The undersigned, Board of County Commissioners of the County of *Hendricks*
upon their oath say the above is a true, fair and complete estimate of the probable expenses of said Board
for the calendar year ending December 31, 1905.

They further say that the estimate of expenses of the various public institutions of the County; of the amount
required for public enterprises, roads, bridges, etc., and of all other expenses of the County as therein given is
just and is based upon a careful study of the expenses of the County during the past and a thorough
examination of its probable needs during the year for which such estimate is made. That each and every
item therein is believed to be necessary to the proper transaction of the business of the County, the protection
of its property and interests, and to be for the public welfare. That every expense is in accordance with law
and is a legitimate charge against the County.

The undersigned, Board of County Commissioners of the County of Hendricks
upon their oath say the above is a true, fair and complete estimate of the probable expenses of said Board for
the calendar year ending December 31, 1926.

They further say that the estimate of expenses of the various public institutions of the County; of the
amount required for public enterprises, roads, bridges, etc., and of all other expenses of the County as therein
given is just and is based upon a careful study of the expenses of the County during the past and a thorough
examination of its probable needs during the year for which such estimate is made. That each and every
item therein is believed to be necessary to the proper transaction of the business of the County, the protection
of its property and interests, and to be for the public welfare. That every expense is in accordance with law
and is a legitimate charge against the County.

The undersigned, Board of County Commissioners of the County of Hendricks
upon their oath say the above is a true, fair and complete estimate of the probable expenses of said Board for the calendar
year ending December 31, 1911.

They further say that the estimate of expenses of the various public institutions of the County; of the amount required
for public enterprises, roads, bridges, etc., and of all other expenses of the County as therein given is just and is based upon
a careful study of the expenses of the County during the past and a thorough examination of its probable needs during the
year for which such estimate is made. That each and every item therein is believed to be necessary to the proper transaction
of the business of the County, the protection of its property and interests, and to be for the public welfare. That every expense
is in accordance with law and is a legitimate charge against the County.
