment on its agenda.

In accordance with Section 3.07(D)(2) of the Rules of Procedure of the Hendricks County Area Plan Commission, the applicant also sent courtesy notices to certain surrounding property owners of record and other interested persons. A copy of this courtesy notice and a list of those receiving them were made a part of the file for this rezoning petition.

The Commission conducted the hearing as advertised and heard evidence and testimony on the above noted rezoning. Meeting in open session, the Commission subsequently considered the above noted request and its relationship to the requirements of IC 36-7-4 and the Hendricks County Zoning Ordinance. A tape recording of this proceeding has been on file and available to the public in the DPB office since the date of the hearing.

In its deliberations, the Commission weighed the evidence associated with the following requirements and made the following findings.

IC 36-7-4-603: Zoning ordinance; preparation and consideration of proposals. In preparing and considering proposals under the 600 series, the plan commission and the legislative body shall pay reasonable regard to:

**(1) The comprehensive plan;**

The Commission finds that the proposal does substantially comply with the recommendations of the Hendricks County Comprehensive Plan. The Comprehensive Plan designates this area for Mixed Development on the Land Use Plan. The conversion of this property from residential to low intensity commercial use is consistent with the mixed development recommendation of the Comprehensive Plan.

**(2) Current conditions and the character of current structures and uses in each district;**

The Commission finds that the proposal is consistent and compatible with the character of current structures and uses in the zoning district. The establishment of a low intensity commercial district will not substantially change the long-established mixed development nature of the area.

**(3) The most desirable use for which the land in each district is adapted;**

The Commission finds that the proposal does represent the most desirable use for which the land is adapted. The site under consideration is located within a well-established commercial area and the proposed professional office will provide a transitional buffer for the single family residential uses to the north and east.

**(4) The conservation of property values throughout the jurisdiction;**

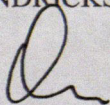

The Commission finds that the proposal does conserve property values in the jurisdiction. The establishment of a neighborhood commercial district in this area simply reflects an established trend toward mixed uses and will not have a substantial effect on property values.

**(5) Responsible development and growth.**

The Commission finds that the proposal does represent responsible development and growth. The proposed location is an appropriate one and is compatible with the surrounding land uses. Further, the proposal is consistent with the Comprehensive Plan's recommendation of mixed uses in the area.

For all the foregoing reasons, the Commission recommends approval of this request for a zoning map amendment on the 12th day of November, 2013.

Staff Comments: The site is located at the northeast corner of County Road 800 South and S.R. 67. The applicant proposes to rezone 0.81 acres from AGR/Agriculture Residential District to NB Neighborhood Business District for the purpose of constructing a commercial building to locate an optometry practice and one other neighborhood business use.

Compatibility with current uses. Located next to the Heartland Crossing commercial development, the immediate area is single family residential to the east and north with commercial uses to the south and west. The proposal is compatible with the existing commercial zoning and uses in this area and will provide a transitional buffer between the existing residential and commercial land uses.

Compatibility with futures uses. The Comprehensive Plan recognizes this area as Mixed Development on the Land Use Plan and within the High Intensity area on the Land Use Intensity Map. The proposed land use is consistent with the Comprehensive Plan's recommendation of mixed land uses in this area.

Other considerations.

Staff has some concerns regarding the ability to accommodate the required parking for two (2) businesses on this property. Staff further is concerned regarding the location of the proposed entrance as it does not line up with the existing entrance to the south into Heartland Crossing Business Park. These concerns must be addressed during the Development Plan review approval.

Staff Recommendation: Based on the information provided at the time of application, staff recommends the Plan Commission recommend: Approval

ORDINANCE NO. 2013 - 25

AN ORDINANCE TO AMEND THE ZONING MAP OF HENDRICKS COUNTY, FROM **HB/HIGHWAY BUSINESS DISTRICT TO AGR/AGRICULTURE RESIDENTIAL DISTRICT**, COMMONLY KNOWN AS **ZA 422/13: BRANDON & MEGAN ZINK**, S30-T17N-R1E, MIDDLE TOWNSHIP, PARCEL TOTALING 5.00 ACRES, LOCATED **WEST OF COUNTY ROAD 401 EAST AND APPROXIMATELY .07 MILE NORTH OF THE INTERSECTION WITH COUNTY ROAD 850 NORTH.**

## **Hendricks County Area Plan Commission**

Findings of Fact/Law

ZA 422/13: Brandon & Megan Zink

An application for the above noted zoning map amendment was filed in the office of the Hendricks County Department of Planning and Building (DPB). That application sought to rezone a property from HB/Highway Business to AGR/Agriculture Residential. Acting in its role as staff to the Hendricks County Area Plan Commission, the DPB staff subsequently created a file containing all documentation of the request and made that file available for public inspection in the department's office at the Hendricks County Government Center.

In accordance with Indiana Code (IC) 5-3-1, the DPB staff published a legal notice in the *Hendricks County Flyer* and the *Danville Republican*. This notice advertised the public hearing scheduled in conformity with the Hendricks County Area Plan Commission Rules of Procedure Section 3.07(D)(1). The public hearing included the above zoning map amendment on its agenda.

In accordance with Section 3.07(D)(2) of the Rules of Procedure of the Hendricks County Area Plan Commission, the applicant also sent courtesy notices to certain surrounding property owners of record and other interested persons. A copy of this courtesy notice and a list of those receiving them were made a part of the file for this rezoning petition.

The Commission conducted the hearing as advertised and heard evidence and testimony on the above noted rezoning. Meeting in open session, the Commission subsequently considered the above noted request and its relationship to the requirements of IC 36-7-4 and the Hendricks County Zoning Ordinance. A tape recording of this proceeding has been on file and available to the public in the DPB office since the date of the hearing.

In its deliberations, the Commission weighed the evidence associated with the following requirements and made the following findings.

IC 36-7-4-603: Zoning ordinance; preparation and consideration of proposals. In preparing and considering proposals under the 600 series, the plan commission and the legislative body shall pay reasonable regard to:

**(1) The comprehensive plan;**

The Commission finds that the proposal does substantially comply with the recommendations of the Hendricks County Comprehensive Plan. The Comprehensive Plan designates this area for Rural Residential on the Land Use Plan and Low Intensity on the Land Use Intensity Map. The proposed AGR zoning is consistent with the recommendations for this area.

**(2) Current conditions and the character of current structures and uses in each district;**

The Commission finds that the proposal is consistent and compatible with the character of current structures and uses in the zoning district. The area is composed of residential and agricultural uses. The proposed use is entirely consistent and compatible with current uses in the area.

**(3) The most desirable use for which the land in each district is adapted;**

The Commission finds that the proposal does represent the most desirable use for which the land is adapted. The proposed use is compatible with existing land uses and will not adversely alter the current or future recommended land use pattern in the area.

**(4) The conservation of property values throughout the jurisdiction;**

The Commission finds that the proposal does conserve property values in the jurisdiction. The addition of one residence in this area is consistent with current residential uses and will have no adverse effect on property values.

**(5) Responsible development and growth.**

The Commission finds that the proposal does represent responsible development and growth. The proposed residential use is compatible with surrounding land uses. Furthermore, the proposed zoning is consistent with the Comprehensive Plan's rural residential land use recommendation for the area.

For all the foregoing reasons, the Commission recommends approval of this request for a zoning map amendment on the 12<sup>th</sup> day of November, 2013.

	This project complies with the Hendricks County Comprehensive Plan.			

Staff Comments: The site is located on the west side of County Road 401 East just north of County Road 850 North. The applicant proposes to rezone 5.00 acres from HB/Highway Business District to AGR/Agriculture Residential District for the purpose of creating a plat for the construction of a residence. Despite the HB zoning, the area is characterized by residential and agricultural uses. There is an existing residence on this property that is considered legal nonconforming because of the current commercial zoning classification. Rezoning this property will remedy the nonconformity of the existing residential use.

Compatibility with current uses. The area consists of primarily agricultural land with metes and bounds low density residential uses. The site under consideration is rural residential in character. Changing the zoning from HB to AGR will have no effect on surrounding land uses.

Compatibility with futures uses. The Comprehensive Plan recognizes this area as Rural Residential on the Land Use Plan and Low Intensity on the Land Use Intensity Map. The proposed residential use represents a normal and expected continuance of the current and planned development pattern of the area.

Other considerations.

If approved, the applicant will be required to plat this property in order to construct an additional residence that complies with the development standards set forth in the AGR district.

Staff Recommendation: Based on the information provided at the time of application, staff recommends the Plan Commission recommend: Approval

ORDINANCE NO. 2013- 26  
AN AMENDMENT TO ORDINANCE NO. 2011-30

COMMISSIONER AND COUNCIL ELECTION DISTRICTS

The purpose of this Ordinance is to establish County Commissioner and County Council Election Districts.

The County Executive shall divide the County into three (3) County Commissioner Election Districts designed numerically as follow:

**DISTRICT 1:** Center Township, Clay Township, Eel River Township, Franklin Township, Liberty Township, Marion Township, Middle Township and Union Township are in the 1<sup>st</sup> Commissioner District.

**DISTRICT 2:** Brown Township, Lincoln Township, and the Precincts north of US 36 in Washington Township are in the 2<sup>nd</sup> Commissioner District.

**DISTRICT 3:** Guilford Township and the Precincts south of US 36 in Washington Township are in the 3<sup>rd</sup> Commissioner District.

The County Executive shall, by ordinance, divide the County into four (4) contiguous, single-members County Council Election Districts. The Executive may not divide precincts when redistricting. One (1) member of the fiscal body shall be elected by the voters of each of the four (4) districts.

Three (3) at large members of the fiscal body shall be elected by the voters of the whole county (IC 36-2-3-4).

Single member districts must: (1) Be compact, subject only to natural boundary lines (such as railroads, major highways, rivers, creeks, parks and major industrial complexes); (2) Contain as nearly as possible, equal populations; and (3) Include whole townships, except when a division is clearly necessary to accomplish redistricting under this section. (IC 36-2-3-4)

A division shall be made during the first year after a year in which a Federal Decennial census is conducted.

The County of Hendricks is divided into four (4) County Council Election Districts designated numerically as follows:

**DISTRICT 1:** Precincts east of SR 267 in Washington Township (EXCLUDING the western split of Precinct 16) and Lincoln Precincts 9, 15, 16 are in the 1<sup>st</sup> Council District.

**DISTRICT 2:** Brown Township and the Precincts of Lincoln Township, except Precinct 9, 15 and 16, are in the 2<sup>nd</sup> Council District.

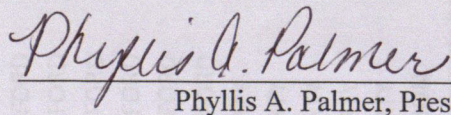

**DISTRICT 3:** Clay Township, Franklin Township, Guilford Township, Liberty Township and Marion Township are in the 3<sup>rd</sup> Council District.

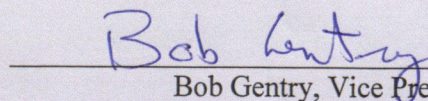

**DISTRICT 4:** Center Township, Eel River Township, Middle Township, Union Township and the Precincts west of SR 267 in Washington Township (INCLUDING the western split of Precinct 16) are in the 4<sup>th</sup> Council District.

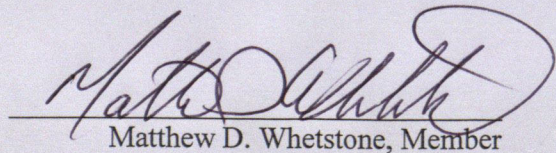

All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

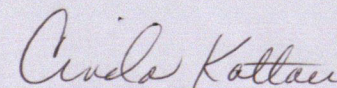

If any section, provision, or part of this ordinance shall be adjudged invalid or unconstitutional, such adjunction shall not effect the validity of the ordinance as a whole or any section, provision, or part thereof not adjudged invalid or unconstitutional.

Passed by the Board of Commissioners of the County of Hendricks on <sup>December</sup>~~November~~ 10, 2013.

## 2014 HENDRICKS COUNTY SALARY ORDINANCE 2013-27

Whereas, the Hendricks County Council is the fiscal body that approves the salaries paid for positions held in Hendricks County; and

Whereas, enumerated below is the listed County appropriations and the approved salaries for 2014; and

Now therefore, be it ordained by the Hendricks County Council, Hendricks County, Indiana;

Section #1: That the Hendricks County Council hereby approves the listed appropriations based upon 26 pays per year for the positions in Hendricks County, Indiana as shown on the attachments. The Hendricks County Council further approves the salaries acted on and approved through the additional appropriation process during the year 2014. In the event of a vacated position, the line is reduced to the range for that classification and any amount over that reverts to the general fund.

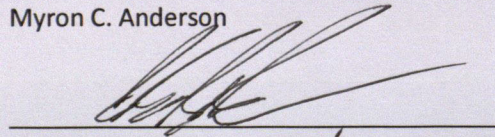

Section #2: In the event of overtime (hours worked in excess of 40 hours in a week) for non-exempt employees, the rate is calculated at time and one half of the employees' hourly wage. Overtime is in addition to the base wage and is paid from overtime appropriations. Authorized vacation, sick, or personal days shall not be considered hours worked for the purpose of eligibility for overtime.

Section #3: Hendricks County employees, with a part time or temporary employment status will have a base wage of no less than the Federal minimum wage per hour and no more than the maximum full time wage for their grade and position.
