N. B. The witness stone E. was supposed to be the old cor. tho never recorded in Boone or Hendricks Co's. The witness stone S. was placed by the Boone Co. surveyor in 1895, but I find it to be incorrect and not established by the rule for establishing such corners. Hence, I established my corner as described above to the satisfaction of all parties, and as seen above use the other 1 rocks as my witness rocks.
